PROXY STATEMENT FOR ANNUAL MEETING
OF SHAREHOLDERS TO BE HELD MAY 19, 2016

QUESTIONS & ANSWERS

PROXY STATEMENT

What is a Proxy and a Proxy Statement?

The Company's Board of Directors is soliciting proxies for the 2016 Annual Meeting of Shareholders. A proxy is your authorization for someone else to vote for you in the way you want to vote and allows you to be represented at the Annual Meeting of Shareholders if you are unable to attend. A Proxy Statement is the document the United States Securities and Exchange Commission requires to explain the matters you are being asked to vote on by proxy and to disclose certain related information.

On or about April 4, 2016, the Company mailed to shareholders of record as of March 21, 2016 (other than those who previously requested electronic delivery), a Notice of Internet Availability of Proxy Materials (the "Notice") containing instructions on how to access the Proxy Statement and Annual Report for the year ended December 31, 2015. If you received a Notice by mail, you will not receive a printed copy of the proxy materials in the mail. The Notice instructs you on how to electronically access and review all the proxy materials and these materials are available at <https://www.proxyvote.com> or <https://materials.proxyvote.com/371901>. The Notice also has instructions about how you may request to receive proxy materials in a printed form on a one-time or ongoing basis.

What will I be voting on?

- Election of nine directors (see pages 10 - 12)
- Ratification of the appointment of Ernst & Young LLP as the Company's auditors for the fiscal year ending December 31, 2016 (see page 34)
- Approval, on an advisory basis, of the compensation of the Company's named executive officers (see page 35)

The Board of Directors recommends a vote: FOR each of the nominees to the Board of Directors; FOR ratification of the appointment of Ernst & Young LLP as the Company's auditors for the fiscal year ending December 31, 2016; and FOR approval, on an advisory basis, of the compensation of the Company's named executive officers.

How do I vote?

You can vote either in person at the Annual Meeting or by Proxy without attending the Annual Meeting. We urge you to vote by Proxy even if you plan to attend the Annual Meeting so that we will know as soon as possible that enough votes will be present for us to hold and conduct business at the meeting. If you attend the meeting and wish to vote in person, you must withdraw your earlier-dated Proxy in accordance with this Proxy Statement and provide proof of ownership of Company shares as of the record date of March 21, 2016.

Please note that there are separate telephone and Internet arrangements, depending upon whether you are a holder of record (that is, if your shares are registered in your own name with the Company's transfer agent and you have possession of your stock certificate(s)) or whether you hold your shares in "street name" (that is, if your shares are held for you by a broker or other nominee).

Shareholders of record voting by Proxy may use one of the following options:

- ✦ Voting by Internet (go to <https://www.proxyvote.com> and follow the directions there)
- ✦ Voting by toll-free telephone (1-800-690-6903 - instructions are on the Proxy Card or Voting Instruction Form)
- ✦ Fill out the Proxy Card or Voting Instruction Form, sign it, and mail it

If you hold your shares in "street name," please refer to the information forwarded by your broker or other nominee to see which options are available to you.

A beneficial owner who wants to cast a vote directly, rather than have a broker or other nominee do so, can either: become a registered owner; or ask the broker or nominee to execute a proxy on your behalf. You can become a registered owner by having your broker or other nominee "certificate" your position, in which case you will receive an actual certificate for your stock, or your share ownership can be moved into a "direct registration system." Alternatively, you can check a box on the Voting Instruction Form indicating your plan to attend the meeting and to vote your shares directly, in which case your broker or other nominee should then send you your proxy. Please contact your broker or other nominee for more details.

The telephone and Internet voting facilities for shareholders of record will close at 11:59 p.m. EDT on May 18, 2016. The telephone and Internet voting procedures are designed to authenticate shareholders by the use of control numbers and to allow you to confirm that instructions have been properly recorded.

Can I change my vote?

Yes. At any time before your Proxy is voted at the meeting, you may change your vote by:

- ✦ Revoking it by written notice to the Corporate Secretary at the address on the cover of the Proxy Statement
- ✦ Delivering a later-dated Proxy
- ✦ Voting by telephone or Internet at a subsequent time
- ✦ Voting in person at the meeting

If you hold your shares in "street name," please refer to the information forwarded by your broker or other nominee for procedures on revoking or changing your Proxy.

How many votes do I have?

You will have one vote for every share of common stock that you owned on March 21, 2016.

How many shares are entitled to vote?

There were 289,076,997 shares of the Company common stock outstanding as of March 21, 2016, and entitled to vote at the meeting. Each share is entitled to one vote.

How many votes must be present to hold the meeting?

Under the Company's Bylaws, a majority of all of the voting shares of the capital stock issued and outstanding as of March 21, 2016, must be present in person or by Proxy to hold the Annual Meeting.

What if I do not vote for some or all the matters listed on my Proxy Card or Voting Instruction Form?

If you return a Proxy Card or Voting Instruction Form without indicating your vote for some or all of the matters, if permissible, your shares will be voted as follows for any matter you did not vote on:

For the approval of the director nominees to the Board of Directors listed on the card

For ratification of Ernst & Young LLP as the Company's auditors for the fiscal year ended December 31, 2016

6

For the approval, on an advisory basis, of the compensation of the Company's named executive officers

How many votes are needed for the approval of items upon which the shareholders are being asked to vote?

Under Michigan law, the nine nominees for director will be elected by a plurality of the votes cast; Notwithstanding the foregoing, the Company's Bylaws provide that if a director is elected by less than a majority of the votes cast, then such director shall promptly tender his or her resignation by written notice to the Board of Directors.

Ratification of Ernst & Young LLP as the Company's auditors for the fiscal year ended December 31, 2016, is by a majority votes cast.

The proposal to approve the compensation of the Company's named executive officers is advisory and the Board of Directors will take such votes into account when considering future actions.

What if I vote "abstain?"

A vote to "abstain" on the election of the directors or on ratification of Ernst & Young LLP as the Company's auditors will have no effect on the outcome. A vote to abstain with respect to approval of named executive officer compensation will be taken into account by the Board of Directors in determining future action.

What if I do not return my Proxy Card or Voting Instruction Form and do not attend the Annual Meeting?

If you are a holder of record and you do not vote your shares, your shares will not be voted.

If you hold your shares in "street name," and you do not give your broker or other nominee specific voting instructions for your shares, your broker or other nominee may not be permitted to exercise voting discretion with respect to certain matters to be acted upon.

If you do not give your record holder specific voting instructions and your record holder does not vote on the matters to be voted upon, the votes will be "broker non-votes." "Broker non-votes" will have no effect on the vote for the election of directors or the other matters to be voted upon as set forth in this Proxy Statement.

Is my vote confidential?

Proxy instructions, ballots, and voting tabulations that identify individual shareholders are handled in a manner that protects your individual voting privacy. Your individual vote will not be disclosed either within the Company or to third parties, except:

- as necessary to meet applicable legal requirements
- to allow for the tabulation of votes and certification of the vote
- to facilitate successful Proxy solicitation by our Board of Directors

Occasionally, shareholders provide written comments on their Proxy Cards or Voting Instruction Forms which are then forwarded to the Company's management.

Each shareholder as of the record date, as an owner of the Company, is entitled to vote on matters to come before the Annual Meeting. The use of Proxies allows a shareholder of the Company to be represented at the Annual Meeting if the shareholder is unable to attend in person.

There are four ways to vote your shares:

- 1) By Internet at <https://www.proxyvote.com> (We encourage you to vote this way)
- 2) By toll-free telephone (refer to your Proxy Card or Voting Instruction Form for the correct number)
- 3) By completing and mailing your Proxy Card or Voting Instruction Form
- 4) By written ballot at the Annual Meeting

If the form of Proxy accompanying this Proxy Statement is properly executed using any of the methods described above, the shares represented by the Proxy will be voted at the Annual Meeting of Shareholders and at any adjournment of the meeting. Where shareholders specify a choice, the Proxy will be voted as specified. If no choice is specified, the shares represented by Proxy will be voted FOR the election of all nominees named in the Proxy; FOR ratification of Ernst & Young LLP as the Company's auditors for the fiscal year ending December 31, 2016; and FOR approval, on an advisory basis, of the compensation of the Company's named executive officers. These proposals are described in this Proxy Statement. A Proxy may be revoked prior to its exercise by (1) delivering a written notice of revocation to the Corporate Secretary, (2) delivery of a later-dated Proxy, including a telephone or Internet vote, or (3) attending the meeting and voting in person, as discussed above.

VOTING SECURITIES AND RECORD DATE

March 21, 2016, has been fixed by the Board of Directors as the record date for determining shareholders entitled to vote at the Annual Meeting. On that date, 289,076,997 shares of the Company's common stock, par value \$.06 per share, were issued and outstanding. Shareholders are entitled to one vote for each share of the Company's common stock registered in their names at the close of business on the record date. Abstentions and broker non-votes are

counted for the purposes of determining the presence or absence of a quorum for the transaction of business. Abstentions and broker non-votes are not, however, counted in tabulations of votes cast on matters presented to shareholders, though the Board will consider abstentions in determining future actions.

ELECTION OF DIRECTORS

The Company's Restated Articles of Incorporation specify that the Board of Directors shall consist of at least six, but not more than nine members, with the exact number to be determined by the Board. The Board has currently set the number of directors at nine. The Restated Articles of Incorporation state that directors shall be elected annually for terms expiring at the next annual meeting of shareholders.

The majority of the members of the Company's Board of Directors qualify as "independent directors" as determined in accordance with the current listing standards of The NASDAQ Global Select Market ("NASDAQ"). Based on these current NASDAQ listing standards, the Company's Board has identified and affirmatively determined the following directors have no material relationships with the Company other than as a director and are independent: Gary Goode, Pete Hoekstra, Jim Hollars, John Mulder, Richard Schaum, Fred Sotok, and James Wallace. In making its independence determinations, the Board considered: the former employment and a former consulting arrangement of Mr. Mulder; the former employment of Mr. Hollars; and the fact that Mr. Sotok's son had an indirect interest in a former vendor of the Company. The Board determined that these circumstances do not interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Based on information provided to the Board by new director nominee Ms. Leslie Brown, the Board has affirmatively determined that she has no material relationship with the Company and will qualify as an independent director under the NASDAQ standards, if elected. Mr. Wallace has been elected as Lead Independent Director under the Company's Lead Independent Director Policy.

Each of the current Board of Directors members (including the new nominee for election as a director at the Annual Meeting) have been determined to meet the required experience and qualifications set forth in the Company's Position Profile: Member of the Board of Directors, including, among them, high levels of personal and professional integrity, distinguished management careers, and the demonstrated or perceived ability to work effectively as Board members. Combined with the other desirable characteristics and experience of such individuals, these individuals have the experience, qualifications, attributes, and/or skills (which are described below) which led the Nominating and Corporate Governance Committee to recommend such individuals to the Board for nomination for election to the Board, and led the Board to conclude such individuals should be nominated for election to the Board. Based on interviews and interactions with members of the Nominating and Corporate Governance Committee and the Board, the Board believes Ms. Brown will be able to work effectively with the Board.

The terms of all current Board of Directors members will expire upon the election of the directors to be elected at the 2016 Annual Meeting. The Board has, upon the recommendation of the Company's Nominating and Corporate Governance Committee, nominated Fred Bauer, Leslie Brown, Gary Goode, Pete Hoekstra, James Hollars, John Mulder, Richard Schaum, Fred Sotok, and James Wallace for election as directors at the Annual Meeting, each to serve a one-year term expiring in 2017. Ms. Brown is a new nominee who is known by management and a number of directors by virtue of her being a prominent local business woman with significant community involvement.

Unless otherwise specifically directed by a shareholder's marking on the Proxy Card or Voting Instruction Form, or in directions given either via the Internet or telephone, the persons named as Proxy voters in the accompanying Proxy will vote for the nominees described above and below. If any of these nominees becomes unavailable, which is not now anticipated, the Board may designate a substitute nominee, under the recommendation of the Nominating and Corporate Governance Committee, in which case the accompanying Proxy will be voted for the substituted nominee. Proxies cannot be voted for a greater number of persons than the number of nominees named.

A plurality of votes cast by shareholders at the meeting is required to elect directors of the Company under Michigan law. Accordingly, the nominees who receive the largest number of affirmative votes will be elected, regardless of the number of votes received. Notwithstanding the foregoing, the Company, in response to a shareholder proposal and with the proponent's concurrence with the Company's implementation of the same, amended its Bylaws to provide that if a director is elected by less than a majority of the votes cast, then such director shall promptly tender his or her

resignation by written notice to the Board of Directors. Each of the nominees has agreed to tender his or her resignation in writing to the Board if he or she is not elected by a majority of votes cast. Broker non-votes and votes withheld will not have a bearing on the outcome of the election (though the Nominating and Corporate Governance Committee and Board will consider abstentions in making future nominations). Votes will be counted by Inspectors of Election appointed by the presiding officer at the Annual Meeting.

The Board of Directors recommends a vote FOR the election of all persons nominated by the Board.

CORPORATE GOVERNANCE

The Company operates within a comprehensive plan of corporate governance set forth in the Gentex Corporation Corporate Guidelines (*) as adopted for the purpose of defining responsibilities, setting high standards of professionalism and personal conduct, and assuring compliance with such responsibilities and standards. The Company regularly monitors developments in the area of corporate governance.

The Board of Directors has an Audit Committee, a Compensation Committee, and a Nominating and a Corporate Governance Committee, and, in accordance with the Company's Bylaws, may appoint other committees from time to time. Each committee has a written charter. All such charters, as well as any documents marked with an asterisk (*) in this Proxy Statement, are available under the heading "Corporate Governance" on the Company's web site at <http://ir.gentex.com>. A hard copy of any of these documents will be provided to any shareholder who submits a request in writing to the Corporate Secretary, Gentex Corporation, 600 North Centennial Street, Zeeland, MI 49464.

Each member of the Board of Directors is expected to abide by the Gentex Corporation Board of Directors Attendance and Overboarding Policy (*), including the expectation to attend all meetings of the Board, all applicable committee meetings, and each annual meeting of shareholders. All members of the Board attended the 2015 Annual Meeting of Shareholders. Each of the current members of the Board, including all nominees for the Board except Ms. Brown (who will be traveling), is expected to attend the 2016 Annual Meeting of Shareholders. During 2015, the Board held five Board meetings. All directors attended at least 75 percent of the aggregate number of meetings of the Board and

Board committees on which they served.

Responsiveness to Shareholders

The fact that the Company has declassified its Board of Directors and implemented majority voting for directors (in the form of a director resignation Bylaw) in response to shareholder proposals, as well as allowing its shareholder rights plan (poison pill) to expire, demonstrates recent

13

responsiveness to expressed shareholder concerns. In fact, implementation of majority voting for directors (in the form of a director resignation Bylaw) was done with the input and concurrence of the shareholder proponent as to form of adoption of the same.

The fact that the Company has implemented a Lead Independent Director Policy (*) also demonstrates its commitment to good corporate governance and ongoing engagement with shareholders.

The Company has added a Sustainability section to its website, publishes an annual sustainability report and additional diversity considerations to its director nominating policies in response to suggestions from shareholders.

Such diversity considerations, along with the actual practices of the Nominating and Corporate Governance Committee, have led to a broader and more diverse director candidate pool, including nomination of the Company's first female director.

The Company's on-going efforts concerning diversity have led to increasing diversity through all levels of the organization.

In addition to demonstrating recent responsiveness to shareholder concerns, the Company has historically demonstrated its commitment toward corporate governance by its compensation system, which ensures that all team members share in financial opportunities and sacrifices so employees win when shareholders win. The Company does not have any "golden parachutes" or other excessive perquisites.

Lead Independent Director/Independent Directors

Under the Company's Lead Independent Director Policy, Mr. Wallace has been elected Lead Independent Director by the Board of Directors independent directors.

In addition to acting as a liaison between the independent directors and the Chairman, the Lead Independent Director has such duties and responsibilities as the Board of Directors may assign to him or her, including: presiding at all meetings of the Board at which the Chairman is not present; presiding at all executive sessions of independent directors and the ability to call such meetings; approving all information being sent to the Board, including meeting agendas and board meeting schedules (to ensure enough time for discussion of all agenda items); being available for meetings with major shareholders upon request; and retaining advisors.

In accordance with the NASDAQ Stock Market Rules, in order for a director to qualify as "independent," the Board of Directors must affirmatively determine that the director has no material relationship with the Company that would impair the director's independence. The Board has affirmatively determined a majority of its members are independent, and they include Messrs. Goode, Hoekstra, Hollars, Mulder, Schaum, Sotok, and Wallace. In addition, the Board has determined that new nominee, Ms. Leslie Brown, will be independent, if elected. Given the foregoing, a majority of the Board is comprised of independent directors as defined in the NASDAQ Stock Market Rules. In fact, a super majority of Board members are independent.

A meeting of the independent directors, separate from management, is an agenda item at each Board of Directors meeting. During 2015, the independent directors met on five occasions.

Board of Directors Leadership Structure

Fred Bauer has served as Chairman of the Board of Directors and Chief Executive Officer (CEO) of the Company for 35 plus years. The Company's market capitalization has increased from approximately \$17 million at the initial public offering in 1981 to approximately \$4.35 billion as of March 1, 2016. As a founder of the Company, Mr. Bauer is uniquely situated to serve as Chairman and CEO, which has been demonstrated by the Company's historical performance.

As noted above, the Board also has a Lead Independent Director and the independent members of the Board have as an agenda item, in connection with each Board meeting, for the opportunity to meet without management (and have met on other occasions as well). The Company acknowledges that independent board leadership is important and

believes that it is already getting such leadership from its independent directors, which has been bolstered by election of a Lead Independent Director. As such, there is no need at this time to separate the Chairman and CEO roles as a matter of policy (although it could be appropriate to do so in the future).

The Company continues to believe it is important that the Board have flexibility to determine the most qualified person to serve as Board Chairman rather than unduly impairing such flexibility with any policy requiring an independent Board Chairman.

The Board continues to believe that the Company is fortunate to have Mr. Bauer, a founder of the Company, serve as Chairman of the Board and Chief Executive Officer of the Company, as his 35 plus years of experience makes him the best choice for each of these roles.

The Board has also determined that having Mr. Bauer serve in each of these roles has allowed the Company to speak with one voice, avoid the dilution of leadership, and empowered Mr. Bauer to act with determination, all of which have benefited the Company and its shareholders. The Board believes that having the flexibility to choose the Chairman best suited to serve in the future is important as well.

The Board of Directors, based on the recommendation of the Compensation Committee, has also adopted an "Anti-Hedging and Anti-Pledging Policy" (*) and "Clawback Policy" (*).

The Compensation Committee does not believe that the Company's compensation policies and practices are reasonably likely to have a material adverse effect on the Company.

Nominating and Corporate Governance Committee

The Company's Nominating and Corporate Governance Committee currently includes Messrs. Wallace (Chairman) and Goode.

The Nominating and Corporate Governance Committee met formally one time during the fiscal year ended December 31, 2015 (holding other discussions at regularly scheduled Board of Directors meetings, including consideration of potential candidates for nomination to the Board). The Nominating and Corporate Governance Committee is responsible for identifying and recommending qualified individuals to serve as members of the Company's Board and met in February 2016 in accordance with such responsibilities.

The Board of Directors has affirmatively determined that all members of the Nominating and Corporate Governance Committee meet the appropriate tests for independence, including those set forth in the NASDAQ Stock Market Rules.

The Nominating and Corporate Governance Committee operates pursuant to the Gentex Corporation Nominating and Corporate Governance Committee Charter (*).

The Nominating and Corporate Governance Committee has adopted certain procedures contained in a document called "Selection Process for Board Candidates" (*) to consider candidates for director nominations. Generally, for each election of directors the Chair of the Nominating and Corporate Governance Committee identifies candidates, from a variety of resources to ensure a diverse pool of candidates, with support of the other committee member(s), other board members, and management, as needed. Candidates that meet the established criteria are identified and presented to the entire Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee will then conduct interviews and reviews, as appropriate and necessary. The Nominating and Corporate Governance Committee then meets to consider and approve the most qualified candidates so it can make its recommendation to the full Board of Directors.

The Nominating and Corporate Governance Committee has established the minimum qualifications for candidates, which are contained in a document called "Position Profile: Member of the Board of Directors" (*). Those required qualifications include: working and/or experience with an entrepreneurial company; high level of personal and professional integrity; successful and distinguished business management career (using the Company's core principles); understanding of the Company's markets; and ability to work effectively with current Board members. The Position Profile also sets forth other desirable experience and qualifications, including gender, race, ethnic, and country of origin diversity.

The Nominating and Corporate Governance Committee has not, to date, paid any third party a fee to assist in identifying and evaluating nominees, but has the authority to do so.

The Nominating and Corporate Governance Committee has not, to date, received any potential director candidates for nomination from any shareholder that beneficially owns more than five percent of the Company's common stock.

The Nominating and Corporate Governance Committee will consider nominees for the Board of Directors from a variety of sources, including current directors, management, retained third-party search firms, and shareholders. The Nominating and Corporate Governance Committee avails itself of a variety of available resources for candidates (and from non-executive positions and/or non-traditional environments). If you want to recommend a director candidate, you may do so in accordance with the Company's procedures or the Company's Restated Articles of Incorporation. If a shareholder desires to recommend a candidate for consideration by the Nominating and Corporate Governance Committee for inclusion in the Company's 2017 Proxy Statement as a Board nominee, that recommendation should be submitted in writing, together with appropriate biographical information, to the Chairman of the Nominating and

Corporate Governance Committee, c/o Corporate Secretary's Office, Gentex Corporation, 600 North Centennial Street, Zeeland, Michigan 49464. of Directors by written notice as set forth in the Company's Restated Articles of Incorporation and Bylaws, or pursuant to the rules and regulations promulgated under the Securities Exchange Act of 1934.

- In accordance with the above-referenced Selection Process for Board Candidates and the Position Profile, the independent directors approved the slate of nominees standing for election at the 2016 Annual Meeting of Shareholders, and recommended the same to the entire Board of Directors.

The Nominating and Corporate Governance Committee now has corporate responsibilities as delegated by the Board of Directors.

Risk Oversight

While the Board of Directors oversees risk management, management of the Company is charged with managing risk through appropriate internal processes and internal controls. On behalf of the Board, the Audit Committee oversees Company risk policies and procedures relating to its financial statements and financial reporting processes, cyber security risks, credit risks, and liquidity risks. Further, in accordance with the Audit Committee Charter, the Audit Committee periodically discusses with management the Company's risk assessment and risk management and steps taken by management to control and mitigate risk exposure (other than risks arising from the Company's compensation policies and practices, which are overseen by the Compensation Committee on behalf of the Board). Such discussions with management and the independent auditors address significant risks, exposures, and judgments as well as steps taken by management to address them. The Audit Committee and the Compensation Committee, respectively, report to the Board periodically with respect to such topics. This oversight does not necessarily have any material effect on the Company's leadership structure. The Board also annually reviews the Company's various insurance coverages

Report of the Audit Committee

The primary purpose of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities for management's conduct of the Company's accounting and financial reporting processes and the Company's system of internal controls regarding finance, accounting, legal compliance and ethics. The Audit Committee's function is more fully described in its Charter, which the Board has adopted and is available on the Company's website. The Audit Committee reviews this Charter on an annual basis. The Board annually reviews the NASDAQ listing standards' definition of independence for audit committee members and has determined that each member of the Audit Committee meets that standard.

Management is responsible for the preparation, presentation, and integrity of the Company's financial statements, and financial reporting principles, internal controls and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. The Company's independent auditors, Ernst & Young LLP, are responsible for performing an independent audit of the consolidated financial statements and expressing an opinion on the conformity of those financial statements with generally accepted accounting principles.

Pursuant to a meeting of the Audit Committee on February 17, 2016, the Audit Committee reports that it has: (i) reviewed and discussed the Company's audited financial statements with management; (ii) discussed with the independent auditors the matters required to be discussed by the statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T; and (iii) received the written disclosures and the letter from the independent accountants required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and has discussed with the independent accountant the independent accountant's independence. Based on the review and discussions referred to in Items (i)-(iii) above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's annual report on Form 10-K for the year ended December 31, 2015, for filing with the Securities and Exchange Commission.

The Audit Committee has selected Ernst & Young LLP as the Company's independent auditors for the year ending December 31, 2016, and has submitted the same to the shareholders for ratification at the Annual Meeting.

This report of the Audit Committee does not constitute "soliciting material" and should not be deemed "filed" or incorporated by reference into any of the other Company filings under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically requests that the information be treated as soliciting material or specifically incorporates this report by reference therein.

- no purchasing Company stock on margin, borrowing against Company stock on margin, or pledging of Company stock

Responsibilities

Compensation Committee The Compensation Committee of our Board of Directors is appointed to assist our Board in discharging its responsibilities relating to the compensation of our executives. The Compensation Committee:

- is comprised of three directors, each of whom has been determined by our Board to be independent under applicable standards and none of whom receive any consulting, advisory, or other compensation fee (other than fees for service as Board or committee members)
- operates under and in accordance with the written Compensation Committee Charter
- has a chair that sets meeting agendas and the calendar for meetings

The Chief Executive Officer and other members of management attend meetings of the Compensation Committee at the request of the Committee. The Compensation Committee does, however, meet in executive session as appropriate. The Compensation Committee has the authority to engage outside consultants and advisors to advise the Committee with respect to compensation of executives, in its discretion, but has not done so to date.

Board of Directors The Board of Directors has responsibility to annually assess our director compensation program. Members of management attend meetings of the Board at the Board's request, but the Board meets in executive session when required.

Role of Executives in Establishing Compensation

While the Compensation Committee is responsible for recommending CEO and other executive officer compensation to the Board of Directors for approval in accordance with the Compensation Committee Charter, the CEO in particular provides input and makes recommendations to the Compensation Committee with respect to compensation decisions for non-CEO executive officers. In fact, the CEO (along with other senior management) is primarily responsible for making compensation decisions for our other employees within guidelines established by the Compensation Committee. The Compensation Committee does, however, set, review, and approve all stock-based awards and other performance-based bonuses. Since the Compensation Committee and the entire Board recognize that the CEO and other executive officers have the greatest opportunity to influence our performance, our Compensation Committee concentrates its efforts on establishing proper rewards and incentives for executive officers. This structure provides our CEO and executive officers the freedom to influence and motivate our employees to positively impact our Company performance (within the guidelines established by the Compensation Committee).

Compensation Committee Activity

During fiscal year 2015, the Compensation Committee met 5 times and also met in February 2016 to: review and approve the Compensation Committee Report; review and approve other compensation disclosures included in the Proxy Statement; to set targets with respect to, and review and approve performance-based bonuses; and to do reviews of non-CEO executive officers. Among the activities of the Compensation Committee is a review of each element of compensation payable to named executive officers, as well as the total compensation payable to them, which includes use of an executive officer equity compensation tally sheet (including stock appreciation). These tally sheets help reflect compensation for a certain number of previous years so that compensation decisions of the Compensation Committee and the Board can be placed in the appropriate context.

Consistency

The Company has not wavered its compensation philosophy which is to ensure its compensation program structure and features align the interests of executives and employees with those of our shareholders. While the Company updates aspects of its compensation model from time to time as appropriate (including recent changes subjecting certain bonuses to performance metrics), the core elements, which are consistent with our compensation philosophy, have remained.

Objectives of Compensation Program

Compensation Philosophy. Our compensation program is comprised of three fundamental elements:

- base salary
- bonuses
- stock-based incentives

These elements are intended to reflect our cultural emphasis on all team members sharing in the financial opportunities and sacrifices at our Company, just as our shareholders do and are intended and structured to avoid encouraging excessive and unnecessary risk taking. The compensation program is designed in light of our desire to maintain an entrepreneurial culture and to incentivize desired performance and growth. The elements of compensation are utilized to accomplish several objectives, including:

- attract, motivate, and retain personnel
- encourage continued technical development and improve customer satisfaction
- stay competitive for talent
- encourage and reward individual achievement as well as overall Company performance
- balance short-term performance and long-term performance by aligning the interests of our team with the interests of our shareholders

Except with respect to certain performance-based bonuses and timing of restricted stock grants, the compensation program is generally available to all of our salaried employees and in operation provides for the same method of allocation of benefits between executive and non-executive participants. The only difference between executive officers and other salaried employees is that: certain potential bonuses for executive officers are subject to performance metrics (further emphasizing performance-based compensation); and restricted stock grants are considered annually rather than every three years (in part due to the Company's Stock Ownership Guidelines). Our compensation program is reviewed and compared to market periodically, though its core elements remain since these elements continue to accomplish the objectives of the compensation program. Ingenuity of our employees, employee turnover, employee morale, ability to hire, and individual and Company performance are important factors in assessing whether our compensation program is consistent with our philosophy and is meeting its objectives.

Compensation Elements in General

As noted above, the compensation program is comprised of three fundamental elements: (1) base salary; (2) bonuses; and (3) stock-based incentives.

Base Pay. Base compensation for executive officers is predicated primarily on:

- competitive circumstances for managerial talent
- positions reflecting comparable responsibility

Historically, base salaries for our employees have been below market, and incentive compensation has received more emphasis to encourage and implement our entrepreneurial culture. A variety of factors are considered concerning executive officer compensation which are discussed in more detail below.

Bonuses. Bonus compensation is comprised of two elements:

- Profit-Sharing Bonus payments (including a further performance-based element)
- bonuses, including performance-based bonuses for executive officers and certain other key employees

All of our full-time employees, including the CEO and other executive officers, are eligible to share in our Profit-Sharing Bonuses. A percentage of pre-tax income after a minimum threshold of profitability has been achieved is paid to eligible employees quarterly. This structure is intended to incentivize employees to produce above industry average financial performance, thereby aligning employee and shareholder interests. For 2015, Profit-Sharing Bonuses in the total amount of approximately \$41.3 million were paid to approximately 4,913 employees. Historically, those Profit-Sharing Bonuses have paid employees between 0 percent to 25 percent of base salary, which supplements base salaries (since base salaries have been historically lower than market), consistent with our philosophy that employees win when shareholders win.

In addition, the Company has adopted an additional bonus based on the Profit-Sharing Bonuses already paid (in accordance with the Company's Performance-Based Bonus Plan). Under that plan, certain key employees, including the CEO and executive officers, are eligible to receive a ten percent (10%) increase in the Profit-Sharing Bonus percentage for each one percent (1%) by which net sales for the relevant year exceed net sales for the prior year (less payments of Profit-Sharing Bonuses already made for such year). The plan is designed to even further align shareholder return with executive officer compensation, in that incentive is provided to continue growing the Company.

In addition, performance-based bonuses are awarded under the Performance-Based Bonus Plan based on pre-established performance metrics of EBITDA, Diluted Earnings per Share, and Quality (each factor being weighted

one-third). The Compensation Committee selected these measures to provide a balanced focus and because they impact shareholder value. During 2015, the Compensation Committee discussed, considered, and reviewed a threshold and a target for each of the foregoing performance metrics (based on IHS light vehicle production data, internal estimates of take rates and volumes, and expense budgets), and in February 2016 formally adopted and moved forward with implementation of the Performance-Based Bonus Plan (making it effective for 2015). There is no bonus payable under the plan until the pre-established threshold for a performance metric is exceeded and a maximum bonus of ten percent (10%) of base salary is payable for achievement of all targets. Pro rata bonuses (based on the percentage

of the target achieved in excess of the threshold) are payable based upon exceeding the thresholds but not meeting or exceeding the targets.

The Compensation Committee will meet each February to verify the achievement of the above-described additional profit-sharing bonus and the performance metrics for the performance-based bonuses. Under the Performance-Based Bonus Plan, the Compensation Committee retains the right, based on performance, to increase performance bonuses up to twenty-five percent (25%) of the performance-based bonus and to pay non-CEO employee participants bonuses for personal goal achievement of up to twenty-five percent (25%) of base salary as well. The Company has a Clawback Policy such that in the event of a restatement of the Company's financial statements, the bonuses payable under the Performance-Based Bonus Plan may be clawed back.

Stock-Based Compensation. Stock-based compensation is intended to align the interests of shareholders and executives and other employees by making our executives and other employees shareholders in a meaningful amount. We attempt to foster and maintain an entrepreneurial culture that seems to work best when our employees are owners and, therefore, win when our shareholders win. History and the current climate have confirmed for us that stock-based compensation provides appropriate incentives to incent long-term performance and is also a good retention tool. Stock-based compensation includes:

- stock options
- restricted stock

Stock options are granted under our existing Employee Stock Option Plan, as amended, and restricted stock is granted under our Second Restricted Stock Plan, as amended, each of which has been approved by our shareholders. Our stock-based incentives vest over time to encourage our employees to take a long-term perspective.

Details of Compensation Program Design

The fundamental elements of our compensation program allow compensation to be impacted by our overall performance and by individual performance as well.

Impact of Performance on Compensation

Each year, the Compensation Committee undertakes a CEO performance review which involves a multi-step process. First, the entire Board of Directors evaluates CEO performance on a variety of factors including:

- leadership
- strategic planning
- financial results
- succession planning
- human resources/diversity
- communications with the Board, management, employees, and shareholders
- external relations
- Board relations

The Compensation Committee gathers the results of this evaluation. The Compensation Committee then considers these evaluations and discusses the same with the CEO. Based on the foregoing, the Compensation Committee then makes CEO compensation recommendations to the entire Board of Directors. Pursuant to this process, the CEO's base salary and stock-based awards are determined and approved by the Board. Evaluations, as stated herein, are also undertaken for non-CEO executive officers. Through these evaluation processes, the Compensation Committee and the Board can exercise positive or negative discretion concerning compensation decisions. Evaluations of our

employees generally take place on or about the employee's anniversary date of employment, except the CEO evaluation which occurs in August and evaluations of non-CEO executive officers which now occur occur in February of each year to coincide with the Compensation Committee verification of achievement of the performance metrics related to payment of the additional profit-sharing bonuses and performance-based bonuses.

The Compensation Committee considers the foregoing factors in varying degrees in its review of the CEO. In its 2015 review of CEO performance which occurred in August 2015, the Compensation Committee and the Board highlighted positive reviews with respect to financial results, leadership, and staffing. Succession planning was also covered in the 2015 CEO performance review.

Specifics on Elements of Compensation for 2015

Tables. The "Summary Compensation Table for 2015" shows the base salary, bonuses (including performance-based bonuses and personal goal achievement bonuses), restricted stock awards, stock option awards, and other compensation for each of our named executive officers. Total compensation for each applicable named executive officer is also reflected in that Table. The "Grants of Plan-Based Awards for 2015" Table sets forth stock-based compensation. The "Outstanding Equity Awards at Fiscal Year-End December 31, 2015," Table and the "Option Exercises and Stock Vested for 2015" Table further demonstrate efforts to align our executive officers' interests with those of our shareholders. We continue to believe these compensation elements and the mix of these elements are appropriate for the Company given its culture, performance, industry, and current opportunities and challenges.

Base Salary. The base salaries for our named executive officers are set forth in the "Summary Compensation Table for 2015." The Company approved guidelines for 2015 that salaried employees, including executive officers, were eligible for an increase in base salary of up to 4 percent per year for performance alone, and up to 10 percent per year total if increased responsibilities are undertaken (or, potentially more in the case of a promotion). These guidelines have been left in place for 2016 with the exception of base salary, which may be increased up to 5 percent for performance alone.

For 2015, our CEO received a 4 percent increase in base pay, based on Company guidelines of 0-4 percent. Mr. Downing received a 50 percent increase in base pay due to his promotion and an increase in responsibilities, Mr. Nash received a 15 percent increase in base pay due to an increase in responsibilities, Mr. Ryan received an 8 percent increase in base pay due to an increase in responsibilities, and Mr. Matthews received a 4 percent increase in base pay based on Company guidelines.

Increases were predicated largely on financial performance of the Company during the previous twelve months. The qualitative factors included above in the review of CEO performance also impacted other executive officer compensation determinations.

Base salaries for executives still remain below market as performance-based (including stock-based), incentive compensation is emphasized, consistent with the Company's entrepreneurial culture.

Bonuses. Profit-Sharing Bonuses and other performance-based bonuses, as discussed above, and discretionary bonuses for named executive officers are also set forth in the "Summary Compensation Table for 2015." The Company has approved a guideline such that employees, other than participants in the Performance-Based Compensation Plan, are eligible for personal goal achievement bonuses of up to 50 percent of base salary (or, potentially more, in the case of exemplary performance). The additional profit-sharing bonuses and performance-based bonuses earned in 2015 under the Performance-Based Bonus Plan are set forth in the Non-Equity Incentive Plan Compensation Column of the "Summary Compensation Table for 2015." Personal goal achievement bonuses earned in 2015 are set forth in the Bonus Column of the "Summary Compensation Table for 2015."

For 2015, participants in the Performance-Based Bonus Plan became eligible for an increase in the Profit-Sharing Bonus percentage due to a 12 percent year-over-year increase in sales, with such bonus calculated as set forth herein.

With respect to the performance metrics for the performance bonus under the Performance-Based Bonus Plan for 2015:

Performance Metric	Weighting Factor	Threshold	Target	Actual Result
EBITDA	1/3	\$415,653,830	\$500,285,000	In excess of Target
Diluted Earnings Per Share	1/3	\$0.88	\$0.99	In excess of Target
Quality	1/3	*	*	In excess of Target

*Quality thresholds and targets are a non-variable calculation based on parts per million plus over-all corporate cost of quality.

In February 2016, the Compensation Committee verified achievement of a year-over-year increase in sales and the above performance metrics under the Performance-Based Bonus Plan and implemented the Performance-Based Bonus Plan (effective for 2015). As such, each executive officer was awarded an initial Profit-Sharing Bonus and a performance bonus of ten percent (10%) of base salary, as set forth in the "Summary Compensation Table for 2015" and as set forth in Part III, Item 11 of the Company's form 10-K for the year ended December 31, 2015.

Personal goal achievement bonuses reflect our Compensation Committee's and Board of Directors' positive and negative discretion. As noted, the Compensation Committee and the Board generally prefer to emphasize stock-based compensation for the CEO, which is evidenced by the CEO not receiving any personal goal achievement bonuses for 2015, 2014, or 2013.

Stock-Based Compensation. Our named executive officers are also eligible to receive grants of stock options under our Employee Stock Option Plan and grants of restricted stock under our Second Restricted Stock Plan. The Company has approved guidelines so that stock option awards up to an established percentage may be made under our Employee Stock Option Plan and restricted stock awards of up to an established percentage may be made under our Second Restricted Stock Plan. During 2015:

- CEO -135,000 stock option shares granted
- Other Executive Officers - 4,580 to 16,880 stock option shares granted
- Restricted Stock Awards of 1,650 shares to 6,000 shares

These awards are predicated on both individual and company performance, while creating incentives to help achieve our long-term goals and align employee interests with those of our shareholders. In particular, in the case of our CEO, the Compensation Committee prefers stock option grants to the CEO rather than more significantly increasing base pay or bonuses to a level that might be more commensurate with the market for chief executive talent. In light of the fact that our CEO's base pay is low, and the fact that he received no personal goal achievement bonus or restricted stock award, along with the Company's emphasis on incentive compensation, our CEO was granted the foregoing stock option award in 2015, which will only benefit him if our shareholders benefit as well.

Our Employee Stock Option Plan, as amended and restated, makes stock options generally available to all of our salaried employees. All options are granted to employees around the end of the quarter in which their anniversary date of employment occurs at scheduled meetings of the Compensation Committee (except in the case of named executive officer stock option grants, which are done when approved by the entire Board of Directors as discussed above). Stock options are only granted at their fair market value on the date of Compensation Committee meetings with all such grants being reviewed and approved by the Compensation Committee (except named executive officer stock option grants, which are only granted at their fair market value on the date approved by the entire Board). Generally, stock option awards to officers have a seven-year term and become exercisable (as long as employment continues), for 20 percent of the shares on each anniversary of the grant date commencing on the first anniversary of the grant date, although a five-year term might be used in order to accommodate certain circumstances. Stock options for other employees generally carry a five- to seven-year term and similarly vest over time.

Restricted stock awards are granted at the discretion of the Compensation Committee at scheduled meetings of the Compensation Committee (except in the case of named executive officers restricted stock awards, which are made when approved by the entire Board of Directors, as noted below). Historically, grants of restricted stock to eligible employees have been considered once every three years for each eligible employee. Beginning in February 2016, the Compensation Committee expects to grant restricted stock awards annually for non-CEO named executive officers at the time of the reviews of such individuals (and annually for certain other officers as well). Usually, these share grants are restricted for five years from the

date of grant, and as such are viewed as an important retention tool. Dividends are paid on restricted shares so granted if, and to the extent, we pay dividends on our common stock. The vesting schedules associated with stock option and restricted stock awards, in part, discourage excessive and unnecessary risk-taking (especially when considered in connection with the stock ownership guidelines for executive officers).

Other Compensation. All other compensation for named executive officers set forth in the "Summary Compensation Table for 2015" includes "matching" contributions by the Company pursuant to our 401(k) plan, restricted stock dividends, the personal use of designated Company automobiles by certain executive officers or reimbursement for business use of personal vehicles, and certain costs associated with the personal use of Company aircraft, as detailed in the notes to the "Summary Compensation Table for 2015." Also, membership fees at a local country club are paid as detailed in the notes to the "Summary Compensation Table for 2015." We make available to certain executives Company aircraft for personal use, provided it does not conflict with any business purpose for the aircraft. All executives are assessed the value of the incremental costs of personal use of Company aircraft. The cost to the Company related to personal use of Company aircraft is calculated using the SIFL (Standard Industry Fare Level) rates as outlined by the IRS in accordance with Treasury Regulation Section 1.61-21 (Taxation of fringe benefits). Certain costs associated with the personal use of Company aircraft are considered a taxable fringe benefit as reflected in the notes to the "Summary Compensation Table for 2015." For tax purposes, the additional income that is considered a taxable fringe benefit is subject to income inclusion as reflected in the notes to the "Summary Compensation Table for 2015."

Director Compensation

Our Board of Directors has responsibility for periodically assessing our director compensation program.

For 2015, each director who was not an employee of the Company received:

- \$12,000 annual directors' retainer fee (\$3,000 per quarter)
- \$1,750 for each Board meeting attended
- \$1,250 for each Committee meeting attended
- ▲An option to purchase 7,000 shares of our common stock

The Lead Independent Director received an additional retainer fee in the amount of \$10,000 for 2015. The Chairmen of our Compensation and Audit Committees also received an additional retainer fee in the amount of \$5,000 for each committee for 2015. For 2016, Board fees have been set at: \$14,400 annual directors' retainer fee (\$3,600 per quarter); \$2,100 for each Board meeting attended; and \$1,500 for each Committee meeting attended. For 2016, the Lead Independent Director, Compensation Committee Chairman, and Audit Committee Chairman additional retainer fees have been set at \$12,000, \$6,000, and \$6,000, respectively. The non-employee directors annual option to purchase 7,000 shares of our common stock is at a price per share equal to the closing price of our stock on the NASDAQ on the date of each annual meeting of shareholders in accordance with our shareholder approved 2012 Amended and Restated Non-Employee Director Stock Option Plan, as amended. See the "Director Compensation Table for 2015." Like executives, Board members may make personal use of Company aircraft if such use does not conflict with any business purpose for the aircraft. The cost to the Company related to such personal use by directors is calculated using SIFL (Standard Industry Fare Level) rates as discussed above. We believe this director compensation to be reasonable and appropriate.

Stock Ownership

The Company has adopted Stock Ownership Guidelines (*) providing that executive officers should own three times their annual salaries in Company common stock and directors should own two times their annual director fees in Company common stock. As noted above, such guidelines help discourage excessive and unnecessary risk-taking in

the context of the Company's emphasis on stock-based compensation. The Compensation Committee continues to assess the Stock Ownership Guidelines, compliance with such guidelines, and appropriate means to ensure compliance with such guidelines. In addition, the Company's Anti-Hedging and Anti-Pledging Policy prohibit directors and executive officers from leveraging their ownership of Company stock or pledging Company stock to secure personal loans.

Impact of Regulatory Requirements

In making compensation design and award decisions, we have considered the ability to deduct compensation in accordance with Internal Revenue Code Section 162(m). We have also considered the impact of Section 16 of the Securities and Exchange Act of 1934 and rules promulgated thereunder. Since we do not currently have a deferred compensation plan, consideration of the impact of Internal Revenue Code Section 409A in compensation design and award decisions has not been significant. The executive compensation disclosure rules applicable to annual reports and proxy statements with respect to the disclosure of compensation-related risks for all employees, certain matters related to compensation consultants, reporting of equity awards in the compensation tables, and the provisions of the Dodd-Frank Wall Street Reform and Consumer Protection Act related to compensation have had no material impact on our decisions regarding compensation. The shareholder advisory vote on named executive officer compensation occurring this year, as well as future shareholder advisory votes on named executive officer compensation, will be considered by the Compensation Committee and Board of Directors in making future compensation decisions.

Conclusion

We have reached the conclusion that each individual element of compensation, as well as the total compensation, delivered to our named executive officers and to our directors during 2015 are reasonable, appropriate, and in the best interests of our Company and our shareholders. That determination is based on a continuation of our compensation philosophy and practices which we believe align both the short-term and long-term interests of our employees with those of our shareholders. It remains the case that each element of our compensation program is important to accomplishing the Company's goals of creating an entrepreneurial environment so that our employees are motivated to remain with us, individually perform to the best of their abilities, and focus on our long-term success.

(1) These options become exercisable, as long as employment with the Company continues, for 20 percent of the shares on each anniversary of the grant date commencing with the first anniversary of the grant date. Mr. Matthews has 13,696 five-year options that become exercisable, as long as employment with the Company continues, for 25 percent of the shares on each anniversary of the grant date commencing with the first anniversary of the grant date. These options were granted to Mr. Matthews before he became an executive officer of the Company. Mr. Nash has 9,540 five-year options that become exercisable, as long as employment with the Company continues, for 25 percent of the shares on each anniversary of the grant date commencing with the first anniversary of the grant date. The exercise price may be paid in cash, in shares of the Company's common stock, and/or by the surrender of the exercisable options valued at the difference between the exercise price and the market value of the underlying shares.

(3) Assuming continued employment with the Company, restrictions on shares lapse upon the expiration of five years from the date of grant. Dividends are and will be paid on these shares if, and to the same extent, paid on the Company's common stock.

linked to a change in control of the Company other than with respect to vesting certain restricted stock or stock option awards which provisions are applicable to all employees receiving such awards.

(1) Directors who are employees of the Company receive no compensation for services as a director. For 2015, directors who are not employees of the Company received a director's retainer in the amount of \$12,000(\$3,000 per quarter) plus \$1,750 for each meeting of the Board attended and \$1,250 for each committee meeting attended. For 2015, directors who chaired the Compensation Committee and/or the Audit Committee each received an additional retainer fee in the amount of \$5,000. In 2015, the Lead Independent Director received an additional annual retainer fee in the amount of \$10,000 as well. Directors fees for 2016 have been adjusted as set forth in the "Compensation Discussion and Analysis" section of this Proxy Statement.

(2) Immediately following each Annual Meeting of Shareholders non-employee directors are entitled to receive an option to purchase 7,000 shares of the Company's common stock at a price per share equal to the closing price of the Company's stock on NASDAQ on that date. Each option has a term of ten years and becomes exercisable in full six months after the date of grant. For each outstanding stock option award, the value shown is the aggregate grant date fair value computed in accordance with FASB ASC Topic 718 (as opposed to what is included in the Company's financial statements). See the Company's Annual Report (Footnote 5) for the years ended December 31, 2015, 2014, and 2013 for the assumptions made in the valuation of stock options.

(3) The Company also makes Company aircraft available to directors for personal use if such use does not conflict with any business purpose for the aircraft. The cost of the flight is calculated using the SIFL (Standard Industry Fare Level) rates published by the IRS in accordance with Treasury Regulation Section 1.61-21 (Taxation of fringe benefits).

The following table summarizes securities issued and to be issued under the Company's equity compensation plans as of December 31, 2015:

Compensation Committee Interlocks and Insider Participation

The Compensation Committee, which includes Messrs. Goode (Chairman), Schaum, and Wallace, is currently comprised solely of members of the Company's Board of Directors who are independent under the applicable NASDAQ listing standards. The Compensation Committee is responsible for supervising the Company's executive compensation arrangements, including the making of decisions with respect to the award of stock-based incentives for executive officers.

CERTAIN TRANSACTIONS

The Audit Committee of the Company reviews and approves all related party transactions in accordance with its Charter. The Code of Business Conduct and Ethics requires directors, officers, and employees to report these types of matters. In addition, the Company uses questionnaires for its directors and officers annually in part to discover any unreported related-party transactions. The approval of the Audit Committee is required for related-party transactions.

Since 1978, prior to the time the Company became a publicly held corporation, the Company has leased a building that previously housed its main office, manufacturing and warehouse facilities, and currently houses production operations for the Company's fire protection products. The lessor for that building is G & C Associates, a general partnership, and nearly all of the partnership interests in G & C Associates are held by persons related to Fred Bauer. The lease is a "net" lease, obligating the Company to pay all expenses for maintenance, taxes, and insurance, in addition to rent. During 2015, the rent paid to this partnership was \$52,153, and the rent for the current fiscal year is the same (as it has been for a number of years). The Board of Directors believes that the terms of this lease are at least as favorable to the Company as could have been obtained from unrelated parties.

The Company is highly selective, and hires new employees based upon merit. Employees may also be eligible for certain other benefits which are similarly available on no less favorable terms to other employees of the Company at the same level and pay rate. Family members of any employee are not discouraged from seeking employment.

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS – PRINCIPAL ACCOUNTING FEES AND SERVICES

The Audit Committee and Board of Directors have selected, and submits to shareholders for ratification, Ernst & Young LLP to serve as the Company's independent auditors for the fiscal year ending December 31, 2016. The following fees were billed by Ernst & Young LLP, the Company's independent auditors, for the services provided to the Company during the fiscal years ended December 31:

	2015	2014
Audit Fees	\$380,000	\$342,700
Audit-Related	—	—
Tax Fees	8,000	15,200
All Other	—	—
Total	\$388,000	\$357,900

Audit fees include the annual audit of the Company's consolidated financial statements, the audit of internal control over financial reporting, timely quarterly reviews, foreign statutory audits and consultations concerning accounting matters associated with the annual audit. Tax fees principally consist of fees for tax advice. All non-audit services, including those indicated above, are pre-approved by the Audit Committee pursuant to the Revised Audit Committee Procedures for Approval of Audit and Non-audit Services by Independent Auditors, which is attached as Appendix A to this Proxy Statement.

The quality of the staff of Ernst & Young LLP, historical and current performance, expertise in the Company's industries, reasonableness of fees, and independence are all factors that went into the Audit Committee's decision to select Ernst & Young LLP as the Company's independent auditors. Although ratification of the independent auditors by the Company's shareholders is not legally required, our Audit Committee and Board of Directors believes that submission of this matter to the shareholders follows sound business practice and is in the best interest of shareholders in the current environment. If the shareholders do not approve the selection of Ernst & Young LLP, the selection of such firm as our independent auditors will be reconsidered by the Audit Committee. Accordingly, you may vote on the following resolution at the 2015 Annual Meeting of Shareholders:

RESOLVED, that Ernst & Young LLP be and hereby is ratified to serve as the independent auditors of the Company for the fiscal year ended December 31, 2016.

Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting to respond to appropriate questions and will have an opportunity to make a statement if they desire.

The Board of Directors unanimously recommends a vote FOR the ratification of Ernst & Young LLP to serve as the Company's independent auditors for fiscal year ended December 31, 2016.

ADVISORY VOTE ON EXECUTIVE COMPENSATION

As described in the detail under the "Compensation Discussion and Analysis", the Company's compensation system is intended to create and maintain an entrepreneurial culture; motivate employees to continue technical developments and improve customer satisfaction; and create and maintain teamwork. The Company's base pay has, historically, been below market, in favor of incentive compensation. The Company believes that by emphasizing incentive compensation, the interests of our named executive officers (and all salaried employees) are aligned with the interests of our shareholders, while remaining appropriately structured so as not to encourage inappropriate risk taking. Shareholders are encouraged to read the "Compensation Discussion and Analysis", the Company compensation tables, and the related narrative disclosure.

In accordance with certain legislation, the Company is providing shareholders with an advisory (nonbinding) vote on compensation programs for named executive officers (sometimes referred to as "say-on-pay"). Accordingly, you may vote on the following resolution at the 2016 Annual Meeting of Shareholders:

RESOLVED, that the compensation of the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including Compensation Discussion and Analysis, compensation tables, and narrative disclosure is hereby APPROVED.

This vote is non-binding. The Board of Directors and the Compensation Committee, which is comprised of independent directors, expect to take into account the outcome this advisory vote when considering future executive compensation decisions, to the extent they can determine the cause or causes of any significant negative voting results.

The Board of Directors unanimously recommends that you vote FOR the approval, on an advisory basis, of the compensation of our named executive officers as disclosed pursuant to Item 402 of Resolution S-K, including Compensation Discussion and Analysis, compensation tables, and narrative disclosure.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Goode, Hoekstra, Hollars, Mulder, Schaum, Sotok, and Wallace) were one (1) day late with reporting on Form 4 an option for each to purchase 7,000 shares of the Company's common stock granted under the Company's shareholder approved Amended and Restated Nonemployee Director Stock Option Plan following the meeting of the Annual Meeting of Shareholders in 2015.

In addition, the Company's Bylaws contain certain notice and procedural requirements applicable to shareholder proposals, irrespective of whether the proposal is to be included in the Company's Proxy materials. To be timely, such a shareholder's notice must be delivered, or mailed and received at, the Company's headquarters as set forth in the Company's Bylaws. A copy of the Company's Bylaws is filed with the Securities and Exchange Commission and can be obtained from the Public Reference Section of the Commission or the Company.
