**NOTICE TO THE SHAREHOLDERS**

Under the terms of CVM Instruction no. 358/02, as amended, Gol Linhas Aéreas Inteligentes S.A. ("Company") hereby informs to its shareholders and to the public that its Board of Directors, at a meeting held on May 28, 2014, approved an increase in the capital stock of the Company, within the limits of the authorized capital, in accordance with article 6 of the Company's Bylaws, in the amount of R\$ 185,754,244.80 (one hundred eighty five million, seven hundred fifty four thousand, two hundred forty four reais and eighty cents), increasing the capital stock of the Company from R\$ 2,501,652,973.35 (two billion, five hundred and one million, six hundred fifty two thousand, nine hundred seventy three reais and thirty five cents) to R\$ 2,687,407,218.15 (two billion, six hundred eighty seven million, four hundred and seven thousand, two hundred and eighteen reais and fifteen cents), upon the issuance of 6,779,352 (six million, seven hundred seventy nine thousand, three hundred fifty two) preferred shares ("Capital Increase").

The Capital Increase seeks to optimize the Company's capital structure, strengthen the Company's capital structure and equity, keep its growth plan and goals both on the short and long term and perform other investments required and essential for the sustainable growth of the Company and for generation of value to its shareholders.

The Capital increase is also intended to allow the investment of R\$ 116,357,388.00 (one hundred sixteen million, three hundred fifty seven thousand, three hundred eighty eight reais) by Air France – KLM S.A. ("Air France KLM") in the Company, upon the subscription of part of the Capital Increase. Such subscription will be performed upon the assignment to Air France KLM, by Fundo de Investimento em Participações Volluto ("FIP Volluto"), the controlling shareholder of the Company, of its preemptive within the Capital Increase. Considering the equity held by FIP Volluto in the Company, Air France KLM shall have the right to subscribe for 4,246,620 (four million, two hundred forty six thousand, six hundred and twenty) preferred shares of the Company in the Capital Increase, which will represent an equity of approximately 1.5% (one and a half percent) of its capital stock in preferred shares, as indicated in the Relevant Fact disclosed by the Company in February 19, 2014 ("Investment").

The terms of the Capital Increase are as follows:

1. **Total Amount of Capital Increase:** R\$ 185,754,244.80 (one hundred eighty five million, seven hundred fifty four thousand, two hundred forty four reais and eighty cents), being such amount totally allocated to the capital stock of the Company.
-

2. **Number of shares issued:** 6,779,352 (six million, seven hundred seventy nine thousand, three hundred and fifty two) preferred shares. The shareholders of the Company may subscribe 0.024498888 preferred shares arising out of the Capital Increase for each share held by them, which corresponds to the proportional interest held by the shareholder in the capital stock, excluding treasury shares.
  
  3. **Type of Share:** preferred shares, with no face value, of registered type, identical, in all aspects, to those already outstanding. No common shares will be issued in the Capital Increase.
  
  4. **Issuance Price:** the issuance price was fixed at R\$ 27.40 (twenty seven reais and forty cents) per share.
  
  5. **Justification of the Issue Price:** the issuance price of the Capital Increase shares was fixed, without unjustified dilution for the current shareholders of the Company, in accordance with article 170, paragraph 1<sup>st</sup>, of the Corporations Act. In order to determine the issuance price, the Company's management took into consideration all the information available on the prices traded on the market, the methodologies permitted by article 170, paragraph 1, of Brazilian Law No. 6,404/1976, as amended ("Brazilian Corporations Act"), and the appraisal report for determining the economic value of the Company's shares, prepared by Apsis Consultoria Empresarial Ltda. ("Appraisal Report"). The Company's management has also considered the particular details of the Capital Increase, which aims at allowing Air France KLM's investment, by means of the subscription of preferred shares performed upon the assignment of preemptive rights of the shareholder FIP Volluto. The Company's management has concluded using the price of the Company's shares listed in stock exchanges, or using the equity value of the Company's shares, as reference for determining the issuance price in the Capital Increase is not the most appropriate methodology, given the adverse conditions of the international stock market and the absence of a clear relation, in case of the Company, between such values and the intrinsic value of the Company's activities. The Company's management deemed that the profitability perspective of the Company, used in the Appraisal Report, is the most appropriate methodology for determining the issuance price because it reflects the intrinsic value of the Company's activities. In addition to that, establishing the issuance price at R\$ 27.40 (twenty seven reais and forty cents), which is within the range established in the Appraisal Report, will permit the Company to fulfill the conditions required for the investment by Air France KLM. Due to the above explained reasons, the Board of Directors of the Company has decided to approve the issuance price of R\$ 27.40 (twenty seven reais and forty cents), in accordance with article 170, 1<sup>st</sup> paragraph of the Brazilian Corporations Act, based on the profitability perspective of the Company and considering the price range determined in the Appraisal Report.
-

6. **Payment Terms:** in cash, in Brazilian currency, upon the subscription and payment of the issuance price.
7. **Destination of Proceeds:** the proceeds obtained in the Capital Increase shall be used to fund the increase of the international presence of the Company, and also in the expansion of the local connectivity and infrastructure to passengers arriving from abroad.

9. **Holders of ADRs:** the Directors have decided that, in order to guarantee the timely conclusion of the Capital Increase as agreed with Air France KLM, preemptive rights shall not be granted to holders of American Depositary Receipts ("ADRs") issued by the Company, as permitted by the deposit agreement related to the ADRs.
