Compensation Discussion and Analysis

We strive to provide our named executive officers (as defined in Item 402 of Regulation S-K) with a competitive base salary that is in line with their roles and responsibilities when compared to peer companies of comparable size in similar locations.

We plan to implement a more comprehensive compensation program, which takes into account other elements of compensation, including, without limitation, short and long term compensation, cash and non-cash, and other equity-based compensation such as stock options. We expect that this compensation program will be comparable to the programs of our peer companies and aimed to retain and attract talented individuals.

We will also consider forming a compensation committee to oversee the compensation of our named executive officers. The majority of the members of the compensation committee would be independent directors.

Compensation of Directors

None.
