(1) Shares withheld to satisfy tax withholding obligation with respect to performance shares that became earned.

Each market share unit represents the right to receive one share of common stock assuming certain market price targets are achieved. The market share units vesting and the actual number of shares received are contingent on Issuer's common stock achieving certain pre-defined market price levels during pre-determined intervals and continued employment.

Generally, the market shares units will be earned, if at all, on the fifteenth day in 2017 on which the New York Stock Exchange is open for trading if pre-determined market price targets of Issuer's common stock are attained, provided that the reporting person remains continuously employed by the Issuer or a subsidiary through December 31, 2016.

Note: File three copies of this Form, one of which must be manually signed. If space is insufficient, see Instruction 6 for procedure.

Potential persons who are to respond to the collection of information contained in this form are not required to respond unless the form displays a currently valid OMB number.
