AMERICAN WOODMARK CORPORATION

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

NOTE A BASIS OF PRESENTATION

The accompanying unaudited condensed consolidated financial statements have been prepared in accordance with U.S. generally accepted accounting principles for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by U.S. generally accepted accounting principles for complete consolidated financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the nine month period ended January 31, 2008 are not necessarily indicative of the results that may be expected for the year ending April 30, 2008. The unaudited condensed consolidated financial statements should be read in conjunction with the audited consolidated financial statements and footnotes thereto incorporated by reference in the Company's Annual Report on Form 10-K for the year ended April 30, 2007.

NOTE B NEW ACCOUNTING PRONOUNCEMENTS

In June 2006, the Emerging Issues Task Force reached a consensus on Issue No. 06-3 ( EITF 06-3 ), How Taxes Collected from Customers and Remitted to Governmental Authorities Should Be Presented in the Income Statement (That is, Gross versus Net Presentation). The consensus allows an entity to choose between two acceptable alternatives based on their accounting policies for transactions in which the entity collects taxes on behalf of a governmental authority, such as sales taxes. Under the gross method, taxes collected are accounted for as a component of sales revenue with an offsetting expense. Conversely, the net method allows a reduction to sales revenue. Entities should disclose the method selected pursuant to APB No. 22, Disclosure of Accounting Policies. If such taxes are reported gross and are significant, entities should disclose the amount of those taxes. The guidance should be applied to financial reports through retrospective application for all periods presented, if amounts are significant, for interim and annual reporting beginning May 1, 2007. The Company adopted the guidance during the first quarter of fiscal 2008 and it had no impact on the Company's consolidated financial statements.

In September 2006, the FASB issued SFAS No. 157, Fair Value Measurements ( SFAS 157 ). SFAS 157 establishes a common definition for fair value to be applied to GAAP guidance requiring use of fair value, establishes a framework for measuring fair value, and expands disclosure about such fair value measurements. SFAS 157 is effective for fiscal years beginning after November 15, 2007. The Company is currently evaluating the expected impact of the provisions of SFAS 157 on its results of operations and its financial position.

In February 2007, the FASB issued SFAS No. 159, The Fair Value Options for Financial Assets and Financial Liabilities ( SFAS 159 ). SFAS 159 permits entities to choose to measure many financial instruments and certain other items at fair value. The objective is to expand the use of fair value measurements in accounting for financial instruments. SFAS 159 is effective for fiscal years beginning after November 15, 2007. The Company is currently evaluating the expected impact of the provisions of SFAS 159 on its results of operations and its financial position.

## Edgar Filing: AMERICAN WOODMARK CORP - Form 10-Q

In December 2007, the FASB issued Statement of Financial Accounting Standards No. 141 (revised 2007) (SFAS 141R), Business Combinations, and No. 160 (SFAS 160), Noncontrolling Interests in Consolidated Financial Statements, an amendment of ARB No. 51. SFAS 141R requires the acquiring entity in a business combination to recognize the assets acquired and liabilities assumed. Further, SFAS 141R also changes the accounting for acquired in-process research and development assets, contingent consideration, partial acquisitions and transaction costs. Under SFAS 160, all entities are required to report noncontrolling (minority) interests in subsidiaries as equity in the consolidated financial statements. In addition, transactions between an entity and noncontrolling interests will be treated as equity transactions. SFAS 141R and SFAS 160 will become effective for fiscal years beginning after December 15, 2008. The Company is currently evaluating the expected impact of the provisions of SFAS 141R and SFAS 160 on its results of operations and its financial position.

### NOTE C COMPREHENSIVE INCOME

The Company's comprehensive income (loss) was \$(1.8) million and \$4.8 million for the three months and nine months ended January 31, 2008, respectively, and \$3.8 million and \$26.4 million for the three months and nine months ended January 31, 2007, respectively. Comprehensive income differs from net income due to the changes in the pension and postretirement benefits liability.

## NOTE E STOCK-BASED COMPENSATION

The Company has various stock compensation plans, which are more fully described in Note G to the consolidated financial statements incorporated by reference in the Company's 2007 Annual Report on Form 10-K. During the quarter ended January 31, 2008, the Company did not grant any stock options to employees or non-employee directors. During the nine months ended January 31, 2008, the Company granted non-statutory stock options to key employees and to non-employee directors for a total of 426,600 shares of the Company's common stock with a weighted average exercise price of \$33.73 and weighted average fair value of \$11.45. The options granted for the nine-month period ending January 31, 2008 vest evenly over a three-year period and have ten year contractual terms.

## Edgar Filing: AMERICAN WOODMARK CORP - Form 10-Q

Total compensation expense related to stock-based awards during the three-month periods ended January 31, 2008 and 2007 was \$1.3 million and \$1.7 million, respectively, and for the nine-month periods ended January 31, 2008 and 2007 was \$4.0 million and \$4.8 million, respectively. For the three-month and nine-month periods ended January 31, 2008 and 2007, stock-based compensation expense was allocated as follows (in thousands):

	<b>Three Months Ended</b>		<b>Nine Months Ended</b>	
	<b>January 31</b>		<b>January 31</b>	
	<b>2008</b>	<b>2007</b>	<b>2008</b>	<b>2007</b>
Cost of sales and distribution	\$ 296	\$ 306	\$ 910	\$ 939
Selling and marketing expenses	310	302	942	925
General and administrative expenses	648	1,045	2,146	2,945
Stock-based compensation expense, before income taxes	1,254	1,653	3,998	4,809
Less:				
Income tax benefit	486	627	1,562	1,823
<b>Total stock-based compensation expense, net of taxes</b>	<b>\$ 768</b>	<b>\$ 1,026</b>	<b>\$ 2,436</b>	<b>\$ 2,986</b>

As of January 31, 2008, there was \$6.8 million of total unrecognized compensation expense related to unvested stock options granted under the Company's stock-based compensation plans. That expense is expected to be recognized over a weighted average period of 1.4 years.

Cash received from option exercises for the nine months ended January 31, 2008 and 2007 was \$1.0 million and \$12.8 million, respectively. The actual tax benefit recognized as additional paid-in capital for exercises of stock option awards during the nine months ended January 31, 2008 and 2007 was \$67 thousand and \$4.1 million, respectively.

	<u>          </u>	<u>          </u>
Net customer receivables	\$ 20,159	\$ 38,074
	<u>          </u>	<u>          </u>

## NOTE G INVENTORIES

The components of inventories were:

	<b>January 31, 2008</b>	<b>April 30, 2007</b>
<b>(in thousands)</b>	<u>          </u>	<u>          </u>
Raw materials	\$ 14,113	\$ 16,615

Total FIFO inventories	\$ 62,011	\$ 69,909
Reserve to adjust inventories to LIFO value	(13,403)	(13,560)
	<u>          </u>	<u>          </u>
Total LIFO inventories	\$ 48,608	\$ 56,349
	<u>          </u>	<u>          </u>

For the nine-month period ended January 31, 2008, after tax earnings were increased by \$207 thousand as a result of liquidation of LIFO based inventories. An actual valuation of inventory under the LIFO method is made only at the end of each year based on the inventory levels and costs at that time. Accordingly, interim LIFO calculations are based on management's estimates of expected year-end inventory levels and costs. Since these items are estimated, interim results are subject to the final year-end LIFO inventory valuation.

NOTE H PRODUCT WARRANTY

The Company estimates outstanding warranty costs based on the historical relationship between warranty claims and revenues. The warranty accrual is reviewed monthly to verify that it properly reflects the remaining obligation based on the anticipated expenditures over the balance of the obligation period. Adjustments are made when actual warranty claim experience differs from estimates. Warranty claims are generally made within three months of the original shipment date.

The following is a reconciliation of the Company's warranty liability:

	Nine Months Ended	
	January 31	
	2008	2007
(in thousands)		
Beginning balance at May 1	\$ 3,105	\$ 5,387

Employer Contributions

## Edgar Filing: AMERICAN WOODMARK CORP - Form 10-Q

The Company previously disclosed in its consolidated financial statements for the year ended April 30, 2007, that it expected to contribute \$7.6 million to its pension plan in fiscal 2008. As of January 31, 2008, \$6.5 million of contributions have been made. The Company presently anticipates contributing an additional \$1.1 million to fund its pension plan in fiscal 2008 for a total of \$7.6 million.

### NOTE K ACCOUNTING FOR UNCERTAINTY IN INCOME TAXES

The Company adopted the provisions of FASB Interpretation No. 48, Accounting for Uncertainty in Income Taxes, effective May 1, 2007. As a result of the adoption of FIN 48, the Company recognized no adjustment in the unrecognized income tax benefits that existed at April 30, 2007. On May 1, 2007, the Company had approximately \$557,770 of unrecognized tax benefits accrued. Of this amount, approximately \$362,551 would affect the effective tax rate if recognized.

Consistent with prior policy, the Company classifies interest on underpayments of income tax as Interest Expense and classifies penalties in connection with underpayments of tax as Other Expense. As of May 1, 2007, the Company had liabilities of \$71,350 and \$253,200, for interest and penalties, respectively.

The Company does not anticipate that total unrecognized tax benefits recorded as of May 1, 2007 will significantly change during the fiscal year ending April 30, 2008.

The Company is currently not under federal audit. The Company is under audit by the State of West Virginia for tax years fiscal 2004, 2005 and 2006.

**Table of Contents**

NOTE L RESTRUCTURING CHARGES

In January, 2008, the Company committed to closing its smallest manufacturing plant, which is located in Minnesota. This initiative will impact approximately 80 employees. This decision was made to improve alignment within the Company's manufacturing operations and improve efficiency. The Company expects to incur total pre-tax exit costs of \$1.1 million related to this shut-down initiative, including severance and separation costs of \$0.7 million and \$0.4 million for equipment and facilities-related expenses.

During the third quarter of fiscal 2008, the Company recognized \$0.6 of the severance and separation costs pertaining to the aforementioned plant closure initiative, as well as an additional \$0.6 million of costs related to severance and separation expenses associated with headcount reductions across its 15 manufacturing plants. In addition, the Company also recognized an asset impairment charge of \$0.1 million relating to assets at the facility to be closed. The total costs provided during the third quarter aggregated \$1.3 million and these costs were recognized in Cost of Sales and Distribution expenses. The Company expects to incur substantially all of the remaining costs related to the closure of the Minnesota plant during the fourth quarter of fiscal 2008.

The Minnesota plant is being marketed for sale by the Company and the plant's net book value of \$1.4 million, which the Company believes is fully recoverable, is classified as Other Assets at January 31, 2008.

NOTE M OTHER INFORMATION

The Company is involved in suits and claims in the normal course of business, including product liability and general liability claims, in addition to claims pending before the EEOC. On at least a quarterly basis, the Company consults with its legal counsel to ascertain the reasonable likelihood that such claims may result in a loss. As required by Statement of Financial Accounting Standards No. 5 ( SFAS 5 ), the Company categorizes the various suits and claims into three categories according to their likelihood for resulting in potential loss; those that are probable (i.e., more likely than not), those that are reasonably possible, and those that are deemed to be remote. The Company accounts for these loss contingencies in accordance with SFAS 5. Where losses are deemed to be probable and estimable, accruals are made. Where losses are deemed to be reasonably possible or remote, a range of loss estimates is determined. Where no loss estimate range can be made, the Company and its counsel perform a worst case estimate. In determining these loss range estimates, the Company considers known values of similar claims and consultation with independent counsel.

The Company believes that the aggregate range of loss stemming from the various suits and asserted and unasserted claims which were deemed to be either probable or reasonably possible were not material as of January 31, 2008.

NOTE N SUBSEQUENT EVENTS

On February 27, 2008, the Board of Directors approved a \$.09 per share cash dividend on its common stock. The cash dividend will be paid on March 26, 2008, to shareholders of record on March 12, 2008.

**Management's Discussion and Analysis of Financial Condition  
and Results of Operations**

The following discussion should be read in conjunction with our unaudited condensed consolidated financial statements and the related notes to the condensed consolidated financial statements, both of which are included in Part I, Item 1 of this report. The Company's critical accounting policies are included in the Company's 2007 Annual Report, which was filed as an exhibit to the Company's Annual Report on Form 10-K for the year ended April 30, 2007.

**Forward-Looking Statements**

This report contains statements concerning the Company's expectations, plans, objectives, future financial performance, and other statements that are not historical facts. These statements are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. In most cases, the reader can identify these forward-looking statements by words such as anticipate, estimate, forecast, expect, believe, should, could, plan, may or other similar words. Forward-looking statements contained in this Management's Discussion and Analysis are based on current expectations and our actual results may differ materially from those projected in any forward-looking statements. In addition, the Company participates in an industry that is subject to rapidly changing conditions and there are numerous factors that could cause the Company to experience a decline in sales and/or earnings. These include (1) overall industry demand at reduced levels, (2) economic weakness in a specific channel of distribution, (3) the loss of sales from specific customers due to their loss of market share, bankruptcy or switching to a competitor, (4) a sudden and significant rise in basic raw material costs, (5) a dramatic increase to the cost of diesel fuel and/or transportation related services, (6) the need to respond to price or product initiatives launched by a competitor, (7) the Company's ability to successfully implement initiatives related to increasing market share, new products, maintaining and increasing its sales force and new product displays, and (8) sales growth at a rate that outpaces the Company's ability to install new capacity. While the Company believes that these risks are manageable and will not adversely impact the long-term performance of the Company, these risks could, under certain circumstances, have a materially adverse impact on its operating results and financial condition.

**Overview**

American Woodmark Corporation manufactures and distributes kitchen cabinets and vanities for the remodeling and new home construction markets. Its products are sold on a national basis directly to home centers, major builders and home manufacturers, and through a network of independent dealers and distributors. At January 31, 2008, the Company operated 15 manufacturing facilities and 9 service centers across the country.

The three-month period ending January 31, 2008 was the Company's third quarter of its fiscal year that ends on April 30, 2008 (fiscal 2008). During the third quarter of fiscal 2008, the Company experienced a continuation of difficult housing market conditions that had begun during the previous fiscal year. During the third quarter of fiscal 2008, the market for remodeling and new construction spending experienced lower sales than in the prior year. In new construction, housing starts were down 25% on a calendar year-to-date basis through December 2007. In remodeling, indicators such as the year-to-date sales of existing homes were down 13% and comparable store sales reported by the large home centers continued to be negative during the same period. In addition, uncertainty concerning credit conditions continued to persist as banks incurred large mortgage-related asset write-downs. Finally, two of the Company's new construction customers filed for bankruptcy protection during the second quarter of fiscal 2008, and one more customer did so during the Company's third fiscal quarter. The Company believes these

## Edgar Filing: AMERICAN WOODMARK CORP - Form 10-Q

conditions, as well as the heavy media coverage they have received, combined to further erode consumer confidence relative to housing and made it more difficult to obtain residential mortgage financing.

Despite the present housing market downturn, the Company believes that the long-term fundamentals for the American housing industry remain strong, based upon strong employment, continued overall economic growth, relatively low interest rates, continued population growth and other favorable demographic trends. Based upon this belief, the Company has continued to maintain its strategy of investing to improve its operations and its capabilities to best service its customers. The Company remains focused on continuing to gain market share and has continued to invest in developing and launching new products, maintaining customer contact, and increasing its new product displays and related marketing collateral deployed at new customers in its new construction channel.

The Company believes that it has been successful in gaining market share during fiscal 2008. The Company's remodeling sales declined by a high single digit percentage in the first nine months of fiscal 2008 as compared with the corresponding period of fiscal 2007. The Company believes that the magnitude of this decline was lower than the sales declines experienced by its remodeling customers. The Company's new construction sales for the same period declined by approximately 25% as compared with the comparable period of fiscal 2007. The magnitude of the Company's decline was similar to the magnitude of the reduction in housing starts.

The Company's gross margin rate for the third quarter of fiscal 2008 was 13.3%, down from 18.0% in the third quarter of fiscal 2007. The reduction in the Company's gross margin rate was driven by inefficiencies in labor, overhead, and freight costs that were driven by lower sales volumes and rising fuel costs. These inefficiencies more than offset the favorable impact from the Company's completed transition out of certain low-margin products, which improved the Company's sales mix and reduced materials and freight costs in relation to sales.

**Table of Contents**

Gross margin was also adversely impacted by one-time severance and separation costs associated with headcount reductions across the Company's 15 manufacturing plants, as well as by severance and separation and asset impairment costs associated with the Company's decision to close its smallest plant. These one-time charges aggregated 1.0% of net sales in the third quarter of fiscal 2008.

In addition, the Company's gross margin rate in the third quarter was reduced by 0.7% by a change in the form of the Company's sales promotional participation with one of its retail customers. This change in form did not affect operating income but shifted costs that had previously been selling and marketing expenses to a reduction of sales revenue.

The Company regularly assesses its long-lived assets to determine if any impairment has occurred. Although the direction of the housing market and its resultant impact upon the Company's performance is not presently positive, the Company continues to believe that the long-term fundamentals of job creation, unemployment and long-term interest rates support a growing and vibrant housing economy in the future. Accordingly, the Company does not believe that its long-lived assets pertaining to its remaining 14 manufacturing plants or any of its other long-lived assets were impaired as of January 31, 2008.

Net income (loss) for the third quarter of fiscal 2008 was (\$2.0) million, compared with \$3.8 million during the third quarter of fiscal 2007.

**Results of Operations**

	Three Months Ended			Nine Months Ended		
	January 31			January 31		
	2008	2007	Percent Change	2008	2007	Percent Change
(in thousands)						
Net Sales	\$132,837	\$161,224	(18 %)	\$459,124	\$594,794	(23 %)
Gross Profit	17,712	29,068	(39 %)	79,731	121,042	(34 %)
Selling and Marketing Expenses	16,547	16,886	(2 %)	55,290	52,716	5 %
General and Administrative Expenses	5,931	7,444	(20 %)	20,457	28,005	(27 %)
Interest Expense	230	217	6 %	613	724	(15 %)

**Net Sales.** Net sales were \$132.8 million for the third quarter of fiscal 2008, a decrease of 18% as compared with the third quarter of fiscal 2007, while the Company's core product sales (defined as all products excluding the transitioned low-margin products) declined by 14% as compared with the third quarter of fiscal 2007. For the first nine months of fiscal 2008, net sales were \$459.1 million, reflecting a decrease of 23% as compared with the same period of fiscal 2007. Overall unit volume for the three and nine-month periods ended January 31, 2008 decreased by 22% and 31%, respectively, driven by the completion of the Company's previously announced transition out of certain high volume low-margin products, as well as by reduced market demand for the Company's core products. Average revenue per unit increased 6% and 12% during the three-month and nine-month periods ended January 31, 2008, respectively, driven primarily by the completion of the aforementioned low-margin products sales transition, and the resulting improvements in the Company's sales mix.

## Edgar Filing: AMERICAN WOODMARK CORP - Form 10-Q

**Gross Profit.** Gross profit margin for the third quarter of fiscal 2008 was 13.3%, as compared with 18.0% for the same period of fiscal 2007. Gross profit margin was 17.4% for the first nine months of fiscal 2008, as compared with 20.4% in the first nine months of fiscal 2007. Labor and overhead costs increased by a combined 5.5% of sales in the third quarter of fiscal 2008 and by a combined 4.7% of sales in the first nine-months of fiscal 2008 as compared with the comparable prior year periods, due to inefficiencies stemming from the combined impact of reduced core sales levels and new products. The Company's severance and separation and asset impairment costs provided in the third quarter of fiscal 2008 increased labor and overhead costs in the three and nine-month periods by 1.0% of net sales and 0.3% of net sales, respectively.

Additionally, the Company's gross margin rate was also reduced by 0.7% of net sales in the three-month period and by 0.6% of net sales in the nine-month period ended January 31, 2008 by a change in the form of the Company's sales promotional participation with one of its customers. This change in form did not affect operating income but shifted costs that had previously been selling and marketing expenses to a reduction of sales revenue.

The Company completed its transition out of certain low-margin products in February 2007. The impact of margin favorability from the improved sales mix that resulted from this transition, as well as improved efficiencies in lumber yields and lumber prices during both the three and nine month periods ended January 31, 2008, was more than offset by the adverse impact of the factors described above.

**Selling and Marketing Expenses.** Selling and marketing expenses for the third quarter of fiscal 2008 were \$16.6 million or 12.5% of sales compared to \$16.9 million or 10.5% of sales for the same period in fiscal 2007. For the first nine months of fiscal 2008, selling and marketing costs were \$55.3 million, or 12.0% of net sales, compared with \$52.7 million, or 8.9% of net sales for the same period of fiscal 2007. The increase as a percent of sales during fiscal 2008 was due primarily to additional spending to grow market share, including increases related to the launch of new products, and an increase in collateral literature and promotional displays for new customers in the new construction channel, as well as to the reduced sales base.

## Table of Contents

**General and Administrative Expenses.** General and administrative expenses for the third quarter of fiscal 2008 were \$5.9 million or 4.5% of sales, compared to \$7.4 million or 4.6% of sales for the same period in fiscal 2007. For the first nine months of fiscal 2008, general and administrative costs were \$20.5 million, or 4.5% of net sales, compared with \$28.0 million, or 4.7% of net sales for the same period of fiscal 2007. The reductions in fiscal 2008 were due primarily to reduced costs associated with the Company's pay-for-performance employee incentive plans, somewhat offset by the establishment of a \$1.0 million provision for potential loss on the receivables from several new construction customers with a high degree of perceived credit risk, including three customers who filed bankruptcy. As of January 31, 2008, the Company had receivables from customers with a higher perceived level of risk aggregating \$4.1 million, of which \$2.3 million had been reserved for potential uncollectibility.

**Interest Expense.** Interest expense for the third quarter and first nine months of fiscal 2008 was \$230 thousand and \$613 thousand, respectively, which represented declines of 15% from the comparable periods of fiscal 2007. These declines were driven by a reduced level of outstanding indebtedness and the applicable interest rates, as well as a slightly higher amount of capitalized interest cost than in the prior fiscal year.

**Effective Income Tax Rates.** The Company's effective income tax rates for the third quarter and first nine months of fiscal year 2008 were 54.2% and 18.5%, respectively, as compared with 28.9% and 36.8% from the same comparable periods of fiscal 2007. The changes in the effective tax rate were a result of credits from the American Jobs Creation Act of 2004, which allows for a deduction based on qualified domestic production activities, a larger impact of tax-exempt interest income, and the reduced amount of expected income for fiscal year 2008 results.

**Outlook.** The Company expects the continuing impact of tighter credit conditions and falling real estate prices will cause the remodeling and new construction markets to remain subdued until these conditions are resolved. The Company expects that it will continue to gain market share throughout fiscal 2008, causing its sales to decline at a lower rate than the overall market.

## LIQUIDITY AND CAPITAL RESOURCES

On January 31, 2008, the Company's cash and cash equivalents totaled \$55.4 million, slightly lower than the \$58.1 million at April 30, 2007 but \$9.2 million higher than at October 31, 2007. At January 31, 2008, total short-term and long-term debt was \$27.1 million, down from its balance at April 30, 2007 of \$27.8 million. Long-term debt to capital was 11.0% and 10.6% at January 31, 2008 and April 30, 2007, respectively.

The Company's main source of liquidity is cash generated from operating activities consisting of net earnings adjusted for non-cash operating items, primarily depreciation, amortization and non-cash stock-based compensation expense, and changes in operating assets and liabilities such as receivables, inventories, and payables.

Cash provided by operating activities in the first nine months of fiscal 2008 was \$39.4 million, compared with \$63.7 million in the comparable period of fiscal 2007. The reduction in cash provided from operations was primarily attributable to a decrease in net income of \$22.0 million.

## Edgar Filing: AMERICAN WOODMARK CORP - Form 10-Q

The Company's primary investing activities are capital expenditures and investments in promotional displays. Net cash used by investing activities in the first nine months of fiscal 2008 was \$15.5 million, down 14% from prior year. Additions to property, plant, and equipment for the first nine months of fiscal 2008 were \$6.7 million, compared with \$8.6 million in the first nine months of fiscal 2007. The property, plant, and equipment additions made in both periods did not reflect any new plant construction activities. The Company's investment in promotional displays for the first nine months of fiscal 2008 was \$8.7 million, compared with \$9.3 million in the first nine months of fiscal 2007. The Company expects its investments in capital expenditures and promotional displays for fiscal 2008 will be slightly less than the total invested in fiscal 2007.

During the first nine months of fiscal 2008, net cash used by financing activities was \$26.6 million, compared with net cash used in the comparable period of fiscal 2007 of \$24.1 million. The primary use of cash in both periods related to the Company's repurchase of its common stock in the amounts of \$22.9 million and \$35.8 million in the first nine months of fiscal 2008 and fiscal 2007, respectively. Additionally, proceeds from the exercise of stock options declined by \$13.6 million in the first nine months of fiscal 2008, while dividends paid increased by \$1.1 million.

The Company repurchased \$22.9 million of its common stock during the first nine months of fiscal 2008 and had \$97.6 million of remaining stock repurchases authorized by its Board of Directors as of January 31, 2008. See Part II, Item 2 for a table summarizing stock repurchases in the quarter ended January 31, 2008, and the approximate dollar value of shares that may be repurchased under the program.

Cash flow from operations combined with accumulated cash on hand and available borrowing capacity on the Company's \$40 million line of credit, which was increased by \$5 million during the third quarter, and of which there were no borrowings during fiscal 2007 and 2008, is expected to be more than sufficient to meet forecasted working capital requirements, service existing debt obligations, and fund capital expenditures for the remainder of fiscal 2008.

**Table of Contents**

The timing of the Company's contractual obligations as of April 30, 2007 is summarized in the table below.

(in thousands)	FISCAL YEARS ENDING APRIL 30					
	Total Amounts	2008	2009	2010	2011	2012 and Thereafter
Term credit facility	\$ 10,000	\$	\$		\$ 10,000	\$

Term loans	5,876	381		747	805	3,943
Capital lease obligations	9,652	473		976	1,015	7,188
Interest on long-term debt(a)	5,337	997		1,913	691	1,736
Operating lease obligations	22,326	4,519		6,866	4,119	6,822
Pension contributions (b)	30,618	7,590		11,598	11,430	
<b>Total</b>	<b>\$ 86,043</b>	<b>\$ 13,960</b>		<b>\$ 22,100</b>	<b>\$ 28,060</b>	<b>\$ 21,923</b>

- (a) Interest commitments under interest bearing debt consists of interest under the Company's primary loan agreement and other term loans and capitalized lease agreements. The Company's term credit facility includes a \$10 million term note that bears a variable interest rate determined by the London Interbank Offered Rate (LIBOR) plus a spread of .50% at April 30, 2007. Interest under other term loans and capitalized lease agreements is fixed at rates between 2% and 6%. Interest commitments under interest bearing debt for the Company's term credit facility is at LIBOR plus the spread as of April 30, 2007, throughout the remaining term of the agreement.
- (b) The estimated cost and benefits of the Company's two defined benefit pension plans are determined annually by independent actuaries based upon the discount rate and other assumptions at fiscal year end. Future pension funding contributions beyond 2012 have not been determined at this time.

**Dividends Declared**

On February 27, 2008 the Board of Directors approved a \$.09 per share cash dividend on its common stock. The cash dividend will be paid on March 26, 2008 to shareholders of record on March 12, 2008.

**Seasonal and Inflationary Factors**

## Edgar Filing: AMERICAN WOODMARK CORP - Form 10-Q

The Company's business has historically been subject to seasonal influences, with higher sales typically realized in the second and fourth fiscal quarters.

The costs of the Company's products are subject to inflationary pressures and commodity price fluctuations. The Company has generally been able over time to recover the effects of inflation and commodity price fluctuations through sales price increases.

### Critical Accounting Policies

The Company bases its estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions. There have been no significant changes to the Company's critical accounting policies as disclosed in the Company's 2007 Annual Report, which was filed as an exhibit to the Company's Annual Report on Form 10-K for the fiscal year ended April 30, 2007.

**Table of Contents**

**Item 3. Quantitative and Qualitative Disclosures of Market Risk**

At January 31, 2008, the Company had no material exposure to changes in interest rates for its debt agreements. As of January 31, 2008, the Company had a \$10 million term loan which bears interest at the London InterBank Offered Rate (LIBOR) (5.08% at January 31, 2008) plus a spread (0.50% at January 31, 2008) based on the ratio of the Company's total funded debt to earnings before deduction of interest and taxes, plus depreciation and amortization (EBITDA). All other borrowings of the Company carry a fixed interest rate between 2% and 6%. For additional discussion regarding the Company's market risks, see the Company's Annual Report on Form 10-K for the year ended April 30, 2007 under Item 7A - Quantitative and Qualitative Disclosures of Market Risk.

**Item 4. Controls and Procedures**

Senior management, including the Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of the design and operation of the Company's disclosure controls and procedures as of January 31, 2008. Based on this evaluation, the Chief Executive Officer and Chief Financial Officer have concluded that the Company's disclosure controls and procedures are effective. In addition, there have been no changes in the Company's internal control over financial reporting that occurred during the quarter ended January 31, 2008 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II. OTHER INFORMATION

**Item 1. Legal Proceedings**

The Company is involved in various suits and claims in the normal course of business all of which constitute ordinary, routine litigation incidental to the business. The Company does not have any litigation that does not constitute ordinary, routine litigation to its business.

**Item 1A. Risk Factors**

There have been no material changes in the risk factors disclosed in the Company's 10-K for the year ended April 30, 2007.

**Item 2. Unregistered Sales of Equity Securities and Use of Proceeds**

## Edgar Filing: AMERICAN WOODMARK CORP - Form 10-Q

The following table summarizes repurchases of common stock in the quarter ended January 31, 2008:

Share Repurchases				
	Total Number of Shares Purchased (1)	Average Price Paid Per Share	Total Number of Shares Purchased as Part of Publicly Announced Programs	Approximate Dollar Value of Shares That May Yet Be Purchased Under The Programs (000 s) (2)
November 1 - 30, 2007	236	\$ 30.17	---	\$ 102,537
December 1 - 31, 2007	22,300	\$ 18.69	22,300	\$ 102,120
January 1 - 31, 2008	240,400	\$ 18.72	240,400	\$ 97,619
Quarter ended January 31, 2008	262,936	\$ 18.73	262,700	\$ 97,619

- (1) The Company repurchased 262,936 shares of its common stock in the third quarter of fiscal 2008. In the third quarter of fiscal 2008, 236 of these repurchased shares were in satisfaction of part of the exercise price of stock options exercised during the quarter, valued at fair market value on the date of the exercise, as provided for in the American Woodmark Corporation 1999 Stock Option Plan for Employees.
- (2) On November 20, 2006 and August 24, 2007, the Company announced that the Company's Board of Directors approved the repurchase up to \$50 million and \$100 million, respectively, of the Company's common stock for an aggregate authorization of \$150 million. These authorizations have no expiration date. In the third quarter of fiscal 2008, the Company repurchased 262,700 shares under these authorizations. At January 31, 2008, \$97.6 million remained authorized by the Company's Board of Directors to repurchase shares of the Company's common stock.
