NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) (Continued)

1. Summary of Significant Accounting Policies

The accompanying unaudited consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles (GAAP) for interim financial information and with the instructions to Form 10-Q and Rule 10-01 of Regulation S-X of the U.S. Securities and Exchange Commission (SEC). Accordingly, they do not include all of the information and notes required by GAAP for annual financial statements.

In the opinion of management, the accompanying unaudited consolidated financial statements include all adjustments (consisting solely of normal recurring adjustments) considered necessary to present fairly the financial position of CBIZ, Inc. and its consolidated subsidiaries (CBIZ or the Company) as of June 30, 2012 and December 31, 2011, the consolidated results of their operations for the three and six months ended June 30, 2012 and 2011, and the cash flows for the six months ended June 30, 2012 and 2011. Due to seasonality, potential changes in economic conditions, interest rate fluctuations and other factors, the results of operations for such interim periods are not necessarily indicative of the results for the full year. For further information, refer to the consolidated financial statements and notes thereto included in CBIZ s Annual Report on Form 10-K for the year ended December 31, 2011.

Principles of Consolidation

The accompanying consolidated financial statements reflect the operations of CBIZ, Inc. and all of its wholly-owned subsidiaries. All intercompany accounts and transactions have been eliminated in consolidation. The accompanying consolidated financial statements do not reflect the operations or accounts of variable interest entities as the impact is not material to the financial condition, results of operations or cash flows of CBIZ. See CBIZ s Annual Report on Form 10-K for the year ended December 31, 2011 for further discussion.

Use of Estimates

The preparation of consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect: the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported amounts of revenue and expenses. Management s estimates and assumptions include, but are not limited to, estimates of collectability of accounts receivable and unbilled revenue, the realizability of goodwill and other intangible assets, the fair value of certain assets, the valuation of stock options in determining compensation expense, estimates of accrued liabilities (such as incentive compensation, self-funded health insurance accruals, legal reserves, income tax uncertainties, future contingent purchase price obligations, and consolidation and integration reserves), the provision for income taxes, the realizability of deferred tax assets, and other factors. Management s estimates and assumptions are derived from and are continually evaluated based upon available information, judgment and experience. Actual results could differ from those estimates.

Reclassifications

Certain amounts in the 2011 consolidated financial statements and disclosures have been reclassified to conform to the current year presentation.

Revenue Recognition and Valuation of Unbilled Revenues

Revenue is recognized only when all of the following are present: persuasive evidence of an arrangement exists, delivery has occurred or services have been rendered, the fee to the client is fixed or determinable, and collectability is reasonably assured.

CBIZ offers a vast array of products and business services to its clients. Those services are delivered through four practice groups. A description of revenue recognition policies is included in the Annual Report on Form 10-K for the year ended December 31, 2011.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) (Continued)

New Accounting Pronouncements

In June 2011, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2011-05 (ASU 2011-05) Comprehensive Income (Topic 220): Presentation of Comprehensive Income, which states that comprehensive income should be presented in either one or two consecutive financial statements. Companies have the option to either present other comprehensive income on the same statement as net income, or as a separate statement that immediately follows the statement of net income. ASU 2011-05 was effective for the first reporting period after December 15, 2011, and was applied retrospectively. CBIZ adopted the provisions of ASU 2011-05 for the first quarter of 2012.

In May 2011, the FASB issued ASU No. 2011-04 (ASU 2011-04) Fair Value Measurement (Topic 820) Amendments to Achieve Common Fair Value Measurement and Disclosure Requirements in U.S. GAAP and International Financial Reporting Standards. ASU 2011-04 provides a consistent definition of fair value to ensure that the fair value measurement and disclosure requirements are similar between GAAP and International Financial Reporting Standards. ASU 2011-04 does not extend the use of fair value, but rather provides additional disclosure guidance about the application of fair value in those areas where fair value is already required or permitted, especially for Level 3 fair value measurements. ASU 2011-04 was effective for the first reporting period after December 15, 2011 and is to be applied prospectively. CBIZ adopted the provisions of ASU 2011-04 for the first quarter of 2012 and has provided additional disclosure in its discussion of fair value, especially for the Company s level 3 fair value disclosures.

In addition to the discussion below, refer to the Annual Report on Form 10-K for the year ended December 31, 2011 for additional details of CBIZ s borrowing arrangements.

2010 Convertible Senior Subordinated Notes

On September 27, 2010, CBIZ issued \$130.0 million of 2010 Notes to qualified institutional buyers. The 2010 Notes are direct, unsecured, senior subordinated obligations of CBIZ. The 2010 Notes bear interest at a rate of 4.875% per annum, payable in cash semi-annually in arrears on April 1 and October 1. The 2010 Notes mature on October 1, 2015 unless earlier redeemed, repurchased or converted.

CBIZ had approximately \$8.8 million of available funds under the credit facility at June 30, 2012. The credit facility provides CBIZ operating flexibility and funding to support seasonal working capital needs and other strategic initiatives such as acquisitions and share repurchases. The maturity date of the credit facility is June 2015. CBIZ believes it is in compliance with its debt covenants at June 30, 2012.

6. Commitments and Contingencies

Letters of Credit and Guarantees

CBIZ provides letters of credit to landlords (lessors) of its leased premises in lieu of cash security deposits which totaled \$2.5 million as of June 30, 2012 and December 31, 2011. In addition, CBIZ provides license bonds to various state agencies to meet certain licensing requirements. The amount of license bonds outstanding at June 30, 2012 and December 31, 2011 was \$2.8 million and \$1.6 million, respectively.

CBIZ acted as guarantor on various letters of credit for a CPA firm with which it has an affiliation, which totaled \$5.2 million as of June 30, 2012 and December 31, 2011. CBIZ has recognized a liability for the fair value of the obligations undertaken in issuing these guarantees, which is recorded as other current liabilities in the accompanying consolidated balance sheets. Management does not expect any material changes to result from these instruments as performance under the guarantees is not expected to be required.

Legal Proceedings

In May, June, July, August and September of 2010, CBIZ, Inc. and its subsidiary, CBIZ MHM, LLC (fka CBIZ Accounting, Tax & Advisory Services, LLC) (the CBIZ Parties), were named as defendants in lawsuits filed in the United States District Court for the District of Arizona (Robert Facciola, et al v. Greenberg Traurig LLP, et al.) and in the Superior Court for Maricopa County Arizona (Victims Recovery, LLC v. Greenberg Traurig LLP, et al.; Roger Ashkenazi, et al v. Greenberg Traurig LLP, et al.; Mary Marsh, et al v. Greenberg Traurig LLP, et al.; and ML Liquidating Trust v. Mayer Hoffman McCann PC, et al.), respectively. The Maricopa County cases were removed to the United States District Court or Bankruptcy Court and all have since been remanded to the Superior Court for Maricopa County. Additionally, in November 2009, CBIZ MHM, LLC was named as a defendant in the United States District Court for the District of Arizona (Jeffery C. Stone v. Greenberg Traurig LLP, et al.). The Stone case has been voluntarily dismissed by the plaintiff in that matter.

These matters arise out of the bankruptcy proceedings related to Mortgages Ltd., a mortgage lender to developers in the Phoenix, Arizona area. Various other professional firms not related to the Company are also defendants in these lawsuits. The motion phase of these proceedings has commenced.

CBIZ, INC. AND SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) (Continued)

The plaintiffs, except for those in the Stone and ML Liquidating Trust cases, are all alleged to have directly or indirectly invested in real estate mortgages through Mortgages Ltd. The Victims Recovery, Ashkenazi and Marsh plaintiffs seek monetary damages equivalent to the amounts of their investments. The plaintiff in the ML Liquidating Trust matter asserts errors and omissions and breach of contract claims, and is seeking monetary damages. The plaintiffs in these suits also seek pre- and post-judgment interest, punitive damages and attorneys fees.

Mortgages Ltd. had been audited by Mayer Hoffman McCann PC (Mayer Hoffman), a CPA firm which has an administrative services agreement with CBIZ. The claims against the CBIZ Parties seek to impose auditor-type liabilities upon the CBIZ Parties for audits it did not conduct. Specific claims include securities fraud, common law fraud, negligent misrepresentation, Arizona Investment Management Act violations, control-person liability, aiding and abetting and conspiracy. CBIZ is not a CPA firm, does not provide audits, and did not audit any of the entities at issue in these lawsuits.

In June 2011 the Facciola court, in which the plaintiffs were seeking to certify a class of all Mortgages Ltd. investors, granted the motions to dismiss filed by the CBIZ Parties and Mayer Hoffman. After that dismissal order, the plaintiffs moved the court to amend their complaint in an attempt to state a claim against the CBIZ Parties and Mayer Hoffman. In November 2011, the Facciola court denied the plaintiffs request to amend the complaint as to the CBIZ Parties and Mayer Hoffman. The Facciola case is now proceeding only against the remaining defendants.

The CBIZ Parties deny all allegations of wrongdoing made against them in these actions and are vigorously defending the proceedings. The Company has been advised by Mayer Hoffman that it denies all allegations of wrongdoing made against it and that it intends to continue vigorously defending the matters. Although the proceedings are subject to uncertainties inherent in the litigation process and the ultimate disposition of these proceedings is not presently determinable, management believes that the allegations are without merit and that the ultimate resolution of these matters will not have a material adverse effect on the consolidated financial condition, results of operations or cash flows of the Company.

In January 2012 the CBIZ Parties were added as defendants to a lawsuit filed in the Superior Court of California for Orange County (Signature Financial Group, Inc., et al, (Signature) v. Mayer Hoffman McCann, P.C., et al). This lawsuit arises out of a review of the financial statements of Medical Capital Holdings, Inc. (Medical Capital) by Mayer Hoffman. In June 2009 Medical Capital was sued by the SEC and a receiver was appointed to liquidate Medical Capital. The plaintiffs in the Signature lawsuit are financial advisors that sold Medical Capital investments to their clients. Those plaintiffs were sued by their clients for losses related to Medical Capital and now seek to recover damages from the CBIZ Parties and Mayer Hoffman for the losses and expenses they incurred in litigation with their respective clients and lost profits. The Signature lawsuit seeks to impose auditor-type liabilities upon the CBIZ Parties for attest services they did not conduct. Specific claims include fraud, intentional misrepresentation and concealment; negligent misrepresentation; equitable indemnity; declaratory relief and respondeat superior.

The CBIZ Parties deny all allegations of wrongdoing made against them in the Signature lawsuit and are vigorously defending the proceeding. The Company has been advised by Mayer Hoffman that it denies all allegations of wrongdoing made against it and that it intends to continue vigorously defending the matters. Although the proceedings are subject to uncertainties inherent in the litigation process and the ultimate disposition of these proceedings is not presently determinable, management believes that the allegations are without merit and that the ultimate resolution of these matters will not have a material adverse effect on the consolidated financial condition, results of operations or cash flows of the Company.

In addition to those items disclosed above, the Company is, from time to time, subject to claims and suits arising in the ordinary course of business. Although the ultimate disposition of such proceedings is not presently determinable, management does not believe that the ultimate resolution of these matters will have a material adverse effect on the consolidated financial condition, results of operations or cash flows of the Company.

7. Financial Instruments

Bonds

In connection with CBIZ s payroll business and the collection of client funds, CBIZ invests a portion of these funds in corporate and municipal bonds. CBIZ held corporate and municipal bonds with par values totaling \$30.1 million and \$29.4 million at June 30, 2012 and December 31, 2011, respectively. All bonds are investment grade and are classified as available-for-sale. These bonds have maturity dates or callable dates ranging from August 2012 through August 2017, and are included in Funds held for clients on the consolidated balance sheets based on the intent and ability of the Company to sell these investments at any time under favorable conditions. The following table summarizes CBIZ s bond activity for the six months ended June 30, 2012 and the twelve months ended December 31, 2011 (in thousands):

	Six Months Ended June 30, 2012	Twelve Months Ended December 31, 2011

Interest Rate Swaps

CBIZ uses interest rate swaps to manage interest rate risk exposure primarily through converting portions of floating rate debt under the credit facility to a fixed rate basis. These agreements involve the receipt or payment of floating rate amounts in exchange for fixed rate interest payments over the life of the agreements without an exchange of the underlying principal amounts. CBIZ does not enter into derivative instruments for trading or speculative purposes. See the Annual Report on Form 10-K for the year ended December 31, 2011 for further discussion on CBIZ s interest rate swaps.

At June 30, 2012 and December 31, 2011, the interest rate swap was classified as a liability derivative. The following table summarizes CBIZ s outstanding interest rate swap and its classification on the consolidated balance sheets at June 30, 2012 and December 31, 2011 (in thousands).

Under the terms of the interest rate swap, CBIZ pays interest at a fixed rate of 1.41% plus applicable margin as stated in the agreement, and received interest that varied with the three-month LIBOR.

8. Fair Value Measurements

Valuation hierarchy under GAAP categorizes assets and liabilities measured at fair value into one of three different levels depending on the observability of the inputs employed in the measurement. The three levels are defined as follows:

Level 1 inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level 2 inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument.

Level 3 inputs to the valuation methodology are unobservable and are significant to the fair value measurement. A financial instrument s categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement. The Company s assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability.

The following table summarizes CBIZ s assets and liabilities at June 30, 2012 and December 31, 2011 that are measured at fair value on a recurring basis subsequent to initial recognition and indicates the fair value hierarchy of the valuation techniques utilized by the Company to determine such fair value (in thousands):

	Level	June 30, 2012	December 31, 2011
Deferred compensation plan assets	1	\$ 37,405	\$ 33,585

CBIZ, INC. AND SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) (Continued)

During the six months ended June 30, 2012 and 2011, there were no transfers between the valuation hierarchy Levels 1, 2 and 3. The following table summarizes the change in fair values of the Company s liability identified as Level 3 for the six months ended June 30, 2012 (pre-tax basis) (in thousands):

	Contingent Purchase
	Price Liabilities
Beginning balance January 1, 2012	\$ (25,325)
Additions from business acquisitions	(2,528)
Payment of contingent purchase price liabilities	1,982
Change in fair value of contingencies	111
Change in net present value of contingencies	(104)
Ending balance June 30, 2012	\$ (25,864)

Contingent Purchase Price Liabilities Contingent purchase price liabilities arise from business acquisitions and are classified as Level 3 due to the utilization of a probability weighted discounted cash flow approach to determine the fair value of the contingency. A contingent liability is established for each acquisition that has a contingent purchase price component and normally extends over a three year term. The significant unobservable input used in the fair value measurement of the contingent purchase price liabilities is the future performance of the acquired business. The future performance of the acquired business directly impacts the contingent purchase price that is paid to the seller, thus performance that exceeds target could result in a higher payout, and a performance under target could result in a lower payout. Changes in the expected amount of potential payouts are recorded as adjustments to the initial contingent purchase price liability, with the same amount being recorded in the consolidated statements of comprehensive income. These liabilities are reviewed quarterly and adjusted if necessary. The risk of a large adjustment in any one reporting period is mitigated by the regular reviews of the performance of the acquired businesses and their respective contingent purchase price liability. The contingent purchase price liabilities are included in Other current liabilities and Accrued expenses non-current, depending on the expected settlement date. See Note 12 for further discussion of contingent purchase price liabilities.

The following table presents financial instruments that are not carried at fair value but which require fair value disclosure as of June 30, 2012 and December 31, 2011 (in thousands):

	June 3	0, 2012	Decembe	r 31, 2011
	Carrying Value	Fair Value	Carrying Value	Fair Value
2006 Convertible Notes	\$ 750	\$ 750	\$ 750	\$ 750
2010 Convertible Notes	\$ 120,323	\$ 136,412	\$ 119,028	\$ 141,690

Although the trading of CBIZ s 2006 Notes and 2010 Notes is limited, the fair value was determined based upon their most recent quoted market price and as such, is considered to be a Level 1 fair value measurement. The 2006 Notes and the 2010 Notes are carried at face value less any unamortized debt discount. See Note 5 for further discussion of CBIZ s debt instruments.

In addition, the carrying amounts of CBIZ s cash and cash equivalents, accounts receivable and accounts payable approximate fair value because of the short maturity of these instruments, and the carrying value of bank debt approximates fair value as the interest rate on the bank debt is variable and approximates current market rates. As a result, the fair value measurement of CBIZ s bank debt is considered to be Level 2.

Accumulated other comprehensive loss, net of tax, was approximately \$0.8 million at June 30, 2012 and December 31, 2011. Accumulated other comprehensive loss consisted of adjustments, net of tax, to unrealized gains and losses on available-for-sale securities and an interest rate swap, and adjustments for foreign currency translation.

10. Employer Share Plans

CBIZ has granted various stock-based awards under its 2002 Stock Incentive Plan, which is described in further detail in CBIZ s Annual Report on Form 10-K for the year ended December 31, 2011. 12. Acquisitions

During the six months ended June 30, 2012, CBIZ acquired substantially all of the assets of two companies, Meridian Insurance Group, LLC (Meridian) and Primarily Care, Inc. (PCI). Meridian, with offices in Boca Raton, Florida and Atlanta, Georgia, is an insurance brokerage specializing in multiple insurance products and services including property and casualty, bonding, personal lines and employee benefits. PCI, located in Cranston, Rhode Island, is an employee benefits brokerage firm that offers long-term healthcare cost reduction strategies through a unique system comprised of technology, innovative plan design, educational tools and tangible financial health incentives. The operating results of Meridian and PCI are reported in the Employee Services practice group. Aggregate consideration for these acquisitions consisted of approximately \$6.8 million in cash, \$0.8 million in CBIZ common stock, \$1.7 million in guaranteed future consideration, and \$2.5 million in contingent consideration.

The preliminary aggregate purchase price for these acquisitions was allocated as follows (in thousands):

Recognized amounts of identifiable assets acquired and liabilities assumed:	
Cash	\$ 654
Fixed Assets	63
Identifiable intangible assets	5,010
Accrued liabilities	(654)
Total identifiable net assets	\$ 5,073
Goodwill	6,744
Aggregate purchase price	\$ 11,817

Under the terms of the acquisition agreements, a portion of the purchase price is contingent on future performance of the businesses acquired. The maximum potential undiscounted amount of all future payments that CBIZ could be required to make under the contingent arrangements is \$3.8 million. CBIZ is required to record the fair value of this obligation at the acquisition date. CBIZ determined, utilizing a probability weighted income approach, that the fair value of the contingent consideration arrangement was \$2.5 million, of which \$0.3 million was recorded in Other current liabilities and \$2.2 million was recorded in Other non-current liabilities in the consolidated balance sheet at June 30, 2012.

The goodwill of \$6.7 million arising from the acquisitions in the current year consists largely of expected future earnings and cash flow from the existing management team, as well as the synergies created by the integration of the new business within the CBIZ organization, including cross-selling opportunities expected with the Company s Financial Services group and the Employee Services group, to help strengthen the Company s existing service offerings and expand the Company s market position. Goodwill recognized is deductible for income tax purposes.

CBIZ also purchased two client lists, one of which is reported in the Employee Services practice group and the other is reported in the Financial Services practice group. Aggregate consideration for these client lists consisted of \$0.4 million cash paid at closing and up to an additional \$2.5 million in cash which is contingent upon future financial performance of the client lists.

In addition, CBIZ paid \$15.7 million in cash and issued approximately 263,000 shares of common stock during the six months ended June 30, 2012 as contingent earnouts for previous acquisitions, which includes approximately 251,100 shares of common stocks that were earned in 2011. During the six months ended June 30, 2012, CBIZ also reduced the fair value of the contingent purchase price liability related to CBIZ s prior acquisitions by \$0.1 million due to lower than originally projected future results of the acquired businesses. This reduction of \$0.1 million is included in Other (expense) income, net in the consolidated statements of comprehensive income. Refer to Note 8 for further discussion of contingent purchase price liabilities.

17

CBIZ, INC. AND SUBSIDIARIES

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (Unaudited) (Continued)

During the six months ended June 30, 2011, CBIZ did not acquire any businesses or client lists. CBIZ paid \$11.3 million in cash and issued approximately 265,000 shares of common stock during the six months ended June 30, 2011 as contingent earnouts for previous acquisitions. In addition, CBIZ reduced the fair value of the contingent purchase price liability related to CBZ s prior acquisitions by \$1.2 million due to lower than originally projected future results of the acquired businesses. This reduction of \$1.2 million is included in Other (expense) income, net in the consolidated statements of comprehensive income.

The operating results of these businesses are included in the accompanying consolidated financial statements since the dates of acquisition. Client lists and non-compete agreements are recorded at fair value at the time of acquisition. The excess of purchase price over the fair value of net assets acquired (including client lists and non-compete agreements) is allocated to goodwill.

Additions to goodwill, client lists and other intangible assets resulting from acquisitions and contingent consideration earned on prior period acquisitions during the six months ended June 30, 2012 and 2011, respectively, were as follows (in thousands):

	2012	2011
Goodwill	\$ 7,241	\$ 21
Client lists	\$ 7,173	\$ 108
Other intangible assets	\$ 220	\$

13. Discontinued Operations and Divestitures

CBIZ will divest (through sale or closure) business operations that do not contribute to the Company s long-term objectives for growth or that are not complementary to its target service offerings and markets. Divestitures are classified as discontinued operations provided they meet the criteria as provided in FASB ASC 205 Presentation of Financial Statements Discontinued Operations Other Presentation Matters .

Discontinued Operations

Gains from the sale of discontinued operations are recorded as Gain on disposal of discontinued operations, net of tax, in the accompanying consolidated statements of comprehensive income. In addition, proceeds that are contingent upon a divested operation is actual future performance are recorded as gain on disposal of discontinued operations, net of tax in the period they are earned. During the six months ended June 30, 2012, CBIZ did not discontinue the operations of any of its businesses and did not sell any operations. Gains recorded for the six months ended June 30, 2012 related to contingent proceeds on sales of a discontinued operation that occurred in a prior period.

During the six months ended June 30, 2011, CBIZ sold a business from the Financial Services practice group and will receive contingent proceeds from this sale transaction based on revenue over the next three-year period. As part of the sale of this business, CBIZ reduced its goodwill balance by approximately \$0.3 million. For those businesses that qualified for treatment as discontinued operations, the assets, liabilities and results of operations are reported separately in the accompanying consolidated financial statements.

14. Segment Disclosures

CBIZ s business units have been aggregated into four practice groups: Financial Services, Employee Services, Medical Management Professionals (MMP), and National Practices. The business units have been aggregated based on the following factors: similarity of the products and services provided to clients; similarity of the regulatory environment in which they operate; and similarity of economic conditions affecting long-term performance. The business units are managed along these segment lines. A general description of services provided by each practice group is provided in the following table.

Financial Services	Employee Services	MMP	National Practices
Accounting	Employee Benefits	Coding and Billing	Managed Networking and Hardware Services
Tax	Property & Casualty	Accounts Receivable Management	Health Care Consulting
Financial Advisory	Retirement Plan

Internal Audit	Life Insurance

Actuarial Services

Corporate and Other. Included in Corporate and Other are operating expenses that are not directly allocated to the individual business units. These expenses are primarily comprised of gains or losses attributable to assets held in the Company s deferred compensation plan, stock-based compensation, certain health care costs, consolidation and integration charges, certain advertising costs and other various expenses.

Accounting policies of the practice groups are the same as those described in Note 1 to the Annual Report on Form 10-K for the year ended December 31, 2011. Upon consolidation, all intercompany accounts and transactions are eliminated; thus inter-segment revenue is not included in the measure of profit or loss for the practice groups. Performance of the practice groups is evaluated on operating income excluding the costs of certain infrastructure functions (such as information systems, finance and accounting, human resources, legal and marketing), which are reported in the Corporate and Other segment.
