## Citizens Communications and Electric Lightwave Report Financial Results for the First Quarter of 2002

Stamford, Conn., May 14, 2002 - Citizens Communications (NYSE: CZN) and its subsidiary Electric Lightwave, Inc. (ELI) (NASDAQ: ELIX) today each reported financial results for the quarter ended March 31, 2002. The following information should be read in conjunction with the financial statements and footnotes contained in the Form 10-Qs to be filed tomorrow with the Securities and Exchange Commission. Certain terms used in this press release are defined at the end of the release.

For the first quarter of 2002 consolidated revenue was \$679.3 million; operating income from continuing operations was \$100.4 million; Adjusted EBITDA from continuing operations was \$290.2 million; capital expenditures totaled \$69.6 million; Free Cash Flow was \$208.9 million; consolidated net income was \$83.2 million; free cash flow per share was 75 cents and net income per share was 30 cents.

Citizens' consolidated results for the first quarter of 2002 include a \$309.2 million pre-tax gain on the sale of the company's water utilities; a non-cash write off of ELI's goodwill of \$39.8 million; the write down of Global Crossing receivables of \$7.8 million as a result of Global Crossing filing for bankruptcy; a non-cash charge of \$49.7 million resulting from the decline in value of the company's investment in Adelphia Communications; and restructuring and other expenses of \$3.9 million related to the company's closing of its Sacramento call center and its operations support center in Plano, Texas.

Telecommunications - Incumbent Local Exchange Carrier Segment ("ILEC Segment") First quarter 2002 revenue from the company's ILEC Segment was \$508.0 million, up \$220.7 million or 77 percent from \$287.3 million in the first quarter of 2001. The June 2001 acquisition of Frontier accounted for \$207.2 million of the increase. Excluding the impact of the Frontier acquisition, the revenue increase was \$13.5 million or five percent above the first quarter of 2001, primarily related to continued increases in penetration of enhanced services and data products.

Access lines at March 31, 2002 totaled 2,478,600, a 79 percent increase from 1,387,300 lines at March 31, 2001. Excluding the impact of the Frontier acquisition, access lines were unchanged from March 31, 2001. In addition to its access line count, the company added more than 11,000 DSL subscribers during the first quarter, compared to virtually no additions during the start up phase in the first quarter of 2001. The company continues to see accelerated growth in DSL lines as first quarter net additions of 11,000 subscribers exceeded fourth quarter net additions of 9,100 subscribers by 21 percent.

Adjusted EBITDA for the first quarter of 2002 was \$264.3 million, an increase of \$115.3 million or 77 percent compared to the year-ago quarter. The Company's Adjusted EBITDA margin continues to improve ahead of targets. Sequentially Adjusted EBITDA increased \$10.4 million from the fourth quarter of 2001 and the Adjusted EBITDA margin increased to 52 percent as compared to 49.7 percent in the fourth quarter of 2001. These margins reflect an ongoing focus on execution, ongoing success in the integration of Frontier and the efficiencies achieved

## Edgar Filing: CITIZENS COMMUNICATIONS CO - Form 8-K

from the combination.

ILEC Segment operating income was \$92.2 million, up 47 percent from \$62.7 million in the first quarter of 2001. Operating income for the first quarter of 2002 reflects charges of \$13.8 million and accelerated depreciation of \$11.9 million resulting from the closing of the company's facilities in Plano, Texas, and Sacramento, and operating income for the first quarter of 2001 reflects \$5.5 million of acquisition assimilation expenses associated with our completed acquisitions.

For the 2002 quarter the ILEC Segment had capital expenditures of \$55.8 million compared to \$76.6 million of capital expenditures for the quarter ended March 31, 2001. This decrease relates principally to increased scrutiny of discretionary capital projects in the current economic environment as well as to normal first quarter seasonality.

Free cash flow for the 2002 quarter was \$194.7 million versus \$78.1 million in the fourth quarter of 2001 and \$72.5 million in the year ago quarter. The increase in Free Cash Flow was related to the increase in EBITDA and the decline in capital expenditures described above.

Competitive Local Exchange Carrier Segment; Electric Lightwave, Inc. (NASDAQ: ELIX) 2002 first-quarter revenue from ELI totaled \$48.2 million, operating loss was \$17.2 million, EBITDA was \$2.5 million, and capital expenditures were \$4.2 million. EBITDA includes the effect of a \$2.1 million one-time favorable item.

ELI's Class A Common Stock is currently traded on the Nasdaq National Market System, but does not meet minimum bid price and market value of public float requirements for continued listing. The stock is expected to be delisted from the Nasdaq National Market in the near future.

### Public Services Segment

The gas and electric segments accounted for \$124.1 million of first-quarter 2002 consolidated revenue, \$25.2 million in EBITDA, \$9.6 million of capital expenditures and \$15.7 million of free cash flow.

EBITDA is operating income plus depreciation and amortization. Adjusted EBITDA is EBITDA plus the write down of Global Crossing receivables and restructuring expenses. Free cash flow is EBITDA less capital expenditures. EBITDA is a measure commonly used to analyze companies on the basis of operating performance. EBITDA is not a measure of financial performance nor is it an alternative to cash flow as a measure of liquidity and may not be comparable to similarly titled measures of other companies.

### About Citizens Communications

Citizens Communications serves 2.5 million access lines in 24 states. Citizens owns 85 percent of Electric Lightwave, Inc. (NASDAQ:ELIX), a facilities-based, integrated communications provider that offers a broad range of services to telecommunications-intensive businesses throughout the United States.

This document contains forward-looking statements that are subject to risks and uncertainties that could cause actual results to differ materially from those expressed or implied in the statements. These and all forward-looking statements (including oral representations) are only predictions or statements of current plans that are constantly under review by the company. All forward-looking statements may differ from actual results because of, but not limited to, changes in the local and overall economy, changes in market conditions for debt and equity securities, the nature and pace of technological changes, the number and effectiveness of competitors in the company's markets, success in overall strategy, changes in legal or regulatory policy, changes in legislation, the

- (1) Includes our Incumbent Local Exchange Carrier (ILEC), Electric Lightwave, Inc. (ELI) (our Competitive Local Exchange Carrier) and our natural gas and electric businesses. The natural gas and electric businesses are presented in continuing operations in the selected income statement data and as assets held for sale in the balance sheet data. Continuing operations reflect the elimination of intercompany transactions (see segment footnote in the SEC Form 10-Q).
- (2) Other operating expenses includes \$3,715,000 and \$5,484,000 of acquisition assimilation expenses for the quarters ended December 31, 2001 and March 31, 2001, respectively. These expenses are associated with our completed acquisitions.
- (3) Includes \$33,977,000 and \$10,352,000 of goodwill amortization for the quarters ended December 31, 2001 and March 31, 2001, respectively. Amortization of goodwill ceased on January 1, 2002 in accordance with statement of Financial Accounting Standards No.142.
- (4) Represents the write-down of the net realizable value of Global Crossing receivables as a result of Global's filing for bankruptcy. See footnote 6 in the SEC 10-Q Form for an explanation of restructuring and other expenses.
- (5) Includes \$1,553,000 of convertible preferred dividends for each quarter.
- (6) As a result of ELI's adoption of Statement of Financial Accounting Standards No. 142, we recognized a transitional impairment loss, (the write-off of ELI's goodwill) as a cumulative effect of a change in accounting principle in the first quarter of 2002.
- (7) Adjusted EBITDA is operating income plus depreciation and amortization, the Global Crossing write-down and restructuring and other expenses. Adjusted EBITDA is a measure commonly used to analyze companies on the basis of operating performance. It is not a measure of financial performance under generally accepted accounting principles and should not be considered as an alternative to net income as a measure of performance nor an alternative to cash flow as a measure of liquidity and may not be comparable to similarly titled measures of other companies (see segment footnote in the SEC Form 10-Q).
- (8) Excludes equity units of \$460,000,000 for December 31, 2001 and March 31, 2002 and related interest expense. Total debt includes current portion of long term debt.
- (9) Free cash flow is operating income plus depreciation and amortization minus cash capital expenditures excluding changes in working capital, cash income taxes for the period and interest expense.
- (10) Calculated based on weighted average shares outstanding.
