Item 5.02 Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers; Compensatory Arrangements of Certain Officers.

On February 18, 2008, Gordon A. Ulsh, President and Chief Executive Officer of Exide Technologies (the "Company"), Francis M. Corby, Jr., Executive Vice President and Chief Financial Officer of the Company, Edward J. O'Leary, Executive Vice President and Chief Operating Officer of the Company, Mitchell S. Bregman, President – Industrial Energy Americas, and Phillip A. Damaska, Senior Vice President and Corporate Controller of the Company, each entered into an agreement with the Company to amend the exercise prices of certain eligible stock options. The exercise prices of these eligible options were based on a formula set forth in the Company's outstanding warrant agreement, which provides for an exercise price per share equal to the 10-day trailing average closing price per share of the Company's common stock on The NASDAQ Global Market ("NASDAQ") prior to the date of grant. As a result, the exercise prices for these eligible options were less than the closing sale price per share of the Company's common stock on NASDAQ on the dates of grant. Pursuant to these amendment agreements, the exercise price per share of each of these eligible options will increase to the closing sale price per share of the Company's common stock on NASDAQ on the date of grant of that eligible option. As a result of these amendments, certain adverse tax consequences under Section 409A of the Internal Revenue Code of 1986, as amended, may be avoided.

In exchange for these executive officers agreeing to increase the exercise prices of the eligible options, the Company will make a special cash payment to each executive officer with respect to each eligible option that is amended in an amount determined by multiplying (1) the amount by which the amended exercise price exceeds the original exercise price for that eligible option by (2) the number of shares of the Company's common stock subject to that eligible option. The cash payment will be paid (1) on the first regular payroll date after January 1, 2009 with respect to any portion of the eligible options that has vested as of December 31, 2008 and (2) on the last business day of the quarter in which any portion of the eligible options vests after December 31, 2008. With respect to any portion of an eligible option that has not vested as of the date of the amendment, the executive officer must remain employed by the Company on the date each portion of his eligible option vests to receive the cash payment payable with respect to that portion of the eligible option.

The foregoing summary of the amendments to the stock option award agreements is qualified in its entirety by reference to the full text of these agreements, copies of which are filed as Exhibits 10.1 through 10.5 to this Current Report on Form 8-K and are hereby incorporated herein by reference thereto.
