TRICO BANCSHARES QUARTERLY EARNINGS

CHICO, Calif. - (July 26, 2006) - TriCo

Bancshares (NASDAQ: TCBK), parent company of Tri Counties Bank, today announced quarterly earnings of \$6,557,000 for the quarter ended June 30, 2006. This represents a 14.3% increase when compared with earnings of \$5,737,000 for the quarter ended June 30, 2005. Diluted earnings per share for the quarter ended June 30, 2006 increased 14.3% to \$0.40 from \$0.35 for the quarter ended June 30, 2005. Total assets of the Company increased \$150,513,000 (8.8%) to \$1,871,156,000 at June 30, 2006 from \$1,720,643,000 at June 30, 2005. Total loans of the Company increased \$205,956,000 (16.5%) to \$1,456,008,000 at June 30, 2006 from \$1,250,052,000 at June 30, 2005. Total deposits of the Company increased \$114,263,000 (8.2%) to \$1,514,440,000 at June 30, 2005 from \$1,400,177,000 at June 30, 2005. Diluted earnings per share for the six months ended June 30, 2006 and 2005 were \$0.80 and \$0.67, respectively, on earnings of \$13,092,000 and \$10,976,000, respectively.

The improvement in results from the year-ago quarter was due to a \$1,997,000 (10.3%) increase in fully tax-equivalent net interest income to \$21,358,000, and a \$221,000 (3.5%) increase in noninterest income to \$6,531,000. These contributing factors were partially offset by a \$759,000 (4.9%) increase in noninterest expense to \$16,276,000 for the quarter ended June 30, 2006.

The increase in net interest income (FTE) was due to a \$165,037,000 (10.9%) increase in average balances of interest-earning assets to \$1,676,705,000 that was minimally offset by a 0.02% decrease in net interest margin (FTE) to 5.10%.

The decrease in net interest margin was mainly due to an 0.18% increase in the impact of net noninterest-bearing funds to 0.53% from 0.35% in the year-ago quarter that was offset by a 0.20% decrease in net interest spread as the average yield on interest-earning assets increased 0.68% while the average rate paid on interest-bearing liabilities increased 0.88% from the year-ago three month period.

The Company provided \$554,000 for loan losses in the second quarter of 2006 versus \$561,000 in the second quarter of 2005. During the second quarter of 2006, the Company recorded \$305,000 of net loan charge offs versus \$232,000 of net loan charge-offs in the year earlier quarter. The \$305,000 of net loan charge-offs during the second quarter of 2006 represented 0.085% of average loan balances on an annualized basis. At June 30, 2006, the Company's combined allowance for loan losses (\$16,893,000) and reserve for unfunded commitments (\$1,849,000) represented 479% of non-performing loans net of government agency quarantees (\$3,913,000).

The increase in noninterest income from the year-ago quarter was mainly due to a \$364,000 (10.9%) increase in service charges on deposit accounts to \$3,706,000 and a \$115,000 (14.7%) increase in ATM fees and interchange to \$896,000 that were partially offset by a \$136,000 (20.6%) decrease in commissions on sale of nondeposit investment products to \$524,000, and a \$116,000 (27.0%) decrease in gain on sale of loans to \$313,000. The increase in service charges on deposit accounts was primarily due to the introduction of a business overdraft privilege product in March 2005 and growth in customer count. The increase in ATM fees and interchange was due to growth in customer count and expansion of ATM network as part of new branch openings. The decrease in gain on sale of loans is due to a slowdown in residential mortgage refinance activity.

Noninterest expense for the second quarter of 2006 increased \$759,000 (4.9%) compared to the second quarter of 2005. Salaries and benefits expense increased \$210,000 (2.5%) to \$8,618,000. The increase in salaries and benefits expense was mainly due to annual salary increases, and new employees at the Company's recently opened branches in Lincoln Roseville-Pleasant Grove (November 2005), Yuba City-Marketplace (January 2006), Folsom-Empire Ranch (March 2006), Natomas-Arena Blvd (April 2006), Antelope (May 2006), and Anderson (June 2006) that were partially offset by reduced performance incentive expenses. Other categories of noninterest expense including occupancy and ATM network charges also increased, in part, due to these newly opened branches. Advertising and marketing expense increased \$198,000 (59.1%) to \$533,000. Professional fees increase \$236,000 (86.1%) to \$510,000 due to increased audit fees and increased legal fees related to loan collection efforts.

As of June 30, 2006, the Company had repurchased 374,371 shares of its common stock under its stock repurchase plan announced on July 31, 2003 and amended on April 9, 2004, which left 125,629 shares available for repurchase under the plan.

Richard Smith, President and Chief Executive Officer commented, "We continue to execute our growth strategy within the Central Valley of California as evidenced by the opening of five branches during the first six months of 2006. These openings represent a 10% increase in our branch locations and a significant increase in our Sacramento-area market presence. We believe this strategy will allow us to continue to grow our Company in a profitable manner despite the current environment of a flat yield curve, increased competition for deposits and a slowdown in mortgage refinance activity. We are encouraged by the strong loan growth, the continued excellent credit quality of our loan portfolio and the steady increase in service charge and fee revenue we achieved during the most recent quarter."

In addition to the historical information contained herein, this press release contains certain forward-looking statements. The reader of this press release should understand that all such forward-looking statements are subject to various uncertainties and risks that could affect their outcome. The Company's actual results could differ materially from those suggested by such forward-looking statements. Factors that could cause or contribute to such differences include, but are not limited to, variances in the actual versus projected growth in assets, return on assets, loan losses, expenses, rates charged on loans and earned on securities investments, rates paid on deposits, competition effects, fee and other noninterest income earned as well as other factors. This entire press release should be read to put such forward-looking statements in context and to gain a more complete understanding of the uncertainties and risks involved in the Company's business.

TriCo Bancshares and Tri Counties Bank are headquartered in Chico, California. Tri Counties Bank has a 30-year history in the banking industry. Tri Counties Bank operates 32 traditional branch locations and 21 in-store branch locations in 22 California counties. Tri Counties Bank offers financial services and provides a diversified line of products and services to consumers and businesses, which include demand, savings and time deposits, consumer finance, online banking, mortgage lending, and commercial banking throughout its market area. It operates a network of 60 ATMs and a 24-hour, seven days a week telephone customer service center. Brokerage services are provided at the Bank's offices by the Bank's association with Raymond James Financial, Inc. For further information please visit the Tri Counties Bank web-site at http://www.tricountiesbank.com.
