- Our proxy statement for the annual meeting of shareholders;
- Our 2015 Annual Report, which includes key information from our 2015 Form 10-K; and
- A proxy card or a voting instruction card for the annual meeting.

What information is contained in this proxy statement?

The information included in this proxy statement relates to the proposals to be voted on at the annual meeting, the voting process, our Board and Board committees, the compensation of our directors and current executive officers for fiscal 2015, and other required information.

Table of Contents

How may I obtain a copy of Calavo's 2015 Annual Report to Shareholders, Form 10-K and/or other financial information?

A copy of our 2015 Annual Report to Shareholders, which includes key information from our 2015 Form 10-K, is enclosed. Shareholders may request another free hard copy of our 2015 Annual Report to Shareholders and/or a free copy of our entire Form 10-K, from:

Corporate Controller  
Calavo Growers, Inc.  
1141A Cummings Road  
Santa Paula, California 93060

(805) 525-1245

Calavo also will furnish any exhibit to our 2015 Form 10-K, if specifically requested, for a fee of \$0.20 per page to cover our expenses.

Important Notice Regarding the Internet Availability of Proxy Materials for the Shareholder Meeting to be Held on April 27, 2016

This proxy statement, the accompanying proxy, our 2015 Annual Report to Shareholders and our 2015 Form 10-K are also available on our website at <http://www.calavo.com>.

How may I request multiple sets of proxy materials if two or more shareholders reside in my household?

To minimize our expenses, one proxy statement and one annual report to shareholders may be delivered to two or more shareholders who share an address unless we have received contrary instructions from one or more of the shareholders. We will deliver promptly upon written or oral request a separate copy of the proxy statement and annual report to a shareholder at a shared address to which a single copy of the proxy statement and annual report was delivered. Requests for additional copies of the proxy statement and annual report, and requests that in the future separate documents be sent to shareholders who share an address, should be directed by writing to Calavo Growers, Inc., 1141-A Cummings Road, Santa Paula, California 93060, Attention James Snyder, or by calling Mr. Snyder at (805) 525-1245.

How may I request a single set of proxy materials for my household?

If you share an address with another shareholder and have received multiple copies of our proxy materials, you may write or call us at the address set forth in the preceding paragraph to request delivery of a single copy of these materials.

What should I do if I receive more than one set of voting materials?

You may receive more than one set of voting materials, including multiple copies of this proxy statement and multiple proxy cards or voting instruction cards. For example, if you hold your shares in more than one brokerage account, you may receive a separate voting instruction card for each brokerage account in which you hold shares. If you are a shareholder of record and your shares are registered in more than one name, you will receive more than one proxy card. Please complete, sign, date, and return each Calavo proxy card and voting instruction card that you receive.

#### Voting Information

What items of business will be voted on at the annual meeting?

The items of business scheduled to be voted on at the annual meeting are:

- The election of directors

Table of Contents

- The ratification of Calavo's independent registered public accounting firm for the 2016 fiscal year
- Advisory vote on executive compensation
- Reapproval of the performance criteria included in Calavo's 2011 Management Incentive Plan

We also will consider any other business that properly comes before the annual meeting. See question below.

What happens if additional matters are presented at the annual meeting?

Other than the four items of business described in this proxy statement, we are not aware of any other business to be acted upon at the annual meeting. If you grant a proxy, the persons named as proxy holders, Lecil E. Cole and J. Link Leavens, will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If for any reason any of our nominees are not available as candidates for directors, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the Board.

How does the Board recommend that I vote?

Our Board recommends that you vote your shares FOR each of the thirteen nominees for election to the Board, FOR the ratification of our independent registered public accounting firm for the 2016 fiscal year, FOR the approval of the compensation of Calavo's named executive officers, and FOR reapproval of the performance criteria included in Calavo's 2011 Management Incentive Plan.

What is the difference between holding shares as a shareholder of record and as a beneficial owner?

Many Calavo shareholders hold their shares through a broker, or other nominee, rather than directly in their own names. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Shareholder of Record

If your shares are registered directly in your name with our transfer agent, Computershare, you are considered, with respect to those shares, the shareholder of record, and we are sending these proxy materials directly to you. As the shareholder of record, you have the right to grant your voting proxy directly to us or to vote in person at the

meeting. We have enclosed a proxy card for you to use.

#### Beneficial Owner

If your shares are held in a brokerage account, or by another nominee, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you by your broker, trustee or nominee together with a voting instruction card. As the beneficial owner, you have the right to direct your broker, trustee or nominee how to vote and are also invited to attend the annual meeting.

Since a beneficial owner is not the shareholder of record, you may not vote these shares in person at the meeting, unless you obtain a "legal proxy" from the broker, trustee or nominee that holds your shares, giving you the right to vote the shares at the meeting. Your broker, trustee or nominee should provide voting instructions for you to use in directing the broker, trustee or nominee how to vote your shares.

#### What shares can I vote?

Each share of Calavo common stock issued and outstanding as of the close of business on February 29, 2016, the Record Date for the annual meeting, is entitled to be voted on all items being voted upon at the annual meeting. You may vote all shares owned by you as of this time, including (1) shares held directly in your name as the shareholder of record, and

Table of Contents

(2) shares held for you as the beneficial owner through a broker, trustee or other nominee such as a bank. On the Record Date, we estimate Calavo had approximately 17.4 million shares of common stock issued and outstanding.

How can I vote my shares in person at the annual meeting?

Shares held in your name as the shareholder of record may be voted in person at the annual meeting. Shares held beneficially in street name may be voted in person at the annual meeting only if you obtain a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares. Even if you plan to attend the annual meeting, we recommend that you also submit your proxy or voting instructions as described below so that your vote will be counted if you later decide not to attend the meeting.

How can I vote my shares without attending the annual meeting?

Whether you hold shares directly as the shareholder of record or beneficially in street name, you may direct how your shares are voted without attending the annual meeting. If you are a shareholder of record, you may vote by submitting a proxy. If you hold shares beneficially in street name, you may vote by submitting voting instructions to your broker, trustee or nominee. For directions on how to vote, please refer to the instructions below and those included on your proxy card or, for shares held beneficially in street name, the voting instruction card provided by your broker, trustee or nominee.

Shareholders of record of Calavo common stock may submit proxies by completing, signing and dating their proxy cards and mailing them in the accompanying pre-addressed envelopes. Calavo shareholders who hold shares beneficially in street name may vote by mail by completing, signing and dating the voting instruction card (generally obtained from your broker, trustee or nominee) provided and mailing it in the accompanying pre-addressed envelope. The voting instruction card provided by your broker, trustee or nominee may also provide you with the option to vote by telephone or the internet.

What is the deadline for voting my shares?

If you hold shares as the shareholder of record, your vote by proxy must be received before the polls close at the annual meeting.

If you are the beneficial owner of shares held through a broker, trustee or other nominee, please follow the voting instructions provided by your broker, trustee or nominee.

May I change my vote?

You may change your vote at any time prior to the vote at the annual meeting. If you are the shareholder of record, you may change your vote by granting a new proxy bearing a later date (which automatically revokes the earlier proxy), by providing a written notice of revocation to the Corporate Secretary at the address shown under the question below titled, "What is the deadline to propose actions for consideration at next year's annual meeting of shareholders?" prior to your shares being voted or by attending the annual meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically make that request. For shares you hold beneficially in the name of a broker, trustee or other nominee, you may change your vote by submitting new voting instructions to your broker, trustee or nominee, or, if you have obtained a legal proxy from your broker or nominee giving you the right to vote your shares, by attending the meeting and voting in person.

Is my vote confidential?

Proxy instructions, ballots and voting tabulations that identify individual shareholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within Calavo or to third parties, except: (1) as

Table of Contents

necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote, and (3) to facilitate a successful proxy solicitation. Occasionally, shareholders provide on their proxy card written comments, which are then forwarded to Calavo management.

How may I vote on each proposal?

In the election of directors, you may vote "FOR," "WITHHOLD AUTHORITY" or "ABSTAIN" with respect to each of the nominees. You also may cumulate your votes as described in the question below titled, "Is cumulative voting permitted for the election of directors?"

You may vote "FOR," "AGAINST" or "ABSTAIN" with respect to the proposal to ratify the appointment of our independent registered public accounting firm for the 2016 fiscal year.

You may vote "FOR," "AGAINST" or "ABSTAIN" with respect to the advisory vote on executive compensation.

You may vote "FOR," "AGAINST" or "ABSTAIN" with respect to the reapproval of the performance criteria included in Calavo's 2011 Management Incentive Plan.

If you provide specific instructions with regard to certain items, your shares will be voted as you instruct on such items. If you vote by proxy card or voting instruction card and sign the card without giving specific instructions, your shares will be voted in accordance with the recommendations of the Board (FOR all of our nominees to the Board, FOR ratification of the appointment of our independent registered public accounting firm, and FOR the advisory approval of the compensation of Calavo's named executive officers).

What is the voting requirement to approve each of the proposals?

In the election of directors, the thirteen director candidates receiving the highest number of affirmative votes will be elected. Approval to ratify the appointment of our independent registered public accounting firm for the 2016 fiscal year and approval of the advisory vote on executive compensation each requires the affirmative vote of a majority of those shares present in person or represented by proxy and voting on that proposal at the annual meeting.

If you are a beneficial owner of shares held in street name and do not provide the organization that holds your shares with specific voting instructions, under the rules of various national and regional securities exchanges, the organization that holds your shares may generally vote your shares on routine matters but cannot vote your shares on non-routine matters. If the organization that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, the organization that holds your shares will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a “broker non-vote.”

Broker non-votes and abstentions will not affect the outcome of any of the proposals to be voted upon.

Which ballot measures are considered “routine” or “non-routine”?

The ratification of the appointment of Deloitte & Touche LLP as the Company’s independent registered public accounting firm for 2016 (Proposal No. 2) is considered routine under applicable rules. A broker or other nominee may generally vote on routine matters, and therefore no broker non-votes are expected to exist in connection with Proposal No. 2.

The election of directors (Proposal No. 1), the advisory vote on executive compensation (Proposal No. 3), and the reapproval of the performance criteria included in Calavo’s 2011 Management Incentive Plan (Proposal No. 4) are considered non-routine under applicable rules. A broker or other nominee cannot vote without instructions on non-routine matters and, as a result, there may be broker non-votes on Proposals Nos. 1, 3, and 4.

Table of Contents

Is cumulative voting permitted for the election of directors?

In the election of directors, you may elect to cumulate your vote. Cumulative voting will allow you to allocate among the director nominees, as you see fit, the total number of votes equal to the number of director positions to be filled multiplied by the number of shares you hold. For example, if you own 100 shares of stock and there are 13 directors to be elected at the annual meeting, you may allocate 1,300 "FOR" votes (13 times 100) among as few or as many of the 13 nominees to be voted on at the annual meeting as you choose. You may not cumulate your votes against a nominee.

If you are a shareholder of record and choose to cumulate your votes, you will need to submit a proxy card or, if you vote in person at the annual meeting, submit a ballot and make an explicit statement of your intent to cumulate your votes, either by so indicating in writing on the proxy card or by indicating in writing on your ballot when voting at the annual meeting. If you hold shares beneficially through a broker, trustee or other nominee and wish to cumulate votes, you should contact your broker, trustee or nominee.

If you vote by proxy card or voting instruction card and sign your card with no further instructions, Lecil E. Cole and J. Link Leavens, as proxy holders, may cumulate and cast your votes in favor of the election of some or all of the applicable nominees in their sole discretion, except that none of your votes will be cast for any nominee as to whom you vote against or abstain from voting.

Cumulative voting applies only to the election of directors. For all other matters, each share of common stock outstanding as of the close of business on February 29, 2016, the record date for the annual meeting, is entitled to one vote.

Who will serve as inspector of elections?

The inspector of elections will be a representative from investor communication company Broadridge Financial Solutions.

Who will bear the cost of soliciting votes for the annual meeting?

We are making this solicitation and will pay substantially all of the costs of preparing, assembling, printing, mailing and distributing these proxy materials and soliciting votes. We have retained Broadridge Financial Solutions, to assist with the solicitation of proxies from the shareholders of record for a fee of approximately \$10,000, plus expenses. We will also reimburse banks, brokers or other nominees for their costs of sending our proxy materials to beneficial owners. Directors, officers or other employees of ours may also solicit proxies from shareholders in person, by telephone, facsimile transmission or other electronic means of communication without additional compensation.

Where can I find the voting results of the annual meeting?

We intend to announce preliminary voting results at the annual meeting and publish final results on a Form 8-K filed with the SEC shortly after our annual meeting.

What if I have questions for Calavo's transfer agent?

Please contact our transfer agent, at the phone number or address listed below, with questions concerning stock certificates, dividend checks, transfer of ownership or other matters pertaining to your stock account.

You may submit proposals for consideration at future shareholder meetings. For a shareholder proposal to be considered for inclusion in our proxy statement for the annual meeting next year, the written proposal must be received by our Corporate Secretary, at our principal executive offices, no later than November 18, 2016. ## Leadership Structure

The leadership structure of the Board of Directors is centered on the concept of an appropriate balance between management and the Board of Directors. The Board believes that it is in the best interest of Calavo and its shareholders for the Board to make a determination regarding whether or not to separate the roles of Chairman and CEO based upon applicable facts and circumstances. The Board believes that presently it is in the best interest of Calavo and its shareholders that the positions of Chairman of the Board and CEO should not be separated. Mr. Cole’s diverse history with Calavo, from both an operational standpoint and that of a member of management, are vital to the Board’s collective knowledge of Calavo’s day-to-day operations.

Although the Board has not designated any other director to serve as its “lead independent director,” all of Calavo’s other directors have access to the CEO and other Calavo executives on request. In addition, Calavo’s independent directors serve actively on Board committees and may request agenda topics to be addressed at Board and committee meetings.

## Risk Oversight

The Board identifies and reviews with senior corporate management issues concerning the key areas of business and financial risk to which Calavo is exposed. In this context “business and financial risk” is broadly construed to include risks, of whatever nature or source: (1) to the achievement of Calavo’s strategic or tactical objectives and its financial plans; (2) to management effectiveness; (3) to Calavo’s reputation or legal position; and (4) to Calavo’s financial condition, results of operations or cash flows.

The Board has delegated to the Compensation Committee the duty to consider whether Calavo’s compensation practices and policies for its executive officers create unnecessary risks to Calavo. The Compensation Committee reports back to the full Board with respect to its assessment.

Director Nominees

Shareholder Nominees

The Nominating and Corporate Governance Committee will consider shareholder nominations for candidates for membership on the Board. In evaluating such nominations, the Nominating and Corporate Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board. Any shareholder nominations proposed for

consideration by the Nominating and Corporate Governance Committee should include the nominee's name and qualifications for Board membership and should be addressed to:

Corporate Secretary  
Calavo Growers, Inc.  
1141A Cummings Road  
Santa Paula, CA 93060

In addition, our bylaws permit shareholders to nominate directors for consideration at an annual shareholders' meeting by following the procedures set forth in our bylaws. See "Questions and Answers— What is the deadline to propose actions for consideration at next year's annual meeting of shareholders?" above.

## Director Qualifications

The Nominating and Corporate Governance Committee believes that members of the Board should have the highest professional and personal ethics and values, consistent with longstanding Calavo values and standards. They should have broad experience at the policy-making level in business, government, education, technology or public interest. They should be committed to enhancing shareholder value and should have sufficient time to carry out their duties and to provide insight and practical wisdom based on experience. Their service on other boards of public companies should be limited to a number that permits them, given their individual circumstances, to perform responsibly all director duties. Each director must represent the interests of all shareholders. Although the Nominating and Corporate Governance Committee believes that director nominees should add to the range of backgrounds and experiences of Calavo directors, neither the Nominating and Corporate Governance Committee nor the Board has a policy regarding the consideration of diversity in identifying and evaluating director nominees.

## Identifying and Evaluating Nominees for Director

The Nominating and Corporate Governance Committee utilizes a variety of methods for identifying and evaluating nominees for director. The Nominating and Corporate Governance Committee will periodically assess the appropriate size of the Board and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Nominating and Corporate Governance Committee will consider various potential candidates for director. Candidates may come to the attention of the Nominating and Corporate Governance Committee through current Board members, professional search firms, shareholders or other persons. These candidates will be evaluated at regular or special meetings of the Nominating and Corporate Governance Committee, and may be considered at any point during the year. As described above, the Nominating and Corporate Governance Committee considers shareholder nominations for candidates for the Board. If any materials are provided by a shareholder in connection with the nomination of a director candidate, such materials will be

forwarded to the Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee will also review materials provided by professional search firms or other parties in connection with a nominee who is not proposed by a shareholder.

PROPOSAL NO. 2

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has appointed Deloitte & Touche LLP as the independent registered public accounting firm to audit our consolidated financial statements for the fiscal year ending October 31, 2016. We are asking our shareholders to ratify the appointment of Deloitte & Touche LLP. Starting in the 3rd quarter of fiscal 2015, Deloitte & Touche LLP served as our independent registered public accounting firm. See "Principal Auditor Fees and Services" on page 44. Representatives of Deloitte & Touche LLP are expected to attend the annual meeting and will be available to respond to appropriate questions and, if they desire, make a statement.

If the appointment is not ratified by our shareholders, the Board will consider whether it should select another independent registered public accounting firm. Even if the appointment is ratified, the Audit Committee, in its discretion, may appoint a different independent registered public accounting firm at any time during the fiscal year if the Audit Committee determines that such a change would be in the best interests of Calavo and its shareholders.

The Board of Directors unanimously recommends a vote "FOR" the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the 2016 fiscal year.

PROPOSAL NO. 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

Section 951 of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act"), as set forth in Section 14A(a) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), enables Calavo's shareholders to vote to approve, on an advisory, non-binding basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with SEC rules. At the 2011 Annual Meeting of shareholders, the shareholders approved an advisory measure that the shareholder advisory votes on executive compensation be held on an annual basis. The Board determined to follow the shareholders' recommendations and to include an annual shareholder advisory vote on the compensation of Calavo's executive officers. Our five named executive officers are identified below in the Summary Compensation Table.

Calavo has a "pay-for-performance" philosophy that forms the foundation of all decisions regarding compensation of Calavo's named executive officers. This compensation philosophy, and the program structure approved by the Compensation Committee, is central to Calavo's ability to attract, retain and motivate individuals who can achieve superior financial results and significant growth. Please refer to "Executive Compensation—Compensation Discussion and Analysis" for an overview of the compensation of Calavo's named executive officers.

We are asking for shareholder approval of the compensation of our named executive officers as disclosed in this proxy statement in accordance with SEC rules, which disclosures include the disclosures under "Executive Compensation—Compensation Discussion and Analysis," the compensation tables and the narrative discussion following the compensation tables. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the policies and practices described in this proxy statement. Accordingly, we are asking you to approve the following resolution:

RESOLVED, that the compensation paid to the named executive officers of Calavo Growers, Inc., as disclosed in the 2016 Proxy Statement of Calavo Growers, Inc. pursuant to Item 402 of SEC Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, hereby is approved.

This vote is advisory and therefore is not binding on Calavo, the Compensation Committee of the Board, or the Board. The Board and the Compensation Committee value the opinions of Calavo's shareholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, we will

consider those shareholders' concerns, and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

The affirmative vote of a majority of the shares of Calavo common stock present in person or represented by proxy and voting on the proposal at the annual meeting is required for advisory approval of this proposal.

#### Recommendation of the Board of Directors

The Board of Directors unanimously recommends a vote "FOR" the approval of the compensation of Calavo's named executive officers as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC.

PROPOSAL NO. 4

REAPPROVAL OF THE PERFORMANCE CRITERIA INCLUDED IN CALAVO'S 2011 MANAGEMENT INCENTIVE PLAN

Our Board of Directors recommends shareholder reapproval of the performance criteria used for performance-based awards granted under Calavo's 2011 Management Incentive Plan (the "2011 Plan"), in accordance with Section 162(m) of the Internal Revenue Code of 1986, as amended and including the treasury regulations promulgated thereunder (the "Code"). In order for such awards to qualify as performance-based awards under Section 162(m) of the Code, shareholders must reapprove such performance criteria every five years.

The 2011 Plan was approved by our shareholders at Calavo's 2011 annual meeting. That shareholder approval included approval of the performance criteria that are set forth in the 2011 Plan.

Shareholders are not being asked to approve any amendments to the 2011 Plan or to approve the 2011 Plan itself under this proposal, but instead are only being asked to reapprove the performance criteria included in the 2011 Plan for continued qualification under Section 162(m) of the Code.

Reasons for the Proposal

Shareholder reapproval of the performance criteria set forth in the 2011 Plan is required for Calavo to continue to be able fully deduct all compensation that is paid by us to our executive officers under the 2011 Plan. Section 162(m) of the Code limits the federal income tax deduction for compensation paid to our Chief Executive Officer and our three other most highly compensated executive officers excluding our Chief Financial Officer (referred to as the "designated executive officers") to \$1,000,000 per fiscal year for each designated executive officer. This limitation does not apply, however, to "performance-based compensation" as defined under Section 162(m) of the Code.

Performance awards granted under the 2011 Plan are intended to qualify as performance-based compensation that is fully deductible under Section 162(m) of the Code. To qualify, the performance award must be subject to performance criteria established by a committee or subcommittee comprised solely of two or more of Calavo's outside directors (in the case of Calavo, the Compensation Committee). In addition, the performance criteria must be disclosed to and approved by the Company's shareholders. Furthermore, subsequent to the original approval by shareholders of the performance criteria in 2011, the performance criteria must be disclosed to and reapproved by Calavo's shareholders no later than the first meeting of shareholders that occurs in the fifth year following the year in which shareholders previously approved the performance criteria.

If shareholders' reapproval of the performance criteria is not obtained at the 2016 Annual Meeting, performance awards granted under the 2011 Plan after the Annual Meeting will be subject to the \$1,000,000 deduction limit, which would result in additional cost to Calavo to the extent amounts of compensation paid to the designated executive officers are not deductible.

Summary of the 2011 Plan

A copy of the 2011 Plan is attached as Appendix A to this proxy statement. The following is a summary of relevant sections of the 2011 Plan. The summary is qualified in its entirety by reference to the full text of the 2011 Plan.

Purpose

The primary purpose of the 2011 Plan is to promote the interests of Calavo and its shareholders by (1) attracting, retaining and motivating directors, officers, employees and consultants (including prospective directors, officers,

## Table of Contents

employees and consultants) of Calavo and its subsidiaries and (2) enabling 2011 Plan participants to participate in Calavo's growth and financial success.

### Administration

The 2011 Plan is administered by Calavo's Compensation Committee, each member of which is (1) an "outside director" within the meaning of Section 162(m) of the Code, (2) a "non-employee director" within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934, as amended, and (3) an "independent director" within the meaning of NASDAQ rules regarding the independence of compensation committee members. The Compensation Committee establishes the terms of awards under the 2011 Plan to Calavo's executive officers. The Board of Directors is entitled, in its discretion, to grant awards under the 2011 Plan to directors who are not employees. Also, the Compensation Committee is entitled to permit Calavo's Chief Executive Officer to make awards under the 2011 Plan to employees and consultants who are not executive officers of Calavo.

### Eligible 2011 Plan Participants

All directors, officers, employees and consultants (including prospective directors, officers, employees and consultants) of Calavo and its subsidiaries are eligible to receive awards under the 2011 Plan.

### Shares and Cash Available for Awards

Up to 1,500,000 shares of common stock may be issued by Calavo under the 2011 Plan. However, no person may be granted awards under the 2011 Plan during any fiscal year that cover more than 150,000 shares of common stock. The preceding limits are subject to proportionate adjustment in the event of a stock split, reverse stock split, stock dividend or other specified corporate transaction.

The maximum amount of a cash award that may be paid under the 2011 Plan to any participant in any fiscal year is \$4,000,000.

As of February 1st, 2016, 1,260,138 shares of our common stock were available for issuance by Calavo under the 2011 Plan. The closing price per share of our common stock, as reported on the NASDAQ Global Select Market on February 1st, 2016, was \$53.24.

No award may be granted under the 2011 Plan after December 9, 2020, which is the tenth anniversary of the adoption of the 2011 Plan by the Board of Directors.

The terms of each award under the 2011 Plan, including the performance goals and vesting terms of the award, are evidenced by an agreement in a form approved by the Compensation Committee. The award agreement also covers the consequences of the participant's termination of employment and the exercise period of a stock option.

### Types of Awards

Awards may be made under the 2011 Plan in the form of:

- Stock options that are intended to qualify as "incentive stock options" under Section 422 of the Code ("incentive stock options"), provided that incentive stock options may be granted only to employees of Calavo and its subsidiaries;
- Stock options that are not incentive stock options ("nonqualified stock options");

Table of Contents

- Stock appreciation rights (“SARs”) that represent an unfunded and unsecured promise to deliver shares of common stock, cash or other property equal in value to the excess, if any, of the fair market value per share over the exercise (or base) price per share of the SARs;
- Shares of common stock that are subject to specified transfer restrictions, forfeiture provisions and other terms specified in the award agreements (“restricted shares”);
- Restricted stock units that represent an unfunded and unsecured promise to deliver shares of common stock, cash or other property in accordance with the terms of the applicable award agreement (“restricted stock units”);
- Other equity-based or equity-related awards that the Compensation Committee determines are consistent with the purpose of the 2011 Plan and the interests of Calavo; and
- Awards that may be settled in cash.

Performance Awards; Performance Criteria to be Reapproved by Shareholders

As described above, under Section 162(m) of the Code an income tax deduction is not available to Calavo for annual compensation in excess of \$1,000,000 paid to a designated executive officer unless the compensation is performance-based compensation within the meaning of Section 162(m).

Nonqualified stock options, incentive stock options and SARs granted under the 2011 Plan will be considered performance-based compensation within the meaning of Section 162(m) of the Code if their exercise (or base) prices are equal to at least 100% of the fair market value of a share of common stock on the date of grant. The 2011 Plan provides that the exercise price of each share of common stock covered by a nonqualified stock option or an incentive stock option may not be less than 100% of the fair market value of a share of common stock on the option’s grant date. The 2011 Plan provides that the exercise price (or base value) of each share of common stock covered by an SAR may not be less than 100% of the fair market value of a share of common stock on the SAR’s grant date. The 2011 Plan does not specify a minimum purchase price for restricted shares, restricted stock units or other equity-based awards. The 2011 Plan does not permit options to be “repriced.”

Under the 2011 Plan, the Compensation Committee has the authority to designate cash incentive awards, restricted share awards and restricted stock units awards as performance-based compensation under Section 162(m) of the Code. To be performance-based compensation within the meaning of Section 162(m), such awards must be conditioned on the achievement of one or more objective performance goals during a performance period specified by the Compensation Committee.

The 2011 Plan provides that, within the first ninety days of a performance period specified by the Compensation Committee (which generally will be a fiscal year but which can be a longer or shorter period), the Compensation Committee will establish the terms of performance awards that are made to our executive officers and will define in an objective manner the method of calculating the performance criteria it selects to use for the performance period. The Compensation Committee has discretion to select (1) the type of performance awards to be issued (which can be cash incentive awards and/or equity-based awards), (2) the performance criterion or criteria that will be used to establish the performance goal or goals, (3) the performance goal or goals that must be satisfied during the performance period, and (4) the objective performance formula that will be used to determine whether all, some portion or none of the participant’s performance award has been earned during the performance period.

The 2011 Plan provides that the performance criteria that will be used by the Compensation Committee to establish the performance goal(s) with respect to performance awards will be based on the attainment of specific levels of

performance of Calavo or any of its subsidiaries, affiliates, divisions or operational units, or any combination of the foregoing, calculated over a period of one fiscal year or any other shorter or longer period specified by the Compensation Committee, and will be limited to the following performance criteria: (1) net income; (2) income before income taxes; (3) net income per share of common stock; (4) earnings before interest, taxes, depreciation and/or amortization; (5) increases in share price; (6) sales (including specified types or categories of sales); (7) gross or net margin; (8) operating income; (9) reductions in costs and expenses (including specified types or categories of costs and expenses); (10) cash flow (including specified types or categories of cash flow); (11) return on shareholders' equity or invested capital; (12) return on assets or sales; (13) working capital; (14) objective measures of productivity or operating efficiency; (15) market share (in the aggregate or by segment); (16) amount or performance of business acquisitions; (17) market capitalization; and (18) book value. Such performance criteria may be applied on an absolute basis, be relative to one or more peer companies of Calavo or indices or any combination thereof or, if applicable, be computed on an accrual or cash accounting basis.

To date, the Compensation Committee has used Calavo's net income as the applicable performance criterion, but it reserves the right to use any of the other performance criteria listed in the preceding paragraph. Accordingly, the Board of Directors is requesting our shareholders to reapprove all of the performance criteria that are listed in the preceding paragraph.

The 2011 Plan authorizes the Compensation Committee, in its discretion and during the first ninety days of a performance period (or, if shorter, within the maximum period allowed under Section 162(m) of the Code), to adjust or modify the calculation of a performance goal for such performance period to the extent permitted under Section 162(m) of the Code (1) in the event of, or in anticipation of, any unusual or extraordinary corporate item, transaction, event or development affecting Calavo or (2) in recognition of, or in anticipation of, any other unusual or nonrecurring events affecting Calavo or the financial statements of Calavo or of changes in applicable rules, rulings, regulations or other requirements of any governmental body or securities exchange, accounting principles, law or business conditions.

The 2011 Plan also provides that: (1) unless otherwise specified in the applicable award agreement or agreed to by the Compensation Committee with respect to specified causes of employment termination, a participant must be employed by Calavo or a subsidiary on the last day of the performance period to be eligible for any payment with respect to a performance award; (2) a participant is eligible to receive payment of a performance award only to the extent that the Compensation Committee certifies in writing that the performance goal has been achieved; and (3) the Compensation Committee has discretion to reduce or eliminate the amount of a performance award earned during a performance period.

### Amendment or Termination

The Board of Directors is authorized to amend or terminate the 2011 Plan, except that shareholder approval is required for any amendment (1) that would increase the number of shares of common stock issuable under the 2011 Plan, (2) that would permit the repricing of options, or (3) that requires shareholder approval under Section 162(m) of the Code, under the rules of NASDAQ or under any other applicable laws, rules or regulations. No amendment or termination of the 2011 Plan may, without the consent of the participant to whom any award has been granted, materially and adversely affect the rights of the participant under the award unless otherwise provided in the applicable award agreement.

### Federal Income Tax Consequences

To date, the Compensation Committee has determined that awards to executive officers will be payable in a combination of cash and restricted shares. However, the Compensation Committee retains discretion to make awards

in other forms, such as nonqualified stock options or incentive stock options.

The following discussion summarizes the United States income tax consequences of awards granted under the 2011 Plan under Federal income tax laws that are currently in effect. The discussion does not purport to be a complete description

of such Federal income tax consequences, nor does it address foreign, state or local tax consequences. The tax consequences of a 2011 Plan participant's awards may vary depending upon particular circumstances, and the income tax laws and regulations change frequently. Therefore, participants are encouraged to consult their own tax advisors regarding awards received under the 2011 Plan.

### Cash Awards

The recipient of a cash performance award under the 2011 Plan will recognize ordinary income when the award is paid to the recipient.

### Restricted Shares and Restricted Stock Units

A recipient of restricted shares or restricted stock units will realize no taxable income at the time of the grant so long as the restricted shares or restricted stock units are not vested (that is, they are subject to forfeiture and are not transferable) and so long as an election under Section 83(b) of the Code is not made with respect to the restricted shares.

The recipient of restricted shares or restricted stock units will recognize ordinary income when the award vests (unless a deferral election is duly made by the holder of restricted stock units) in an amount equal to the excess of the fair market value of the shares of common stock at the time of vesting over the purchase price for the shares, if any, and will be subject to payroll tax withholding if the holder is an employee of Calavo or a subsidiary. When the recipient sells shares of common stock, any amount received in excess of the fair market value of the shares on the date of vesting will be treated as long-term or short-term capital gain, depending upon the holding period of the shares (after vesting has occurred), and if the amount received is less than the fair market value of the shares on the date of vesting, the loss will be treated as long-term or short-term capital loss, depending on the holding period of the shares. Dividends paid on restricted shares or restricted stock units that have not vested (and that have not been the subject of an election under Section 83(b) of the Code with respect to restricted shares) are treated as compensation income, subject to payroll tax withholding with respect to an employee of Calavo or a subsidiary.

Section 83(b) of the Code permits the recipient of restricted shares to elect, not more than thirty days after the date of receipt of the restricted shares, to include as ordinary income the difference between the fair market value of the restricted shares on the date of grant and their purchase price, if any, rather than being taxed when the restricted shares vest. If such an election is made, the holding period for long-term capital gain or loss treatment will commence on the day following the receipt of the restricted shares, dividends on the restricted shares will be treated as such and not as compensation, and the tax basis of the shares will be their fair market value at the date of grant.

### Nonqualified Stock Options and Incentive Stock Options

A recipient of a nonqualified stock option or an incentive stock option will realize no taxable income at the time of the grant of the option assuming that the exercise price of the option is not less than the fair market value of a share of common stock on the date of the grant.

The holder of a nonqualified stock option will recognize ordinary income at the time of the exercise of the option in an amount equal to the excess of the fair market value of the shares of common stock on the date of exercise over the exercise price of the shares. This taxable income will be subject to payroll tax withholding if the holder is an employee of Calavo or a subsidiary.

When a holder disposes of shares of common stock acquired upon the exercise of a nonqualified stock option, any amount received in excess of the fair market value of the shares of common stock on the date of exercise will be

treated as long-term or short-term capital gain, depending upon the holding period of the shares, and if the amount received is

26

---

## Table of Contents

less than the fair market value of the shares of common stock on the date of exercise, the loss will be treated as long-term or short-term capital loss, depending upon the holding period of the shares.

The holder of an incentive stock option will not recognize taxable income upon exercise of the option. In order to retain this tax benefit, the holder must make no disposition of the shares of common stock so received for at least one year from the date of exercise and for at least two years from the date of the grant of the incentive stock option. The holder's compliance with the holding period requirement and other applicable tax provisions will result in the realization of long-term capital gain or loss when he or she disposes of the shares, measured by the difference between the exercise price and the amount received for the shares at the time of disposition.

If a holder disposes of shares acquired by exercise of an incentive stock option before the expiration of the required holding period, the gain, if any, arising from such disqualifying disposition will be taxable as ordinary income in the year of disposition to the extent of the lesser of (1) the excess of the fair market value of the shares over the exercise price on the date the incentive stock option was exercised and (2) the excess of the amount realized over the exercise price upon such disposition. Any amount realized in excess of the fair market value on the date of exercise is treated as long-term or short-term capital gain, depending upon the holding period of the shares. If the amount realized upon such disposition is less than the exercise price, the loss will be treated as long-term or short-term capital loss, depending upon the holding period of the shares.

For purposes of the alternative minimum tax, the holder will recognize as an addition to his or her tax base, upon the exercise of an incentive stock option, an amount equal to the excess of the fair market value of the shares of common stock at the time of exercise over the exercise price. If the holder makes a disqualifying disposition in the year of exercise, the holder will recognize taxable income for purposes of the regular income tax and the holder's alternative minimum tax base will not be additionally increased.

### SARs

A recipient of SARs will realize no taxable income at the time of the grant or vesting of the SARs. The holder of the SARs will recognize ordinary income at the time that the SARs are exercised in an amount equal to the excess of the cash or fair market value of the shares of common stock received by the holder over the amount, if any, paid by the holder for the SARs. This taxable income will be subject to payroll tax withholding if the holder is an employee of Calavo or a subsidiary.

### Deductions for Calavo

Calavo will be entitled to a deduction for Federal income tax purposes at the same time and in the same amount as the recipient of an award is considered to have realized ordinary income as a result of the award, assuming that the limitation under Section 162(m) of the Code is not applicable. Assuming that the holder of shares of common stock received on exercise of an incentive stock option disposes of the shares after compliance with the holding period requirement described above, Calavo will not be entitled to a Federal income tax deduction since the holder will not have realized any ordinary income in the transaction.

### New Plan Benefits

The size and terms of awards granted to our executive officers under the 2011 Plan in any fiscal year is subject to the Compensation Committee's discretion and is, therefore, not determinable for future fiscal years. Similarly, the size and terms of future awards under the 2011 Plan to other participants is subject to the discretion of the 2011 Plan administrator and is therefore not determinable.

**SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors, executive officers and holders of more than 10% of our common stock to file with the SEC reports regarding their ownership and changes in ownership of our securities. We believe that, during fiscal year 2016, our directors, executive officers and 10% shareholders complied with all Section 16(a) filing requirements, with the following exceptions: Donald Sanders (late on one Form 4 representing three transactions), Dorcas Thille (late on one Form 4 representing 6 transactions) and James Helin (late on one Form 4 representing one transaction). In making this statement, we have relied upon our examination of the copies of Forms 3, 4 and 5, and amendments thereto, provided to us and the written representations of our directors, executive officers and 10% shareholders.

TRANSACTIONS WITH RELATED PERSONS

Calavo has adopted a written policy for approval of transactions between Calavo and its directors, director nominees, executive officers, beneficial owners of more than 5% of our common stock, and their respective immediate family members where the amount involved in the transaction exceeds or is expected to exceed \$100,000 in a single calendar year.

The policy provides that the Audit Committee reviews transactions subject to the policy and decides whether or not to approve or ratify those transactions. In doing so, the Audit Committee determines whether the transaction is in the best interests of Calavo. In making that determination, the Audit Committee takes into account, among other factors it deems appropriate:

- The extent of the related person's interest in the transaction;
  - Whether the transaction is on terms generally available to an unaffiliated third-party under the same or similar circumstances;
- The benefits to Calavo;
- The impact or potential impact on a director's independence in the event the related party is a director, an immediately family member of a director or an entity in which a director is a partner, shareholder or executive officer;
- The availability of other sources for comparable products or services; and
- The terms of the transaction.

The Audit Committee has delegated authority to the chair of the Audit Committee to pre-approve or ratify transactions where the aggregate amount involved is expected to be less than \$200,000. A summary of any new transactions pre-approved by the chair is provided to the full Board of Directors for its review in connection with the Board's regularly scheduled meetings.

The Audit Committee has adopted standing pre-approvals under the policy for limited transactions with related persons. Pre-approved transactions include:

1. Director compensation approved by the Board or the Compensation Committee;
2. Transactions valued at the lesser than \$200,000 or 2% of the other company's consolidated gross revenues, where the related person has an interest only as an employee (other than executive officer), director or beneficial holder of less than 10% of the other company's shares;
3. Transactions where all shareholders receive proportional benefits; and

4. Avocados delivered to us from our directors pursuant to our customary marketing agreements, as discussed below.

Six of our thirteen directors are controlling shareholders, partners, and/or executive officers of entities that market in excess of \$120,000 per year of avocados through us pursuant to customary marketing agreements. During the fiscal year ended October 31, 2015, we paid the following amounts to each of those five directors, including to any entity affiliated with the director, with respect to avocados marketed through us:

We did not have any amounts due to Board members as of October 31, 2015. Accounts payable to these Board members was \$0.1 million as of October 31, 2014.

During fiscal years 2015, 2014, and 2013, we received \$0.3 million as dividend income from Limoneira. In addition, we lease office space from Limoneira for our corporate office. Rent to Limoneira amounted to approximately \$0.3 million for fiscal years 2015, 2014, and 2013. Harold Edwards, who is a member of our Board of Directors, is the Chief Executive Officer of Limoneira Company.

During the 3rd and 4th quarters of fiscal 2015, in conjunction with another round of financing for FreshRealm, LLC (FreshRealm), we invested \$0.8 million. Additionally, two officers of Calavo contributed \$1.8 million, in exchange for a 2.8% ownership interest, and three board of director members contributed \$0.3 million in exchange for 0.44% ownership interest. RFG is a supplier for FreshRealm. In fiscal 2015 and 2014, we had sales of \$0.5 million and \$0.2 million to FreshRealm.

The three previous owners and current executives of RFG have a majority ownership of certain entities that provide various services to RFG. RFG's California operating facility leases a building from LIG partners, LLC (LIG) pursuant to an operating lease. RFG's Texas operating facility leases a building from THNC, LLC (THNC) pursuant to an operating lease. Additionally, RFG sells cut produce and purchases raw materials, obtains transportation services, and shares costs for certain utilities with Third Coast Fresh Distribution (Third Coast). LIG, THNC and Third Coast are majority owned by entities owned by three employees of Calavo (former/current executives of RFG). EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Overview

This Compensation Discussion and Analysis explains the material elements of the compensation that was awarded to, earned by, or paid to each of our executive officers who is named below in the Summary Compensation Table during our 2015 fiscal year. Those executive officers are referred to below as the “named executive officers.”

At the 2015 annual meeting of the shareholders, the shareholders on an advisory basis approved the compensation of the executive officers of Calavo as disclosed in Calavo’s 2015 proxy statement. Based in part upon the results of this shareholder advisory vote, the Compensation Committee has determined to follow the shareholders’ recommendation and to continue to follow its compensation policies and procedures.

Compensation Program Objectives and Philosophy

The Compensation Committee of our Board of Directors oversees the design and administration of the compensation program for our executive officers. The Compensation Committee’s primary objectives in structuring and administering our executive officer compensation program are to:

- attract, motivate and retain talented and dedicated executive officers;
- tie annual and long-term cash and stock incentives to achievement of measurable corporate and individual performance objectives; and
- reinforce business strategies and objectives for enhanced shareholder value.

To achieve these goals, the Compensation Committee maintains compensation plans that tie a portion of executive officers’ overall compensation to key strategic goals, such as financial and operational performance, as measured by metrics such as net income. The Compensation Committee evaluates individual executive performance with a goal of setting compensation at levels the Committee believes are comparable with those of executive officers at other public

companies having a similar size and, generally, line of business, while taking into account our relative performance and our own strategic goals.

The principal elements of our executive compensation program are base salaries, annual cash bonus awards that are based upon the achievement of objective performance goals such as net income levels, restricted stock grants, and other benefits and perquisites. Our other benefits and perquisites consist of life, disability and health insurance benefits, a qualified 401(k) savings plan and automobile allowances. The Compensation Committee also awards discretionary cash and/or stock-based bonuses in appropriate circumstances.

We view these components of compensation as related, but distinct. Although the Compensation Committee does review total compensation, we do not believe that significant compensation derived from one component of compensation should negate or offset compensation from other components. We determine the appropriate level for each compensation component based in part, but not exclusively, on competitive benchmarking consistent with our recruiting and retention goals, our view of internal equity and consistency, and other considerations we deem relevant, such as rewarding extraordinary performance.

Table of Contents

Determination of Compensation Awards

The Compensation Committee typically performs an annual strategic review of our executive officers' compensation to determine whether such compensation provides adequate incentives and motivation to our executive officers and whether it adequately compensates our executive officers relative to comparable officers in other similarly situated companies. The Compensation Committee's most recent review occurred in January 2016.

From time to time, the Compensation Committee's meetings include, for all or a portion of each meeting, the Committee members, our Chief Executive Officer, our Chief Financial Officer, a recording secretary and/or other Board members. For compensation decisions relating to executive officers other than our Chief Executive Officer, the Compensation Committee considers recommendations from our Chief Executive Officer.

When determining compensation for our Chief Executive Officer, the Compensation Committee considers such factors as competitive industry salaries, an assessment of the Chief Executive Officer's contributions made during the preceding year and his industry expertise. Our Chief Executive Officer does not attend the portion of the Compensation Committee's meetings regarding his compensation.

It is our policy generally to qualify compensation paid to executive officers for deductibility under Section 162(m) of the Internal Revenue Code to the maximum extent possible. Section 162(m) generally prohibits us from deducting the compensation of a named executive officer that exceeds \$1,000,000 for a fiscal year unless that compensation is based on the achievement of objective performance goals and unless other specified requirements of Section 162(m) are satisfied. However, we reserve the discretion to pay compensation to our executive officers that may not be deductible under Section 162(m) if we conclude that such compensation is appropriate to retain and motivate our executive officers.

Review of Compensation Surveys

The Compensation Committee believes that it is important when making its compensation-related decisions to be informed as to the current practices of similarly situated companies. As a result, the Compensation Committee, from time to time, reviews broad-based third-party surveys and other information collected from public and private sources regarding the compensation for executive officers of comparably sized companies. The Compensation Committee considers the information in these surveys in connection with establishing the base salaries, performance-compensation awards, equity awards and other benefits and perquisites for our named executive officers.

During fiscal 2015, the Compensation Committee retained an independent compensation consultant, Farient Advisors LLC (“Farient”). In September 2015, the Compensation Committee received from Farient reports that provided analyses and recommendations regarding compensation for Calavo’s non-employee directors and executive officers, including information about compensation for peer group companies, updates on executive compensation market trends and recommendations regarding short-term and long-term executive compensation incentive programs. Pursuant to applicable SEC and NASDAQ rules, the Compensation Committee assessed the independence of Farient and determined that it is an independent compensation consultant. Farient does not provide any other services to Calavo, and the Compensation Committee met with Farient outside the presence of Calavo management.

The Compensation Committee does not believe that the compensation of our named executive officers should be established solely by reference to the compensation programs of other companies or that the compensation of our named executive officers should be set as a specified percentage of the average compensation that is paid to executive officers of other companies. However, the Compensation Committee believes that collecting and reviewing this compensation survey information is a useful resource in providing information about current compensation practices and in confirming that Calavo’s executive compensation program remains competitive.

## Table of Contents

### Base Salaries

We provide our named executive officers with base salaries that we believe enable us to hire and retain individuals in a competitive environment and to reward individual performance and contribution to our overall business goals, while taking into account the unique circumstances of our company. We review base salaries for our named executive officers annually, and increases are based on our performance and individual performance.

In February 2015, the Compensation Committee increased all of our executive officers' annual base salaries by 4%. Mr. Cole's annual base salary increased to approximately \$585,000, Mr. Bruno's base salary increased to approximately \$324,000, and the base salaries of Messrs. Browne, and Wedin increased to approximately \$260,000.

In awarding these increases, the Committee primarily considered the base salaries paid by our peer companies to similarly situated executives. The Compensation Committee believes that this increase in these base annual salaries was necessary to continue to retain these services in a competitive market.

In June 2015, Mr. Bruno, retired as Calavo's Chief Operating Officer, and Chief Financial Officer.

In June 2015, Calavo appointed Kenneth Catchot to serve as Calavo's President and Chief Operating Officer. Mr. Catchot co-founded Renaissance Food Group, LLC ("RFG") in 2003 and has served as an officer of RFG from 2003 to the date of his appointment as Calavo's President and Chief Operating Officer. Mr. Catchot receives an annual base salary of \$460,000.

In June, 2015, James Snyder, who currently serves as Calavo's Corporate Controller, began serving as Calavo's Interim Chief Financial Officer and remained as such until August 2015. Mr. Snyder receives a base salary of \$196,000.

In August 2015, Calavo appointed B. John Lindeman to serve as Calavo's Chief Financial Officer. Mr. Lindeman succeeds Arthur J. Bruno, who retired as Calavo's Chief Financial Officer in June 2015. Mr. Lindeman receives an annual base salary of \$300,000.

For 2015, the base salaries accounted for approximately 65% of total compensation for our Chief Executive Officer and approximately 58% on average for our other named executive officers.

In February 2016, the Compensation Committee increased certain executive officers' base salaries for the 2016 fiscal to the following amounts:

Executive Officer	Base Salary for Fiscal 2016
Lecil Cole	\$ 650,000
Kenneth Catchot	\$ 460,000
B. John Lindeman	\$ 325,000
Michael Browne	\$ 325,000
Robert Wedin	\$ 325,000

In awarding these base salary increases, the Compensation Committee reviewed the base salaries that are paid to executive officers by the peer group companies in Farient's compensation survey referred to above under "Review of Compensation Surveys." The Compensation Committee believes that this increase in executive officers' base salaries was necessary to retain these executive officers in a competitive market.

#### Annual Performance-Based Bonus Awards

During each fiscal year, the Compensation Committee evaluates our bonus compensation practices in light of the objectives of the compensation program. As a result of this evaluation, the Compensation Committee determined that it was appropriate for our executive officers to be eligible to receive performance-based compensation upon the

Table of Contents

achievement of specified performance goals. During the 2015 fiscal year, the performance-based goal was based upon our net income. For each named executive officer, the Compensation Committee provided that the executive officer would receive a percentage of our net income if we achieved a threshold net income of \$24,000,000.

The Compensation Committee believes that basing bonuses on the achievement of specified levels of net income provides a correlation between executive compensation and company performance. A named executive officer's entitlement to a performance-based payment is not accelerated in the event of the executive officer's termination of employment.

For the 2015 fiscal year, the percentage of our net income that each named executive officer was entitled to receive as a performance-based bonus was as follows:

## COMPENSATION RISK

Our Compensation Committee reviewed the compensation policies and practices of Calavo that could have a material impact on Calavo. The Compensation Committee's review considered whether any of these policies and practices may encourage inappropriate risk-taking, whether any policy or practice may give rise to risks that are reasonably likely to have a material adverse effect on us, and whether it would recommend any changes to the Calavo's compensation policies and practices. The Compensation Committee also reviewed with the Board of Directors risk-mitigating controls such as the degree of committee and senior management oversight of each compensation program and the level and design of internal controls over such programs. Based on these reviews, Calavo determined that risks arising from its compensation policies and practices are not reasonably likely to have a material adverse effect on Calavo.
