**Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.**

On September 26, 2006, First American Equipment Finance (Lessor) entered into a master lease agreement with Data I/O.

Data I/O's initial Equipment Schedule financed under the master lease agreement has the following provisions: lease term of 5 years; purchase option for \$1 on completion; 20 quarterly payments of \$35,217 totaling \$704,345; and Data I/O pays all taxes, insurance, maintenance, costs and expenses. This will be accounted for as a capital lease obligation. The financing was used to fund equipment, furniture and other items in connection with our move to a new facility in Redmond, Washington.

The master lease agreement provides for events of default such as: failure to pay rent; failure to observe covenants; bankruptcy, reorganization or insolvency; assignment, movement or transfer of the equipment; termination of existence or certain control changes; false representations; license breaches or terminations; or failure to maintain insurance. Should an event of default occur, and not be cured or waived, at the lessor's determination it could result in a lease termination, obligation acceleration, damages or other remedies.
