In the current quarter net income was \$613,000 or \$.59 per diluted share. The Company's earnings before interest, taxes, depreciation and amortization ("EBITDA") for the first quarter ended January 28, 2006 were \$10,981,000.

EBITDA is presented because management believes that EBITDA is a useful supplement to net income and other measurements under accounting principles generally accepted in the United States since it is a meaningful measure of a company's performance and ability to meet its future debt service requirements, fund capital expenditures and meet working capital requirements. EBITDA is not a measure of financial performance under accounting principles generally accepted in the United States and should not be considered as an
