PROXY STATEMENT FOR THE
2016 ANNUAL MEETING OF STOCKHOLDERS
INFORMATION ABOUT THE MEETING, VOTING AND PROXIES
Date, Time and Place of Meeting

Our Board of Directors (the "Board") is asking for your proxy for use at the Rosetta Stone Inc. 2016 Annual Meeting of Stockholders (the "2016 Annual Meeting") and at any adjournment or postponement thereof for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. We are holding the Annual Meeting on Thursday, May 19, 2016 at 3:00 p.m. local time at our principal executive offices at 1919 North Lynn Street, 7th Floor, Arlington, Virginia 22209. Directions to the Annual Meeting may be found at <http://www.rosettastone.com/directions>. We have first released this proxy statement to our stockholders beginning on or about April 8, 2016.

Internet Availability of Proxy Materials

Under rules adopted by the U.S. Securities and Exchange Commission (the "SEC"), we furnish our proxy materials on the Internet. Instructions on how to access and review the proxy materials on the Internet can be found on the proxy card sent to stockholders of record and on the Notice of Internet Availability of Proxy Materials (the "Notice") sent to stockholders who hold their shares through a brokerage firm or bank, also referred to as holding shares in street name. The Notice will also include instructions for stockholders who hold their shares in street name on how to vote over the Internet.

Record Date, Outstanding Shares and Quorum

Only holders of record of our common stock on March 25, 2016 (the "Record Date"), effectively at the close of business on March 24, 2016 due to market holiday, will be entitled to vote at the 2016 Annual Meeting. On the Record Date, we had approximately 21,903,388 shares outstanding and entitled to vote. We need a quorum to take action at the 2016 Annual Meeting. We will have a quorum if a majority of the shares outstanding and entitled to vote on the Record Date are present at the 2016 Annual Meeting, either in person or represented by proxy.

If by the date of the Annual Meeting we do not receive sufficient shares to constitute a quorum or approve one or more of the proposals, the Chairman of the Annual Meeting, or the persons named as proxies, may propose one or more adjournments of the Annual Meeting to permit further solicitation of proxies. The persons named as proxies would typically exercise their authority to vote in favor of adjournment.

Voting Rights

Holders of our common stock are entitled to one vote for each share they own on the Record Date. Cumulative voting for directors is not permitted. The Inspector of Elections appointed for the 2016 Annual Meeting will tabulate all votes. The Inspector will separately tabulate for and against votes, withhold votes, abstentions and broker non-votes for each proposal, as applicable.

Voting and Revoking Proxies

Our Board of Directors is soliciting proxies to vote your shares at the 2016 Annual Meeting. If you attend the 2016 Annual Meeting, you may submit your vote in person, and any proxy that you previously submitted may be revoked

and superseded by the vote that you cast at the 2016 Annual Meeting.

If you properly submit your proxy, and do not revoke it prior to the 2016 Annual Meeting, your shares will be voted in the manner described in this proxy statement or as you may otherwise direct. If you sign and return your proxy card, but do not give any voting instructions, your shares will be voted in favor of the election of each of the director nominees listed in Proposal 1 and in favor of Proposals 2 and 3. As far as we know, no other matters will be presented at the 2016 Annual Meeting. However, if any other matters of business are properly presented, the proxy holders named on the proxy card are authorized to vote the shares represented by proxies according to their judgment.

Table of Contents

Whether you submit your proxy via the Internet or by mail, you may revoke it at any time before voting takes place at the 2016 Annual Meeting. If you are the record holder of your shares and you wish to revoke your proxy, you must deliver instructions to the General Counsel and Secretary, at Rosetta Stone Inc., 1919 North Lynn Street, 7th Floor, Arlington, Virginia 22209. You may also revoke a proxy by submitting a later-dated proxy or by voting in person at the 2016 Annual Meeting. Please note that if a broker, bank or other nominee is the record holder of your shares and you wish to vote at the 2016 Annual Meeting, you must bring to the 2016 Annual Meeting a letter from the record holder confirming your beneficial ownership of the shares. If a broker, bank or other nominee is the record holder of your shares and you wish to revoke your proxy, you must contact the record holder of your shares directly.

Abstentions and Broker Non-Votes

Any shares represented by proxies that are marked to abstain from voting on a proposal will be counted as present in determining whether we have a quorum. They will also be counted in determining the total number of shares entitled to vote on a proposal.

If your shares are held in street name and you do not instruct your broker on how to vote your shares, your broker, in its discretion, may either leave your shares un-voted or vote your shares on certain routine matters. However, the New York Stock Exchange (the "NYSE") precludes brokers from exercising voting discretion on certain proposals without specific instructions from the beneficial owner. Importantly, NYSE rules expressly prohibit brokers holding shares in street name for their beneficial holder clients from voting in uncontested director elections or executive compensation matters, including say-on-pay proposals, without receiving specific voting instructions from those clients. Under NYSE rules, only Proposal No. 2 (ratifying the selection of our independent registered public accounting firm) should be treated as a routine matter on which a broker can exercise its discretion and vote your shares without specific instructions. If your broker votes on your behalf on this proposal, your shares also will be counted as present for the purpose of determining a quorum. Proposals 1 and 3 are not considered routine matters, and, without your instruction, your broker cannot vote your shares with respect to these proposals. If a broker, bank, custodian, nominee or other record holder of Rosetta Stone stock indicates on a proxy that it does not have discretionary authority to vote certain shares on a particular matter, these shares (called "broker non-votes") will be counted as present in determining whether we have a quorum.

Soliciting Proxies

We will pay all expenses of soliciting proxies to be voted at the 2016 Annual Meeting. After the proxies are initially distributed, we and/or our directors, officers and regular employees may also solicit proxies by mail, electronic mail, telephone or in person. We will ask brokers, custodians, nominees and other record holders to prepare and send the Notice to people or entities for which they hold shares and forward copies of the proxy materials to beneficial owners who request paper copies, and we may reimburse them for their expense in doing so.

Delivery of Voting Materials to Stockholders Sharing an Address

To reduce the expense of delivering duplicate materials to stockholders sharing the same address, we have adopted a procedure approved by the SEC called "householding." Under this procedure, certain stockholders of record who have the same address and last name and do not participate in electronic delivery of proxy materials will receive only one copy of the Notice, Annual Report on Form 10-K and proxy materials, as applicable, sent to stockholders until such time as one or more of these stockholders notifies us that they wish to receive individual copies. In addition, your broker or bank may also follow this procedure. This procedure will reduce duplicate mailings and save printing costs and postage fees, as well as natural resources.

How to Obtain a Separate Set of Voting Materials

If you would like to have additional copies of our Notice, Annual Report on Form 10-K and proxy materials, as applicable, mailed to you, please submit your request to the General Counsel and Secretary, Rosetta Stone Inc., 1919 North Lynn Street, 7th Floor, Arlington, Virginia 22209, or call the General Counsel and Secretary at (703) 387-5800 and we will promptly deliver these materials to you. Copies of our Annual Report on Form 10-K do not include exhibits unless exhibits are specifically requested in writing. You may also contact us at the address or phone number above if you received multiple copies of materials for the 2016 Annual Meeting and would prefer to receive a single copy in the future. If you would like to opt out of householding for future mailings, call the General Counsel and Secretary at (703) 387-5800 or send a written request to the General Counsel and Secretary at the above address.

Annual Report on Form 10-K and Additional Materials

The Notice of Annual Meeting, this Proxy Statement and our Annual Report on Form 10-K for the fiscal year ended December 31, 2015 have been made available to all stockholders entitled to vote at the 2016 Annual Meeting and who received the Notice. The Annual Report on Form 10-K can also be viewed at <http://investors.RosettaStone.com>.

OUR BOARD OF DIRECTORS AND NOMINEES

Our Board of Directors currently consists of eight directors and is divided into three classes, with the nominees for one class to be elected at each annual meeting of stockholders, to hold office for a three-year term and until successors of the members of such class have been elected and qualified, subject to their earlier death, resignation or removal. In March 2015, Stephen M. Swad resigned from the Board of Directors. In April 2015, the Board appointed David Nierenberg to the Board. In January 2016, Marguerite W. Kondracke resigned from the Board of Directors. Ms. Kondracke has been a valued member of the Company's Board of Directors since 2011 and served on the Compensation Committee prior to her resignation. Immediately following Ms. Kondracke's resignation from our Board, our Board of Directors unanimously voted to reduce the size of the Board from nine to eight directors.

In March 2016, Laura Witt provided notice of her decision to resign from our Board of Directors, effective the date of the Company's 2016 Annual Meeting. Upon Ms. Witt's resignation, the Board's size will automatically reduce from eight to seven. Our Board of Directors believes that the board composition and size following Ms. Kondracke and Witt's resignations is sufficient to provide all required oversight, governance, and related board duties.

Only the terms of the Class I directors are scheduled to expire on the date of the upcoming Annual Meeting. Based on the recommendation of the Corporate Governance and Nominating Committee of our Board of Directors, the nominees for election to the Board of Directors by the stockholders are three current Class I members of our Board, who are A. John Hass III, David Nierenberg and Steven P. Yankovich. If elected, the nominees will serve as directors until the Annual Meeting of Stockholders in 2019 and until their successors are elected and qualified, subject to their earlier death, resignation or removal.

The names and certain information about the nominee directors and the continuing directors in each of the other two classes of our Board are set forth below. There are no family relationships among any of our directors or executive officers.

It is intended that the proxy will be voted, unless otherwise indicated, for the election of the nominees as Class I directors to our Board of Directors. If any of the nominees should for any reason be unable or unwilling to serve at any time prior to the 2016 Annual Meeting, the proxies may be voted for the election of a substitute nominee that our Board may designate in place of such nominee.

Because the upcoming Annual Meeting will trigger the expiration of the terms of only the Class I directors, proxies cannot be voted for more than three director nominees. The three candidates receiving the highest number of affirmative votes of the shares of our common stock entitled to vote at the Annual Meeting will be elected Class I directors to serve for a three-year term and until their successors have been duly elected and qualified, subject to their earlier death, resignation or removal.

Our Board of Directors believes that Mr. Gross is particularly qualified to serve as a director based on his demonstrated leadership abilities, business judgment, and extensive experience in management, information technology, software, and his education. Mr. Gross' finance and operations experience qualify him as an audit committee financial expert, and his long-tenured service on other public company boards provides significant insight into the Company's corporate governance.

Composition of our Board of Directors; Classified Board

Our Board of Directors currently consists of eight members, seven of whom are non-employee members and are considered independent under NYSE rules. Each director holds office until the election and qualification of his or her successor, or his or her earlier death, resignation or removal. Our bylaws permit our Board of Directors to establish by resolution the authorized number of directors. Our bylaws provide that our Board of Directors is divided into three classes of directors, each serving a staggered three-year term. As a result, one class of our Board of Directors will be elected at each annual meeting for three-year terms.

Our Board of Directors is classified as follows:

A. John Hass III, David Nierenberg and Steven P. Yankovich are designated Class I Directors whose terms will expire at our upcoming Annual Meeting; if re-elected at our upcoming Annual Meeting, these directors will have terms that expire at our 2019 Annual Meeting of Stockholders;

James P. Bankoff, Laurence Franklin and Laura L. Witt are designated Class II Directors whose terms will expire at our 2017 Annual Meeting of Stockholders; and

Patrick W. Gross and Caroline J. Tsay are designated Class III Directors whose terms will expire at our 2018 Annual Meeting of Stockholders.

Our bylaws provide that the number of authorized directors will be determined from time to time by resolution of our Board of Directors. Any vacancy created by a resignation of a director shall automatically reduce the number of directors on our Board accordingly, upon the effective date of such resignation. Any additional directorships resulting from an increase in the number of authorized directors will be distributed among the three classes so that, as nearly as reasonably possible, each class will consist of one-third of the directors. The classification of our Board of Directors may have the effect of delaying or preventing changes in control of our Company. Our certificate of incorporation further provides for the removal of a director only for cause and by the affirmative vote of the holders of a majority of the shares then entitled to vote at an election of our directors.

Nomination and Standstill Agreement and Appointment of A. John Hass III to the Board of Directors

On November 18, 2014, the Company entered into a Nomination and Support Agreement (the "Nomination and Support Agreement") with the Osmium Parties (as defined below) pursuant to which A. John Hass III was appointed to the Board and the Osmium Parties agreed to certain standstill and voting provisions. The "Osmium Parties" collectively refers to: John H. Lewis; Osmium Partners, LLC; Osmium Capital, LP; Osmium Capital II, LP; Osmium Spartan, LP; Osmium Diamond, LP; and Osmium Special Opportunity Fund, LP.

Pursuant to the Nomination and Support Agreement, each of the Osmium Parties agree, during the Standstill Period (as defined below), to, among others, (i) not to conduct a proxy contest for the election of directors for any annual meeting during the Standstill Period, and (ii) to cause all voting securities owned by the Osmium Parties and their affiliates and associates to be voted for, or to abstain from voting for, all of the directors nominated by Board for election at an annual meeting of the stockholders of the Company during the Standstill Period and all other "routine" matters at such meetings in accordance with the Board's recommendation.

The Standstill Period is defined as the period from the date of the Nomination and Support Agreement until the latest of (A) the six month anniversary of the effective date of the Nomination and Support Agreement (i.e., May 18, 2015), (B) sixty days after Mr. Hass is no longer serving as a director of the Company, and (C) if Mr. Hass is a director at all times until the time nominations are due for the 2016 Annual Meeting, and is nominated and agrees to serve on the Company's slate of director nominees for the 2016 Annual Meeting, the period from the printing of this proxy statement for the 2016 Annual Meeting until the conclusion of the 2016 Annual Meeting; provided that in no event shall the Standstill Period extend beyond the date of the 2016 Annual Meeting. The Company and Mr. Hass also entered into a Director Agreement, which is not applicable while Mr. Hass serves as President, Chief Executive Officer and Chairman of the Board.

A full description of the Nomination and Support Agreement and the Director Agreement, including a copy of the Nomination and Support Agreement, can be found in the Company's Current Report on Form 8-K filed with the SEC on

Director Independence

Our Board of Directors reviewed the independence of each director in February 2016 and considered whether any director had or has a material relationship with us that could compromise his or her ability to exercise independent judgment in carrying out his or her responsibilities. As a result of this review, our Board of Directors determined that all of our directors, other than our President and Chief Executive Officer, A. John Hass III, were "independent directors" and meet the independence requirements under the listing standards of the NYSE and rules and regulations of the SEC.

Our Corporate Governance Guidelines provide that the non-management directors will regularly meet in executive session, without management present. As required under applicable NYSE listing standards, in the year ended December 31, 2015, our non-management directors met in regularly scheduled executive sessions at which only non-management directors were present. As Chairman of the Board, Mr. Gross presided over these sessions. Mr. Gross is an "independent director" and meets the independence requirements under the listing standards of the NYSE.

Board Leadership Structure and Role in Risk Oversight

Our Board of Directors believes it is important to retain its flexibility to allocate the responsibilities of the offices of the Chairman of the Board and the Chief Executive Officer in a way that is in the best interest of the Company at any given point of time. The Board of Directors may make a determination as to the appropriateness of its current policies in connection with the recruitment and succession of the Chairman of the Board and/or the Chief Executive Officer.

Our Board of Directors appointed Mr. Hass to serve as President, Chief Executive Officer and Chairman of the Board effective April 1, 2016. Mr. Hass previously served as a director since November 2014. We believe that as President and Chief Executive Officer, Mr. Hass is in the best position to focus the independent directors' attention on the issues of greatest importance to the Company and its stockholders. At any time that the Chairman of the Board is not an individual who is independent under the rules of the NYSE, the Board of Directors will appoint a Lead Independent Director elected by the independent directors, with broad authority and responsibility over Board governance and operations. This structure allows one person to speak for and lead both the Company and the Board of Directors, while also providing for effective independent board oversight through a Lead Independent Director.

The Lead Independent Director has the following authority, as detailed in the Company's Corporate Governance Guidelines:

- preside at all meeting of the Board at which the Chairman of the Board is not present, including executive sessions of the independent directors;
- serve as a liaison between the Chairman of the Board and the independent directors;
- approve information sent to the Board;
- approve meeting agendas for the Board;
- approve meeting schedules to assure that there is sufficient time for discussion of all agenda items; and
- call meetings of the independent directors.

Mr. Gross acted as Lead Independent Director from February 2012 to May 2013 until he was appointed to Chairman of the Board in May 2013. Mr. Gross served as Chairman of the Board until Mr. Hass was appointed as Chairman of the Board, effective April 1, 2016. In light of Mr. Gross' experience, the independent directors elected Mr. Gross as Lead Independent Director on April 1, 2016. Mr. Gross also serves as a member of our Audit, Compensation,

Corporate Governance and Nominating, CEO Search and Transaction Committees.

The Board of Directors oversees risk by actively reviewing management decisions and financial controls at both the full Board and Board committee levels. The Board of Directors takes a hands-on role in risk management practices in such areas as credit risk, liquidity risk, and operational risk by obtaining detailed reports from management, maintaining continuous dialogue with management, and providing extensive input on material corporate decisions. The Board of Directors extensively oversees management, particularly through periodic conferences between the Chief Executive Officer and certain members of the Board of Directors. The extent of the Board of Directors' oversight function has the effect of solidifying the Board's leadership structure by providing excellent knowledge of the day-to-day workings of the Company to the Board of Directors.

Table of Contents

The Audit Committee assists our Board of Directors in risk oversight by reviewing and discussing policies with management and the independent auditor regarding our major financial risk exposures and the steps management has taken to monitor and control such exposures. The Audit Committee, as part of its independent auditor and internal audit oversight, also reviews and discusses the effectiveness of our disclosure controls and internal control over financial reporting and the performance of the internal audit function. The Audit Committee also directs and monitors our implementation of our corporate-wide compliance program, and oversees the periodic review and assessment of the effectiveness of our compliance program.

The Compensation Committee oversees the design and administration of the Company's executive compensation programs to promote an environment that does not encourage unnecessary and excessive risk-taking, including with respect to the Policy on Recoupment of Performance Based Compensation ("Clawback Policy"). The Compensation Committee also ensures that our compensation practices are in line with best practices with respect to "say on pay" philosophies and guidelines.

The Corporate Governance and Nominating Committee evaluates the Board of Directors' corporate governance guidelines and other Board and committee processes.

Our Board of Directors receives periodic reports from each of these committees on their activities.

number of meetings held by all committees of the Board of Directors on which he or she served, during the period for which he or she served. The following table sets forth the committees of our Board of Directors, the number of meetings held by each committee in 2015 and the membership of each committee during the year ended December 31, 2015.

Compensation Committee

Our Compensation Committee consists of David Nierenberg, who serves as the Chair, Patrick W. Gross, Caroline J. Tsay and Laura L. Witt, each of whom is a non-employee, independent member of our Board of Directors. A. John Hass III served on our Compensation Committee until his resignation from the committee, in connection with his appointment as Interim President and Chief Executive Officer, on April 1, 2015. Marguerite W. Kondracke served on our Compensation Committee during 2015, until she resigned as a director, and therefore as a member of the Compensation Committee, ended effective January 19, 2016. During the fiscal year ended December 31, 2015, our Compensation Committee met nine times.

Our Board of Directors has determined that each member of our Compensation Committee meets the requirements for independence under the requirements of the NYSE.

Under its charter, our Compensation Committee is responsible for, among other things:

reviewing and approving compensation of our executive officers including annual base salary, annual incentive bonuses, specific goals, equity-based awards, executive employment agreements, severance and change in control arrangements, and any other special benefits, compensation or arrangements;

reviewing and approving annual goals and objectives, bonus criteria and equity guidelines for our executive officers;

reviewing and discussing annually with management our "Compensation Discussion and Analysis" disclosure required by SEC rules and regulations;

preparing the Compensation Committee report required by the SEC to be included in our annual proxy statement;

administering, reviewing and making recommendations with respect to our equity-based compensation plans; and

appointing, compensating and overseeing compensation consultants and other advisors.

The Compensation Committee may form and delegate authority to one or more subcommittees as it deems necessary or advisable from time to time, provided, that any such subcommittee shall report any actions taken by it to the full Compensation Committee at its next regularly scheduled meeting.

For 2015, the Compensation Committee engaged Exequity LLP ("Exequity") as its outside independent compensation consultant. Without the Compensation Committee's prior approval, Exequity will not perform any services for management, although the Compensation Committee has directed that Exequity work in cooperation with management as required to gather and review information necessary to carry out the committee's obligations. For more information about the role of Exequity, see "Compensation Discussion and Analysis." In furtherance of maintaining the independence of the Compensation Committee's compensation consultant, the Committee has the sole authority to retain or terminate Exequity. The Compensation Committee has analyzed whether the work of Exequity as a compensation consultant has raised any conflict of interest, taking into consideration all factors relevant to a consultant's independence, including the following factors: (i) the provision of other services to the Company by Exequity; (ii) the amount of fees from the Company paid to Exequity as a percentage of the firm's total revenue; (iii) Exequity's policies and procedures that are designed to prevent conflicts of interest; (iv) any business or personal relationship of Exequity or the individual compensation advisors employed by the firm with an executive officer of the Company; (v) any business or personal relationship of the individual compensation advisors with any member of the Compensation Committee; and (vi) any stock of the Company owned by Exequity or the individual compensation advisors employed by the firm. The Compensation Committee has determined, based on its analysis of all factors

relevant to a consultant's independence, including the above factors, that the work of Exequity and the individual compensation advisors employed by Exequity as compensation consultants to the Company has not created any conflict of interest.

In 2015, as part of the cost efficiency efforts, the Compensation Committee revisited its use of outside consultants and decided to reduce and limit its engagement of Exequity as its outside independent compensation consultant in the interest of reducing further costs. As a result, the Compensation Committee significantly reduced its use of Exequity in the second half of 2015.

Our Board of Directors has adopted a written charter for the Compensation Committee, which is available on our website at www.rosettastone.com.

• recommending members for each committee of our Board of Directors.

Our Corporate Governance and Nominating Committee determines qualification criteria and procedures for the identification and recruitment of candidates for election to serve as directors of Rosetta Stone. The Corporate Governance and Nominating Committee relies on its knowledge and relationships and the knowledge and relationships of our officers and other directors, as well as third parties when it deems appropriate, to identify and evaluate nominees for director, including nominees recommended by stockholders. With respect to nominees recommended by stockholders, our Corporate Governance and Nominating Committee will consider such nominees in the same manner as it evaluates other potential director nominees.

Our Board of Directors has adopted a written charter, reviewed annually, for the Corporate Governance and Nominating Committee, which is available on our website at www.rosettastone.com.

Product and Technology Committee

Our Product and Technology Committee was established on November 20, 2014 and disbanded on May 20, 2015. The committee consisted of James P. Bankoff, who served as the Chair, Patrick W. Gross, Caroline J. Tsay, Laura L. Witt and Steven P. Yankovich. During the fiscal year ended December 31, 2015, our Product and Technology Committee met two times.

Our Board of Directors had determined that each member of the Product and Technology Committee satisfied the requirements for independence under the NYSE rules.

Table of Contents

Under its charter, our Product and Technology Committee was responsible for, among other things:

providing advice and guidance to management regarding existing technologies used by the Company and technologies being considered for products and information systems;

making recommendations to management with respect to product development strategy; and

monitoring and advising the Board and management on current and emerging trends in technological innovations and industry standards.

Our Product and Technology Committee was disbanded by the Corporate Governance and Nominating Committee on May 20, 2015 and replaced with two ad hoc special advisory committees focused on each of the Consumer and E&E segments.

Ad Hoc Special Advisory Committees

E&E Advisory Committee

In June 2015, the Board of Directors formed a special ad hoc advisory committee that provides operational and strategic thought-partnership to the E&E business leadership, replacing the disbanded Product & Technology Committee.

The E&E Advisory Committee consists of Caroline J. Tsay, who serves as Chair, Steven P. Yankovich and David Nierenberg, each of whom is a non-employee member of our Board of Directors. The directors are not compensated separately for serving on this Committee. The E&E Advisory Committee held four meetings during fiscal year 2015.

Consumer Advisory Committee

In June 2015, the Board of Directors formed a special ad hoc advisory committee that provides operational and strategic thought-partnership to the Consumer business leadership, replacing the disbanded Product & Technology Committee.

The Consumer Advisory Committee consists of James P. Bankoff, who serves as Chair, Caroline J. Tsay, Laura Witt and Steven P. Yankovich, each of whom is a non-employee member of our Board of Directors. The directors are not compensated separately for serving on this Committee. The Consumer Advisory Committee held two meetings during fiscal year 2015.

CEO Search Committee

In June 2015, the Board of Directors formed a special ad hoc advisory committee to identify and facilitate the evaluation of potential candidates for CEO and recommending certain candidates for consideration by the Corporate Governance and Nominating Committee and the full Board of Directors. The CEO Search Committee had no power to select, appoint or nominate any candidate for CEO; it served effectively to review and augment a pool of candidates before recommending certain candidates to the Corporate Governance and Nominating Committee and the full Board for consideration.

The CEO Search Committee consists of A. John Hass III, Laurence Franklin, Patrick W. Gross, Marguerite W. Kondracke (former director) and David Nierenberg. The directors are not compensated separately for serving on this

Committee. The CEO Search Committee held nine meetings during fiscal year 2015.

Transactions Committee

In June 2015, the Board of Directors formed a special ad hoc advisory committee to review strategic transactions and operational alternatives for the Company.

The Transactions Committee consists of Patrick W. Gross, David Nierenberg and Steven P. Yankovich, each of whom is a non-employee member of our Board of Directors. The directors are not compensated separately for serving on this Committee. The Transactions Committee held two meetings during fiscal year 2015.

Policy Governing Director Qualifications and Nominations

We seek directors who possess, at a minimum, the qualifications and skills described below as set forth in our Policy Governing Director Qualifications and Nominations. We consider diversity in our nomination of directors, and in our

Table of Contents

assessment of the effectiveness of the Board of Directors and its committees. In considering diversity, we evaluate each director candidate in the context of the overall composition and needs of our Board of Directors, with the objective of recommending a group that can best manage the business and affairs of the Company and represent stockholder interests using its diversity of backgrounds and experience. Our Corporate Governance and Nominating Committee will consider these and other qualifications, skills, and attributes when recommending candidates to our Board of Directors.

Our Corporate Governance and Nominating Committee must be satisfied that each Committee-recommended nominee meets the following minimum qualifications:

- the candidate shall exhibit high standards of integrity, commitment, and independence of thought and judgment;
- the candidate shall be committed to representing the long-term interests of our stockholders;
- the candidate shall have sufficient time and availability to devote to the affairs of the Company, particularly in light of the number of boards on which the nominee may serve;
- to the extent the candidate serves or has previously served on other boards, the candidate shall have a demonstrated history of contributing at board meetings; and
- the candidate meets any other minimum qualifications and other criteria for board membership approved by our Board of Directors from time to time.

In addition to the minimum qualifications for each candidate set forth above, our Corporate Governance and Nominating Committee shall recommend that our Board of Directors select persons for nomination to help ensure that:

a majority of the Board of Directors is "independent" in accordance with the standards, if any, promulgated by the SEC, or any exchange upon which securities of the Company are traded, and any governmental or regulatory body exercising authority over the Company;

• each of our Audit Committee, Compensation Committee, and Corporate Governance and Nominating Committee is comprised entirely of independent directors; and

at least one member of our Audit Committee shall have such experience, education and other qualifications necessary to qualify as an "audit committee financial expert" as defined by the rules of the SEC and financial sophistication requirements under NYSE rules.

In addition to any other standards our Corporate Governance and Nominating Committee may deem appropriate from time to time for the overall structure and composition of our Board of Directors, the Committee may consider the following factors when selecting and recommending that our Board of Directors select persons for nomination:

- whether the candidate has direct experience in our industry or in the markets in which we operate;
- whether the candidate, if elected, assists in achieving a mix of Board members that represents a diversity of background and experience;
- whether the candidate has experience at a strategic or policymaking level in a business, government, non-profit or academic organization of high standing;

- whether the candidate is accomplished in his or her respective field, with strong credentials and recognition; and/or
- whether the candidate is well-regarded in the community.

DIRECTOR COMPENSATION

Non-Employee Director Compensation Policy

The Corporate Governance and Nominating Committee historically monitored the compensation of our Board of Directors in relation to the market and our peer data. However, in May 2015, the Board of Directors determined that it was more appropriate to transition the review and oversight of non-employee director compensation from the Corporate Governance and Nominating Committee to the Compensation Committee. We have adopted a compensation policy under which our non-employee directors receive an annual retainer for Board and committee membership, as well as additional fees for attending certain Board and committee meetings. An additional retainer is also provided to individuals who serve as chair of a committee or the Board. Mr. Swad, who served as our President and Chief Executive Officer at the beginning of 2015 until April 1, 2015, received no additional compensation for his service on our Board of Directors. Similarly, Mr. Hass, from the time of his appointment as Interim President and Chief Executive Officer on April 1, 2015, has not received additional compensation for his service on our Board of Directors. From May 2014 to May 2015, the Company's non-employee director compensation policy provided that each non-employee director will receive the following compensation for Board and committee services:

- an annual retainer for Board membership of \$40,000 paid in cash or restricted stock units ("RSUs") at the choice of the director;

- an annual retainer of \$50,000 for chairing the Board of Directors, paid in cash or RSUs at the election of the Chairman of the Board;

- an annual cash retainer of \$20,000 for chairing the Audit Committee and \$15,000 for chairing the Compensation Committee, the Corporate Governance and Nominating Committee, or the Product and Technology Committee;

- an annual cash retainer of \$10,000 for each Audit Committee member and \$7,500 for each Compensation Committee member, each Corporate Governance and Nominating Committee member, and each Product and Technology Committee member;

- the members and chairmen of any new committees that may be formed will be paid the same amounts as the members and chairmen of the Compensation Committee, the Corporate Governance and Nominating Committee;

- \$1,250 cash payment for each Board of Directors meeting, in excess of twelve per year, attended in person or by telephone lasting more than one hour;

- \$1,250 cash payment for each meeting of a committee, in excess of twelve per year, attended in person or by telephone lasting more than one hour; and

- an annual grant of equity with a fair market value as of the date of grant of \$110,000 comprised of:

- 50% stock options vesting quarterly over one year conditioned upon the director's continued service on our Board of Directors during that year; and

- 50% RSUs, which are fully vested upon issuance and will be paid out in shares of our common stock when the recipient director terminates his or her service on our Board of Directors.

In May 2015, the Compensation Committee reviewed the Company's non-employee director compensation policy against peer companies and adjusted the policy to also allow non-employee directors to choose payment in non-qualified stock options ("NQSOs") for the annual retainer for Board membership and the annual retainer for chairing the Board of Directors, as an expression of commitment and confidence of the Company's long-term success. The Compensation Committee also adjusted the vesting schedule of RSUs, which comprise 50% of director's annual grants of equity, to vesting quarterly over one year, conditioned upon the director's continued service on our Board of Directors during that year, and paid out in shares of our common stock upon the recipient director's separation from service on our Board of Directors.

In August 2015, as part of the cost efficiency efforts, the Compensation Committee revisited the non-employee director compensation policy. The Compensation Committee reviewed market data to make additional adjustments to the Board of

Table of Contents

Directors' compensation as presented below. Effective October 1, 2015, the current non-employee director compensation policy provides that each non-employee director will receive the following compensation for Board and committee services:

- an annual retainer for Board membership of \$40,000 paid in cash, NQSOs or RSUs at the choice of the director;

- an annual retainer of \$40,000 for chairing the Board of Directors, paid in cash, NQSOs or RSUs at the election of a non-employee Chairman of the Board;

- an annual cash retainer of \$20,000 for chairing the Audit Committee, \$10,000 for chairing the Compensation Committee, and \$5,000 for chairing the Corporate Governance and Nominating Committee;

- an annual cash retainer of \$10,000 for serving as a member of one or more Board committees (regardless of the number of committees served); and

- an annual grant of equity with a fair market value as of the date of grant of \$100,000 comprised of:

- 50% NQSOs vesting quarterly over one year conditioned upon the director's continued service on our Board of Directors during that year; and

- 50% RSUs vesting quarterly over one year conditioned upon the director's continued service on our Board of Directors during that year and which will be paid out in shares of our common stock following the recipient director's separation from service from the Company.

All cash retainers will be paid annually upon Board of Directors approval, with one-fourth of the total paid quarterly in arrears. Additionally, in the event of a change to the designated chair for each committee, the annual cash retainer for chairing a committee will be prorated based on the number of days the chair held the position. Non-employee directors are also encouraged to accumulate stock ownership, including ownership of RSUs, equal in value to three times the annual retainer for Board membership within three years of their appointment to the Board of Directors. All of our directors have achieved or are on course to achieve this threshold based on the applicable tenure of and payment to the individual directors.

Stockholder Proposals and Nominations for the 2017 Annual Meeting of Stockholders

Any stockholder who intends to present a proposal to be included in our 2017 proxy statement must submit the proposal, in writing, so that our General Counsel and Secretary receives it at our principal executive offices, located at 1919 North Lynn Street, 7th Floor, Arlington, Virginia 22209, by December 9, 2016, which is 120 days prior to the one year anniversary of the date this proxy statement is being sent to our stockholders. In addition, our stockholders must comply with other requirements of the SEC related to stockholder proposals that are to be included in proxy statements as set forth in Rule 14a-8 of the Securities Exchange Act of 1934, as amended.

If a proposal or nomination is not to be included in our proxy statement, any stockholder who wishes to bring a proposal or nominate a person for election to our Board of Directors at the 2017 Annual Meeting of Stockholders must provide written notice of the proposal or nomination to our General Counsel and Secretary, at our principal executive offices, between January 19, 2017 and February 18, 2017, which is 120 to 90 days prior to the one year anniversary of the upcoming Annual Meeting. In addition, our stockholders must comply with the procedural requirements in our bylaws, which stockholders can obtain from us upon request and which are also on file with the SEC.

Our bylaws provide that if a stockholder wishes to nominate a person for election as director or to propose other business to be considered at an annual meeting of stockholders, that stockholder must follow the procedures contained in our bylaws. The stockholder proposing such business or making such nomination must be a stockholder of record of our Company on the date the nomination is delivered to our General Counsel and Secretary and at the time of our annual meeting, and be entitled to vote at the annual meeting. The proposal or nomination must be received by our General Counsel and Secretary at our principal executive offices not earlier than the close of business on the 120th day prior to the first anniversary of the preceding year's annual meeting and not later than the close of business on the 90th day prior to such anniversary, except that if the date of the annual meeting is more than 30 days before or more than 60 days after such anniversary date, notice by the stockholder must be delivered not earlier than the close of business on the 120th day prior to the annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day of our first public announcement of the date of the annual meeting. In addition, if the number of directors to be elected to our Board of Directors at an annual meeting is increased and there is no public announcement by us naming all of the nominees for director or specifying the size of the increased Board at least 100 days prior to the first anniversary of the preceding year's annual meeting, a stockholder's nomination shall also be considered timely, but only with respect to nominees for any new positions created by such increase, if it is delivered to our General Counsel and Secretary at our principal executive offices not later than the close of business on the 10th day following the day on which we first make such public announcement. These time periods are designed to allow us time to adequately consider all proposals and nominees.

To be considered, each nomination must include the following information:

all information relating to the nominee that is required to be disclosed in solicitations of proxies for election of directors in an election contest, or is otherwise required, in each case pursuant to and in accordance with Section 14 of the Exchange Act and the rules and regulations promulgated thereunder;

Unless indicated in the notes to the table, to our knowledge each stockholder has sole voting and investment power for all shares shown, subject to community property laws that may apply to create shared voting and investment power.

Unless indicated in the notes, the address of each beneficial owner is c/o Rosetta Stone Inc., 1919 North Lynn Street, 7th Floor, Arlington, Virginia 22209.

We calculated the percentage of shares outstanding based on shares of common stock outstanding on March 25, 2016. In accordance with SEC regulations, we also include (1) shares subject to options that are currently exercisable or will become exercisable within 60 days of March 25, 2016, and (2) shares issuable upon settlement of RSUs that are vested, or will become vested within 60 days of March 25, 2016. Executive Summary

The core principles of our executive compensation program are based on a commitment to pay-for-performance while retaining key talent. Our executive compensation program is designed to encourage our NEOs to work for our long-term prosperity, reflect a pay-for-performance philosophy without encouraging our employees to assume excessive risks, and be reasonable in light of the executive compensation programs of our peer group companies. Our executive compensation program is also designed to align our NEOs' executive compensation with long-term stockholder interests.

The program is administered under a thorough process, which includes review of our peer group and market practices, and the Compensation Committee's assessment of the effectiveness of our compensation program with respect to the achievement of our corporate goals. Our compensation program is also evaluated in the context of the Compensation Committee's fiduciary duty to act as the directors determine to be in the stockholders' best interests.

Business Overview

Rosetta Stone is dedicated to changing people's lives through the power of language and literacy education. Our innovative, technology-driven language and reading programs drive positive learning outcomes in thousands of schools, businesses, government organizations and for millions of individuals around the world. Our cloud-based programs allow users to learn online or on-the-go via tablet or smartphone, whether in a classroom, corporate setting, or personal learning environment. As a leader in the literacy education space, Rosetta Stone helps millions of students build fundamental reading skills.

As our Company has evolved, we believe that our literacy Enterprise & Education segment is our largest opportunity for long-term value creation. The customers in these marketplaces have demands that recur each year, creating a more predictable revenue opportunity. This demand profile also fits well with our suite of products, the well-known Rosetta Stone brand and the demonstrated efficacy of our literacy tools. We also believe the demand for e-learning based literacy solutions in the US and English language-learning around the globe is growing.

Fiscal Year 2015. In March 2015, the Company announced a strategic reorganization and realignment of the business to accelerate and prioritize its Enterprise and K-12 focus of our language business. As part of that reorganization, the Company made reductions to Consumer sales and marketing, Consumer product investment, and general and administrative costs. We expect to realize annualized cost savings of approximately \$65 million as a result of these actions. We expect overall profitability within the Consumer segment to maintain or improve as we expect these costs savings to offset expected revenue declines in the Consumer segment.

In addition, Stephen M. Swad, who served as our President and Chief Executive Officer throughout 2013 and 2014, resigned from this position effective April 1, 2015. The Board of Directors appointed A. John Hass III to serve as Interim President and Chief Executive Officer. In October 2015, the Company formed an Efficiency Task Force, which identified ways for the Company to improve the way we work, simplify our business processes, and eliminate redundancies, while becoming more cost efficient and productive. We expect to realize annualized cost savings of approximately \$15 million as a result of the actions identified by the Efficiency Task Force.

Fiscal Year 2016. On March 11, 2016 the Board of Directors appointed A. John Hass III, as President, Chief Executive Officer, and Chairman of the Board effective April 1, 2016.

In 2016, under the continued direction of Mr. Hass, the Company is taking the necessary actions and making appropriate investments to position our business for profitable growth and sharpen the corporate focus.

In March 2016, the Company announced the restructuring of the E&E language business to more tightly focus on our core Enterprise and K-12 markets in the U.S. and northern Europe and to reduce and flatten our development and support structure to create a more profitable business with the capacity to grow. As part of this effort, the Company has initiated a process to exit our direct distribution presence and close offices in a number of non-U.S. markets in order to right-size the E&E Language business overall. These intended actions are expected to provide approximately \$19 million of additional annualized cost reductions.

Also in 2016, we plan to improve our Consumer Language customer offering and introduce a flexible and sustainable pricing strategy focused on cash generation. Over the last few years, our Consumer strategy has been to shift more of our Consumer business to web-based software subscriptions, digital downloads and mobile applications and away from perpetual CD packages. We believe that these formats provide customers with not only an overall improved

experience but also the flexibility to use our products on multiple platforms (i.e., tablets and mobile phones). We also believe that these platforms are a more economical and relevant way for us to deliver our products to customers.

Overall in 2016, our Consumer Language business will remain tightly focused to generate profitability and cash flow, with every investment measured against such policy. We will continue to invest heavily in new product development for Lexia and will continue to support the growth of Lexia's fast growing, high-renewal business. With the exception of Lexia, however, our revised corporate strategy in 2016 is not focused on growth but rather on improving profitability by generating revenue and reducing costs. In light of these actions, we have pivoted our compensation program to align and reward this new corporate strategy going forward.

Aligning Compensation with Our Performance

A key principle that underlies the Compensation Committee decisions regarding compensation for our NEOs is alignment with the Company's performance. To that end, we have structured our short-term and long-term incentives so that they reward achievement of key performance metrics that help realize our strategic goals and objectives. To ensure that our compensation program continues to be well aligned with our performance, our Compensation Committee regularly reviews the program construct to ensure that compensation arrangements continue to support a pay-for-performance culture.

Our executive compensation program has consistently and meaningfully been focused on pay-for-performance principles, and has included low or no payouts under our annual incentive plan when the Company's performance does not meet certain expectations and threshold levels for payouts approved by our Compensation Committee.

In 2015, we maintained our commitment to a pay-for-performance culture by:

- emphasizing deep cost reduction, cash preservation, growth of Lexia and profitability of Consumer;
- structuring our annual cash bonus (the "Annual Performance-Based Incentive") such that 70% of the award target is based on financial performance metrics;
- establishing a variable incentive opportunity for executives that are directly aligned with the Company's overall financial performance; and

committing to the Company's Policy on Recoupment of Performance Based Compensation ("Clawback Policy") that, in the event of a restatement of the Company's financial results other than a restatement caused by a change in applicable accounting principle, allows the Company to review the circumstances that caused the restatement and clawback certain performance-based incentive compensation wrongly awarded to an executive officer as a result of misconduct.

Advisory Vote on Executive Compensation

At our 2015 Annual Meeting of Stockholders, more than 91% of the votes cast on the proposal were in favor of our NEO compensation as disclosed in the Company's Current Report on Form 8-K filed with the SEC on June 12, 2015. As part of its deliberations on the Company's compensation philosophy and pay program construct, the Compensation Committee carefully considered the results of this vote and concluded that stockholders endorsed the decisions made with respect to our compensation program. Further, we believe the Company's overall compensation philosophy and pay practices demonstrate an ongoing commitment to align executive compensation with the interests of our stockholders and reflect evolving best practices.

Current Executive Compensation Best Practices

We employ the following executive compensation best practices.

- **Clawback Policy.** In 2015, the Compensation Committee maintained a Clawback Policy, described above, applicable to certain performance-based incentive compensation granted on or after January 1, 2014.

• **No Tax Gross-ups in Employment Agreements.** Our existing employment agreements have been amended to eliminate previously existing excise tax gross-up provisions related to change of control payments subject to Section 280G and Section 4999 of the Internal Revenue Code of 1986, as amended (the "Internal Revenue Code").

We do not maintain any contract or agreement with any NEO that obligates us to make any kind of tax gross-up payment.

No Excessive Severance Payments. Our termination arrangements with our NEOs do not call for excessive severance payments in cases of their termination of employment.

No Guaranteed Bonuses. We believe that performance-based bonuses should reflect actual performance of the Company and/or individual. Bonus guarantees undercut that notion, therefore, we do not guarantee performance-based bonus payments to our NEOs.

Double Trigger Vesting for Equity Awards. In 2015, we maintained our policy that, starting with equity awards granted in 2012, our equity awards would no longer vest upon consummation of a change in control, unless there is also a termination of service other than for cause or a voluntary resignation for good reason.

Table of Contents

• **No Repricing or Replacing Outstanding Stock Options.** Repricing is not permitted under the Rosetta Stone Inc. Amended and Restated 2009 Omnibus Incentive Plan, as amended (the "2009 Plan"), without stockholder approval. We did not reprice or replace any of our outstanding stock options during 2015, nor any year prior to 2015.

• **Limited Use of Perquisites.** We do not believe in granting perquisites to our NEOs that are excessive in value or substantially different from the perquisites available to all our employees generally.

• **No Hedging or Pledging.** We have adopted an amended Insider Trading Compliance Policy, which prohibits all hedging and pledging transactions in Company stock by directors and all employees to ensure that the interests of these holders of Company stock are fully aligned with those of stockholders in general. We also discourage the purchase and sale of exchange-traded options on our stock by our executives.

• **Stock Ownership Guidelines.** We encourage our executives to hold a significant equity interest in the Company. Effective January 1, 2013, our stock ownership guidelines are as follows:

Chief Executive Officer - equal in value to five times (5x) the base salary; and

Senior Vice Presidents and above - equal in value to twice (2x) the base salary.

We have provided a time frame of five years to attain the equity ownership levels.

Elements of Our Executive Compensation Program for 2015

Our objective is to provide a competitive total compensation package to attract and retain key personnel and drive performance. To achieve this objective, the Compensation Committee has implemented and maintains compensation plans that tie a substantial portion of the executives' overall compensation to financial and non-financial strategic performance goals. In addition, a substantial portion of each NEOs' total compensation is performance-based and dependent on the achievement of financial performance goals. Our executive compensation program consisted of three principal components in 2015:

- base salary;
- annual performance-based cash incentive; and
- long-term equity incentive.

Compensation of our Named Executive Officers

A detailed description of the components of our executive compensation program is provided below.

Base Salaries We utilize base salary as the primary means of providing compensation for performing the essential elements of an executive officer's job. To enhance our ability to attract and retain executives in competitive markets, it is our objective to position base salaries at approximately the median of the relevant market and our peer data.

Annual Performance-Based Incentive Our annual incentive program is intended to compensate our executive officers, including NEOs, for performance relative to corporate financial and strategic objectives. These objectives are evaluated separately and structured such that executives may be paid a portion of their annual incentives for achievement relative to one or more objectives, even if threshold performance is not attained for another objective. With respect to financial objectives, the Compensation Committee typically sets a specific threshold performance goal to ensure that a minimum quantitative financial

Table of Contents

hurdle is met before any payment is earned by an executive officer for that objective. The Compensation Committee also establishes a target financial goal that would result in a payout at 100% of target for the financial objectives, as well as specific milestones above the goal target such that maximum payouts can reach 150% of annual cash incentive target payouts. The non-financial strategic goals include specific quantitative milestones as well as other metrics and objectives that cannot be defined by bright-line measurements and require a more qualitative determination of the level of achievement by our Compensation Committee.

Long-Term Equity Incentive Our equity-based compensation is intended to enhance our ability to retain talent over a longer period of time, to reward long-term achievements that enhance future value of the Company, and to provide executives with a form of reward that aligns their interests with those of our stockholders.

It is our Compensation Committee's objective, from time-to-time, to grant annual equity-based compensation awards to our executives in amounts that are competitive with the median values of equity awards, and total target compensation, made by comparable public companies with whom we compete for talent. In general, the Compensation Committee believes that granting a mix of stock options and restricted stock awards is appropriate because it reflects both long-term value creation (through the need for sustained increases in our stock price for stock options to have meaningful value), promotes retention of executives and facilitates ownership of the Company's stock by executives (through the grant of restricted stock awards).

Benefits NEOs generally participate in the same benefits programs offered to all employees. Our benefits, such as our basic health benefits, 401(k) Plan, disability and life insurance, are intended to provide a stable array of support to executives and their families throughout various stages of their careers. These core benefits are provided to all executives regardless of their individual performance levels. The 401(k) Plan allows participants to defer up to 100% of their annual compensation, subject to any applicable caps set by the Internal Revenue Code. The executives' elective deferrals are immediately vested and non-forfeitable upon contribution to the 401(k) Plan, under provision of a safe harbor plan. We currently provide matching contributions equal to 100% of an employee's individual contribution, up to a maximum of 4% of the participant's annual salary, subject to certain limits.

Compensation of Our President and Chief Executive Officer

For 2015, approximately 81% of the target total compensation for our Former Chief Executive Officer, Mr. Swad, 85% of the target total compensation for our Interim Chief Executive Officer, Mr. Hass, and an average of approximately 66% of the target total compensation for our other NEOs, was variable, including the annual incentive opportunity, stock options and restricted shares. As detailed in the chart above, all equity grants were valued based on the fair market value on the date of grant.

Compensation of Our President and Chief Executive Officer

On March 26, 2015, Stephen M. Swad resigned from his position as President and Chief Executive Officer effective April 1, 2015, and A. John Hass III became our Interim President and Chief Executive Officer. Under the interim Executive Employment Agreement in connection with Mr. Hass' appointment as Interim President and Chief Executive Officer, Mr. Hass received a monthly base salary of \$30,000, and was been granted 444,000 non-qualified stock options to vest over twelve months with 1/12 vesting each month, and 45,600 shares of restricted stock to vest over twelve months with 1/12 vesting each month. In the event that Mr. Hass ceased to serve as Interim President and Chief Executive Officer before such stock option and restricted stock awards are fully vested, vesting on such awards would have ceased and any unvested options or shares would have been forfeited, even if he continued to serve on the Board of Directors.

On March 11, 2016, the Board of Directors appointed A. John Hass III as President, Chief Executive Officer, and Chairman of the Board effective April 1, 2016. Our Board of Directors approved a new executive employment agreement between Rosetta Stone Ltd. and Mr. Hass. Under the new Executive Employment Agreement, Mr. Hass receives an annual salary of \$50,000 and \$360,000 of restricted stock, which vests in equal installments over twelve months through April 1, 2017. Mr. Hass is also entitled to a short term performance equity grant with a target value of \$1,000,000 aligned to approved 2016 financial and operational goals, which upon achievement vests over three years at a rate of 50%, 25% and 25%, respectively, beginning in April 2017. Additionally, Mr. Hass is entitled to a long-term performance equity grant with a target value of \$1,000,000 aligned to absolute Total Shareholder Return two year growth metrics between 2016 and 2017, which upon achievement vests over three years at a rate of 1/3 (~33.33%) per year, beginning in April 2018. Both the short term and long term grants are made up of 50% non-qualified stock options and 50% restricted share awards.

Under both his Executive Employment Agreements, Mr. Hass is entitled to participate in the Company's employee benefit, retirement and health plans, and will receive other benefits such as temporary and furnished corporate housing in the Arlington, Virginia area and one weekly round-trip coach class airfare from Arlington, Virginia to Chicago, Illinois. Under the Executive Employment Agreements, Mr. Hass will be obligated to comply with customary restrictions on confidentiality, intellectual property ownership rights, noncompetition and nonsolicitation, and the Company will be obligated to hold harmless, indemnify and advance legal expenses arising from or out of Mr. Hass' performance as an employee, officer or director of the Company.

Determining the Amount of Each Element of Executive Compensation

Overview

The Compensation Committee has overall responsibility for the compensation program for our executive officers, including NEOs, and considers several factors in determining the overall design of, and the various elements comprising, our compensation program. In general, the weight of each element of our compensation program is determined by our Compensation Committee on an annual basis taking into consideration the following factors, among others:

• Company and individual performance;

- pay practices among companies comprising the competitive market for our executive officers;

• the Company's desire to attract and retain key talent;

• broad economic factors;

• and the discretion of our Compensation Committee members based on their relevant experience.

As part of these considerations, the Compensation Committee seeks to achieve the appropriate balance between immediate cash rewards and incentives for the achievement of both annual and long-term financial and non-financial strategic goals, while referencing both publicly-disclosed peer group compensation information as well as broad-based compensation survey data, as described below.

During 2015, the Compensation Committee continued to engage Exequity, an independent compensation consultant, to assist as its advisor. In its capacity as advisor to the Compensation Committee, Exequity assisted the Committee in the review of the competitiveness of our overall executive compensation program.

Although it has been our objective to target peer median practices for aggregate total compensation as well as each element of compensation, internal share usage constraints, as impacted by stock price volatility, have generally inhibited our ability to provide market-competitive long term incentive opportunities to our NEOs. For this reason, the grant date fair value of target total long term incentive opportunities for our NEOs has generally been below the peer group median grant date fair value of long term incentive opportunities. In an attempt to alleviate this shortfall relative to peer practice and to emphasize long-term performance for our senior executives, the Compensation Committee increased the annual grant values of our NEOs.

Role of Chief Executive Officer and Other Executives in Executive Compensation Decisions

Our Compensation Committee has generally sought input from our Chief Executive Officer, our General Counsel and Secretary, in her capacity as the Chief of Human Resources, and our Senior Director of Total Rewards when discussing the compensation levels and performance of our NEOs, other than the Chief Executive Officer. The Chief Executive Officer provides information relating to the other NEOs' performance to assist the Compensation Committee with its decision-making on executive compensation.

Comparable Market Compensation

In analyzing the competitiveness of our executive compensation program, our Senior Director of Total Rewards and Compensation Committee review pay practices from two primary sources, as detailed below. The market data for our NEOs and other senior management team members was collected from peer group proxy data (as described below) and the Radford Global Technology Compensation Survey data (the "Radford Survey"). It is our objective to target compensation levels, both in aggregate and by element, to median compensation levels for each of these sources. The

Radford Survey includes compensation market data from more than 2,000 companies and provides a holistic perspective on total compensation levels, practices and emerging trends. The following data cuts were included to derive the overall survey data medians against which we benchmarked compensation levels: software companies; companies in the Internet/E-Commerce/Online Community industries; companies located in the mid-Atlantic states or in locations of our remote offices, such as in San Francisco and Austin; and companies with most recent relative annual revenues ranging from \$200 million to \$499.9 million.

The Compensation Committee performs a formal review of the Company's peer group annually, with changes implemented periodically due to material changes at the Company and among peer companies. The peer group that was defined in the third quarter of 2014 and used for purposes of making 2014 compensation decisions (the "2014 Peer Group") was reviewed in August 2015 to determine whether any updates would be necessary before determining the 2015 compensation structure. In the third quarter of 2015, the Company's compensation team reviewed the 2014 Peer Group to determine whether it remained an appropriate peer group for pay benchmarking purposes, based on the following guiding principles and criteria: companies that compete with Rosetta Stone for key executive talent; publicly traded; similar or complementary industries;

organizational structure; relative peer as indicated by proxy advisory services; common operational or business challenges; investor feedback and similar size (revenue, market capitalization, and number of employees). As a result of the Company's strategic realignment of the business to prioritize and realign the business around the Enterprise & Education segment, with a focus towards literacy and education, , the Compensation Committee revised the 2014 Peer Group accordingly to reflect the strategic shift of Rosetta Stone's business. After a comprehensive review of over 100 relevant companies, the Compensation Committee removed seven peer companies from the 2014 Peer Group due to ownership changes or lack of relevancy and added six new peer companies, for a total of 14 peer companies that are collectively representative of relevant comparators (the "2015 Peer Group"). The 2015 Peer Group companies are listed below:

2015 Peer Group

American Public Education, Inc.	LeapFrog Enterprises, Inc.
Bazaarvoice, Inc.	Lionbridge Technologies Inc.
Cambium Learning Group, Inc.	Liquidity Services, Inc.
Capella Education Company	Micro Strategy Inc.
Career Education Corp.	QAD Inc.
comScore, Inc.	Strayer Education Inc.
K12 Inc.	TiVo Inc.

For 2015, our NEOs' base salaries and target annual cash incentive opportunities were generally close to median levels among peers. However, the grant date fair values of total long-term incentive opportunities for our NEOs were generally below peer median long term incentive values. As noted above, the competitiveness of pay opportunities relative to those of relevant peer executives was an important consideration for the Compensation Committee in setting compensation for our NEOs, however, the Compensation Committee also considered other factors, such as Company and individual performance, the Company's desire to attract and retain key talent, broad economic factors, and the discretion of our Compensation Committee members based on their experience with companies with a similar profile to Rosetta Stone.

Overview of Our Executive Compensation Program for Fiscal 2015

Base Salaries

Our Compensation Committee reviews our executives' base salaries on an annual basis taking into consideration the factors described above as well as changes in position or responsibilities and time and experience in the position. In the event of material changes in position, responsibilities or other factors, the Compensation Committee may consider changes in base pay during the year.

In February 2015, the Compensation Committee completed its annual CEO assessment process, which included the Committee discussing and finalizing Mr. Swad's 2014 performance and compensation recommendations for 2015. The Compensation Committee decided not to increase the base salaries and incentive targets for Mr. Swad. The Compensation Committee also completed an annual assessment process for Messrs. Pierno and Ludwig and Ms. Verses. The Compensation Committee decided not to increase the base salaries and incentive targets for Messrs. Pierno and Ludwig. Ms. Cudd had just started with the Company in January 2015, therefore, her base salary and incentive target were not eligible for annual assessment. As a result of changes in responsibilities, the Compensation Committee decided to increase Ms. Verses base salary and incentive target with an effective date of February 11, 2015, as outlined below.

(1) Mr. Hass was appointed Interim President and Chief Executive Officer on April 1, 2015.

(2) Mr. Swad resigned from his position as President and Chief Executive Officer as of April 1, 2015 and remained as Advisor to the Chief Executive Officer until his employment with the Company ended on May 1, 2015.

The Compensation Committee based its decisions on a combination of elements designed to maintain compensation at a level it viewed as competitive with our peers and the market, as well as individual performance and contributions made to the Company in 2014. The Compensation Committee also reviewed individual business goals for 2014 and performance towards those goals for our executive officers.

In setting each NEO's base salary in 2015, as detailed above, the Compensation Committee specifically considered the following factors:

• Mr. Swad's individual performance and contributions in 2014;

• Messrs. Pierno's and Ludwig's ' individual performance and contributions in 2014.

• Ms. Verses individual performance and contributions in 2014, and the Committee's desire to better align Ms. Verses' salary with peer medians based on her expanded role and responsibilities

Annual Performance-Based Incentive

Our Compensation Committee reviews annual performance-based cash incentive compensation opportunities of our executives, including our NEOs, on an annual basis taking into consideration the factors described above as well as changes in position or responsibilities. In the event of material changes in position, responsibilities, or other factors, the Compensation Committee may consider changes in target incentive pay during the year.

In accordance with the Rosetta Stone 2009 Omnibus Incentive Plan, the annual incentive program, in which our NEOs participate, our Compensation Committee sets each of our NEO's 2015 bonus targets as a percentage of his or her 2015 annualized base salary as set forth in the following table.

Name	2015 Annualized Base Salary (\$)	2015 Total		Financial Goals Target Bonus \$(1)	Non-financial Strategic Goals Target Bonus \$(2)
		Target Annualized Bonus Opportunity (\$)	Target Bonus as a Percentage of Base Salary		
A. John Hass III (3)	360,000	—	—	% —	—
Stephen M. Swad (4)	515,000	566,500	110	% 396,550	169,950
Thomas M. Pierno (4)	340,000	255,000	75	% 178,500	76,500
Sonia G. Cudd (5)	310,000	155,000	50	% 108,500	46,500
Judy K. Verses (6)	400,000	400,000	100	% 280,000	120,000
Eric B. Ludwig (4)	283,000	212,250	75	% 169,800	42,450

(1) For all participants of the annual incentive program, the total annual cash incentive opportunity was based 70% on financial goals.

(2) For all participants of the annual incentive program, the total annual cash incentive opportunity was based 30% on non-financial strategic goals.

- (3) As Interim President and Chief Executive Officer, Mr. Hass is not a participant of the annual incentive program. Messrs. Pierno, Swad and Ludwig's 2015 annualized base salaries and bonus opportunities represent their salaries and bonus opportunities as of December 31, 2015. No changes were made to their annual incentive target percentages from 2014 to 2015.
- (4) Ms. Cudd was hired on January 2, 2015. As such, her annual cash incentive opportunity represented in the chart above is annualized. Her actual 2015 bonus target was prorated based on eligible time in plan in the amount of \$154,575 (99% of the annualized target).
- (5) Ms. Verses' 2015 annualized base salary and annual cash incentive opportunity represent her salary and bonus opportunity as of December 31, 2015. Ms. Verses' annual incentive target increased from 75% to 100% of base salary effective February 11, 2015.

We provided for an annual cash incentive opportunity for each executive, in accordance with our 2009 Omnibus Incentive Plan, in which our NEOs participate, based on financial goals and non-financial strategic goals. For all participants, the annual cash incentive opportunity was based 70% on financial goals, subject to a threshold attainment; and 30% on non-financial strategic goals, with no threshold attainment. The financial goals and non-financial strategic goals are evaluated separately. As such, for purposes of determining the amount of cash incentives to be awarded to executives, some goals can be determined to be achieved and trigger payment even if other goals do not. The Compensation Committee believes that maintaining these ratios of

Table of Contents

financial and non-financial strategic goals in order to trigger payment aligns the financial interests of our executives with the financial interests of our stockholders.

For all participants of the annual incentive program, 70% of the award for achieving the financial goals was based on the following:

	Percentage	Threshold	Target	Maximum	2015 Actual Result	% Achievement (relative to target)
2015 Adjusted EBITDA	60	% \$10.03M	\$11.8M	\$17.7M+	<Threshold	— %
2015 Company Total Revenue	40	% \$225M	\$245M	\$281.8M	<Threshold	— %

With respect to the 2015 financial goals portion of the annual incentive program (weighted at 70%), no amount would be earned with respect to any one of the two financial targets if we failed to achieve the threshold for that particular goal target. If we achieved the threshold of a financial target, 50% of the amount attributable to such target would be earned. If we achieved 100% of a financial target, 100% of the amount attributable to such target would be earned. If we achieved the maximum or more of the goal target, 150% of the amount attributable to such bonus target would be earned. Between threshold and 100% and between 100% and the maximum of the financial targets, the amount earned would be interpolated between the two points based on the above. The Adjusted EBITDA and Company Total Revenue components of the financial goals were evaluated separately, so that part or the entire amount attributable to the financial goals could be awarded if one goal was met but not the other. Our Compensation Committee's determination of the percentage of each financial goal for 2015 was that overall achievement fell short of threshold.

With respect to the 2015 non-financial strategic goals portion of the annual incentive program (weighted at 30%), no minimum threshold was set for funding. Our Compensation Committee determined a percentage of overall achievement based on an evaluation of our performance in meeting each of these goals during the year. Some of these goals include defined milestones or other business metrics while others are subjective and not capable of being defined by bright-line measurements. Our Compensation Committee's determination of the percentage of each non-financial strategic goal that was achieved was an overall achievement of 100%, based on the following results.

• 50% on successfully delivering the Product road map related to successful delivery and launch of MyLexia and an integrated language platform across Foundations, Advantage and Advanced English for Business; and

• 50% on achievement of the efficiency metric related to keeping expenses in the second half of 2015 below the target of 73% of Total Company Revenue.

Based on the assessments detailed above, the financial goals (70% weight) were not funded at all and the non-financial corporate goals (30% weight) were funded at 100%. Based on the weights applied to these factors and the funding amounts detailed above, the aggregate funding amount for the annual incentive program for the executives was 30%. Then, based on recommendations by Mr. Hass with respect to the performance and contributions of each NEO, other than himself, the Compensation Committee exercised discretion and determined the actual fiscal 2015 annual incentive for each NEO.

Table of Contents

Based on the factors described above, our Compensation Committee determined the following annual incentive payments were earned by our NEOs for 2015.

Name	Total Bonus (\$)
A. John Hass III (1)	
Stephen M. Swad (2)	56,340
Thomas M. Pierno (3)	85,000
Sonia G. Cudd (3)	65,000
Judy K. Verses (3)	50,000
Eric B. Ludwig (4)	15,875

(1) As Interim President and Chief Executive Officer, Mr. Hass is not a participant of the annual incentive program.

Mr. Swad's employment with the Company ended effective May 1, 2015. His bonus payment was prorated based (2) on the amount earned up until his last day of employment with the Company, in accordance with the terms of the annual incentive program.

The Compensation Committee completed an assessment of the Company's overall performance against the 2015 (3) non-financial strategic goals, as well as each executives individual performance, to determine the annual incentive payments for Mr. Pierno and Mses. Cudd and Verses.

Mr. Ludwig's employment with the Company ended effective April 1, 2015. His bonus payment was prorated (4) based on the amount earned up until his last day of employment with the Company, in accordance with the terms of the annual incentive program.

The following chart shows the target bonus amount and actual amount paid for each NEO, as applicable, under our annual incentive program, as described above.

(1) As Interim President and Chief Executive Officer, Mr. Hass is not a participant of the annual incentive program.

Mr. Swad's employment with the Company ended effective May 1, 2015. His annual incentive payment was (2) prorated based on the amount earned up until his last day of employment with the Company, in accordance with the terms of the annual incentive program.

Ms. Cudd was hired on January 2, 2015. As such, her annual incentive payment was prorated based on eligible (3) time in plan, in accordance with the terms of the annual incentive program.

Mr. Ludwig's employment with the Company ended effective April 1, 2015. His annual incentive payment was (4) prorated based on the amount earned up until his last day of employment with the Company, in accordance with the terms of the annual incentive program.

As stated above, in 2016, our Consumer Language business will remain tightly focused on optimizing to generate profitability and cash flow, with every investment measured against such policy. We will continue to invest heavily in new product development and will continue to support the growth of Lexia's fast growing, high-renewal business. With the exception of Lexia, however, our revised corporate strategy in 2016 is not focused on growth but rather on improving profitability by generating revenue and reducing costs. In light of these actions, we have pivoted our compensation program, including most notably our annual performance-based incentive program, to align and reward this new corporate strategy

Discretionary Bonuses in Fiscal Year 2015

In January 2015, the Compensation Committee approved a one-time cash signing bonus in the amount of \$75,000 to Ms. Cudd, payable on the first payroll following her hire date of January 2, 2015.

Table of Contents

In October 2015, Ms. Cudd received a discretionary bonus in the amount of \$10,000 for her contributions to the 2015 Efficiency Task Force, which identified ways for the Company to improve the way we work, simplify our business processes, and eliminate redundancies, while becoming more cost efficient and productive.

Allocation of Equity-Based Compensation Awards

Throughout the year, our Compensation Committee evaluates grants for new hires at the senior vice president level and above, promotions to the senior vice president level and above, or other changes that may warrant additional grants. Our Compensation Committee exercises its judgment and discretion and considers, among other things, the role and responsibility of the executive, competitive factors, performance, the amount of stock-based equity compensation already held by the executive, the non-equity compensation received by the executive and the total number of shares subject to awards to be granted to all participants during the year. For new hire grants, the grant date is typically the date of hire.

Our Compensation Committee also evaluates and makes annual grants for the executive officers, including the NEOs, and other members of senior management on a discretionary basis during the annual performance review process. As noted above, it is the Compensation Committee's intent to provide long term incentive opportunities that are comparable to peer median long term incentive values, and combine with base salary and annual cash incentive opportunities to result in target total compensation opportunities that are comparable to peer median target total compensation opportunities. However, as noted above, share usage constraints have generally resulted in long term incentive opportunities below peer medians.

Equity awards, including non-qualified stock options and restricted stock, granted to NEOs and other employees under our 2009 Plan typically vest over a period of four years, with 25% of the shares vesting on each annual anniversary of the vesting commencement date with the exception of (i) Mr. Swad's November 2010 grant, which included a three-year vesting schedule that was negotiated at hire; (ii) Mr. Swad's January 2012 equity grant, received in connection with his expanded operational role, which had a two-year vesting schedule; (iii) the special retention awards granted to our NEOs and certain other executives in 2012, which had two-year vesting schedules to ensure retention of key executives during a pivotal transformation period of the Company; and (iv) Mr. Hass' April 2015 equity grant, received in connection with his appointment as Interim Chief Executive Officer and President, with 1/12 of the shares vesting monthly over the course of one year. In 2015, the Compensation Committee maintained the approach to annual incentive compensation to provide 70% of long term incentive value in the form of stock options and 30% of long term incentive value in restricted stock to better reflect market practice, promote retention of executives, and provide balance in the long term incentive program.

Timing of Equity-Based Compensation Awards

Our Compensation Committee typically makes annual grants of restricted stock and stock options, if any, to our NEOs and other members of the senior management team in connection with its annual review of our executives' compensation.

We do not have any program, plan or practice to time stock option and restricted stock grants in coordination with the release of material non-public information. The exercise price of stock options for 2015 was determined based on the trading price of our common stock at the close of the market on the date of grant.

Severance and Change in Control Arrangements

Each of our equity incentive plans provides for a potential acceleration of vesting of outstanding awards in the event of a change in control and/or termination without cause, as defined in each such plan. In 2012, restricted stock

agreements were updated to provide that starting with equity awards granted in 2012, none of the equity awards granted to our NEOs would provide for automatic vesting acceleration upon consummation of a change in control transaction unless there is also a termination of service other than for cause or voluntary resignation for good reason in connection with the change in control.

In November 2015, our Board of Directors adopted and approved a Change in Control Severance Plan (the "Change in Control Plan") in which all of the Company's NEOs participate. The Change in Control Plan provides for severance and other benefits to eligible participants if they experience a "qualifying termination" within six months prior to or two years following a change in control event, without "cause" or a voluntary "qualifying termination" for "good reason," each as defined in the Change in Control Plan. The Company's Change in Control Plan generally provides that a change in control may occur upon (i) the liquidation, dissolution or winding up of the Company, (ii) the sale, license or lease of all or substantially all of the assets of the Company, and (iii) a share exchange, reorganization, recapitalization or certain merger and consolidation transactions. A NEO who experiences such a qualifying termination and executes (and does not revoke) a general release of claims against the Company will receive the payments and benefits described below under "Potential Payments Upon Termination or Change in Control."

Table of Contents

The Change in Control Plan was adopted to mitigate the uncertainty that NEOs and other executives can experience while the possibility of a change in control exists, thereby allowing them to both operate in the best interests of the Company and stockholders, as well as to remain at the Company through the desired retention period. The Board of Directors believes that the Change in Control Plan allows the Company's NEOs and other executives to continue effectively executing their management responsibilities without being influenced by the uncertainty of their personal situations. In the event of an involuntary termination outside of a change in control situation, we consider these benefits important to attract executive talent to the Company. In addition, the Change in Control Plan helps create a stable work environment in which the executives are provided certain economic benefits in the event their employment is terminated. In connection with the payment of these benefits, a participant under the Change in Control Plan must exercise a general release of claims against the Company and agree to confidentiality, non-competition (for a duration of twelve (12) months), and non-solicitation (for a duration of twelve (12) months) restrictive covenants in a form provided to such executive by the Company, making this a mutually beneficial arrangement.

For additional information, see "Employment Arrangements with Named Executive Officers" and "Potential Payments Upon Termination of Employment or Upon Change in Control" below for a description of the severance and change in control arrangements we have with our NEOs. The Compensation Committee believes that these arrangements were necessary to attract and are necessary to retain our NEOs. The terms of each arrangement were determined in negotiation with the applicable NEO in connection with his or her hiring, or promotion, and were not based on any set formula.

Effect of Accounting and Tax Treatment on Compensation Decisions

In the review and establishment of our compensation programs, we consider the anticipated accounting and tax implications to the Company and our executives. While we consider the applicable accounting and tax treatment of alternative forms of equity compensation, these factors alone are not dispositive. We also consider the cash and non-cash impact of the programs and whether a program is consistent with our overall compensation philosophy and objectives.

Section 162(m) of the Internal Revenue Code imposes a limit on the amount of compensation that we may deduct in any one year with respect to our Chief Executive Officer and each of our next three most highly compensated executive officers (excluding our Chief Financial Officer) to \$1,000,000, unless the compensation qualifies as performance-based and certain requirements are satisfied. Performance-based compensation, as defined in the Internal Revenue Code, is fully deductible if the material terms of the compensation are approved by stockholders and meet certain other requirements. While the Compensation Committee is mindful of the benefit of deductibility of compensation, the Compensation Committee believes that it should not be constrained by the requirements of Section 162(m) where those requirements would impair flexibility in compensating our executive officers in a manner that can best promote our corporate objectives. Therefore, the Compensation Committee has not adopted a policy that requires that all compensation be deductible. The Compensation Committee intends to continue to compensate our executive officers in a manner consistent with the best interests of our Company and our stockholders.

Compensation Policies and Practices as They Relate to Risk Management

In 2015, our Compensation Committee reviewed our compensation policies and practices and concluded that the mix and design of these policies and practices are not reasonably likely to encourage our employees to take excessive risks. In connection with its evaluation, our Compensation Committee considered, among other things, the structure, philosophy and design characteristics of our primary incentive compensation plans and programs in light of our risk management and governance procedures, as well as other factors that may calibrate or balance potential risk-taking incentives.

The Compensation Committee also reviewed our compensation programs for certain design features that have been identified by experts as having the potential to encourage excessive risk-taking.

The Compensation Committee noted several design features of our cash and equity incentive programs for all employees that reduce the likelihood of excessive risk-taking, including:

- the Compensation Committee's ability to exercise discretion to decrease incentive award payouts;

- the use of an array of performance metrics across compensation programs (that is, bonuses are based on financial goals, non-financial strategic metrics and individual performance goals and new hire and annual equity incentives are driven by stock price gains);

- the fact that many of our executives hold vested equity stakes in the Company; and

Table of Contents

the fact that the mix of compensation balances a short-term and long-term focus.

Based on this assessment, our Compensation Committee concluded that risks arising from our compensation policies and practices for all employees, including executive officers, are not reasonably likely to have a material adverse effect on us.

- Represents potential payouts under the annual incentive program, 70% of which consisted of a financial component, and 30% of which consisted of a non-financial strategic goals component, as further described above under "Annual Performance-Based Incentive." For all NEOs, the financial portion of the bonus was based on achievement of the corporate financial goals. There were three components of the financial portion of the bonus: (i) achievement of the 2015 target Adjusted EBITDA goal (weighted at 60%); and (ii) achievement of the 2015 target Company Total Revenue (weighted at 40%);
- (2) The 2013 LTIP concluded as of December 31, 2014, and all earned and approved awards have been granted. With respect to the annual incentive program in footnote (1), all NEOs' amounts in this column, under "Annual Cash," represent the lowest possible annual cash incentive payout if the Company were to achieve the threshold of financial targets. As such, each NEO therefore earned 50% of the portion of his or her target annual cash incentive that was based on the financial targets (Company) assuming no payout in respect of the non-financial targets were earned and approved. There is no guarantee of payment under this plan, therefore zero is the absolute minimum payout under the plan parameters.
- (3) With respect to all NEOs, amounts in this column, under "Annual Cash," represent the highest possible annual cash incentive payout if the Company were to achieve or exceed the maximum target or more of each of the financial targets described in footnote (1), with a maximum payout of 150% for each metric. The calculation assumes maximum payout of 150% for all non-financial metrics for all NEOs. For all NEOs if achievement of one financial metric exceeded the threshold, and the other did not, the annual cash incentive would be funded for the metric
- (4)

that was achieved. Plan funding for the non-financial strategic targets was based on the attainment percentage of the specified non-financial strategic goals as determined by the Compensation Committee.

(5) For all NEOs, represents stock options and restricted stock awards granted to each NEO that vest over a period of time based on the individual's service to the Company. Awards granted on February 12, 2015 represent annual awards that vest in equal installments over four years. Awards granted on February 2, 2015 represent awards granted under the 2013 LTIP which concluded as of December 31, 2014; these awards vested upon grant.

(6) As Interim President and Chief Executive Officer, Mr. Hass was not a participant of the annual incentive program.

Mr. Swad's last day of employment with the Company was May 1, 2015. As such, the annual cash threshold, target (7) and maximum payout, represented in the chart above is prorated based on eligible time in the plan (33% of the annualized target).

(8) Ms. Cudd was hired on January 2, 2015. As such, the annual cash threshold, target and maximum payout, represented in the chart above is prorated based on eligible time in plan (99.7% of the annualized target).

Ms. Cudd received a new hire grant on January 5, 2015 in the form of Restricted Stock Awards ("RSAs") and (9) option awards as approved by the Compensation Committee. Ms. Cudd was not eligible for the 2015 Annual Equity grant process due to her hire date in 2015..

Employment Arrangements with Named Executive Officers

We have employment agreements with each of our executive officers, including our NEOs. Mr. Ludwig's employment agreement was terminated without cause in April 2015. In addition, following Mr. Swad's resignation as President and Chief Executive Officer, effective April 1, 2015, the Board engaged Mr. Swad as advisor to Mr. Hass, as Interim Chief Executive Officer, to assist with the transition until May 1, 2015. During this period, Mr. Swad continued to receive the same base salary and benefits that were in effect as of the time of his resignation. Mr. Swad's employment with the Company ended May 1, 2015. Mr. Swad's compensation earned under his employment agreement in connection with his resignation is further described below under "Executive Compensation—Resignation of Mr. Swad."

Upon Mr. Swad's resignation as President and Chief Executive Officer, our Board of Directors approved the Interim Executive Employment Agreement with Mr. Hass relating to his position as Interim President and Chief Executive Officer. Mr. Hass' Interim Executive Employment Agreement had a one month term that automatically renews each day to ensure that there was always one month remaining in the term. On March 11, 2016, the Board of Directors concluded the search for a chief executive officer and appointed A. John Hass III as President, Chief Executive Officer, and Chairman of the Board effective April 1, 2016. Our Board of Directors approved the Current Executive Employment Agreement relating to Mr. Hass' position as appointed President, Chief Executive Officer, and Chairman of the Board of the Company. The Interim Executive Employment Agreement and Current Executive Employment

Agreement set Mr. Hass' annual base salary, equity grants and other benefits, which are described in more detail under "Compensation Discussion and Analysis—Compensation of Our President and Chief Executive Officer."

The other NEOs' agreements have one-year terms that automatically renew each day so that there is always one year remaining in the term. The employment agreements set the annual base salaries of each executive, which may be increased from time to time but not decreased.

The employment agreements also provide that the executive will be eligible to receive an annual incentive bonus in accordance with the bonus policy established by our Board of Directors from time to time, but no performance based incentive amount is guaranteed.

Under the agreements, each executive is entitled to severance benefits if his or her employment is terminated without cause or if he or she terminates his or her employment for good reason.

Table of Contents

Generally, termination without cause is defined in the agreements as termination for a reason other than the executive's commission of a felony or a crime involving moral turpitude; an act involving dishonesty or fraud involving his or her duties; failure to perform his or her duties; commission of gross negligence or willful misconduct involving his or her duties; material breach of his or her employment agreement, failure to comply with instructions given by our Board of Directors which affect our business; misconduct likely to materially injure our reputation; harassment of or discrimination against our employees; customers or vendors; misappropriation of our Company's assets; willful violation of our policies; issues involving his or her immigration status affecting his ability to continue his or her employment with us; or (as to Mr. Pierno, Mr. Ludwig, Ms. Cudd and Ms. Verses) disclosure of trade secrets.

Generally, good reason is defined in the agreements as a material reduction in the executive's annual salary, duties, authority or responsibilities; (as to Mr. Swad, Mr. Pierno and Ms. Verses) our failure to perform a material obligation undertaken by us to the executive after the executive has provided us with notice of failure and such failure has not been cured within 10 days or (as to Mr. Ludwig and Ms. Cudd) our material breach of his or her employment agreement; or our relocation of him or her to an area more than 50 miles outside of Arlington, Virginia; provided that, in certain employment agreements, the Company receives notification of one of the aforementioned events and fails to cure within the prescribed period of time under the agreements. As to Mr. Swad, good reason also includes requiring him to report to anyone other than the Board.

If we terminate the employment of one of the named executive officers without cause or if he or she terminates his or her employment for good reason, we will be required to pay severance in an amount equal to 12 months (18 months in the case of Mr. Swad) of his or her annual base salary, such payment to be made six months after the termination date, if he or she signs a general release waiving any claims he or she may then have against us and agrees not to compete against us for 12 months after the date of termination (18 months in the case of Mr. Swad) and provide COBRA continuation for health benefits and the annual bonus which the executive would have earned for such year, pro-rated to the date of termination. These agreements contain provisions known as "best-after tax provisions," which provide that in the event that any excise tax would otherwise be payable by an executive on any "parachute payment," then the amount of those payments may instead be reduced to eliminate or minimize any required excise tax payment.

Resignation of Mr. Swad

Stephen M. Swad served as our President and Chief Executive Officer and as a member of the Board of Directors throughout 2014. On March 26, 2015, Mr. Swad resigned as a member of our Board effective immediately and resigned as President and Chief Executive Officer effective April 1, 2015. The Board of Directors appointed A. John Hass III to serve as Interim President and Chief Executive Officer effective April 1, 2015. The Board engaged Mr. Swad as Advisor to the Chief Executive Officer to assist with the transition until May 1, 2015. During this period, Mr. Swad has continued to receive the same base salary and benefits that were in effect on the day he resigned as President and Chief Executive Officer. On May 1, 2015, Mr. Swad's employment with the Company is due to end.

In addition, on April 15, 2015, the Board of Directors determined that Mr. Swad's resignation from his position as President and Chief Executive Officer was to be treated as an involuntary termination of employment without cause under his Executive Employment Agreement effective as of November 9, 2010, as amended effective as of December 22, 2011 and as further amended effective as of February 22, 2012 (as amended, the "Employment Agreement"), and approved a compensation package to be awarded to Mr. Swad as described below and in accordance with a form of Agreement and General Release (the "Release"). Subject to execution and non-revocation of the Release, under the Release, Rosetta Stone Ltd., a wholly-owned subsidiary of the Company, was to provide specified benefits and pay Mr. Swad those amounts as set forth in Section 6(a) of the Employment Agreement, in consideration of each party providing to the other a legal release of claims and of Mr. Swad fulfilling other obligations and undertakings.

The payments comprise: (i) a lump sum payment in cash equal to 18 months of Mr. Swad's annual base salary equal to \$772,500; (ii) a lump sum payment in cash equal to 18 months of premium payments for basic life insurance and AD&D coverage calculated as in effect immediately prior to May 1, 2015 in the amount of \$470; (iii) the pro rata portion, if any, of Mr. Swad's annual bonus earned up until May 1, 2015 in accordance with the terms of the then-current bonus policy; and (iv) up to 18 months of payments of Mr. Swad's (including covered dependents) COBRA health benefit premiums, if Mr. Swad timely elects to continue coverage of his COBRA health benefits and unless and until he becomes eligible for alternative health insurance benefits, approximately in the amount of \$30,350. Pursuant to the Employment Agreement, Mr. Swad will receive an acceleration of vesting of his unvested restricted stock awards. Mr. Swad's non-qualified stock options that are not vested as of May 1, 2015 will be forfeited, and he will be afforded the amount of time to exercise his vested non-qualified stock options as set forth in his award agreements, which is the later of 60 days from May 1, 2015 or 30 days following the expiration of a company securities trading blackout period.

Table of Contents

Potential Payments Upon Termination of Employment or Upon Change in Control as of December 31, 2015

In addition to the severance payments that may be paid to our NEOs upon termination under their executive employment agreements, upon a change in control of the Company, all of our NEOs are also entitled to accelerated vesting of their unvested stock options that were granted prior to October 1, 2011. All of our NEOs are entitled to accelerated vesting of their unvested restricted stock awards granted prior to August 1, 2012 as a result of termination without cause or resignation for good reason. Beginning with stock option awards granted on or after October 1, 2011 and restricted stock awards granted on or after August 1, 2012, as well as the restricted stock awards ("retention grant award") granted on or after January 9, 2012, accelerated vesting of equity awards in the event of a change in control is based on a "double trigger," which also requires termination of the executive officer's employment without cause or by the executive for good reason.

On November 1, 2015, our Board of Directors adopted and approved the Change in Control Plan in which all of the Company's NEOs participate. The Change in Control Plan provides for severance and other benefits to eligible participants as a result of a qualifying termination without cause or resignation for good reason, in either case within six months prior or two years following a change in control event. An NEO who experiences a qualifying termination and executes (and does not revoke) a general release of claims against the Company will receive the payments and benefits described in the table below.

The following table sets forth information concerning the payments that would be received by each NEO upon a termination of employment without cause or for good reason, upon a change in control or both. The table assumes the termination and/or change in control, as applicable, occurred on December 31, 2015, using the fair market value of \$6.69 for each share of our common stock that was the closing price per share as of that date. The table below only shows additional amounts that the NEOs would be entitled to receive upon termination, and does not show other items of compensation that may be earned and payable at such time, such as earned but unpaid base salary.

TRANSACTIONS WITH RELATED PERSONS

Since January 1, 2014, there has not been, nor is there currently proposed, any transaction or series of similar transactions to which we were or are a participant and in which the amount involved exceeded or exceeds \$120,000 and in which any of our directors, executive officers, holders of more than 5% of any class of our voting securities, or any member of the immediate family of any of the foregoing persons, had or will have a direct or indirect material interest, other than compensation arrangements with directors and executive officers, which are described elsewhere in this proxy statement, and as set forth below.

Procedures for Related-Party Transactions

Under our Code of Conduct and our policy governing related-party transactions, our employees, officers and directors are discouraged from entering into any transaction that may cause a conflict of interest for us. In addition, they must report any potential conflict of interest, including related-party transactions, to their managers and/or our General

Counsel and Secretary who then reviews and summarizes the proposed transaction for our Audit Committee. Pursuant to its charter and our policy governing related-party transactions, our Audit Committee must then approve any related-party transactions, including those transactions involving our directors. In approving or rejecting such proposed transactions, our Audit Committee considers the relevant facts and circumstances available and deemed relevant to our Audit Committee, including the material terms of the transactions, risks, benefits, costs, availability of other comparable services or products and, if applicable, the impact on a director's independence. Our Audit Committee will approve only those transactions that, in light of known circumstances, are in, or are not inconsistent with, our best interests, as our Audit Committee determines in the good faith exercise of its discretion. PROPOSAL NO. 1

ELECTION OF DIRECTORS

Our directorship is divided into three classes, with all of the members of one class standing for election each year to serve three-year terms. Our Corporate Governance and Nominating Committee, consisting solely of independent directors, as determined by our Board under applicable NYSE listing standards, recommended the three directors named below for nomination by our full Board. Based on that recommendation, our Board has nominated those directors for election at the 2016 Annual Meeting.

Nominees The following three incumbent members of Class I of our Board of Directors have been nominated for re-election to our Board: A. John Hass III, David Nierenberg and Steven P. Yankovich.

Each nominee, if elected, will serve until our annual meeting of stockholders in 2018 and until his or her qualified successor is elected, unless the nominee dies, resigns or is removed from our Board of Directors prior to such meeting. Although we know of no reason why any of the nominees would not be able to serve, if any nominee is unavailable for election, the proxy holder may vote your shares to approve the election of any substitute nominee proposed by our Board. Please see "Our Board of Directors and Nominees—Directors Standing for Election" above for information concerning each of our nominees standing for election.

Vote Required for Election

Directors will be elected by a plurality of the votes cast by the shares of common stock present in person or represented by proxy at the 2016 Annual Meeting. As a result, the three nominees with the most votes will be elected. Votes may be cast in favor of a director or withheld. Broker non-votes will have no effect on the outcome of the election of directors.

Our Board of Directors unanimously recommends that you vote "FOR" the election of each of the nominated directors.

PROPOSAL NO. 2

RATIFICATION OF SELECTION OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our Audit Committee has appointed Deloitte & Touche LLP ("Deloitte") to serve as the Company's independent registered public accounting firm for its 2016 fiscal year. The Audit Committee and the Board seek to have the stockholders ratify the Audit Committee's appointment of Deloitte. In recommending ratification by the stockholders of such engagement, the Board is acting upon the recommendation of the Audit Committee, which has satisfied itself as to Deloitte's independence, professional competence and standing. As a matter of good corporate governance, we are asking stockholders to ratify this appointment. Our Audit Committee continually monitors the services and fees of the independent registered public accounting firm and even if the appointment is ratified by our stockholders, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of our Company and our stockholders. One or more representatives of Deloitte are expected to attend the 2016 Annual Meeting and will have the opportunity to make a statement at the 2016 Annual Meeting if they wish to do so. It is also expected that Deloitte's representative(s) will be available to respond to appropriate questions from stockholders.

Our Audit Committee's Policy on Pre-Approval of Services Performed by the Independent Registered Public Accounting Firm It is the policy of our Audit Committee to pre-approve all audit and permissible non-audit services to be provided by the independent registered public accounting firm on a case-by-case basis. The Audit Committee authorizes specific projects within categories of services, subject to a budget for each project. The Audit Committee may delegate pre-approval authority to one or more of its members. The member or members to whom such authority is delegated is required to report any pre-approval decisions to the Audit Committee at its next scheduled meeting. The independent auditor and management periodically report to the Audit Committee the actual fees incurred versus the pre-approved budget. All audit contracts that were entered into in 2015 were pre-approved by the Audit Committee.

PROPOSAL NO. 3

ADVISORY VOTE ON THE COMPENSATION OF THE NAMED EXECUTIVE OFFICERS

The following proposal gives our stockholders the opportunity to vote to approve or not approve, on an advisory basis, the compensation of our NEOs. This vote, commonly referred to as "say on pay," is not intended to address any specific item of compensation, but rather the overall compensation of our NEOs, as disclosed in this proxy statement in accordance with SEC rules. We are providing this vote as required by Section 14A of the Exchange Act. Accordingly, we are asking our stockholders to vote "FOR" the adoption of the following resolution:

"RESOLVED, that the stockholders of Rosetta Stone Inc. ("Rosetta Stone") advise that they approve the compensation paid to Rosetta Stone's Named Executive Officers, as disclosed in Rosetta Stone's Proxy Statement for the 2016 Annual Meeting of Stockholders, including the Compensation Discussion and Analysis, compensation tables and narrative discussion."

While we intend to carefully consider the voting results of this proposal, the final vote is advisory in nature and therefore not binding on us, our Board of Directors or our Compensation Committee. Our Board of Directors and our Compensation Committee value the opinions of all of our stockholders and will consider the outcome of this vote when making future compensation decisions for our NEOs.

Vote Required for Approval

In order to be approved, this proposal must be approved by the affirmative vote of a majority of the shares present in person or represented by proxy at the 2016 Annual Meeting and entitled to vote on this proposal. Abstentions with respect to this proposal will have the effect of a vote against the proposal. Broker non-votes will not be counted for the purpose of determining the number of votes necessary for approval of this proposal, and will have no effect on the outcome of the vote on this proposal.

Unless our Board of Directors decides to modify its policy regarding the frequency of advisory votes on the compensation of the Company's NEOs, they are to be held annually and the next scheduled say-on-frequency and say-on-pay vote will be at the 2017 Annual Meeting of Stockholders.

Our Board of Directors unanimously recommends that you vote "FOR" the advisory approval of the resolution set forth above.
