"Advanced Battery Technologies, Inc." They expect the name change to become effective near the end of June 2004.

Director

Edgar Filing: BUY IT CHEAP COM INC /DE - Form 8-K

Name	Age	Position with the Company	Since
Zhiguo Fu	54	Chairman, Chief Executive Officer	2004
John C. Leo	39	Chief Financial Officer, Secretary, Director	2004

Zhiguo Fu. Mr. Fu organized Heilongjiang ZhongQiang Power-Tech Co., Ltd. in 2002, and has served as its Chairman since then. In January 2004 he and the other shareholders of ZQ Power-Tech contributed 70% of its shares to Cashtech. In 1993 Mr. Fu founded Heilongjiang Goangsha Group, and he served as its Chairman until 2000. During that period Heilongjiang Goangsha Group had over 3,000 employees and was engaged in several hundred construction projects. Heilongjiang Goangsha Group was sold in 2000, at which time it had annual revenue in excess of \$25 million. Previously Mr. Fu had twenty years experience in construction management.

John C. Leo. Since 2001 Mr. Leo has served as President of Venture Capital Partners LLC, a private merchant banking and corporate consulting firm located in Jersey City, NJ. During 2001 Mr. Leo was a Securities Principal and Senior OTC Trader for AM Capital LLC, located in New York, NY. Previously, from 1997 until 2001, Mr. Leo was a Securities Principal, OTC Trader with M.H. Meyerson and Company, Inc., an investment banking and brokerage firm in Jersey City, NJ. Mr. Leo currently also serves as a member of the Board of Directors of Atlantis Business Development Corp., a publicly-traded company.

Nominating and Audit Committee

The Board of Directors does not have a nominating committee or an audit committee, due to the small size of the Board. Moreover, the Board of Directors does not have an audit committee financial expert, because the new Board was only constituted with the acquisition of Cashtech. The Board of Directors intends to recruit an audit committee financial expert to join the Board of Directors at the earliest opportunity.

Code of Ethics

The Company does not have a written code of ethics applicable to its executive officers. The Board of Directors has not adopted a written code of ethics because there are so few members of management.

Executive Compensation

This table itemizes the compensation paid to Zhiguo Fu by ZQ Power-Tech for services as its Chief Executive Officer during 2003 and the last four months of 2002. There was no officer of Cashtech or ZQ Power-Tech whose salary and bonus for services rendered during the year ended December 31, 2003 exceeded \$100,000.

John C. Leo. Mr. Leo is a business associate of David H. Zhou. Mr. Zhou is the President of Warner Technology & Investment Corp., which served as a consultant to Cashtech in connection with its acquisition by the Registrant and entry into U.S. capital markets. Mr. Leo assisted Warner Technology in providing those services. Warner Technology received a 9% interest in the Registrant at the closing of the acquisition of Cashtech in consideration of its consulting services.

Cashtech Investment Limited

Cashtech was organized in January 2004 as a corporation under the laws of the British Virgin Islands. In March 2004 Cashtech acquired ownership of 70% of the capital stock of ZQ Power-Tech in exchange for all of the outstanding capital stock of Cashtech. On May 6, 2004 the Registrant acquired all of the outstanding capital stock of Cashtech.

Cashtech has not engaged in any business activity other than the activity of owning 70% of ZQ Power-Tech.

Heilong ZhongQiang Power-Tech Co., Inc.

ZQ Power-Tech is a limited liability company that was organized under the laws of the People's Republic of China in August 2002. ZQ Power-Tech's offices and manufacturing facility are located in northern China, in the Province of Heilongjiang, in the Economy & High-Tech Development Zone of Shuangcheng, which is a suburb of Harbin. The location is approximately 1,000 km northeast of Beijing.

The Harbin Institute of Technology is one of the leading technological institutions in Asia. Two of its engineering professors now serve on ZQ Power-Tech's Scientific Advisory Board, along with a professor of engineering at the China Engineering Academy. This close association with the Harbin Institute provides ZQ Power-Tech with a rich source of technological talent, such that ZQ Power-Tech's research staff is filled by experienced engineers, many with masters and Ph.D degrees.

Business of ZQ Power-Tech

ZQ Power-Tech designs, manufactures and markets rechargeable polymer lithium-ion ("PLI") batteries. PLI batteries produce a relatively high average of 3.8 volts per cell, which makes them attractive in terms of both weight and volume. Additionally, they can be manufactured in very thin configurations and with large footprints. PLI cells can be configured in almost any prismatic shape, and can be made thinner than 0.0195 inches (0.5 mm) to fill virtually any shape efficiently. This combination of power and versatility makes rechargeable PLI batteries particularly attractive for use in consumer products such as portable computers, personal digital assistants (PDA's) and cellular telephones.

ZQ Power-Tech's batteries combine high-energy chemistry with state-of-the-art polymer technology. Every battery component is solid, which means that there are no liquids that need to be contained by bulky, heavy cell housings. The result is a safe, thin, lightweight rechargeable battery with a wide operating temperature range. Similar to lithium-ion prismatic rechargeable cells, the ZQ Power-Tech polymer cells do not exhibit a memory problem. This means that they can be recharged at any state of charge, without first having to be completely discharged.

At the present time, ZQ Power-Tech produces only one finished product. This is a miner's lamp equipped with a rechargeable PLI battery that ZQ Power-Tech sells to an agency of the Chinese government. All of ZQ Power-Tech's other contracts are for battery cells, which are sold on an OEM basis as a

Edgar Filing: BUY IT CHEAP COM INC /DE - Form 8-K

component of a finished product. Among ZQ Power-Tech's current customers are Hansek Trading Co., Ltd., which installs ZQ Power-Tech battery cells in its portable computers, and SEIKI (Japan) Co., Ltd., which is using a ZQ Power-Tech battery in its electric motor scooters. ZQ Power-Tech expects to be selling battery cells for a wide variety of end products by the end of 2004.

ZQ Power-Tech has produced an automobile battery under a contract from the government of Harbin. This rechargeable PLI battery weighs approximately 500 pounds, and is designed for commuter vehicles. It permits a top speed of 120 mph, and a travelling distance of 240 miles per charge. The battery discharges 5% of its energy per hour, when not in use, so daily recharging is necessary. The battery can be recharged in 3 to 4 hours.

ZQ Power-Tech has focused its initial marketing activities in southeast Asia, primarily China, Taiwan and Japan. As it expands its manufacturing capacity, ZQ Power-Tech intends to expand its marketing efforts worldwide.

Facilities

ZQ Power-Tech owns a 72,000 square meter campus where its offices and manufacturing facility are located. The campus is 24 km from the nearest airport. The nearest port is Da lian.

ZQ Power-Tech's present production facility consists of 30,000 square meters of factory buildings, including 8,000 square meters dedicated to electrical vehicle batteries. Its current daily production capacity is 5,000 PLI batteries and 5,000 Ah PLI batteries (for electrical vehicles). In November 2003 ZQ Power-Tech received ISO9001 certification pertaining to Manufacturing and Quality Control Approval.

ZQ Power-Tech is currently engaged in a program of facilities expansion aimed at achieving production capacity of \$20,000,000 for 2004 and \$40,000,000 for 2005. In addition to building additional factories on its campus, ZQ Power-Tech has an ongoing training program for production workers. ZQ Power-Tech expects that in June 2004 it will add 185 production workers to its current 274 employees, which will double ZQ Power-Tech's production capacity.

Management's Discussion and Analysis of Results of Operations and Financial Condition

Results of Operations. ZQ Power-Tech recorded its first significant revenues in the first quarter of 2004, ending March 31, 2004. All but a trace of the \$476,009 in sales recorded in that quarter were made to two customers. By the end of the quarter, however, ZQ Power-Tech had a backlog of orders for 2004 delivery in excess of \$4.5 million, substantially enlarging its customer list.

ZQ Power-Tech realized a 44% gross margin on its sales in the first quarter of 2004. The gross margin ratio in the future will depend considerably upon which of ZQ Power-Tech's products are dominating sales. So it is premature to predict whether the 44% level achieved in the recent quarter will be maintained.

The general and administrative expenses recorded in the quarter ended March 31, 2004 were disproportionate to revenue, exceeding 50% of net sales. Indeed, the general and administrative expenses recorded in the recent quarter were 123% greater than general and administrative expenses recorded for the entirety of 2003. ZQ Power-Tech's ongoing expansion program was the primary reason for the sharp increase in general and administrative expenses in the recent quarter. At the same time, ZQ Power-Tech incurred significant expenses in connection with its efforts to effect a reverse merger in a U.S. public company. Both of these factors will continue to swell general and

Edgar Filing: BUY IT CHEAP COM INC /DE - Form 8-K

administrative expenses for the immediate future. However the expected increase in ZQ Power-Tech's net sales should result in a better ratio of expenses to sales.

ZQ Power-Tech reported a net loss of \$73,154 for the period ended March 31, 2004. However, because Cashtech owns only 70% of ZQ Power-Tech, the loss was reduced by \$21,946 on Cashtech's statements of operations. If, in the future, ZQ Power-Tech reports earnings, the earnings will be similarly discounted by 30% on Cashtech's statements of operations, as long as there remains 30% of ZQ Power-Tech that is not owned by Cashtech.

During the year ended December 31, 2003 ZQ Power-Tech's activities were focused on development of its product line and the build-out of its manufacturing facility. Revenues during the year were negligible, while research and development expense totaled \$493,114, leading to a net loss of \$608,713. However, that investment in research and development has given ZQ Power-Tech a platform for its near-term operations, which will permit it to conform research and development expenses to the growth of the business. In the first quarter of 2004, for example, research and development expense was reduced to \$23,833, reflecting the present focus on expanding production and marketing.

Financial Condition. To date, the development and initial operations of ZQ Power-Tech have been financed primarily by contributions to capital made by Zhiguo Fu, the Registrant's Chairman. At March 31, 2004 ZQ Power-Tech had a working capital deficit of \$207,131. The principal factors in the deficit were customer deposits totaling \$451,423, which will be amortized as products are delivered, and an unsecured note payable to a Chinese institutional lender in the amount of \$362,451. The note is due on June 1, 2004.

Despite its negative working capital, ZQ Power-Tech has sufficient liquidity to fund its near-term operations. The principal capital resource available is \$5,439,884 in property, plant and equipment and construction in process, which ZQ Power-Tech owns without lien. Based on the substantial backlog of orders that ZQ Power-Tech has accumulated, it believes that secured financing will be available to it on favorable terms when needed. Until then, if short-term cash shortages occur, Mr. Fu has committed to provide financing as needed. In addition, the Shuangcheng Science and Technology Bureau has committed to grant \$604,105 to ZQ Power-Tech if its products have achieved international standards or the standards of the local bureau by the end of 2004.

Based upon the financial resources available to ZQ Power-Tech, management believes that it has sufficient capital and liquidity to sustain operations for the foreseeable future.

Risk Factors

This Report contains certain forward-looking statements regarding the business and financial prospects of ZQ Power-Tech. These statements represent Management's present intentions and its present belief regarding the company's future. Nevertheless, there are numerous risks and uncertainties that could cause our actual results to differ from the results suggested in this Report. Among the more significant factors are:

1. ZQ Power-Tech has only recently initiated marketing. It is not yet known whether it will be able to sell its products in quantities sufficient to support significant growth and profitable operations.
2. A number of competitors who have capital resources far greater than those of ZQ Power-Tech dominate the market for rechargeable batteries.

Edgar Filing: BUY IT CHEAP COM INC /DE - Form 8-K

If one or more of them chose to compete aggressively with ZQ Power-Tech, it might prevent ZQ Power-Tech from effectively expanding its customer base.

3. If the current growth rate of the economy of China were to be significantly reduced or if China were to experience a recession, the market for ZQ Power-Tech's products would be reduced, and the capital available to fund its expansion program might also be reduced.

Because these and other risks may cause the Registrant's actual results to differ from those anticipated by Management, the reader should not place undue reliance on any forward-looking statements that appear in this Report. Readers should also take note that the Registrant will not necessarily make any public announcement of changes affecting these forward-looking statements, which should be considered accurate on this date only.

Exchange Commission.

1.7 Securities Act. The term "Securities Act" means the Securities Act of 1933, as amended as of the date of this Agreement.

1.8 Underwriter. The term "Underwriter" shall mean a dealer, as defined under the Securities Act, which has agreed to offer the Company's securities to the public.

1.8.1 Managing Underwriter. The term "Managing Underwriter" shall mean the Underwriter or Underwriters in an Underwriting which have primary responsibility for the Underwriting.

1.9 Underwriting. The term "Underwriting" shall mean a registration in which the Company's securities are either sold to an Underwriter for reoffering to the public or sold to the public by an Underwriter.

2. Demand Registration.

2.1 Request by Holders. If the Company shall receive, at any time after the date of this Agreement, a written request from any of the Holders of the Registrable Securities then outstanding that the Company file a Registration Statement, covering the registration of Registrable Securities, then the Company shall, within twenty (20) days after the receipt of such written request, give written notice of such request ("Request Notice") to all Holders, and effect, as soon as practicable, the registration under the Securities Act of all Registrable Securities which Holders request to be registered and included in such registration by written notice given by such Holders to the Company within twenty (20) days after receipt of the Request Notice, subject only to the limitations of this Agreement.

2.2 Underwriting. If the Holders initiating the registration request under this Section 2 (the "Initiating Holders") intend to distribute the Registrable Securities covered by their request by means of an underwriting, then they shall so advise the Company as a part of their request made pursuant to this Section 2 and the Company shall include such information in the written notice referred to in subsection 2.1. In such event, the right of any Holder to include its Registrable Securities in such registration shall be conditioned upon such Holder's participation in such underwriting and the inclusion of such Holder's Registrable Securities in the underwriting (unless otherwise mutually agreed by a majority in interest of the Initiating Holders and such Holder) to the extent provided herein. All Holders proposing to distribute their securities through such underwriting shall enter into an Underwriting agreement in customary form with the Managing Underwriter or Underwriters selected for such underwriting by the Holders holding more than fifty percent (50%) of the Registrable Securities to be underwritten; provided that any such Underwriting agreement shall not impair the indemnification rights of the Holders granted under this Agreement; and provided further, that the representations and warranties given by, and the other agreement on the part of, the Company to and for the benefit of the Underwriter(s) shall also be made to and for the benefit of the Holders; and provided further, that the Company shall ensure that no Underwriter(s) requires any Holder to make

any representations or warranties to, or agreements with, any Underwriter(s) in a Registration other than customary representations, warranties and agreements relating to such Holders free and unencumbered title to the Registrable Securities and authority to enter into the underwriting agreement. Notwithstanding any other provision of this Section 2, if the Underwriter(s) advise(s) the Company in writing that marketing factors require a limitation of the number of securities to be underwritten then the Company shall so advise all Holders of Registrable Securities that would otherwise be registered and underwritten pursuant hereto, and the number of Registrable Securities that may be included in the underwriting shall be reduced as required by the Underwriter(s) and the Company will include in such registration (i) first, the maximum number of Registrable Securities requested to be included therein, pro rata among the respective Holders thereof on the basis of the amount of Registrable Securities requested to be included in such registration by each such Holder, and (ii) second, the maximum amount of other securities requested to be included therein (including any by the Company), pro rata among the holders of such other securities on the basis of the number of shares requested to be included in such registration by each such holder. Any Registrable Securities excluded and withdrawn from such underwriting shall be withdrawn from the registration. For any Holder that is a partnership or corporation, the partners, retired partners and shareholders of such Holder, or the estates and family members of any such partners and retired partners and any trusts for the benefit of any of the foregoing persons shall be deemed to be a single "Holder," and any pro rata reduction with respect to such "Holder" shall be based upon the aggregate amount of shares carrying registration rights owned by all entities and individuals included in such "Holder," as defined in this sentence.

2.3 Deferral. Notwithstanding the foregoing, if the Company shall furnish to the Holders requesting the filing of a Registration Statement pursuant to this Section 2, a certificate signed by the President or Chief Executive Officer of the Company stating that in the good faith judgment of the board of directors of the Company, it would be seriously detrimental to the Company and its shareholders for such Registration Statement to be filed and it is therefore essential to defer the filing of such Registration Statement, then the Company shall have the right to defer such filing for a period of not more than sixty (60) days after receipt of the request of the Initiating Holders; provided, however, that the Company may not utilize this right more than once in any twelve (12) month period; and provided further, that during such sixty (60) day period the Company shall not file a registration statement with respect to the public offering of securities of the Company or any other selling shareholder.

2.4 Expenses. All Registration Expenses incurred in connection with a registration pursuant to this Agreement, shall be borne by the Company. Each Holder participating in a registration pursuant to this Agreement shall bear such Holder's proportionate share (based on the total number of shares sold in such registration other than for the account of the Company) of all discounts, commissions or other amounts payable to Underwriters in connection with such offering.

3. Piggyback Registrations.

3.1 Notice by Company. The Company shall notify all Holders of Registrable Securities in writing at least thirty (30) days prior to filing any Registration Statement (including, but not limited to, Registration Statements relating to secondary offerings of securities of the Company, but excluding Registration Statements relating to any employee benefit plan or a corporate reorganization) and will afford each such Holder an opportunity to include in such Registration Statement all or any part of the Registrable Securities then held by such Holder. Each Holder desiring to include in any such Registration Statement all or any part of the Registrable Securities held by such Holder shall, within twenty (20) days after receipt of the above-described notice from the Company, so notify the Company in writing, and in such notice shall inform the Company of the number of Registrable Securities such Holder wishes to include in such Registration Statement. The Company thereupon will use its best efforts as a part of its filing of such Registration Statement to effect the registration under the Securities Act of all Registrable Securities which the Company has been so requested to register by the Holder, to the extent required to permit the disposition of the Registrable Securities so to be registered. If a Holder decides not to include all of its Registrable Securities in any Registration Statement thereafter filed by the Company, such Holder shall nevertheless continue to have the right to include any Registrable Securities in any subsequent Registration Statement or Registration Statements as may be filed by the Company with respect to offerings of its securities, all upon the terms and conditions set forth herein.

3.2 Underwriting. If a Registration Statement under which the Company gives notice under this Section 3 is for an underwritten offering, then the Company shall so advise the Holders of Registrable Securities. In such event, the right of any such Holders Registrable Securities to be included in a registration pursuant to this Section 3 shall be conditioned upon such Holders participation in such underwriting and the inclusion of such Holders Registrable Securities in the underwriting to the extent provided herein. All Holders proposing to distribute their Registrable Securities through such underwriting shall enter into an underwriting agreement in customary form with the Managing Underwriter or Underwriter(s) selected for such underwriting; provided that any such underwriting agreement shall not impair the indemnification rights of the Holders granted under this Agreement; and provided further, that the representations and warranties given by, and the other agreements on the part of, the Company to and for the benefit of the Underwriter(s) shall also be made to and for the benefit of the Investor; and provided further, that the Company shall ensure that no Underwriter(s) requires any Holder to make any representations or warranties to, or agreements with, any Underwriter(s) in a Registration other than customary representations, warranties and agreements relating to such Holders title to the Registrable Securities and authority to enter into the underwriting agreement. Notwithstanding any other provision of this Agreement, if the Managing Underwriter determine(s) in good faith that marketing factors require a limitation of the number of shares to be underwritten, then the Managing Underwriter(s) may exclude shares (including Registrable Securities) from the registration and the underwriting, and the number of shares that may be included in the registration and the underwriting shall be allocated, first, to the Company, and

second, to each of the Holders requesting inclusion of their Registrable Securities in such Registration Statement on a pro rata basis based on the total number of Registrable Securities then held by each such Holder. If any Holder disapproves of the terms of any such underwriting, such Holder may elect to withdraw therefrom by written notice to the Company and the Underwriter, delivered at least twenty (20) days prior to the effective date of the Registration Statement. Any Registrable Securities excluded or withdrawn from such underwriting shall be excluded and withdrawn from the registration. For any Holder that is a partnership or corporation, the partners, retired partners and shareholders of such Holder, or the estates and family members of any such partners and retired partners and any trusts for the benefit of any of the foregoing persons shall be deemed to be a single "Holder," and any pro rata reduction with respect to such "Holder" shall be based upon the aggregate amount of shares carrying registration rights owned by all entities and individuals included in such "Holder," as defined in this sentence.

3.3 Expenses. All Registration Expenses incurred in connection with a registration pursuant to this Section 3 shall be borne by the Company.

4. Registration on Form S-3. With respect to all Registration Statements filed pursuant to this Agreement, the Company shall use its best efforts to qualify for registration on Form S-3 any comparable or successor form or forms.

5. Obligations of the Company. Whenever required to effect the Registration of any Registrable Securities under this Agreement, the Company shall, as expeditiously as reasonably possible:

5.1 Prepare and file with the SEC a Registration Statement with respect to such Registrable Securities and use reasonable, diligent efforts to cause such Registration Statement to become effective unless and until all Holders have sold their Registrable Securities or such securities are eligible to be sold under Rule 144 under the Securities Act..

5.2 Prepare and file with the SEC such amendments and supplements to such Registration Statement and the prospectus used in connection with such Registration Statement as may be necessary to comply with the provisions of the Securities Act with respect to the disposition of all securities covered by such Registration Statement.

5.3 Furnish to the Holders such number of copies of a prospectus, including a preliminary prospectus, in conformity with the requirements of the Securities Act and such other documents as they may reasonably request in order to facilitate the disposition of the Registrable Securities owned by them that are included in such registration.

5.4 Otherwise use its best efforts to comply with the Securities Act, the Securities Exchange Act of 1934, as amended (the "Exchange Act") and any other applicable rules and regulations of the SEC, and make available to the securities holders; as soon as reasonably practicable, an earning statement covering the period of at least twelve (12) months after the effective date of such Registration Statement, which earning statement shall satisfy Section 10(a) of the Securities Act.

Edgar Filing: BUY IT CHEAP COM INC /DE - Form 8-K

5.5 Use reasonable, diligent efforts to register and qualify the securities covered by such Registration Statement under such other securities or Blue Sky laws of such jurisdictions as shall be reasonably requested by the Holders.

5.6 In the event of any underwritten public offering, enter into and perform its obligations under an underwriting agreement, in usual and customary form, with the Managing Underwriter(s) of such offering.

5.7 Notify each Holder of Registrable Securities covered by such Registration Statement at any time when a prospectus relating thereto is required to be delivered under the Securities Act of the happening of any event as a result of which the prospectus included in such Registration Statement, as then in effect, includes an untrue statement of a material fact or omits to state a material fact required to be stated therein or necessary to make the statements therein not misleading in the light of the circumstances then existing, and at the request of each Holder prepare and furnish to such Holder a reasonable number of copies of a supplement to or amendment of such prospectus as may be necessary so that, as thereafter delivered to the purchasers of such Registrable Securities, such prospectus shall not include an untrue statement of a material fact or omit to state a material fact required to be stated therein or necessary to make the statements therein not misleading in light of the circumstances then existing.

5.8 Furnish, at the request of any Holder requesting registration of Registrable Securities, on the date that such Registrable Securities are delivered to the Underwriters for sale, if such securities are being sold through Underwriters, or, if such securities are not being sold through Underwriters, on the date that the Registration Statement with respect to such securities becomes effective, (1) an opinion, dated as of such date, of the counsel representing the Company for the purposes of such registration, in form and substance as is customarily given to Underwriters in an underwritten public offering and reasonably satisfactory to a majority in interest of the Holders requesting registration, addressed to the Underwriters, if any, and to the Holders requesting registration of Registrable Securities and (2) a "comfort" letter dated as of such date, from the independent certified public accountants of the Company, in form and substance as is customarily given by independent certified public accountants to Underwriters in an underwritten public offering and reasonably satisfactory to a majority in interest of the Holders requesting registration, addressed to the Underwriters, if any, and to the Holders requesting registration of Registrable Securities.

5.9 Use its best efforts to list such Registrable Securities on each securities exchange on which any equity security of the Company is then listed, if such securities are already so listed, or, if the Company does not have a class of equity securities listed on a United States securities exchange, apply for qualification and use its best efforts to qualify Registrable Securities being registered for inclusion on the National Market System/NASD or the American Stock Exchange.

6. Furnish Information. It shall be a condition precedent to the obligations of the Company to take any action pursuant to

this Agreement that the selling Holders shall furnish to the Company such information regarding themselves, the Registrable Securities held by them, and the intended method of disposition of such securities as shall be reasonably required by the Company to timely effect the registration of their Registrable Securities.

7. Delay of Registration. No Holder shall have any right to obtain or seek an injunction restraining or otherwise delaying any such registration as the result of any controversy that might arise with respect to the interpretation or implementation of this Agreement.

8. Indemnification. In the event any Registrable Securities are included in a Registration Statement under this Agreement:

8.1 By the Company. To the extent permitted by law, the Company will indemnify and hold harmless each Holder, the partners, officers, directors and control persons of each Holder, any Underwriter (as defined in the Securities Act) for such Holder and each person, if any, who controls such Holder or Underwriter within the meaning of the Securities Act or the Exchange Act against any losses, claims, damages, or liabilities (joint or several) to which they may become subject under the Securities Act, the Exchange Act or any other securities or other law of any jurisdiction, common law or otherwise, insofar as such losses, claims, damages, or liabilities (or actions in respect thereof) arise out of or are based upon any of the following statements, omissions or violations (collectively, "Violations" and, individually, a "Violation"):

8.1.1 any untrue statement or alleged untrue statement of a material fact contained in or incorporated by reference in any Registration Statement, including any preliminary prospectus or final prospectus contained therein or any amendments or supplements thereto or any document incorporated by reference therein;

8.1.2 the omission or alleged omission to state therein a material fact required to be stated therein, or necessary to make the statements therein not misleading, or

8.1.3 any violation or alleged violation by the Company of the Securities Act, the Exchange Act, or any other securities or other law of any jurisdiction, common law or otherwise, or any rule or regulation promulgated under the Securities Act, the Exchange Act or any such other laws, in connection with the offering covered by such Registration Statement; and the Company will reimburse each such Holder, partner, officer or director, Underwriter or controlling person for any legal or other expenses reasonably incurred by them, as incurred, in connection with investigating or defending any such loss, claim, damage, liability or action; provided, however, that the indemnity agreement contained in this Section 8 shall not apply to amounts paid in settlement of any such loss, claim, damage, liability or action if such settlement is effected without the consent of the Company (which consent shall not be unreasonably withheld), nor shall the Company be liable in any such case for any such loss, claim, damage, liability or action to the extent that it arises out of or is based upon a Violation which occurs in reliance upon and in conformity with written information furnished expressly for use in connection with such

registration by such Holder, partner, officer, director, Underwriter or controlling person of such Holder.

Notwithstanding the foregoing, the Company shall not be required to indemnify or hold harmless any Holder insofar as any Violation arises out of or is based on information furnished in writing to the Company by or on behalf of that Holder

8.2 By Selling Holders. To the extent permitted by law, each selling Holder, severally and not jointly, will indemnify and hold harmless the Company, each of its directors, each of its officers who have signed the Registration Statement, each person, if any, who controls the Company within the meaning of the Securities Act, any Underwriter and any other Holder selling securities under such Registration Statement or any of such other Holders partners, directors or officers or any person who controls such Holder within the meaning of the Securities Act or the Exchange Act, against any losses, claims, damages or liabilities (joint or several) to which the Company or any such director, officer, controlling person, Underwriter or other such Holder, partner or director, officer or controlling person of such other Holder may become subject under the Securities Act, the Exchange Act or any other securities or other law of any jurisdiction, common law or otherwise, insofar as such losses, claims, damages or liabilities (or actions in respect thereto) arise out of or are based upon any Violation, in each case to the extent (and only to the extent) that such Violation occurs in reliance upon and in conformity with written information furnished by such Holder expressly for use in connection with such registration; and each such Holder will reimburse any legal or other expenses reasonably incurred by the Company or any such director, officer, controlling person, Underwriter or other Holder, partner, officer, director or controlling person of such other Holder in connection with investigating or defending any such loss, claim, damage, liability or action; provided, however, that the indemnity agreement contained in this Section 8.2 shall not apply to amounts paid in settlement of any such loss, claim, damage, liability or action if such settlement is effected without the consent of the Holder, which consent shall not be unreasonably withheld.

8.3 Promptly after receipt by an indemnified party under this Section 8 of notice of the commencement of any action (including any governmental action), such indemnified party will, if a claim in respect thereof is to be made against any indemnifying party under this Section 8, deliver to the indemnifying party a written notice of the commencement thereof and the indemnifying party shall have the right to participate in, and, to the extent the indemnifying party so desires, jointly with any other indemnifying party similarly noticed, to assume the defense thereof with counsel mutually satisfactory to the parties; provided, however, that an indemnified party shall have the right to retain its own counsel, with the fees and expenses to be paid by the indemnifying party, if representation of such indemnified party by the counsel retained by the indemnifying party would be inappropriate due to actual or potential conflict of interests between such indemnified party and any other party represented by such counsel in such proceeding. The failure to deliver written notice to the indemnifying party within a reasonable time of the commencement of any such action shall relieve such indemnifying party of its liability to the indemnified party under this Section 8 only if and to the extent it is prejudicial to its ability to defend such action, and the

Edgar Filing: BUY IT CHEAP COM INC /DE - Form 8-K

omission to so deliver written notice to the indemnifying party will not relieve it of any liability that it may have to any indemnified party otherwise than under this Section 8. In no event shall any indemnity under this Section 8 exceed the net proceeds received by such Holder in the registered offering out of which such violation arises.

8.4 Defect Eliminated in Final Prospectus. The foregoing indemnity agreements of the Company and the Holders are subject to the condition that, insofar as they relate to any Violation made in a preliminary prospectus but eliminated or remedied in the amended prospectus on file with the SEC at the time the Registration Statement in question becomes effective or the amended prospectus filed with the SEC pursuant to SEC Rule 424(b) (the "Final Prospectus"), such indemnity agreement shall not inure to the benefit of any person if a copy of the Final Prospectus was furnished to the indemnified party and was not furnished to the person asserting the loss, liability, claim or damage at or prior to the time such action is required by the Securities Act.

8.5. Contribution. In order to provide for just and equitable contribution to joint liability under the Securities Act, in any case in which either (1) any Holder exercising rights under this Agreement, or any controlling person of any such Holder, makes a claim for indemnification pursuant to Section 8 but it is judicially determined (by the entry of a final judgment or decree by a court of competent jurisdiction and the expiration of time to appeal or the denial of the last right of appeal) that such indemnification may not be enforced in such case notwithstanding the fact that Section 8 provides for indemnification in such case, or (2) contribution under the Securities Act may be required on the part of any such selling Holder or any such controlling person in circumstances for which indemnification is provided under Section 8; then, and in each such case, the Company and such Holder will contribute to the aggregate losses, claims, damages or liabilities to which they may be subject (after contribution from others) in such proportion so that such Holder is responsible for the portion represented by the percentage that the public offering price of its Registrable Securities offered by and sold under the Registration Statement bears to the public offering price of all securities offered by and sold under such Registration Statement, and the Company and other selling Holders are responsible for the remaining portion; provided, however, that, in any such case, (A) no such Holder will be required to contribute any amount in excess of the public offering price of all such Registrable Securities offered and sold by such Holder pursuant to such Registration Statement; and (B) no person or entity guilty of fraudulent misrepresentation (within the meaning of Section 11(f) of the Securities Act) will be entitled to contribution from any person or entity who was not guilty of such fraudulent misrepresentation.

8.6 Survival; Release. The obligations of the Company and Holders under this Section 8 shall survive the completion of any offering of Registrable Securities in a Registration Statement, and otherwise. No indemnifying party, in the defense of any such claim or litigation, shall, except with the consent of each indemnified party, consent to entry of any judgment or enter into any settlement which admits fault on behalf of the indemnified party or which does not include as an unconditional

term thereof the giving by the claimant or plaintiff to such indemnified party of a release from all liability in respect to such claim or litigation.

9. Termination of the Companys Obligations. The Company shall have no obligations pursuant to this Agreement with respect to (a) any request or requests for registration made by any Holder pursuant to Section 2 or 3 of this Agreement on a date more than ten (10) years after the date of this Agreement or (b) any Registrable Securities proposed to be sold by a Holder in a registration pursuant to this Agreement if, in the opinion of counsel to the Company, all such Registrable Securities proposed to be sold by a Holder may be sold without registration under the Securities Act pursuant to Rule 144(k) under the Securities Act.

10. Rule 144 Reporting. With a view to making available to the Holders the benefits of certain rules and regulations of the SEC which may permit the sale of the Registrable Securities to the public without registration, the Company agrees to use its best efforts to:

10.1 commencing on the date of this Agreement, make and keep public information available, as those terms are understood and defined in SEC Rule 144 or any similar or analogous rule promulgated under the Securities Act, at all times after the effective date of the first registration filed by the Company for an offering of its securities to the general public;

10.2. File with the SEC, in a timely manner, all reports and other documents required of the Company under the Exchange Act;

10.3 So long as a Holder owns any Registrable Securities, furnish to such Holder forthwith upon request: a written statement by the Company as to its compliance with the reporting requirements of said Rule 144 of the Securities Act, and of the Exchange Act (at any time after it has become subject to such reporting requirements); a copy of the most recent annual or quarterly report of the Company; and such other reports and documents as a Holder may reasonably request in availing itself of any rule or regulation of the SEC allowing it to sell any such securities without registration.

It is further agreed that any waiver, permit, consent, or approval of any kind or character on any Holders part of any breach, default or noncompliance under the Agreement or any waiver on such Holders part of any provisions or conditions of this Agreement must be in writing and shall be effective only to the extent specifically set forth in such writing.
