Yes No

FPSO Capixaba begins operating in Cachalote field

Rio de Janeiro, May 31st, 2010, Petróleo Brasileiro S.A. Petrobras informs that on May, 29 was started up the production of the FPSO Capixaba in Cachalote field. The FPSO will also be connected to the Baleia Franca field, both located in the *Whales Park* area, on the southern coast of Espírito Santo, Campos Basin.

FPSO Capixaba is chartered for Petrobras by SBM, and was installed in Golfinho Field. The platform was moved to Whales Park, after some adjustments in the process plant, aiming to anticipate the production in these fields.

The first well connected to the FPSO is 7-CHT-5HA-ESS, with a production capacity estimated at 22 thousand barrels per day. Until the end of the year, the platform is expected to be interconnected to a total of nine wells. There will be three production wells and two injection wells in Cachalote, and three production wells two of these in the pre-salt layer and one injection well in Baleia Franca. The peak of production is expected for December 2010 (100 thousand barrels of oil per day).

FPSO Capixaba

Oil production capacity	100 thousand barrels per day
Gas compression capacity	3.2 million cubic meters per day
Storage capacity	1.6 million barrels per day
Water depth	1,480 meters
Length	345 meters
Height	127 meters
Accommodation	96 workers

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (Exchange Act) that are not based on historical facts and are not assurances of future results. These forward-looking statements are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.

All forward-looking statements are expressly qualified in their entirety by this cautionary statement, and you should not place reliance on any forward-looking statement contained in this press release. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or future events or for any other reason.
