Item 1.01. Entry into a Material Definitive Agreement.

On December 12, 2012, Blue Earth Inc. (the Company) executed a Secured Promissory Note (the Note) in the principal amount of \$650,000 payable to Laird Q. Cagan (the Lender) its Chairman of the Board of Directors. The Note evidences a second loan made in connection with the Company's commencement of design, engineering, permitting, and construction services to be provided by a subsidiary of the Company with respect to five photovoltaic installations (the Projects) located in Southern California, as well as work to be performed at the Orange Center School Project.

The Loan together with secured interest at the rate of 12% per annum is due and payable on May 1, 2013 together with an aggregate of \$955,000 previously loaned by the Lender to the Company. The Lender also received warrants to purchase 212,500 shares of Common Stock of the Company exercisable for ten (10) years at \$0.01 per share and amended the terms of the Lender's existing warrants to purchase 437,500 shares of Common Stock to reduce the exercise price to \$0.01 per share when the closing price of the Company's Common Stock exceeds \$1.24 per share. The loans which aggregate \$1,605,000 (the Combined Loan) may be pre-paid at any time. In addition, following the completion of construction of the Project(s), in the event that the Company, or its subsidiaries, receives any proceeds (directly or indirectly) from the U.S. Treasury Department of the 1603 Grant(s), the Company shall immediately pay such proceeds to the Lender, and the interest and principal amount of the Loan shall be reduced via payment to Lender of said proceeds.

The Combined Loan is secured by the proceeds of the above-stated grants; all machinery, equipment, furniture and fixtures utilized for the Projects, including the Orange Center School Project, and all contractual rights in connection with the Projects.
