Management s Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this combined financial statement in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of the financial statement that is free from material misstatement, whether due to fraud or error.

Auditors Responsibility

Our responsibility is to express an opinion on this combined financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the combined financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the combined financial statement. The procedures selected depend on the auditors judgment, including the assessment of the risks of material misstatement of the combined financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the entity s preparation and fair presentation of the combined financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Sun Properties internal controls. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the combined financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the combined financial statement referred to above presents fairly, in all material respects, the revenue and community operating expenses of the Sun Properties for the year ended December 31, 2014 in accordance with accounting principles generally accepted in the United States of America.

Basis of Accounting

We draw attention to note 2 to the combined financial statement, which describes that the accompanying combined financial statement was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission and is not intended to be a complete presentation of the Sun Properties revenue and community operating expenses. Our opinion is not modified with respect to this matter.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The Combined Statement of Revenue and Community Operating Expenses (the Financial Statements) has been prepared for the purpose of complying with the provisions of Rule 3-14 of Regulation S-X promulgated by the Securities and Exchange Commission (SEC) under the Securities Act of 1933, as amended, which requires certain information with respect to real estate operations to be included with certain filings with the SEC. The Financial Statements includes the historical revenue and community operating expenses of the Sun Properties, exclusive of home rental income and related expense, interest income, interest expense, depreciation and amortization, and other expenses, which may not be comparable to the corresponding amounts reflected in the future operations of the Sun Properties.

The Unaudited Financial Statements for the period ended September 30, 2015 consists of the results of operations from January 1, 2015 to August 19, 2015 for Tranche 1, and from January 1, 2015 to September 30, 2015 for Tranche 2.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of revenue and community operating expenses during the reporting period. Actual results could differ from those estimates.

Investment Property and Equipment

Property and equipment are carried at cost. Maintenance and Repairs are charged to income as incurred and improvements are capitalized.

Revenue Recognition

Income is derived primarily from the rental of manufactured home sites. Rental and related income is recognized on the accrual basis over the term of the lease, which is typically one year or less. The Sun Properties also own

approximately 400 rental units which are rented to residents. Home rental income from these rental units is approximately \$1,060,000 annually before expenses associated with these rental units and is not included in the accompanying Financial Statements.

Community Operating Expenses

Community operating expenses represent the direct expenses of operating the Sun Properties and include costs that are expected to continue in the ongoing operations of the Sun Properties.

Accounts Receivable

The Company evaluates the collectability of rental revenue and records a bad debt expense when management believes that it is probable that it will be unable to collect amounts due under the contractual terms of the lease agreements.

NOTE 3. COMMITMENTS AND CONTINGENCIES

The Sun Properties are not involved in any material litigation nor, to management's knowledge, was any material litigation threatened against the Sun Properties which if adversely determined could have a material adverse impact on the Sun Properties other than routine litigation arising in the ordinary course of business or litigation that is adequately covered by insurance.

NOTE 4. SUBSEQUENT EVENTS

The Sun Properties has been evaluated for subsequent events through December 28, 2015, the date the Financial Statements was available to be issued.
