(1) Except as noted below, all of the above options for Network Associates' common stock granted in 2001 vest at the rate of one-fourth (or 25%) one year from the date of grant and 1/48 per month after that. Mr. Sampath's McAfee.com options vest in the same manner as Network Associates' options. 1/8 of

Mr. Samenuk's option for 400,000 shares vested on each of April 3, 2001, July 3, 2001, October 3, 2001 and January 3, 2002, the remaining shares vest in full on January 3, 2003. Mr. Richards' option for 50,000 shares was fully vested upon grant. Mr. Matin's option for 100,000 shares was fully vested upon grant. Under the 1997 Stock Incentive Plan, the board of directors is allowed to modify the terms of outstanding options. The exercisability of

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form 10-K/A

options may be accelerated upon a change in control. Options are cancelled on an optionee's termination of employment under certain specified circumstances.

- (2) Other than options granted with exercise prices of \$0.01 per share, all options were granted at an exercise price equal to the fair market value of the common stock on the date of grant. Options granted with an exercise price below the fair market value of the common stock on the date of grant have a one-year term.
- (3) These columns present hypothetical future values that might be realized on exercise of the options, less the exercise price. These values assume that the market price of our stock appreciates at a zero, five and ten percent compound annual rate over the term of the options. The five and ten percent rates of stock price appreciation are presented as examples pursuant to the SEC's proxy rules and do not necessarily reflect management's assessment of our future stock price performance. The potential realizable values presented are not intended to indicate the value of the options. For options granted with an exercise price below the market price on the date of grant, the potential realizable values in the zero percent appreciation column reflect the difference between the option exercise price and the market price on the date of grant.

The following table shows stock option exercises and the value of unexercised stock options held by our chief executive officer and our five other most highly compensated executive officers during the year ended December 31, 2001:

### COMPENSATION OF DIRECTORS

Directors fees, paid only to directors who are not employees, are as follows:

- \$7,500 quarterly retainer (an additional \$1,500 quarterly retainer is paid to the chairpersons of our committees),
- \$1,500 for each regular board meeting attended,
- \$1,000 for each special board meeting attended,
- expenses of attending board and committee meetings, and
- medical insurance benefits for directors and their families.

Under our Stock Option Plan for Outside Directors, non-employee directors are automatically granted an option to purchase 45,000 shares of our common stock, when they first become a director. Each year after the initial grant, they are entitled to receive an additional option grant to purchase up to 20,000 shares of our common stock. All options are granted at the fair market value on the date of grant. The initial grant vests one-third each year over three years from the date of grant. The subsequent grants vest in full three years from the date of grant. All options granted under this plan become fully exercisable in the event of certain mergers, sales of assets or sales of the majority of our voting stock. In October 2001, we increased the quarterly retainer to \$7,500 from \$5,000 and provided for a \$1,500 quarterly retainer for committee chairpersons. At that time we also increased the number of common shares non-employee directors are granted when they first become a director to 45,000 shares from 37,500 shares and increased the annual grant to outside directors to 20,000 shares of common stock from 15,000 shares. These changes became effective on January 1, 2002.

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form 10-K/A

Our employee directors are eligible to receive options and be issued shares of common stock directly under the 1997 Stock Incentive Plan and will be eligible to participate in our 2002 Employee Stock Purchase Plan and, if an executive officer, to participate in the Executive Bonus Plan.

### COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

During 2001, the compensation committee of the board of directors consisted of Mr. Dutkowsky, Ms. Gemmell and Mr. Harper, none of whom served as our employee or officer at any time. The compensation committee is responsible for setting and administering policies governing compensation of executive officers, including the annual Executive Bonus Plan, the 2000 Nonstatutory Stock Option Plan and the 1997 Stock Incentive Plan. In addition, the compensation committee

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form 10-K/A

reviews compensation levels of other management level employees, evaluates the performance of management and reviews other compensation-related issues.

### COMPENSATION POLICIES

Our compensation policy is designed to enable us to attract, retain and reward executive officers who are likely to contribute to our long-term success. The compensation committee also believes that a strong correlation should exist between executive compensation, business objectives and our overall performance.

In preparing the performance graph set forth herein, we have selected the CRSP Total Return Industry Index for NASDAQ Computer and Data Processing Services Stock Index ("CRSP Index"). The companies which we use for comparison of salary and compensation information are not necessarily those included in the CRSP Index, because they were determined not to be competitive with us for executive talent or because compensation information was not available.

### COMPONENTS OF COMPENSATION

There are three components of our executive compensation program that are intended to attract and retain executive officers and to motivate them to improve our financial position and to create value for our shareholders.

#### Salary

We strive to offer salaries to our executive officers, which are competitive with salaries offered by companies of similar size and capitalization in the software industry. Base salaries are reviewed on an annual basis and are subject to adjustment based upon the individual's contribution to us and changes in salary levels offered by comparable companies. In determining executive officers' salaries, the compensation committee considers information provided by our chief executive officer with respect to individual officer responsibilities and performance, as well as salary surveys and similar data available from independent sources.

#### Bonuses

Awards under our Executive Bonus Plan for 2001 were contingent upon us achieving certain performance goals established by the board of directors. For executive officers other than the chief executive officer, awards were also contingent on the achievement of individual performance objectives. Target amounts of bonuses for each executive officer are set annually by the compensation committee and are specifically weighted for identified financial, management, strategic and operational goals. The compensation committee reviews performance against the goals and approves payment of the bonuses. In 2001, bonuses awarded under the plan

8

to Mr. Samenuk, our chief executive officer, totaled \$540,000. The bonus received by Mr. Samenuk under the plan was 28% of his total cash compensation. Bonuses awarded under the plan in 2001 to other executive officers represented between 0% and 40% of their total cash compensation. Bonuses awarded to Mr. Samenuk under this plan were in addition to the \$800,000 bonus we awarded Mr. Samenuk in connection with his joining the company.

#### Equity Incentives

The compensation committee believes that employee equity ownership is highly motivating, provides a major incentive to employees in building stockholder value and serves to align the interests of employees with the interests of our stockholders. In determining the amount of equity compensation

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form 10-K/A

to be awarded to executive officers in any fiscal year, the compensation committee considers the position of the officer, the current stock ownership of the officer, the number of shares which continue to be subject to vesting under outstanding options and the expected future contribution of the officer to our performance, giving primary weight to the officer's position and his expected future contributions. In addition, we compare the stock ownership and options held by each officer with the other officers' equity positions and the officer's experience and value to us.

### COMPENSATION OF THE CHIEF EXECUTIVE OFFICER

George Samenuk's annual base salary for 2001 was \$720,000. Mr. Samenuk was paid a performance based bonus of \$540,000, and \$600,000 out of an \$800,000 sign-on bonus in 2001. The remaining portion of Mr. Samenuk's sign-on bonus will be paid in 2002. Mr. Samenuk's annual base salary for 2002 is \$720,000 and Mr. Samenuk is eligible for a bonus in 2002. In determining these compensation adjustments, the compensation committee considered, among other things, compensation data for chief executives of comparable companies and Mr. Samenuk's performance in 2001.

The chief executive officer evaluates the performance of all other executive officers on an annual basis and recommends salary adjustments, which are subject to review and approval by the compensation committee. Performance evaluations for individual executive officers are based on predetermined individual goals proposed by management and approved by the compensation committee.

### DEDUCTIBILITY OF EXECUTIVE COMPENSATION

Section 162(m) of the Internal Revenue Code limits deductions for federal income tax purposes, certain executive compensation exceeding \$1,000,000 for any executive officer in any year. Our 1997 Stock Incentive Plan enables compensation recognized in connection with the exercise of options to qualify as an exception to the deduction limit. The compensation committee will continue to evaluate the issues relating to executive compensation and will take appropriate action where necessary. The compensation committee's policy is to qualify its executive compensation for deductibility under applicable tax laws, where possible.

### CERTAIN TRANSACTIONS

Transactions between us and McAfee.com

We have entered into certain agreements with McAfee.com for the purpose of defining our ongoing relationship. These agreements were developed in the context of a parent/subsidiary relationship and therefore are not the result of arms-length negotiations between independent parties.

**Corporate Management Services Agreement.** On January 1, 1999, we entered into a Corporate Management Services Agreement with McAfee.com under which we provide McAfee.com services relating to tax, accounting, insurance, employee benefits administration, corporate record keeping, payroll, information technology infrastructure, and facilities management. In addition, McAfee.com may request that we provide certain additional services from time to time in the future, with the fee for such additional services subject to negotiation between the parties. From January 1, 1999 to December 31, 2000, the monthly fee that we received for services under the agreement was a portion of the costs we incurred (based on headcount) plus a 10% mark-up. During the year ended December 31, 2000, we charged McAfee.com \$5.8 million under this agreement. In January 2001, we entered into an amended corporate management services agreement with McAfee.com whereby McAfee.com will pay \$400,000 per calendar quarter for services related to tax, accounting, insurance, employee benefits and administration, corporate record keeping, payroll, information technology infrastructure, and facilities management. Under the amended agreement, McAfee.com will pay to us 110% of the direct rent paid by us for the use of facilities made available to McAfee.com. During the year ended December 31, 2001, we charged McAfee.com \$1,600,000 under the amended agreement.

The Corporate Management Services Agreement may be terminated either by us when we cease to own a majority of McAfee.com's outstanding voting stock or by McAfee.com upon 30 days notice to us.

**Cross License Agreement.** We, through one of our wholly-owned subsidiaries, entered into a technology cross license agreement with McAfee.com. Under this agreement, we granted McAfee.com worldwide non-exclusive patent licenses and exclusive copyright licenses for the sale or licensing of software products or software services to certain OEMs and end users solely via the Internet. Eligible end users include only single-node, individual consumers. In consideration for the license and rights granted under this license, McAfee.com is required to pay us a 7% royalty on revenues from related product and subscription sales. Also under this agreement, McAfee.com granted us non-exclusive patent licenses and exclusive copyright licenses for the sale of products to enterprise customers through any method of distribution including the Internet and to end users through any method excluding the Internet. In consideration for the rights granted under this license, we are required to pay McAfee.com a royalty of \$250,000 per quarter. Under this cross technology agreement, we will provide end user support to McAfee.com customers. Charges for such support are equal to a portion of the costs to us plus a 10% markup. During the years ended December 31, 2000 and 2001, we charged McAfee.com \$2.2 million and \$2.4 million for royalties and support services, respectively.

**Reseller Agreements.** In March 2001, we entered into reseller agreements with McAfee.com. Under these agreements, McAfee.com may resell our products to business customers and, in certain countries, we may sell McAfee.com products to OEMs and end-users directly or through ASPs. During the year ended December 31, 2001, we charged McAfee.com approximately \$1.7 million under the reseller

agreements.

Japanese Distribution Agreement. On April 28, 2000, Network Associates Co., Ltd. ("NAC"), at that time a majority owned, and as of June 27, 2001, a wholly-owned Japanese subsidiary of ours, entered into a Master OEM Distributor Agreement, effective as of January 1, 2000, with McAfee.com. Under the terms of the agreement, NAC will be the exclusive distributor of certain of McAfee.com's products in the Japanese PC OEM channel, subject to certain terms and conditions set forth in the agreement, for an initial term of three years. McAfee.com will receive a license fee and will in turn pay NAC ten percent (10%) of net sales revenue McAfee.com initially receives from PC OEM customers that subsequently purchase a subscription to McAfee Clinic. During the years ended December 31, 2000 and 2001, NAC paid license revenue to McAfee.com of \$861,000 and \$1.8 million respectively.

In June 2001, McAfee.com and Sourcenext Corporation entered into a Japanese distribution agreement. At that time, notwithstanding our technology cross license agreement and the reseller agreements, we agreed

13

Sourcenext was authorized to distribute to both OEM and retail customers in Japan, Japanese language versions of certain of our and McAfee.com consumer products. Other than sales to specified OEMs, during the term of the Sourcenext distribution agreement, we and our Japanese subsidiary, NAC, have not agreed to distribute the covered products in Japan to retail customers and OEMs.

Tax Sharing Agreement. We have entered into a tax-sharing agreement with McAfee.com under which McAfee.com calculates its income taxes on a separate return basis. McAfee.com will be included in our consolidated group for federal income tax purposes as long as it is eligible to do so. Each member of a consolidated group is jointly and severally liable for the federal income tax liability of each other member of the consolidated group. Accordingly, although the tax-sharing agreement allocates tax liabilities between McAfee.com and us, during the period in which McAfee.com is included in our consolidated group, we could be liable in the event that any federal tax liability is incurred, but not discharged, by McAfee.com or any other members of our consolidated group.

Under the tax sharing agreement, McAfee.com and each other member has agreed to indemnify us if we are required to pay any tax liability amount in excess of our hypothetical separate income tax liability, provided we are not in default of our obligation to pay our hypothetical separate income tax liability.

The tax sharing agreement will terminate if McAfee.com is no longer eligible to join us in the filing of a consolidated federal income tax return. In the event of such termination, any net operating losses or other carryforward amounts would not be available to McAfee.com upon departure from the group. Under the tax sharing agreement, McAfee.com will not be reimbursed for any such loss of tax benefits.

Joint Cooperation Agreement. We have entered into a Joint Cooperation and Master Services Agreement with McAfee.com which governs the provision of technology services among the parties. Under this agreement, our anti-virus emergency response team (AVERT) will provide McAfee.com with research and solutions for virus events. The agreement also contains standard terms and conditions governing the provision of technology services from one party to the other under statements of work that may be negotiated from time to time. Currently, McAfee.com has entered into one such statement of work under which McAfee.com provides us infrastructure and technical support services for our web site. We pay McAfee.com a fee for these services in an amount equal to 10% of McAfee.com's total quarterly technology costs plus a ten-percent (10%) service

## Edgar Filing: NETWORKS ASSOCIATES INC/ - Form 10-K/A

charge. McAfee.com is obligated to provide these services until December 31, 2000 under this statement of work. During the years ended December 31, 2000 and 2001, we were charged approximately \$200,000 and \$0, respectively.

**Indemnification and Voting Agreement.** We have entered into an Indemnification and Voting Agreement with McAfee.com which became effective on December 2, 1999. Except under certain specified circumstances, we will indemnify McAfee.com for all losses related to any third party claims relating to events or circumstances arising out of our actions or inactions, including those of our subsidiaries and officers and directors, on or prior to December 2, 1999. Additionally, for so long as we own at least 20% of McAfee.com's outstanding voting power, we will vote our shares of McAfee.com's common stock in favor of the election of two independent McAfee.com directors.

**Registration Rights Agreement.** We have entered into a registration rights agreement with McAfee.com that entitles us to include the shares of common stock we own in McAfee.com in any future registration of common stock McAfee.com makes, other than any registration statement relating to an acquisition or a stock option plan. In addition, we or certain of our transferees can request that McAfee.com file a registration statement so we can publicly sell our McAfee.com shares. McAfee.com has agreed pursuant to the terms of this registration rights agreement to pay all costs and expenses, other than underwriting discounts and commissions, related to shares to be sold by us or certain of our transferees in connection with any such registration.

To the Board of Directors and Stockholders of  
Networks Associates, Inc.:

In our opinion, the consolidated financial statements listed in the index appearing under Item 14(a) (1) on page 48 present fairly, in all material respects, the financial position of Networks Associates, Inc. and its subsidiaries at December 31, 2001 and 2000, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2001 in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the financial statement schedule listed in the index appearing under Item 14 (a) (2) on page 48 presents fairly, in all material respects, the information set forth therein when read in conjunction with the related consolidated financial statements. These financial statements and financial statement schedule are the responsibility of the Company's management; our responsibility is to express an opinion on these financial statements and financial statement schedule based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.
