## Forward-Looking Statements

This communication may contain “forward-looking statements” within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements can be identified by words such as “anticipates,” “intends,” “plans,” “seeks,” “believes,” “estimates,” “expects” and similar references to future periods, or by the inclusion of forecasts or projections. Forward-looking statements are based on the current expectations and assumptions of Globe Specialty Metals, Inc. (the “Company” or “Globe”) regarding its business, financial condition, the economy and other future conditions.

Because forward-looking statements relate to the future, by their nature, they are subject to inherent uncertainties, risks and changes in circumstances that are difficult to predict. The Company’s actual results may differ materially from those contemplated by the forward-looking statements. The Company cautions you therefore that you should not rely on any of these forward-looking statements as statements of historical fact or as guarantees or assurances of future performance. Important factors that could cause actual results to differ materially from those in the forward-looking statements include regional, national or global political, economic, business, competitive, market and regulatory conditions including, among others, changes in metals prices; increases in the cost of raw materials or energy; competition in the metals and foundry industries; environmental and regulatory risks; ability to identify liabilities associated with acquired properties prior to their acquisition; ability to manage price and operational risks including industrial accidents and natural disasters; ability to manage foreign operations; changes in technology; ability to acquire or renew permits and approvals; with respect to the proposed business combination with Grupo FerroAtlántica, the timing to complete the proposed transaction, including the receipt of shareholder approval, and that regulatory approvals required for the proposed transaction may not be obtained on the terms expected or on the anticipated schedule; and other factors identified in the Company’s periodic reports filed with the SEC.

Any forward-looking statement made by the Company or management in this release speaks only as of the date on which it or they make it. Factors or events that could cause the Company's actual results to differ may emerge from time to time, and it is not possible for the Company to predict all of them. The Company undertakes no obligation to publicly update any forward-looking statement, whether as a result of new information, future developments or otherwise, unless otherwise required to do so under the law or the rules of the NASDAQ Global Market.
