Item 8.01 Other Events.

Healthcare Trust of America, Inc. (NYSE: HTA) (“HTA”) announced today that its Board of Directors has increased the quarterly dividend by 1.64% to \$0.310 per share of common stock. This represents an annualized rate of \$1.24 per share of common stock with an annualized yield of 4.50% based on HTA’s closing share price as of August 1, 2018. The dividend will be paid on October 5, 2018 to stockholders of record on October 2, 2018.

The amount of dividends HTA pays to its stockholders is determined by HTA’s Board of Directors, at its discretion, and is dependent on a number of factors, including funds available for the payment of distributions, HTA’s financial condition, capital expenditure requirements and annual distribution requirements needed to maintain HTA’s status as a real estate investment trust under the Internal Revenue Code. HTA’s Board of Directors may reduce its dividend rate and HTA cannot guarantee the amount of dividends paid in the future, if any.

In addition, HTA announced today that its Board of Directors approved a new stock repurchase program authorizing HTA to purchase up to \$300 million of its Class A common stock, par value \$0.01 per share, from time to time prior to August 1, 2020. The \$100 million stock purchase program approved by the Board of Directors of HTA on June 8, 2018 has been terminated by the Board of Directors. Prior to the termination, in June 2018, pursuant to the \$100 million authorized plan, HTA repurchased 333,002 shares of its common stock, at an average price of \$26.26 per share, for an aggregate amount of \$8.7 million.

Pursuant to the new stock repurchase program, HTA may repurchase its Class A common stock in open market and negotiated transactions. Stock repurchases, and the amount and timing of any repurchases, will be dependent on various factors, including HTA’s capital position and needs, market conditions, other capital management objectives and opportunities, and applicable legal requirements. HTA intends to finance any stock repurchases through available cash and its revolving credit facility.
