Item 7.01 Regulation FD Disclosure.

The information contained in this Current Report on Form 8-K, including the accompanying Exhibit 99.1, is being furnished pursuant to Item 7.01 of Form 8-K and shall not be deemed to be "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or otherwise subject to the liability of that section. The information contained in this Current Report on Form 8-K, including the accompanying Exhibit 99.1, shall not be incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Exchange Act, whether made before or after the date hereof, except as shall be expressly set forth by specific reference in such a filing.

On March 13, 2006, Harris Corporation ("Harris" or the "Company") issued a press release announcing, among other things, earnings per share guidance for fiscal 2007. Harris also again provided the details for accessing an upcoming webcast and teleconference presentation of its strategic overview and financial summary, including a discussion of the earnings per share guidance. The full text of the press release is furnished herewith as Exhibit 99.1 and is incorporated herein by reference.

Non-GAAP Financial Measures

The press release contains non-GAAP financial measures within the meaning of Regulation G promulgated by the SEC, including fiscal 2007 earnings-per-share guidance percentage increase from the current fiscal 2006 non-GAAP earnings guidance, which fiscal 2006 guidance excludes the impact of any charges associated with inventory write-downs in the Microwave segment, cost-reduction items in our Broadcast Communications segment, and the acquisition-related costs associated with our Leitch acquisition. A reconciliation of such non-GAAP financial measures to the most directly comparable GAAP measure is included in the press release. Harris management believes that these non-GAAP financial measures, when considered together with the GAAP financial measures, provide information that is useful to investors in understanding period-over-period operating results separate and apart from items that may, or could, have a disproportionately positive or negative impact on results in any particular period. Management also believes that these non-GAAP financial measures enhance the ability of investors to analyze Harris business trends and to better understand the company's performance. In addition, the company may utilize non-GAAP financial measures as a guide in its forecasting, budgeting, and long-term planning process and to measure operating performance for some management compensation purposes. Any analysis of non-GAAP financial measures should be used only in conjunction with results presented in accordance with GAAP.
