Item 8.01. Other Events.

As previously disclosed in the Quarterly Report on Form 10-Q of Kaiser Aluminum Corporation (the "Company") for the quarter ended March 31, 2012, filed with the Securities and Exchange Commission (the "SEC") on April 26, 2012, beginning with the quarter ended March 31, 2012, the Company changed its segment reporting to report its primary aluminum hedging activities in its Fabricated Products segment because the Company had begun conducting its primary aluminum hedging activities solely through the Fabricated Products segment. As a result, for the quarter ended March 31, 2012, the Company's operations consisted, and will continue to consist, of the Fabricated Products segment and two business units, Secondary Aluminum and Corporate and Other. The Secondary Aluminum and Corporate and Other business units are combined into one category, All Other, which is not considered a reportable segment.

Prior to January 1, 2012, the Company included its primary aluminum hedging activities in its Hedging business unit, which was included with Secondary Aluminum and Corporate and Other in All Other.

In connection with this revised segment presentation in this Current Report on Form 8-K (the "Current Report"), the Company is updating the following items that were originally included in the Company's Annual Report on Form 10-K for the year ended December 31, 2011 (the "2011 10-K") to reflect the changes noted above:

Item II, Part 7. Management's Discussion and Analysis of Financial Condition and Results of Operations, attached hereto as Exhibit 99.1 and incorporated herein by reference; and

Part II, Item 8. Financial Statements and Supplementary Data, attached hereto as Exhibit 99.2 and incorporated herein by reference.

The information included in this Current Report is presented for informational purposes only in connection with the above-described segment reporting change. There is no change to the Company's previously reported consolidated net operating results, financial condition or cash flows. This Current Report does not reflect events occurring subsequent to the filing of the 2011 10-K with the SEC on February 29, 2012, and does not modify or update the disclosures therein in any way, other than as required to reflect the change in segments as described above and set forth in Exhibits 99.1 and 99.2 attached hereto. For information on developments regarding the Company since the filing of the 2011 10-K, please refer to the Company's reports filed with the SEC, including the Company's Quarterly Report on Form 10-Q for the quarter ended March 31, 2012.
