TRICO BANCSHARES ANNOUNCES RECORD ANNUAL AND QUARTERLY EARNINGS
FOR THE PERIODS ENDED DECEMBER 31, 2004

CHICO, Calif. - (January 26, 2005) - TriCo Bancshares (NASDAQ: TCBK), parent company of Tri Counties Bank, today announced record annual earnings of \$20,182,000 for the year ended December 31, 2004. This represents a 19.5% increase when compared with earnings of \$16,888,000 for the year ended December 31, 2003. Diluted earnings per share for the year ended December 31, 2004 increased 15.9% to \$1.24 from \$1.07 for the year ended December 31, 2003. Total assets of the Company increased \$157 million (10.7%) to \$1.626 billion at December 31, 2004 versus \$1.469 billion at December 31, 2003. Total loans of the Company increased \$192 million (19.6%) to \$1.173 billion at December 31, 2004 versus \$981 million at December 31, 2003. Total deposits of the Company increased \$112 million (9.1%) to \$1.349 billion at December 31, 2004 versus \$1.237 billion at December 31, 2003.

Net income for the quarter ended December 31, 2004 increased 14.4% to \$5,355,000 from \$4,683,000 in the quarter ended December 31, 2003. Diluted earnings per share increased 13.8% to \$0.33 in the quarter ended December 31, 2004 from \$0.29 in the quarter ended December 31, 2003.

Richard Smith, President and Chief Executive Officer commented, "We are very

Edgar Filing: TRICO BANCSHARES / - Form 8-K

pleased with the results TriCo achieved during the quarter and year ended December 31, 2004. During this time of considerable uncertainty about the economy, interest rates, and increased regulatory and compliance requirements, our team members were able to achieve record financial results for our Company. Almost all aspects of the Company's performance were strong in 2004 including very strong loan growth while maintaining strong credit quality. Our net interest margin remained well above our peers, and our operating efficiency continued to improve."

The increase in earnings for the quarter ended December 31, 2004 over the year-ago quarter was due to a \$1,543,000 (9.0%) increase in net interest income to \$18,673,000, and a \$500,000 decrease in provision for loan loss to \$300,000, which were partially offset by a \$873,000 (6.0%) increase in noninterest expense to \$15,332,000. The increase in net interest income was due to the loan growth noted above, which was partially offset by a decrease in fully tax-equivalent net interest margin to 5.28% during the quarter ended December 31, 2004 versus 5.41% in the year-ago quarter. The \$500,000 decrease in provision for loan loss was mainly due to the high credit quality of the loan portfolio and its continued improvement. The \$873,000 increase in noninterest expense was mainly due to a \$524,000 (6.8%) increase in salaries and benefits expense to \$8,265,000 as a result of regular salary increases, incentive compensation related to the loan and deposit growth noted above, and the opening of branches in Folsom, Turlock and Woodland in December 2003, April 2004, and November 2004, respectively, and a \$336,000 (5.3%) increase in other noninterest expenses to \$6,724,000.

Mr. Smith continued, "We plan to continue to differentiate ourselves from the competition by offering high levels of service and convenience to our markets with more branch locations, and extended weekday, weekend and holiday hours. In February 2005, we expect to open our forty-sixth and newest branch inside the Raley's supermarket at 765 South Highway 65 in Lincoln, California. We currently anticipate that we will continue to grow within the Central Valley of California by maximizing revenue growth and new customer opportunities within this region. As always, we remain focused on shareholder value which we measure primarily through earnings per share and growth in earnings per share."

As previously announced on March 11, 2004, the Board of Directors of TriCo Bancshares approved a two-for-one stock split of its common stock at its meeting held on March 11, 2004. The stock split was effected in the form of a stock dividend and provided each stockholder of record at the close of business on April 9, 2004 one additional share for every share of TriCo common stock held on that date. Shares resulting from the split were distributed on April 30, 2004. As of December 31, 2004, the Company had 15,723,317 common shares outstanding. All per share amounts for prior periods have been restated to reflect the stock split.

As of January 26, 2004, the Company had purchased 222,600 shares of its common stock under its stock repurchase plan announced on July 31, 2003 and amended on April 9, 2004, which leaves 277,400 shares available for repurchase under the plan.

In addition to the historical information contained herein, this press release contains certain forward-looking statements.
