CHAMPIONS SPORTS, INC. Notes to Consolidated Financial Statements January 31, 2004

Summarized Financial Information

Company or group of companies for which report is filed:

CHAMPIONS Sports, Inc. and Subsidiaries

The consolidated balance sheet as of January 31, 2004 the consolidated statements of operations and the consolidated statements of cash flows for the three months and nine months ended January 31, 2004 and January 31, 2003 have been prepared by the company, without audit. In the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to present fairly the financial position, results of operations and changes in cash flow at January 31, 2004 and for all periods presented have been made.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been omitted. It is suggested that these consolidated financial statements be read in conjunction with the financial statements and notes thereto included in the Company's 10-KSB as of April 30, 2003. The results of operations for the period ended January 31, 2004 are not necessarily indicative of the operating results for the full year.

The Company's independent auditor, for the year ending April 30, 2003, has expressed substantial doubt the Company can continue as a going concern. The Company is still facing grave liquidity and cash problems as of January 31, 2004 and through the date of the filing of this 10-QSB The Company has reduced its general and administrative expense to conserve cash. The Company continues to review and evaluate its operations and priorities. The Company is actively pursuing merger or acquisition candidates and any other financing possibilities to meet its liquidity needs. There is no assurance that the Company will be able to structure a merger or acquisition on terms satisfactory to the Company or to improve its liquidity. If the situation does not improve, the Company might be forced to discontinue its operations.

This document contains "forward-looking statements" (within the meaning of the Private Securities Litigation Act of 1995) that inherently involve risk and uncertainties. The Company's actual results could differ materially from those anticipated in the forward-looking statements as a result of unforeseen external factors. These factors may include, but are not limited to, changes in general economic conditions, the ongoing threat of terrorism, customer acceptance of products offered and other general competitive factors, and the ability to have access to financing sources on reasonable terms. Readers are cautioned not to place undue reliance on these forward-looking statements, which reflect management's analysis, judgment, belief or expectation only as of the date hereof.

By component, food and beverage sales increased 2.7% from the previous year for the nine months and 2.8% for the three months period from the previous year. The increase in food and beverage sales is attributed to an increase in menu prices. The Company did not provide any memorabilia and consulting services to Marriott International during the nine month period ended January 31, 2004. The increase in occupancy costs is attributed to an increase in real estate taxes and common area charges passed on by the landlord. Other restaurant costs were 19.5% of food and beverage sales for the nine months and 21.1% of food and beverage sales for the three months ended January 31, 2004 compared to 18.9% of food and beverage sales for the comparable nine month and 19.5% for the three months in 2003. The Company continues to review and evaluate its operations and priorities. Edgar Filing: CHAMPIONS SPORTS INC - Form 10QSB

Disclosure controls are procedures that are designed with the objective of ensuring that information required to be disclosed in Company's reports under the Securities Exchange Act of 1934, such as this Form 10Q-SB, is reported in accordance with the Securities and Exchange Commission's rules. Disclosure controls are also designed with the objective of ensuring that such information is accumulated and communicated to management, including the Chief Executive Officer and Chief Financial Officer as appropriate to allow timely decisions regarding required disclosure.
