NOTICE OF ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD APRIL 15, 2015

To our Shareholders:

Notice is hereby given that, pursuant to the call of its Board of Directors, an Annual Meeting of Shareholders of First Financial Corporation (“Corporation”) will be held on Wednesday, April 15, 2015 at 11:00 a.m., local time, at One First Financial Plaza, Terre Haute, Indiana.

The purposes of the meeting are:

- To elect Thomas T. Dinkel, Norman L. Lowery, and William J. Voges to the Board of Directors of the Corporation (1) for a three-year term expiring at the 2018 annual meeting of shareholders and until their successors are duly elected and qualified;
- (2) To conduct a non-binding advisory vote to approve the compensation of our named executive officers as described in the Proxy Statement;
- (3) To ratify the appointment of Crowe Horwath LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015; and
- (4) To transact such other business as may properly be presented at the meeting or any adjournment or postponement thereof.

Only shareholders of record at the close of business on February 20, 2015 will be entitled to notice of and to vote at the meeting.

This Notice of Annual Meeting of Shareholders and the Proxy Statement are first being mailed to shareholders on or about March 13, 2015.

By Order of the Board of Directors

/s/ Rodger A. McHargue
Chief Financial Officer and Secretary

PROXY STATEMENT

In this proxy statement, First Financial Corporation is referred to as “we,” “us,” “our,” “the Corporation” or “First Financial,” and First Financial Bank, N.A. is referred to as “the Bank.”

QUESTIONS AND ANSWERS ABOUT THE MEETING

Q: Why did I receive this Proxy Statement?

You received this proxy statement because, as a shareholder of the Corporation, our board of directors is soliciting your proxy to vote at the annual meeting of shareholders. The annual meeting will be held on Wednesday, April 15, 2015, at 11:00 a.m., local time, at One First Financial Plaza, Terre Haute, Indiana.

This Proxy Statement describes the matters on which we would like you to vote and provides information so that you can make an informed decision; however, you do not need to attend the annual meeting to vote your shares. See “How do I vote my shares before the Annual Meeting?” We expect to begin sending this proxy statement, the attached notice of annual meeting and the proxy card(s) on or about March 13, 2015, to all shareholders entitled to vote.

Q: What am I voting on?

You are being asked to consider and vote on the following:

- The election of Thomas T. Dinkel, Norman L. Lowery, and William J. Voges to the Board of Directors for a three year term;
- The ratification of the appointment of Crowe Horwath LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015; and
- The approval, on a non-binding advisory basis, of the compensation of our named executive officers as described in this proxy statement.

Q: Who is entitled to vote?

Holders of our outstanding common stock as of the close of business on February 20, 2015, the record date, are entitled to vote at the annual meeting. As of February 20, 2015, 12,952,169 shares of common stock were issued and outstanding.

Q: What are the Board’s recommendations?

The Board of Directors recommends that you vote your shares as follows:

- FOR the election of Thomas T. Dinkel, Norman L. Lowery, and William J. Voges to the Board of Directors for a three-year term;

FOR the approval, on a non-binding advisory basis, of the compensation of our named executive officers; and
FOR the ratification of the appointment of Crowe Horwath LLP as our independent registered public accounting firm
for the fiscal year ending December 31, 2015.

1

The shares represented by a properly executed and returned proxy card will be voted according to your instructions. If no instructions are provided on a signed proxy card, the persons named as proxies on your proxy card will vote in accordance with the above recommendations of the Board of Directors.

Q: What if other matters come up during the meeting?

If any matters other than those referred to in the Notice of Annual Meeting of Shareholders properly come before the meeting, the individuals named in the accompanying proxy card will vote the proxies held by them as recommended by the Board of Directors or, if no recommendation is given, in accordance with their best judgment. We are not aware of any business other than the items referred to in the Notice of Annual Meeting of Shareholders that may be considered at the meeting.

In the unlikely event that any of the director nominees becomes unable or is unwilling to serve at the time of the meeting, the persons named as proxies in the accompanying proxy card will have discretionary authority to vote for a substitute nominee named by the Governance and Nominating Committee if the Board of Directors decides to fill that nominee's position.

Q: Who can attend the meeting?

All shareholders as of the record date, or their duly appointed proxies, may attend the meeting. Admission to the meeting will be on a first-come, first-admitted basis.

Q: What constitutes a quorum?

Holders of a majority of the voting power of the outstanding shares of common stock of the Corporation, represented in person or by proxy, constitutes a quorum for the annual meeting. As of the record date, 12,952,169 shares of common stock were outstanding. Proxies received but marked as abstentions and "broker non-votes" (as described below) will be included in the calculation of the number of shares considered to be present at the meeting for purposes of establishing a quorum.

Q: How do I vote?

If you hold your shares in your own name, you may submit a proxy by telephone or by mail.

Submitting a Proxy by Telephone: You can submit a proxy for your shares by telephone until 11:59 p.m. Eastern Daylight Time on April 14, 2015 by calling the toll-free telephone number on the enclosed proxy card, (800) 690-6903. Telephone proxy submission is available 24 hours a day. Easy-to-follow voice prompts allow you to submit a proxy for your shares and confirm that your instructions have been properly recorded. Our telephone proxy submission procedures are designed to authenticate shareholders by using individual control numbers.

Submitting a Proxy by Mail: If you choose to submit a proxy by mail, simply mark the appropriate proxy card, date and sign it, and return it in the postage paid envelope provided or to the address shown on the proxy card.

By casting your vote in any of the ways listed above, you are authorizing the individuals listed on the proxy to vote your shares in accordance with your instructions.

You may also attend the Annual Meeting and vote in person.

If your shares are held in the name of a bank, broker or other nominee, you will receive instructions from the holder of record that you must follow for your shares to be voted. The availability of telephonic or Internet voting will depend on the bank's or broker's voting process. Please check with your bank or broker and follow the voting procedures your bank or broker provides to vote your shares. Also, please note that if the holder of record of your shares is a broker, bank or other nominee and you wish to vote in person at the Annual Meeting, you must request a legal proxy from your bank, broker or other nominee that holds your shares and present that proxy and proof of identification at the Annual Meeting.

If you are a participant in the First Financial Corporation Employee Stock Ownership Plan (the "ESOP"), you will receive a voting instruction card to use to provide voting instructions to First Financial Bank, N.A. (the trustee of the ESOP) for the shares allocated to your account under the ESOP. Your voting instruction to the trustee should be completed, dated, signed and returned in the envelope provided by April 8, 2015. In order to maintain confidentiality, your voting instruction will be received by Broadridge Financial Solutions, Inc., who will tabulate the voting instruction results and provide them to the ESOP trustee on an aggregate basis. Please do not return your voting instructions to the Corporation. Your voting instructions will be kept confidential by the ESOP trustee and will not be disclosed to any of our directors, officers or employees. Unless the terms of the ESOP or the fiduciary duties of the

ESOP trustee require otherwise, the ESOP trustee will vote your ESOP shares in accordance with your instructions. If you do not return your voting instruction card in a timely manner or if you return the voting instruction card unsigned or without indicating how you desire to vote the shares allocated to

2

your ESOP account, the Compensation and Employee Benefits Committee will direct the ESOP trustee to vote the shares allocated to your account in the same proportion and in the same manner as the shares with respect to which timely and proper instructions by participants were received. The Compensation and Employee Benefits Committee consists of Anton H. George, William R. Kriebel, Ronald K. Rich and William J. Voges. The Compensation and Employee Benefits Committee is appointed by the Board of Directors and may be changed by the Board at any time.

Q: If I am the beneficial owner of shares held in “street name” by my broker, will my broker automatically vote my shares for me?

Stock exchange rules applicable to brokers grant your broker discretionary authority to vote your shares without receiving your instructions only on certain matters. Your broker has discretionary voting authority under these rules to vote your shares on the ratification of Crowe Horwath LLP as our independent registered public accounting firm. However, unless you provide voting instructions to your broker, your broker does not have discretionary authority to vote on the election of directors or approval on an advisory basis of the compensation of our named executive officers. Therefore, it is particularly important that beneficial owners instruct their brokers how they wish to vote their shares.

Q: What is an “abstention” or a broker “non-vote” and how do they affect the vote?

An “abstention” occurs when a shareholder sends in a proxy with explicit instructions to decline to vote on a particular matter. Abstentions are counted as present for purposes of determining a quorum, but are not counted as votes cast and, therefore, will have no effect on the outcome of the vote on the election of directors or any other proposal.

A broker “non-vote” occurs when a broker or other nominee who holds shares for the beneficial owner is unable to vote those shares because the broker or other nominee does not have discretionary voting power for the proposal and has not received voting instructions from the beneficial owner of the shares. Brokers will have discretionary voting power to vote shares for which no voting instructions have been provided by the beneficial owner only with respect to the ratification of Crowe Horwath LLP as our independent registered public accounting firm. Brokers will not have such discretionary voting power to vote shares with respect to the election of directors or approval on an advisory basis of the compensation of our named executive officers. Shares that are the subject of a broker non-vote are included for quorum purposes, but a broker non-vote with respect to a proposal will not be counted as a vote represented at the meeting and entitled to vote and, consequently, as a general matter, will have no effect on the outcome of the vote.

Q: Can I change my vote after I return my proxy card?

Yes. You may revoke your proxy or change your voting instructions at any time prior to the vote at the annual meeting by:

- providing written notice to the Secretary of the Corporation;
- delivering a valid, later-dated proxy; or
- attending the annual meeting and voting in person.

Please note that your attendance at the annual meeting in person will not cause your previously granted proxy to be revoked unless you specifically so request.

Q: What vote is required to approve each proposal?

Directors will be elected by a plurality of the votes cast at the meeting. Consequently, the director nominees receiving the most votes of the holders of our common stock will be elected as directors. Only votes cast FOR a nominee will be counted. A properly executed proxy marked “WITHHOLD AUTHORITY” with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether a quorum is present.

The proposal for approval, on a non-binding advisory basis, of the compensation of our named executive officers will be approved if the votes cast for the proposal exceed those cast against the proposal.

The proposal for the ratification of the appointment of Crowe Horwath LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2015 will be approved if the votes cast for the proposal exceed those cast against the proposal. Abstentions will not be counted as votes cast either for or against these proposals.

Q: Who pays to prepare, mail, and solicit the proxies?

The Corporation pays all costs of preparing, mailing and soliciting proxies. The Corporation asks brokers, banks, voting trustees and other nominees and fiduciaries to forward proxy materials to the beneficial owners and to obtain authority to execute proxies. The Corporation will reimburse the brokers, banks, voting trustees and other nominees and fiduciaries upon request for their reasonable, out-of-pocket costs for forwarding proxy and solicitation materials to beneficial owners of common stock. In addition, proxies may be solicited by mail, in person or by telephone by certain of the Corporation's officers, directors and employees who will not be separately compensated for such activity.

Q: Whom should I call with other questions?

If you have additional questions about this Proxy Statement or the annual meeting or would like additional copies of this document or our 2014 Annual Report on Form 10-K, please contact: Rodger A. McHargue, Secretary, First Financial Corporation, One First Financial Plaza, P.O. Box 540, Terre Haute, Indiana 47808, (812) 238-6000.

PROPOSAL 1: ELECTION OF DIRECTORS

The board of directors as of the 2015 annual meeting of shareholders will consist of ten members, divided into three classes of approximately equal size that are elected for staggered three-year terms. The board believes this structure helps to maintain continuity and stability and ensures we have directors serving on the board who have substantial knowledge of the Corporation, all of which the board believes facilitates long-term value for our shareholders.

Three directors are to be elected. Thomas T. Dinkel, Norman L. Lowery, and William J. Voges have each been nominated for a term of three years and until their respective successors have been elected and qualified. They are all members of the present board of directors. If, at the time of this annual meeting, any nominee is unable or declines to serve, the discretionary authority provided in the proxy may be exercised to vote for a substitute or substitutes. Each of the nominees has consented to being named as a nominee in this proxy statement, and is expected to serve if elected. The board of directors has no reason to believe that any substitute nominee or nominees will be required.

Name, Age, Principal Occupation(s) and Business Experience

Nominated for a term expiring in 2018:

Thomas T. Dinkel, Age 64

Mr. Dinkel joined the Board in 1989 and is the Chairman of the Corporation's Audit Committee and serves on the Loan Review Committee. He also serves on the Bank's Community Reinvestment Act, Investment Services, Operations and Loan Committees. Mr. Dinkel has been the president and chief executive officer of Sycamore Engineering, Inc., Dinkel Associates, Sycamore Building Corporation and Dinkel Telekom since 1986 and has held various positions at Sycamore Engineering since 1966. Mr. Dinkel serves on the board of trustees of Rose Hulman Institute of Technology, and is chairman of its business administration, facilities and compensation committees. He received his B.S. and M.S. degrees from Indiana State University.

Ronald K. Rich, Age 76

Mr. Rich joined the Board in 2005 and serves as the Chairman of the Governance and Nominating Committee. He is a member of the Corporation's Compensation and Employee Benefits and Enterprise Risk Management Committees. Mr. Rich also is a member of the Bank's Loan Committee. Mr. Rich also serves as the Lead Independent Director. Mr. Rich has been a financial representative for Northwestern Mutual Financial Network since 1963. He holds CLU and CHFC designations from The American College.

Recommendation of the Board of Directors

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" THOMAS T. DINKEL, NORMAN L. LOWERY AND WILLIAM J. VOGES, THE PERSONS NOMINATED BY THE GOVERNANCE AND NOMINATING COMMITTEE TO BE ELECTED AS DIRECTORS.

The Governance and Nominating Committee believes that well-functioning boards consist of a diverse collection of individuals that bring a variety of complementary skills. Although the board of directors does not have a formal policy with regard to the consideration of diversity in identifying directors, diversity is one of the factors that the Governance and Nominating Committee may, pursuant to its committee charter, take into account in identifying director candidates. The Governance and Nominating Committee generally considers each director eligible for nomination in the broad context of the overall composition of our board of directors with a view toward constituting a board that, as a body, possesses the demonstrated senior leadership and management experience to oversee our business. The Committee has historically sought directors that bring broad and varied skills and knowledge from retail and wholesale businesses, legal, financial and government. The experience, qualifications, attributes, or skills that led the Governance and Nominating Committee to conclude that each of the members of the board of directors nominated by the Governance and Nominating Committee should serve on the board are generally described below:

W. Curtis Brighton

Mr. Brighton's history as a private practice attorney provides the Board with an enhanced legal and regulatory perspective.

B. Guille Cox, Jr.

Mr. Cox's long-standing tenure provides the Board with a historical perspective of both the Corporation and the industry. His legal practice provides the Board with insight on legal issues as well as issues in our markets.

Thomas T. Dinkel

As a business owner and an entrepreneur, Mr. Dinkel provides an understanding of small business which makes up much of our lending base. His vast experience as a contractor also provides us with key insights concerning our facilities and facility maintenance.

Anton H. George

Mr. George's experience on various boards of directors provides valuable advice on governance issues. As an established Midwest entrepreneur, Mr. George has significant knowledge of the markets in which we operate.

Gregory L. Gibson

As a businessman and entrepreneur involved in a variety of business ventures, Mr. Gibson provides the Board with invaluable insight into industries and markets in which we and our clients do business. As a developer, Mr. Gibson provides counsel on market expansion. His service on various commissions and boards also provides valuable political and governance perspectives.

William R. Kriebel

Mr. Kriebel's long service to the State of Indiana provides the Board with valuable political and governmental perspectives.

Norman L. Lowery

As President and Chief Executive Officer, Mr. Lowery is intimately familiar with our business, our customers and our employees, and he provides the Board with valuable leadership, particularly through his keen insight into the industry and the markets we serve. His legal background also provides a critical element with respect to governance and regulatory issues affecting the Corporation and the Bank. Mr. Lowery also provides valuable counsel to the Board with respect to our strategic initiatives.

Ronald K. Rich

Mr. Rich's long service in the financial and insurance industries brings specific knowledge of matters affecting the Corporation's insurance subsidiary and its insurance matters. Mr. Rich also possesses valuable insight regarding our markets and our various client bases.

Virginia L. Smith

Ms. Smith provides the Board with valuable insight regarding our market area. Also, as a female business leader, she provides important perspectives on women-owned businesses.

William J. Voges

Mr. Voges' past service on the boards of financial institutions provides additional perspectives of the issues facing our Board. His legal background, coupled with his past experience, provides tremendous value on legal, governance and regulatory matters. Mr. Voges also complements the Board with his keen strategic insight.

ADDITIONAL INFORMATION ABOUT THE BOARD OF DIRECTORS

Meetings and Attendance

During the year ended December 31, 2014, the Board of Directors of the Corporation met 18 times. Each director attended more than 75% of the aggregate of (i) all meetings of the Board held while he or she was a director and (ii) all meetings of committees on which he or she served during the period that he or she served on the committee. Although the Corporation has no formal policy on director attendance at annual meetings of shareholders, they are encouraged to attend such meetings. All directors attended the 2014 Annual Meeting of Shareholders.

Committees

The Board of Directors has established a number of committees which facilitate the administration and oversight of the Corporation. Among these committees are the Governance and Nominating, Audit, and Compensation and Employee Benefits Committees.

Governance and Nominating Committee Members consist of B. Guille Cox, Jr., Gregory L. Gibson, Ronald K. Rich (Chairman) and William J. Voges. The Board of Directors has determined that Messrs. Cox, Gibson, Rich and Voges are independent under the rules of the NASDAQ Global Select Market. The Governance and Nominating Committee met two times during 2014.

The primary objectives of the Governance and Nominating Committee are to assist the Board of Directors in developing and recommending corporate governance policies and guidelines for the Corporation and identifying, evaluating and nominating persons for election to the Board of Directors and appointment to the committees of the Board. A copy of the Governance and Nominating Committee Charter is available on the Corporation's web site at www.first-online.com on the "Investor Relations" page under the link "Governance Documents."

The Governance and Nominating Committee identifies director nominees through a combination of referrals, including referrals from management, existing Board members and shareholders. Other than the director qualifications and independence standards established in our Corporate Governance Guidelines, the Governance and Nominating Committee currently does not maintain any formal criteria for selecting directors and will take into consideration a variety of factors and criteria it deems appropriate, with a view toward constituting a board that possesses the demonstrated senior leadership and management experience to oversee our business. However, in reviewing qualifications for prospective nominees to the Board, the Governance and Nominating Committee generally will take into consideration, among other matters, a candidate's experiences, skills, expertise, diversity, personal and professional integrity, character, business judgment, time available to serve, dedication, conflicts of interest and ability to oversee the Corporation's business and affairs. The Governance and Nominating Committee does not evaluate nominees proposed by shareholders any differently than other nominees to the Board.

Audit Committee Members consist of Thomas T. Dinkel (Chairman), Anton H. George and W. Curtis Brighton. The Board of Directors has determined that Messrs. George, Dinkel and Brighton are independent under SEC Rule 10A-3 and the rules of the NASDAQ Global Select Market. The Audit Committee met four times during 2014.

The primary objectives of the Audit Committee are to assist the Board of Directors in its oversight of the following matters:

- The integrity of our financial statements;
 - The qualifications and independence of our independent registered public accounting firm;
 - The performance of our internal audit function and independent registered public accountants;
 - Our compliance with certain applicable legal and regulatory requirements; and
 - Our system of disclosure controls and system of internal controls regarding finance, accounting and legal compliance.
- In addition, among other responsibilities, the Audit Committee reviews the Corporation's accounting functions, the adequacy and effectiveness of the internal controls and internal auditing methods and procedures. A copy of the Audit Committee charter is available on the Corporation's website at www.first-online.com on the "Investor Relations" page under the link "Governance Documents."

The Board of Directors has determined that each member of the Audit Committee is financially sophisticated under the applicable NASDAQ rules. The Board of Directors selected the members of the Audit Committee based on the Board's determination that they are fully qualified to monitor the performance of management, the public disclosures by the Corporation of its financial condition and performance, our internal accounting operations and our independent registered public accountants. In addition, the Audit Committee has the ability on its own to retain independent accountants or other advisors whenever it deems appropriate.

The Board of Directors has determined that none of its members currently meets the definition of an "audit committee financial expert" under federal securities laws. To be considered an "audit committee financial expert," an individual's past experience generally must include experience in the preparation or audit of comparable public company financial statements, or the supervision of someone in the preparation or audit of comparable public company financial statements. The Board has determined that in order to best fulfill the functions of our Board and our Audit Committee, each member of the Board and the Audit Committee should ideally understand community banking and the local markets in which the Corporation and the Bank do business. Accordingly, potential candidates who have such attributes in addition to having the experience necessary to qualify as "audit committee financial experts" are limited.

Further, the Board believes that the addition of an “audit committee financial expert” is not necessary at this time given the level of financial knowledge and experience the current members of the Audit Committee possess.

Compensation and Employee Benefits Committee Members consist of Anton H. George, Ronald K. Rich, William R. Kriebel and William J. Voges (Chairman). The Board of Directors has determined that Messrs. George, Rich, Kriebel and Voges are independent under the rules of the NASDAQ Global Select Market. The Compensation and Employee Benefits Committee met three times in 2014.

The primary objective of the Compensation and Employee Benefits Committee is to review and approve the Corporation's compensation strategy and the compensation of our executive officers and senior management. In addition, among other responsibilities, the Compensation and Employee Benefits Committee establishes guidelines and oversees the administration of executive compensation plans and arrangements, as well as certain employee benefit plans. A copy of the charter of the Compensation and Employee Benefits Committee is available on the Corporation's website at www.first-online.com on the "Investor Relations" page under the link "Governance Documents." Compensation of Directors

The goal of our director compensation package is to attract and retain qualified candidates to serve on the Board of Directors. In setting compensation, the Board considers compensation levels of directors of other financial institutions of similar size. Each director of the Corporation is also a director of First Financial Bank, N.A. (the "Bank"), the lead subsidiary bank of the Corporation. The non-employee directors receive director fees from both the Corporation and the Bank. During 2014, nonemployee directors received a \$40,000 retainer from the Corporation and a \$5,000 retainer from the Bank. During 2014, each non-employee director of the Corporation and the Bank received a fee of \$750 for each board meeting attended for the Corporation and the Bank, respectively. In addition, Mr. Cox received a fee of \$5,000 in connection with his services as Chairman of the Board.

Non-employee directors also receive a fee for each meeting attended of the Audit Committee of \$1,000, the Compensation and Employee Benefits Committee of \$1,000, the Governance and Nominating Committee of \$500 and the Loan Committee of the Bank of \$500. No non-employee director served as a director of any other subsidiary of the Corporation.

Employee directors receive no compensation for their service on the Boards or Committees of the Corporation and the Bank.

The table below summarizes the compensation paid by the Corporation to each non-employee director for the fiscal year ended December 31, 2014.

2014 DIRECTOR COMPENSATION TABLE

Name	Fees Earned	
	Paid in Cash	Total
W. Curtis Brighton	\$78,000	\$78,000
B. Guille Cox	82,000	82,000
Thomas Dinkel	82,000	82,000
Anton H. George	82,500	82,500
Gregory L. Gibson	73,500	73,500
William H. Kriebel	77,500	77,500
Ronald K. Rich	84,500	84,500
Virginia L. Smith	74,500	74,500
William J. Voges	80,000	80,000

Members of the Board of Directors have the ability to defer a portion of their director fees under the First Financial Corporation 2005 Directors' Deferred Compensation Plan, which closed to new participants in 2011. During 2014, (1) Messrs. Brighton and Voges participated in this plan. For a more detailed discussion of this plan, see the narrative immediately following these footnotes.

First Financial Corporation Directors' Deferred Compensation Plan. Directors of the Corporation and the Bank may participate in the First Financial Corporation 2005 Directors' Deferred Compensation Plan. Under this plan, a director may defer up to \$6,000 of his or her director's fees each year over a five-year period provided that the director timely submits a deferral election to the Corporation. The amount of deferred fees is used to purchase an insurance product, of which the Corporation is the beneficiary, that funds benefit payments. An amount equal to the face amount of the policy will be paid to the director in addition to an amount equal to the tax savings the Corporation will receive by obtaining the proceeds from the policy on a tax-free basis. Payment will be made to the director in 120 monthly installments beginning on the first day of the month after the earlier of the director's 65th birthday or death. Each year from the initial date of deferral until payments begin, the Corporation accrues a non-cash expense which will equal, in the aggregate, the amount of the payments to be made to the director over the ten-year period. If a director fails for any reason, other than death, to serve as a director during the entire five-year period, or the director fails to attend at least 12 regular or special meetings of the Board each year, the amount of benefits paid will be prorated appropriately. For 2014, the allocated cost of the deferred directors' fees was \$137,964. This plan was closed to new participants in 2011.

Director Stock Ownership Guidelines

The Board of Directors believes that directors more effectively represent the Corporation's shareholders if they are shareholders themselves. Therefore, the Board has adopted stock ownership guidelines applicable to all directors, other than Norman L. Lowery, who is subject to the stock ownership guidelines for executive officers discussed under "Compensation Discussion and Analysis." Under the guidelines, directors must own a number of shares of the Corporation's common stock equal in value to three times their annual Corporation retainer for services as a director. Directors are expected to be in compliance with the stock ownership guidelines not later than five years after the date of their initial election or appointment as a director of the Corporation. In the case of individuals who were directors when the current guidelines became effective, compliance is required within five years of the effective date. Additionally, directors may not dispose of shares of Corporation stock until they have satisfied the guidelines. Presently, seven of our nine non-employee directors have met their stock ownership levels under these guidelines.

Anti-Hedging Policy

Hedging and similar monetization transactions by a director or an executive officer can lead to a misalignment between the objectives of that director or executive officer and the objectives of our shareholders. Accordingly, all directors, officers and employees are prohibited from engaging in hedging or monetization transactions with respect to the securities of the Corporation.

Compensation Committee Interlocks and Insider Participation

During 2014 none of the members of the Compensation and Employee Benefits Committee was or is an officer or employee of the Corporation, and no executive officer of the Corporation served or serves on the compensation committee (or other board committee performing equivalent functions) or on the board of directors of any company that employed or employs any member of the Corporation's Compensation and Employee Benefits Committee. In addition, no executive officer of the Corporation served or serves on the compensation committee (or other board committee performing equivalent functions or, in the absence of any such committee, the entire board of directors) of any company one of whose executive officers serves on our Board of Directors, except for Norman D. Lowery, the Chief Operating Officer, who is a member of the board of directors of Princeton Mining Company for which Virginia Smith, one of our directors, serves as President.

Certain Relationships and Related Transactions

Certain family relationships exist among the directors and executive officers of the Corporation. Norman L. Lowery (the Vice Chairman, President, and Chief Executive Officer of the Corporation and the Bank) is the father of Norman D. Lowery (the Chief Operating Officer of the Corporation and the Bank) and the brother-in-law of Virginia L. Smith (a director of the Corporation and the Bank). There are no arrangements or understandings between any of the directors and executive officers pursuant to which any of them have been selected for their respective positions. The Audit Committee is responsible for approving any transactions between the Corporation or its subsidiaries and any related party, including loans or extensions of credit and any sale of assets or other financial transactions. Directors and executive officers of the Corporation and their associates were customers of, and have had transactions with, the Corporation and its subsidiaries in the ordinary course of business during 2014. Comparable transactions may be expected to take place in the future. During 2014, various directors and executive officers of the Corporation and their respective associates were indebted to the subsidiary banks from time to time. These loans were made in the ordinary course of business on substantially

the same terms, including interest rates and collateral, as those prevailing at the time for similar transactions with other persons not related to the Corporation and did not involve more than the normal risk of collectability or present other unfavorable features. Loans made to directors and executive officers that are subject to federal banking regulations are exempt from the insider loan prohibitions included in the Sarbanes-Oxley Act of 2002.

Related party transactions are evaluated on a case-by-case basis in accordance with the applicable provisions of the Articles of Incorporation and the Code of Business Conduct and Ethics of the Corporation (the "Code of Ethics").

The provisions of the Articles of Incorporation apply to contracts or transactions between the Corporation and (i) any director; or (ii) any corporation, unincorporated association, business trust, estate, partnership, trust, joint venture, individual or other legal entity in which any director has a material financial interest. The provisions of the Code of Ethics apply to the directors, officers and employees of the Corporation.

The Articles of Incorporation provide that contracts or transactions between the Corporation and any of the persons described above are valid for all purposes, if the material facts of the contract or transactions and the director's interest were disclosed or known to the Board of Directors, a committee of the Board of Directors with authority to act thereon, or the shareholders entitled to vote thereon, and the Board of Directors, such committee or such shareholders authorized, approved or ratified the contract or transaction.

The Code of Ethics provides that directors, officers and employees of the Corporation must make business decisions for the Corporation free of conflicting influences. Such persons are expected to avoid situations that may lead to real or apparent material conflicts between such person's self-interest and their duties or responsibilities as a director, officer or employee of the Corporation. The senior compliance officer or other designated individual is responsible for annually reaffirming compliance with the Code of Ethics by the directors, officers and employees of the Corporation.

Donald E. Smith served as President and Chairman of the Board of Directors of the Corporation until April 17, 2013, at which point he began serving as President and Chairman Emeritus. In this role, Mr. Smith focused on public relations and business development for the Bank. Mr. Smith retired from these duties and from the Corporation and the Bank effective March 1, 2014. Mr. Smith is the father of Virginia L. Smith and the father-in-law of Norman L. Lowery.

CORPORATE GOVERNANCE

General

The Corporation aspires to the highest ethical standards for its employees, officers and directors and remains committed to the interests of its shareholders. The Corporation believes it can achieve these objectives with a plan for corporate governance that clearly defines responsibilities, sets high standards of conduct and promotes compliance with the law. The Board of Directors has adopted policies and procedures designed to foster the appropriate level of corporate governance. Certain of these procedures are discussed below.

Consideration of Director Candidates

The Board of Directors seeks directors who represent a variety of backgrounds and experiences which will enhance the quality of the Board's deliberations and decisions. When searching for new candidates, the Governance and Nominating Committee considers the evolving needs of the Board and searches for candidates who will fill any current or anticipated gaps. The Governance and Nominating Committee generally considers, among other matters, a candidate's experiences, skills, expertise, diversity, personal and professional integrity, character, business judgment, time available to serve, dedication, conflicts of interest and ability to oversee the Corporation's business and affairs. The Governance and Nominating Committee does not have a formal diversity policy; however, both the Board and the Governance and Nominating Committee believe it essential that Board members represent diverse experiences and viewpoints. The Governance and Nominating Committee considers the entirety of each candidate's credentials. With respect to directors who are nominated for re-election, the Governance and Nominating Committee also considers

such director's previous contributions to the Board.

Board Leadership Structure and Lead Independent Director

Our Board of Directors regularly reviews and assesses the effectiveness of our leadership structure and will implement any changes as it deems appropriate. In February 2013, the Board of Directors established the size of the Board at ten, effective as of the 2013 annual meeting of shareholders.

We have determined our Chairman of the Board to be independent. Our President and Chief Executive Officer is also a director. The Board has separated the roles of Chief Executive Officer and Chairman of the Board in recognition of the differences between the two roles. The Chief Executive Officer is responsible for setting the strategic direction for the Corporation and the day-to-day leadership and performance of the Corporation, while the Chairman provides guidance to the Chief Executive Officer and sets the agenda for Board meetings and presides over meetings of the full Board.

Eight of our Directors are considered independent under the requirements of the NASDAQ Global Select Market. The Board of Directors has appointed the Chairman of our Governance and Nominating Committee, Ronald K. Rich, to serve as our Lead Independent Director to preside at all meetings of the independent directors. As Lead Independent Director, Mr. Rich acts as a liaison between the Board and the Chief Executive Officer. He also develops the agendas for the executive sessions. The independent directors met four times during 2014.

We believe that the separate responsibilities of, and coordination between, our Chairman, Chief Executive Officer and our Lead Independent Director enhances our Board of Directors' oversight of communications with our shareholders and is an effective leadership structure for our circumstances. Our Board of Directors also believes that the separately defined roles of the Chairman, Chief Executive Officer and Lead Independent Director provide for effective corporate governance and enable the Chief Executive Officer to focus his time and energy on operating and managing the Corporation while leveraging the experiences and perspectives of the Chairman and Lead Independent Director.

Risk Oversight

Our Board of Directors has an active role, as a whole and also at the committee level, in overseeing management of the Corporation's risks. The Board regularly reviews information regarding the Corporation's financial results, operations and liquidity, as well as the risks associated with each. The Audit Committee oversees management of the Corporation's financial risks, including the oversight of our internal audit function and potential conflicts of interest. The Compensation and Employee Benefits Committee is responsible for overseeing the management of risks relating to the Corporation's executive compensation plans and arrangements. The Governance and Nominating Committee manages risks associated with the independence of the Board of Directors. The Director's Enterprise Risk Management Committee and the Enterprise Risk Management Committee advise and assist the Board in its oversight and management of enterprise risk. The Enterprise Risk Management Committee is composed of Board members W. Curtis Brighton, William R. Kriebel and Ronald K. Rich, the Chief Executive Officer, the Chief Operating Officer, the Chief Financial Officer, the Chief Credit Officer, Chief Risk Officer, the Compliance Officer, the Director of Branch Banking, the heads of Operations, Human Resources, Loan Review, Auditing, Information Technology, a Senior Attorney, the Security Officer, IT Cyber Security Analyst, and representatives from The Morris Plan Company of Terre Haute and Forrest Sherer Insurance. The Director's Enterprise Risk Management Committee is composed of Board members W. Curtis Brighton (Chairman), William R. Kriebel, and Ronald K. Rich who are responsible for, among other matters, coordinating risk management issues with other Board and management level committees as well as establishing and maintaining effective policies, procedures and practices for identifying, measuring and mitigating enterprise risk. The Enterprise Risk Management Committee and the Director's Enterprise Risk Management Committee receive regular reports from management and meet no less frequently than quarterly to discuss matters relating to the management of the various components of enterprise risk, including credit, interest rate, liquidity, compliance, technology, transaction, reputation and strategic risks. While each committee is responsible for evaluating certain risks and overseeing the management of these risks, the entire Board of Directors is regularly informed about such risks through committee reports.

Director Independence

The Board of Directors has determined that a majority of the members of the Board, including Messrs. Cox, Kriebel, Rich, George, Dinkel, Voges, Brighton and Gibson, are independent, as independence is defined under revised listing standards of the NASDAQ Global Select Market applicable to the Corporation.

Corporate Governance Guidelines

The Board of Directors has adopted Corporate Governance Guidelines containing general principles regarding the functions of the Board of Directors and its committees. The Governance and Nominating Committee periodically reviews the Corporate Governance Guidelines and will recommend changes to the Board as it deems appropriate. A copy of the Corporate Governance Guidelines is available on the Corporation's web site at www.first-online.com on the "Investor Relations" page under the link "Governance Documents".

Code of Ethics

The Board of Directors has adopted a Code of Business Conduct and Ethics (the "Code of Ethics") that applies to all of the Corporation's directors, officers and employees, including its principal executive officer, principal financial officer, principal accounting officer and controller. The Corporation intends to disclose any amendments to the Code of Ethics by posting such amendments on its website. In addition, any waivers of the Code of Ethics for directors or executive officers of the Corporation will be disclosed in a report on Form 8-K filed with the Securities and Exchange Commission. A copy of the Code of Ethics is available on the Corporation's web site at www.first-online.com on the "Investor Relations" page under the link "Governance Documents".

Communications with Independent Directors

Any shareholder who desires to contact the Chairman of the Board of Directors, the Lead Independent Director or the other members of the Board of Directors, or who desires to make a recommendation of a director candidate for consideration by the Governance and Nominating Committee, may do so electronically by sending an email to the following address: directors@ffc-in.com. Alternatively, a shareholder can contact the Chairman of the Board, Lead Independent Director, Chairman of the Governance and Nominating Committee or the other members of the Board by writing to: First Financial Corporation, One First Financial Plaza, P.O. Box 540, Terre Haute, Indiana 47808. Communications received electronically or in writing are distributed to the Chairman of the Board, Lead Independent Director, Chairman of the Governance and Nominating Committee or the other members of the Board as appropriate depending on the facts and circumstances outlined in the communication received. For example, if any complaints regarding accounting, internal accounting controls and auditing matters are received, then they will be forwarded by the Secretary to the Chairman of the Audit Committee for review.

Governance Documents

For further information, including electronic versions of our Corporate Governance Guidelines, Code of Business Conduct and Ethics, Audit Committee Charter, Compensation and Employee Benefits Committee Charter, and Governance and Nominating Committee Charter, please contact the Secretary of the Corporation, Rodger A. McHargue, First Financial Corporation, One First Financial Plaza, P.O. Box 540, Terre Haute, Indiana 47808, (812) 238-6000, or visit our website at www.first-online.com on the "Investor Relations" page under the link "Governance Documents."

REPORT OF THE AUDIT COMMITTEE

In accordance with its written charter adopted by the Board of Directors, the Audit Committee of the Board assisted the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of the Corporation. All of the members of the Audit Committee are independent, as defined in the Corporation's listing requirements. During 2014, the Audit Committee met four times, and the Audit

Committee chair, as representative of the Audit Committee, discussed the interim financial information contained in each quarterly earnings announcement with management and the independent public accounting firm prior to public release.

In discharging its oversight responsibility as to the audit process, the Audit Committee obtained from the independent public accounting firm a formal written statement describing all relationships between the independent public accounting firm and the Corporation that might bear on the independent public accounting firm's independence consistent with applicable requirements of the Public Company Accounting Oversight Board (United States) regarding the independent public accounting firm's communications with the Audit Committee concerning independence, and has discussed with the independent public accounting firm any relationships that may impact its objectivity and independence and satisfied itself as to the independent public accounting firm's independence. The Audit Committee also discussed with management, the internal auditors and the

independent public accounting firm the quality and adequacy of the Corporation's internal controls and the internal audit function's organization, responsibilities, budget and staffing. The Audit Committee reviewed both with the independent and internal auditors its audit plans, audit scope and identification of audit risks.

The Audit Committee discussed and reviewed with the independent public accounting firm all communications required by standards of the Public Company Accounting Oversight Board, including the matters required to be discussed by Auditing Standard No. 16, "Communication with Audit Committees," and, with and without management present, discussed and reviewed the results of the independent public accounting firm's examination of the financial statements. The Audit Committee also discussed the results of the internal audit examinations.

The Audit Committee reviewed and discussed the audited financial statements of the Corporation as of and for the year ended December 31, 2014, with management and the independent public accounting firm. Management represented to the Audit Committee that the Corporation's financial statements as of and for the year ended December 31, 2014 were prepared in accordance with accounting principles generally accepted in the United States. Management has the primary responsibility for the preparation of the Corporation's internal controls and financial statements and the independent public accounting firm has the responsibility for performing an independent audit of our consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board.

Based on the above-mentioned review and discussions with management and the independent public accounting firm, the Audit Committee recommended to the Board that the Corporation's audited financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2014, for filing with the Securities and Exchange Commission

EXECUTIVE COMPENSATION DISCUSSION AND ANALYSIS

EXECUTIVE SUMMARY

2014 Performance Highlights

Financial Highlights. Economic growth in most of the markets in which we do business continued to be sluggish during 2014, as there was little population or business growth and unemployment rates continued above state and national averages. Notwithstanding the challenges presented by these formidable headwinds, we were able to deliver another year of solid financial performance by continuing our steady, disciplined approach. Our 2014 performance was highlighted by:

- a 7.10% increase in net income to \$33.8 million, the second best year in our history;
- a 7.59% increase in diluted earnings per share (EPS);
- increased dividends for the 26th consecutive year;
- strong asset quality, as non-performing loans at year end were 1.76% of total loans, down from 2.19% at the end of 2013;
- a 5.25% increase in book value per share to \$30.46 at year end from \$28.94 at year end 2013;
- a 2.09% growth in shareholders' equity to \$394.2 million; and
- a stock repurchase program which returned an additional \$13.6 million to shareholders in 2014.

2014 Compensation Decisions

Our Compensation and Employee Benefits Committee made the following decisions affecting the 2014 compensation of our CEO and other named executive officers.

Base Salaries. We made modest base salary increases in 2014, in line with our company-wide salary increase budget of approximately 3%. However, at our CEO's recommendation, his salary increase was less than 1%, reflecting his desire to free up part of the salary increase budget for merit raises elsewhere in the organization.

Short-Term Incentive Compensation. Under our short-term incentive compensation plan ("STIP"), we used six Corporation-wide performance measures - net income, efficiency ratio, non-performing loans, delinquencies, loan growth, and deposit growth - to assess performance of our CEO. For our other NEOs, bank and controllable departmental measures were used in place of the loan quality measures where appropriate. As shown in the table on pages 21-22, our above target performance on each of the income, expense and loan quality-related metrics, offset by below target results in the growth metrics, resulted in STIP payouts of slightly below target for our CEO and other NEOs.

Long-Term Incentive Compensation. We make awards under our long-term equity incentive plan ("LTIP") in February of each year to our CEO and other NEOs based how we have performed against certain performance measures over the prior three-year period. For 2013, we used four measures -return on assets, return on equity, tangible book value and EPS growth rate - to assess performance. We made awards in February 2014 based on performance through 2013. As discussed in the proxy statement for last year's meeting, our February 2014 awards reflected above-target performance in each of these categories. We continued to use these performance measures in 2014. As shown in the table on page 23, we achieved above target performance in each of these categories over the three-year period ending in December 2014, resulting in LTIP awards of approximately 103% of target in February 2015.

2014 CEO Compensation

The total direct compensation (base salary, STIP and LTIP) of our CEO in 2014 was slightly less than his total direct compensation in 2013, and his 2013 total direct compensation was less than his 2012 total direct compensation. The Committee believes these levels of total direct compensation align with our overall performance in those years as measured against our goals.

Notwithstanding the reduction in total direct compensation, the 2014 total compensation of our CEO reported in the Summary Compensation Table on page 27 shows a substantial increase from the total compensation reported for 2013. The increase is due to the amount reported as the year-to-year increase in the actuarial value of accumulated retirement benefits under our long-standing pension plans primarily attributable to continued service and the effects of

changes in interest rates and mortality assumptions, and does not reflect awarding of additional compensation by the Committee. The increase in present value is not a current cash payment, nor does it represent incremental compensation awarded to our CEO by the Committee.

15

Pay-for-Performance Pay Practices

We continue to maintain the following pay practices, which we believe enhance our pay-for-performance philosophy and further align our executives' interests with those of our shareholders:

WE DO HAVE THIS PRACTICE

WE DO NOT HAVE THIS PRACTICE

Tie a significant portion of executive compensation, over 50% in the case of our CEO, to our performance metrics in the form of "at-risk" compensation.

Incentive award metrics that are objective and tied to key company performance metrics.

Grant equity awards based on performance and vest those equity awards over three years to promote retention

Compensation recoupment "claw-back" policy.

Anti-hedging policy.

Double trigger change in control severance.

Share ownership guidelines (for executives and directors).

Non-performance based incentive awards.

Hedging transactions by executive officers or directors.

Excise tax gross-ups in our CEO's Employment Agreement.

Automatic renewal ("evergreen") provisions in our CEO's Employment Agreement.

Shareholder's 2014 Advisory Approval of the Corporation's Executive Compensation

At our 2014 annual meeting, we held a non-binding advisory vote on the compensation of our named executive officers. This type of vote is commonly referred to as "Say-On-Pay". At the meeting, approximately 83% of the represented shares voted to approve the compensation of our named executive officers.

Through their 2014 advisory vote, our shareholders responded favorably to the changes we made in 2013 to the performance measures used under the STIP and for LTIP awards and the pay-for-performance they produced. This design of our STIP and LTIP awards continued in 2014.

The Compensation Committee has considered the vote of our shareholders as a part of its review of the Corporation's overall executive compensation program, including the appropriateness of the compensation philosophy, our objectives, and the level of compensation provided to the NEOs. Based on the 2014 vote, and analysis of these factors, the Compensation Committee has determined our Executive Compensation Philosophy, discussed below, and the application of the philosophy is appropriate.

INTRODUCTION

This Compensation Discussion and Analysis describes the Corporation's executive compensation program as it relates to the five executive officers ("named executive officers" or "NEOs") included on the compensation tables beginning on page 27. For 2014, our named executive officers and their positions were:

Norman L. Lowery - Chief Executive Officer and President, First Financial Corporation and First Financial Bank, N.A. (our "CEO").

Rodger A. McHargue - Chief Financial Officer, First Financial Corporation and First Financial Bank, N.A.

Norman D. Lowery - Chief Operations Officer, First Financial Corporation and First Financial Bank, N.A.

Steven H. Holliday - Chief Credit Officer, First Financial Corporation and First Financial Bank, N.A.

Karen L. Milienu - Director of Branch Banking, First Financial Bank, N.A.

The following pages describe our executive compensation philosophy, the principal components of our executive compensation program, how our program reflects our compensation philosophy, and the roles played by different persons in establishing and evaluating the various components of our executive compensation program. Our discussion provides important context for the compensation tables that follow and, therefore, should be read in conjunction with those tables.

COMPENSATION PHILOSOPHY

The Compensation and Employee Benefits Committee (“Compensation Committee”) is responsible for determining our executive compensation philosophy and the establishment, implementation, and monitoring of our executive compensation program. The Compensation Committee is composed entirely of independent Directors as determined under the rules of the NASDAQ Global Select market.

Our goal is to maintain a competitive, balanced compensation program that rewards our named executive officers for current year performance and for the creation of long-term shareholder value, without exposing the Corporation to unreasonable risk, including credit, interest rate, liquidity, reputation, compliance, and transaction risk. We seek to:

• Attract, motivate, and retain highly-qualified, talented executives who are focused on the long-term best interests of our shareholders;

• Drive performance relative to our financial goals, balancing short-term operational objectives with long-term strategic goals;

• Link the interests of our executives with those of our shareholders;

• Establish corporate, departmental, and individual goals consistent with our strategic plan and budget that provide the basis for the annual and long-term metrics used to measure our success and the value that we create for shareholders;

• Reward our executives for Corporation, Bank and individual performance;

• Align compensation and variable incentives with measurable, objective, business results and appropriate risk management; and

• Allow flexibility in responding to changing laws, accounting standards, and business needs as well as the constraints and dynamic conditions in the markets in which we do business.

The Compensation Committee believes our executive compensation program has achieved its intended results. The Committee believes we have provided, and continue to provide, levels of compensation appropriately linked to the short and long-term contributions made by our CEO and NEOs and the financial results achieved. We also believe we are competitive with the pay practices of other financial institutions of comparable size and are able to attract and retain executives who make substantial contributions to our success. Finally, our program aligns our executives’ interests with those of our shareholders through a strong link between higher compensation and the attainment of pre-established objective performance goals.

TOTAL DIRECT COMPENSATION AND ITS COMPONENTS

To encourage our executives to execute our business plan and create shareholder value, we seek to align each executive’s compensation with our short-term and long-term financial goals. We focus on total direct compensation, which is the sum of base salary, short-term incentives, and long-term equity-based incentives. Our total direct compensation is weighted heavily toward results, particularly for our CEO and NEOs, with a substantial portion of direct total compensation “at risk.”

The following table shows the principal components of total direct compensation for our CEO and other NEOs, and the percentages of total direct compensation represented by the base salary and target STIP and LTIP amounts.

Component and Percentage of Total Direct Compensation ("TDC")	Role	Comments
Base Salary CEO: 48.7% of TDC NEOs: 57.1 to 69.0% of TDC	Fixed cash compensation based on competitive pay levels, the executive's performance, level of responsibility and experience to facilitate the acquisition and retention of talented, experienced management.	In 2014, base salaries were adjusted in line with our 3% salary increase budget, although at our CEO's recommendation, his salary increase was less than 1%, freeing up dollars for increases elsewhere in the organization.
Short-Term Incentive (STIP) CEO: 22.5% of TDC NEOs: 17.2% to 20.0% of TDC	Annual variable compensation payable in cash based on the achievement of pre-established, objective, corporate or bank performance goals to reward execution and performance which support and drive shareholder value.	Performance measures for 2014 required greater net income than 2013 and performance achievement of our annual plan to earn target payouts.
Long-Term Incentive (LTIP) CEO: 29.0% of TDC NEOs: 13.8 to 22.9 % of TDC	Equity compensation awarded in February of each year based on the achievement of pre-established, long-term, objective, performance goals to align the executive's compensation with the prudent management of the Corporation's assets and earnings growth objectives.	LTIP awards are determined based on long-term performance and made in the form of restricted stock that vests over three years of continued service. Subjecting the award to a three-year vesting period further aligns executives' compensation with long-term shareholder interests and mitigates risk.

The total direct compensation described in the table above reflects the Compensation Committee's pay decisions relating to base salary and to the variable, at-risk pay earned for performance through the end of the year. For our CEO, actual total direct compensation was \$1,311,301 and \$1,386,008 for performance through 2014 and 2013, respectively. These amounts are not the total compensation reported in the Summary Compensation Table (SCT) on page 27. The amounts in the SCT reflect LTI awards, made in the particular year, but based on prior year's performance (the SCT table amount for stock awards in 2014 reflects the February 2014 award based on 2013 performance). The total compensation shown in the SCT also includes amounts related to increases in the actuarial value of long-standing retirement plans, primarily attributable to continued service and the effect of changes in interest rates and mortality assumptions, and not the awarding of additional compensation by the Committee.

2014 COMPENSATION FOR EXECUTIVES

Elements of Compensation

The principal elements of each NEO's compensation are base salary, STIP, LTIP, and other benefits. Although the Compensation Committee has not adopted a formula for allocating a NEO's compensation among its various components, it believes that a significant portion of each NEO's compensation should be based on performance and that the percentage of total compensation at risk should increase with the NEO's total compensation and responsibilities with the Corporation.

Base Salary. Base salary is the fixed component of total cash compensation. The Compensation Committee attempts to set base salaries for a particular executive position at a level that recognizes the executive's contributions and importance to the organization, and will facilitate the attraction and retention of a skilled management team. The Compensation Committee reviews market data in establishing base salaries, but it does not tie its determinations to a

particular benchmark. Among the third-party compensation surveys that the Compensation Committee may review are the Crowe Horwath Financial Institutions Compensation Survey (consisting of a survey for Indiana, Illinois, and the Midwest), the American Bankers Association Compensation and Benefits Survey and other compensation data surveys for banking and finance.

The starting point for determining any adjustments to a NEO's base salary is the annual increase in the Corporation's annual salary pool approved by the full Board of Directors. Individual base salary increases for all employees, including the NEOs, are awarded as allocations from that salary pool. In establishing the amount of the pool, the Compensation Committee and the Board of Directors consider general economic conditions (such as inflation and recessionary factors), the performance of the Corporation and the Bank, and other sources of information, such as surveys referred to in the preceding paragraph.

The Compensation Committee adjusts the base salary of a NEO only after reviewing his or her performance over the past fiscal year. The Compensation Committee's review focuses on the NEO's attainment of objective performance goals established by the Compensation Committee, supervisory skills, dependability, initiative, skill level, and overall value to the Corporation. The Compensation Committee considers all of these factors as a whole, without giving a pre-established weighting to any particular factor, and determines any adjustment to the NEO's base salary.

For 2014, the Board of Directors approved a salary pool increase of 3%. Our CEO's base salary was increased \$5,000 to \$630,297, a less than one percent increase from 2013, reflecting our CEO's desire to free up part of the pool for merit raises elsewhere in the organization. The base salaries for Messrs. McHargue, N.D. Lowery and Holliday and Ms. Milienu were \$195,909, \$200,000, \$200,000 and \$150,000 respectively, reflecting increases ranging from 3% to 5% over 2013.

Short-Term Incentive Compensation. The Compensation Committee makes annual incentive awards to named NEOs and other management employees pursuant to the STIP. Each year, the Compensation Committee establishes and approves an objective performance goal for a number of Corporation, Bank or departmental performance measures, the relative weight accorded to each performance goal, and a target award for each executive officer. The amount earned under the STIP will depend on the NEO's target award, which is stated as a percentage of base salary, and the extent of the Corporation's, Bank's or department's achievement against the goals established for the year. For 2014, these criteria were established by the Compensation Committee and communicated to our NEOs in February 2014. Target awards for 2014 were 46.4% for our CEO, 35% for Messrs. McHargue, Norman D. Lowery and Holliday, and 25% for Ms. Milienu.

In analyzing financial measures and determining the performance goals for the year, the Compensation Committee spends significant time reviewing the Corporation's annual strategic plan and budget which were approved by the Board of Directors in November or December of the preceding year. The Compensation Committee establishes a target performance goal for performance measures determined by the Committee to be important to the Corporation's, the Bank's or a department's overall performance for the coming year. The performance goal for each of performance measure is intended to be a stretch goal, achievable through sustained execution of the strategic plan. The Committee assigns weights to each of performance measures, with areas of focus for achieving greater overall performance assigned higher weightings. To focus management on sustaining its continued, disciplined execution and continuing earnings growth, more weight was assigned to income and expense-related measures.

The amount of STIP award earned is determined based on the overall score achieved. The overall score is the sum of the weighted scores achieved for each of the performance measures. The weighted score is based on the score for the particular performance measure multiplied by the weight assigned to that measure. A score of 100% is earned for a performance measure by achieving the target performance goal for that measure. A score above or below 100% is earned for performance above or below the goal. The amount of the STIP earned is determined by multiplying the overall score (the sum of the performance scores for the performance measures) times the executive's target bonus amount. No STIP award is earned if the overall score is less than 80%. The maximum overall score is 125% for the CEO and 120% for the other NEOs.

The table below reports the performance measures ("Measure"), target performance goals ("Goal"), our results ("Actual"), the level of achievement against the goal (% of Goal), the weightings ("Weight"), and the resulting score for the CEO and other NEOs ("Score") under the Short-Term Incentive Plan. For our CEO, Mr. Norman Lowery, the performance measures relate to Corporation-wide performance; the performance measures for the other NEOs are tied to Bank and/or departmental performance. The amount of STIP earned in 2014 by each executive officer reflects the overall score multiplied by his or her target bonus and is set forth in the Non-Equity Incentive Plan column of the SCT.

Long-Term Incentive Compensation. We use long-term, incentive compensation to strengthen the alignment between the interests of our executive officers and our shareholders. Our LTIP is an essential tool for attracting, retaining, and motivating talented executive officers. We make LTIP awards under our shareholder-approved First Financial Corporation 2011 Equity Incentive Plan. The LTIP award made to an executive officer will depend on the NEO's target award, which is stated as a percentage of base salary, and the extent of the Corporation's or Bank's performance during the preceding three years against the goals established by the Compensation Committee. The LTIP award target for awards made in February 2014 based on performance through 2013, and in February 2015 based on

performance through 2014, were 60.0% for our CEO, 40% for Messrs. McHargue, Norman D. Lowery and Holliday, and 20.0% for Ms. Milienu.

The performance measures chosen by the Committee are those where strong, steady performance should equate to long-term shareholder value. Since 2013, the Committee has used four performance measures on which to base LTIP awards:

20

return on assets, return on equity, tangible book value and earnings per share (EPS). The Committee establishes a performance goal for each of these measures based on the Corporation's strategic plan and budgets, and weights the goals based on the Committee's assessment of the relative importance of the measure to overall shareholder value. The amount of an executive officer's LTIP award is based on the overall score achieved and the officer's LTIP award target. LTIP awards are made in restricted stock having value equal to the LTIP award earned. The restricted stock vests in three equal installments beginning on December 31 of the year of the grant and the following two years. The Committee believes the use of performance criteria for determining the size of the LTIP award, followed by a three-year vesting schedule, reinforces the long-term incentive and retention purpose of the LTIP award while establishing an appropriate balance of risk and incentive compensation in accordance with the Guidance on Sound Incentive Compensation Policies issued by the Federal Reserve, the FDIC, the OCC, and OTC in 2010.

For 2014, the long-term incentive performance measures remained the same as in 2013. The table below reports the performance measures ("Measure"), target performance goal ("Goal"), our results ("Actual"), the level of achievement against the goal (% of Goal), the weightings ("Weight"), and the resulting score for the CEO and other NEOs ("Score") for the LTIP awards made in February 2015 based on performance through the end of 2014. For our CEO, Mr. Norman Lowery, the performance measures relate to Corporation-wide performance. For the other NEOs, the performance measures, other than earnings per share growth, are tied to Bank performance. The amount of LTIP earned in 2014 by each executive officer reflects the overall score multiplied by his or her target LTIP award. In accordance with SEC disclosure rules, the LTIP award based on 2014 performance will be reported in 2016 proxy statement. The amount of LTIP awarded in February 2014, based on 2013 performance, is set forth in the Stock Awards column in the SCT.

Retirement Benefits. We believe retirement and other post-employment benefits can be a powerful motivational tool for attracting and retaining key executives.

Our three qualified retirement plans are the First Financial Corporation 401(k) Savings Plan (“Savings Plan”), the First Financial Corporation Stock Ownership Plan (“ESOP”), and the First Financial Corporation Employees’ Pension Plan (“Pension Plan”).

401(k) Savings Plan. The Savings Plan allows eligible employees to contribute a portion of their compensation on a before-tax basis. Participants may direct the investment of their plan accounts among a diversified range of investment options. For those participants who are not eligible for future benefit accruals under the Pension Plan, the Corporation may, in its discretion, match the participant’s contributions (up to 4% of compensation) and make non-matching contributions.

ESOP. The Corporation and its participating subsidiaries and affiliates may make contributions to the ESOP in the form of Corporation stock or cash to be invested primarily in Corporation stock. The amount of any contributions is determined by the Board of Directors of the Corporation. The value of a participating employee’s benefit under the ESOP depends on the value of the shares of Corporation stock and any other amounts allocated to his or her account.

Pension Plan. The Pension Plan is a defined benefit plan that provides each participant with a benefit based on the participant’s compensation and service, which is then offset by the value of the participant’s benefit under the ESOP. This type of arrangement is commonly referred to as a floor-offset arrangement. Future accruals under the Pension Plan were frozen for participants at the end of 2012, except for certain long-service, retirement-eligible or other employees who were grandfathered at that time. Each of our CEO and other named executive officers, other than Mr. Holliday, continue to accrue benefits under the Pension Plan.

Internal Revenue Code limits on the amount of benefits which may be earned under qualified plans can result in highly paid individuals, such as our executive officers, receiving a substantially lower benefit (as a percentage of compensation) than other participating employees. We have adopted nonqualified retirement plans to make-up for these benefit reductions. Information relating to qualified and nonqualified plans accompanies the “Pension Benefits” table and the “Nonqualified Deferred Compensation” table on pages 29-30.

Perquisites. The Corporation provides very limited perquisites to executive officers; however, it does sponsor a life insurance program for the named executive officers of the Bank. Under the life insurance program, the Bank purchased a whole life insurance policy on behalf of, and pays the premiums on behalf of, each executive officer of the Bank. The policy is owned by the individual and is intended to be fully paid at age 65 for those who were 55 or older, and at age 60 for those who were less than 55 years of age at the time the individual joined the Bank.

The Process for Setting Executive Compensation

Role of the Compensation Committee

Each year, the Compensation Committee reviews our executive compensation program to assure that the program and the compensation for each NEO are consistent with our compensation philosophy and, specifically, that a substantial portion of our NEOs’ compensation is paid only if pre-established objective performance goals are met or exceeded. In exercising its duties, the Compensation Committee considers all elements of our executive compensation program, as well as individual performance, Corporation and Bank performance, and market compensation considerations.

The Compensation Committee determines the appropriate allocation of each NEO’s potential compensation among base salary, short-term incentive compensation, long-term incentive compensation, and other components. Based on our strategic plan and budget, the Compensation Committee sets the appropriate goals and measures under the short-term and long-term incentive components of the program and communicates those goals and measures to covered NEOs in February. Each year, the Compensation Committee also reviews our performance compared to short-term and long-term objectives, reviews our executive officer pay practices, evaluates risks associated with our executive compensation program, and approves all awards under our short-term and long-term incentive plans. The Compensation Committee reports its decisions to the Board of Directors.

Role of Company Personnel

Each year, prior to any adjustments in compensation, our Chief Executive Officer provides the Compensation Committee with a review of our strategic and financial performance and the compensation and performance of all executive officers other than himself. He also develops recommendations regarding the compensation of those executive officers and presents his recommendations to the Compensation Committee for review and approval. The Compensation Committee generally requests information relevant to its determinations from Corporation personnel,

including our Chief Financial Officer. However, no executive officer other than our Chief Executive Officer attends Compensation Committee meetings. The

Compensation Committee invites our Chief Executive Officer to attend Committee meetings at which it discusses the compensation of executive officers other than himself. Our Chief Executive Officer does not attend the portion of Compensation Committee meetings at which his compensation is discussed, nor does he make recommendations regarding his own compensation. The Corporation's Human Resources Management provides information and other support to our Chief Executive Officer and the Compensation Committee in connection with the Compensation Committee's deliberations.

Role of Outside Consultants

The Compensation Committee is authorized to retain its own advisors. From time to time since April 2010, the Compensation Committee uses the services of Grant Thornton LLP as its independent compensation consultant. Grant Thornton has not performed any other services for the Corporation or Bank, except for certain services related to information technology security testing. In connection with its retention of Grant Thornton, the Compensation Committee determined that no conflict of interest existed that would impair the ability of Grant Thornton to serve as a compensation consultant to the Compensation Committee.

Grant Thornton interacts with members of management only under the Compensation Committee's oversight and with the knowledge and permission of the Compensation Committee chair. Grant Thornton's duties included design of a short-term incentive compensation plan, design of a long-term incentive plan for key executive officers, review of director compensation, and confirmation of the competitiveness of total compensation for certain executive officers. In 2014, Grant Thornton provided a banking industry update, a regulatory update on compensation and corporate governance topics, and other topics related to the Corporation and its compensation plans.

Assessment of Incentives for Excessive Risk-Taking

Each year, the Committee evaluates the material operational risks to the Corporation, which includes credit, interest rate, liquidity, reputation, compliance, and transaction risk as well as the added potential for loss that could result from any of our compensation programs. The Committee also charges the Corporation's General Auditor with performing a risk assessment of the incentive compensation program. Based on a review of these risks and the report of the General Auditor, the Committee has determined that the Corporation's compensation arrangements and policies do not encourage excessive risk-taking.

Share Ownership and Retention Guidelines and Prohibition on Hedging

Share ownership and retention guidelines help to foster a focus on long-term growth. The Board of Directors has adopted stock ownership guidelines applicable to our named executive officers. Under those guidelines, our CEO is required to own a number of shares of the Corporation's common stock equal in value to \$500,000, and other NEOs are required to own a number of shares equal in value to \$150,000. Except for purposes of exercising statutory diversification rights under the ESOP, our covered executives may not dispose of shares until they have satisfied the guidelines. Covered executives are expected to comply with the guidelines as soon as practicable, and in no event later than five years after the date they become a covered executive. In the case of individuals who were covered executives when the guidelines became effective, compliance is required within five years of the effective date. Messrs. Norman L. Lowery, McHargue, Norman D. Lowery, Holliday and Ms. Milienu currently meet the guidelines.

Our NEOs and directors are prohibited from engaging in hedging or monetization transactions with respect to the securities of the Corporation.

Tax Deductibility Cap on Executive Compensation

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation over \$1 million paid to each of a company's chief executive officer and certain other highly compensated executive officers. Qualifying performance-based compensation is not subject to this deduction limit. While it is the Committee's objective to avoid the deduction limitations of Code Section 162(m), compensation paid may not be deductible because it exceeds the limitations or does not meet the "performance-based or other requirements for deductibility under Section 162(m).

Executive Compensation Recovery Policy

We can recover or "claw back" all or a portion of an incentive compensation payment which was based on erroneous data due to our material noncompliance with any financial reporting requirement under securities laws which resulted in an accounting restatement. The claw back applies to incentive compensation described above which was paid

within three years preceding the date of the accounting restatement. In that instance, the participant is required to repay the excess amount which would not have been paid to the participant but for the accounting restatement.

Compensation Committee Report

The Compensation and Employee Benefits Committee of the Corporation has reviewed and discussed this Compensation Discussion and Analysis with management and, based on such review and discussion, the Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

The amounts in this column represent the aggregate grant date fair values of the restricted stock awarded in 2014, 2013 and 2012 based on prior years' performance, determined pursuant to FASB ASC Topic 718. These amounts (1) do not reflect whether the recipient will realize a financial benefit from the awards (such as becoming vested over the three-year graded vesting period). The grant date fair values have been determined based on the assumptions and methodologies set forth in the Corporation's 2014 Form 10-K (note 16).

(2) The amounts in this column reflect amounts earned under the STIP.

The amounts in this column do not reflect amounts paid. The amounts reflect the actuarial increase in the present value of the named executive officers' benefits under the Pension Plan and our nonqualified defined benefit plans (3) ("ESRP" and "2005 ESRP"), determined using interest rate and mortality rate assumptions consistent with those used in the Corporation's financial statements.

For 2014, includes (i) the premiums paid by the Corporation pursuant to a life insurance program for named executive officers of \$4,895 for Norman L. Lowery, \$3,477 for Mr. McHargue, \$4,140 for Mr. Holliday, \$683 for Mr. Norman D. Lowery and \$600 for Ms. Milienu; (ii) amounts contributed by the Corporation under the 2005 non-qualified defined contribution plan ("2005 EDC"), which were \$48,370 for Norman L. Lowery, \$441 for Mr. McHargue, and \$802 for Norman D. Lowery; (iii) dividends on restricted stock which were \$20,753 for (4) Norman L. Lowery, \$4,148 for Mr. McHargue, \$1,297 for Mr. Holliday, \$4,060 for Mr. Norman D. Lowery and \$1,311 for Ms. Milienu; and (iv) miscellaneous perquisites of less than \$10,000. Allocations to the named executive officer's respective account in the ESOP for 2014, which would be includable in this column, were not calculable as of the date of this Proxy Statement. Such amounts for 2013 were as follows: \$12,713 for Mr. Norman L. Lowery; \$12,713 for Mr. McHargue; \$12,713 for Mr. Norman D. Lowery; and \$9,314 for Ms. Milienu.

(5) Includes \$4,800 for service as a director of Portfolio Management Specialist A (a subsidiary of the Bank), Portfolio Management Specialist B (an indirect subsidiary of the Bank) and Global Portfolio Limited Partnership (an indirect

subsidiary of the Bank), and \$500 for service as a director of FFB Risk Management Company, Inc. (a subsidiary of the Corporation).

(6) Includes \$200 for service as a manager of First Financial Real Estate LLP (a real estate investment trust of the Bank).

Grants of Plan-Based Awards

The following table sets forth the plan-based grants during the fiscal year ended December 31, 2014, consisting of opportunities for cash awards under the 2011 Short-Term Incentive Compensation Plan (the “2011 STIP”) and equity grants under the 2011 Omnibus Equity Incentive Plan (the “2011 EIP”), which are discussed in more detail in the “Compensation Discussion and Analysis” section of this Proxy Statement.

The amounts in these columns represent the threshold, target and maximum fiscal year 2014 awards available under the 2011 STIP. To receive a payout under the 2011 STIP, a participant must remain employed with the Corporation through the date payment is made, which is within 75 days of the end of the performance period, (1) except in the case of death, disability, retirement, termination without cause or resignation for good reason, which terms are defined in the 2011 STIP. The amounts in these columns represent award opportunities; the actual amount of the award earned for 2014 for each named executive officer is included under the column “Non-Equity Incentive Plan Compensation” of the Summary Compensation Table.

The amounts in this column represent restricted stock awards granted in 2014 based on performance during the three-years ending in 2013. The shares vest in three substantially equal installments on December 31, 2014, 2015 and 2016. Vesting is contingent upon the executive officers remaining employed during the required service (2) period, unless employment terminates due to death, disability, termination, by the Corporation without cause, resignation for good reason, or retirement (each as defined in the 2011 EIP), in which case the restricted stock award vests in full. No automatic acceleration of vesting occurs upon a change in control. Award recipients are entitled to dividends on the restricted shares during the vesting period.

(3) The grant date fair value of the restricted stock awards reported in this column is the grant date value of the awards as determined under FASB ASC Topic 718.

These shares represent restricted stock awards that vest in installments on December 31, 2015 and December 31, 2016, provided the executive is still employed on such date(s). In the event of involuntary termination due to death, (1) disability, termination without cause or resignation for good reason, or upon retirement after age 65, the awards will vest in full. No automatic acceleration of vesting occurs upon a change in control.

(2) The market value is based on \$35.62 per share, the closing price for our stock on December 31, 2014.

Pension Benefits

The table below shows the present value of accumulated benefits payable to each of the named executive officers, including the number of years of service credited to each named executive officer, under the Pension Plan, the ESRP, and the 2005 ESRP. The present value was based upon the accrued benefit as of December 31, 2014 and determined using interest rate and mortality rate assumptions consistent with those used in the Corporation's financial statements. The amounts shown do not reflect amounts actually paid or payable to the named executive officer. Benefits are not payable as a lump sum but are generally paid as a monthly annuity for the life of the retiree.

(1) The calculation of present value of accumulated benefit assumes a discount rate of 3.95% and mortality based on the 2014 IRS Current Liability Tables.

(2) These amounts represent the amount that Messrs. Norman L. Lowery, McHargue, Norman D. Lowery, and Ms. Milienu's Pension Plan benefit exceeds their ESOP benefit pursuant to offset arrangements.

(3) This amount represents the amount Messrs. Norman L. Lowery, McHargue, and Norman D. Lowery's Executive Supplemental Retirement benefit exceeds his Executive Deferred Compensation benefit.

The benefits provided under the Pension Plan are based on the executive officers' years of credited service and final average compensation, and are targeted to provide an annual retirement annuity equal to approximately 66% of final average compensation for retirement at age 65 with 25 years of service. Actuarial adjustment is made for payments commencing before or after age 65. Final average compensation is based on the five consecutive years over the last

ten in which amount of base salary and bonus were the highest. The actual benefit payable under the Pension Plan is subject to offset (reduction) by the benefits provided under the ESOP.

27

Applicable IRS rules limit the amount of benefits that may be accrued under a qualified plan, such as the Pension Plan. The benefits provided under the ESRP and 2005 ESRP are intended to provide benefits that would be paid under the Pension Plan but for such limitations. These benefits are subject to offset by the benefits payable under the Executive Deferred Compensation Plan (“EDC”) and the 2005 EDC described below.

Nonqualified Deferred Compensation for 2014

Pursuant to the 2005 EDC, we permit certain executive officers and highly compensated employees to defer a portion of their current compensation and also provide supplemental benefits to certain highly compensated employees to recompense the employees for benefits lost due to the imposition of Code limitations in the ESOP. The amounts shown below represent the accumulated benefit cost to the Corporation for these plans. The table also shows amounts which were earned and deferred under the 2001 LTIP and 2005 LTIP.

Employment Agreement with Norman L. Lowery

Norman L. Lowery has a written employment agreement (the “Employment Agreement”) with the Corporation and the Bank pursuant to which he is employed as President and Chief Executive Officer of the Corporation and the Bank. The material terms of that Agreement are summarized as follows:

Term: The Agreement is effective as of January 1, 2014, and is for an initial period of three years. The term may be extended for one-year periods by the Compensation Committee.

Base Compensation: The Agreement provides for an initial base salary of \$630,297, which may be increased from time to time. Prior to a change-in-control, base salary may be decreased if the Corporation’s operating results are significantly less favorable than those for the fiscal year ended December 31, 2009, and the Corporation makes similar decreases in the base salaries of the other executive officers. Mr. Lowery is entitled to participate in other compensation programs and benefits as provided to other senior officers of the Corporation and as provided in the Employment Agreement.

Restrictive Covenants: To protect the Corporation and our business, the Agreement obligates Mr. Lowery to comply with non-solicitation, non-competition, and non-disclosure requirements. In general, the non-solicitation and non-competition remain in effect for one year after termination of employment for any reason.

Termination for Cause, Death or Disability: If employment is terminated for “cause” (as defined in the Agreement), death, or disability, Mr. Lowery (or his estate) is entitled only to his base salary, bonuses, vested rights, and other benefits due to him through his date of termination, and any benefits payable under insurance, health, retirement,

bonus, incentive performance or other plans as a result of his participation in such plans through such termination will be paid in accordance with those plans.

Termination Due to Retirement: Upon retirement, Mr. Lowery will receive life and disability coverage for himself and lifetime Medicare supplemental coverage for himself and his spouse. He is also entitled to receive a

life insurance policy on his life in the amount of \$350,000 and a life insurance policy on his life in the amount established by the Bank's insurance program for executive officers.

Termination by Corporation Without Cause or by Employee for Good Reason: If Mr. Lowery is terminated without "cause," or if he terminates his employment for "good reason" (as defined in the Employment Agreement), and such termination does not occur in connection with, or within 12 months after a "change in control" (as defined in the Employment Agreement), he will receive an amount equal to the sum of the following amounts he would have received through the expiration date of the Employment Agreement: (i) his base salary and bonuses (based on prior year bonus); (ii) the Corporation's portion of the cost of obtaining health insurance for himself and his spouse, (iii) the cost of obtaining disability insurance; (iv) the cost of professional and club dues, (v) the cost of continuing legal education; (vi) the cost of automobile benefits; (vii) benefits under the Pension Plan and ESRP based on the most recent year's accruals; and (viii) benefits under the ESOP and 2005 EDC based on the most recent year's contributions. The amounts provided in the prior sentence will be provided net of all income and payroll taxes that would not have been payable by Mr. Lowery had he continued participation in the benefit plan or program instead of receiving cash reimbursement.

Termination Following Change in Control: If there is a "change in control" (as defined in his Employment Agreement), and in connection with or within 12 months following the "change in control" our CEO's employment is terminated for other than "cause" or he resigns for "good reason," then following such termination he would be entitled to an amount equal to the greater of the (i) amount he would receive if he was terminated by the Corporation without cause as described above, or (ii) (A) the product of 2.99 times the sum of (1) his base salary in effect as of the date of the change in control and (2) an amount equal to any annual discretionary or performance-based incentive bonuses received by or payable to him in or for the calendar year prior to the year in which the change in control occurs; and (B) cash reimbursements in an amount equal to his cost of obtaining, for a period of three years, beginning on the date of termination, all benefits which he was eligible to participate in or receive as of the date of termination. If, as a result of a change in control, Mr. Lowery becomes entitled to any payments which are determined to be payments subject to the Code Section 280G, then his benefit will be equal to the greater of his benefit under the agreement reduced to the maximum amount payable such that when it is aggregated with payments and benefits under all other plans and arrangements it will not result in an "excess parachute payment" under Code Section 280G, or his benefit under the agreement after taking into account the amount of the excise tax imposed under Code Section 280G due to the benefit payment. Mr. Lowery is not entitled to any excise tax "gross up" payments under the terms of the Employment Agreement.

To comply with Section 409A, certain payments to our CEO following termination of employment may be delayed until six months following his termination of employment.

Potential Payments Upon Termination or Change in Control of the Corporation

The following table sets forth the incremental retirement, cash severance and stock awards payable to each named executive officer under the specifically described scenarios as if retirement, termination of employment or change in control-related termination occurred as of December 31, 2014. No amounts are shown for the occurrence of a change in control without termination of employment, because no automatic acceleration of outstanding stock awards or other amounts arise upon a change in control.

The amounts shown in the table do not include payments and benefits to the extent they are provided on a non-discriminatory basis to salaried employees generally upon termination of employment, such as accrued salary and vacation pay, or payments of vested amounts under the qualified and nonqualified pension plans and deferred compensation plans. Amounts attributable to the 2011 EIP are based upon the \$35.62 closing price for our common stock on December 31, 2014.

(1) As of December 31, 2014, only Mr. Norman L. Lowery had attained retirement age. The amounts shown in this column for the 2011 EIP reflect the value of outstanding restricted stock awards which would vest upon retirement, and for the Employment Agreement include the value of continuation of Medicare supplemental coverage and life insurance benefits.

(2) Amounts in this column reflect the severance benefits and the value of accelerated vesting of restricted stock that would become payable upon termination without cause or resignation for good reason. For Mr. Norman L. Lowery, the amounts shown in this column are in addition to the amounts to which he would be entitled upon retirement described in footnote (1) above. For the other NEOs, the 2011 EIP amount reflects the value of outstanding restricted stock awards which would vest in full upon termination without cause or resignation for good reason.

(3) Amounts in this column reflect the severance benefits and the value of accelerated vesting of restricted stock that would become payable if the termination without cause or resignation for good reason was in connection with a change in control. For Mr. Norman L. Lowery, the amounts shown in this column are in addition to the amounts to which he would be entitled upon retirement described in footnote (1) above. For the other NEOs, the 2011 EIP amount reflects the value of outstanding restricted stock awards which would vest in full upon termination without cause or resignation for good reason.

(4) This cash severance amount consists of (a) two times (i) annual base salary and 2013 STIP bonus of \$912,314, (ii) annual amounts paid for dues and professional associations, automobile allowance and continuing education of \$9,664, and (iii) annual ESOP and EDC contributions of \$61,370, plus (b) pension accruals of \$1,032,763. Also includes \$145,327 to reimburse taxes due on payments for benefits that would not be taxable if provided in connection with continuing employment.

(5) This cash severance amount consists of (a) 2.99 times (i) annual base salary and 2013 STIP bonus of \$912,314, (ii) annual amounts paid for dues and professional associations, automobile allowance and continuing education of \$9,664, and (iii) annual ESOP and EDC contributions of \$61,370, plus (b) pension accruals of \$1,171,899. Also includes \$151,291 to reimburse taxes due on payments for benefits that would not be taxable if provided in connection with continuing employment.

Lowery, 25,148 shares; Mr. McHargue, 5,289 shares; Mr. Holliday, 4,193 shares; Mr. Norman D. Lowery, 5,212 shares; and Ms. Milienu, 1,925 shares. Upon issuance, shares of restricted stock vest annually in one-third increments over a three-year period.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities and Exchange Act of 1934 requires the Corporation’s directors and executive officers, and persons who beneficially own more than ten percent of a registered class of the Corporation’s equity securities, to file with the Securities and Exchange Commission (“SEC”) initial reports of ownership and reports of changes in ownership of Corporation common stock and other equity securities of the Corporation. Officers, directors and greater than ten percent shareholders are required by SEC regulations to furnish the Corporation with copies of all Section 16(a) reports they file. To the best knowledge of the Corporation, during the most recent fiscal year all officers, directors and greater than ten percent beneficial owners of the Corporation timely filed all statements of beneficial ownership required to be filed with the SEC in 2014. In making this disclosure, we have relied solely upon written representations of our directors and executive officers and copies of reports that those persons have filed with the Securities and Exchange Commission and provided to us.

PROPOSAL 2: NON-BINDING ADVISORY VOTE TO APPROVE THE COMPENSATION PAID TO NAMED EXECUTIVE OFFICERS

Our executive compensation philosophy seeks to provide a competitive compensation program that encourages current year performance and the creation of long-term shareholder value without exposing the Corporation to unreasonable risks, including credit, interest rate, liquidity, reputation, compliance and transition risk. Through our executive compensation program, we seek to:

- Attract, motivate and retain highly-qualified, talented executives who are focused on the long-term best interest of our shareholders;
- Drive performance relative to our financial goals, balancing short-term operational objectives with long-term strategic goals;
- Link the interest of our executives with those of our shareholders;
-

Establish Corporate, Departmental and individual goals consistent with our strategic plan and budget that provide the basis for the annual and long-term award metrics used to measure our performance;

Reward our executives for both Corporation and individual performance;

Align compensation and variable incentives with measurable, objective business results and appropriate risk management;

Allow flexibility in responding to changing laws, accounting standards and business needs as well as the constraints and dynamic conditions in the markets in which we do business;

Implement and operate our executive compensation program to reinforce our philosophy of aligning compensation with our short-term and long-term goals and to minimize risk to our shareholders.

•

We currently maintain the following pay practices, which we believe enhance our pay-for-performance philosophy and further align our executives' interest with those of our shareholders.

WE HAVE THIS PRACTICE:

- Tie a significant portion of executive compensation to our performance metrics in the form of "at-risk" compensation;
- Incentive award metrics that are objective and tied to key company performance metrics;
- Share ownership guidelines (for executives and directors);
- Compensation recoupment "claw-back" policy;
- Anti-hedging policy;
- Double trigger change in control severance; and,
- Vest equity awards over three years to promote retention.

WE DO NOT HAVE THIS PRACTICE:

- Non-performance based incentive awards;
- Hedging transaction by executive officers or directors;
- Excise tax gross-ups in our CEO's Employment Agreement; and,
- Automatic renewal ("evergreen") provisions in our CEO's Employment Agreement.

The Compensation Committee believes our executive compensation program has achieved its intended results. The Committee believes our compensation is competitive with the pay practices of other financial institutions of comparable size and performance and has allowed us to attract and retain executives who make substantial contributions to our success. We believe the program aligns our executives' interest with those of our shareholders by providing a strong link between higher compensation and the attainment of pre-established objective performance goals.

We urge our shareholders to read the Compensation Discussion and Analysis section of this proxy statement for a detailed discussion of our executive compensation programs and how they reflect our philosophy and our link to corporate performance.

We recognize executive compensation is important to our shareholders and we value their opinions on our compensation philosophy and programs. We are asking our shareholders to vote on an advisory basis to approve the compensation of our named executive officers as described in this proxy statement. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our executive officers and the philosophy, policies and practices described in this proxy statement. This proposal, which is required by Section 14A of the Securities Exchange Act, is commonly known as a "Say-On-Pay" proposal and gives our shareholders the opportunity to express their views on our named executive officers' compensation to the following resolution: RESOLVED, that the shareholders approve the 2014 compensation of the named executive officers, as disclosed in this proxy statement, pursuant to Item 402 of Regulation S-K of the Securities and Exchange Commission (including the Compensation Discussion and Analysis, the compensation tables and other narrative executive compensation disclosures).

The vote on this proposal is advisory, and therefore not binding on the Corporation, the Compensation Committee or our Board of Directors. To the extent there is any significant vote against the executive officer compensation proposal, however, we will consider our shareholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.

PROPOSAL 3: RATIFICATION OF APPOINTMENT OF CROWE HORWATH LLP AS THE CORPORATION'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

At its March 3, 2015 meeting, the Audit Committee of the Board of Directors recommended and approved the appointment of Crowe Horwath LLP as the Corporation's independent registered public accounting firm to audit the books, records and accounts of the Corporation for 2015. The Corporation is seeking ratification of such action.
Crowe Horwath LLP

has been our independent registered public accounting firm since fiscal year 1999. Representatives of Crowe Horwath LLP are expected to be in attendance at the annual meeting and will be provided an opportunity to make a statement should they desire to do so and to respond to appropriate inquiries from the shareholders.

If shareholders do not ratify the selection of Crowe Horwath LLP as our independent registered public accounting firm, or if prior to the 2015 annual meeting of shareholders Crowe Horwath LLP ceases to act as our independent registered public accounting firm, then the Audit Committee will reconsider the selection of an independent registered public accounting firm.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” THE RATIFICATION OF THE APPOINTMENT OF CROWE HORWATH LLP AS THE CORPORATION’S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2015.

MATTERS RELATING TO INDEPENDENT PUBLIC ACCOUNTING FIRM

Fees Paid to Crowe Horwath LLP

The following table sets forth the aggregate fees billed by Crowe Horwath for audit services rendered in connection with the consolidated financial statements and reports for fiscal year 2014 and fiscal year 2013 and for other services rendered during fiscal year 2014 and fiscal year 2013 on behalf of the Corporation and its subsidiaries, as well as all out-of-pocket costs incurred in connection with these services, which have been billed to the Corporation:

	2014	2013
Audit Fees	\$367,000	\$363,500
Audit Related Fees	3,500	3,500
Tax Fees	96,300	79,100
All Other Fees	5,300	16,775
Total	\$472,100	\$462,875

Audit Fees. Audit fees consist of fees billed for professional services rendered for (i) the audit of the Corporation’s consolidated financial statements, (ii) the integrated audit over internal controls as required under Section 404 of the Sarbanes-Oxley Act, (iii) the review of the interim condensed consolidated financial statements included in quarterly reports, (iv) the services that are normally provided by Crowe Horwath in connection with statutory and regulatory filings or engagements, and (v) attestation services, except those not required by statute or regulation.

Audit-Related Fees. Audit-related fees consist of fees billed for assurance and related services that are reasonably related to the performance of the audit or review of the Corporation’s consolidated financial statements and are not reported under “Audit Fees.” These services include acquisition and accounting consultations for 2014 and 2013.

Tax Fees. Tax fees consist of tax compliance/preparation and other tax services. Tax compliance/preparation consists of fees billed for professional services related to federal and state tax compliance, and assistance with tax audits and appeals. Other tax services consist of fees billed for other miscellaneous tax consulting and planning.

All Other Fees. All other fees include Sarbanes-Oxley Section 404 and internal audit software licensing fees in both years, as well as additional billing for consultation on significant accounting areas.

Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Public Accounting Firm

All of the fees and services described above under “audit fees,” “audit-related fees,” “tax fees” and “all other fees” were pre-approved by the Audit Committee. The Audit Committee pre-approves all audit and permissible non-audit services provided by the independent public accounting firm. These services may include audit services, audit-related services, tax services and other services. The Audit Committee has adopted a policy for the pre-approval of services provided by the independent public accounting firm. Under the policy, pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is subject to a specific budget. In addition, the Audit Committee may also pre-approve particular services on a case-by-case basis. For each proposed service, the independent public accounting firm is required to provide detailed back-up documentation at the time of approval. The Audit Committee

may delegate pre-approval authority to one or more of its members. Such member must report any decisions to the Audit Committee at the next scheduled meeting.

SHAREHOLDER PROPOSALS AND DIRECTOR NOMINATIONS

In addition to the advance notice requirements under our by-laws described below, a shareholder who desires to include a proposal in our proxy soliciting materials relating to our 2016 annual meeting of shareholders must send the proposal in writing to Mr. Rodger A. McHargue, our Secretary, such that we receive it at our principal executive office at One First Financial Plaza, Terre Haute, Indiana 47808 no later than November 14, 2015. Any such proposal must be made in accordance with Rule 14a-8 under the Securities Exchange Act of 1934.

Shareholders desiring to make a director nomination or a proposal for any business or matter to be presented at any annual meeting of shareholders of the Corporation must comply with the advance notice procedures provided in our by-laws. Those procedures are summarized below. A complete copy of our by-laws was included as an exhibit to the Corporation's Form 8-K filed on August 24, 2012 and is available on the Internet website of the Securities and Exchange Commission at www.sec.gov.

Nominations for the election as directors and proposals for any business or matter to be presented at any annual meeting of shareholders may be made by any of our shareholders of record entitled to vote in the election of directors or on the business or matter to be presented, as the case may be, or by our Board of Directors. In order for a shareholder to make such a nomination or proposal, the Corporation's Secretary must receive notice thereof in writing not less than 120 days prior to the date of the annual meeting; provided, however, that in the event that less than 130 days' notice or prior public disclosure of the date of the annual meeting is given or made to shareholders (which notice or public disclosure shall include the date of the annual meeting specified in our by-laws, if the annual meeting is held on such date), notice by the shareholder to be timely must be received by us no later than the close of the 10th day following the day on which such notice of the date of the annual meeting was mailed or such public disclosure was made. No notice of any kind under this procedure is required for any nominations for the election as directors or any proposals for any business or matter made by or at the direction of our Board of Directors.

Each notice given by a shareholder with respect to a nomination for election as a director must set forth for each nominee: (i) the name, age, business address and residence address of such person, (ii) the principal occupation or employment of such person, (iii) the class and number of shares of the Corporation which are beneficially owned by such person, and (iv) any other information relating to such person that is required to be disclosed in solicitations of proxies for the election of directors, or is otherwise required, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (including without limitation such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected). The shareholder making the nomination must provide his or her name, record address and the class and number of our stock beneficially owned by the shareholder and must promptly provide any other information relating to his or her nominee as may be reasonably requested by us.

Each notice given by a shareholder with respect to proposals for any business or other matter to be presented at any meeting of shareholders must set forth as to each matter: (i) a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting, (ii) the name and record address of the shareholders proposing such business, (iii) the class and number of shares of our stock beneficially owned by the shareholder, and (iv) any material interest of the shareholder in such business. The shareholder making a proposal also must promptly provide any other information relating to his or her proposal as may be reasonably requested by us.

If any nomination or proposal is not made in accordance with the requirements of this notice procedure, the chairman of the annual meeting of shareholders at which such nomination or proposal is sought to be presented may determine that the nomination or proposal was not made in accordance with the notice procedure and, in such event, he may declare to the meeting that the defective nomination or proposal is out of order and will be disregarded and not presented for a vote of the shareholders. This notice procedure does not require the Corporation to hold any meeting of shareholders for the purpose of considering any nomination or proposal made by any shareholder.

IMPORTANT NOTICE REGARDING THE INTERNET AVAILABILITY OF PROXY MATERIALS FOR THE 2015 ANNUAL MEETING

The U.S. Securities and Exchange Commission's e-proxy rules require companies to post their proxy materials on the internet and permit them to provide only a Notice of Internet Availability of Proxy Materials to shareholders. For this proxy statement, we have chosen to follow the SEC's "full set" delivery option, and therefore, although we are posting a full set of our proxy materials (this proxy statement and our Annual Report to Shareholders for the fiscal year ended December 31, 2014)

35

online, we are also mailing a full set of our proxy materials to our shareholders. The Corporation's Proxy Statement for the 2015 Annual Meeting of Shareholders, Proxy Card and Annual Report to Shareholders for the fiscal year ended December 31, 2014, are available at:

<https://www.First-Online.com/proxy>

We are mailing a full set of our printed proxy materials to shareholders on or about March 13, 2015. On this date, all shareholders of record and beneficial owners will have the ability to access all of the proxy materials on the website referred to above. These proxy materials will be available free of charge.

HOUSEHOLDING

To reduce the expense of delivering duplicate proxy materials to our shareholders, we are relying on SEC rules that permit us to deliver only one proxy statement to multiple shareholders who share an address unless we receive contrary instructions from any shareholder at that address. This practice, known as "householding," reduces duplicate mailings, saves printing and postage costs as well as natural resources and will not affect dividend check mailings. If you wish to receive a separate copy of the annual report or proxy statement, or if you wish to receive separate copies of future annual reports or proxy statements, please contact Rodger McHargue by phone at (812) 238-6000 or by mail at First Financial Corporation, One First Financial Plaza, P.O. Box 540, Terre Haute, IN 47808. We will deliver the requested documents promptly upon your request. If you and other shareholders of record with whom you share an address currently receive multiple copies of annual reports or proxy statements, or if you hold our stock in more than one account and, in either case, you wish to receive only a single copy of the annual report or proxy statement, please contact Rodger McHargue by phone at (812) 238-6000 or by mail at First Financial Corporation, One First Financial Plaza, P.O. Box 540, Terre Haute, IN 47808, with the names in which all accounts are registered and the name of the account for which you wish to receive mailings.

ADDITIONAL INFORMATION

Upon written request, the Corporation will provide without charge to each requesting shareholder a copy of the Corporation's annual report on Form 10-K, which is required to be filed with the Securities and Exchange Commission for the year ended December 31, 2014. Address all requests to:

Rodger A. McHargue, Chief Financial Officer and Secretary
First Financial Corporation
One First Financial Plaza
P.O. BOX 540
Terre Haute, Indiana 47808

OTHER MATTERS

As of the date of this Proxy Statement, the Corporation knows of no business that will be presented for consideration at the annual meeting other than the items referred to above. If any other matter is properly brought before the meeting for action by shareholders, proxies in the enclosed form returned to the Corporation will be voted in accordance with the recommendation of the Board of Directors or, in the absence of such a recommendation, in accordance with the best judgment of the proxy holder.

By Order of the Board of Directors
