**NOTE 2. INCOME TAXES**

Edgar Filing: CUMMINS INC - Form 8-K

Our effective tax rate for the year is expected to approximate 26 percent, absent any discrete period activity. Our tax rate is generally less than the 35 percent U.S. income tax rate primarily due to lower tax rates on foreign income. The tax rates for the three and six month periods ended July 1, 2012, were 25.1 percent and 26.0 percent, respectively.

The tax rates for the three and six month periods ended June 26, 2011, were 29.5 percent and 29.8 percent, respectively, and included a discrete tax charge of \$4 million related to the enactment of state law changes in Indiana. The decrease in the 2012 effective tax rates versus the comparable periods in 2011 is due primarily to our assertion that income earned after 2011 by our China operations is permanently reinvested, as well as certain tax planning strategies implemented in our U.K. subsidiaries.

**CUMMINS INC. AND SUBSIDIARIES****FINANCIAL MEASURES THAT SUPPLEMENT GAAP****(Unaudited)****Net income and diluted earnings per share (EPS) attributable to Cummins Inc. excluding special items**

We believe this is a useful measure of our operating performance for the periods presented as it illustrates our operating performance without regard to special items including the gains related to the sale of certain assets and liabilities. This measure is not in accordance with, or an alternative for, accounting principles generally accepted in the United States of America (GAAP) and may not be consistent with measures used by other companies. It should be considered supplemental data. The following table reconciles net income attributable to Cummins Inc. to net income attributable to Cummins Inc. excluding special items for the three and six month periods ended July 1, 2012 and June 26, 2011.
