Notes to Condensed Consolidated Financial Statements

Three Months Ended May 4, 2013 and April 28, 2012 (Unaudited)

Note A: Summary of Significant Accounting Policies

Basis of presentation. The accompanying unaudited interim condensed consolidated financial statements have been prepared from the records of Ross Stores, Inc. and subsidiaries (the "Company") without audit and, in the opinion of management, include all adjustments (consisting of only normal, recurring adjustments) necessary to present fairly the Company's financial position as of May 4, 2013 and April 28, 2012, the results of operations, comprehensive income, and cash flows for the three month periods then ended. The Condensed Consolidated Balance Sheet as of February 2, 2013, presented herein, has been derived from the Company's audited consolidated financial statements for the fiscal year then ended.

Accounting policies followed by the Company are described in Note A to the audited consolidated financial statements for the fiscal year ended February 2, 2013. Certain information and disclosures normally included in the notes to annual consolidated financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted for purposes of these interim condensed consolidated financial statements. The interim condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements, including notes thereto, contained in the Company's Annual Report on Form 10-K for the year ended February 2, 2013.

The results of operations and comprehensive income for the three month periods ended May 4, 2013 and April 28, 2012 presented herein are not necessarily indicative of the results to be expected for the full fiscal year.

Restricted cash, cash equivalents, and investments. The Company has restricted cash, cash equivalents, and investments that serve as collateral for certain insurance obligations of the Company. These restricted funds are invested in bank deposits, money market mutual funds, U.S. Government and agency securities, and corporate securities and cannot be withdrawn from the Company's account without the prior written consent of the secured parties. The following table summarizes total restricted cash, cash equivalents, and investments which were included in prepaid expenses and other and other long-term assets in the Condensed Consolidated Balance Sheet as of May 4, 2013, February 2, 2013, and April 28, 2012:

Restricted Assets (\$000)	May 4, 2013	February 2, 2013	April 28, 2012
Prepaid expenses and other	\$23,499	\$19,941	\$22,438
Other long-term assets	57,533	48,821	57,698
Total	\$81,032	\$68,762	\$80,136

The classification between current and long-term is based on the timing of expected payments of the secured insurance obligations.

Estimated fair value of financial instruments. The carrying value of cash and cash equivalents, short- and long-term investments, restricted cash and cash equivalents, restricted investments, accounts receivable, other long-term assets, and other long-term liabilities approximates their estimated fair value.

Cash and cash equivalents were \$714.2 million, \$646.8 million, and \$741.1 million at May 4, 2013, February 2, 2013, and April 28, 2012, respectively, and include bank deposits and money market funds for which the fair value was determined using quoted prices for identical assets in active markets, which are considered to be Level 1 inputs under

the fair value measurements and disclosures guidance.

Sales mix. The Company's sales mix is shown below for the three month periods ended May 4, 2013 and April 28, 2012:

	Three Months Ended			
	May 4, 2013		April 28, 2012	
Ladies	31	%	31	%
Home accents and bed and bath	22	%	23	%
Shoes	14	%	14	%
Accessories, lingerie, fine jewelry, and fragrances	13	%	12	%
Men's	12	%	12	%

Total	100	%	100	%

Dividends. Dividends included in the Condensed Consolidated Statements of Cash Flows reflect dividends paid during the periods shown. Dividends per share reported on the Condensed Consolidated Statements of Earnings reflect dividends declared during the periods shown.

In January 2013, the Company's Board of Directors declared a quarterly cash dividend of \$0.17 per common share, that was paid in March 2013. The Company's Board of Directors declared cash dividends of \$0.14 per common share in January, May, August, and November 2012, respectively.

In May 2013, the Company's Board of Directors declared a cash dividend of \$0.17 per common share, payable on June 28, 2013.

Revenue recognition. The Company recognizes revenue at the point of sale and maintains an allowance for estimated future returns. Sales of stored value cards are deferred until they are redeemed for the purchase of Company merchandise. The Company's stored value cards do not have expiration dates. Based upon historical redemption rates, a small percentage of stored value cards will never be redeemed, which represents breakage. The Company recognizes income from stored value card breakage as a reduction of operating expenses when redemption by a customer is considered to be remote. Income recognized from breakage was not significant for the three month periods ended May 4, 2013 and April 28, 2012.

Sales tax collected is not recognized as revenue and is included in accrued expenses and other.

Provision for litigation costs and other legal proceedings. Like many California retailers, the Company has been named in class action lawsuits alleging violation of wage and hour and other employment laws. Class action litigation remains pending as of May 4, 2013.

The Company is also party to various other legal and regulatory proceedings arising in the normal course of business. Actions filed against the Company include commercial, product and product safety, customer, intellectual property, and labor and employment-related claims, including lawsuits in which private plaintiffs or governmental agencies allege that the Company violated state or federal laws. Actions against the Company are in various procedural stages. Many of these proceedings raise factual and legal issues and are subject to uncertainties.

In the opinion of management, the resolution of pending class action litigation and other currently pending legal and regulatory proceedings is not expected to have a material adverse effect on the Company's financial condition, results of operations, or cash flows.

Accounting standards pertaining to fair value measurements establish a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include: Level 1, defined as observable inputs such as quoted prices in active markets; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions. This fair value hierarchy also requires the Company to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Corporate, U.S. government and agency, and mortgage-backed securities are classified within Level 1 or Level 2 because these securities are valued using quoted market prices or alternative pricing sources and models utilizing market observable inputs.

Investments and restricted investments measured at fair value at May 4, 2013 are summarized below:

	Fair Value Measurements at Reporting Date

The fair value measurement for funds with quoted market prices in active markets (Level 1) totaled \$73.1 million, \$65.9 million, and \$63.8 million as of May 4, 2013, February 2, 2013, and April 28, 2012, respectively. The fair value measurement for funds without quoted market prices in active markets (Level 2) totaled \$12.0 million, \$11.0 million, and \$11.5 million as of May 4, 2013, February 2, 2013, and April 28, 2012, respectively. Fair market value for these Level 2 funds is considered to be the sum of participant funds invested under a group annuity contract plus accrued interest.

Note C: Stock-Based Compensation

Stock-based compensation. For the three month periods ended May 4, 2013 and April 28, 2012, the Company recognized stock-based compensation expense as follows:

	Three Months Ended			
(\$000)	May 4, 2013	April 28, 2012		
Restricted stock	\$7,728	\$6,748		
Performance awards	3,529	4,396		
ESPP	531	443		
Total	\$11,788	\$11,587		

Total stock-based compensation recognized in the Company's Condensed Consolidated Statements of Earnings for the three month periods ended May 4, 2013 and April 28, 2012 is as follows:

	Three Months Ended		
Statements of Earnings Classification (\$000)	May 4, 2013	April 28, 2012	
Cost of goods sold	\$6,298	\$4,991	
Selling, general and administrative	5,490	6,596	
Total	\$11,788	\$11,587	

Restricted stock. The Company grants shares of restricted stock or restricted stock units to directors, officers, and key employees. The market value of shares of restricted stock and of the stock underlying restricted stock units at the date of grant is amortized to expense ratably over the vesting period of generally three to five years.

During the three month period ended May 4, 2013, shares acquired by the Company for tax withholding totaled 438,098 shares and are considered treasury shares which are available for reissuance. As of May 4, 2013, shares subject to repurchase related to unvested restricted stock totaled 4.1 million shares.

(000, except per share data)	Number of shares	Weighted average grant date fair value
Unvested at February 2, 2013	4,560	\$29.96
Awarded	661	56.69
Released	(1,110) 23.36
Forfeited	(20) 30.39
Unvested at May 4, 2013	4,091	\$36.10

The unamortized compensation expense at May 4, 2013 was \$101.9 million, which is expected to be recognized over a weighted-average remaining period of 2.3 years. The unamortized compensation expense at April 28, 2012 was \$93.4 million, which was expected to be recognized over a weighted-average remaining period of 2.3 years.

Performance shares. The Company has a performance share award program for senior executives. A performance share award represents a right to receive shares of restricted stock or restricted stock units on a specified settlement date based on the Company's attainment of a profitability-based performance goal during the performance period, which is the Company's fiscal year. If attained, the restricted stock or units then vest over a service period, generally two to three years from the date the performance award was granted. The release of shares related to restricted stock units earned are deferred generally for one year from the date earned.

Employee stock purchase plan. Under the Employee Stock Purchase Plan ("ESPP"), eligible employees participating in the quarterly offering period can choose to have up to the lesser of 10% or \$21,250 of their annual base earnings withheld to purchase the Company's common stock. The purchase price of the stock is 85% of the closing market price on the date of purchase. Purchases occur on a quarterly basis (on the last trading day of each calendar quarter). The Company recognizes expense for ESPP purchase rights equal to the value of the 15% discount given on the purchase date.

Stock option activity. The following table summarizes stock option activity for the three month period ended May 4, 2013:

(000, except per share data)	Number of shares	Weighted average exercise price	Weighted average remaining contractual term	Aggregate intrinsic value
Outstanding at February 2, 2013	1,715	\$13.79

No stock options were granted during the three month periods ended May 4, 2013 and April 28, 2012.

The following table summarizes information about the weighted average remaining contractual life (in years) and the weighted average exercise prices for stock options both outstanding and exercisable as of May 4, 2013 (number of shares in thousands):

\$10.42	to	\$16.39	1,490	1.99	\$14.00	

Note D: Earnings Per Share

The Company computes and reports both basic earnings per share ("EPS") and diluted EPS. Basic EPS is computed by dividing net earnings by the weighted average number of common shares outstanding for the period. Diluted EPS is computed by dividing net earnings by the sum of the weighted average number of common shares and dilutive common stock equivalents outstanding during the period. Diluted EPS reflects the total potential dilution that could occur from outstanding equity plan awards, including unexercised stock options, and unvested shares of both performance and non-performance based awards of restricted stock and restricted stock units.

For the three month periods ended May 4, 2013 and April 28, 2012 approximately 1,800 and 4,000 weighted average shares, respectively, were excluded from the calculation of diluted EPS because their effect would have been anti-dilutive in the period presented.

The following is a reconciliation of the number of shares (denominator) used in the basic and diluted EPS computations:

	Three Months Ended			
Shares in (000s)	Basic EPS	Effect of dilutive common stock equivalents		Diluted EPS
May 4, 2013				
Shares	215,408	3,088		218,496
Amount	\$1.09	\$(0.02)	\$1.07
April 28, 2012				
Shares	221,104	3,825		224,929
Amount	\$0.94	\$(0.01)	\$0.93

Note E: Debt

Senior notes. The Company has two series of unsecured senior notes held by various institutional investors for \$150 million. The Series A notes totaling \$85 million are due in December 2018 and bear interest at a rate of 6.38%. The Series B notes totaling \$65 million are due in December 2021 and bear interest at a rate of 6.53%. The fair value of these notes as of May 4, 2013 of approximately \$190 million is estimated by obtaining comparable market quotes which are considered to be Level 1 inputs under the fair value measurements and disclosures guidance. The senior notes are subject to prepayment penalties for early payment of principal.

Revolving credit facility. The Company's \$600 million unsecured revolving credit facility, as amended in June 2012, expires in June 2017 and contains a \$300 million sublimit for issuance of standby letters of credit. Interest on this facility is based on LIBOR plus an applicable margin (currently 112.5 basis points) and is payable quarterly and upon maturity. The Company had no borrowings outstanding or letters of credit issued under this facility as of May 4, 2013. As of May 4, 2013, the Company's \$600 million credit facility remains in place and available.

Borrowings under the credit facility and the senior notes are subject to certain covenants, including interest coverage and other financial ratios. In addition, the interest rates under the revolving credit facility may vary depending on actual interest coverage ratios achieved. As of May 4, 2013, the Company was in compliance with these covenants.

Note F: Taxes on Earnings

As of May 4, 2013 and April 28, 2012, the reserves for unrecognized tax benefits were \$87.6 million and \$68.0 million inclusive of \$18.4 million and \$16.7 million of related interest and penalties, respectively. The Company accounts for interest and penalties related to unrecognized tax benefits as a part of its provision for taxes on earnings. If recognized, \$44.2 million would impact the Company's effective tax rate. The difference between the total amount of unrecognized tax benefits and the amounts that would impact the effective tax rate relates to amounts attributable to deferred income tax assets and liabilities. These amounts are net of federal and state income taxes.

During the next twelve months, it is reasonably possible that the statute of limitations may lapse pertaining to positions taken by the Company in prior year tax returns. If this occurs, the total amount of unrecognized tax benefits may decrease, reducing the provision for taxes on earnings by up to \$2.1 million.

The Company is generally open to audit by the Internal Revenue Service under the statute of limitations for fiscal years 2009 through 2012. The Company's state income tax returns are generally open to audit under the various statutes of limitations for fiscal years 2008 through 2012. Certain state tax returns are currently under audit by state tax authorities. The Company does not expect the results of these audits to have a material impact on the condensed consolidated financial statements.

Report of Independent Registered Public Accounting Firm

To the Board of Directors and Stockholders of Ross Stores, Inc. Pleasanton, California

We have reviewed the accompanying condensed consolidated balance sheets of Ross Stores, Inc. and subsidiaries (the "Company") as of May 4, 2013 and April 28, 2012, and the related condensed consolidated statements of earnings, comprehensive income and cash flows for the three-month periods ended May 4, 2013 and April 28, 2012. These interim consolidated financial statements are the responsibility of the Company's management.

We conducted our reviews in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to such condensed consolidated interim financial statements for them to be in conformity with accounting principles generally accepted in the United States of America.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the consolidated balance sheet of Ross Stores, Inc. and subsidiaries as of February 2, 2013, and the related consolidated statements of earnings, stockholders' equity and cash flows for the year then ended (not presented herein); and in our report dated April 2, 2013, we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying condensed consolidated balance sheet as of February 2, 2013, is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.
