ELECTION OF DIRECTORS

The Company's Board of Directors has fixed the number of directors at seven. Members of the Board of Directors are divided into three classes serving staggered three-year terms. The terms of three of the Company's current directors expire at the annual meeting. Dr. Marvin G. Schorr, David R.A. Steadman and Maarten D. Hemsley, who was elected as a director in July 2003, were approved by the Nominating and Governance Committee and are the Board's nominees for re-election to three-year terms by the stockholders at the annual meeting. The Company is not presently aware of any reason that would prevent any nominee from serving as a director if he is elected. If a nominee should become unavailable for election, the proxies will be voted for another nominee selected by the Board.

Pursuant to the Company's by-laws, directors will be elected by a plurality of the votes properly cast at the annual meeting. Abstentions, votes

Edgar Filing: TECH OPS SEVCON INC - Form DEF 14A

withheld and broker non-votes will not be treated as votes cast and will not affect the outcome of the election. A "broker non-vote" occurs when a broker holding a customer's shares indicates on the proxy that the broker has not received voting instructions on a matter from the customer and is barred by applicable rules from exercising discretionary authority to vote on the matter.

The following table contains information on the three nominees for election at the annual meeting and each other person whose term of office as a director will continue after the meeting. The nominees for election at the meeting are indicated by an asterisk.

Directors held a total of eight meetings. Each director attended more than 75% of the total number of meetings of the Board of Directors and all committees of the Board on which the director served.

Committees of the Board

The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating and Governance Committee, all the members of which are independent, as defined by Securities and Exchange Commission rules and American Stock Exchange listing standards, as applicable.

Audit Committee. The Audit Committee, which met four times during the fiscal year ended September 30, 2003, is composed of four directors. The Board has determined that at least one of the members of the Committee, Mr. Rosenberg, is an "audit committee financial expert," as defined by the Securities and Exchange Commission. The Committee selects, evaluates and oversees the Company's independent auditors, approves any engagement of the independent auditors to perform non-audit services, reviews the audited financial statements and discusses the adequacy and quality of the Company's financial reporting principles and procedures and its internal controls with management and the auditors. The Committee operates under a written charter, a copy of which, as revised by the Board in November 2003, is attached as Appendix 1. The Audit Committee's report appears on page 15.

Compensation Committee. The Compensation Committee, which met twice during the fiscal year ended September 30, 2003, reviews and recommends to the Board the annual salary, bonus, stock options and other benefits of the senior executives. The Committee also administers the Company's Equity Incentive Plan. The Compensation Committee's report appears on page 8.

Nominating and Governance Committee. Until the 2003 annual meeting, the full Board acted as a nominating committee. The Board has appointed the Nominating and Governance Committee, which has recommended the nominees named above for election at the 2004 meeting. The Nominating and Governance Committee approves nominations to the Board and recommends to the Board of Directors' action related to Board composition, size and effectiveness and management succession plans for the positions of Chairman of the Board and Chief Executive Officer.

Director Compensation

Directors of the Company (except Mr. Boyle) are each paid \$14,500 a year for their services. The Chairmen of the Audit Committee (Mr. Rosenberg in 2003) and Compensation Committee (Mr. Steadman in 2003), each receive an additional \$1,000 a year.

Under the Company's 1998 Director Stock Option Plan, on January 28, 1998, Messrs. Rosenberg, Schorr, Start, Steadman and Vappi were each granted an option for 5,000 shares of Common Stock at a price of \$15.1875 per share, the fair market value of the Common Stock at that date. On his election to the board on July 21, 2003, Mr. Hemsley was granted an option for 5,000 shares of Common Stock at a price of \$5.40 per share, the fair market value of the Common Stock at that date. All of the director options will expire 90 days after the tenth anniversary of the date of grant and will become exercisable in equal 500 share amounts on each of the first ten anniversaries of the date of grant. All outstanding options issued under the Plan become immediately exercisable in full in the event of a "Change in Control" of the Company (as defined in the Plan).

The Company proposes to discontinue the 1998 Plan and provide for any future grants of options or other equity to non-employee directors under the 1996 Equity Incentive Plan, as described below.

Retirement Plan

Mr. Boyle and Mr. McPartlin participate in the Company's U.K. Retirement Plan, a defined benefit plan, under which benefits at age 65 are based upon 1/60th of final U.K. - base salary (as defined) for each year of service, subject to a maximum of 2/3rds of final U.K. - base salary. A spouse's pension of 50% of the employee's pension is payable beginning at the death of the employee either before or during retirement. Pension payments escalate by at least 3% per year, compounded, and at a higher rate in certain circumstances. The employee contributes 5% (4% in 2001) of base salary, with the balance of the cost being met by the Company.

The following table sets forth information concerning the annual benefits payable to the employee pursuant to the U.K. Retirement Plan upon retirement at age 65 for specified compensation levels and years of service classifications. Benefits under the U.K. Retirement Plan are computed solely on the U.K. base salary of participants, exclusive of bonuses, incentive and other compensation, and are not reduced on account of U.K. Social Security entitlement.

COMPENSATION COMMITTEE REPORT

The Company's compensation program is designed to motivate and retain employees by encouraging and rewarding performance. The program is administered by the Compensation Committee of the Board of Directors (the "Committee"), consisting of three independent directors who are not employees of the Company. The Committee regularly reviews and approves generally all compensation and fringe benefit programs of the Company, and also reviews and determines the base salary and incentive compensation of the executive officers, as well as stock option grants to all employees. All compensation actions taken by the Committee are reported to the full Board of Directors, which, excluding employee directors, approves the actions of the Committee. The Committee also reviews and makes recommendations to the Board on policies and programs for the development of management personnel, as well as management structure and organization. The Committee administers the Company's Equity Incentive Plan.

The Company is now proposing to modify its approach to providing equity incentives in response to changing business needs and financial accounting requirements, as described below under "Approval of Amendments to 1996 Equity Incentive Plan." However, historically, the Company has used stock options as an important incentive to motivate executive officers and other key employees for improved long-term performance of the Company. When granting options the Committee has considered stock ownership, options currently held and options previously granted although it has not set specific levels of ownership for such grants. In April 2003 Mr Boyle, the President and Chief Executive Officer, was granted options to purchase 20,000 shares of common stock and Mr McPartlin, the Chief Financial Officer, was granted options to purchase 10,000 shares of common stock. Options over a total of 77,000 shares were granted to 12 employees during fiscal 2003.

The Committee believes that the combination of salary and incentive compensation is the best method for compensating its executive officers and senior managers to promote uniform excellence, long-term commitment and team performance. Management salaries are determined based upon individual performance, level of responsibility and experience. The Committee reviews these salaries annually and measures them against compensation data obtained from published compensation surveys and surveys that the Committee makes of a group of peer companies. The Committee believes that the salaries of the Company's executive officers are within the range of these surveys. The peer companies are generally of about the same size as the Company and are in technical, rather than consumer or distribution fields. The Company believes that its competitors for executive talent are not necessarily companies which engage in the same business as the Company and, therefore, the companies used for comparative compensation purposes differ from the companies included in the Industrial Controls Industry Index.

The recommended base salary and incentive compensation award for the President is determined each year by the Committee based upon its subjective assessment of the overall financial performance of the Company and the performance of the President relative to corporate objectives and other factors. In the light of the Company's financial performance during the prior year Mr. Boyle's base salary during fiscal 2003 increased to \$190,000, up 1.7% from the prior year. No bonuses were awarded to the Company's executive officers for performance in fiscal 2003.

APPROVAL OF AMENDMENTS TO 1996 EQUITY INCENTIVE PLAN

The Board of Directors is seeking stockholder approval of changes to the Company's 1996 Equity Incentive Plan that are intended to permit more effective performance measures for equity compensation, reduce the cost of equity compensation on the Company's financial statements should equity compensation expensing become mandatory, reduce the administrative costs of plan administration, permit improved tax treatment for employees who receive equity compensation, and help the Company attract highly qualified directors.

As described in more detail below, the changes to the Equity Incentive Plan include authority to set performance criteria for receipt of awards, permit issuing restricted stock units, and permit the exchange of stock options presently outstanding under the Equity Incentive Plan for restricted stock or restricted stock units having an equivalent value. The Company also proposes to issue any future equity compensation to non-employee directors under the Equity Incentive Plan, rather than under the 1998 Directors Stock Option Plan. The shares remaining in the Directors Plan that were previously authorized by the stockholders would be issuable under the Equity Incentive Plan, but the Company is not otherwise seeking an increase in the number of shares issuable under the Equity Incentive Plan.

The Current Plans

The Company has relied on the Equity Incentive Plan since 1996 as an important tool to attract and retain key employees and consultants of the Company, to provide an incentive for them to achieve long-range performance goals, and to enable them to participate in the long-term growth of the Company. Approximately 14 key employees are currently eligible to participate in the Equity Incentive Plan, which is administered by a committee of not less than three members of the Board of Directors (the "Committee"), currently the Compensation Committee. In addition, the Company has granted stock options to non-employee directors under the Directors Plan, the purpose of which is to align their interests with those of the stockholders by increasing the proprietary interest of the directors in the Company's growth and success and to attract and retain well-qualified persons to serve as directors. Six non-employee directors currently participate in the Plan.

Summary of Proposed Changes

Edgar Filing: TECH OPS SEVCON INC - Form DEF 14A

- The following are the principal changes to the Equity Incentive Plan approved by the Board of Directors:
- The Committee will be explicitly authorized to set performance goals to be met before options could become exercisable or other awards could be earned.
- The types of awards available under the Equity Incentive Plan will be expanded to include restricted stock units, which are described under "Description of Awards" below.
- The Committee will be granted the express authority to exchange the stock options outstanding as of the Annual Meeting under the Equity Incentive Plan and the Directors Plan for restricted stock, restricted stock units, stock options, stock appreciation rights or cash having an equivalent value without further stockholder approval.
- Several plan provisions would be made clearer (e.g., the use of so-called "cashless," or "broker-assisted," option exercises, express authorization for performance-vesting of awards, and clearer authority for the Committee to set terms that improve the tax treatment of awards for foreign nationals).
- Loans to directors and executive officers under the Equity Incentive Plan for the exercise of options or the purchase of shares will be prohibited.
- No new options will be granted under the Directors Plan, the shares remaining under that plan will become issuable under the Equity Incentive Plan, and non-employee directors will become eligible to participate in the Equity Incentive Plan. All currently outstanding director options will be unaffected.
- The Equity Incentive Plan will have a term of ten years from the date of the Annual Meeting.

A copy of the amended Equity Incentive Plan is included as Appendix II to this proxy statement.

Reasons for the Changes

The Board recommends that the Company's stockholders approve the amendments to the Equity Incentive Plan for the following reasons:

- The Board believes that it is important to provide the Committee with a clear means to set performance goals for options to become exercisable or other awards earned so that it has another tool to effectively tie employee rewards to stockholder benefits.
- Stockholder approval of the business criteria upon which objective performance goals may be established by the Committee would permit the company to take tax deductions for performance-based awards to certain executive-level employees under Section 162(m) of the tax code.

The rules for accounting for the expense of equity compensation are expected to change in 2005, making it more advantageous to the Company to use awards other than stock options.

- Employees and directors may be better served from a tax perspective by the grant of restricted stock units in the U.S. and abroad.
- Approximately 58% of the outstanding options under the two Plans have exercise prices that exceed the fair market value of the Company's Common

Edgar Filing: TECH OPS SEVCON INC - Form DEF 14A

Stock, in most cases substantially. The Company believes that these are viewed as providing little or no incentive by the holders. For equity awards to continue to motivate and retain the Company's key employees and directors, the Committee needs the flexibility to permit participants to exchange underwater options for new awards that have an incentive component. The Company does not intend simply to reduce the exercise price of existing options. Instead, the Company would exchange existing options for new awards having an aggregate current value (determined using the Black-Scholes or other established valuation methods) equivalent to the awards being surrendered.

- The use of a single plan going forward should reduce administrative costs.
- Periodic equity grants that reflect the cyclical nature of the Company's business, as are permitted under the Equity Incentive Plan, are more attractive to prospective non-employee directors than the one-time awards (upon commencement of initial service and never thereafter) that are provided under the Directors Plan.

Description of Awards

The amended Equity Incentive Plan provides for the following four basic types of awards:

Restricted Stock. The Committee may grant shares of Common Stock that are only earned if specified conditions, such as a completing a term of employment or satisfying pre-established performance goals, are met and that are otherwise subject to forfeiture.

Restricted Stock Units. The Committee may grant the right to receive shares of Common Stock in the future, also based on meeting specified conditions and subject to forfeiture. These awards are to be made in the form of "units," each representing the equivalent of one share of Common Stock, although they may be settled in either cash or stock. Restricted stock unit awards represent an unfunded and unsecured obligation of the Company. In the discretion of the Committee, units may be awarded with rights to the payment of dividend equivalents.

Stock Options. The Committee may grant options to purchase shares of Common Stock that are either incentive stock options (ISOs) eligible for the special tax treatment described below or nonstatutory stock options. No option may have an exercise price that is less than the fair market value of the Common Stock on the date of grant or a term of more than ten years. An option may be exercised by the payment of the option price in cash or with such other lawful consideration as the Committee may determine, including by delivery of a note (other than for a director or executive officer) or shares of Common Stock valued at their fair market value on the date of delivery.

Stock Appreciation Rights. The Committee may grant Stock Appreciation Rights (SARs), where the participant receives cash, shares of Common Stock or other property, or a combination thereof, as determined by the Committee, equal in value to the difference between the exercise price of the SAR and the fair market value of the Common Stock on the date of exercise. SARs may be granted in tandem with options (at or after award of the option) or alone and unrelated to an option. SARs in tandem with an option terminate to the extent that the related option is exercised, and the related option terminates to the extent that the tandem SAR is exercised. The exercise price of an SAR may not be less than the fair market value of the Common Stock on the date of grant or in the case of a tandem SAR, the exercise price of the related option.

Awards under the Equity Incentive Plan may contain such terms and conditions consistent with the Plan as the Committee in its discretion approves. In

Edgar Filing: TECH OPS SEVCON INC - Form DEF 14A

setting the terms of each award, except as noted above, the Committee has full discretion to determine the number of shares or units subject to the award, the exercise price or other consideration, if any, to be paid by the participant, the term and exercise period of each option granted, the conditions under which and the time or times at which an option becomes exercisable or under which the option, shares or units may be forfeited to the Company, and the other terms and conditions of the award. The Committee may provide, at the time an award is made or at any time thereafter, for the acceleration of a participant's rights or cash settlement upon a change in control of the Company. The terms and conditions of awards need not be the same for each participant. In general, the Committee has discretion to administer the Equity Incentive Plan in the manner that it determines, from time to time, is in the best interest of the Company. The Committee has not granted any SARs, restricted stock, or restricted stock units under the Equity Incentive Plan.

The maximum aggregate number of shares that may be granted to an Equity Incentive Plan participant in any calendar year is 60,000 shares, subject to adjustment for changes in capitalization. Incorporation of this limit is intended to qualify awards as performance-based compensation that is not subject to the \$1 million limit on the Federal income tax deduction the Company may take for compensation paid to certain senior officers.

Shares Available for Issuance under the Plan

The Company's stockholders have authorized a total of 279,000 shares of Common Stock for issuance under the Equity Incentive Plan. Since 1996, the Company has granted options to purchase 205,500 shares, of which options to purchase 42,500 shares were subsequently cancelled on termination of employment and returned to the Plan. There remain 116,000 shares available for awards in this Plan. The stockholders have approved a total of 50,000 shares of Common Stock for issuance under the Directors' Plan. Since 1998, the company has granted options to purchase 40,000 shares, of which 10,000 options were subsequently cancelled on termination of service and returned to the Plan. There remain 20,000 shares available for awards in the Directors' Plan. As described above, these shares will become issuable under the amended Equity Incentive Plan. The number and kind of shares that may be issued under the Equity Incentive Plan are subject to adjustment to reflect stock dividends, recapitalizations or other changes affecting the Common Stock. If any award expires or is terminated unexercised or settled in a manner that results in fewer shares outstanding than were initially awarded, the shares that would have been issuable will again be available for award under the plan.

Amendment

The Board may amend the Equity Incentive Plan subject any stockholder approval required to comply with any applicable tax or regulatory requirement. The Committee has authority to amend outstanding awards, including changing the date of exercise and converting an incentive stock option to a nonstatutory option, if the Committee determines that such action would not adversely affect the participant.

U.S. Federal Income Tax Consequences Relating to Awards

Incentive Stock Options. An optionee does not realize taxable income for regular tax purposes upon the grant or exercise of an ISO under the Plan. If no disposition of shares issued to an optionee pursuant to the exercise of an ISO is made by the optionee within two years from the date of grant or within one year from the date of exercise, then (a) upon sale of such shares, any amount realized in excess of the option price (the amount paid for the shares) is taxed to the optionee as long-term capital gain and any loss sustained will

Edgar Filing: TECH OPS SEVCON INC - Form DEF 14A

be a long-term capital loss, and (b) no deduction is allowed to the Company for Federal income tax purposes. The exercise of ISOs gives rise to an adjustment in computing alternative minimum taxable income that may result in alternative minimum tax liability for the optionee in the year of option exercise. Under current tax laws, the optionee would pay the greater of the regular tax liability or the alternative minimum tax liability. In certain circumstances, optionees may recover all or substantially all of the alternative minimum tax liability created due to the exercise of an ISO in later tax years, including the year of sale of the shares. If shares of Common Stock acquired upon the exercise of an ISO are disposed of before the expiration of the two-year and one-year holding periods described above (a "disqualifying disposition"), then (a) the optionee realizes ordinary income in the year of disposition in an amount equal to the excess (if any) of the fair market value of the shares at exercise (or, if less, the amount realized on a sale of such shares) over the option price thereof, and (b) the Company is entitled to deduct such amount. Any further gain realized is taxed as a short or long-term capital gain and does not result in any deduction to the Company. A disqualifying disposition in the year of exercise will generally avoid the alternative minimum tax consequences of the exercise of an ISO.

Nonstatutory Stock Options. No income is realized by the optionee at the time a nonstatutory option is granted. Upon exercise, (a) ordinary income is realized by the optionee in an amount equal to the difference between the option price and the fair market value of the shares on the date of exercise, and (b) the Company receives a tax deduction for the same amount. Upon disposition of the shares, appreciation or depreciation after the date of exercise is treated as a short or long-term capital gain or loss and will not result in any further deduction by the Company.

Restricted Stock. Generally, a recipient will be taxed at the time the conditions to earning the award are met. The excess of the fair market value of the shares at that time over the amount paid, if any, by the recipient for the shares will be treated as ordinary income. The recipient may instead elect at the time of grant to be taxed (as ordinary income) on the excess of the then fair market value of the shares over the amount paid, if any, for the shares. In either case, the Company receives a tax deduction for the amount reported as ordinary income to the recipient. Upon disposition of the shares, any appreciation or depreciation after the taxable event is treated as a short or long-term capital gain or loss and will not result in any further deduction by the Company.

Restricted Stock Units. A recipient does not realize taxable income upon the grant or vesting of a restricted stock unit. The recipient must include as ordinary income when an award is settled an amount equal to the excess of the fair market value of the shares (or the amount of cash) distributed to settle the award. The Company receives a corresponding tax deduction at the time of settlement. If the award is settled in shares, then any subsequent appreciation or depreciation is treated as short or long-term capital gain or loss and will not result in any further deduction by the Company.

Internal Revenue Code Section 162(m). United States tax laws generally do not allow publicly-held companies to obtain tax deductions for compensation of more than \$1 million paid in any year to any of the five most highly paid executive officers (each, a "covered person") unless the compensation is "performance-based" as defined in the Section 162(m) of the tax code. Stock options and SARs granted under an equity compensation plan are performance-based compensation if (i) stockholders approve a maximum aggregate per person limit on the number of shares that may be granted each year, (ii) any stock options or SARs are granted by a committee consisting solely of outside directors, and (iii) the stock options or SARs have an exercise price that is not less than the fair value of common stock on the date of grant.

Edgar Filing: TECH OPS SEVCON INC - Form DEF 14A

In the case of restricted stock and restricted stock units, Section 162(m) requires that the general business criteria of any performance goals that are established by the committee be approved and periodically reapproved by stockholders in order for such awards to be considered performance-based and deductible by the employer. Generally, the performance goals must be established before the beginning of the relevant performance period. Furthermore, satisfaction of any performance goals during the relevant performance period must be certified by the committee.

The Compensation Committee has approved the following list of business criteria upon which it may establish performance goals for deductible performance-based awards made to covered persons: (i) increases in the price of the Common Stock; (ii) market share; (iii) sales; (iv) revenue; (v) return on equity, assets, or capital; (vi) economic profit (economic value added); (vii) total shareholder return; (viii) costs; (ix) expenses; (x) margins; (xi) earnings or earnings per share; (xii) cash flow; (xiii) customer satisfaction; (xiv) operating profit; or (xv) any combination of the foregoing, including without limitation goals based on any of such measures relative to appropriate peer groups or market indices. Performance goals may be particular to a participant or may be based, in whole or in part, on the performance of the division, department, line of business, subsidiary, or other business unit in which the participant works, or on the performance of the Company generally. Stockholder approval of these business criteria will enable the Company to realize a full income tax deduction for awards under the plan, if any, where the deduction would otherwise be restricted.

Option Grants and Outstanding Options.

Under the Equity Incentive Plan to date, the Company has granted stock options to purchase shares of Common Stock in the following amounts: (i) to Matthew Boyle, President and Chief Executive Officer, 80,000 shares, (ii) to Paul A. McPartlin, Vice President and Chief Financial Officer, 15,000 shares, (iii) to all current executive officers as a group (2 persons), 95,000 shares, and (iv) and to all other employees as a group, 110,500 shares. No one other than Messrs. Boyle and McPartlin has been granted more than 5% of the options granted under the Equity Incentive Plan. Grants under the Directors' Plan have been made as described above under "Election of Directors - Director Compensation."

AUDIT COMMITTEE REPORT

In the course of its oversight of the Company's financial reporting process, the Audit Committee of the Board of Directors has (i) reviewed and discussed with management the Company's audited financial statements for the fiscal year ended September 30, 2003, (ii) discussed with Grant Thornton LLP, the Company's independent auditors, the matters required to be discussed by Statement on Accounting Standard No. 61, Communication with Audit Committees, and (iii) received the written disclosures and the letter from Grant Thornton LLP required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and discussed with Grant Thornton LLP its independence.

Based on the foregoing review and discussions, the Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended September 30, 2003 for filing with the Securities and Exchange Commission.

AUDITORS

The Company dismissed Arthur Andersen LLP ("Andersen") as its independent accountants on May 30, 2002. The Company's Audit Committee and

Edgar Filing: TECH OPS SEVCON INC - Form DEF 14A

Board of Directors approved this action, which was reported in the Company's Form 8-K filed with the Securities and Exchange Commission on June 5, 2002.

Andersen's reports on financial statements of the Company for the year ended September 30, 2001 did not contain an adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. During the year ended September 30, 2001 and the interim period between September 30, 2001 and May 30, 2002, there were no disagreements between the Company and Andersen on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Andersen, would have caused it to make reference to the subject matter of the disagreements in connection with its report. During the year ended September 30, 2001 and the interim period between September 30, 2001 and May 30, 2002, there were no reportable events (as defined in Item 304(a)(1)(v) of Regulation S-K).

The Company was unable, after reasonable efforts, to have Arthur Andersen review and respond to the above disclosure; however, Arthur Andersen provided a letter dated June 5, 2002 stating that it was in agreement with the disclosure included in the paragraphs of Item 4 of the Form 8-K, which disclosure is the same as the disclosure in the preceding paragraph.

On June 26, 2002, the Company engaged Grant Thornton LLP as its new independent accountant. The Company's Audit Committee and Board of Directors approved this action. During the year ended September 30, 2001 and the interim period between September 30, 2001 and June 26, 2002, the Company did not consult with Grant Thornton LLP regarding (i) the application of accounting principles to a specified transaction, either completed or proposed, (ii) the type of audit opinion that might be rendered on the Company's financial statements or (iii) any matter that was either the subject of a disagreement (as described above) or a reportable event.

Representatives of Grant Thornton LLP are expected to be present at the meeting with an opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

The fees billed by Grant Thornton LLP, the Company's principal accountant, for each of the last two fiscal years are set out below:

	(in thousands of dollars)	
	2003	2002
Audit fees	\$ 125	\$ 79
Audit-Related fees	4	4
Tax fees	29	26
All other fees	-	-
Total	\$ 158	\$ 109

The audit-related fees in both 2003 and 2002 relate to the audit of the pension plan for the Company's UK subsidiary. The tax-related fees are for the filing of the Company's tax returns in both the United States and the United Kingdom.

All of the above fees were approved by the Audit Committee before the respective engagements were undertaken. The Company has not adopted pre-approval policies and procedures relating to non-audit services.

Based on a review of the reports filed by such persons with respect to our last fiscal year, the Company believes that all its executive officers and directors have complied with the Section 16(a) filing requirements. - The Committee shall approve the engagement of the outside auditor and shall approve, in advance, all audit services and all permitted non-audit services to be provided to the Company by the outside auditor (subject to any de minimus exception permitted by SEC rules), taking into account whether such non-audit services are compatible with maintaining the outside auditor's independence. The Committee may designate an individual Committee member to pre-approve audit and permissible non-audit services, provided that such approvals be presented to the full Committee at the next scheduled meeting.

- The Committee shall recommend to the Board whether, based on the reviews and discussions referred to above, the financial statements should be included in the Company's Annual Report on Form 10-K.

The existence and nature of the reporting procedures shall be communicated to all employees and, to the extent appropriate, to agents of the Company. It shall be a violation of the code of ethics to intimidate or impose any form of retribution on any employee or agent who utilizes such reporting system in good faith to report suspected violations (except that appropriate action may be taken against such employee or agent if such individual is one of the wrongdoers).

Edgar Filing: TECH OPS SEVCON INC - Form DEF 14A

"Performance Goals" means with respect to any Performance Period, one or more objective performance goals based on one or more of the following objective criteria established by the Committee prior to the beginning of such Performance Period or within such period after the beginning of the Performance Period as shall meet the requirements to be considered "pre-established performance goals" for purposes of Code Section 162(m):

(i) increases in the price of the Common stock; (ii) market share; (iii) sales; (iv) revenue; (v) return on equity, assets, or capital; (vi) economic profit (economic value added); (vii) total shareholder return; (viii) costs; (ix) expenses; (x) margins; (xi) earnings or earnings per share; (xii) cash flow; (xiii) customer satisfaction; (xiv) operating profit; or (xv) any combination of the foregoing, including without limitation goals based on any of such measures relative to appropriate peer groups or market indices. Such Performance Goals may be particular to a Participant or may be based, in whole or in part, on the performance of the division, department, line of business, subsidiary, or other business unit, whether or not legally constituted, in which the Participant works or on the performance of the Company generally.

"Performance Period" means the period of service designated by the Committee applicable to an Award subject to Section 9(1) during which the Performance Goals will be measured.

"Reporting Person" means a person subject to Section 16 of the Exchange Act.

"Restricted Period" - See Section 8(a).

"Restricted Stock" - See Section 8(a).

"Restricted Stock Unit" - See Section 8(c).

3. Administration

The Plan shall be administered by the Committee. The Committee shall have authority to adopt, alter and repeal such administrative rules, guidelines and practices governing the operation of the Plan as it shall from time to time consider advisable, and to interpret the provisions of the Plan. The Committee's decisions shall be final and binding. To the extent permitted by applicable law, the Committee may delegate to one or more executive officers of the Company the power to make Awards to Participants who are not subject to Section 16 of the Exchange Act and all determinations under the Plan with respect thereto, provided that the Committee shall fix the maximum amount of such Awards for all such Participants, a maximum for any one Participant, and such other features of the Awards as required by applicable law.

4. Eligibility

All employees and, in the case of Awards other than Incentive Stock Options under Section 6, consultants and directors of the Company or any Affiliate, capable of contributing significantly to the successful performance of the Company, other than a person who has irrevocably elected not to be eligible, are eligible to be Participants in the Plan. Incentive Stock Options may be granted only to persons eligible to receive such Options under the Code.

5. Stock Available for Awards

(a) Amount. Subject to adjustment under subsection (b), Awards may be made under the Plan for up to 250,000 shares of Common Stock, together with all shares of Common Stock available for issue under the 1987 Plan on January 31,

Edgar Filing: TECH OPS SEVCON INC - Form DEF 14A

1996, and all shares of stock available for issuance under the Directors' Plan as of January 27, 2004. If any Award (including any grant under the 1987 Plan or the Directors' Plan) expires or is terminated unexercised or is forfeited or settled in a manner that results in fewer shares outstanding than were awarded, the shares subject to such Award, to the extent of such expiration, termination, forfeiture or decrease, shall again be available for award under the Plan. Common Stock issued through the assumption or substitution of outstanding grants from an acquired company shall not reduce the shares available for Awards under the Plan. Shares issued under the Plan may consist in whole or in part of authorized but unissued shares or treasury shares.

(b) Adjustment. In the event that the Committee determines that any stock dividend, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, exchange of shares, or other transaction affects the Common Stock such that an adjustment is required in order to preserve the benefits intended to be provided by the Plan, then the Committee (subject in the case of Incentive Stock Options to any limitation required under the Code) shall equitably adjust any or all of (i) the number and kind of shares in respect of which Awards may be made under the Plan, (ii) the number and kind of shares subject to outstanding Awards, and (iii) the exercise price with respect to any of the foregoing, and if considered appropriate, the Committee may make provision for a cash payment with respect to an outstanding Award, provided that the number of shares subject to any Award shall always be a whole number.

(c) Limit on Individual Grants. The maximum number of shares of Common Stock subject to all Awards that may be granted under this Plan to any Participant in the aggregate in any calendar year shall not exceed 60,000 shares, subject to adjustment under subsection (b).

6. Stock Options

(a) Grant of Options. Subject to the provisions of the Plan, the Committee may grant options ("Options") to purchase shares of Common Stock (i) complying with the requirements of Section 422 of the Code or any successor provision and any regulations thereunder ("Incentive Stock Options") and (ii) not intended to comply with such requirements ("Nonstatutory Stock Options"). The Committee shall determine the number of shares subject to each Option and the exercise price therefor, which shall not be less than 100% of the Fair Market Value of the Common Stock on the date of grant. No Incentive Stock Option may be granted hereunder more than ten years after the effective date of the Plan.

(b) Terms and Conditions. Each Option shall be exercisable at such times and subject to such terms and conditions as the Committee may specify in the applicable grant or thereafter; provided that no Option shall be exercisable after the expiration of ten years from the date the Option is granted. The Committee may impose such conditions with respect to the exercise of Options, including conditions relating to applicable securities laws, as it considers necessary or advisable.

(c) Payment. No shares shall be delivered pursuant to any exercise of an Option until payment in full of the exercise price therefor is received by the Company. Such payment may be made in whole or in part in cash or through a so-called "cashless" or "broker-assisted" exercise. To the extent permitted by the Committee at or after the grant of the Option, such payment may also be made by delivery of a note (subject to the limitations of Section 9(g)) or shares of Common Stock owned by the optionee, including vested Restricted Stock, or by retaining shares otherwise issuable pursuant to the Option, in each case valued at their Fair Market Value on the date of delivery or retention, or such other lawful consideration as the Committee may determine.

Edgar Filing: TECH OPS SEVCON INC - Form DEF 14A

7. Stock Appreciation Rights

(a) Grant of SARs. Subject to the provisions of the Plan, the Committee may grant rights to receive any excess in value of shares of Common Stock over the exercise price ("Stock Appreciation Rights" or "SARs") in tandem with an Option (at or after the award of the Option), or alone and unrelated to an Option. SARs in tandem with an Option shall terminate to the extent that the related Option is exercised, and the related Option shall terminate to the extent that the tandem SARs are exercised. The Committee shall determine at the time of grant or thereafter whether SARs are settled in cash, Common Stock or other securities of the Company, Awards or other property.

(b) Exercise Price. The Committee shall fix the exercise price of each SAR or specify the manner in which the price shall be determined. An SAR granted in tandem with an Option shall have an exercise price not less than the exercise price of the related Option. An SAR granted alone and unrelated to an Option may not have an exercise price less than 100% of the Fair Market Value of the Common Stock on the date of the grant.

(c) Limited SARs. An SAR related to an Option, which SAR can only be exercised upon or during limited periods following a change in control of the Company, may entitle the Participant to receive an amount based upon the highest price paid or offered for Common Stock in any transaction relating to the change in control or paid during a specified period immediately preceding the occurrence of the change in control in any transaction reported in the stock market in which the Common Stock is normally traded.

8. Restricted Stock and Restricted Stock Units

(a) Grant of Restricted Stock. Subject to the provisions of the Plan, the Committee may grant shares of Common Stock subject to forfeiture ("Restricted Stock") and determine the duration of the period (the "Restricted Period") during which, and the conditions under which, the shares may be forfeited to the Company and the other terms and conditions of such Awards. Shares of Restricted Stock may be issued for no cash consideration or such minimum consideration as may be required by applicable law.

(b) Restrictions. Shares of Restricted Stock may not be sold, assigned, transferred, pledged or otherwise encumbered, except as permitted by the Committee, during the Restricted Period. Shares of Restricted Stock shall be evidenced in such manner as the Committee may determine. Any certificates issued in respect of shares of Restricted Stock shall be registered in the name of the Participant and unless otherwise determined by the Committee, deposited by the Participant, together with a stock power endorsed in blank, with the Company. At the expiration of the Restricted Period, the Company shall deliver such certificates to the Participant or if the Participant has died, to the Participant's Designated Beneficiary.

(c) Restricted Stock Units. Subject to the provisions of the Plan, the Committee may grant the right to receive in the future shares of Common Stock subject to forfeiture ("Restricted Stock Units") and determine the duration of the Restricted Period during which, and the conditions under which, the Award may be forfeited to the Company and the other terms and conditions of such Awards. Restricted Stock Unit Awards shall constitute an unfunded and unsecured obligation of the Company, and shall be settled in shares of Common Stock or cash, as determined by the Committee at the time of grant or thereafter. Such Awards shall be made in the form of "units" with each unit representing the equivalent of one share of Common Stock.

9. General Provisions Applicable to Awards

(a) Reporting Person Limitations. Notwithstanding any other provision of the

Edgar Filing: TECH OPS SEVCON INC - Form DEF 14A

Plan, to the extent required to qualify for the exemption provided by Rule 16b-3 under the Exchange Act, Awards made to a Reporting Person shall not be transferable by such person other than by will or the laws of descent and distribution and are exercisable during such person's lifetime only by such person or by such person's guardian or legal representative. If then permitted by Rule 16b-3, such Awards shall also be transferable pursuant to a qualified domestic relations order as defined in the Code or Title I of the Employee Retirement Income Security Act or the rules thereunder.

(b) Documentation. Each Award under the Plan shall be evidenced by a writing delivered to the Participant specifying the terms and conditions thereof and containing such other terms and conditions not inconsistent with the provisions of the Plan as the Committee considers necessary or advisable to achieve the purposes of the Plan (including but not limited to the requirement that a Participant satisfy Performance Goals) or to comply with applicable tax and regulatory laws and accounting principles.

(c) Committee Discretion. Each type of Award may be made alone, in addition to or in relation to any other Award. The terms of each type of Award need not be identical, and the Committee need not treat Participants uniformly. Except as otherwise provided by the Plan or a particular Award, any determination with respect to an Award may be made by the Committee at the time of grant or at any time thereafter.

(d) Dividends and Cash Awards. In the discretion of the Committee, any Award under the Plan may provide the Participant with (i) dividends or dividend equivalents payable currently or deferred with or without interest, and (ii) cash payments in lieu of or in addition to an Award.

(e) Termination of Employment or Service. The Committee shall determine the effect on an Award of the disability, death, retirement or other termination of employment or service of a Participant and the extent to which, and the period during which, the Participant's legal representative, guardian or Designated Beneficiary may receive payment of an Award or exercise rights thereunder. Unless the Committee provides otherwise in any case, a Participant's employment or other service shall have terminated for purposes of this Plan at the time the entity by which the Participant is employed or to which the Participant renders service ceases to be an Affiliate of the Company.

(f) Change in Control. In order to preserve a Participant's rights under an Award in the event of a change in control of the Company, the Committee in its discretion may, at the time an Award is made or at any time thereafter, take one or more of the following actions: (i) provide for the acceleration of any time period relating to the exercise or payment of the Award, (ii) provide for payment to the Participant of cash or other property with a Fair Market Value equal to the amount that would have been received upon the exercise or payment of the Award had the Award been exercised or paid upon the change in control, (iii) adjust the terms of the Award in a manner determined by the Committee to reflect the change in control, (iv) cause the Award to be assumed, or new rights substituted therefor, by another entity, or (v) make such other provision as the Committee may consider equitable to Participants and in the best interests of the Company.

(g) Loans. The Committee may authorize the making of loans or cash payments to Participants in connection with the grant or exercise any Award under the Plan, which loans may be secured by any security, including Common Stock, underlying or related to such Award (provided that the loan shall not exceed the Fair Market Value of the security subject to such Award), and which may be forgiven upon such terms and conditions as the Committee may establish at the time of such loan or at any time thereafter. Notwithstanding the foregoing, no loans may be made to any director or executive officer (or equivalent

Edgar Filing: TECH OPS SEVCON INC - Form DEF 14A

thereof) of the Company which would be prohibited by Section 13(k) of the Exchange Act.

(h) Withholding Taxes. The Participant shall pay to the Company, or make provision satisfactory to the Committee for payment of, any taxes required by law to be withheld in respect of Awards under the Plan no later than the date of the event creating the tax liability. In the Committee's discretion, such tax obligations may be paid in whole or in part in shares of Common Stock, including shares retained from the Award creating the tax obligation, valued at their Fair Market Value on the date of delivery. The Company and its Affiliates may, to the extent permitted by law, deduct any such tax obligations from any payment of any kind otherwise due to the Participant.

(i) Foreign National Awards. Notwithstanding anything to the contrary contained in this Plan, Awards may be made to Participants who are foreign nationals or employed outside the United States on such terms and conditions different from those specified in the Plan as the Committee considers necessary or advisable to achieve the purposes of the Plan or to comply with applicable laws.

(j) Amendment of Award. The Committee may amend, modify or terminate any outstanding Award, including substituting therefor another Award of the same or a different type, changing the date of exercise or realization and converting an Incentive Stock Option to a Nonstatutory Stock Option, provided that the Participant's consent to such action shall be required unless the Committee determines that the action, taking into account any related action, would not materially and adversely affect the Participant.

(k) Exchange Programs. In addition to the authority granted to the Committee in Section 9(j), the Committee may, without further shareholder approval, engage in one or more exchange offers under which Participants may elect to exchange or surrender their outstanding Awards (including awards made under the Directors' Plan) for other Awards or cash (each, an "Exchange Program"). Each Exchange Program shall provide that each eligible Participant must exchange or surrender Awards with a fair value (as determined by the Committee using established methods including but not limited to Black-Scholes) equal to or greater than the fair value of the replacement Award or the present value of any cash consideration, as the case may be. No Award granted on or after January 27, 2004, shall be eligible for any Exchange Program.

(l) Code Section 162(m) Provisions. If the Committee determines at the time Restricted Stock or a Restricted Stock Unit is granted to a Participant that such Participant is, or may be as of the end of the tax year for which the Company would claim a tax deduction in connection with such Award, a Covered Employee, then the Committee may provide that the Participant's right to receive cash, Shares, or other property pursuant to such Award shall be subject to the satisfaction of Performance Goals during a Performance Period. Prior to the payment of any Award subject to this Section 9(l), the Committee shall certify in writing that the Performance Goals applicable to such award were met. The Committee shall have the power to impose such other restrictions on Awards subject to this Section 9(l) as it may deem necessary or appropriate to ensure that such Awards satisfy all requirements for "performance-based compensation" within the meaning of Section 162(m) (4) (C) of the Code.

10. Miscellaneous

(a) No Right To Employment. No person shall have any claim or right to be granted an Award. Neither the Plan nor any Award hereunder shall be deemed to give any employee the right to continued employment or service, or to limit the right of the Company to discharge any Participant at any time.

Edgar Filing: TECH OPS SEVCON INC - Form DEF 14A

(b) No Rights As Stockholder. Subject to the provisions of the applicable Award, no Participant or Designated Beneficiary shall have any rights as a stockholder with respect to any shares of Common Stock to be distributed under the Plan until he or she becomes the holder thereof. A Participant to whom Common Stock is awarded shall be considered the holder of the Stock at the time of the Award except as otherwise provided in the applicable Award.

(c) Effective Date. Subject to the approval of the stockholders of the Company, the Plan as herein amended and restated shall be effective on January 27, 2004. Unless terminated earlier by the Board, the Plan shall terminate such that no further Awards shall be made as of January 27, 2014.

(d) Amendment of Plan. The Board may amend, suspend or terminate the Plan or any portion thereof at any time, subject to such stockholder approval as the Board determines to be necessary or advisable to comply with any tax or regulatory requirement.

(e) Governing Law. The provisions of the Plan shall be governed by and interpreted in accordance with the laws of Delaware.
