PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of eGain Corporation, a Delaware corporation, referred to as eGain or the Company, of proxies in the accompanying form to be used at the Annual Meeting of Stockholders of eGain, or the Annual Meeting, to be held at Michaels at Shoreline - 2960 N Shoreline Blvd, Mountain View, CA 94043, on November 18, 2016 at 1:00 P.M., Pacific Time, and any postponement or adjournment thereof. The shares represented by the proxies received in response to this solicitation and not properly revoked will be voted at the Annual Meeting in accordance with the instructions therein. A stockholder who has given a proxy may revoke it at any time before it is exercised by filing with the Secretary of eGain a written revocation or a duly executed proxy bearing a later date or by voting in person at the Annual Meeting. On the matters coming before the Annual Meeting for which a choice has been specified by a stockholder by means of the ballot on the proxy, the shares will be voted accordingly. If no choice is specified, the shares will be voted in accordance with the recommendations of the Board of Directors set forth below.

The Board of Directors recommends that you vote:

“FOR” election of each of the nominated directors; and

“FOR” the appointment of Burr Pilger Mayer, Inc., as eGain’s independent registered accounting firm.

Stockholders of record at the close of business on September 29, 2016, or the Record Date, are entitled to vote at the Annual Meeting. As of the close of business on that date, eGain had 27,108,428 shares of Common Stock, \$0.001

par value, or the Common Stock, outstanding. The presence in person or by proxy of the holders of a majority of eGain's outstanding shares of Common Stock constitutes a quorum for the transaction of business at the Annual Meeting. Each holder of Common Stock is entitled to one vote for each share held as of the Record Date.

Directors are elected by a plurality vote. The five nominees for director who receive the most votes cast in their favor will be elected to serve as a director.

Other proposals submitted for stockholder approval at the Annual Meeting will be decided by the affirmative vote of the majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on such proposal. Abstentions with respect to any proposal are treated as shares present or represented and entitled to vote on that proposal and thus have the same effect as negative votes. If a broker which is the record holder of shares indicates on a proxy that it does not have discretionary authority to vote on a particular proposal as to such shares, or if shares are not voted in other circumstances in which proxy authority is defective or has been withheld with respect to a particular proposal, these non-voted shares will be counted for quorum purposes but are not deemed to be present or represented for purposes of determining whether stockholder approval of that proposal has been obtained.

The expense of printing, mailing proxy materials and solicitation of proxies will be borne by eGain. eGain will reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation materials to beneficial owners of eGain's Common Stock. No additional compensation will be paid to such persons for such solicitation.

This Proxy Statement, the accompanying form of proxy and the Annual Report to Stockholders on Form 10-K for the fiscal year ended June 30, 2016 or the 2016 Annual Report, including our consolidated financial statements, are being mailed to stockholders on or about October 12, 2016.

IMPORTANT

Please mark, sign and date the enclosed proxy and return it at your earliest convenience in the enclosed postage-paid return envelope so that, whether you intend to be present at the Annual Meeting or not, your shares can be voted. This will not limit your rights to attend or vote at the Annual Meeting.

Director Independence

Our Board of Directors has determined that, except for Mr. Roy, each individual who currently serves as a member of our Board of Directors is an "independent director" within the meaning of the rules of The NASDAQ Stock Market and the Securities and Exchange Commission. Mr. Roy is not considered independent as he is employed by eGain as its Chief Executive Officer.

Board Leadership

The Board of Directors does not have a policy regarding the separation of the roles of Chief Executive Officer and Chairman of the Board, as the Board of Directors believes it is in the best interests of eGain and its stockholders to evaluate such roles from time to time based on the composition of the Board of Directors and on the input from our independent directors. The Board of Directors has determined that having eGain's Chief Executive Officer serve as Chairman is in the best interests of the Company's stockholders at this time. This structure makes the best use of the Chief Executive Officer's extensive knowledge of the Company and its industry, as well as fosters greater communication between the Company's management and the Board of Directors.

The Board of Directors has chosen not to appoint a lead independent director at this time in view of the active roles assumed by the independent directors.

Board of Directors - Risk Oversight

Companies, including eGain, face a variety of risks, including credit risk, liquidity risk, currency exchange risk and operational risk. For a detailed discussion of these risks, we encourage you to review our 2016 Annual Report. Our Board of Directors believes an effective risk management system will timely identify the material risks that eGain faces and communicate necessary information with respect to material risks to senior executives. As appropriate, our Board of Directors or its relevant committees have in the past and will in the future implement risk management strategies consistent with the Company's risk profile and integrate risk management into the Company's decision-making.

Our Board of Directors retains ultimate oversight over the Company's risk management. Our Audit Committee takes an active role in overseeing Company-wide risk management and discusses risk management processes with our Board of Directors. The Compensation Committee also oversees the Company's compensation policies and practices to ensure that the Company's compensation policies and practices do not motivate imprudent risk taking. In addition, our Board of Directors encourages management to promote a corporate culture that incorporates risk management into the

Company's corporate strategy and day-to-day business operations. Our Board of Directors, with the input of the Company's executive officers, assesses likely areas of future risk for the Company on an on-going basis.

Board Meetings and Committees

Our Board of Directors held seven meetings during fiscal year 2016. Each director attended or participated in 75% or more of the meetings of our Board of Directors and of the committees on which such directors serve. Ashutosh Roy and David Scott attended the 2015 annual meeting of stockholders. While we do not have a formal policy on attendance at the Annual Meeting, eGain encourages each of the members of its Board of Directors to attend the Company's Annual Meeting of Stockholders.

Our Board of Directors has appointed a Compensation Committee, a Stock Option Committee, a Nominating and Corporate Governance Committee and an Audit Committee.

The members of the Compensation Committee are independent directors Phiroz P. Darukhanavala, David S. Scott, and Gunjan Sinha. The Compensation Committee held two meetings during fiscal year 2016. The Compensation Committee's functions are to assist in the implementation of, and provide recommendations with respect to, general and specific compensation policies and practices of eGain. The Compensation Committee operates under the Compensation Committee Charter adopted by our Board of Directors. The charter is available at the Company's website at http://hd.egain.com/wp-content/uploads/2012/11/egain_compensation_charter.pdf.

The Nominating and Corporate Governance Committee held one meeting during fiscal year 2016. The Nominating and Corporate Governance Committee's primary functions are to seek and recommend to our Board of Directors qualified candidates for election to our Board of Directors and to oversee matters of corporate governance, including the evaluation of our Board of Directors' performance and processes, and assignment and rotation of members on the committees established by the Board of Directors. The Nominating and Corporate Governance Committee operates under the Nominating and Corporate Governance Committee Charter adopted by our Board of Directors. The charter is available at the Company's website at http://hd.egain.com/wp-content/uploads/2012/11/egain_nominating_governance_charter.pdf.

The charter is available at the Company's website at http://hd.egain.com/wp-content/uploads/2012/11/egain_audit_charter.pdf.

Stockholder Communications with the Board of Directors

If you wish to communicate with the Board of Directors, you may send your communications in writing to: Secretary, eGain Corporation, 1252 Borregas Avenue, Sunnyvale, California 94089. You must include your name and address in the written communication and indicate whether or not you are a stockholder of the Company. The Secretary will review any communications received from a stockholder, and all material communications from stockholders will be forwarded to the appropriate director or directors or committee of the Board based on the subject matter.

Code of Ethics

Our Board of Directors approved a code of ethics applicable to the Board of Directors, senior management including financial officers, and all other employees. The Code of Ethics and Business Conduct, or Code of Ethics, includes standards intended to deter wrongdoing and promote honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships; full, fair, accurate, timely and understandable disclosure in reports filed with the Securities and Exchange Commission; compliance with laws; prompt internal reporting of violations of the Code of Ethics; and accountability for the adherence to the Code of Ethics. The Code of Ethics is available on the Company's website at http://hd.egain.com/wp-content/uploads/corporate/egain_code_ethics.pdf . Copies of the Code of Ethics are also available in print upon written request to Secretary, eGain Corporation, 1252 Borregas Avenue, Sunnyvale, California 94089.

Director Qualifications

The Nominating and Corporate Governance Committee periodically reviews with our Board of Directors the appropriate skills and characteristics required of Board members given the current composition of the Board of Directors. Although we

have no formal diversity policy for members of our Board of Directors, the Board of Directors and the Nominating and Corporate Governance Committee believe that our Board of Directors should be comprised of individuals who have a diversity of backgrounds, leadership qualities, a record of success in their arena of activity and who can make substantial contributions to the operations of the Board of Directors. The assessment of Board candidates includes, but is not limited to, consideration of relevant industry experience, relevant financial experience, general business experience and compliance with independence and other qualifications necessary to comply with any applicable corporate and securities laws and the rules and regulations thereunder. Specific consideration shall also be given to: contributions valuable to the business community; personal qualities of leadership, character, and judgment whether the candidate possesses and maintains throughout his or her service on the Board, a reputation in the community at large, of integrity, competence and adherence to the highest ethical standards; relevant knowledge and diversity of background and experience in such things as business, software development, manufacturing, technology, finance and accounting, marketing, international business, government and the like; or whether the candidate is free of conflicts and has the time required for preparation, participation and attendance at all meetings. Other than the foregoing, there are no stated minimum criteria for director nominees. The Nominating and Corporate Governance Committee does, however, believe it is appropriate for at least one, and preferably multiple, members of the Board to meet the criteria for an “audit committee financial expert” as defined by Securities and Exchange Commission rules, and that a majority of the members of the Board meet the definition of “independent director” under the rules of The NASDAQ Stock Market. The Nominating and Corporate Governance Committee also believes it is appropriate for certain members of management to serve on the Board of Directors. When evaluating a candidate for the Board of Directors, the Nominating and Corporate Governance Committee does not assign specific weight to any of these factors nor does it believe that all of the criteria necessarily apply to every candidate. A director’s qualifications in light of the above-mentioned criteria are considered at least each time the director is nominated or re-nominated for Board membership.

Identifying and Evaluating Director Nominees

The Nominating and Corporate Governance Committee considers candidates for Board membership suggested by Board members and management of eGain. The Nominating and Corporate Governance Committee will consider persons recommended by eGain’s stockholders in the same manner as a nominee recommended by Board members or management. A stockholder who wishes to suggest a prospective nominee for the Board should notify eGain’s Secretary or any member of the Nominating and Corporate Governance Committee in writing with any supporting material the stockholder considers appropriate. After completing the evaluation and review, the Nominating and Corporate Governance Committee makes a recommendation to our full Board of Directors as to the person who should be nominated to the Board of Directors, and our Board of Directors considers the nominee after evaluating the recommendation and report of the Nominating and Corporate Governance Committee. Each director candidate recommended for election at this year’s Annual Meeting is an existing director, seeking re-election to the Board of Directors.

In addition, our Bylaws contain provisions that address the process by which a stockholder may nominate an individual to stand for election to our Board of Directors at our annual meeting of stockholders. In order to nominate a candidate for director, a stockholder must give timely notice in writing to Secretary and otherwise comply with the provisions of our Bylaws. To be timely, our Bylaws provide that we must have received the stockholder’s notice not less than 120 days prior to any meeting called for the election of Directors; however, if we have not given 100 days’ notice, we must have received the stockholder’s notice not later than the close of business on the 7th day following the day on which notice was given. Information required by the Bylaws to be in the notice includes (a) the name, age, business address and, if known, residence address of each nominee proposed in such notice, (b) the principal occupation or employment of each such nominee, (c) the number of shares of our common stock which are beneficially owned by each such nominee and by the nominating stockholder, and (d) any other information concerning the nominee that must be disclosed of nominees in proxy solicitations regulated by Regulation 14A of the

Securities Exchange Act of 1934, as amended.

Stockholder nominations must be made in accordance with the procedures outlined in, and include the information required by, our Bylaws and must be addressed to: Secretary, eGain Corporation, 1252 Borregas Avenue, Sunnyvale, California 94089. You can obtain a copy of our Bylaws by writing to the Secretary at this address.

Compensation Discussion and Analysis

Company Philosophy on Compensation

The Compensation Committee of our Board of Directors is responsible for providing oversight and determining our executive compensation programs. To that end, our Compensation Committee reviews corporate performance relevant to the compensation of our executive officers and works with management to establish our executive compensation programs. The general philosophy of our executive compensation program is to:

- encourage creation of stockholder value and achievement of strategic corporate objectives by providing management with long-term incentives through equity ownership by management;
- provide a competitive total compensation package that enables us to attract and retain, on a long-term basis, high caliber personnel;

- provide a total compensation opportunity that is competitive with companies in our industry, taking into account relative company size, performance and geographic location, as well as individual responsibilities and performance;
- provide fair and internally consistent compensation; and
- other relevant considerations such as rewarding extraordinary performance.

Our executive compensation program is designed to reward team accomplishments while promoting individual accountability. The combination of incentives is designed to balance annual operating objectives and eGain's earnings' performance with longer-term stockholder value creation.

Establishing Compensation

Recommendations for executive compensation are made by our Compensation Committee and approved by the independent members of our Board of Directors. The Compensation Committee may not delegate its authority in these matters to other persons. Our Compensation Committee typically reviews our executive officers' compensation, including our named executive officers, on an annual basis. Our Compensation Committee determines the appropriate levels of compensation to recommend based primarily on:

- competitive benchmarking consistent with our recruiting and retention goals;
- internal consistency and fairness; and
- other relevant considerations such as rewarding extraordinary performance.

To assist in the process of establishing executive compensation, our Compensation Committee reviews publicly available compensation information from a group of peer companies located in the Silicon Valley. Our Compensation Committee recommends compensation for our Chief Executive Officer, which was set at \$24 per annum at his request beginning October 2003, as discussed below. With respect to our other named executive officers, our Compensation Committee reviews compensation that is recommended by our Chief Executive Officer.

Compensation Components

Our executive compensation program generally consists of three primary components: base salary, annual non-equity incentives and stock option awards. These primary compensation components are described in more detail below. Executive officers are also eligible to participate in all of our respective local employee benefits plans, such as medical insurance, life and disability insurance and our 401(k) retirement plan, in each case on the same basis as other employees.

We view the three primary components of executive compensation as related, but we do not believe that compensation should be derived entirely from one component, or that significant compensation from one component should necessarily reduce compensation from other components. Our Compensation Committee has not adopted a formal or informal policy for allocating compensation between long-term and current compensation or between cash and non-cash compensation.

Base Salary

We provide our named executive officers with a base salary to compensate them for services rendered during the fiscal year. We establish base salaries for our executives based on the scope of their responsibilities and

experience and take into account competitive market compensation paid by companies in our peer group commensurate for similar responsibilities and positions. We believe that executive base salaries should be targeted to be within the range of salaries for similar positions at comparable companies, which is in line with our compensation philosophy, in order to best attract, retain and motivate our executives. In reviewing compensation of our peer companies, our Compensation Committee takes into account the annual revenues and market size of these companies and other relevant factors it deems appropriate.

Our Compensation Committee attempts to establish compensation, particularly base salary, in the same comparable range that our revenues and market size fall when compared to these peer companies. In some cases,

our executive compensation may rise above this range due to certain circumstances, such as a strong retention need or an extraordinary performance.

We note that the salary for our Chief Executive Officer, Ashutosh Roy, was set at a nominal amount of \$24 per annum at his request beginning October 2003. Mr. Roy requested this reduction initially in connection with our cost reduction initiatives and more recently to assist in our investment efforts. As a significant stockholder, a substantial portion of Mr. Roy's personal wealth is tied directly to the performance of eGain's stock, which provides direct alignment with stockholder interests.

We attempt to review base salaries annually and adjust base salaries from time to time to ensure that our compensation programs remain competitive with market levels.

The base salary for each of our named executive officers in fiscal year 2016 was:

Name	Base Salary
Ashutosh Roy	\$ 24
Eric Smit	\$ 250,000
Promod Narang	\$ 250,000
Joseph Brown	\$ 225,000

Annual Non-Equity Incentive Plan Compensation

Currently most eGain employees participate in either a non-equity incentive plan tied primarily to revenue or bookings metrics or, in the case of sales representatives and managers, a commission plan tied primarily to revenue and bookings metrics. The plans are designed to provide awards to employees as an incentive to contribute to eGain's continued growth.

Amounts paid to our named executive officers pursuant to our non-equity incentive plan are contingent upon the attainment of certain performance targets established by our Compensation Committee and Board of Directors and are made in accordance with our executive compensation strategy. For fiscal year 2016, approximately 30% of the target for each executive officer was tied to company performance and 70% to the individual performance of the executive officer and his team. The performance targets may include:

- financial metrics, such as new cloud and license bookings, annualized contract value, revenues, operating income, cash flow, cash balances, days sales outstanding and
- business operational metrics, such as customer satisfaction, customer retention, operational efficiencies, product delivery and product quality.

Amounts paid to our named executive officers pursuant to our commission plan are contingent upon the attainment of certain sales targets established by our Compensation Committee and Board of Directors and are made in accordance with our executive compensation strategy. The sales targets include financial metrics such as license revenue, new hosting bookings and professional services invoiced.

Stock Option Awards

We believe the use of stock-based awards for our named executive officers is a strong compensation tool that encourages officers to act in a manner that leads to long-term company success. We believe this type of compensation aligns our executive officers' performance with the interests of our long-term investors by rewarding our officers through equity appreciation. The stock-based incentive program for the entire Company, including executive officers, currently consists of stock option grants only, but we may introduce different types of equity awards or instruments to remain competitive in the compensation we pay our employees.

Our Stock Option Committee approves grants of proposed stock options awards and administers our stock option plans consistent with the compensation policies and practices as set by our Compensation Committee. Proposed stock

option awards to our executive officers are presented to our entire Board of Directors for consideration. The stock option committee normally grants options to executive officers upon the hiring of an executive officer, as part of an annual review, and as special circumstances arise. The exercise price of our stock option awards is based on the closing price of our Common Stock on the Over-the-Counter Bulletin Board or the NASDAQ Stock Market LLC, as applicable; on the date such stock option award is approved. Except with respect to new hire grants, proposals for significant stock option awards to our executive officers are not considered during our established “blackout period,” which commences 20 days prior to the end of each fiscal quarter and ends the trading day following the announcement of earnings for such fiscal quarter. Except for such proposed stock option awards to our executive officers, we intend to grant options in accordance with the foregoing procedures without regard to the timing of the release of material non-public information, such as an earnings announcement.

Other Supplemental Benefits

In addition to the compensation opportunities we describe above, we also provide our named executive officers and other employees with benefits, such as medical insurance, life and disability insurance and our 401(k) retirement plan, in each case on the same basis as other employees.

Effective July 1, 2014, the Company began contributing 50% of employee contributions up to a maximum of 6% of the total employee salary contributions.

Defined Pension Plan

None of our named executive officers participate in or have account balances in qualified or non-qualified defined benefit plans sponsored by us. We do not offer such qualified or non-qualified defined benefit plans to our executives because we believe that such defined benefit plans are not typical for similar companies in both our industry and geographic region. We may elect to adopt qualified or non-qualified defined benefit plans if our Compensation Committee and Board of Directors determine that doing so is in our best interests.

Change of Control Benefits

On November 2, 2015, the Board approved a form of change of control and severance agreement and authorized the Company to enter into that standard form agreement, which it did, with several of the Company’s employees and executive officers, including named executive officers Eric Smit, Promod Narang and Joseph Brown, but not including, at this time, Ashutosh Roy, the Company’s Chief Executive Officer.

The form of change of control and severance agreement has an initial term of one year, which term automatically renews for additional one-year periods unless either party provides written notice of non-renewal at least 60 days prior to the date of automatic renewal and which term extends for one year from a “change of control,” as defined in the agreement. Pursuant to the agreement, if the individual is terminated by us without “cause” (as defined in the agreement), or terminates his or her employment for “good reason” (as defined in the agreement), each during a period not within two months prior to and ending 12 months following a change of control, or the “change of control period” (as defined in the agreement), he or she is entitled to 6 months of salary continuation from the termination date plus 50% of the individual’s target bonus in the year of termination and 6 months of accelerated vesting of any outstanding equity awards.

The receipt of the above-described benefits are subject to the individual executing a release of certain claims against us. Further, in either of the above situations the individual will also be reimbursed (or receive payments in lieu of such reimbursements) if he or she elects and pays to continue health insurance under the Consolidated Omnibus Budget Reconciliation Act of 1985, or COBRA, for any premiums paid for continued health benefits for the individual and his or her eligible dependents until the earlier of (i) 6 months following the termination date or (ii) the date upon which the executive and his or her eligible dependents become covered under similar plans.

Non-qualified Deferred Compensation

None of our named executive officers participate in or have account balances in non-qualified defined contribution plans or other deferred compensation plans maintained by us. To date, we have not had a significant reason to offer such non-qualified defined contribution plans or other deferred compensation plans. We may elect to provide our officers and other

employees with non-qualified defined contribution or deferred compensation benefits if our Compensation Committee and Board of Directors determine that doing so is in our best interests.

Section 162(m) Treatment Regarding Performance-Based Equity Awards

Under Section 162(m) of the Internal Revenue Code of 1986, as amended, we may not receive a federal income tax deduction for compensation paid to our Chief Executive Officer, Chief Financial Officer or up to three additional executive officers whose total compensation is required to be reported in our Proxy Statement to the extent that any of these persons receives more than \$1,000,000 in compensation in the taxable year. We intend to preserve the deductibility of compensation payable to our executives, although deductibility will be only one of the many factors considered in determining appropriate levels or modes of compensation.

COMPENSATION COMMITTEE REPORT

The following report of the Compensation Committee does not constitute soliciting material and shall not be deemed filed or incorporated by reference into any other filing by eGain under the Securities Act of 1933 or the Securities Exchange Act of 1934.

The Compensation Committee of our Board of Directors has reviewed and discussed the Compensation Discussion and Analysis with management. Based on this review and discussion, the Compensation Committee recommended to our Board of Directors that the Compensation Discussion and Analysis be included in this definitive proxy statement on Schedule 14A for our 2016 annual stockholders meeting, which is incorporated by reference in our 2016 Annual Report, each as filed with the Securities and Exchange Commission.

Respectfully submitted,
Compensation Committee
