Item 1.01 Entry Into A Material Definitive Agreement

On July 2, 2014, Eco-Shift Power Corp. (the “Company”) entered into subscription agreements with three accredited investors for the issuance of convertible promissory notes in the aggregate principal amount of \$150,000, together with common stock purchase warrants to purchase an aggregate of 450,000 shares of common stock at \$0.25 per share, to three accredited investors. The convertible notes bear interest at 8% per annum, subject to a default rate at 12% per annum, and mature on the one-year anniversary of the date of issuance. The notes may be pre-paid at any time at the option of the Company. The unpaid principal and accrued and unpaid interest are convertible at any time before prepayment in full or the maturity date, at the option of the noteholder, into shares of common stock of the Company at a conversion price of \$0.15 per share. The common stock purchase warrant entitled the holders thereof to purchase an aggregate of 450,000 shares of common stock of the Company at \$0.25 per share. The warrants are exercisable for three years.

The Company paid WestPark Capital, Inc. commissions of \$15,000 and reimbursed expenses of an aggregate of approximately \$5,733 in connection with the issuance of the notes and warrants.

The above descriptions of the subscription agreements, convertible promissory notes and common stock purchase warrants are qualified in their entirety by reference to the form of subscription agreement, convertible promissory note and common stock purchase warrant attached as Exhibits 4.1, 4.2 and 4.3 to this Current Report on Form 8-K.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The disclosures set forth in Item 1.01 above are incorporated by reference into this Item 2.03.

Item 3.02 Unregistered Sales of Equity Securities.

The disclosures set forth in Item 1.01 above are incorporated by reference into this Item 3.02.

These securities were not registered under the Securities Act. These securities qualified for exemption under Section 4(2) of the Securities Act since the issuance of securities by us did not involve a public offering. The offering was not a “public offering” as defined in Section 4(2) due to the insubstantial number of persons involved in the deal, size of the

offering, manner of the offering and number of securities offered. We did not undertake an offering in which we sold a high number of securities to a high number of investors. In addition, these shareholders had the necessary investment intent as required by Section 4(2) of the Securities Act since the Conventions Shareholders agreed to and received share certificates bearing a legend stating that such securities are restricted pursuant to Rule 144 of the Securities Act. This restriction ensures that these securities would not be immediately redistributed into the market and therefore not be part of a “public offering.” Based on an analysis of the above factors, we have met the requirements to qualify for exemption under Section 4(2) of the Securities Act.
