On August 1, 2016, Dollar General Corporation (the “Company”) entered into definitive documentation to establish a commercial paper program (the “Program”), under which the Company may issue unsecured commercial paper notes (the “Notes”) pursuant to an exemption from registration contained in Section 4(a)(2) of the Securities Act of 1933, as amended (the “Securities Act”). Under the Program, the Company may issue the Notes from time to time in an aggregate amount not to exceed \$1,000,000,000 outstanding at any time. The Notes will have maturities of up to 364 days from the date of issue and will rank equal in right of payment with all of the Company’s other unsecured and unsubordinated indebtedness. The Company has agreed to maintain available commitments under its Amended and Restated Credit Agreement, dated as of October 20, 2015, in an amount at least equal to the amount of Notes outstanding at any time. The net proceeds of the issuance of the Notes are expected to be used for general corporate purposes.

A national bank acts as the issuing and paying agent under the Program pursuant to an issuing and paying agent agreement. Commercial paper dealers will act as dealers (each a “Dealer”) pursuant to the terms and conditions of commercial paper dealer agreements entered into between the Company and each of the Dealers (the “Dealer Agreements”). Each Dealer Agreement contains customary representations, warranties, covenants and indemnification provisions.

The Notes have not been and will not be registered under the Securities Act or state securities laws, and may not be offered and sold except in compliance with an applicable exemption from the registration requirements of the Securities Act and applicable state securities laws. The information contained in this Current Report on Form 8-K shall not constitute an offer to sell or the solicitation of an offer to purchase any securities, nor shall there be any sale of the Notes in any jurisdiction in which such offer, solicitation or sale would be unlawful.
