THE BEAR STEARNS COMPANIES INC.
REPORTS FIRST FISCAL QUARTER RESULTS;
DECLARES PREFERRED STOCK CASH DIVIDENDS

NEW YORK, New York -March 20, 2002-The Bear Stearns Companies Inc. (NYSE:BSC) today reported net earnings per diluted share of \$1.29 for the first quarter ended February 28, 2002, up 21.7% from \$1.06 per share for the quarter ended February 23, 2001. Net income for the first fiscal quarter of 2002 was \$180.5 million, up 13.1% from \$159.7 million for the comparable quarter a year ago. First quarter 2002 net revenues were \$1.24 billion, up 2.1% from \$1.21 billion for the quarter ended February 23, 2001. The annualized after-tax return on common stockholders' equity for the quarter ended February 28, 2002 was 15.2% and for the trailing 12-month period ended February 28, 2002 was 14.0%.

Commenting on the quarter, James E. Cayne, chairman and chief executive officer of Bear Stearns, said, "Our quarterly results demonstrate the benefit of a diversified portfolio of businesses in markets such as these. The fixed income franchise continued to show extremely strong results at a time when most other major sectors in the industry were experiencing persistent weakness. Record results were achieved in each of our principal fixed income product areas, with particularly strong performance from our industry-leading Mortgage-Backed Securities Department."

"In addition, the steps taken during fiscal 2001 to reduce operating costs and increase margins have had a positive effect on the current period's earnings. Having put many of the difficult decisions with respect to headcount and cost containment behind us, we are free to focus all of our energy on our top priority: serving our clients."

A brief discussion of the firm's business segments, compared to the prior year quarter, follows:

CAPITAL MARKETS

Net revenues for the Capital Markets segment were \$937.4 million for the quarter ended February 28, 2002, up 17.0% from \$801.5 million for the first quarter last year.

o Institutional Equities net revenues were \$247.9 million for the first quarter

Edgar Filing: BEAR STEARNS COMPANIES INC - Form 8-K

of 2002, down 27.3% versus \$341.2 million for the comparable prior year quarter reflecting lower levels of capital market activity and volatility. Risk arbitrage revenues declined primarily due to the industrywide weakness in announced M&A transactions and convertible arbitrage revenues decreased as a result of reduced volatility and widening credit spreads.

o Fixed Income net revenues posted a record quarter at \$548.2 million, up 61.0% from the \$340.4 million reported for the quarter ended February 23, 2001. Fixed income net revenues increased substantially across the interest rate, credit and mortgage product areas; each of which achieved outstanding quarterly results.

o Investment Banking net revenues were \$141.3 million for the quarter ended February 28, 2002, up 17.8% from \$120.0 million for the quarter ended February 23, 2001. The increase in investment banking revenues is primarily due to improved equity and fixed income underwriting activity when compared with the same period in 2001. However, investment banking revenues continue to feel the impact of difficult equity capital markets conditions and lower levels of M&A activity.

GLOBAL CLEARING SERVICES

Net revenues for Global Clearing Services were \$187.4 million for the quarter ended February 28, 2002, down 16.3% from \$223.9 million for the quarter ended February 23, 2001. This decline in net revenue reflected reduced net interest profits attributable to lower margin balances and reduced commission revenues. Average levels of customer margin debt and customer short balances have declined significantly from a year earlier. Average customer margin debt balances were \$35.1 billion during the quarter ended February 28, 2002, as compared with \$42.0 billion in the prior year quarter ended February 23, 2001. Customer short balances experienced similar declines averaging \$47.3 billion for the first quarter of 2002, as compared with \$55.0 billion for the first quarter of 2001.

WEALTH MANAGEMENT

Wealth Management net revenues for the quarter ended February 28, 2002 were \$123.2 million, down 14.8% from \$144.6 million for the quarter ended February 23, 2001.

o Private Client Services revenues declined on lower levels of individual investor activity.

o As of February 28, 2002, total assets under management stood at \$25.8 billion, up 20.0% from \$21.5 billion at February 23, 2001. Alternative investment products under management were \$6.8 billion as of February 28, 2002, a 47.9% increase from the end of the prior year's first fiscal quarter. Mutual funds under management also increased as of February 28, 2002 to \$6.4 billion, up 23.1% from the end of the same period in 2001.

EXPENSES

Compensation as a percentage of net revenues was 51.1% and 52.3% for the quarters ended February 28, 2002 and February 23, 2001, respectively. Non-compensation expenses were \$332.0 million for the quarter ended February 28, 2002, up 1.9% from \$325.7 million for the comparable prior year. Communications

and technology, advertising and market development, and professional fee reductions were offset by approximately \$19 million of non-recurring costs associated with relocation of our worldwide headquarters to 383 Madison Avenue.

The pre-tax, pre-CAP-Plan profit margin was 24.9% in the current quarter as compared with 23.4% in the comparable prior year period.
