Siebert Financial Corp. & Subsidiaries

**Notes to Condensed Consolidated Financial Statements
Nine Months Ended September 30, 2014 and 2013
(Unaudited)**

1. Organization and Basis of Presentation:

The consolidated financial statements include the accounts of Siebert Financial Corp. (the Company) and its wholly owned subsidiaries Muriel Siebert & Co., Inc. (Siebert) and Siebert Women's Financial Network, Inc. (WFN). All material intercompany balances and transactions have been eliminated. Investment in two entities in which the Company has ownership interests of 49% and 33.33%, respectively, are accounted for by the equity method and included in investment in and advances to affiliates in the consolidated statements of financial condition.

The condensed consolidated interim financial statements presented herein are unaudited and include all adjustments (consisting of normal recurring adjustments) which are, in the opinion of management, necessary for a fair presentation of the financial position and results of operations of the interim periods pursuant to the rules and regulations of the Securities and Exchange Commission (the SEC). Certain information and footnote disclosures normally included in annual financial statements prepared in accordance with generally accepted accounting principles (GAAP) in the United States of America (U.S.) have been condensed or omitted pursuant to SEC rules and regulations, although the Company believes that the disclosures made are adequate to make the information not misleading. The balance sheet at December 31, 2013 has been derived from the audited consolidated statements of financial condition at that date, but does not include all information and footnotes required by U.S. GAAP for complete financial statements. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2013. Because of the nature of the Company's business, the results of operations for the three and nine months ended September 30, 2014 are not necessarily indicative of operating results for the full year.

2. Securities:

Securities owned are carried at fair value with realized and unrealized gains and losses reflected in trading profits. Siebert clears all its security transactions through unaffiliated clearing firms on a fully disclosed basis. Accordingly, Siebert does not hold funds or securities for, or owe funds or securities to, its customers. Those functions are performed by the clearing firms.

3. Fair Value of Financial Instruments:

Authoritative accounting guidance defines fair value, establishes a framework for measuring fair value and establishes a fair value hierarchy. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date. Fair value measurements are not adjusted for transaction costs. The fair value hierarchy prioritizes inputs to valuation techniques used to measure fair value into three levels:

Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2 Inputs other than quoted prices that are observable, either directly or indirectly, and reasonably available.

Level 3 Unobservable inputs which reflect the assumptions that management develops based on available information about the assumptions market participants would use in valuing the asset or liability.

The classification of financial instruments valued at fair value at September 30, 2014 is as follows:

Financial Instruments	Level 1
Cash equivalents	\$ 9,183,000
Securities	433,000
Total	\$ 9,616,000

Cash equivalents primarily represent investments in money market funds. Securities consist of common stock valued on the last business day of the period at the last available reported sales price on the primary securities exchange (Level 1). As of September 30, 2014, the Company did not hold any Level 2 or Level 3 financial instruments.

4. Per Share Data:

Basic earnings (loss) per share is calculated by dividing net income (loss) by the weighted average outstanding common shares during the period. Diluted earnings per share is calculated by dividing net income by the number of shares outstanding under the basic calculation and adding all dilutive securities, which consist of options. The Company incurred a net loss for the three and nine months ended September 30, 2014 and September 30, 2013 respectively. Accordingly, basic and diluted net loss per common share are the same for each period as the effect of stock options is anti-dilutive. Shares of underlying stock options not included in the diluted computation amounted to 265,000 at September 30, 2014 and 375,000 at September 30, 2013.

5. Net Capital:

Siebert is subject to the SEC's Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital. Siebert has elected to use the alternative method, permitted by the Rule, which requires that Siebert maintain minimum net capital, as defined, equal to the greater of \$250,000 or two percent of aggregate debit balances arising from customer transactions, pursuant to the Rule. As of September 30, 2014, Siebert had net capital of approximately \$6,142,000 as compared with net capital requirements of \$250,000. Siebert claims exemptions from the reserve requirement under section 15c3-3(k)(2)(ii).

6. Revenue:

Commission revenues and related clearing expenses are recorded on a trade-date basis. Fees, consisting principally of revenue participation with the Company's clearing broker in distribution fees and interest, are recorded as earned.

Trading profits are also recorded on a trade-date basis and principally represent riskless principal transactions which the Company, after receiving an order, buys or sells securities as principal and at the same time sells or buys the securities with a markup or markdown to satisfy the order.

Investment banking revenue includes gains and fees, net of syndicate expenses, arising from underwriting syndicates in which the Company participates. Investment banking management fees are recorded on the offering date, sales concessions on the settlement date and underwriting fees at the time the underwriting is completed and the income is reasonably determinable.

Interest is recorded on an accrual basis and dividends are recorded on the ex-dividend date.

7. Capital Transactions:

On January 22, 2008, the Board of Directors of the Company authorized a buy back of up to 300,000 shares of common stock. Shares will be purchased from time to time, at management's discretion, in the open market and in private transactions. During the nine months ended September 30, 2014, there were no shares purchased.

During the nine months ended September 30, 2014, 25,000 employee stock options expired in June 2014 with an exercise price of \$4.04 and 60,000 stock options were cancelled in January 2014 at an exercise price of \$3.05 with the passing of Director Leonard M. Leiman. At September 30, 2014, there are 265,000 outstanding options at a weighted average exercise price of \$3.02, which were fully vested and exercisable. As of September 30, 2014, there was no unrecognized compensation cost.

8. Investment in and Advances to Affiliates:

Siebert, Brandford, Shank & Co., L.L.C. (SBS)

During the nine months ended September 30, 2014, Siebert held a 49% ownership interest in SBS which is engaged in municipal bond underwritings (see note 12). Income or loss from SBS is considered to be integral to Siebert's operations and material to its results of operations. See note 13 for a description of a subsequent event in which Siebert and the other members of SBS contributed their SBS membership interests into a newly formed entity in exchange for equal percentage interests in the new entity and then Siebert sold substantially all of the assets of its capital markets business to the newly formed entity.

Summarized financial data of SBS is set forth below.

	September 30,	
	2014	2013
Total assets including secured demand note of \$1,200,000 due from Siebert	25,802,000	
Total liabilities including subordinated liabilities of \$1,200,000 due to Siebert	9,905,000	
Total members' capital	15,897,000	
Regulatory minimum net capital requirement	250,000	
Nine months ended:		
Total revenues	16,661,000	16,991,000
Net income (loss)	8,000	(380,000)
Three months ended:		
Total revenues	4,277,000	7,962,000
Net (loss) income	(802,000)	1,562,000

Siebert charged SBS \$75,000 for the nine months ended September 30, 2014 and 2013 respectively, and \$25,000 for the three months ended September 30, 2014 and 2013, respectively, for general and administrative services, which Siebert believes approximates the cost of furnishing such services.

Siebert's share of net (loss) income for the three months ended September 30, 2014 and 2013 amounted to (\$393,000) and \$765,000, respectively, and for the nine months ended September 30, 2014 and 2013 amounted to \$4,000 and (\$186,000), respectively.

Siebert received distributions from SBS of \$13,000 during the nine months ended September 30, 2014, and Siebert's share of undistributed earnings from SBS amounted to \$7,793,000 at September 30, 2014. Such amount may not be immediately available for distribution to Siebert for various reasons including the amount of SBS's available cash, the provisions of the agreement among Siebert and the principals of SBS and SBS's continued compliance with its regulatory and net capital requirements.

SBS Financial Products Company, LLC (SBSFPC)

The Company has a 33.33% ownership interest in, and the two individual principals of SBS have an aggregate 66.66% ownership interest in, SBSFPC which engages in derivatives transactions related to the municipal underwriting business (see note 12). As of September 30, 2014, SBSFPC's operations were being phased out.

Summarized financial data of SBSFPC is set forth below.

	September 30, 2014	September 30, 2013
Total assets	551,000	
Total liabilities		
Total members' capital	551,000	
Nine months ended:		
Total revenues	0	(226,000)*
Net loss	(18,000)	(430,000)
Three months ended:		
Total revenues	0	(18,000)*
Net loss	(7,000)	(70,000)

*Negative balance was attributable to unrealized loss on derivative contracts.

The Company's share of net loss of SBSFPC for the three months ended September 30, 2014 and 2013 amounted to (\$3,000) and (\$23,000), respectively. The Company's share of net income (loss) of SBSFPC for the nine months ended September 30, 2014 and 2013 amounted to (\$6,000) and (\$143,000), respectively.

The Company did not receive a distribution from SBSFPC during the nine months ended September 30, 2014.

In July 2013, as a result of the filing of a bankruptcy petition by the City of Detroit, SBSFPC unwound certain derivative contracts with a financial institution pursuant to the terms of the contracts. The contracts were recorded as liabilities with a carrying value of \$123,063,000. In connection therewith, SBSFPC assigned certain derivative contracts with the City of Detroit to the financial institution, which were recorded as assets with a carrying value of \$123,063,000. No gain or loss was recognized by SBSFPC as a result of the unwinding and assignment of these derivative contracts and SBSFPC has no continuing obligations or rights with respect to the derivative contracts. During the quarter ended March 31, 2013, SBSFPC incurred a loss of \$241,000 on the write-down in value of the derivative contracts with the City of Detroit to adjust their carrying value to the carrying value of the derivative contracts with the financial institution.

9. Contingencies and Commitments:

In July 2014, the Company entered into a settlement agreement in regards to a dispute with a former employee, in which the former employee sought, among other things, damages arising from his separation from the Company. The Company asserted counterclaims in the arbitration. Pursuant to the settlement, the Company paid \$4,300,000

to the former employee, and all claims and counterclaims have been dismissed and released. The accompanying financial statements for the nine months ended September 30, 2014 reflect a charge to give effect to the settlement.

Retail customer transactions are cleared through clearing brokers on a fully disclosed basis. If customers do not fulfill their contractual obligations, the clearing broker may charge Siebert for any loss incurred in connection with the purchase or sale of securities at prevailing market prices to satisfy the customer obligations. Siebert regularly monitors the activity in its customer accounts for compliance with its margin requirements. Siebert is exposed to the risk of loss on unsettled customer transactions if customers are unable to fulfill their contractual obligations. There were no material losses for unsettled customer transactions for the nine months ended September 30, 2014 and 2013.

Siebert is party to certain claims, suits and complaints arising in the ordinary course of business. In the opinion of management all such claims, suits and complaints are without merit, or involve amounts which would not have a material effect on the financial position or results of operations of the Company.

Siebert is party to a Secured Demand Note Collateral Agreement, as amended on July 29, 2014, with SBS which obligates Siebert to lend SBS, on a subordinated basis, up to \$1,200,000. The secured demand note payable held by SBS and a related \$1,200,000 receivable due from SBS are included in investments in and advances to equity investees in the accompanying condensed consolidated statements of financial condition. Amounts that Siebert is obligated to lend under this arrangement are collateralized by cash equivalents of \$1,532,000. Any amounts loaned will bear interest at 4% per annum and are repayable on August 31, 2015.

In July 2013, the Company extended its fully disclosed clearing agreement with its clearing broker through July 2017.

10. Income Taxes:

No tax benefit has been recognized for the loss in the 2014 and 2013 periods as the Company has provided a valuation allowance to fully reserve the related deferred tax asset as realization of such asset is not considered more likely than not due to cumulative losses incurred by the Company and its subsidiaries during the prior three years.

11. Reclassification:

For the three and nine months ended September 30, 2013, the Company previously reported various minimum state taxes based on capital as income taxes on the condensed consolidated statement of operations. The Company has reclassified such taxes to general and administrative expenses to conform to the 2014 presentation.

12. Related Parties:

Effective September 16, 2013, an individual having 25.5% ownership interest in SBS and 33.33% ownership interest in SBSFPC became the company's chief executive officer (See note 8).

13. Subsequent Event:

On November 4, 2014, Siebert and the other members of SBS contributed their SBS membership interests into a newly formed Delaware limited liability company, Siebert Brandford Shank Financial, L.L.C. ("SBSF"), in exchange for the same percentage interests in SBSF. On the same day Siebert entered an Asset Purchase Agreement (the "Purchase Agreement") with SBS and SBSF, pursuant to which Siebert sold substantially all of the assets relating to Siebert's capital markets business

to SBSF. Pursuant to the Purchase Agreement, SBSF assumed post-closing liabilities relating to the transferred business.

The Purchase Agreement provides for an aggregate purchase price for the disposition of \$3,000,000, payable by SBSF after closing in annual installments commencing on March 1, 2016 and continuing on each of March 1, 2017, 2018, 2019 and 2020. The transferred business will be contributed by SBSF to, and operated by SBS. The amount payable on each annual payment date will equal 50% of the net income attributable to the transferred business recognized by SBS in accordance with GAAP during the fiscal year ending immediately preceding the applicable payment date; provided that, if net income attributable to the transferred business generated prior to the fifth annual payment date is insufficient to pay the remaining balance of the purchase price in full on the fifth annual payment date, then the unpaid amount of the purchase price will be payable in full on March 1, 2021.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

This discussion should be read in conjunction with our audited consolidated financial statements as of and for the year ended December 31, 2013, and the unaudited condensed consolidated financial statements and the notes thereto contained elsewhere in this Quarterly Report.

Business Environment

Our working capital is invested primarily in money market funds, so that liquidity has not been materially affected. The financial crisis did have the effect of reducing participation in the securities market by our retail and institutional customers, which had an adverse effect on our revenues. The stock market has improved in the nine months ended September 30, 2014, however our revenue has not improved during this period. Our affiliate, Siebert, Brandford, Shank & Co., L.L.C. (SBS) had a gain for the current nine months period of approximately \$8,000 as compared to a loss of \$380,000 for the same period last year. This resulted in a gain to the Company of \$4,000 for the current nine month period. Our expenses include the costs and loss related to an arbitration proceeding commenced by a former employee following the termination of his employment which was settled in July 2014. The costs of defense, which are included as professional expenses during 2014 and 2013 periods and related loss on settlement for the period ended September 30, 2014, have adversely affected the Company's result of operations. Competition in the brokerage industry remains intense.

The following table sets forth certain metrics for the three and nine months ended September 30, 2014 and 2013, respectively, which we use in evaluating our business.

Retail Customer Activity:	For the Three Months ended September 30,		For the Nine Months ended September 30,	
	2014	2013	2014	2013
Total retail trades:	65,595	80,693	213,444	256,069
Average commission per retail trade:	19.57	\$ 22.48	19.82	\$ 23.56
As of September 30,				
Retail customer balances:	2014	2013		
Retail customer net worth (in billions):	\$ 7.3	\$ 6.9		
Retail customer money market fund value (in billions):	\$ 1.0	\$ 1.0		
Retail customer margin debit balances (in million):	\$ 241.3	\$ 198.1		
Retail customer accounts with positions:	33,799	38,160		

Description:

Total retail trades represent retail trades that generate commissions.

Average commission per retail trade represents the average commission generated for all types of retail customer trades.

Retail customer net worth represents the total value of securities and cash in the retail customer accounts before deducting margin debits.

Retail customer money market fund value represents all retail customers accounts invested in money market funds.

Retail customer margin debits balances represent credit extended to our customers to finance their purchases against current positions.

Retail customer accounts with positions represent retail customers with cash and/or securities in their accounts.

Like other securities firms, we are directly affected by general economic and market conditions including fluctuations in volume and prices of securities, changes and prospects for changes in interest rates and demand for brokerage and investment banking services, all of which can affect our relative profitability. In periods of reduced market activity, profitability is likely to be adversely affected because certain expenses, including salaries and related costs, portions of communications costs and occupancy expenses remain relatively fixed. Earnings, or loss, for any period should not be considered representative of any other period.

Recent Developments

On January 23, 2008, the Board of Directors of the Company authorized a buy back of up to 300,000 shares of common stock. Shares will be purchased from time to time, in our discretion, in the open market and in private transactions. During the nine months ended September 30, 2014, the Company did not purchase any shares.

On November 4, 2014, Siebert and the other members of Siebert, Brandford, Shank & Co., L.L.C. ("SBS") contributed their SBS membership interests into a newly formed Delaware limited liability company, Siebert Brandford Shank Financial, L.L.C. ("SBSF"), in exchange for the same percentage interests in SBSF. On the same day Siebert entered an Asset Purchase Agreement (the "Purchase Agreement") with SBS and SBSF, pursuant to which Siebert sold substantially all of the assets relating to Siebert's capital markets business to SBSF. Pursuant to the Purchase Agreement, SBSF assumed post-closing liabilities relating to the transferred business.

The Purchase Agreement provides for an aggregate purchase price for the disposition of \$3,000,000, payable by SBSF after closing in annual installments commencing on March 1, 2016 and continuing on each of March 1, 2017, 2018, 2019 and 2020. The transferred business will be contributed by SBSF to, and operated by SBS. The amount payable on each annual payment date will equal 50% of the net income attributable to the transferred business recognized by SBS in accordance with GAAP during the fiscal year ending immediately preceding the applicable payment date; provided that, if net income attributable to the transferred business generated prior to the fifth annual payment date is insufficient to pay the remaining balance of the purchase

price in full on the fifth annual payment date, then the unpaid amount of the purchase price will be payable in full on March 1, 2021.

Critical Accounting Policies

We generally follow accounting policies standard in the brokerage industry and believe that our policies appropriately reflect our financial position and results of operations. Our management makes significant estimates that affect the reported amounts of assets, liabilities, revenues and expenses and the related disclosure of contingent assets and liabilities included in the financial statements. The estimates relate primarily to revenue and expense items in the normal course of business as to which we receive no confirmations, invoices, or other documentation at the time the books are closed for a period. We use our best judgment, based on our knowledge of these revenue transactions and expenses incurred, to estimate the amounts of such revenue and expense. Estimates are also used in determining the useful lives of intangible assets, and the fair market value of intangible assets and securities. Our management believes that its estimates are reasonable.
