Executive Officer and Director

Date: June 22, 2016

Report of Independent Registered Public Accounting Firm

To the Plan Administrator

Hecla Mining Company Capital Accumulation Plan

Coeur D'Alene, Idaho

We have audited the accompanying statements of net assets available for benefits of the Hecla Mining Company Capital Accumulation Plan (the "Plan") as of December 31, 2015 and 2014, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2015 and 2014, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

The accompanying supplemental schedule of Schedule H, Line 4i Schedule of Assets (Held at End of Year) as of December 31, 2015 has been subjected to audit procedures performed in conjunction with the audit of the Plan's financial statements. The supplemental schedule is the responsibility of the Plan's management. Our audit procedures included determining whether the supplemental schedule reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental schedule. In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. In our opinion, the supplemental schedule is fairly stated, in all material respects, in relation to the financial statements as a whole.

Hecla Mining Company Capital Accumulation Plan

Notes to Financial Statements

1. Summary of Accounting Policies

Basis of Accounting

The Hecla Mining Company Capital Accumulation Plan (“Plan”) financial statements are presented on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

Investments in mutual funds and money market funds are reported at quoted market value for the number of shares held by the Plan at year-end. The Hecla Mining Company common stock fund is valued through a combination of quoted market price of the stock, per the New York Stock Exchange, and the valuation of cash equivalents held in the Plan through the use of models or other valuation methodologies.

The Plan presents in the statement of changes in net assets available for benefits the net appreciation or depreciation in the fair value of its investments, which consists of the realized gains or losses and the unrealized appreciation or depreciation on those investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Due from Participants

Notes due from participants are valued at their unpaid principal balance plus accrued interest. The Plan considers all notes receivable from participants at the end of a calendar quarter, following a calendar quarter for which there is any outstanding payment due, as in default. Defaulted notes receivable from participants are deemed distributed and recorded as benefits paid to participants in the statements of changes in net assets available for benefit.

Payment of Benefits

Benefits are recorded when paid.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ materially from those estimates.

F-7

Hecla Mining Company Capital Accumulation Plan

Notes to Financial Statements

Risks and Uncertainties

The Plan invests in funds that invest in a combination of stocks, bonds, fixed income securities and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

The fair value of the Plan's investment in Hecla Mining Company common stock fund amounted to \$4,942,633 and \$4,985,021 as of December 31, 2015 and 2014, respectively. Such investments represented 6.9% and 7.2% of the Plan's total net assets available for Plan benefits as of December 31, 2015 and 2014, respectively. For risks and uncertainties regarding Hecla Mining Company, participants should refer to the December 31, 2015, Form 10-K of Hecla Mining Company filed with the Securities and Exchange Commission.

New Accounting Pronouncements

In May 2015, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2015-07, *Disclosures for Investments in Certain Entities that Calculate Net Asset Value Per Share (or its Equivalent)*, which seeks to eliminate diversity in practice surrounding how investments measured at net asset value under the practical expedient with future redemption dates have been categorized in the fair value hierarchy. The standard is effective for annual periods beginning after December 15, 2016. Early adoption is permitted. Management has determined this ASU is not applicable to the Plan.

In July 2015, the FASB issued ASU 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), and Health and Welfare Benefit Plans (Topic 965): Part (I) Fully Benefit-Responsive Investment Contracts, Part (II) Plan Investment Disclosures, Part (III) Measurement Date Practical Expedient*. This three-part standard simplifies employee benefit plan reporting with respect to fully benefit-responsive investment contracts and plan investment disclosures, and provides for a measurement-date practical expedient. Parts I and II are effective for fiscal years beginning after December 15, 2015 and should be applied retrospectively, with early application permitted. Part III is effective for fiscal years beginning after December 15, 2015 and should be applied prospectively, with early application permitted.

Management has elected to adopt Part II early. Accordingly, the amendment was retrospectively applied resulting in plan investment disclosures for the years ended December 31, 2015 and 2014 which reflect the provisions of ASU 2015-12. Part I and Part III are not applicable to this Plan.

2. Description of Plan

The following descriptions and disclosures about the Plan provide only general information. Participants should refer to the most recent version of the summary Plan description and the Plan document for a more complete description of its provisions.

General

The Plan is a defined contribution plan, which originally became effective on January 1, 1986. The Plan provides for incentive savings through investments, which qualify under the Internal Revenue Service of the United States of America ("IRS") code section 401(a) for tax deferral status. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Hecla Mining Company Capital Accumulation Plan

Notes to Financial Statements

Eligible Employees

All salaried and substantially all non-union hourly employees of Hecla Mining Company (the “Company”), and its subsidiaries, who are residents of the United States are immediately eligible to enroll in the plan upon employment. Non-resident aliens that have no earned income from the Company within the U.S., hourly employees at the Company’s Lucky Friday Mine who are included in the United Steelworkers of America

Local 5114,
and employees
engaged
through lease
arrangements
are not
allowed to
participate in
the Plan.

Contributions

The Plan
allows eligible
employees to
contribute
from 1% to
50% of their
compensation.
Employees
who do not
affirmatively
specify their
instructions
with regard to
participation in
the Plan will
automatically
have 3% of
their
compensation
reduced for
contribution.
Total pre-tax
contributions
may not
exceed
\$18,000 or
\$17,500 for the
years ended
December 31,
2015 and
2014,
respectively.
Participants
who have
attained age 50
before the end
of the Plan
year are
eligible to

make catch-up contributions not to exceed \$6,000 or \$5,500 for the years ended December 31, 2015 and 2014, respectively. Contributions may be suspended at any time upon thirty days written notice by the participant, with reinstatement and changes in suspended contributions effective for the following payroll period. Participants may also contribute amounts to the Plan previously contributed to another qualified plan.

The Company makes matching contributions equal to 100% of deferred contributions, up to 6% of the participant's compensation. Effective January 1, 2014, the

Company restated the Plan to allow for payment of matching contributions to be made in shares of the Company's common stock on a quarterly basis. Prior to this change, matching contributions were made in cash on a pay-period basis. Upon payment of matching contributions in common stock by the Company, the common stock is converted to shares of the Hecla Common Stock Fund in each eligible participant's account having value equal to their matching contribution. The number of shares of the Company's common stock paid for matching contributions and the conversion to shares of Hecla Common Stock Fund are each based on

the closing
prices on a day
during the first
week
following the
quarter end.
The specific
day used for
each depends
on the timing
of processing.
Upon receipt,
participants
may reallocate
their
investment in
the Hecla
Common
Stock Fund
into the other
investment
options offered
by the Plan,
subject to
customary
blackout
restrictions as
applicable.
The Company
made
\$3,492,986
and
\$3,204,679 of
non-cash
employer
matching
contributions
during the
years ended
December 31,
2015 and
2014,
respectively.

The Company
may also make
a discretionary
profit sharing
contribution

for any plan year. For the years ended December 31, 2015 and 2014, the Company did not make any discretionary profit sharing contributions.

***Participant
Accounts***

Individual accounts are maintained for each participant. Each participant's account is credited with the participant's contribution, employer's matching contribution, earnings within the Plan and an allocation of the Company's discretionary profit-sharing contribution, if any. Allocations of the Company's contribution and plan earnings are based on participant account balances, as defined in the Plan document. The participant's

benefit is limited to the benefit that has accumulated in the participant's account.

Participants may direct the investment of their account balances into the investment options offered by the Plan.

Currently the Plan offers twenty-two investment options for participants.

Participants may elect to change the amounts invested in any one or all of the individual options at any time.

Hecla Mining Company Capital Accumulation Plan

Notes to Financial Statements

Vesting

Participant contributions and the Company's matching and discretionary contributions are 100% vested at all times.

Payment of Benefits

Distributions are made upon termination of employment, death, disability or retirement. When terminated, participants receive a notice of options with regards to their account approximately 30 days from the date of termination. Participants or their beneficiaries receive payment of benefits as follows: (a) balances of less than \$1,000 in cases in which the participant or beneficiary did not take alternative action are distributed as a cash payment, (b) balances of between \$1,000 and \$5,000 in cases in which the participant or beneficiary did not take alternative action are automatically

rolled over into an IRA, or (c) balances greater than \$5,000 may be kept in the Plan until a determined distribution date, rolled over, or distributed in installments, as opted by the participant or beneficiary.

Withdrawals from the Plan may also be made upon circumstances of financial hardship or termination of the Plan, in accordance with provisions specified in the Plan. A participant's contributions are suspended for six months after receipt of a withdrawal made upon circumstances of financial hardship.

Notes Due From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of (a) \$50,000, minus the highest outstanding loan balance or balances, if any, the participant had at any one time during the one-year period ending immediately before the date of the new loan, or (b) 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with prevailing rates as determined by the Plan administrator, which

currently range from 4.25% to 5.5%. Principal and interest are repaid ratably through payroll deductions over periods ranging up to 5 years, unless the loan is for the purchase of the participant's principal residence, in which case the Plan Administrator may permit a longer repayment term up to 15 years. Each participant may have up to, but no more than, two notes outstanding at any one time.

Administrative Expenses

Administrative expenses are paid from Plan assets.

**3.
Investments**

All of the Plan's assets are managed and held by Vanguard Fiduciary Trust Company, the Trustee, which operates under the direction of certain officers of the Company. Participants may invest in one or more of the various mutual funds, money market

funds, and the
Hecla Mining
Company
common stock
fund
sponsored by
the Trustee.

4. Plan Termination

Although it
has not
expressed
intent to do so,
the Company
has the right,
under the
Plan, to
discontinue its
contributions
at any time
and to
terminate the
Plan subject to
the provisions
of ERISA. All
assets
remaining in
the Plan after
payment of
any expenses
properly
chargeable
against the
Plan shall be
paid to
participants in
such a manner
as the Plan
Administrator
shall
determine.

Hecla Mining Company Capital Accumulation Plan

Notes to Financial Statements

5. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Vanguard Fiduciary Trust Company, the trustee, and therefore, these transactions qualify as party-in-interest transactions.

Certain Plan investments are shares of Hecla Mining Company common stock; therefore, these transactions also qualify as party-in-interest transactions.

6. Income Tax Status

The Plan received a Determination Letter from the IRS dated March 31, 2008, informing it that the Plan and related trust

is qualified and exempt under Section 401(a) of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter; however, management of the Company and the Plan Administrator believe the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, the Company and the Plan Administrator believe that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of

December 31, 2015 and 2014, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to the Plan year ended December 31, 2012.

7. Fair Value Measurement

The Plan utilizes a fair value hierarchy that gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1: Unadjusted quoted prices in active markets that are accessible at the

measurement date
for identical,
unrestricted net
assets and liabilities;

Level 2: Quoted
prices in markets
that are not
considered to be
active or financial
instruments for
which all significant
inputs are
observable, either
directly or indirectly;

Level 3: Prices or
valuations that
require inputs that
are both significant
to the fair value
measurement and
unobservable.

The following is a
description of the
valuation
methodologies used
for Plan assets, as
well as the general
classification of such
items pursuant to the
fair value hierarchy:

F-11

Hecla Mining Company Capital Accumulation Plan

Notes to Financial Statements

Money Market

Fund—The fair values of the Money Market Funds are determined by the quoted share price on active markets as of the last day of the plan year and are included in Level 1 of the fair value hierarchy.

Mutual Funds—The fair values of the Mutual Funds are determined by the quoted share price on active markets as of the last day of the plan year and are included in Level 1 of the fair value hierarchy.

Common Stock of Hecla Mining Company, including Money Market Funds—The fair value of the Hecla Common Stock Fund is determined through a combination of the quoted share price on an active market for the common

stock of Hecla Mining Company and the valuation of cash equivalents held in the fund through the use of models or other valuation methodologies. The Hecla Common Stock Fund is included in Level 2 of the fair value hierarchy.

There have been no changes in the methodology used at December 31, 2015 and 2014.

The tables below set forth the Plan's assets that were accounted for at fair value as of December 31, 2015 and 2014, and the fair value calculation input hierarchy level that applies to each asset category.

Description	Balance at December 31, 2015	Quoted prices in active market for	Significant other observable inputs
