FOR THE THREE AND NINE MONTHS ENDED SEPTEMBER 30, 2001 and 2002 (unaudited)

1. Basis of presentation

The interim financial statements presented herein have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC"). Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted pursuant to such rules and regulations. The interim financial statements should be read in conjunction with the Company's annual consolidated financial statements, notes and accounting policies included in the Company's annual report on Form 10-KSB for the year ended December 31, 2001 as filed with the SEC. In the opinion of management, all adjustments (consisting only of normal recurring adjustments) which are necessary to provide a fair presentation of financial position as of September 30, 2002 and the related operating results and cash flows for the interim period presented have been made. The results of operations for the period presented are not necessarily indicative of the results to be expected for the year.

2. Use of estimates

In preparing consolidated financial statements in conformity with accounting principles generally accepted in the United States of America, management makes estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the consolidated financial statements, as well as the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

3. Notes payable-related party

Notes payable-related party consist of the following as of December 31, 2001 and September 30, 2002, respectively.

Note payable	\$ 30,000	\$ 30,000

Amounts due to related party in the amount of \$15,000 as of September 30, 2002 represents payments due to the previous owners of SoloSearch relating to the cash consideration portion of the acquisition of SoloSearch. Due to SearchHound's current working capital deficiencies, the cash consideration was not paid at closing (July 11, 2000) and the previous owners informally agreed to not demand payment or charge interest until cash is available through operations or new capital is raised. The remaining note to Officers totals \$179,359 was issued on March 20, 2002 and is secured by a pledge agreement backed by 15,000,000 shares issued during May 2002 in the name of SearchHound.com, Inc. but held by the note holder. The Company issued the demand promissory note to its executive officer as consideration for accrued but unpaid wages as of that date. The \$91,870 represents the current balance remaining on a note between SoloSearch.com and Cohen Capital Technologies assumed by SearchHound.com, Inc. upon the acquisition of SoloSearch.com on July 11, 2000.

4. Shareholders equity

Common stock issuances

For the nine month period ended September 30, 2002, the Company issued 17,075,000 shares of its common stock as follows:

Certain other claims, suits and complaints arising in the normal course with respect to the Company's services may have been filed or are pending against the Company and its subsidiaries. In the opinion of management, the resolution of all such matters would not have a significant effect on the financial position,

Edgar Filing: SEARCHHOUND COM INC - Form 10QSB

results of operations or cash flows of the Company, if disposed of unfavorably.

6. Related Party Transactions

Effective January 1, 2002, the Company entered two separate lease agreements with officers and directors of the Company to lease space to be utilized for office purposes at a rate totaling \$5,134 per month. The initial term of the lease is one year with a two-year renewal option (at the Company's option) at a rate totaling \$10,000 per month. Rental expense totaled \$28,397.00 for the nine months ended September 30, 2002. The agreement between the Company and Brad N. Cohen was terminated effective with his resignation May 31, 2002.

On May 31, 2002 the Company entered into an asset sale agreement which sold certain assets related directly with two of the Company's subsidiary operations (Mesia.com and SpeakGlobally.com) to Bradley N. Cohen. Mr. Cohen is an officer and director of SearchHound.com, Inc. The net book value of the net assets sold to Mr. Cohen approximated \$52,750 as of the date of sale. Pursuant to the asset sale agreement the Company agreed to transfer such assets to Mr. Cohen in settlement of the following: 1) an employment agreement with Mr. Cohen dated September 1, 2000, 2) all accrued but unpaid compensation owed to Mr. Cohen which approximated \$100,000 as of the date of sale, and 3) a promissory note payable to Cohen Capital Technologies, LLC. in the amount of \$285,000 as of the date of sale.

In addition, SearchHound.com, Inc., agreed to pay Mr. Cohen \$7,500 in cash, in exchange for, and in sole consideration and settlement of any other liabilities of SearchHound.com, Inc. to Mr. Cohen that may exist as of May 31, 2002, including the liabilities that accrue pursuant to a Promissory Note to Mr. Cohen with a principle amount of \$147,030.41, dated March 20, 2002, and any liability that may exist pursuant to the Employment Agreement between SearchHound.com, Inc. and Mr. Cohen dated September 1, 2000.

Concurrent with the asset sale agreement with Mr. Cohen, Mr. Cohen tendered his resignation from SearchHound.com, Inc. and as a member of the Board of Directors.

The Company maintains a lease agreement with Dave L. Mullikin (acting CEO) to lease space utilized for computer co-location, document storage and Company offices totaling \$2,567 per month.

The Board terminated the employment contract of Dave L. Mullikin. Under the settlement Mr. Mullikin's salary ceased accruing on August 15, 2002 and the severance provision was forgiven. It was replaced with a consulting agreement between the Company and Mr. Mullikin whereby Mullikin will continue in the position as acting chief executive officer of the Company. The agreement calls for Mr. Mullikin to 1) contract outsourced services to maintain selected ongoing operations of the Company, 2) attempt to sell the assets of the Company and 3) focus on a merger opportunity for SearchHound. The terms of the Consulting agreement include the following provisions: Mr. Mullikin agreed to remain on the Board and Mr. Mullikin would receive a monthly compensation of \$1.00 and health benefits.

As of November 14, 2002, Mr. Mullikin agreed to amend his Consulting Agreement and extend its term indefinitely, retaining the monthly compensation of \$1.00, but discontinuing the health benefit provision.

7. Recent Accounting Pronouncements

In June 2001, the Financial Accounting Standards Board issued SFAS No. 141, "Business Combinations" ("SFAS 141"), and SFAS No. 142, "Goodwill And Other Intangible Assets" ("SFAS 142"). SFAS 141 addresses the accounting for acquisitions of businesses and is effective for acquisitions occurring on or

Edgar Filing: SEARCHHOUND COM INC - Form 10QSB

after July 1, 2001. SFAS 142 addresses the method of identifying and measuring goodwill and other intangible assets acquired in a business combination, eliminates further amortization of goodwill, and requires periodic evaluations of impairment of goodwill balances. SFAS 142 is effective for fiscal years beginning after December 15, 2001. The Company amortizes approximately \$965,000 per quarter of goodwill related to acquisitions of businesses that occurred in 2000 and 2001. This amortization will cease after December 31, 2001 and a new method of testing goodwill for impairment has been adopted beginning January 1, 2002. SFAS No.144. "Accounting for the Impairment or Disposal of Long-Lived Assets ("SFAS 144") addresses financial accounting and reporting for the impairment or disposal of long-lived assets. SFAS 144 supercedes SFAS No.121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to Be Disposed Of" and is effective for financial statements issued for fiscal years beginning after December 15, 2001. The effect of the adoption of these standards was the cessation of amortization on goodwill arising from business combinations which resulted in a reduction in amortization expense approximating \$1,474,348 for the nine months ended September 30, 2002.

8. Impairment Charges

The Company conducted an asset evaluation based on impairment for long-lived assets which included its five web site, database, and exchange servers (asset group) and found that they no longer support revenue or income from continuing operations. This asset group was evaluated based on fair market value of like equipment for sale. The amount written off as a result of this valuation process is \$102,635.

Management's review of the SearchHound.com and SoloSearch.com intangible assets yielded that they no longer are capable of generating ongoing revenue as the costs to maintain the sites is in excess of any potential revenue source and therefore their value has been impaired. As a result, an impairment charge of \$3,150,000 has been recorded as of September 30, 2002.

9. Going Concern and Management's Plan

The Company has incurred substantial operating losses, a working capital deficit and is experiencing negative cash flows from operations. Revenues are expected to continue to diminish as current assets are sold, discontinued, and sites eliminated. Efforts to sell the assets have not yielded adequate cash flow to continue ongoing operations. Expenses have been reduced to minimal office space, computer operations, hosting, contract support, and administrative and customer support. Efforts are targeted to eliminating current assets and liabilities in order to achieve a financial shell which would interest a merger candidate desirous of becoming the successor company utilizing the public vehicle that SearchHound.com, Inc. has created. Efforts to achieve this will likely result in the issuance of the remaining authorized but unissued shares, affecting a reverse split, eliminating all current Notes and liabilities. As a result, these factors raise substantial doubts about the ability of the Company to continue as a going concern.

Management has initiated an overall plan of restructure and downsizing including improving its balance sheet to be representative of minimal debt, current accounts payable and receivables and continue as a timely and fully reporting public entity with the SEC.

The Company is seeking a larger and more financially strong merger/ acquisition partner in order to implement this restructure plan on a timely basis, although no potential merger/ acquisition candidate has been identified at the current time. Should an acceptable merger candidate pursue an equity relationship with the company, the Board will likely only consider transactions that would result in a beneficial outcome for the company shareholders. An offer to merge or be acquired would have to be more advantageous for shareholders than continuation

Edgar Filing: SEARCHHOUND COM INC - Form 10QSB

of the current operating model to be acceptable to the Board. If such an offer was received then the Board would conduct appropriate due diligence and make a recommendation to shareholders.

However, no assurance can be given that the Company will be successful in raising the necessary capital to fund its operations in order to pay its obligations as they become due and that ultimately it will be successful in implementing its business plan. The consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Gain of \$30,000 as a reduction in liabilities came as a result of negotiating a cash settlement with Bryan Cave through the Company's ability to remit cash in the amount of \$10,000.

10.Subsequent Events

On October 31, 2002 the Company completed an Asset Purchase Agreement with Ah-Ha.com, Inc. conveying certain assets of the Company in exchange for settlement of \$25,000 in outstanding debt and future proceeds of up to \$10,000 in shared revenue from the related assets.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

This management's discussion and analysis of financial condition contains forward-looking statements, the accuracy of which involves risks and uncertainties. We use words such as "anticipates," "believes," "plans," "expects," "future," "intends" and similar expressions to identify forward-looking statements. Readers should not place undue reliance on these forward-looking statements, which apply only as of the date of this report. Our actual results could differ materially from those anticipated in these forward-looking statements for many reasons.

RESULTS OF OPERATIONS

The Board approved a change in the Company's strategic direction, because of continued cash flow challenges in its operating divisions, its depressed stock price and difficulties raising capital faced by all companies and specifically the high technology industry. In principal the Company would begin to seek a merger opportunity with another company with more financial resources than the Company currently has available. As a result of this merger, it is likely that the Company will sell substantially all of the current operating components of the Company. The Company intends to maintain those subsidiaries and business units, which operated with a positive gross margin and would be more marketable as an ongoing operation. Until such time as a merger is consummated, the Company intends to continue; 1) certain operating units, 2) trading under the ticker symbol "SRHN", and 3) to meet its filing requirements on a timely basis as required by the SEC.

Revenues are expected to continue to diminish as current assets are sold, discontinued, and sites eliminated. Efforts to sell the assets have not yielded adequate cash flow to continue ongoing operations. Expenses have been reduced to minimal office space, computer operations, hosting, contract support, and administrative and customer support. Efforts are targeted to eliminating current assets and liabilities in order to achieve a financial shell which would interest a merger candidate desirous of becoming the successor company utilizing the public vehicle that SearchHound.com, Inc. has created. Efforts to achieve this will likely result in the issuance of the remaining authorized but unissued shares, affecting a reverse split, eliminating all current Notes and liabilities.

Edgar Filing: SEARCHHOUND COM INC - Form 10QSB

Management has initiated an overall plan of restructure and downsizing including improving its balance sheet to be representative of minimal debt, current accounts payable and receivables and continue as a timely and fully reporting public entity with the SEC.

The Company generated \$209,794 in operating revenues for the nine month period ended September 30, 2002, and \$37,948 in operating revenues for the three month period ended September 30, 2002. The results of operations for the nine month period ended September 30, 2002, reflect an operating loss from continuing operations of \$5,182,501 as compared to an operating loss of \$3,095,523 for the nine month period ended September 30, 2001. The results of operations for the three month period ended September 30, 2002, reflect an operating loss from continuing operations of \$3,405,933 as compared to an operating loss of \$1,027,421 for the three month period ended September 30, 2001.

The operating losses were attributable to the Company's operating business units generating lower revenue while certain fixed costs and minimum operating expenses exceeded gross margins. The Company did not have sufficient capital to fully deploy and invest in required sales and marketing for its business lines.

REVENUE

Revenue from continuing operations for the nine month period ended September 30, 2002 decreased to \$209,794 compared to \$1,386,342 for the same period in September 30, 2001. Revenue from continuing operations for the three month period ended September 30, 2002 decreased to \$37,948 compared to \$640,492 for the same period in September 30, 2001. The decrease was primarily the result of decreased revenue from the SearchHound.com search engine due to reduction in the number of active advertiser accounts. This reduction was partially offset by an increase in revenue from our third-party advertising to our opt-in e-mail lists.

OPERATING EXPENSES

Cost of revenues of continuing operations. Cost of Revenues consists primarily of costs associated with commissions paid for third-party list brokers. Cost of revenues decreased to \$146,180 for the nine month period ended September 30, 2002 compared to \$447,787 for the same period in 2001. Cost of revenues decreased to \$5,000 for the three month period ended September 30, 2002 compared to \$289,151 for the same period in 2001. The decrease was primarily the result of decreased revenue from the SearchHound.com search engine due to reduction in the number of active advertiser accounts.

General and administrative expenses for continuing operations consist primarily of payroll and related expenses for executive and administrative personnel; costs related to leasing, maintaining and operating our facilities; insurance; recruiting fees; fees for professional services, including consulting, legal, and accounting fees; expenses and fees associated with the reporting and other obligations of a public company; travel and entertainment costs; depreciation of furniture and equipment for non-technical employees; non-cash stock compensation expense for the issuance of stock to non-employees, and other general corporate expenses; as well as fees to affiliates which provide office space and other general and administrative services. Additional costs related to designing and maintaining our Web sites and providing the SearchHound.com services, fees paid to outside service providers, credit card processing fees, and fees paid to telecommunications carriers for Internet connectivity. Costs associated with maintaining our Web sites include salaries of related personnel, depreciation of Web site equipment, co-location charges for our Web site equipment and software license fees. Costs associated with providing the keyword bidding services and opt-in e-mail lists include salaries of related personnel, payments to consultants, General and administrative expenses were \$473,561 for the nine month period ended September 30, 2002 compared with \$1,147,038 for the nine month period ended September 30, 2001. General and administrative expenses were

Edgar Filing: SEARCHHOUND COM INC - Form 10QSB

\$28,552 for the three month period ended September 30, 2002 compared with \$397,262 for the three month period ended September 30, 2001. The decrease in general and administrative expenses was primarily due to decreased professional, investor relations, decrease in non-cash stock compensation expense, and lower legal and accounting fees, lower travel and entertainment spending and a decrease in rent and other office expenses.

Sales and Marketing. Sales and marketing expenses consist primarily of advertising expenditures for the SearchHound.com search engine advertising campaigns and sponsorships, trade shows and telemarketing and other expenses to attract advertisers to our services, 3) fees to marketing and public relations firms, and 4) payroll and related expenses for personnel engaged in marketing, customer service and sales functions. Almost all of our sales and marketing expenses relate to third-party list brokers and promotion of the SearchHound.com search engine. Our sales and marketing expense was \$2,004 for the nine month period ended September 30, 2002 compared to \$74,968 for the nine month period ended September 30, 2001. Our sales and marketing expense was \$1,513 for the three month period ended September 30, 2002 compared to \$15,993 for the three month period ended September 30, 2001. The decrease in sales and marketing expense was related primarily to decreased amounts paid to distribution partners as a result of decreased revenue derived from our contracts with these partners, along with a reduction in the number of marketing, customer service, and sales employees.

Depreciation and Amortization and Impairment Expense. Depreciation and Amortization expense recorded for the nine month period ended September 30, 2002 was \$469,877 compared with \$2,812,072 for the nine month period ended September 30, 2001. Depreciation and Amortization expense recorded for the three month period ended September 30, 2002 was \$156,181 compared with \$965,507 for the three month period ended September 30, 2001. The decrease was principally attributable to changes in recording amortization of goodwill pursuant to SFAS Nos. 141 & 142. SFAS No. 141 & 142 was adopted by SearchHound on January 1, 2002 and required the Company to cease amortization of goodwill arising from business combinations and replace it with a periodic impairment review to determine the appropriate carrying value of such goodwill. Accordingly, substantially all goodwill amortization ceased on January 1, 2002 which served to reduce amortization expense for the nine month period ended September 30, 2002. Acquired intangibles such as the SearchHound backbone architecture are still subject to amortization expense which resulted in \$450,000 of amortization during the nine month period ended September 30, 2002 and \$150,000 of amortization during the three month period ended September 30, 2002. In addition, the Company has reviewed the carrying value of its investment in JobBankUSA as of September 30, 2002 under existing accounting guidance and determined that an "other than temporary" decline in market value has occurred because of the pending litigation. Management has determined that given the unpredictable nature of any litigation that it is prudent and conservative to reduce the carrying value of its investment in JobBankUSA.com to zero pending the outcome of this litigation. At March 31, 2002 the Company recorded an impairment charge of \$802,320 related to its investment in JobBankUSA.com. Additionally, at June 30, 2002 the Company recorded an impairment charge of \$245,718 related to its investment in Godado, FreeAirMiles and MoneyMessage. Also, at September 30, 2002 the Company recorded an impairment charge of \$3,150,000 related to its investment in SoloSearch and SearchHound. The Company conducted an asset evaluation based on impairment for long-lived assets which included its five web site, database, and exchange servers (asset group) and found that they no longer support revenue or income from continuing operations. This asset group was evaluated based on fair market value of like equipment for sale. The amount written off as a result of this valuation process is \$102,635. These matters were the primary reasons depreciation and amortization expense decreased significantly during the nine and three months ended September 30, 2002 as compared to 2001 and the impairment charges increased during the respective periods. Management's review of the SearchHound.com and

Edgar Filing: SEARCHHOUND COM INC - Form 10QSB

SoloSearch.com intangible assets yielded that they no longer are capable of generating ongoing revenue as the costs to maintain the sites is in excess of any potential revenue source and therefore their value has been impaired.

DISCONTINUED OPERATIONS

On September 28, 2001, SearchHound acquired substantially all assets (exclusive of accounts receivable) of Mesia.com, Inc.

On December 20, 2001, SearchHound acquired substantially all assets (exclusive of cash and fixed assets) of Speak Globally, LLC.

On May 31, 2002 the Company entered into an asset sale agreement which sold certain businesses including assets and receivables of Mesia.com and SpeakGlobally.com to Bradley N. Cohen.

Net gain from these discontinued operations totaled \$352,936 for the nine month period ended September 30, 2002. Gain on sale of these assets is attributed to a reduction in accrued and unpaid payroll to Brad N. Cohen as a result of forgiveness of certain liabilities.

NET LOSS

As a result of the factors described above, the Company incurred a net loss of \$4,874,662 or (\$0.16) per basic and diluted share for the nine month period ended September 30, 2002, compared to a net loss of \$3,104,578 or (\$0.12) per basic and diluted share for the nine month period ended September 30, 2001 and incurred a net loss of \$3,375,759 or (\$0.10) per basic and diluted share for the three month period ended September 30, 2002, compared to a net loss of \$1,030,569 or (\$0.04) per basic and diluted share for the three month period ended September 30, 2001.

LIQUIDITY AND CAPITAL RESOURCES

We have historically satisfied our cash requirements primarily through private placements of restricted stock and the issuance of debt securities. Net cash used in operating activities totaled \$94,282 for the nine month period ended September 30, 2002.

The Company has incurred substantial operating losses, a working capital deficit and is experiencing negative cash flows from operations. Revenues are expected to continue to diminish as current assets are sold, discontinued, and sites eliminated. Efforts to sell the assets have not yielded adequate cash flow to continue ongoing operations. Expenses have been reduced to minimal office space, computer operations, hosting, contract support, and administrative and customer support. Efforts are targeted to eliminating current assets and liabilities in order to achieve a financial shell which would interest a merger candidate desirous of becoming the successor company utilizing the public vehicle that SearchHound.com, Inc. has created. Efforts to achieve this will likely result in the issuance of the remaining authorized but unissued shares, affecting a reverse split, eliminating all current Notes and liabilities. As a result, these factors raise substantial doubts about the ability of the Company to continue as a going concern.

Subsequent Events

On October 31, 2002 the Company completed an Asset Purchase Agreement with Ah-Ha.com, Inc. conveying certain assets of the Company in exchange for settlement of \$25,000 in outstanding debt and future proceeds of up to \$10,000 in shared revenue from the related assets.

Part 2 OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

The Company settled the suit brought by Brett Warner in the United States District Court for the Western District of Missouri in Kansas City and the Counterclaim against Mr. Warner on September 17, 2002. Mr. Warner returned 2,000,000 shares of SearchHound.com, Inc. common stock, paid the Company \$1,055 to reimburse monies paid on behalf of an employees health insurance and agreed to pay SearchHound.com, Inc. \$10,000 for use of a marketing database while SearchHound.com, Inc. agreed to return 245 shares of stock on JobBankUSA stock.

Certain other claims, suits and complaints arising in the normal course with respect to the Company's services may have been filed or are pending against the Company and its subsidiaries. PARTIAL SETTLEMENT AGREEMENT

This Agreement is dated as of September 23, 2002 and is by and between Bryan Cave LLP (BC) and SearchHound.com, Inc. (SH).

WHEREAS, BC served as legal counsel to SH for a period of time ending on May 15, 2002 and has submitted to SH all bills for such period;

WHEREAS, SH still owes BC the sum of \$96,431.69 for services rendered and costs (the Outstanding Amount), which is evidenced in part by a promissory note (Note) dated December 14, 2001, in principal amount of \$63,538.54 by SH to BC and a pledge and security agreement (Agreement) dated December 14, 2001 in which SH pledged to BC 1,291,617 shares of its common stock (the Pledged Stock) as partial collateral;

WHEREAS, the value of the Pledged Stock is less than the Outstanding Amount by the sum of \$32,893.15.

NOW, THEREFORE, in consideration of the premises and other good and valuable consideration, the parties hereby agree as follows:

1. SH shall pay to BC the sum of \$10,000, which will be applied against, and will reduce, the Outstanding Amount by the amount of \$32,893.15.
2. BC shall retain the Note, and shall retain the Pledged Stock as collateral against full payment of the Note.
