FIRST MERCHANTS CORPORATION ANNOUNCES 5.9 PERCENT INCREASE IN SECOND QUARTER EARNINGS PER SHARE

First Merchants Corporation (NASDAQ - FRME) has reported second quarter 2008 diluted earnings per share of \$.36, a 5.9 percent increase over 2007 second quarter earnings per share of \$.34. Net Income for the quarter totaled \$6.5 million, an increase of \$334,000.

Year-to-date diluted earnings per share totaled \$.81, a 6.6 percent increase over 2007 first half earnings per share of \$.76. Net Income totaled \$14.7 million, an increase of \$689,000.

Total assets reached \$3.8 billion at quarter-end, an increase of \$153 million, or 4.2 percent, from June 30, 2007. Loans and investments, the Corporation's primary earning assets, totaled \$3.43 billion, an increase of \$142 million, or 4.3 percent over the prior year. Loans accounted for \$213 million of the increase as investment securities declined by \$71 million as spreads between investment securities and borrowings remain below historical levels.

Net-Interest margin expanded by 35 basis points from 3.50 percent in the second quarter of 2007 to 3.85 percent in 2008. As a result, net-interest income increased by \$4.6 million or 16.5 percent. On March 21, 2008 the Corporation reported on form 8-K the sale of three prime-based interest rate floors. For the quarter, \$561,000 of the \$4.7 million gain was recognized in the Corporation's net interest margin. The remaining \$3.6 million will be recognized over the 13 months of the original contracts.

Total non-interest income increased by \$568,000, or 5.8 percent, during the quarter and total expenses declined by \$1.3 million. In the second quarter of 2007 the Corporation expensed \$1.8 million of underwriting expense related to the early redemption of the Corporation's trust preferred securities and \$601,000 of expense related to integration and re-branding initiatives.

Provision expense increased by \$5.4 million, during the quarter as net charge-offs totaled \$4.6 million. Non-performing assets increased from 93 basis points of total assets to 135 basis points during the quarter and the allowance for loan losses as a percent of total loans increased to 1.05 percent.

Michael C. Rechin, President and Chief Executive Officer, stated that, "Despite the state of the banking industry and the continuation of negative press regarding peer institutions, First Merchants remains confident in its ability to produce net income sufficient to maintain adequate capital levels, dividend payouts and a growing balance sheet." Rechin also added that, "We continue to manage our loan portfolio rigorously recognizing that declines in client cash

flows require current valuations of collateral and guarantee positions of our secondary sources of repayment. As we identify deficiencies in primary and secondary sources of repayment the loans are placed on non-accrual and specific reserves are applied to match the shortfall. First Merchants continues to maintain its earnings momentum while at the same time very prudently addressing any required credit costs as reflected in our year-to-date results."
