Proxy Statement

GENERAL

This proxy statement (first mailed to shareholders on or about April 19 2004) is furnished in connection with the solicitation of proxies by Westwood One, Inc., a Delaware corporation (the "Company"), for use at the Annual Meeting of Shareholders of the Company to be held on May 13, 2004 at 10:00 a.m., Pacific Time, in the Napa Room of the St. Regis Hotel, 2055 Avenue of the Stars, Los Angeles, CA 90067, and any adjournments thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders.

The Company's Annual Report on Form 10-K for the year ended December 31, 2003, including consolidated financial statements and other information, accompanies this Proxy Statement but does not form a part of the proxy soliciting material.

ABOUT THE MEETING

Edgar Filing: WESTWOOD ONE INC /DE/ - Form DEF 14A

What is the purpose of the annual meeting?

At our annual meeting, shareholders will act upon the matters outlined in the Notice of Annual Meeting of Shareholders accompanying this proxy statement, including the election of directors, the ratification of the selection of the Company's independent accountants, and such other business as may properly come before the meeting. In addition, management will report on the performance of the Company during 2003 and respond to questions from shareholders.

Who is entitled to vote at the meeting?

Only shareholders of record at the close of business on April 13, 2004, the record date for the meeting, are entitled to receive notice of and to participate in the annual meeting. If you were a shareholder of record on that date, you will be entitled to vote all of the shares that you held on that date at the meeting, or any postponements or adjournments of the meeting. As of the record date, there were 97,179,567 shares of Common Stock outstanding, excluding treasury shares, and 703,466 shares of Class B Stock outstanding.

What are the voting rights of holders of the Company's Common Stock and Class B Stock?

Under the Company's certificate of incorporation, each holder of outstanding Common Stock is entitled to cast one (1) vote for each share of Common Stock held by such holder and each holder of Class B Stock is entitled to cast fifty (50) votes for each share of Class B Stock held by such holder. Only the Common Stock is publicly traded.

Who can attend the meeting?

All shareholders as of the record date, or their duly appointed proxies, may attend the meeting. If you attend, please note that cameras, recording devices and other electronic devices will not be permitted at the meeting.

Please also note that if you hold your shares in "street name" (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the record date in order to gain entrance.

What constitutes a quorum?

With respect to the election of the directors to be elected by the holders of the Common Stock voting alone, the presence at the meeting, in person or by proxy, of the holders of at least one-third of the shares of Common Stock outstanding on the record date and the presence at the meeting, in person or by proxy, of the holders of a majority of the aggregate voting power of the Common Stock and the Class B Stock outstanding on the record date will constitute a quorum, permitting the holders of Common Stock to take action on that matter. With respect to all other matters to be voted on at the meeting, the presence at the meeting, in person or by proxy, of the holders of a majority of the

1

aggregate voting power of the Common Stock and the Class B Stock outstanding on the record date will constitute a quorum, permitting the shareholders to take action on those matters.

Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of votes considered to be present at the meeting for purposes of determining a quorum.

Edgar Filing: WESTWOOD ONE INC /DE/ - Form DEF 14A

How do I vote?

If you complete and properly sign and date the accompanying proxy card and return it to the Company, it will be voted as you direct. If you are a registered shareholder and attend the meeting, you may deliver your completed proxy card in person. "Street name" shareholders who wish to vote at the meeting will need to obtain a proxy form from the institution that holds their shares.

Can I change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised by filing with the Secretary of the Company either a notice of revocation or a duly executed proxy bearing a later date. In addition, the powers of the proxy holders will be suspended if you attend the meeting in person and vote, although attendance at the meeting will not by itself revoke a previously granted proxy.

What are the Board's recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board of Directors. The Board's recommendation is set forth together with the description of each item in this proxy statement. In summary, the Board recommends a vote:

- FOR the election of the nominated directors; and
- FOR ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent accountants for fiscal 2004;

Management is not aware of any matters, other than those specified above, that will be presented for action at the annual meeting, but if any other matters do properly come before the meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, at their discretion.

What vote is required to approve each item?

With respect to each matter to be voted on, the affirmative vote of a majority of the votes entitled to be cast and represented in person or by proxy at the meeting will be required to approve each such matter. Other than with respect to the election of Mr. Holt and Mr. Smith, on all matters proposed the Common Stock and the Class B Stock vote together as a class. With respect to the election of Mr. Holt and Mr. Smith, the Common Stock votes separately as a class and the Class B Stock is not entitled to vote. A properly executed proxy marked "WITHHOLD AUTHORITY" with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum. A properly executed proxy marked "ABSTAIN" with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote.

If you hold your shares in "street name" through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some or all of the matters to be acted upon. Thus, if you do not give your broker or nominee specific instructions, your shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such "broker non-votes" will, however, be counted in determining whether there is a quorum.

What is beneficial ownership?

Edgar Filing: WESTWOOD ONE INC /DE/ - Form DEF 14A

Beneficial ownership has been determined in accordance with Rule 13d-3 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"). Under this Rule, certain shares may be deemed to be beneficially owned by more than one person (such as where persons share voting power or investment power). In addition, shares are deemed to be beneficially owned by a person if the person has the right to acquire the shares (for example, upon exercise of an

2

option) within 60 days of the date as of which the information is provided; in computing the percentage of ownership of any person, the amount of shares outstanding is deemed to include the amount of shares beneficially owned by such person (and only such person) by reason of these acquisition rights. As a result, the percentage of outstanding shares of any person as shown in the following table does not necessarily reflect the person's actual voting power at any particular date.

How much stock do the Company's largest shareholders and directors and executive officers own?

The following table shows the amount of the Company's Common Stock and Class B Stock beneficially owned (unless otherwise indicated) by our largest shareholders (those who own more than 5% of the outstanding shares), directors, the executive officers named in the Executive Compensation Summary Table below and those directors and executive officers as a group. Except as otherwise indicated, all information is as of April 13, 2004. At April 13, 2004, there were 97,179,567 shares of Common Stock outstanding and 703,466 shares of Class B Stock outstanding.

How is the Board of Directors structured and what are their terms?

The Board of Directors is divided into three classes (Class I, II, and III), each class serving for three-year terms, which terms do not coincide. The Board of Directors currently is comprised of thirteen individuals. Only one class of directors is elected at each annual meeting. Of the directors, at least 33 1/3% must be independent outside directors, which are elected by Common stockholders voting alone as a class. Pursuant to the Company's certificate of incorporation, holders of Common Stock, voting alone, have the right to elect 20% of the Board of Directors, which is currently three directors. However, it is currently intended that the holders of the Common Stock will vote alone to elect all the independent directors, at least one of whom will be elected each year, as set forth below. The remaining members of the Board are elected by all shareholders voting together as a single class.

How many Board members are Independent under the listing standards of the New York Stock Exchange?

The Board of Directors has determined that seven directors, representing a majority of the Board members are "independent" under the listing standards of the New York Stock Exchange (the "Exchange"). The Independent directors are Mssrs. Dennis, Greenberg, Herdman, Holt, Miles and Smith and Ms. Hummer. In order to assist the Board in making this determination, the Corporate Governance Guidelines established by the Board identifies the requirements for determining the independence of a Board member. These Guidelines are included on the Company's website (www.westwoodone.com - under the caption Investor Relations). The Board observes all criteria for independence established by the Exchange and other governing laws and regulations.

How does the Board select nominees for the Board?

The Nominating and Governance Committee which consists solely of independent directors, considers candidates for Board membership suggested by its members and other Board members, as well as management and shareholders. A shareholder who wishes to recommend a prospective nominee for the Board should notify the Company's Secretary or any member of the Nominating and Governance Committee in writing, including whatever supporting materials the shareholder considers relevant to the potential candidate qualifications.

Once a prospective nominee has been identified, the Committee, either with or without Board input, determines whether to conduct a full evaluation of the candidate. The preliminary determination is primarily based on the need for additional Board members to fill vacancies or to expand the size of the Board as well as a result of its review of the composition of the Board in light of the characteristics of independence, diversity, age, skills, experience, availability of service to Westwood One and other Board needs, including but not limited to independence and audit committee financial expertise. After completing their evaluation, the Committee makes a recommendation to the full Board as to who should be nominated and the Board determines the nominee.

Edgar Filing: WESTWOOD ONE INC /DE/ - Form DEF 14A

Who are the current Board members, what Board Committee's do they serve on and what are their backgrounds and qualifications?

The continuing directors and nominees for director of the Company are:

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Messrs. Karmazin, Hollander and Coppola are officers or employees of Infinity, which beneficially owns 16.5% of the Common Stock of the Company. Infinity manages the business and operations of the Company pursuant to the terms of a Management Agreement ("Management Agreement" or the "Agreement"), by providing to the Company the services of a chief executive officer and a chief financial officer. The Agreement was entered into in March 1999 and was subsequently amended to, among other things, extend the Agreement until March 31, 2009. Pursuant to the Management Agreement, the Company is obligated to pay to Infinity an annual base fee subject to an annual increase by a percentage amount equal to the increase based on a specified consumer price index. The fee paid to Infinity in 2003 aggregated \$2,793,000. Effective April 1, 2004, the Company will be obligated to pay to Infinity an annual base fee in the amount of \$3,000,000 subject to an annual increase for each year thereafter by a percentage amount equal to the increase in a specified price index for the prior year.

In addition, the Company pays to Infinity incentive bonus compensation in an amount equal to 10% of the amount by which the Company's operating cash flow exceeds a target amount for the applicable year, subject to certain adjustments. The Company must also reimburse Infinity for certain out-of-pocket expenses incurred by Infinity in performing the services contemplated by the Management Agreement consistent with past practice. Infinity did not earn an incentive bonus in fiscal 2003. As additional compensation to Infinity under the Management Agreement, Infinity was granted seven warrants to purchase an aggregate 4,500,000 shares of the Company's Common Stock (comprised of two warrants to purchase 1,000,000 Common shares per warrant and five warrants to purchase 500,000 Common shares per warrant). Of the seven warrants issued, the two one million share warrants have an exercise price of \$43.11 and \$48.36, respectively, and become exercisable if the average price of the Company's Common Stock reaches a price of \$64.67 and \$77.38, respectively, for at least 20 out of 30 consecutive trading days for any period throughout the ten year term of the warrants.

The exercise prices for the five remaining warrants is equal to \$38.87, \$44.70, \$51.40, \$59.11 and \$67.98, respectively. These warrants each have a term of 10 years and become exercisable on January 2, 2005, 2006, 2007, 2008, and 2009, respectively, subject to a trading price condition. The trading price condition specifies the average price of the Company's Common Stock for each of the 15 trading days prior to January 2 of the applicable year (commencing on January 2, 2005 with respect to the first 500,000 warrant tranche and each January 2 thereafter for each of the remaining four warrants) must be at least equal to both the exercise price of the warrant and 120% of the corresponding prior year 15 day trading average. In the case of the \$38.87 warrants, the Company's average stock price for the 15 trading days prior to January 2, 2005 must equal or exceed \$40.56 for the warrants to become exercisable.

The Company and Infinity have also entered into a registration rights agreement with respect to the shares of Common Stock issuable upon exercise of the warrants pursuant to which the Company granted to Infinity specified demand and registration rights.

The Management Agreement provides that all transactions (other than the Management Agreement and Representation Agreement to operate the CBS Radio Networks which were ratified by the Company's shareholders) between the Company and Infinity or its affiliates will be on a basis that is at least as favorable to the Company as if the transaction were entered into with an independent third

Edgar Filing: WESTWOOD ONE INC /DE/ - Form DEF 14A

party. In addition, subject to specified exceptions, all agreements between the Company and Infinity or any of its affiliates must be approved by the Board of Directors.

The Company has a Representation Agreement with Infinity to operate the CBS Radio Networks until March 31, 2009. The Company retains all revenue and is responsible for all expenses of the CBS Radio Networks. In addition, a number of Infinity's radio stations are affiliated with the Company's radio networks and the Company purchases several programs from Infinity. During 2003, the Company incurred expenses aggregating approximately \$80,659,000 under the Representation Agreement and for Infinity affiliations and programs.

Mr. Suleman has been Chairman of Board and Chief Executive Officer of Citadel since April 2002. Many of the radio stations owned by Citadel have been broadcast programming produced by the Company both before and after Mr. Suleman became an officer of Citadel. During 2003, the Company paid Citadel owned stations approximately \$1,649,000 pursuant to the terms of the stations affiliation agreements with the Company. In addition, the Company paid \$400,000 to Aviation 1 LLC, a company owned by Forstmann Little, for use of a private jet.

Mr. Lerman has been a member of the Washington, D.C. law firm of Leventhal, Senter and Lerman, PLLC since 1986. From time to time, the Company engages Leventhal, Senter and Lerman, PLLC in certain matters. The fees associated with those engagements aggregated approximately \$20,000 in 2003. Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's executive officers and directors, and persons who own more than ten percent of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission. Executive officers, directors and more than ten percent shareholders are required by Securities and Exchange Commission regulation to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on its review of the copies of such forms received by it, or written representations from its directors and executive officers, the Company believes that during 2003 its executive officers, directors and more than ten percent beneficial owners complied with all SEC filing requirements applicable to them, with the exception of Mr. Pattiz who inadvertently failed to timely file two reports (one disclosing a stock option grant and the second which transferred stock owned to a charitable trust) and Mr. Kosann who failed to timely file two reports (one disclosing his ownership upon becoming an executive officer and the second reporting a stock option grant). These transactions on behalf of the aforementioned have subsequently been reported.

Report of the Audit Committee

The Audit Committee operates pursuant to its Charter, which was revised and approved by the Board of Directors is available on the Company's website (www.westwoodone.com) The Charter, which complies with applicable SEC regulations, and New York Stock Exchange rules, addresses five broad areas of responsibility of the Committee:

- 1) Reviewing and discussing the preparation of quarterly and annual financial reports with the Company's management and its independent auditors;

Edgar Filing: WESTWOOD ONE INC /DE/ - Form DEF 14A

- 2) Supervising the relationship between the Company and its independent accountants, including discussing the matters required by SAS 61 (Codification of Standards on Auditing Standards) with its independent auditors, evaluating the independence of the auditors in accordance with Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and recommending their appointment or removal, reviewing the scope of their audit and non-audit services and related fees;
- 3) Overseeing management's implementation of effective systems of internal controls;
- 4) Reviewing and approving the internal corporate audit staff functions; and
- 5) Reviewing and investigating any matters pertaining to the integrity of management, including conflicts of interest, or adherence to standards of business conduct.

The Committee or its Chairman has reviewed and discussed, with both management and its independent auditors all financial statements prior to their filing with the SEC. Management advised the Committee in each case that all financial statements were prepared in accordance with generally accepted accounting principles, and reviewed significant issues with the Committee. The Committee also held discussions with the Company's independent auditors concerning the matters required to be discussed by SAS 61.

The Committee appointed PricewaterhouseCoopers LLP ("PWC") as our independent auditors for the year ended December 31, 2003 and reviewed with the Company's financial managers, the independent auditors, and the director of internal audit, their overall audit scopes and plans.

The Committee also discussed with PWC their independence and received from PWC the written disclosures and the letter from PWC required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees. In addition, the Committee pre-approved PWC'S audit and audit related fees and has determined that the provision of non-audit services by PWC is compatible with maintaining their independence.

The Committee also has discussed with the Company's independent auditors, with and without management present, their recommendations regarding the Company's internal accounting controls and the overall quality of the Company's financial reporting and disclosures.

The Committee frequently met in private session separately with the senior members of the Company, the Company's director of internal audit, the Company's General Counsel and the Company's independent auditors. Based on its reviews and discussions referred to above, the Committee recommended to the Board of Directors that the Board approve the inclusion of the Company's audited financial statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2003 with the Securities Exchange Commission. The Committee also recommended to the Board of Directors the approval selection of the Company's independent auditors for the year ending December 31, 2004.

Audit Committee Pre-Approval Policies and Procedures

All audit and non-audit services provided to the Company by PWC in 2003 were pre-approved by the Audit Committee. Under the Company's pre-approval policies and procedures, the Chair of the Audit Committee is authorized to pre-approve the engagement of PWC to provide certain specified audit and non-audit services, and the engagement of any accounting firm to provide certain specified audit services.

EXECUTIVE COMPENSATION

Report of the Compensation Committee

What are the duties and responsibilities of the Compensation Committee in establishing compensation?

The Compensation Committee has the following responsibilities pursuant to its Charter (a copy of which is available on the Company's website at www.westwoodone.com):

- Establish, oversee and recommend to the Board the implementation of overall compensation policies for Senior Executive Officers as well as for compensation provided to officers pursuant to the Management Agreement and the Chairman of the Board.
- Review and approve corporate goals and objectives relative to the compensation of Senior Executive Officers.
- Review the results of and procedures for the evaluation of other executive officers by the Chief Executive Officer.
- At the direction of the Board, establish compensation for the Company's non-employee directors.
- Oversee the administration of all qualified and non-qualified employee compensation and benefit plans, including stock incentive plans.

Each of the members of the Compensation Committee are independent with the meaning of the Company's Corporate Governance Guidelines and the listing standards of the New York Stock Exchange.

In carrying out its responsibilities, the Committee is authorized to engage outside advisors to consult with the Committee as it deems appropriate.

What are the objectives of the Company's executive compensation policy?

The objective of the Company's executive compensation policy is to attract, retain and motivate management in a manner that is in the best interests of its shareholders. To meet that objective, compensation for Senior Executive Officers and other management is comprised of three components: a base salary, an annual incentive bonus, and periodic grants of stock-based compensation (non-qualified stock options). The Committee believes the granting of stock options more closely aligns the interest of executives and management to the interests of its

shareholders.

Tax Deductibility Under Section 162(M). Current U.S. tax law has a \$1,000,000 annual tax deduction limit on compensation the Company pays to the Chief Executive Officer and the four other most highly compensated executive

11

officers. The limit does not apply to "performance-based" compensation (as defined under the Code and related regulations). In general, compensation is performance-based only if payment is contingent upon attainment of pre-established objective performance goals that are set by the Committee. The Committee may use its discretion to set actual compensation below the maximum amount calculated by application of the Company performance criteria. The Committee's general policy is to structure compensation programs that allow the Company to fully deduct the compensation under Section 162(M) requirements. The Committee also believes that the Company needs flexibility to meet its incentive and retention objectives, even if the Company may not deduct all of the compensation.

How is the compensation of the Company's Chief Executive Officer determined?

The services of the Company's Chief Executive Officer ("CEO") are provided by Infinity pursuant to the terms of the Management Agreement, which was approved by the Company's shareholders. In consultation with the Committee, determines the base salary and incentive bonus payable to the CEO. Additionally, the Committee alone determines the size and frequency of any stock-based compensation provided to the CEO. In making that determination, the Committee considered past practices, experience and the Company's overall financial performance.

How were the base salaries, bonuses and levels of stock option grants determined for the Chairman of the Board and executive officers?

Compensation for the Chairman of the Board

Mr. Pattiz, in his role as Chairman of the Board of Westwood, has continued to emphasize the Company's values and has helped assist the Company in its endeavors throughout 2003. The Board is pleased with Mr. Pattiz' leadership and as a result desired to renew his agreement with the Company. The Committee retained an outside independent executive compensation consultant to conduct a review of similarly situated Chairman. Accordingly, the Compensation Committee together with the full Board extended Mr. Pattiz' existing contract for an additional five (5) years commencing December 1, 2003. Mr. Pattiz' base salary will be \$400,000 per annum. In addition Mr. Pattiz will be entitled to a grant of 50,000 stock options per year under the Company's stock option plan.

Compensation Philosophy

Executive officers receive annual compensation, (excluding employee benefits), which is comprised of base salary and incentive compensation. Incentive compensation consists of a cash bonus and equity based awards (stock options). In awarding compensation, we consider the financial results of the Company and individual managerial performance as well as an individual's performance in achieving strategic business objectives. We believe the compensation of our executives is sufficient to motivate our executives to enable the Company to be competitive to both attract and retain executives, which we believe is critical to the Company's long term success and the creation of shareholder value.

In determining base salary, we consider an individual's performance,

Edgar Filing: WESTWOOD ONE INC /DE/ - Form DEF 14A

experience and responsibilities. Base salary creates a secure base of cash compensation, which is competitive in the industry. With regard to individual performance, we rely to a large extent on the Chief Executive Officer's evaluation of individual executive officers performance. Incentive compensation, consisting of both cash incentives and long-term incentives (equity), reflects overall Company performance and operating group performance, where appropriate. Long term incentives in the form of stock options, vest over a period of five years. We believe that equity based compensation, the value of which depends on the Company's future performance and stock price, provides a continuous incentive to the Executive and aligns their interests to our shareholders.

Summary

We believe that attracting and retaining talented and motivated executives and employees is important in creating shareholder value. We will continue to evaluate and update our compensation programs and policies to assure that they enable the Company to be competitive and retain the best talent. It is our intention to reward its employees and keep them performance driven as well as foster their equity ownership. We believe our 2003 program met those objectives.
