**NOTICE OF ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON JUNE 4, 2008**

NOTICE IS HEREBY GIVEN that the Annual Meeting of Stockholders (the Annual Meeting) of Kaiser Aluminum Corporation will be held at The Westin, South Coast Plaza, 686 Anton Boulevard, Costa Mesa, California 92626 on Wednesday, June 4, 2008, at 9:00 a.m., local time, for the following purposes:

- (1) To elect four members to our board of directors for three-year terms to expire at our 2011 annual meeting of stockholders;
- (2) To ratify the selection of Deloitte & Touche LLP as our independent registered public accounting firm for 2008;
- (3) To consider the amendment of our Amended and Restated Certificate of Incorporation to increase the number of authorized shares of common stock from 45,000,000 to 90,000,000; and
- (4) To consider such other business as may properly come before the Annual Meeting or any adjournments thereof.

Information concerning the matters to be acted upon at the Annual Meeting is set forth in the accompanying Proxy Statement.

The close of business on April 15, 2008 has been fixed as the record date for determining the stockholders entitled to notice of, and to vote at, the Annual Meeting or any adjournments thereof.

We urge stockholders to vote by proxy by submitting voting instructions over the Internet or by telephone as indicated on the enclosed proxy card or by completing, signing and dating the enclosed proxy card and returning it by mail in the accompanying envelope, which does not require postage if mailed in the United States.

By Order of the Board of Directors,

John M. Donnan

GENERAL QUESTIONS AND ANSWERS

Q: When is the Proxy Statement being sent to stockholders and what is its purpose?

A: This Proxy Statement is first being sent to our stockholders on or about May 6, 2008 at the direction of our board of directors in order to solicit proxies for our use at the Annual Meeting.

Q: When is the Annual Meeting and where will it be held?

A: The Annual Meeting will be held on Wednesday, June 4, 2008, at 9:00 a.m., local time, at The Westin, South Coast Plaza, 686 Anton Boulevard, Costa Mesa, California 92626.

Q: Who may attend the Annual Meeting?

A: All of our stockholders may attend the Annual Meeting.

Q: Who is entitled to vote?

A: Stockholders as of the close of business on April 15, 2008 are entitled to vote at the Annual Meeting. Each share of our common stock is entitled to one vote.

Q: On what am I voting?

A: You will be voting on:

The election of four members to our board of directors to serve until our 2011 annual meeting of stockholders;

The ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm for 2008;

The amendment of the Amended and Restated Certificate of Incorporation to increase the number of authorized shares of common stock from 45,000,000 to 90,000,000; and

Such other business as may properly come before the Annual Meeting or any adjournments thereof.

Q: How does the board of directors recommend that I vote?

A: The board of directors recommends that you vote your shares:

FOR the election of each of the persons identified in Proposal For Election of Directors as nominees for election as directors;

FOR the ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm for 2008; and

FOR the amendment of the Amended and Restated Certificate of Incorporation to increase the number of authorized shares of common stock from 45,000,000 to 90,000,000.

Q: How can I vote?

A: You can vote in person at the Annual Meeting or you can vote prior to the Annual Meeting by proxy. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy without delay.

Q: How do I vote by proxy?

A: If you choose to vote your shares by proxy, you have the following options:

Over the Internet: You can vote over the Internet at the website shown on your proxy card. Internet voting will be available 24 hours a day, seven days a week, until 11:59 p.m., Eastern Time, on Tuesday, June 3, 2008.

By telephone: You can vote by telephone by calling the toll-free number shown on your proxy card. Telephone voting will be available 24 hours a day, seven days a week, until 11:59 p.m., Eastern Time, on Tuesday, June 3, 2008.

By mail: You can vote by mail by completing, signing and dating your proxy card and returning it in the enclosed prepaid envelope.

Table of Contents

Q: I want to attend the Annual Meeting and vote in person. How do I obtain directions to the Annual Meeting?

A: You may obtain directions to the Annual Meeting at the Internet website of The Westin, South Coast Plaza, at <http://www.starwoodhotels.com/westin/property/area/directions.html?propertyID=1002> or by calling The Westin, South Coast Plaza, at (714) 540-2500.

Q: What constitutes a quorum?

A: As of April 15, 2008, the record date, 20,619,305 shares of our common stock were issued and outstanding. A majority of these shares present or represented by proxy will constitute a quorum for the transaction of business at the Annual Meeting. If you properly vote by proxy by submitting your voting instructions over the Internet, by telephone or by mail, then your shares will be counted as part of the quorum. Abstentions or votes that are withheld on any matter will be counted towards a quorum but will be excluded from the vote relating to the particular matter under consideration. Broker non-votes will be counted towards a quorum but will be excluded from the vote with respect to the matters for which they are applicable. A broker non-vote occurs when a broker holding shares for a beneficial owner does not vote on a particular proposal because the broker does not have discretionary voting power with respect to that proposal and has not received instructions with respect to that proposal from the beneficial owner.

Q: What are the voting requirements for the proposals?

A: There are different voting requirements for each proposal.

The required vote for election of each director is a plurality of the votes of the holders of the shares of our common stock present in person or represented by proxy at the Annual Meeting. Accordingly, the four nominees receiving the highest number of votes will be elected. If you withhold authority to vote for any particular director nominee, your shares will not be counted in the vote for that nominee and will have no effect on the outcome of the vote.

The approval of the holders of a majority of the total number of outstanding shares of our common stock present in person or represented by proxy at the Annual Meeting and actually voted on the proposal is necessary to ratify the selection of Deloitte & Touche LLP as our independent registered public accounting firm for 2008. If you abstain from voting on the proposal to ratify the selection of Deloitte & Touche LLP, your shares will not be counted in the vote for the proposal and will have no effect on the outcome of the vote.

The affirmative vote of the holders of a majority of the total number of outstanding shares of our common stock entitled to vote at the Annual Meeting is required to amend our Amended and Restated Certificate of Incorporation. If you abstain from voting on either on the proposed amendment of our Amended and Restated Certificate of Incorporation, your shares will effectively be a vote against that proposal.

Q: If my shares are held in street name by my broker, will my broker vote my shares for me?

A: To be sure your shares are voted, you should instruct your broker to vote your shares using the instructions provided by your broker.

Q: What will happen if the selection of Deloitte & Touche LLP as our independent registered public accounting firm for 2008 is not ratified by stockholders?

A: Pursuant to the audit committee charter, the audit committee of our board of directors has sole authority to appoint our independent registered public accounting firm, and the audit committee will not be bound by the ratification of, or failure to ratify, the selection of Deloitte & Touche LLP. The audit committee will, however, consider any failure to ratify the selection of Deloitte & Touche LLP in connection with the appointment of our independent registered public accounting firm the following year.

Q: What will happen if the proposed amendment of the Amended and Restated Certificate of Incorporation is not approved by stockholders?

A: If the amendment of our Amended and Restated Certificate of Incorporation to increase the number of authorized shares of common stock is not approved by stockholders at the Annual Meeting, the amendment will

Table of Contents

not become effective, and the number of shares of common stock authorized under our Amended and Restated Certificate of Incorporation will remain 45,000,000.

Q: Can I change my vote after I mail my proxy?

A: Yes. If you vote by proxy, you can revoke that proxy at any time before voting takes place at the Annual Meeting. You may revoke your proxy by:

voting again over the Internet or by telephone no later than 11:59 p.m., Eastern Time, on Tuesday, June 3, 2008;

submitting a properly signed proxy card with a later date;

delivering, no later than 5:00 p.m., local time, on Tuesday, June 3, 2008, written notice of revocation to our Secretary, c/o Mellon Investor Services Proxy Processing, P.O. Box 1680, Manchester, CT 06045-9986; or

attending the Annual Meeting and voting in person.

Your attendance alone will not revoke your proxy. To change your vote, you must also vote in person at the Annual Meeting. If you instruct a broker to vote your shares, you must follow your broker's directions for changing those instructions.

Q: What does it mean if I receive more than one proxy card?

A: If you receive more than one proxy card, it is because your shares are held in more than one account. You must vote each proxy card to ensure that all of your shares are voted at the Annual Meeting.

Q: Who will count the votes?

A: Representatives of Mellon Investor Services, our transfer agent, will tabulate the votes and act as inspectors of election.

Q: How much will this proxy solicitation cost?

A: We have hired MacKenzie Partners, Inc. to assist us in the distribution of proxy materials and solicitation of votes at a cost not to exceed \$15,000, plus out-of-pocket expenses. We will reimburse brokerage firms and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to the owners of our common stock. Our officers and regular employees may also solicit proxies, but they will not be specifically compensated for these services. In addition to the use of the mail, proxies may be solicited personally or by telephone by employees of Kaiser or MacKenzie Partners.

PROPOSALS REQUIRING YOUR VOTE

Proposal for Election of Directors

General

Our board of directors currently has ten members, consisting of our President and Chief Executive Officer and nine independent directors. Our current directors are:

Carolyn Bartholomew
Carl B. Frankel
Jack A. Hockema
Teresa A. Hopp
William F. Murdy

Alfred E. Osborne, Jr., Ph.D.
Georganne C. Proctor
Jack Quinn
Thomas M. Van Leeuwen
Brett E. Wilcox

Mr. Hockema, our President and Chief Executive Officer, serves as the Chairman of the Board, and Dr. Osborne serves as the Lead Independent Director.

Our certificate of incorporation and bylaws provide for a classified board of directors consisting of three classes. The term of the Class II directors will expire at the 2008 annual meeting of stockholders; the term of the Class III directors will expire at the 2009 annual meeting of stockholders; and the term of the Class I directors will expire at the 2010 annual meeting of stockholders.

The nominating and corporate governance committee of our board of directors has recommended, and our board of directors has approved, the nomination of the four nominees listed below. The nominees have indicated their willingness to serve as members of the board of directors if elected; however, in case any nominee becomes unavailable for election to the board of directors for any reason not presently known or contemplated, the proxy holders have discretionary authority to vote proxies for a substitute nominee. Proxies cannot be voted for more than four nominees.

The board of directors recommends a vote FOR each of the persons nominated by the board of directors.

Nominees for Election as Class II Directors

Set forth below is information as to the nominees for election as Class II Directors at the Annual Meeting, including their ages, present principal occupations, other business experiences, present directorships in other public companies and membership on committees of our board of directors.

Mr. Wilcox is currently Chief Executive Officer of Summit Power Alternative Resources where he manages the development of wind generation and new energy technologies. Mr. Wilcox has been an active investor in, on the board of directors of, or an executive consultant for, a number of metals and energy companies since 2005. From 1986 to 2005, Mr. Wilcox served as Chief Executive Officer of Golden Northwest Aluminum Company and its predecessors. Golden Northwest Aluminum Company, together with its subsidiaries, filed a petition for reorganization under the United States Bankruptcy Code on December 22, 2003. Mr. Wilcox has also served as Executive Director of Direct Services Industries, Inc., a trade association of large aluminum and other energy-intensive companies; an attorney with Preston, Ellis & Gates in Seattle, Washington; Vice Chairman of the Oregon Progress Board; Chairman of the Oregon Economic and Community Development Commission; a member of the Oregon Governor's Comprehensive Review of the Northwest Regional Power System; a member of the Oregon Governor's Task Forces on structure and efficiency of state government, employee benefits and compensation, and government performance and accountability. Mr. Wilcox received a Bachelor's degree from the Woodrow Wilson School of Public and International Affairs at Princeton University and a Juris Doctorate from Stanford Law School. Mr. Wilcox serves on the executive and audit committees.

Continuing Directors

Set forth below is information as to the continuing directors, including their ages, present principal occupations, other business experiences, present directorships in other public companies and membership on committees of our board of directors.

Class III Directors

Carl B. Frankel, 73, has served as a director of Kaiser since July 2006. Mr. Frankel currently serves as a union-nominated member of LTV Steel Corporation's board of directors and as a member of the board of directors of Us TOO, a prostate cancer support and advocacy organization. Previously, Mr. Frankel was General Counsel to the USW from May 1997 until his retirement in September 2000. Prior to May 1997, Mr. Frankel served as Assistant General Counsel and Associate General Counsel of the USW for 29 years. From 1987 through 1999, Mr. Frankel served at the staff level of the Collective Bargaining Forum, a government sponsored tripartite committee consisting of government, union and employer representatives designed to improve labor relations in the United States. Mr. Frankel is also an elected fellow of the College of Labor and Employment Lawyers and a published author of several articles. Mr. Frankel has earned the Sustained Superior Performance Award from the National Labor Relations Board, or NLRB, and the Outstanding Performance Award from the NLRB. Mr. Frankel earned a Bachelor's degree and Juris Doctorate from the University of Chicago. Mr. Frankel serves on the nominating and corporate governance committee.

Teresa A. Hopp, 48, has served as a director of Kaiser since July 2006. Prior to Ms. Hopp's retirement, she was the Chief Financial Officer for Western Digital Corporation, a hard disk drive manufacturer, from January 2000 to

October 2001 and its Vice President, Finance from September 1998 to December 1999. Prior to her employment with Western Digital Corporation, Ms. Hopp was with Ernst & Young LLP from 1981 where she served as an audit partner for four years. Prior to that, Mr. Van Leeuwen served as a Director Senior Equity Research Analyst for Credit Suisse First Boston from May 1993 to November 2000. Prior to that time, Mr. Van Leeuwen was First Vice President of Equity Research with Lehman Brothers. Mr. Van Leeuwen held the position of research analyst with Sanford C. Bernstein & Co., Inc. and systems analyst with The Procter & Gamble Company. Mr. Van Leeuwen holds a Master's degree in Business Administration from the Harvard Business School and a Bachelor of Science degree in Operations Research and Industrial Engineering from Cornell University. Mr. Van Leeuwen serves on the audit, compensation and nominating and corporate governance committees.

Proposal for Ratification of the Selection of our Independent Registered Public Accounting Firm

Pursuant to the audit committee charter, the audit committee has the sole authority to retain an independent registered public accounting firm for our company. The board of directors requests that the stockholders ratify the audit committee's selection of Deloitte & Touche LLP as our independent registered public accounting firm for 2008.

Table of Contents

The audit committee will not be bound by the ratification of, or failure to ratify, the selection of Deloitte & Touche LLP, but the audit committee will consider any failure to ratify the selection of Deloitte & Touche LLP in connection with the appointment of our independent registered public accounting firm for 2009.

The board of directors recommends a vote FOR ratification of the audit committee's selection of Deloitte & Touche LLP as Kaiser's independent registered public accounting firm for 2008.

Proposal for the Amendment of our Amended and Restated Certificate of Incorporation to Increase the Number of Authorized Shares of Common Stock

Our board of directors has unanimously adopted a resolution setting forth a proposed amendment to our Amended and Restated Certificate of Incorporation to increase the number of authorized shares of common stock from 45,000,000 to 90,000,000, declaring the advisability of such amendment and directing that the amendment be considered at the Annual Meeting. If approved by stockholders at the Annual Meeting, the amendment will become effective upon the filing of a certificate of amendment with the Secretary of State of the State of Delaware.

Our Amended and Restated Certificate of Incorporation currently authorizes us to issue a total of 50,000,000 shares, consisting of 45,000,000 shares of common stock and 5,000,000 shares of preferred stock. As of April 2, 2008, 20,620,169 shares of our common stock were issued and outstanding and 1,467,661 shares of common stock were reserved for issuance in connection with our Amended and Restated 2006 Equity and Performance Incentive Plan, leaving 22,777,778 shares of common stock available for other uses. As of the date of this Proxy Statement, no shares of preferred stock are issued and outstanding. If approved by stockholders at the Annual Meeting, the amendment to our Amended and Restated Certificate of Incorporation will result in the increase of the total number of authorized shares from 50,000,000 to 95,000,000 and the increase of the number of authorized shares of common stock from 45,000,000 to 90,000,000. No increase in the number of authorized shares of preferred stock is being proposed at this time.

The board of directors believes that it is in the best interests of Kaiser and its stockholders to increase the number of authorized but unissued shares of common stock in order to have additional shares available to meet future business needs and provide us with the flexibility to issue additional shares for, among other things, stock splits or dividends, compensation plans and arrangements, offerings to raise additional capital, corporate acquisitions and other corporate purposes. We have no current plans for the use of the additional shares of common stock proposed to be authorized.

The additional shares of common stock for which approval is sought would be part of the existing class of our common stock and, if and when issued, would have the same rights and privileges as the shares of common stock currently outstanding. Such shares would be available for issuance without any action or vote by our stockholders, except as otherwise required by the rules of any national securities exchange or association on which our securities are then traded.

While the proposed increase will provide additional shares to meet future business needs and provide flexibility as more fully described above, the existence of additional authorized but unissued shares of common stock could render more difficult or further discourage an attempt to obtain control of our company by means of a proxy contest, tender offer, merger or otherwise. In addition, any future issuance of such additional shares of common stock, whether or not in connection with an anti-takeover measure, could have the effect of diluting the earnings per share, book value per share and voting power of shares held by our existing stockholders.

The board of directors recommends a vote FOR the amendment of the Amended and Restated Certificate of Incorporation to increase the number of authorized shares of common stock from 45,000,000 to 90,000,000.

CORPORATE GOVERNANCE

Our board of directors is responsible for providing effective governance over the affairs of our company. Kaiser's corporate governance practices are designed to align the interests of the board of directors and management with those of our stockholders and to promote honesty and integrity throughout the company. Highlights of our corporate governance practices are described below.

A copy of the current charter, as approved by our board of directors, for each of the executive committee, audit committee, compensation committee and nominating and corporate governance committee and a copy of our corporate governance guidelines and code of business conduct and ethics, which applies to all of our employees, including our executive officers, are available on our Internet website at www.kaiseraluminum.com under Investor Relations Corporate Governance. Copies are also available to stockholders upon request from our Corporate Communications Department, Kaiser Aluminum Corporation, 27422 Portola Parkway, Suite 350, Foothill Ranch, CA 92610-2831. Furthermore, we will post any amendments to our Code of Business Conduct and Ethics, or waivers of the Code for our directors or executive officers, on our Internet website at www.kaiseraluminum.com under Investor Relations Corporate Governance.

Stockholder Communications with the Board of Directors

Stockholders may communicate with our board of directors as a group or with the chair of the executive committee, audit committee, compensation committee or nominating and corporate governance committee by sending an email to boardofdirectors@kaiseraluminum.com, execchair@kaiseraluminum.com, auditchair@kaiseraluminum.com, compchair@kaiseraluminum.com, or nominatingchair@kaiseraluminum.com, respectively, or by writing to such group or person at Kaiser Aluminum Corporation, Attn: Corporate Secretary (Board of Directors), 27422 Portola Parkway, Suite 350, Foothill Ranch, California 92610-2831. Communications that are intended specifically for any other group of directors or for any individual director, such as the independent directors as a group or the Lead Independent Director, should be sent to the attention of our corporate secretary at the address above or via email at corpsecretary@kaiseraluminum.com and should clearly state the individual director or group of directors that is the intended recipient of the communication.

Our corporate secretary will review each communication and, following such review, determine whether or not the communication is appropriate for delivery to the director or group of directors to whom it is addressed. Communications that, in the judgment of our corporate secretary, are clearly of a marketing nature, that advocate that Kaiser engage in illegal activity, that do not reasonably relate to Kaiser or our business or that are similarly inappropriate will not be furnished to the intended recipient. If, in the judgment of the corporate secretary, any communication pertains to an accounting matter, it will be forwarded to our compliance officer.

Communications that, in the judgment of our corporate secretary, are appropriate for delivery to the director or group of directors to whom they are addressed will, unless requiring immediate attention, be assembled and delivered to the intended recipients on a periodic basis, generally at or in advance of each regularly scheduled meeting of our board of directors. Any communication that, in the judgment of our corporate secretary, requires immediate attention will be promptly delivered to the director or group of directors to whom such communication is addressed. In no case will the corporate secretary provide anyone but a member of our board of directors with access to any such communication.

Board and Committee Meetings and Consents in 2007

During 2007, our board of directors held eight meetings and acted by unanimous written consent three times. In addition to meetings of the full board of directors, directors attended meetings of board of directors committees. Each incumbent director attended at least 75% of the aggregate number of meetings of the full board of directors held during the period he or she was a director in 2007 and each committee on which he or she served held during the period he or she served on such committee in 2007.

Table of Contents

Annual Meetings of Stockholders

Members of our board of directors are expected to make reasonable efforts to attend our annual meetings of stockholders. All directors then serving attended our 2007 annual meeting of stockholders.

Director Independence

Our corporate governance guidelines require that a majority of the members of our board of directors satisfy the independence requirements set forth in the Nasdaq Marketplace Rules and other applicable criteria of the National Association of Securities Dealers, or NASD. We refer to these requirements as the general independence criteria. Additionally, the audit committee charter, compensation committee charter and nominating and corporate governance committee charter require that all respective committee members satisfy the general independence criteria. There are no family relationships among our officers or directors.

Based upon information requested from and provided by each director concerning their background, employment and affiliations, including family relationships, our board of directors has determined that each of Mmes. Bartholomew, Hopp and Proctor and Messrs. Frankel, Murdy, Osborne, Quinn, Van Leeuwen and Wilcox, representing nine of our ten directors, satisfy the general independence criteria and are independent within the meaning of such term under our corporate governance guidelines. In making such determination, the board of directors considered the relationships that each of the directors had with our company and all other facts and circumstances the board of directors deemed relevant in determining the independence of each of the directors in accordance with the general independence criteria.

Our corporate governance guidelines require our independent directors to meet at least quarterly in executive sessions at which only independent directors are present. While our Chief Executive Officer also serves as Chairman of the Board, our guidelines require a Lead Independent Director and provide that the independent director to fill such position shall be selected by a majority of the independent directors and that the Lead Independent Director may call meetings of our independent directors. Included within the duties of our Lead Independent Director are establishing agenda for executive sessions, communicating the results of those sessions to our chief executive officer and Chairman of the Board and acting as a liaison between the independent directors and the Chairman of the Board.

Annual Performance Reviews

Under our corporate governance guidelines, our board of directors is required to conduct an annual self-evaluation to determine whether the board of directors and its committees are functioning effectively. Additionally, the charter for each committee of the board of directors provides that such committee shall annually evaluate its performance. In addition to the evaluation performed by our nominating and corporate governance committee with respect to whether an incumbent director should be nominated for re-election to the board of directors upon expiration of such director's term, the chair of our nominating and corporate governance committee conducts performance reviews of individual directors.

Director Designation Agreement

On July 6, 2006, we entered into a Director Designation Agreement with the USW under which the USW has certain rights to nominate individuals to serve on our board of directors and committees until December 31, 2012. The USW has the right to nominate, for submission to our stockholders for election at each annual meeting, the minimum number of candidates necessary to ensure that, assuming such candidates are included in the slate of director

candidates recommended by our board of directors in our proxy statement relating to the annual meeting and our stockholders elect each candidate so included, at least 40% of the members of our board of directors immediately following such election are directors who were either designated by the USW pursuant to our chapter 11 plan of reorganization or have been nominated by the USW in accordance with the Director Designation Agreement. The Director Designation Agreement contains requirements as to the timeliness, form and substance of the notice the USW must give to the nominating and corporate governance committee in order to nominate such candidates. The nominating and corporate governance committee will determine in good faith whether each candidate properly submitted by the USW satisfies the qualifications set forth in the Director Designation

Table of Contents

Agreement. If the nominating and corporate governance committee determines that such candidate satisfies the qualifications, the committee will, unless otherwise required by its fiduciary duties, recommend such candidate to our board of directors for inclusion in the slate of directors to be recommended by the board of directors in our proxy statement. The board of directors will, unless otherwise required by its fiduciary duties, accept the recommendation and include the director candidate in the slate of directors that the board of directors recommends.

The Director Designation Agreement also provides that the USW will have the right to nominate an individual to fill a vacancy on the board of directors resulting from the death, resignation, disqualification or removal of a director who was either designated by the USW to serve on the board of directors pursuant to our chapter 11 plan of reorganization or has been nominated by the USW in accordance with the Director Designation Agreement. The Director Designation Agreement further provides that, in the event of newly created directorships resulting from an increase in the number of our directors, the USW will have the right to nominate the minimum number of individuals to fill such newly created directorships necessary to ensure that at least 40% of the members of the board of directors immediately following the filling of the newly created directorships are directors who were either designated by the USW pursuant to our plan of reorganization or have been nominated by the USW in accordance with the Director Designation Agreement. In each such case, the USW, the nominating and corporate governance committee and the board of directors will be required to follow the nomination and approval procedures described above.

A candidate nominated by the USW may not be an officer, employee, director or member of the USW or any of its local or affiliated organizations as of the date of his or her designation as a candidate or election as a director. Each candidate nominated by the USW must satisfy:

- the general independence criteria;

- the qualifications to serve as a director as set forth in any applicable corporate governance guidelines adopted by the board of directors and policies adopted by the nominating and corporate governance committee establishing criteria to be utilized by it in assessing whether a director candidate has appropriate skills and experience; and

- any other qualifications to serve as director imposed by applicable law.

Finally, the Director Designation Agreement provides that, so long as our board of directors maintains an audit committee, executive committee or nominating and corporate governance committee, each such committee will, unless otherwise required by the fiduciary duties of the board of directors, include at least one director who was either designated by the USW to serve on the board of directors pursuant to our plan of reorganization or has been nominated by the USW in accordance with the Director Designation Agreement (provided at least one such director is qualified to serve on such committee as determined in good faith by the board of directors).

Current members of our board of directors that have been either designated by the USW to serve on the board of directors pursuant to our plan of reorganization or nominated by the USW in accordance with the provisions of the Director Designation Agreement are Ms. Bartholomew and Messrs. Frankel, Quinn and Wilcox. Ms. Bartholomew and Mr. Wilcox have been nominated for re-election at the Annual Meeting in accordance with the provisions of the Director Designation Agreement.

Board Committees

Currently, we have four standing committees of the board of directors: an executive committee; an audit committee; a compensation committee; and a nominating and corporate governance committee.

Executive Committee

The executive committee of the board of directors manages our business and affairs that require attention prior to the next regular meeting of our board of directors. However, the executive committee does not have the power to (1) approve or adopt, or recommend to our stockholders, any action or matter expressly required by law to be submitted to our stockholders for approval, (2) adopt, amend or repeal any bylaw of our company, or (3) take any other action reserved for action by the board of directors pursuant to a resolution of the board of directors or

otherwise prohibited to be taken by the executive committee by law or pursuant to our certificate of incorporation or bylaws.

The executive committee charter requires that a majority of the members of the executive committee satisfy the general independence criteria. The members of the executive committee must include the Chairman of the Board and at least one of the directors either designated by the USW pursuant to our chapter 11 plan of reorganization or nominated by the USW in accordance with the Director Designation Agreement (so long as at least one such director is qualified to serve thereon).

The executive committee currently consists of Messrs. Hockema and Wilcox and Ms. Hopp. Mr. Hockema currently serves as the chair of the executive committee. During 2007, the executive committee held one meeting and acted by unanimous written consent five times.

Audit Committee

The audit committee of the board of directors oversees our accounting and financial reporting practices and processes and the audits of our financial statements on behalf of the board of directors. The audit committee is responsible for appointing, compensating, retaining and overseeing the work of our independent auditors. Other duties and responsibilities of the audit committee include:

- establishing hiring policies for employees or former employees of the independent auditors;
- reviewing our systems of internal accounting controls;
- discussing risk management policies;
- approving related-party transactions;
- establishing procedures for complaints regarding financial statements or accounting policies; and
- performing other duties delegated to the audit committee by the board of directors from time to time.

The audit committee charter requires that all members of the audit committee satisfy the general independence criteria. The charter also requires that no audit committee member may have participated in the preparation of our financial statements during the three years prior to his or her appointment as a member and that each audit committee member be able to read and understand fundamental financial statements, including a balance sheet, an income statement and a cash flow statement. Additionally, at least one member of the audit committee must have had past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in that individual's financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities and that member or another member must have sufficient education or experience to have acquired the attributes necessary to meet the criteria of an audit committee financial expert, as that term is defined in the rules promulgated by the Securities and Exchange Commission, or SEC. The members of the audit committee must include at least one of the directors either designated by the USW pursuant to our chapter 11 plan of reorganization or nominated by the USW in accordance with the Director Designation Agreement (so long as at least one such director is appropriately qualified).

The audit committee consists of Mmes. Hopp and Proctor and Messrs. Osborne, Van Leeuwen and Wilcox. Ms. Hopp currently serves as the chair of the audit committee. Our board of directors has determined that all five members of the

audit committee (1) meet the general independence criteria, as well as the criteria for independence set forth in Rule 10A-3(b)(1) under the Securities Exchange Act of 1934, and (2) are able to read and understand fundamental financial statements. Our board of directors also determined that no member of the audit committee participated in the preparation of our financial statements during the three years prior to their appointment as members of the committee. Our board of directors has determined that Mmes. Hopp and Proctor and Mr. Wilcox satisfy the financial sophistication criteria described above and satisfy the criteria necessary to serve as the audit committee financial expert.

During 2007, the audit committee held seven meetings.

Compensation Committee

General

The compensation committee of the board of directors establishes and administers our policies, programs and procedures for compensating our senior management, including determining and approving the compensation of our executive officers. Other duties and responsibilities of the compensation committee include:

administering plans adopted by the board of directors that contemplate administration by the compensation committee, including our Amended and Restated 2006 Equity and Performance Incentive Plan;

overseeing regulatory compliance with respect to compensation matters;

reviewing director compensation; and

performing other duties delegated to the compensation committee by the board of directors from time to time.

The compensation committee solicits the views of our chief executive officer on compensation matters, including as they relate to the compensation of the other members of senior management reporting to the chief executive officer. The compensation committee has retained Hewitt Associates, LLC to advise the compensation committee on all matters related to compensation of our chief executive officer and other members of senior management. Hewitt's services in this regard include (1) providing competitive market data and related assessments of executive compensation as background against which the compensation committee considers executive compensation, (2) preparing and reviewing tally sheets for the named executive officers, (3) apprising the compensation committee of trends and best practices associated with executive and director compensation, (4) providing support with respect to legal, regulatory and accounting considerations impacting compensation and benefit programs, and (5) attending meetings of the compensation committee and board of directors when requested. These services are typically directed by the compensation committee and coordinated with our human resources department.

The compensation committee charter requires that all members of the compensation committee satisfy the general independence criteria, as well as qualify as a non-employee director within the meaning of Rule 16b-3 promulgated under the Exchange Act.

The compensation committee currently consists of Messrs. Murdy, Quinn and Van Leeuwen and Ms. Proctor. Mr. Murdy currently serves as the chair of the compensation committee. During 2007, the compensation committee held five meetings and acted by unanimous written consent one time.

Compensation Committee Interlocks and Insider Participation

During 2007, Messrs. Murdy, Quinn and Van Leeuwen and Ms. Proctor served as members of the compensation committee. None of the members of the compensation committee (1) was an officer or employee of our company during the year, (2) was formerly an officer of our company, or (3) had any relationships requiring disclosure by us under the SEC's rules with respect to certain relationships and related-party transactions. Furthermore, none of our executive officers serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our board of directors or compensation committee.

Nominating and Corporate Governance Committee

The nominating and corporate governance committee of the board of directors identifies individuals qualified to become members of our board of directors, recommends candidates to fill vacancies and newly-created positions on our board of directors, recommends director nominees for the election by stockholders at the annual meetings of stockholders and develops and recommends to the board of directors our corporate governance principles.

To ensure flexibility with respect to the director nominee evaluation process, the nominating and corporate governance committee has not established specific, minimum qualifications that an individual must meet in order to become a member of the board of directors. The nominating and corporate governance committee evaluates director candidates submitted by stockholders as described below in the same manner as those candidates identified by the

Table of Contents

nominating and corporate governance committee. The nominating and corporate governance committee believes that our company is best served when each member of the board of directors:

exhibits strong leadership in his or her particular field or area of expertise;

possesses the ability to exercise sound business judgment;

has a strong educational background or equivalent life experiences;

has substantial experience both in the business community and outside the business community;

contributes positively to the existing collaborative culture among members of the board of directors;

represents the best interests of all of our stockholders and not just one particular constituency;

has experience as a senior executive of a company of significant size or prominence or another business or organization comparable to our company;

possesses skills and experience which make him or her a desirable addition to a standing committee of the board of directors;

consistently demonstrates integrity and ethics in his or her professional and personal life; and

has the time and ability to participate fully in activities of the board of directors, including attendance at, and active participation in, meetings of the board of directors and the committee or committees of which he or she is a member.

Other duties and responsibilities of the nominating and corporate governance committee include:

assisting in succession planning;

considering possible conflicts of interest of members of the board of directors and management and making recommendations to prevent, minimize or eliminate such conflicts of interests;

evaluating whether an incumbent director should be nominated for re-election to the board of directors upon expiration of the incumbent's term;

making recommendations to the board of directors regarding the appropriate size of the board of directors; and

performing other duties delegated to the nominating and corporate governance committee by the board of directors from time to time.

The nominating and corporate governance committee has adopted policies and procedures by which our stockholders may submit director candidates to the nominating and corporate governance committee for consideration. If the nominating and corporate governance committee receives, by a date not less than 120, nor more than 150, calendar days before the anniversary of the date that the proxy statement was mailed to stockholders in connection with our previous year's annual meeting, a recommendation for a director nominee from a stockholder or group of stockholders that beneficially owned more than 5% of our outstanding common stock for at least one year as of the date of the recommendation, then such director candidate will be considered and evaluated by the nominating and corporate

governance committee for the annual meeting immediately succeeding the date that proper written notice was timely delivered to and received by the nominating and corporate governance committee. When the date of our annual meeting of stockholders changes by more than 30 calendar days from the previous year's annual meeting, such written notice of the recommendation for the director candidate will be considered timely if, and only if, it is received by the nominating and corporate governance committee no later than the close of business on the tenth calendar day following the first day on which notice of the date of the upcoming annual meeting is publicly disclosed by us.

Table of Contents

Written notice from an eligible stockholder or group of eligible stockholders to the nominating and corporate governance committee recommending a director candidate must contain or be accompanied by:

proof that the stockholder or group of stockholders submitting the recommendation for a director candidate has beneficially owned, for the required one-year holding period, more than 5% of our outstanding common stock;

a written statement that the stockholder or group of stockholders submitting the recommendation for a director candidate intends to continue to beneficially own more than 5% of our outstanding common stock through the date of the next annual meeting of stockholders;

the name and record address of each stockholder submitting a recommendation for the director candidate, the written consent of each such stockholder and the director candidate to be publicly identified (including, in the case of the director candidate, to be named in the company's proxy materials) and the written consent of the director candidate to serve as a member of our board of directors (and any committee of our board of directors to which the director candidate is assigned to serve by our board of directors) if elected;

a description of all arrangements or understandings between or among any of the stockholder or group of stockholders submitting the recommendation for a director candidate, the director candidate and any other person or persons (naming such person or persons) pursuant to which the submission of the recommendation for a director candidate is to be made by such stockholder or group of stockholders;

with respect to the director candidate, (1) his or her name, age, business and residential address and principal occupation or employment, (2) the number of shares of our common stock beneficially owned by him or her, (3) a resume or similar document detailing his or her personal and professional experiences and accomplishments, and (4) all other information relating to the director candidate that would be required to be disclosed in a proxy statement or other filing made in connection with the solicitation of proxies for the election of directors pursuant to the Exchange Act of 1934, the rules of the SEC, the Nasdaq Marketplace Rules or other applicable criteria of the NASD; and

a written statement that each submitting stockholder and the director candidate shall make available to the nominating and corporate governance committee all information reasonably requested in connection with the committee's evaluation of the director candidate.

The notice must be signed by each stockholder submitting the proposal and the director candidate. The notice must be sent to the following address by registered or certified mail: Kaiser Aluminum Corporation, Attn: Corporate Secretary (Nominating and Corporate Governance Committee), 27422 Portola Parkway, Suite 350, Foothill Ranch, California 92610-2831.

The nominating and corporate governance committee charter requires that all members of the nominating and governance committee satisfy the general independence criteria. The members of the nominating and corporate governance committee must include at least one of the directors either designated by the USW pursuant to our chapter 11 plan of reorganization or nominated by the USW in accordance with the Director Designation Agreement (so long as at least one such director is appropriately qualified).

The nominating and corporate governance committee currently consists of Ms. Bartholomew and Messrs. Frankel, Murdy, Osborne, Quinn and Van Leeuwen. Dr. Osborne currently serves as the chair of the nominating and corporate governance committee. During 2007, the nominating and corporate governance committee held two meetings and acted by unanimous written consent one time.

Compensation Discussion and Analysis

Introduction

This section provides (1) an overview of the compensation committee of our board of directors, (2) a discussion of the objectives of our post-emergence comprehensive compensation structure and the design of our overall 2007 compensation program for senior management, and (3) a discussion of all material elements of the 2007 compensation for each of the individuals identified in the following table, who we refer to as our named executive officers:

Name

Title

Jack A. Hockema	President and Chief Executive Officer (principal executive officer)
John Barneson	Senior Vice President – Corporate Development
John M. Donnan	Senior Vice President, General Counsel and Secretary
Daniel J. Rinkenberger(1)	Senior Vice President, Chief Financial Officer and Treasurer (current principal financial officer)
Joseph P. Bellino(2)	Executive Vice President and Chief Financial Officer (former principal financial officer)

Table of Contents

- (1) Mr. Rinkenberger, who served as our Vice President and Treasurer during 2007, was appointed as our Senior Vice President and Chief Financial Officer effective April 14, 2008. Mr. Rinkenberger also continues to serve as our Treasurer.
- (2) Mr. Bellino, who joined us in May 2006, served as our Executive Vice President and Chief Financial Officer until the termination of his employment with us on April 14, 2008.

During 2007, we continued the transition from compensation programs implemented in 2002 during our chapter 11 bankruptcy as part of our creditor-supported and court-approved key employee retention program, which we refer to as our Chapter 11 KERP, to the comprehensive compensation structure approved by the compensation committee upon our emergence from chapter 11 bankruptcy following an extensive review of all aspects of our executive compensation programs. In addition to base salary, the key components of our overall 2007 compensation program were:

A cash-based, short-term incentive plan designed to reward participants for economic value added, or EVA; and

An equity-based, long-term incentive program designed to align compensation with the interests of our stockholders and enhance retention of senior management.

Since our emergence from chapter 11 bankruptcy, two of our key objectives have been, and in 2007 continued to be, ensuring that we align our senior management and stockholders by rewarding senior management for achieving strategic goals that successfully drive our operations and enhance stockholder value and attracting, motivating and retaining executives vital to our short-term and long-term success, profitability and growth.

Overview of Compensation Committee

The compensation committee of our board of directors is comprised entirely of independent directors. By design, members of the compensation committee also serve on other board committees, including the audit committee and the nominating and corporate governance committee. We believe this structure helps coordinate the efforts of the respective committees. The compensation committee's primary duties and responsibilities are to establish and implement our compensation policies and programs for senior management. While the nominating and corporate governance committee has the responsibility to evaluate the overall performance of our chief executive officer, the compensation committee coordinates with and assists the nominating and corporate governance committee in connection with that evaluation.

The compensation committee has the authority under its charter to engage the services of outside advisors, experts and others to assist it. Pursuant to that authority, the compensation committee engaged Hewitt Associates LLC in 2006 to advise it on all matters related to compensation of our chief executive officer and other members of senior management, including the other named executive officers, and has continued to engage Hewitt in 2007 and 2008.

The compensation committee meets formally and informally throughout the year. Informal meetings frequently occur when our directors are together for meetings of the full board of directors and telephonically at the request of one or more committee members. Our chief executive officer, other members of our management and outside advisors may be invited to attend all or a portion of a compensation committee meeting depending on the nature of the agenda items; however, neither our chief executive officer nor any other member of management votes on items before the compensation committee.

The compensation committee works with our senior management and Hewitt to determine the agenda for its formal meetings and to prepare meeting materials. The compensation committee and board of directors also solicit the views of our chief executive officer on compensation matters, including, among others:

Objectives for our compensation programs;

Structure of our compensation programs;

Succession planning; and

Compensation of other members of senior management, including the other named executive officers.

Objectives of our Comprehensive Compensation Structure

Our comprehensive compensation structure was developed in 2006 in connection with our emergence from chapter 11 bankruptcy to achieve the following objectives, which we believe are critical for enhancing stockholder value and our long-term success:

Creating alignment between senior management and our stockholders by rewarding senior management for achieving strategic goals that successfully drive our operations and enhance stockholder value;

Attracting, motivating and retaining highly experienced executives vital to our short-term and long-term success, profitability and growth;

Differentiating senior management compensation based on actual performance; and

Providing targeted compensation levels that are benchmarked to our compensation peer group discussed below as follows:

for base salary, the 50th percentile;

for annual cash incentives at target-level performance, the 50th percentile; and

for annualized economic equity grant value of long-term incentives, between the 50th and the 65th percentiles.

Design of our Overall 2007 Compensation Program

Our overall 2007 compensation program for senior management, including the named executive officers, reinforces performance and accountability at both the corporate and individual levels. In addition to focusing on pay for performance, our overall 2007 compensation program:

Balanced short-term and long-term goals, with:

approximately 50% of the chief executive officer's target total compensation being delivered through long-term incentives; and

approximately 40% of the target total compensation for the other named executive officers being delivered through long-term incentives;

Delivered a mix of fixed and at-risk compensation directly related to our overall performance and the creation of stockholder value, with:

approximately 70% of the chief executive officer's target total compensation being at-risk compensation; and

approximately 60% of the target total compensation for the other named executive officers being at-risk compensation;

Provided compensation that is competitive with our compensation peer group;

Used equity-based awards, stock ownership guidelines and annual incentives linked to stockholder value and achievement of corporate, segment and individual performance; and

Used forfeiture provisions that can result in the loss of equity-based awards and resulting benefits if we determine a recipient, including any of the named executive officers, has engaged in certain activities detrimental to us.

Periodically, but not less than annually, each element of compensation is reviewed and considered by the compensation committee and our board of directors both individually and collectively with the other elements of compensation to ensure that it is consistent with the objectives of both our post-emergence comprehensive compensation structure and that particular element of compensation. Any suggestions or concerns identified in the course of that review and consideration are shared with senior management and Hewitt and addressed in a manner that is satisfactory to the compensation committee and our board of directors. This process occurs over a series of

Table of Contents

meetings of the compensation committee, the board of directors and the independent directors meeting in executive sessions without members of management present.

In designing the overall compensation program, as well as the individual compensation, for senior management, including the named executive officers, for any particular year, the compensation committee considers the following factors, among others:

The external challenges to our near- and long-term ability to attract and retain strong senior management;

Each individual's contributions to our overall results;

Our historical and anticipated operating and financial performance compared with targeted goals; and

Our size and complexity compared with companies in our compensation peer group.

The compensation committee uses tally sheets that provide a summary of the compensation history of our chief executive officer and those members of senior management reporting to the chief executive officer. These tally sheets, which are prepared by our senior management and Hewitt, include a historical summary of base salary, annual bonus and equity awards.

The compensation committee also reviews the compensation and benefit practices, as well as levels of pay, of a compensation peer group of companies. In 2006, working with Hewitt, our management selected for inclusion in the compensation peer group companies that were determined to: (1) be of a similar size; (2) have positions of similar complexity and scope of responsibility; and/or (3) compete with us for talent. Our management, working with Hewitt, reviews, evaluates and updates the compensation peer group, which includes companies in both similar and different industries, at least annually. For 2007, our compensation peer group consisted of the following 37 companies:

Ameron International Corporation
Ash Grove Cement Company
Bandag, Incorporated
Bemis Manufacturing Company
Brady Corporation
Briggs & Stratton Corporation
Cameron International Corporation
The David J. Joseph Company
Donaldson Company, Inc.
EDO Corporation
ESCO Technologies Inc.
Fellowes, Inc.
Graco Inc.
Joy Global Inc.
Kaman Corporation
Kennametal Inc.
Lord Corporation
Martin Marietta Materials, Inc.
Milacron Inc.

Mittal Steel USA Inc.
Neenah Paper, Inc.
Olin Corporation
OMNOVA Solutions Inc.
Pella Corporation
Polaris Industries Inc.
Rayonier Inc.
Ryerson, Inc.
Sauer-Danfoss Inc.
Solar Turbines Incorporated
Spring Global US, Inc.
SPS Technologies, Inc.
Steelcase Inc.
Texas Industries, Inc.
The Timken Company
Valmont Industries, Inc.
Vulcan Materials Company
Walter Industries, Inc.

There were no changes to our compensation peer group in 2007 as compared to 2006 other than changes as a result of mergers, acquisitions and restructurings involving individual companies in our compensation peer group. Importantly, the compensation committee recognizes that we compete for talent with companies much larger than those included in our compensation peer group. These larger companies aggressively recruit for the best qualified talent in particularly critical functions. As a result, to attract and retain talent, the compensation committee may from time to time determine that it is in the best interests of our company and stockholders to provide compensation packages that deviate from targeted pay levels.

Table of Contents**Elements of Compensation**

Elements of compensation for 2007 included base salary, annual cash incentives, long-term incentives, retirement benefits and certain perquisites.

Base salary

The compensation committee annually reviews base salaries for our chief executive officer and those members of senior management reporting to the chief executive officer, including the other named executive officers, and determines if a change is appropriate. In reviewing base salaries, the compensation committee considers factors, including, among others:

Level of responsibility;

Prior experience;

Base salaries paid for comparable positions by our compensation peer group; and

The relationship among base salaries paid within our company.

The intent is to fix base salaries at levels consistent with the design of the overall compensation program for the particular year. During 2007, the compensation committee increased the base salaries of our named executive officers by 3.7% to 4.0%, principally to align base salaries with targeted levels based on a review of our compensation peer group. Base salaries for our named executive officers in 2007 were as follows:

Name	Amount of Base Salary	
	Increase for 2007	2007 Base Salary
Jack A. Hockema	\$ 28,000	\$ 758,000
John Barneson	\$ 11,000	\$ 291,000
John M. Donnan	\$ 10,000	\$ 270,000
Daniel J. Rinkenberger	\$ 9,000	\$ 234,000
Joseph P. Bellino	\$ 13,000	\$ 363,000

Annual cash incentives

In 2007, we completed our transition from the annual incentive programs implemented during our chapter 11 bankruptcy using a variety of measures, including earnings before interest, taxes, depreciation and amortization, or EBITDA, economic value added, or EVA, and return on net assets, to a short-term incentive plan using solely an EVA measure.

Our 2007 Short-Term Incentive Plan, which we refer to as our 2007 STI Plan, was designed to reward participants for EVA of our core Fabricated Products business, including corporate expenses, with modifiers for safety performance (as measured by the total case incident rate), segment performance and individual performance. The 2007 STI Plan was consistent with the post-emergence comprehensive compensation structure and the design of the overall 2007 compensation program. Under the 2007 STI Plan, EVA equaled our pre-tax operating income (subject to certain adjustments) less a capital charge, calculated as a percentage of our net assets (subject to certain adjustments). The

adjustments to EVA included, among others:

Removing results of our Primary Aluminum business to reflect the fact that it is not a core business;

Removing discontinued or legacy operations;

Eliminating fresh start accounting adjustments, including the approximately \$49 million reduction of our total assets (and the resulting higher payouts those adjustments might otherwise create);

Eliminating VEBA assets and liabilities;

Excluding capital expenditures in progress; and

Adding the capitalized value of long-term leases.

Table of Contents

The 2007 STI Plan provided a threshold performance level below which no payout would be made, a target performance level at which the target payout was available and a maximum performance level at or above which the maximum payout would be available. Payout opportunities ranged from zero up to three times the target payout amount. Performance in excess of the threshold resulted in an increase in the overall incentive pool by 6% of adjusted operating income in excess of the threshold performance up to the maximum payout opportunity.

Threshold and maximum payouts required a return on net assets of approximately 7.5% and 35%, respectively, and would have resulted in payouts equal to one-half and three times target, respectively. In addition, the 2007 STI Plan tied pay to performance, only increased the incentive pool by only 6% of operating income for returns in excess of threshold performance (subject to the payout maximum) when performance exceeded threshold performance and did not dilute the performance required as we continued to invest in our business.

At the beginning of 2007, a monetary incentive target was established under the 2007 STI Plan for each participant based on a percentage of base salary, with such percentage generally determined based on, among other things:

A targeted level benchmarked to the 50th percentile of our compensation peer group;

Internal compensation balance; and

Position responsibilities.

When establishing the performance levels for the 2007 STI Plan, the compensation committee reviewed and discussed with both senior management and the board of directors:

Our business plan and its key underlying assumptions;

The expectations under then-existing and anticipated market conditions; and

The opportunity to generate stockholder value.

In addition to being designed to reward participants for EVA, the 2007 STI Plan recognized that our business is cyclical. The EVA target for 2007 was set at a level believed to be achievable in the then-existing economic environment if management performed as expected. Applying historical performance to the 2007 STI Plan, the annual cash incentive compensation over the nine years prior to 2007 would have averaged approximately 60% of target and there would have been no such compensation in six out of those nine years.

Our key strategic initiatives for 2007 were established at the beginning of 2007 through a series of board and committee meetings. These initiatives were consistent with the business and strategic plan previously approved by our board and included specific actions expected to:

Enhance our position as the supplier of choice for our customers;

Facilitate our being a low cost producer by controlling costs beyond inflation;

Achieve profitable sales growth through organic and external growth;

Expand and enhance the deployment of the Kaiser Production System;

Sustain financial strength to provide strategic flexibility in all phases of the business cycle; and

Continue to improve our standing as a valued corporate citizen.

Individual performance goals for other members of senior management, including the other named executive officers, were established by our chief executive officer and consistent with the 2007 key strategic initiatives.

Based on the Fabricated Products business results and safety performance, as well as segment and individual performance, a participant's base award could be modified, in the aggregate, up to plus or minus 100 percent of the incentive target or base award, subject to an overall cap on the aggregate award of three times the incentive target. A cash pool was established based upon the award multiple multiplied by the sum of individual monetary incentive targets for all plan participants. Although individual monetary awards could be adjusted up or down, the entire cash pool was paid to participants.

Table of Contents

In early 2008, our actual results for 2007, EVA based on those results and the resulting award multiple were determined. Each participant's base award under the 2007 STI Plan was determined by multiplying his or her monetary incentive target by the award multiple. The compensation committee, the nominating and corporate governance committee and our board of directors also reviewed the actual performance of both our company and our chief executive officer for the 2007 performance period as compared to the 2007 key strategic initiatives and performance goals.

Based on the 2007 results, the compensation committee determined the 2007 STI Plan award multiple to be approximately 2.3. The effective award multiple for our named executive officers, other than Mr. Rinkenberger was approximately 2.2. The award multiples for our named executive officers were less than the approximately 2.3 2007 STI Plan award multiple approved by the compensation committee, as a result of higher payouts awarded to other participants in the 2007 STI Plan and the dilutive effect of those higher payouts on the rest of the pool available for distribution. Mr. Rinkenberger's multiple was approximately 2.3 as a result of a positive multiplier based on individual performance.

The table below sets forth for the 2007 STI Plan the possible payouts that could have been earned by our named executive officers at each performance level and the actual amounts earned by them.

Name	Below Threshold	Threshold	Target	Maximum	Actual
Jack A. Hockema	\$ 0	\$ 259,615	\$ 519,230	\$ 1,557,690	\$ 1,127,200
John Barneson	\$ 0	\$ 65,475	\$ 130,950	\$ 392,850	\$ 284,500
John M. Donnan	\$ 0	\$ 60,750	\$ 121,500	\$ 364,500	\$ 262,800
Daniel J. Rinkenberger	\$ 0	\$ 41,950	\$ 78,000	\$ 245,700	\$ 177,900
Joseph P. Bellino	\$ 0	\$ 90,750	\$ 181,500	\$ 544,500	\$ 395,300

Long-term incentives

On March 30, 2007, the compensation committee approved grants of restricted stock and option rights for the named executive officers, with such grants being effective April 3, 2007. In making such grants, the compensation committee established a target monetary value for the equity grants to be made to each named executive officer and determined that each named executive officer should receive restricted stock having an economic value equal to 75% of his target monetary value and option rights having an economic value equal to 25% of his target monetary value. The use of restricted stock and option rights was determined by the compensation committee to effectively align long-term incentive compensation with the interests of our stockholders and enhance retention through the use of three-year cliff vesting on April 3, 2010 for the restricted stock and ratable vesting over the three-year period from the grant date through April 3, 2010 for the options rights.

Name	Target Monetary Value(1)	Number of Shares of Restricted Stock	Number of Shares of Common Stock for Which Option Rights are Exercisable
-------------	---	---	---

Jack A. Hockema	\$	1,250,000	13,239(2)	8,037(3)
John Barneson	\$	363,000	3,844(2)	2,334(3)
John M. Donnan	\$	324,000	3,431(2)	2,083(3)
Daniel J. Rinkenberger	\$	125,000	1,323(2)	803(3)
Joseph P. Bellino	\$	476,000	5,041(4)	3,060(5)

- (1) For purposes of these grants, (a) restricted stock was determined to have an economic value of \$70.81 per share (calculated using (i) the \$80.01 closing price per share of our common stock as reported on the Nasdaq Global Select Market on April 3, 2007 and (ii) an 11.5% discount factor to take into account the applicable restriction period) and (b) option rights were determined to have an economic value of \$38.88 per share of common stock purchasable upon exercise thereof (calculated by Hewitt using a modified Black-Scholes valuation).
- (2) The restrictions on 100% of the shares of restricted stock granted will lapse on April 3, 2010 or earlier if the named executive officer's employment terminates as a result of death or disability (or, in the case of Mr. Hockema, retirement), the named executive officer's employment is terminated by us without cause,

Table of Contents

the named executive officer's employment is voluntarily terminated by him for good reason or in the event of a change in control.

- (3) The option rights granted became exercisable as to one-third of the total number of shares of common stock for which they are exercisable on April 3, 2008 and will become exercisable as to one-third of the total number of shares of common stock for which they are exercisable on each of April 3, 2009 and April 3, 2010 or earlier if the named executive officer's employment terminates as a result of death or disability (or, in the case of Mr. Hockema, retirement), the named executive officer's employment is terminated by us without cause, the named executive officer's employment is voluntarily terminated by him for good reason or in the event of a change in control. The purchase price per share payable upon exercise of each option right is \$80.01, the closing price per share of our common stock as reported on the Nasdaq Global Select Market on April 3, 2007. The option rights granted terminate on April 3, 2017, unless terminated earlier in accordance with their terms.
- (4) Pursuant to a letter agreement that we entered into with Mr. Bellino on April 16, 2008, regarding the termination of his employment with us, which we refer to as Mr. Bellino's severance agreement, all of these shares of restricted stock were cancelled effective April 16, 2008. See Employment-Related Agreements and Certain Employee Benefit Plans Agreements with Joseph P. Bellino below.
- (5) Pursuant to Mr. Bellino's severance agreement, all of these option rights were cancelled effective April 16, 2008.

Upon our emergence from chapter 11 bankruptcy in July 2006, each of our named executive officers (other than Mr. Bellino, who joined us in May 2006), as well as other members of senior management, received an emergence grant of restricted stock. The compensation committee determined that the emergence grants to senior management were appropriate to retain senior management, including the named executive officers, and to immediately align the interests of senior management with the interests of our stockholders. The compensation committee also wanted to recognize and reward the commitment and efforts of members of senior management through the four and one-half years we were in chapter 11 bankruptcy and their ability during that period to both grow our Fabricated Products business and complete a restructuring that allowed us to emerge with a strong balance sheet and platform for future growth. The compensation committee accomplished these objectives by providing stock ownership of approximately two percent of our outstanding common stock in the aggregate to members of senior management, including our named executive officers, through the issuance of restricted stock with three-year cliff vesting precluding the recipients from becoming unconditionally entitled to receive any of the shares granted at emergence until July 6, 2009, subject to certain exceptions related to the termination of employment.

The size of the emergence grants was developed based on extensive data provided by Hewitt on emergence grant practices at other companies emerging from chapter 11 bankruptcy. Mr. Bellino, who joined us in May 2006, did not receive an emergence grant but did receive a grant of shares of restricted stock based on an analysis of competitive market practice for a normal annual grant and the terms of his employment agreement. The table below summarizes the grants made to our named executive officers in July 2006:

Name	Number of Shares of Restricted Stock
Jack A. Hockema	185,000
John Barneson	48,000
John M. Donnan	45,000
Daniel J. Rinkenberger	24,000
Joseph P. Bellino	15,000(1)

- (1) Pursuant to Mr. Bellino's severance agreement, the restrictions on 100% of these shares of restricted stock lapsed effective April 16, 2008.

Recognizing that our business is cyclical and that the market value of our common stock may fluctuate during business cycles, the compensation committee also intended the grants to provide an incentive for the named executive officers and other members of senior management to remain with us throughout business cycles. While the emergence grants are viewed as a one-time event, the compensation committee took the emergence grants into

Table of Contents

account when it made the 2007 equity grants described above and the 2008 equity grants described below and will continue to take the emergence grants into account in the design of future compensation programs and awards.

Retirement benefits

We no longer maintain a defined benefit pension plan or retiree medical program that covers members of senior management. Retirement benefits to our senior management, including Messrs. Hockema, Barneson, Donnan and Rinkenberger, are currently provided through a defined contribution retirement program consisting of the following two principal plans:

the Kaiser Aluminum Savings and Investment Plan, a tax-qualified profit-sharing and 401(k) plan (which we refer to as our Savings Plan); and

a nonqualified and unsecured deferred compensation plan intended to restore benefits that would be payable to participants in the Savings Plan but for the limitations on benefit accruals and payments imposed by the Internal Revenue Code (which we refer to as our Restoration Plan).

Each of these plans is discussed more fully below. Although these plans provide reduced benefits to members of senior management when compared to the benefits available prior to and during our chapter 11 bankruptcy, the compensation committee believes that they support the objectives of our post-emergence comprehensive compensation structure, including the ability to attract and retain senior and experienced mid- to late-career executives for critical positions within our organization.

The defined contribution retirement program has three primary components, which are discussed more fully below:

A company match of the employee's pre-tax deferrals under our Savings Plan;

A company contribution to the employee's account under our Savings Plan; and

A company contribution to the employee's account under our Restoration Plan.

Under the terms of our Restoration Plan, cash balances are maintained in a rabbi trust where they remain subject to the claims of our creditors and are otherwise invested in funds designated by each individual from a menu of possible investments. In addition, the cash balances maintained in the rabbi trust are forfeited if the individual is terminated for cause.

Perquisites

During 2007, all of our named executive officers received a vehicle allowance and Messrs. Barneson and Bellino were reimbursed for admission to, and the dues for, a club membership. Additionally, we reimbursed the housing and other expenses incurred by Mr. Bellino in connection with the completion of his relocation to California. Our use of perquisites as an element of compensation is limited and is largely based on business-related entertainment needs and the historical practices and policies of our company. We do not view perquisites as a significant element of our comprehensive compensation structure but do believe that they can be used in conjunction with base salary to attract, motivate and retain individuals in a competitive environment.

Stock Ownership Guidelines

In order to further align the interests of senior management, including the named executive officers, with those of our stockholders, we have stock ownership guidelines. Under those guidelines, members of our senior management are expected to hold common stock having a value equal to a multiple of their base salary as determined by their position. The guidelines contemplate a multiple of five times base salary for our chief executive officer and three times base salary for the other named executive officers. Each member of senior management covered by our stock ownership guidelines is expected to retain at least 75 percent of the net shares resulting from equity compensation awards until he or she achieves the applicable ownership level contemplated by the stock ownership guidelines. For purposes of these guidelines, stock ownership includes shares over which the holder has direct or indirect ownership or control, including restricted stock and restricted stock units, but does not include

Table of Contents

unexercised stock options. The ownership guidelines are expected to be met within five years. Based on the closing price per share of our common stock as reported on the Nasdaq Global Select Market on March 3, 2008, each of Messrs. Hockema, Barneson, Donnan and Rinkenberger owns common stock above the applicable stock ownership requirements under the stock ownership guidelines.

Employment Contracts, Termination of Employment Arrangements and Change-in-Control Arrangements

As discussed more fully below, in 2006 we entered into employment agreements with Messrs. Hockema and Bellino. The decisions to enter into employment agreements and the terms of those agreements were based on the facts and circumstances at the time and an analysis of competitive market practice. The compensation committee, working with Hewitt, determined that employment agreements and the negotiated terms of those agreements were consistent with market practice. The compensation committee also determined that entering into an employment agreement with Mr. Hockema was important to, among other things:

Provide an economic incentive for Mr. Hockema to delay his retirement until at least July 2011;

Improve our ability to retain other key members of senior management; and

Provide assurance to our customers and other stakeholders of the continuity of senior management for an extended period beyond our emergence from chapter 11 bankruptcy.

In each case, the compensation committee determined that the agreements and the terms of those agreements were in the best interests of our company and stockholders.

Also, as discussed more fully below, we provide Messrs. Hockema, Barneson, Donnan and Rinkenberger with benefits related to terminations of employment in specified circumstances, including in connection with a change in control, by us without cause and by the named executive officer with good reason, and Mr. Bellino, whose employment with us terminated on April 14, 2008, was also the beneficiary of such protections. These protections limit our ability to downwardly adjust certain aspects of compensation, including base salaries and target incentive compensation, without triggering the ability of the affected named executive officer to receive termination benefits. The compensation committee views these termination protection benefits as an important component of the total compensation package for each of our senior executive officers. In the view of the compensation committee, these protections help to maintain the senior executive officer's objectivity in decision-making and provide another mechanism to align the interests of the senior executive officer with the interests of our stockholders.

Tax Deductibility

Section 162(m) of the Internal Revenue Code limits the deductibility of compensation in excess of \$1 million paid to our chief executive officer and our four other highest-paid executive officers unless certain specific and detailed criteria are satisfied. We believe that it is often desirable and in our best interests to deduct compensation payable to our executive officers. In this regard, the compensation committee considers the anticipated tax treatment to our company and our executive officers in the review and establishment of compensation programs and payments. Although the various components of our compensation program are not fully deductible under Section 162(m), management and the compensation committee continue to evaluate steps that can be taken to increase or otherwise preserve deductibility. In the interim, the compensation committee has determined that we will not limit compensation to that deductible under Section 162(m), particularly in light of the substantial tax attributes, including net operating loss carry-forwards, available to us to offset taxable income.

Actions With Respect to 2008 Compensation

Set forth below is a brief discussion of actions taken since December 31, 2007 with respect to our 2008 compensation of our senior management, including the named executive officers.

Table of Contents*Base Salary*

Base salaries for 2008 were fixed effective April 1, 2008. Base salaries for our named executive officers were adjusted as follows:

Name	Amount of Base Salary Increase	Base Salary
Jack A. Hockema	\$ 29,000	\$ 787,000
John Barneson	\$ 11,000	\$ 302,000
John M. Donnan	\$ 25,000	\$ 295,000
Daniel J. Rinkenberger	\$ 8,000	\$ 242,000
Joseph P. Bellino	\$ 14,000	\$ 377,000

As indicated by the table above, the compensation committee increased the base salaries by 3.4% to 3.9% for all of our named executive officers other than Mr. Donnan, principally to align base salaries with targeted levels based on a review of our compensation peer group. Mr. Donnan's increase was 9.3% and also reflected his assumption of additional responsibilities with respect to environmental, health, safety and product liability matters in late 2007.

On April 14, 2008, Mr. Bellino's employment with us terminated, and Mr. Rinkenberger became our Senior Vice President and Chief Financial Officer, as well as our Treasurer. To reflect Mr. Rinkenberger's increased responsibilities in his new position, the compensation committee increased Mr. Rinkenberger's base salary for 2008 by an additional \$58,000 to \$300,000, effective April 16, 2008.

Short-Term Incentive Plan

On February 27, 2008, the compensation committee approved a short-term incentive plan for 2008, which we refer to as our 2008 STI Plan. Like the 2007 STI Plan, the 2008 STI Plan is designed to reward participants for EVA of our core Fabricated Products business with modifiers for safety performance (as measured by the total case incident rate), business unit performance and individual performance. Under the 2008 STI Plan, EVA will equal our pre-tax operating income (subject to certain adjustments) less a capital charge, calculated as a percentage of our net assets (subject to certain adjustments). The 2008 STI Plan provides for (1) a threshold performance level below which no payout is made, a target performance level at which the target award is available and a performance level at or above which the maximum payout is available, and (2) minimum and maximum payout opportunities ranging from zero up to three times the target payout amount. The table below sets forth the estimated future payouts that can be earned by each of the named executive officers under the 2008 STI Plan below threshold performance levels and at the threshold, target and maximum performance levels.

Name	Below Threshold	Threshold	Target	Maximum
Jack A. Hockema	\$ 0	\$ 269,548	\$ 539,095	\$ 1,617,285
John Barneson	\$ 0	\$ 67,950	\$ 135,900	\$ 407,700
John M. Donnan	\$ 0	\$ 73,750	\$ 149,860	\$ 442,500
Daniel J. Rinkenberger(1)	\$ 0	\$ 75,000	\$ 150,000	\$ 450,000
Joseph P. Bellino(2)	\$ 0	\$ 94,250	\$ 188,500	\$ 565,500

- (1) In connection with Mr. Rinckenberger's appointment as our Senior Vice President and Chief Financial Officer, the compensation committee increased Mr. Rinckenberger's threshold, target and maximum payout for 2008 from \$42,350, \$81,070 and \$254,100, respectively, to \$75,000, \$150,000 and \$450,000.
- (2) In accordance with Mr. Bellino's severance agreement, Mr. Bellino was paid \$54,078 in respect of the 2008 STI Plan in April 2008, which amount represents the prorated portion of his target payout amount for 2008 determined based on the actual number of days of his employment with us in 2008.

Under the 2008 STI Plan, a pro rata incentive award is earned based on actual eligibility during the performance period if prior to December 31, 2008 a participant (1) dies, (2) retires under normal retirement (age 62) or in connection with full early retirement (position elimination), (3) is involuntarily terminated due to

Table of Contents

position elimination, or (4) becomes disabled. Under the 2008 STI Plan, incentive awards are forfeited for voluntary terminations without good reason prior to December 31, 2008. A participant will be entitled to the full payment of his or her award if his or her employment terminates on or after December 31, 2008, unless the participant's employment is voluntarily terminated by him or her without good reason or by us for cause, in which case he or she would forfeit the award.

Long-term incentives

On February 27, 2008, the compensation committee approved a long-term incentive program for 2008 through 2010, which we refer to as our 2008-2010 LTI Program. The 2008-2010 LTI Program was designed to enhance and increase the pay-for-performance and retention features of our overall 2008 compensation program by rewarding participants with (1) a fixed number of shares of restricted stock that vest over time and (2) a fixed number of performance shares that vest, if at all, based on the average annual EVA of our core Fabricated Products business for 2008, 2009 and 2010. EVA under the 2008-2010 LTI Program will equal our pre-tax operating income (subject to certain adjustments) less a capital charge, calculated as a percentage of our net assets (subject to certain adjustments). The 2008-2010 LTI Program provides with respect to the performance shares for (1) a threshold performance level at which no performance shares will vest, a target performance level at which the target number of performance shares will vest and a performance level at or above which the maximum number of performance shares will vest and (2) minimum and maximum vesting opportunities ranging from zero up to two times the target number. Each performance share that becomes vested entitles the participant to receive one share of our common stock.

On February 27, 2008, to effectuate the 2008-2010 LTI Program, the compensation committee approved the following grants of restricted stock and performance shares, with such grants being effective as of March 3, 2008, for the named executive officers:

Name	Number of Shares of Restricted Stock	Number of Performance Shares
Jack A. Hockema	9,805(1)	23,416(2)
John Barneson	2,847(1)	6,801(2)
John M. Donnan	2,681(1)	6,404(2)
Daniel J. Rinkenberger	982(1)	2,345(2)
Joseph P. Bellino	3,731(3)	8,912(3)

- (1) The restrictions on 100% of the shares of restricted stock granted will lapse on March 3, 2011 or earlier if the named executive officer's employment terminates as a result of death or disability (or, in the case of Mr. Hockema, retirement), the named executive officer's employment is terminated by us without cause, the named executive officer's employment is voluntarily terminated by him for good reason or in the event of a change in control.
- (2) The table below sets forth the number of performance shares that will become vested for each of Messrs. Hockema, Barneson, Donnan and Rinkenberger under the 2008-2010 LTI Program at the threshold, target and maximum performance levels:

Name	Threshold	Target	Maximum
-------------	------------------	---------------	----------------

<i>Jack A. Hockema</i>	0	11,708	23,416
<i>John Barneson</i>	0	3,400	6,801
<i>John M. Donnan</i>	0	3,202	6,404
<i>Daniel J. Rinkenberger</i>	0	1,172	2,345

The number of performance shares, if any, that vest based on the level of performance achieved during the three-year performance period will vest on the later to occur of March 3, 2011 and the date on which we certify the performance level achieved during the three-year performance period. If, prior to December 31, 2010, the named executive officer's employment terminates as a result of death or disability (or, in the case of Mr. Hockema, retirement), the named executive officer's employment is terminated by us without cause,

Table of Contents

the named executive officer's employment is voluntarily terminated by him for good reason or in the event of a change in control, the target number of performance shares will vest. If the named executive officer's employment terminates on or after December 31, 2010 but on or prior to the vesting date, the number of performance shares, if any, that will vest upon any of the foregoing events will be determined based on the performance level achieved during the three-year performance period, except that the performance shares will be forfeited if the executive officer's employment is terminated by us for cause or is voluntarily terminated by him without good reason.

- (3) Pursuant to Mr. Bellino's severance agreement, all of these shares of restricted stock and performance shares were cancelled effective April 16, 2008.

In connection with Mr. Rinkenberger's appointment as our Senior Vice President and Chief Financial Officer, the compensation committee approved grants of additional 1,939 shares of restricted stock and 4,632 performance shares to Mr. Rinkenberger effective April 14, 2008. The restrictions on 100% of such shares of restricted stock will lapse on the same basis as the shares of restricted stock granted to Mr. Rinkenberger effective March 3, 2008. Similarly, such performance shares will vest on the same basis as the performance shares granted to Mr. Rinkenberger effective March 3, 2008.

Summary Compensation Table

The table below sets forth information regarding compensation for our named executive officers: (1) Jack A. Hockema, our President, Chief Executive Officer and Chairman of the Board; (2) Joseph P. Bellino, our former Executive Vice President and Chief Financial Officer (who joined us in May 2006 and served until April 14, 2008); and (3) each of John Barneson, John M. Donnan and Daniel J. Rinkenberger, our three other most highly compensated executive officers (based on total compensation for 2007). Mr. Rinkenberger, who served as our Vice President and Treasurer during 2006 and 2007, was appointed as our Senior Vice President and Chief Financial Officer effective April 14, 2008. Mr. Rinkenberger also continues to serve as our Treasurer.

- (1) Mr. Rinkenberger was not included as a named executive officer in the summary compensation table contained in the proxy statement relating to our 2007 meeting of stockholders. Accordingly, this table does not set forth information regarding his 2006 compensation.
- (2) Reflects the value of restricted stock awards granted to our named executive officers based on the compensation cost of the awards with respect to the applicable fiscal year, computed in accordance with Financial Accounting Standards Board Statement of Financial Accounting Standards No. 123 (revised 2004), Share-

Table of Contents

Based Payment, which we refer to as SFAS No. 123-R, but excluding any impact of assumed forfeiture rates. For additional information regarding the compensation cost of stock awards with respect to our 2007 fiscal year, see Note 11 of the Notes to Consolidated Financial Statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2007.

- (3) Reflects the value of option awards granted to our named executive officers based on the compensation cost of the awards with respect to the applicable fiscal year, computed in accordance with SFAS No. 123-R, but excluding any impact of assumed forfeiture rights. For additional information regarding the compensation costs of option awards with respect to our 2007 fiscal year, see Note 11 of the Notes to Consolidated Financial Statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2007.
- (4) Includes payments made under our Chapter 11 Long-Term Incentive Plan, pursuant to which key management employees accrued cash awards based on our attainment of sustained cost reductions above \$80 million annually for the four and one-half year period from 2002 through our emergence from chapter 11 bankruptcy in July 2006. The total amounts accrued under our Chapter 11 Long-Term Incentive Plan during the four and one-half year period for Messrs. Hockema, Barneson, Donnan and Rinkenberger were as follows: Mr. Hockema, \$3,298,880; Mr. Barneson, \$693,876; Mr. Donnan, \$208,575; and Mr. Rinkenberger, \$123,609. Annual awards during this period were approximately 81% of target in 2002 and 2003; 61% of target in 2004; (16%) of target in 2005; and 40% of target in 2006, with an average award of approximately 55% of target over the four and one-half year period. For each of Messrs. Hockema, Barneson, Donnan and Rinkenberger, approximately one-half of the total amounts accrued under our Chapter 11 Long-Term Incentive Plan was paid in August 2006 following our emergence, as follows: Mr. Hockema, \$1,649,440; Mr. Barneson, \$346,938; Mr. Donnan, \$104,554; and Mr. Rinkenberger, \$63,072. For each of Messrs. Hockema, Barneson, Donnan and Rinkenberger, the remaining portion of the total amounts accrued under our Chapter 11 Long-Term Incentive Plan was paid in July 2007, as follows: Mr. Hockema, \$1,593,995; Mr. Barneson, \$335,276; Mr. Donnan, \$100,524; and Mr. Rinkenberger, \$60,537. Mr. Bellino who, joined us in May 2006, did not participate in the Chapter 11 Long-Term Incentive Plan.
- (5) Includes payments under our short-term incentive plans. Pursuant to such short-term incentive plans, key management employees earned cash awards based on the financial and safety performance of our Fabricated Products business, the performance of the particular segment to which the employee was assigned and individual performance objectives. For 2007, individual monetary awards paid to the named executive officers under the 2007 STI Plan, which were paid in March 2008, were as follows: Mr. Hockema, \$1,127,200; Mr. Bellino, \$395,300; Mr. Barneson, \$284,500; Mr. Donnan, \$262,800; and Mr. Rinkenberger, \$177,900. For 2006, individual monetary awards paid to the named executive officers under our 2006 Short-Term Incentive Plan, which were paid in March 2007, were as follows: Mr. Hockema, \$825,490; Mr. Bellino, \$288,892; Mr. Barneson, \$208,003; and Mr. Donnan, \$193,145.
- (6) Reflects the aggregate change in actuarial present value of the named executive officer's accumulated benefit under a defined pension benefit plan previously mentioned by us for our salaried employees, which we refer to as our Old Pension Plan, during the applicable fiscal year. For 2007, reflects the aggregate change in actuarial present value calculated by (a) assuming mortality according to the RP-2000 Combined Health mortality table published by the Society of Actuaries and (b) applying a discount rate of 5.75% per annum to determine the actuarial present value of the accumulated benefit at December 31, 2006 and a discount rate of 6.00% per annum to determine the actuarial present value of the accumulated benefit at December 31, 2007. For 2006, reflects the aggregate change in actuarial present value (except for a negative aggregate change of \$(603) for Mr. Donnan) calculated by (a) assuming mortality according to the RP-2000 Combined Health mortality table published by the Society of Actuaries and (b) applying a discount rate of 5.50% per annum to determine the actuarial present value of the accumulated benefit at December 31, 2005 and a discount rate of 5.75% per

annum to determine the actuarial present value of the accumulated benefit at December 31, 2006. Effective December 17, 2003, the Pension Benefit Guaranty Corporation, or PBGC, terminated and effectively assumed responsibility for making benefit payments in respect of our Old Pension Plan, whereupon all benefit accruals under the Old Pension Plan ceased and benefits available thereunder to certain salaried employees, including Messrs. Hockema and Barneson, were significantly reduced due to the limitations on benefits payable by the PBGC. Above-market or preferential earnings are not available under our Restoration Plan, which is our only

plan or arrangement pursuant to which compensation may be deferred on a basis that is not tax-qualified, or any of our other benefit plans.

- (7) Includes contributions made by us under our Savings Plan. For 2007, includes contributions as follows: Mr. Hockema, \$23,975; Mr. Barneson, \$29,708; Mr. Donnan, \$22,200; Mr. Rinkenberger, \$20,523; and Mr. Bellino, \$13,400. For 2006, includes contributions as follows: Mr. Hockema, \$22,883; Mr. Barneson, \$24,225; and Mr. Donnan, \$21,133. In 2006, we did not make contributions under our Savings Plan to Mr. Bellino, who joined us in May 2006.
- (8) Includes contributions made by us under our Restoration Plan (which is intended to restore the benefit of contributions that we would have otherwise paid to participants under our Savings Plan but for limitations imposed by the Internal Revenue Code). For 2007, includes contributions as follows: Mr. Hockema, \$135,916; Mr. Barneson, \$31,025; Mr. Donnan, \$14,800; Mr. Rinkenberger, \$10,528; and Mr. Bellino, \$0. In 2007, contributions to Mr. Bellino under our Savings Plan were not subject to limitations imposed by the Internal Revenue Code. For 2006, includes contributions as follows: Mr. Hockema, \$105,037; Mr. Barneson, \$27,873; and Mr. Donnan, \$9,809. In 2006, Mr. Bellino, who joined us in May 2006, did not participate in our Restoration Plan.
- (9) Includes amounts paid to Messrs. Hockema and Barneson under our Chapter 11 Retention Plan. The total amounts withheld from Messrs. Hockema and Barneson under our Chapter 11 Retention Plan were as follows: Mr. Hockema, \$730,000; and Mr. Barneson, \$250,000. One-half of the total retention payments withheld from Messrs. Hockema and Barneson under the Chapter 11 Retention Plan (\$365,000 and \$125,000, respectively) was paid to them in August 2006 following our emergence from chapter 11 bankruptcy, and the remaining one-half of the total amount withheld from each of Messrs. Hockema and Barneson (\$365,000 and \$125,000, respectively) was paid to them in July 2007.
- (10) Includes the cost to us of perquisites and other personal benefits for Mr. Hockema. For 2007, includes such costs as follows: vehicle allowance, \$14,570. For 2006, includes such costs as follows: club membership dues, \$3,780; legal fees and expenses incurred by Mr. Hockema in connection with the negotiation and consummation of his employment agreement with us, \$25,191; and vehicle allowance, \$14,570.
- (11) Includes the cost to us of perquisites and other personal benefits for Mr. Barneson. For 2007, includes such costs as follows: club membership dues, \$7,941; and vehicle allowance, \$10,459. For 2006, includes such costs as follows: club membership dues, \$7,480; and vehicle allowance, \$10,459.
- (12) Includes the cost to us of perquisites and other personal benefits for Mr. Donnan. For 2007, includes such costs as follows: vehicle allowance, \$10,955. For 2006, includes such costs as follows: vehicle allowance, \$10,955.
- (13) Includes the cost to us of perquisites and other benefits for Mr. Rinkenberger. For 2007, includes such costs as follows: vehicle allowance, \$10,288.
- (14) Includes the cost to us of perquisites and other personal benefits for Mr. Bellino. For 2007, includes such costs as follows: club membership dues, \$5,319; housing and other expenses associated with his relocation to California \$160,258; and vehicle allowance, \$12,292. For 2006, includes such costs as follows: club membership dues, \$4,286; housing and other expenses associated with his relocation to California, \$27,840; and vehicle allowance, \$8,239.
- (15) Includes dividend payments made to Messrs. Hockema, Barneson, Donnan, Rinkenberger and Bellino in 2007 as follows: Mr. Hockema, \$71,366; Mr. Barneson, \$18,664; Mr. Donnan, \$17,435; Mr. Rinkenberger, \$9,116;

and Mr. Bellino, \$7,215.

As reflected in the table above, the salary received by each of our named executive officers as a percentage of their respective total compensation was as follows:

For 2007, Mr. Hockema, 10.7%; Mr. Barneson, 15.1%; Mr. Donnan, 18.9%; Mr. Rinkenberger, 25.9%; and Mr. Bellino, 27.8%; and

For 2006, Mr. Hockema, 14.5%; Mr. Barneson, 20.4%; Mr. Donnan, 28.4%; and Mr. Bellino (who joined us in May 2006), 33.6%.

- (1) On March 30, 2007, the compensation committee of our board of directors approved the grants of restricted stock and option rights reflected in the table, with such grants to be effective as of the third trading day after the day on which we filed our Annual Report on Form 10-K for the fiscal year ended December 31, 2006. We filed our Annual Report on Form 10-K for the fiscal year ended December 31, 2006 on March 29, 2007, resulting in a grant date for such restricted stock and option rights of April 3, 2007.
- (2) Reflects the threshold, target and maximum award amounts under our 2007 STI Plan for our named executive officers. No awards were available below the threshold performance level. Under our 2007 STI Plan,

Table of Contents

participants were eligible to receive a cash incentive award between one-half and three times the participant's target award amount. Individual monetary awards paid to the named executive officers under the 2007 STI Plan, which were paid in March 2008, were as follows: Mr. Hockema, \$1,127,200; Mr. Bellino, \$395,300; Mr. Barneson, \$284,500; Mr. Donnan, \$262,800; and Mr. Rinkenberger, \$177,900.

- (3) Reflects the grant date fair value of the stock and option awards reflected in this table, computed in accordance with SFAS No. 123-R. For information regarding the compensation cost of the stock and option awards with respect to our 2007 fiscal year, see Note 11 to the Notes to Consolidated Financial Statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2007.
- (4) Reflects the number of shares of restricted stock received by the named executive officer pursuant to awards granted effective April 3, 2007. The restrictions on such shares will lapse on April 3, 2010 or earlier if the named executive officer's employment terminates as a result of death or disability (or, in the case of Mr. Hockema, retirement), the named executive officer's employment is terminated by us without cause, the named executive officer's employment is voluntarily terminated by him for good reason or if there is a change in control. The named executive officer will receive all dividends and other distributions paid with respect to the shares of restricted stock he or she holds, but if any of such dividends or distributions are paid in shares of our capital stock, such shares will be subject to the same restrictions on transferability as are the shares of restricted stock with respect to which they were paid.
- (5) Reflects the total number of shares of common stock issuable upon exercise of option rights granted to the named executive officer effective April 3, 2007. The option rights became exercisable as to one-third of the total number of shares of common stock for which they are exercisable on April 3, 2008 and will become exercisable as to one-third of the total number of shares of common stock for which they are exercisable on each of April 3, 2007 and April 3, 2010 or earlier if the named executive officer's employment terminates as a result of death or disability (or, in the case Mr. Hockema, retirement), the named executive officer's employment is terminated by us without cause, the named executive officer's employment is voluntarily terminated by him for good reason or in the event of a change of control. The purchase price payable upon exercise of the option rights is \$80.01 per share of common stock, the closing price per share of our common stock as reported on the Nasdaq Global Select Market on April 3, 2007. The option rights expire on April 3, 2017, unless terminated earlier in accordance with their terms.
- (6) Reflects the number of shares of restricted stock received by Mr. Bellino pursuant to an award effective April 3, 2007. Pursuant to Mr. Bellino's severance agreement, all of these shares of restricted stock were cancelled effective April 16, 2008.
- (7) Reflects the total number of shares of common stock that were issuable upon exercise of option rights granted to Mr. Bellino effective April 3, 2007. Pursuant to Mr. Bellino's severance agreement, all of these option rights were cancelled effective April 16, 2008.

Employment-Related Agreements and Certain Employee Benefit Plans

Employment Agreement with Jack A. Hockema

On July 6, 2006, in connection with our emergence from chapter 11 bankruptcy, we entered into an employment agreement with Jack A. Hockema, pursuant to which Mr. Hockema continued his duties as our President and Chief Executive Officer. The terms of Mr. Hockema's employment agreement provide for an initial base salary of \$730,000, subject to annual increases, if any, agreed by us and Mr. Hockema and for an annual short-term incentive target equal to 68.5% of his base salary. The short-term incentive is to be paid in cash, but is subject to both our meeting the

applicable underlying performance thresholds and an annual cap of three times the target. If Mr. Hockema's employment terminates other than on a date which is the last day of a fiscal year, then his annual short-term incentive target with respect to the fiscal year in which his employment terminates will be prorated for the actual number of days of employment during such fiscal year, and such amount will be paid to Mr. Hockema or his estate unless his employment was terminated by us for cause or was voluntarily terminated by him without good reason. Under the employment agreement, Mr. Hockema received a grant of 185,000 shares of restricted stock on July 6, 2006 under our Equity Incentive Plan; the restrictions on all such shares will lapse on July 6, 2009 or earlier if his employment is terminated as a result of his death, disability or retirement, his employment is terminated by us without cause or his employment is voluntarily terminated by him with good reason, or if there is a change in

control. The employment agreement provides that Mr. Hockema is entitled to receive annual equity awards (such as restricted stock, stock options or performance shares) with a target economic value of 165% of his base salary; the terms of all equity grants to Mr. Hockema are to be similar to the terms of equity grants made to other senior executives at the time they are made, except that the grants must provide for full vesting at retirement and pro rata vesting upon any other termination of his employment except termination by us for cause or voluntary termination by him without good reason. The initial term of Mr. Hockema's employment agreement is five years and it will be automatically renewed and extended for one-year periods unless either party provides notice one year prior to the end of the initial term or any extension period. Mr. Hockema also participates in the various benefit plans for salaried employees.

Under Mr. Hockema's employment agreement, following any termination of his employment, we must pay or provide to Mr. Hockema or his estate:

base salary earned through the date of such termination;

except in the case of a termination by us for cause or by him other than for good reason, earned but unpaid incentive awards;

accrued but unpaid vacation;

benefits under our employment benefit plans to the extent vested and not forfeited on the date of such termination; and

benefit continuation and conversion rights to the extent provided under our employment benefit plans.

In addition, if Mr. Hockema's employment is terminated as a result of his death or disability, all of his outstanding equity awards will vest in accordance with their terms, subject to the provisions described above, and all of his vested but unexercised grants will remain exercisable through the second anniversary of such termination. If Mr. Hockema's employment is terminated by us for cause or is voluntarily terminated by him without good reason, all of his unvested equity grants will be forfeited and all of his vested but unexercised equity grants will be forfeited on the date that is 90 days following such termination. If Mr. Hockema's employment is terminated by us without cause or is voluntarily terminated by him with good reason, in addition to the payment of his accrued benefits as described above, (1) we will make a lump-sum payment to Mr. Hockema in an amount equal to two times the sum of his base salary and annual short-term incentive target, (2) his medical, dental, vision, life insurance and disability benefits, which we refer to as welfare benefits, will continue for two years commencing on the date of such termination, and (3) all of his outstanding equity awards will vest in accordance with their terms, subject to the provisions described above, and all of his vested but unexercised grants will remain exercisable through the second anniversary of such termination.

If there is a change in control of our company, all of Mr. Hockema's equity awards outstanding as of the date of such change in control will fully vest. If Mr. Hockema's employment is terminated by us without cause or is voluntarily terminated by him with good reason within two years following a change in control, in addition to the payments of his accrued benefits as described above, (1) we will make a lump-sum payment to Mr. Hockema in an amount equal to three times the sum of his base salary and annual short-term incentive target, (2) his welfare benefits will continue for three years commencing on the date of such termination, and (3) all previously unvested equity grants will become exercisable and vested but unexercisable grants will remain exercisable through the second anniversary of such termination. If any payments to Mr. Hockema would be subject to federal excise tax by reason of being considered contingent on a change in control, we must pay to Mr. Hockema an additional amount such that, after satisfaction of all tax obligations imposed on such payments, Mr. Hockema retains an amount equal to such federal excise tax.

Mr. Hockema will be subject to noncompetition, nonsolicitation and confidentiality restrictions following his termination of employment.

For quantitative disclosure regarding estimated payments and other benefits that would have been received by Mr. Hockema or his estate if his employment had terminated on December 31, 2007, the last business day of 2007, under various circumstances, see Potential Payments and Benefits upon Termination of Employment below.

Agreements with Joseph P. Bellino

On July 6, 2006, in connection with our emergence from chapter 11 bankruptcy, we entered into an employment agreement with Joseph P. Bellino, pursuant to which Mr. Bellino continued his duties as our Executive Vice President and Chief Financial Officer. On April 14, 2008, the employment relationship between Mr. Bellino and us terminated. On April 16, 2008, we entered into a letter agreement with Mr. Bellino regarding the termination of his employment, which we refer to as his severance agreement.

Employment Agreement

Mr. Bellino's employment agreement provided for an initial base salary of \$350,000, subject to annual increases, if any, agreed by us and Mr. Bellino and for an annual short-term incentive target equal to 50% of his base salary. The short-term incentive was to be paid in cash, but was subject to both our meeting the applicable underlying performance thresholds and an annual cap of three times the target. Mr. Bellino's employment agreement provided that, if Mr. Bellino's employment were to terminate other than on a date which was the last day of a fiscal year, then his annual short-term incentive target with respect to the fiscal year in which his employment terminated would be prorated for the actual number of days of employment during such fiscal year, and such amount would be paid to Mr. Bellino or his estate unless his employment was terminated by us for cause or was voluntarily terminated by him without good reason. Under the employment agreement, Mr. Bellino received an initial grant of 15,000 shares of restricted stock on July 6, 2006 under our Equity Incentive Plan; Mr. Bellino's employment agreement provided that the restrictions on all such shares would lapse on July 6, 2009 or earlier if his employment was terminated as a result of his death, disability or retirement, his employment was terminated by us without cause or his employment was voluntarily terminated by him with good reason, or if there was a change in control. The employment agreement provided that Mr. Bellino was entitled to receive annual equity awards (such as restricted stock, stock options or performance shares) with a target economic value of at least \$450,000; the terms of all equity grants were to be similar to the terms of equity grants made to other senior executives at the time they were made. Mr. Bellino's employment agreement also provided that he would participate in the various benefit plans for salaried employees.

Mr. Bellino's employment agreement also provided that, following any termination of his employment, we would pay or provide to Mr. Bellino or his estate:

base salary earned through the date of such termination;

except in the case of a termination by us for cause or by him other than for good reason, earned but unpaid incentive awards;

accrued but unpaid vacation;

benefits under our employment benefit plans to the extent vested and not forfeited on the date of such termination; and

benefit continuation and conversion rights to the extent provided under our employment benefit plans.

In addition, Mr. Bellino's employment agreement provided that: (1) if Mr. Bellino's employment were to terminate as a result of his death or disability, all of his outstanding equity awards would vest in accordance with their terms, subject to the provisions described above, and all of his vested but unexercised grants would remain exercisable through the second anniversary of such termination; (2) if Mr. Bellino's employment were to be terminated by us for cause or voluntarily terminated by him without good reason, all of his unvested equity grants would be forfeited and all of his

vested but unexercised equity grants would be forfeited on the date that is 90 days following such termination; and (3) if Mr. Bellino's employment were to be terminated by us without cause or voluntarily terminated by him with good reason, in addition to the payment of his accrued benefits as described above:

we would make a lump-sum payment to Mr. Bellino in an amount equal to two times the sum of his base salary;

his welfare benefits would continue for two years commencing on the date of such termination; and

Table of Contents

all of his outstanding equity awards would vest in accordance with their terms, subject to the provisions described above, and all of his vested but unexercised grants would remain exercisable through the second anniversary of such termination.

Mr. Bellino's employment agreement further provided that: (1) if there were a change in control of our company, all of Mr. Bellino's equity awards outstanding as of the date of such change in control would fully vest; and (2) if Mr. Bellino's employment were to be terminated by us without cause or voluntarily terminated by him with good reason within two years following a change in control, in addition to the payments of his accrued benefits as described above:

we would make a lump-sum payment to Mr. Bellino in an amount equal to three times the sum of his base salary and annual short-term incentive target;

his welfare benefits would continue for three years commencing on the date of such termination; and

all previously unvested equity grants would become exercisable and vested but unexercisable grants would remain exercisable through the second anniversary of such termination.

If any payments to Mr. Bellino were to be subject to federal excise tax by reason of being considered contingent on a change in control, we would have had to pay to Mr. Bellino an additional amount such that, after satisfaction of all tax obligations imposed on such payments, Mr. Bellino would retain an amount equal to such federal excise tax.

Under Mr. Bellino's employment agreement, Mr. Bellino will continue to be subject to noncompetition, nonsolicitation and confidentiality restrictions following the termination of his employment.

For quantitative disclosure regarding estimated payments and other benefits that would have been received by Mr. Bellino or his estate if his employment had terminated on December 31, 2007, the last business day of 2007, under various circumstances, see Potential Payments and Benefits upon Termination of Employment below.

Severance Agreement

Pursuant to Mr. Bellino's severance agreement, it was agreed that Mr. Bellino would receive benefits contemplated by his employment agreement as follows: (1) accrued benefits; (2) a lump-sum payment in an amount equal to two times his current annual salary; and (3) continuation of welfare benefits and car allowance for two years. In accordance with Mr. Bellino's severance agreement, in April 2008 we made cash payments to Mr. Bellino as follows:

Payment	Amount
Earned but unpaid salary	\$ 15,125
Earned but unpaid short-term incentive(1)	54,078
Earned but unpaid vacation	28,970
Car allowance for two years	24,584
Lump-sum payment(2)	754,000
Total	\$ 876,757

- (1) Reflects the prorated portion of Mr. Bellino's target payout amount under the 2008 STI Plan based on the actual number of days of his employment with us in 2008.
- (2) Reflects an amount equal to two times Mr. Bellino's current annual salary.

Additionally, pursuant to Mr. Bellino's severance agreement, it was agreed that (1) the restrictions on the 15,000 shares of restricted stock granted to Mr. Bellino on July 6, 2006 would be deemed to have lapsed, and (2) all other equity grants made to Mr. Bellino under our Equity Incentive Plan would be cancelled, all effective April 16, 2008. The aggregate market value of the 15,000 shares of restricted stock restrictions on which lapsed pursuant to Mr. Bellino's severance agreement was \$1,040,100, determined based on a per share price of \$69.34, the closing price per share of our common stock as reported on the Nasdaq Global Select Market on April 16, 2008, the date on which such restrictions lapsed under the terms of Mr. Bellino's severance agreement.

Salaried Severance Plan

Effective September 3, 2002, in connection with the commencement of our chapter 11 bankruptcy and the implementation of the Chapter 11 KERP, we adopted a severance plan to provide selected executive officers, including Messrs. Hockema, Barneson, Donnan and Rinkenberger, and other key employees with appropriate protection in the event of certain terminations of employment and entered into severance agreements with plan participants. Mr. Hockema's employment agreement discussed above replaced his participation in the severance plan and superseded his severance agreement. The severance plan and related severance agreements, including those with Messrs. Barneson, Donnan and Rinkenberger, terminated on July 6, 2007. Mr. Bellino, who joined us in May 2006, was not covered by the Chapter 11 KERP or related severance plan, but his employment agreement discussed above, like Mr. Hockema's, contained protections in the event of certain terminations of employment.

Messrs. Barneson, Donnan and Rinkenberger are now subject to our severance plan for salaried employees, which we refer to as our Salaried Severance Plan. Our Salaried Severance Plan provides for payment of a termination allowance and continuation of welfare benefits upon an involuntary separation of employment that is intended to be permanent and that is due to our convenience. The termination allowance and continuation of welfare benefits are not available under our Salaried Severance Plan if:

the employee received severance compensation or welfare benefit continuation pursuant to a Change in Control Agreement (described below) or any other agreement;

the employee's employment is terminated other than by us without cause; or

the employee declined to sign, or subsequently revokes, a designated form of release.

The termination allowance payable to covered employees under our Salaried Severance Plan consists of a lump-sum cash payment equal to the covered employee's weekly base salary multiplied by a number of weeks (not to exceed 26), which we refer to as the continuation period, determined based on the covered employee's number of years of full employment. Under our Salaried Severance Plan, welfare benefits are continued following the termination of employment for the shorter of the continuation period and the period commencing on the termination of employment and ending on the date that the covered employee is no longer eligible for coverage under the Consolidated Omnibus Budget Reconciliation Act of 1985, or COBRA. As of December 31, 2007, the continuation periods for Messrs. Barneson, Donnan and Rinkenberger were 26, 12 and 12 weeks, respectively

For quantitative disclosure regarding estimated payments and other benefits that would have been received by each of Messrs. Barneson, Donnan and Rinkenberger or his estate if his employment had terminated on December 31, 2007, the last business day of 2007, under various circumstances, see Potential Payments and Benefits upon Termination of Employment below.

Change in Control Agreements

In 2002, in connection with the commencement of our chapter 11 bankruptcy and the implementation of the Chapter 11 KERP, we also entered into Change in Control Agreements with certain key executives, including Messrs. Hockema, Barneson, Donnan and Rinkenberger, in order to provide them with appropriate protection in the event of a termination of employment in connection with a change in control or, except as otherwise provided, a significant restructuring. Mr. Hockema's employment agreement discussed above supersedes his Change in Control Agreement. Mr. Bellino, who joined us in May 2006, was not covered by the Chapter 11 KERP and did not receive a Change in Control Agreement thereunder, but his employment agreement discussed above, like Mr. Hockema's,

contained change-in-control severance arrangements. The Change in Control Agreements terminate on the second anniversary of a change in control.

The Change in Control Agreements provide for severance payments and continuation of welfare benefits upon termination of employment in certain circumstances. The participants are eligible for severance benefits if their employment is terminated by us without cause or by the participant with good reason during a period that commences 90 days prior to the change in control and ends on the second anniversary of the change in control. Participants (including Messrs. Donnan and Rinkenberger but excluding Mr. Barneson) also are eligible for

Table of Contents

severance benefits if their employment is terminated by us due to a significant restructuring even when there has been no change in control. These benefits are not available if:

the participant receives severance compensation or welfare benefit continuation pursuant to the Severance Plan or any other prior agreement;

the participant's employment is terminated other than by us without cause or by the participant for good reason; or

the participant declines to sign, or subsequently revokes, a designated form of release.

In consideration for the severance payment and continuation of benefits, a participant will be subject to noncompetition, nonsolicitation and confidentiality restrictions following his or her termination of employment with us.

Upon a qualifying termination of employment, each of Messrs. Barneson, Donnan and Rinkenberger are entitled to receive the following:

three times (for Mr. Barneson) or two times (for Messrs. Donnan and Rinkenberger) the sum of his base pay and most recent short-term incentive target;

a pro-rated portion of his short-term incentive target for the year of termination; and

a pro-rated portion of his long-term incentive target in effect for the year of his termination, provided that such target was achieved.

In addition, welfare benefits and perquisites are continued for a period of three years (for Mr. Barneson) or two years (for Messrs. Donnan and Rinkenberger) after termination of employment with us.

In general, if any payments would be subject to federal excise tax or any similar state or local tax by reason of being considered contingent on a change in control, the participant will be entitled to receive an additional amount such that, after satisfaction of all tax obligations imposed on such payments, the participant retains an amount equal to the federal excise tax or similar state or local tax imposed on such payments. However, if no such federal excise tax or similar state or local tax would apply if the aggregate payments were reduced by 5%, then the aggregate payments to the participant will be reduced by the amount necessary to avoid application of such federal excise tax or similar state or local tax.

For quantitative disclosure regarding estimated payments and other benefits that would have been received by each of Messrs. Barneson, Donnan and Rinkenberger or his estate if his employment had terminated on December 31, 2007, the last business day of 2007, under various circumstances, see Potential Payments and Benefits Upon Termination of Employment below.

Equity Incentive Plan

On July 6, 2006, upon our emergence from chapter 11 bankruptcy and the implementation of our plan of reorganization, our 2006 Equity and Performance Incentive Plan became effective. Our 2006 Equity and Performance Incentive Plan was amended and restated on February 6, 2008. We refer to such plan, both before and after its amendment and restatement, as our Equity Incentive Plan.

The Equity Incentive Plan is an omnibus plan that facilitates the issuance of future long-term incentive awards as part of our comprehensive compensation structure and is administered by a committee of non-employee directors of our board of directors, currently the compensation committee.

Our officers and other key employees, as selected by the compensation committee are eligible to participate in the Equity Incentive Plan. As of December 31, 2007, approximately 40 officers and other key employees had been selected by the compensation committee to receive awards under the Equity Incentive Plan. Our non-employee directors also participate in the Equity Incentive Plan.

Subject to certain adjustments that may be required from time to time to prevent dilution or enlargement of the rights of participants under the Equity Incentive Plan, a maximum of 2,222,222 shares of common stock may be

Table of Contents

issued under the Equity Incentive Plan. As of December 31, 2007, there were 1,604,197 shares of common stock available for issuance in respect of future awards under the Equity Incentive Plan.

Our Equity Incentive Plan permits the granting of awards in the form of options to purchase our common stock, stock appreciation rights, shares of restricted stock, restricted stock units, performance shares, performance units and other awards. The Equity Incentive Plan will expire on July 6, 2016. No grants will be made under the Equity Incentive Plan after that date, but all grants made on or prior to such date will continue in effect thereafter subject to the terms thereof and of the Equity Incentive Plan.

Under our Equity Incentive Plan, any award agreement may provide that, if the compensation committee of our board of directors determines that a participant has engaged in any detrimental activity, either during employment by us, or within a specified period after termination of employment, the participant is required to, among other things:

forfeit any award under the Equity Incentive Plan held by the participant,

return to us (in exchange for our payment to the participant of any cash amount that the participant paid to us for such an award) all shares of our common stock acquired under the Equity Incentive Plan that the participant has not disposed of, and

with respect to any shares acquired under the Equity Incentive Plan that the participant has disposed of, pay to us the difference between the market value of those shares on the date they were acquired and any amount that the participant paid for such shares.

Under the Equity Incentive Plan, detrimental activity is generally defined to include (1) conduct resulting in an accounting restatement due to material noncompliance with any financial reporting requirements under U.S. federal securities laws, (2) competing with us, (3) soliciting any of our employees to terminate his or her employment with us, (4) disclosing our confidential business information, (5) failing or refusing to promptly disclose and assign to us rights in certain intellectual property that the participant conceived during his or her employment with us, and (6) activity that results in the termination of the participant's employment by us for cause, which we typically define to include violation of our code of business conduct and ethics. To date, each award agreement under the Equity Incentive Plan, other than award agreements with non-employee directors, contains such provisions that are applicable if the compensation committee determines the participant has engaged in detrimental activity, either during employment by us or within one year after termination of employment.

The Equity Incentive Plan also permits non-employee directors to elect to receive shares of our common stock in lieu of any or all of his or her annual cash retainer, including retainers for serving as a committee chair or lead outside director.

Our board of directors may, in its discretion, terminate the Equity Incentive Plan at any time. The termination of the Equity Incentive Plan would not affect the rights of participants or their successors under any awards outstanding and not exercised in full on the date of termination.

Our board of directors may at any time and from time to time amend the Equity Incentive Plan in whole or in part. Any amendment which must be approved by our stockholders in order to comply with applicable law or the rules of the principal securities exchange, association or quotation system on which our common stock is then traded or quoted will not be effective unless and until such approval has been obtained. The compensation committee will not, without the further approval of the stockholders, authorize the amendment of any outstanding option or appreciation right to reduce the exercise price or base price. Furthermore, no option will be cancelled and replaced with awards having a lower exercise price without further approval of the stockholders.

Savings Plan

We sponsor a tax-qualified profit sharing and 401(k) plan, our Savings Plan, in which eligible salaried employees may participate. Pursuant to the Savings Plan, employees may elect to reduce their current annual compensation up to the lesser of 75% or the statutorily prescribed limit of \$15,500 in calendar year 2008 (plus up to an additional \$5,000 in the form of catch-up contributions for participants near retirement age), and have the amount of any reduction contributed to the Savings Plan. Our Savings Plan is intended to qualify under

Table of Contents

sections 401(a) and 401(k) of the Internal Revenue Code, so that contributions by us or our employees to the Savings Plan and income earned on contributions are not taxable to employees until withdrawn from the Savings Plan and so that contributions will be deductible by us when made. We match 100% of the amount an employee contributes to the Savings Plan, subject to a 4% maximum based on the employee's compensation as defined in the Savings Plan.

Employees are immediately vested 100% in our matching contributions to our Savings Plan. We also make annual fixed-rate contributions on behalf of our employees in the following amounts:

For our employees who were employed with us on or before January 1, 2004, we contribute in a range from 2% to 10% of the employee's compensation, based upon the sum of the employee's age and years of continuous service as of January 1, 2004; and

For our employees who were first employed with us after January 1, 2004, we contribute 2% of the employee's compensation.

An employee is required to be employed on the last day of the year in order to receive the fixed-rate contribution. Employees are vested 100% in our fixed-rate contributions to the Savings Plan after three years of service. The total amount of elective, matching and fixed-rate contributions in any year cannot exceed the lesser of 100% of an employee's compensation or \$45,000 in 2007 (adjusted annually). We may amend or terminate these matching and fixed-rate contributions at any time by an appropriate amendment to our Savings Plan. Upon termination of employment, employees are eligible to receive a distribution of their vested plan balances under our Savings Plan. The independent trustee of the Savings Plan invests the assets of the Savings Plan as directed by participants.

Restoration Plan

We sponsor a nonqualified, deferred compensation plan which we refer to as our Restoration Plan in which a select group of our management and highly compensated employees may participate. Eligibility to participate in our Restoration Plan is determined by the compensation committee. The purpose of our Restoration Plan is to restore the benefit of matching and fixed-rate contributions that we would have otherwise paid to participants under our Savings Plan but for the limitations on benefit accruals and payments imposed by the Internal Revenue Code. We maintain an account on behalf of each participant in the Restoration Plan and contributions to a participant's Restoration Plan account to restore benefits under the Savings Plan are made generally in the manner described below:

If our matching contributions to a participant under the Savings Plan are limited in any year, we will make an annual contribution to that participant's account under the Restoration Plan equal to the difference between:

the matching contributions that we could have made to that participant's account under the Savings Plan if the Internal Revenue Code did not impose any limitations; and

the maximum contribution we could in fact make to that participant's account under the Savings Plan in light of the limitations imposed by the Internal Revenue Code.

A participant is required to be making elective contributions under our Savings Plan on the first day of the year in order to receive a matching contribution from us under our Restoration Plan for that year. However, matching contributions under the Restoration Plan are calculated as though the participant elected to make the maximum permissible elective contributions under the Savings Plan sufficient to receive the maximum matching contribution from us under the Savings Plan, without regard for the participant's actual elective contributions. Participants are immediately vested 100% in our matching contributions to the Restoration Plan.

Annual fixed-rate contributions to the participant's account under the Restoration Plan are made in an amount equal to between 2% and 10% of the participant's excess compensation, as defined in Section 401(a)(17) of the Internal Revenue Code. The actual fixed-rate contribution percentage is determined based upon the sum of the participant's age and years of continuous service as of January 1, 2004. If a participant is first employed with us after January 1, 2004, the fixed-rate contribution percentage is

Table of Contents

2%. A participant is required to be employed on the last day of the year in order to receive the fixed-rate contribution. Further, to the extent that fixed-rate contributions to a participant under our Savings Plan on compensation that is not excess compensation, as defined in Internal Revenue Code Section 401(a)(17), cannot be made under the Savings Plan due to Internal Revenue Code limitations, such fixed-rate contributions will be made to such participant's account under our Restoration Plan. Participants are vested 100% in our fixed-rate contributions to our Restoration Plan after three years of service or upon retirement, death, disability or a change of control.

A participant is entitled to distributions six months following his or her termination of service, except that any participant who is terminated for cause will forfeit the entire amount of matching and fixed-rate contributions made by us to that participant's account under the Restoration Plan.

We may amend or terminate these matching and fixed-rate contributions at any time by an appropriate amendment to our Restoration Plan. The value of each participant's account under our Restoration Plan changes based upon the performance of the funds designated by the participant from a menu of various money market and investment funds.

Chapter 11 Long-Term Incentive Plan

During 2002, in connection with the commencement of our chapter 11 bankruptcy and the implementation of the Chapter 11 KERP, we adopted our Chapter 11 Long-Term Incentive Plan, pursuant to which key management employees, including Messrs. Hockema, Barneson, Donnan and Rinkenberger, became eligible to receive an annual cash award based on our attainment of sustained cost reductions above \$80 million annually for the period 2002 through our emergence from chapter 11 bankruptcy on July 6, 2006. Under the Chapter 11 Long-Term Incentive Plan, 15% of cost reductions above the stipulated threshold were placed in a pool to be shared by participants based on the percentage their individual targets comprised of the aggregate target for all participants. Annual awards during this period ranged between approximately (16%) to 81% of target, with an average award of approximately 55% of target over the four and one-half year period. In general, approximately one-half of the award payable under the Chapter 11 Long-Term Incentive Plan was paid to participants in August 2006 and the remaining portion of the award was paid to participants in July 2007. No further amounts are payable under the Chapter 11 Long-Term Incentive Plan.

Chapter 11 Retention Plan

Effective September 3, 2002, in connection with the commencement of our chapter 11 bankruptcy and the implementation of the Chapter 11 KERP, we adopted the Chapter 11 Retention Plan and entered into retention agreements with selected key employees, including Messrs. Hockema, Barneson, Donnan and Rinkenberger. In general, awards payable under the Chapter 11 Retention Plan vested, as applicable, on September 30, 2002, March 31, 2003, September 30, 2003 and March 31, 2004. The Chapter 11 Retention Plan was not extended beyond March 2004. Except with respect to payments of the withheld amounts (as described below) to Messrs. Hockema and Barneson, no payments were made after March 31, 2004.

For Messrs. Hockema and Barneson, \$730,000 and \$250,000, respectively, of accrued awards payable under the Chapter 11 Retention Plan were withheld for subsequent payment. One-half of such withheld amount was paid in a lump sum in August 2006 upon our emergence from chapter 11 bankruptcy, and one-half was paid in a lump sum in July 2007. No further amounts are payable under the Chapter 11 Retention Plan.

- (3) Reflects the number of shares of restricted stock received by the named executive officer pursuant to awards granted on July 6, 2006 in connection with our emergence from chapter 11 bankruptcy. The restrictions on all such shares will lapse on July 6, 2009 or earlier if the named executive officer's employment terminates as a result of death or disability (or, in the case of Mr. Hockema, retirement), the named executive officer's

employment is terminated by us without cause, the named executive officer's employment is voluntarily terminated by him for good reason or if there is a change in control.

- (4) Reflects the number of shares of restricted stock received by the named executive officer pursuant to awards granted effective April 3, 2007. The restrictions on all such shares will lapse on April 3, 2010 or earlier if the named executive officer's employment terminates as a result of death or disability (or, in the case of Mr. Hockema, retirement), the named executive officer's employment is terminated by us without cause, the named executive officer's employment is voluntarily terminated by him for good reason or if there is a change in control.
- (5) Reflects the total number of shares of common stock that were issuable upon exercise of option rights granted to Mr. Bellino effective April 3, 2007. Pursuant to Mr. Bellino's severance agreement, all of these option rights were cancelled effective April 16, 2008.
- (6) Reflects the number of shares of restricted stock received by Mr. Bellino pursuant to an award granted on July 6, 2006. Pursuant to Mr. Bellino's severance agreement, the restrictions on 100% of these shares of restricted stock lapsed effective April 16, 2008.

- (7) Reflects the number of shares of restricted stock received by Mr. Bellino pursuant to an award effective April 3, 2007. Pursuant to Mr. Bellino's severance agreement, all of these shares of restricted stock were cancelled effective April 16, 2008.

Pension Benefits as of December 31, 2007

The table below sets forth information regarding the present value as of December 31, 2007 of the accumulated benefits of our named executive officers (other than Mr. Bellino) under our Old Pension Plan. As discussed further below, our Old Pension Plan was terminated on December 17, 2003, at which time the number of years of credited service for participants was frozen. Mr. Bellino joined us in May 2006 and did not participate in the Old Pension Plan prior to its termination.

Name	Plan Name	Number of Years Credited Service (#)	Present Value of	
				Accumulated Benefit(1) (\$)
Jack A. Hockema	Kaiser Aluminum Salaried Employees Retirement Plan	11.92	\$	303,439
John Barneson	Kaiser Aluminum Salaried Employees Retirement Plan	28.83	\$	275,883
John M. Donnan	Kaiser Aluminum Salaried Employees Retirement Plan	10.25	\$	129,452
Daniel J. Rinkenberger	Kaiser Aluminum Salaried Employees Retirement Plan	7.58	\$	169,757

- (1) Reflects the actuarial present value of the named executive officer's accumulated benefit under our Old Pension Plan at December 31, 2007 determined (a) assuming mortality according to the RP-2000 Combined Health mortality table published by the Society of Actuaries and (b) applying a discount rate of 6.00% per annum.

The Old Pension Plan previously maintained by us was a qualified, defined-benefit retirement plan for our salaried employees who met certain eligibility requirements. Effective December 17, 2003, the PBGC terminated and effectively assumed responsibility for making benefit payments in respect of the Old Pension Plan. As a result of the termination, all benefit accruals under the Old Pension Plan were terminated and benefits available to certain executive officers, including Messrs. Hockema and Barneson, were significantly reduced due to the limitation on benefits payable by the PBGC. Benefits payable to participants will be reduced to a maximum of \$34,742 annually for retirement at age 62, a lower amount for retirement prior to age 62, and a higher amount for retirements after age 62, up to \$43,977 at age 65, and participants will not accrue additional benefits. In addition, the PBGC will not make lump-sum payments to participants.

Nonqualified Deferred Compensation for 2007

The table below sets forth, for each of our named executive officers, information regarding his participation in our Restoration Plan during 2007.

Name	Registrant Contributions in Last FY(1)(a)	Aggregate Earnings in Last FY(2)(3)(b)	Aggregate Balance at Last FYE(c)
Jack A. Hockema	\$ 135,916	\$ 70,178	\$ 1,370,871
John Barneson	\$ 31,025	\$ 59,072	\$ 1,026,464
John M. Donnan	\$ 14,800	\$ 8,664	\$ 96,257
Daniel J. Rinkenberger	\$ 10,528	\$ 627	\$ 16,702

- (3) Amounts included in this column do not include above-market or preferential earnings (of which there were none) and, accordingly, such amount is not included in the Change in Pension Value and Nonqualified Deferred Compensation Earnings column of the Summary Compensation Table above.

Potential Payments and Benefits Upon Termination of Employment

The tables below set forth for each named executive officer quantitative disclosure regarding estimated payments and other benefits that would have been received by the named executive officer or his estate if his employment had terminated on December 31, 2007, the last business day of 2007, under the following circumstances:

voluntary termination by the named executive officer;

termination by us for cause;

termination by us without cause or by the named executive officer with good reason;

termination by us without cause or by the named executive officer with good reason following a change in control;

termination at normal retirement;

termination as a result of disability; or

termination as a result of death.

Information regarding estimated payments and other benefits upon termination of employment at normal retirement is provided for illustrative purposes notwithstanding the fact that none of the named executive officers had reached retirement age as of December 31, 2007.

Information regarding estimated payments and other benefits that would have been received by Mr. Bellino or his estate if his employment had terminated on December 31, 2007 under the various circumstances above is provided notwithstanding the fact that Mr. Bellino's employment with us terminated on April 14, 2008. For a discussion of the actual payments and other benefits received by Mr. Bellino in connection with such termination, see Employment-Related Agreements and Certain Employee Benefit Plans Agreements with Joseph P. Bellino above.

- (1) Assumes that there is no earned but unpaid base salary at the time of termination.
- (2) Under our 2007 STI Plan, Mr. Hockema's target award for 2007 was \$519,230, but his award could have ranged from a threshold of \$259,615 to a maximum of \$1,557,690, or could have been zero if the threshold performance was not achieved. Mr. Hockema's award under our 2007 STI Plan was determined in March 2008 to be \$1,127,200. Pursuant to Mr. Hockema's employment agreement, we must pay Mr. Hockema or his estate any earned but unpaid short-term incentive unless his employment is terminated by us for cause or is voluntarily terminated by him other than for good reason. Under Mr. Hockema's employment agreement, if his employment had been terminated during 2007 but prior to December 31, 2007, Mr. Hockema's target award for 2007 under our 2007 STI Plan would have been prorated for the actual number of days of Mr. Hockema's employment in 2007 and Mr. Hockema would have been entitled to payment of such amount, without any increase or reduction that would normally be considered with his award, unless his employment had been terminated by us for cause or had been voluntarily terminated by him other than for good reason. Under Mr. Hockema's employment agreement, if his employment had been terminated on December 31, 2007, the last day of our 2007 fiscal year, Mr. Hockema would have been entitled to full payment of his award (\$1,127,200) under the 2007 STI Plan unless his employment had been terminated by us for cause or had been voluntarily terminated by him other than for good reason.
- (3) Assumes that Mr. Hockema used all of his 2007 vacation and that he has four weeks of accrued vacation for 2008.
- (4) Under Mr. Hockema's employment agreement, if Mr. Hockema's employment is terminated by us without cause or is voluntarily terminated by him for good reason, we must make a lump-sum payment to Mr. Hockema

in an amount equal to two times the sum of his base salary and target annual bonus opportunity for the fiscal year in which such termination occurs.

- (5) Under Mr. Hockema's employment agreement, if Mr. Hockema's employment is terminated by us without cause or is voluntarily terminated by him for good reason within two years following a change in control, we must make a lump-sum payment to Mr. Hockema in an amount equal to three times the sum of his base salary and target annual bonus.
- (6) Under Mr. Hockema's employment agreement, if Mr. Hockema's employment is terminated by us without cause or is voluntarily terminated by him for good reason, we must continue his medical and dental benefits for two years, or, if such termination occurs within two years following a change in control, three years, commencing on the date of such termination. The table reflects the present value of such medical and dental benefits at December 31, 2007 determined (a) assuming family coverage in a point of service medical plan and a premium dental plan and (b) based on current COBRA coverage rates for 2008 and assuming a 10% increase in the cost of medical and dental coverage for 2009 as compared to 2008 and a 10% increase in the cost of medical and dental coverage for 2010 as compared to 2009.
- (7) Under Mr. Hockema's employment agreement, if Mr. Hockema's employment is terminated by us without cause or is voluntarily terminated by him for good reason, we must continue his disability benefits for two years, or, if such termination occurs within two years following a change in control, three years, commencing on the date of such termination. The table reflects the present value of such disability benefits at December 31, 2007 determined (a) based on our current costs of providing such benefits and assuming such costs do not increase during the applicable benefit continuation period, (b) assuming we pay such costs throughout the applicable benefit continuation period in the same manner as we currently pay such costs, (c) assuming mortality according to the RP-2000 Combined Health mortality table published by the Society of Actuaries, and (d) applying a discount rate of 6.00% per annum.
- (8) Reflects the actuarial present value of Mr. Hockema's disability benefits at December 31, 2007 determined (a) assuming full disability at December 31, 2007, (b) assuming mortality according to the RP-2000 Disabled Retiree mortality table published by the Society of Actuaries, and (c) applying a discount rate of 6.00% per annum. Such disability benefits would be paid by a third-party insurer and not by us.
- (9) Under Mr. Hockema's employment agreement, if Mr. Hockema's employment is terminated by us without cause or is voluntarily terminated by him for good reason, we must continue his life insurance benefits for two years, or, if such termination occurs within two years following a change in control, three years, commencing on the date of such termination. Mr. Hockema has declined life insurance coverage. Accordingly, we would not be obligated to provide Mr. Hockema with life insurance benefits for the applicable benefit continuation period.
- (10) No life insurance benefit would have been payable assuming Mr. Hockema's death had occurred on December 31, 2007 other than while traveling on company-related business. However, we maintain a travel and accidental death policy for certain employees, including Mr. Hockema, that would provide a \$1,000,000 death benefit payable to Mr. Hockema's estate if his death occurs during company-related travel. Such death benefit would be paid by a third-party insurer and not by us.
- (11) Under Mr. Hockema's employment agreement, if any payments to Mr. Hockema would be subject to federal excise tax by reason of being considered contingent on a change in control, we must pay to Mr. Hockema an additional amount such that, after satisfaction of all tax obligations imposed on such payments, Mr. Hockema retains an amount equal to such federal excise tax. The table reflects an estimate of the additional amount that we would have been obligated to pay Mr. Hockema if his employment had been terminated on December 31,

2007 by us without cause or by him with good reason following a change in control on such date.

- (12) Reflects the aggregate market value of the shares of restricted stock for which restrictions would have lapsed early due to Mr. Hockema's termination, determined based on a per share price of \$79.48, the closing price per share of our common stock as reported on the Nasdaq Global Select Market on December 31, 2007, which was the last trading day of 2007. The restrictions on all shares of restricted stock that were held by Mr. Hockema on December 31, 2007 would have lapsed early if his employment had been terminated as a result of his death, disability or retirement, his employment had been terminated by us without cause or his employment had been voluntarily terminated by him for good reason, or if there had been a change in control.

Table of Contents

- (13) Reflects the spread, if any, of (a) the aggregate market value of the shares of common stock purchasable upon exercise of the option rights which would have vested early due to Mr. Hockema's termination, determined based on a per share price of \$79.48, the closing price per share of common stock as reported on the Nasdaq Global Select Market on December 31, 2007, which was the last trading day of 2007, over (b) the aggregate exercise price required to purchase such shares upon exercise of such option rights. All option rights that were held by Mr. Hockema on December 31, 2007 would have vested early if his employment had been terminated as a result of his death, disability or retirement, his employment had been terminated by us without cause or his employment had been voluntarily terminated by him for good reason, or if there had been a change in control. No spread is reported in the table because the \$80.01 per share exercise price of such option rights exceeded the \$79.48 closing price per share of our common stock as reported on the Nasdaq Global Select Market on December 31, 2007.
- (14) Under our Restoration Plan, Mr. Hockema is entitled to a distribution of his account balance six months following his termination, except that he will forfeit the entire amount of matching and fixed rate contributions made by us to his account if his employment is terminated for cause. In addition, under our Savings Plan, upon termination of employment, Mr. Hockema is eligible to receive a distribution of his vested balance under the plan. Such balance is not reflected in this table.

- (2) Under our 2007 STI Plan, Mr. Barneson's target award for 2007 was \$130,950, but his award could have ranged from a threshold of \$65,475 to a maximum of \$392,850, or could have been zero if the threshold performance was not achieved. Mr. Barneson's award under our 2007 STI Plan was determined in March 2008 to be \$284,500. Under the 2007 STI Plan, Mr. Barneson would have been entitled to a pro rata award under the 2007 STI Plan if his employment had been terminated during 2007 but prior to December 31, 2007 and his employment had been terminated as a result of death, disability, normal retirement or full early retirement (position elimination), had been terminated by us without cause or voluntarily terminated by him for good reason. Under Mr. Barneson's Change in Control Agreement, if his employment had been terminated by us without cause or by him for good reason within the period commencing 90 days prior to a change in control and ending two years following a change in control and such termination had occurred during 2007 other than on December 31, 2007, Mr. Barneson's target award for 2007 under our 2007 STI Plan would have been prorated for the actual number of days of Mr. Barneson's employment in 2007 and Mr. Barneson would have been entitled to payment of such amount. If Mr. Barneson's employment had been terminated on December 31, 2007, the last day of our 2007 fiscal year, Mr. Barneson would have been entitled to full payment of his award (\$284,500) under the 2007 STI Plan unless his employment had been terminated by us for cause or voluntarily terminated by him other than for good reason.
- (3) Assumes that Mr. Barneson used all of his 2007 vacation and that he has five weeks of accrued vacation for 2008.
- (4) Under our Salaried Severance Plan, if Mr. Barneson's employment is terminated by us without cause, Mr. Barneson is entitled to a lump-sum payment equal to his weekly base salary multiplied by a number of weeks (not to exceed 26), which we refer to as the continuation period, determined based on his number of years of full employment. As of December 31, 2007, Mr. Barneson's continuation period was 26 weeks.
- (5) Under Mr. Barneson's Change in Control Agreement, if Mr. Barneson's employment is terminated by us without cause or is voluntarily terminated by him for good reason within the period beginning 90 days prior to a change in control and ending two years following a change in control, Mr. Barneson is entitled to a lump-sum payment equal to three times the sum of his base salary and most recent short-term incentive target.
- (6) Under our Salaried Severance Plan, if Mr. Barneson's employment is terminated by us without cause, Mr. Barneson is entitled to continuation of his medical and dental benefits following the termination of employment for a period not to exceed the shorter of his continuation period (see note (4) above) and the period commencing on the termination of employment and ending on the date he is no longer eligible for coverage under COBRA. The table reflects the present value of such medical and dental benefits at December 31, 2007 determined (a) assuming family coverage in a point of service medical plan and a premium dental plan and (b) based on current COBRA coverage rates for 2008 and assuming a 10% increase in the cost of medical and dental coverage for 2009 as compared to 2008 and a 10% increase in the cost of medical and dental coverage for 2010 as compared to 2009.
- (7) Under Mr. Barneson's Change in Control Agreement, if Mr. Barneson's employment is terminated by us without cause or is voluntarily terminated by him for good reason and if such termination occurs within the period commencing 90 days prior to a change in control and ending two years following a change in control, we must continue his medical and dental benefits for three years commencing on the date of such termination. The table reflects the present value of such medical and dental benefits at December 31, 2007 determined (a) assuming family coverage in a point of service medical plan and a premium dental plan and (b) based on current COBRA coverage rates for 2008 and assuming a 10% increase in the cost of medical and dental coverage for 2009 as compared to 2008 and a 10% increase in the cost of medical and dental coverage for 2010 as compared to

2009.

- (8) Under our Salaried Severance Plan, if Mr. Barneson's employment is terminated by us without cause, Mr. Barneson is entitled to continuation of his disability benefits following the termination of employment for a period not to exceed the shorter of his continuation period (see note (4) above) and the period commencing on the termination of employment and ending on the date he is no longer eligible for coverage under COBRA. The table reflects the present value of such disability benefits at December 31, 2007 determined (a) assuming coverage throughout Mr. Barneson's continuation period, (b) based on our current costs of providing such benefits and assuming such costs do not increase during Mr. Barneson's continuation period, (c) assuming we

Table of Contents

pay such costs throughout Mr. Barneson's continuation period in the same manner as we currently pay such costs, (d) assuming mortality according to the RP-2000 Combined Health mortality table published by the Society of Actuaries, and (e) applying a discount rate of 6.00% per annum.

- (9) Under Mr. Barneson's Change in Control Agreement, if Mr. Barneson's employment is terminated by us without cause or is voluntarily terminated by him for good reason within the period commencing 90 days prior to a change in control and ending two years following a change in control, we must continue his disability benefits for three years commencing on the date of such termination. The table reflects the present value of such disability benefits at December 31, 2007 determined (a) based on our current costs of providing such benefits and assuming such costs do not increase during the applicable benefit continuation period, (b) assuming we pay such costs throughout the applicable benefit continuation period in the same manner as we currently pay such costs, (c) assuming mortality according to the RP-2000 Combined Health mortality table published by the Society of Actuaries, and (d) applying a discount rate of 6.00% per annum.
- (10) Reflects the actuarial present value of Mr. Barneson's disability benefits at December 31, 2007 determined (a) assuming full disability at December 31, 2007, (b) assuming mortality according to the RP-2000 Disabled Retiree mortality table published by the Society of Actuaries, and (c) applying a discount rate of 6.00% per annum. Such disability benefits would be paid by a third-party insurer and not by us.
- (11) Under our Salaried Severance Plan, if Mr. Barneson's employment is terminated by us without cause, Mr. Barneson is entitled to continuation of his life insurance benefits following the termination of employment for a period not to exceed the shorter of his continuation period (see note (4) above) and the period commencing on the termination of employment and ending on the date he is no longer eligible for coverage under COBRA. The table reflects the present value of such life insurance benefits at December 31, 2007 determined (a) assuming coverage throughout Mr. Barneson's continuation period at his current election of the maximum available coverage, (b) based on our current cost of providing such benefits and assuming such costs do not increase during Mr. Barneson's continuation period, (c) assuming we pay such costs throughout Mr. Barneson's continuation period in the same manner as we currently pay such costs, (d) assuming mortality according to the RP-2000 Combined Health mortality table published by the Society of Actuaries, and (e) applying a discount rate of 6.00% per annum.
- (12) Under Mr. Barneson's Change in Control Agreement, if Mr. Barneson's employment is terminated by us without cause or is voluntarily terminated by him for good reason if within the period commencing 90 days prior to a change in control and ending two years following a change in control, we must continue his life insurance benefits for three years commencing on the date of such termination. The table reflects the present value of such life insurance benefits at December 31, 2007 determined (a) assuming his current election of the maximum available coverage, (b) based on our current cost of providing such benefits and assuming such costs do not increase during the applicable benefit continuation period, (c) assuming we pay such costs throughout the applicable benefit continuation period in the same manner as we currently pay such costs, (d) assuming mortality according to the RP-2000 Combined Health mortality table published by the Society of Actuaries, and (e) applying a discount rate of 6.00% per annum.
- (13) Reflects the life insurance benefit payable assuming Mr. Barneson's death had occurred on December 31, 2007 other than while traveling on company-related business. Such life insurance benefit would have been paid by a third-party insurer and not by us. We maintain a travel and accidental death policy for certain employees, including Mr. Barneson, that would provide an additional \$1,000,000 death benefit payable to Mr. Barneson's estate if his death occurs during company-related travel. Such death benefit would be paid by a third-party insurer and not by us.

- (14) Under Mr. Barneson's Change in Control Agreement, if Mr. Barneson's employment is terminated by us without cause or is voluntarily terminated by him for good reason within the period commencing 90 days prior to a change in control and ending two years following a change in control, we must continue his perquisites for three years commencing on the date of such termination. The table reflects the estimated cost to us of continuing Mr. Barneson's perquisites for such three-year period as follows: club membership dues, \$23,823; and vehicle allowance, \$31,377. Such amounts have been estimated by multiplying the cost of Mr. Barneson's perquisites for 2007 by three.

Table of Contents

- (15) Under Mr. Barneson's Change in Control Agreement, in general, if any payments to Mr. Barneson would be subject to federal excise tax or any similar state or local tax by reason of being considered contingent on a change in control, we must pay to Mr. Barneson an additional amount such that, after satisfaction of all tax obligations imposed on such payments, Mr. Barneson retains an amount equal to the federal excise tax or similar state or local tax imposed on such payments. The table reflects an estimate of such additional amount that we would have been obligated to pay Mr. Barneson if his employment had been terminated on December 31, 2007 by us without cause or by him for good reason following a change in control on such date.
- (16) Reflects the aggregate market value of the shares of restricted stock for which restrictions would have lapsed early due to Mr. Barneson's termination, determined based on a per share price of \$79.48, the closing price per share of our common stock as reported on the Nasdaq Global Select Market on December 31, 2007, which was the last trading day of 2007. The restrictions on all shares of restricted stock that were held by Mr. Barneson on December 31, 2007 would have lapsed early if his employment had been terminated as a result of his death or disability, his employment had been terminated by us without cause or his employment had been voluntarily terminated by him for good reason, or if there had been a change in control.
- (17) Reflects the spread, if any, of (a) the aggregate market value of the shares of common stock purchasable upon exercise of the option rights which would have vested early due to Mr. Barneson's termination, determined based on a per share price of \$79.48, the closing price per share of our common stock as reported on the Nasdaq Global Select Market on December 31, 2007, which was the last trading day of 2007, over (b) the aggregate exercise price required to purchase such shares upon exercise of such option rights. All option rights that were held by Mr. Barneson on December 31, 2007 would have vested early if his employment had been terminated as a result of his death or disability, his employment had been terminated by us without cause or his employment had been voluntarily terminated by him for good reason, or if there had been a change in control. No spread is reflected in the table because the \$80.01 per share exercise price of such option rights exceeded the \$79.48 closing price per share of our common stock as reported on the Nasdaq Global Select Market on December 31, 2007.
- (18) Under our Restoration Plan, Mr. Barneson is entitled to a distribution of his account balance six months following his termination, except that he will forfeit the entire amount of matching and fixed rate contributions made by us to his account if he is terminated for cause. In addition, under our Savings Plan, upon termination of employment, Mr. Barneson is eligible to receive a distribution of his vested balance under the plan. Such balance is not reflected in this table.

- (1) Assumes that there is no earned but unpaid base salary at the time of termination.
- (2) Under our 2007 STI Plan, Mr. Donnan's target award for 2007 was \$121,500, but his award could have ranged from a threshold of \$60,750 to a maximum of \$364,500, or could have been zero if the threshold performance was not achieved. Mr. Donnan's award under our 2007 STI Plan was determined in March 2008 to be \$262,800. Under the 2007 STI Plan, Mr. Donnan would have been entitled to a pro rata award under the 2007 STI Plan if his employment had been terminated during 2007 but prior to December 31, 2007 and his employment had been terminated as a result of death, disability, normal retirement or full early retirement (position elimination), had been terminated by us without cause or had been voluntarily terminated by him for good reason. Under Mr. Donnan's Change in Control Agreement, if his employment had been terminated by us without cause or by him for good reason within the period commencing 90 days prior to a change in control and ending two years following a change in control and such termination had occurred during 2007 other than on December 31, 2007, Mr. Donnan's target award for 2007 under our 2007 STI Plan would have been prorated for the actual number of days of Mr. Donnan's employment in 2007 and Mr. Donnan would have been entitled to payment of such amount. If Mr. Donnan's employment had been terminated on December 31, 2007, the last day of our 2007 fiscal year, Mr. Donnan would have been entitled to full payment of his award (\$262,800) under the 2007 STI Plan unless his employment had been terminated by us for cause or voluntarily terminated by him other than for good reason.
- (3) Assumes that Mr. Donnan used all of his 2007 vacation and that he has four weeks of accrued vacation for 2008.

Table of Contents

- (4) Under our severance policy, if Mr. Donnan's employment is terminated by us without cause, Mr. Donnan is entitled to a lump-sum payment equal to his weekly base salary multiplied by a number of weeks (not to exceed 26), which we refer to as the continuation period, determined based on his number of years of full employment. As of December 31, 2007, Mr. Donnan's continuation period was 12 weeks.
- (5) Under Mr. Donnan's Change in Control Agreement, if Mr. Donnan's employment is terminated by us without cause or is voluntarily terminated by him for good reason within the period beginning 90 days prior to a change in control and ending two years following a change in control, Mr. Donnan is entitled to a lump-sum payment equal to two times the sum of his base salary and most recent short-term incentive target.
- (6) Under our Salaried Severance Plan, if Mr. Donnan's employment is terminated by us without cause, Mr. Donnan is entitled to continuation of his medical and dental benefits following the termination of employment for a period not to exceed the shorter of his continuation period (see note (4) above) and the period commencing on the termination of employment and ending on the date he is no longer eligible for coverage under COBRA. The table reflects the present value of such medical and dental benefits at December 31, 2007 determined (a) assuming family coverage in a point of service medical plan and a premium dental plan and (b) based on current COBRA coverage rates for 2008 and assuming a 10% increase in the cost of medical and dental coverage for 2009 as compared to 2008 and a 10% increase in the cost of medical and dental coverage for 2010 as compared to 2009.
- (7) Under Mr. Donnan's Change in Control Agreement, if Mr. Donnan's employment is terminated by us without cause or is voluntarily terminated by him for good reason within the period commencing 90 days prior to a change in control and ending two years following a change in control, we must continue his medical and dental benefits for two years commencing on the date of such termination. The table reflects the present value of such medical and dental benefits at December 31, 2007 determined (a) assuming family coverage in a point of service medical plan and a premium dental plan and (b) based on current COBRA coverage rates for 2008 and assuming a 10% increase in the cost of medical and dental coverage for 2009 as compared to 2008.
- (8) Under our Salaried Severance Plan, if Mr. Donnan's employment is terminated by us without cause, Mr. Donnan is entitled to continuation of his disability benefits following the termination of employment for a period not to exceed the shorter of his continuation period (see note (4) above) and the period commencing on the termination of employment and ending on the date he is no longer eligible for coverage under COBRA. The table reflects the present value of such disability benefits at December 31, 2007 determined (a) assuming coverage throughout Mr. Donnan's continuation period, (b) based on our current costs of providing such benefits and assuming such costs do not increase during Mr. Donnan's continuation period, (c) assuming we pay such costs throughout Mr. Donnan's continuation period in the same manner as we currently pay such costs, (d) assuming mortality according to the RP-2000 Combined Health mortality table published by the Society of Actuaries, and (e) applying a discount rate of 6.00% per annum.
- (9) Under Mr. Donnan's Change in Control Agreement, if Mr. Donnan's employment is terminated by us without cause or is voluntarily terminated by him for good reason within the period commencing 90 days prior to a change in control and ending two years following a change in control, we must continue his disability benefits for two years commencing on the date of such termination. The table reflects the present value of such disability benefits at December 31, 2007 determined (a) based on our current costs of providing such benefits and assuming such costs do not increase during the applicable benefit continuation period, (b) assuming we pay such costs throughout the applicable benefit continuation period in the same manner as we currently pay such costs, (c) assuming mortality according to the RP-2000 Combined Health mortality table published by the Society of Actuaries, and (d) applying a discount rate of 6.00% per annum.

- (10) Reflects the actuarial present value of Mr. Donnan's disability benefits at December 31, 2007 determined (a) assuming full disability at December 31, 2007, (b) assuming mortality according to the RP-2000 Disabled Retiree mortality table published by the Society of Actuaries, and (c) applying a discount rate of 6.00% per annum. Such disability benefits would be paid by a third-party insurer and not by us.
- (11) Under our Salaried Severance Plan, if Mr. Donnan's employment is terminated by us without cause, Mr. Donnan is entitled to continuation of his life insurance benefits following the termination of employment for a period not to exceed the shorter of his continuation period (see note (4) above) and the period commencing on the termination of employment and ending on the date he is no longer eligible for coverage

under COBRA. The table reflects the present value of such life insurance benefits at December 31, 2007 determined (a) assuming coverage throughout Mr. Donnan's continuation period at his current election of the maximum available coverage, (b) based on our current cost of providing such benefits and assuming such costs do not increase during Mr. Donnan's continuation period, (c) assuming we pay such costs throughout Mr. Donnan's continuation period in the same manner as we currently pay such costs, (d) assuming mortality according to the RP-2000 Combined Health mortality table published by the Society of Actuaries, and (e) applying a discount rate of 6.00% per annum.

- (12) Under Mr. Donnan's Change in Control Agreement, if Mr. Donnan's employment is terminated by us without cause or is voluntarily terminated by him for good reason within the period commencing 90 days prior to a change in control and ending two years following a change in control, we must continue his life insurance benefits for two years commencing on the date of such termination. The table reflects the present value of such life insurance benefits at December 31, 2007 determined (a) assuming his current election of the maximum available coverage, (b) based on our current costs of providing such benefits and assuming such costs do not increase during the applicable benefit continuation period, (c) assuming we pay such costs throughout the applicable benefit continuation period in the same manner as we currently pay such costs, (d) assuming mortality according to the RP-2000 Combined Health mortality table published by the Society of Actuaries, and (e) applying a discount rate of 6.00% per annum.
- (13) Reflects the life insurance benefit payable assuming Mr. Donnan's death had occurred on December 31, 2007 other than while traveling on company-related business. Such life insurance benefit would have been paid by a third-party insurer and not by us. We maintain a travel and accidental death policy for certain employees, including Mr. Donnan, that would provide an additional \$1,000,000 death benefit payable to Mr. Donnan's estate if his death occurs during company-related travel. Such death benefit would be paid by a third-party insurer and not by us.
- (14) Under Mr. Donnan's Change in Control Agreement, if Mr. Donnan's employment is terminated by us without cause or is voluntarily terminated by him for good reason within the period commencing 90 days prior to a change in control and ending two years following a change in control, we must continue his perquisites for two years commencing on the date of such termination. The table reflects the estimated cost to us of continuing Mr. Donnan's perquisites for such two-year period as follows: vehicle allowance, \$21,910. Such amount has been estimated by multiplying the cost of Mr. Donnan's vehicle allowance for 2007 by two.
- (15) Under Mr. Donnan's Change in Control Agreement, in general, if any payments to Mr. Donnan would be subject to federal excise tax or any similar state or local tax by reason of being considered contingent on a change in control, we must pay to Mr. Donnan an additional amount such that, after satisfaction of all tax obligations imposed on such payments, Mr. Donnan retains an amount equal to the federal excise tax or similar state or local tax imposed on such payments. The table reflects an estimate of such additional amount that we would have been obligated to pay Mr. Donnan if his employment had been terminated on December 31, 2007 by us without cause or by him for good reason following a change in control on such date.
- (16) Reflects the aggregate market value of the shares of restricted stock for which restrictions would have lapsed early due to Mr. Donnan's termination, determined based on a per share price of \$79.48, the closing price per share of our common stock as reported on the Nasdaq Global Select Market on December 31, 2007, which was the last trading day of 2007. The restrictions on all shares of restricted stock that were held by Mr. Donnan on December 31, 2007 would have lapsed early if his employment had been terminated as a result of his death or disability, his employment had been terminated by us without cause or his employment had been voluntarily terminated by him for good reason, or if there had been a change in control.

- (17) Reflects the spread between the aggregate market value of the shares of common stock purchasable upon exercise of the option rights which would have vested early due to Mr. Donnan's termination, determined based on a per share price of \$79.48, the closing price per share of our common stock as reported on the Nasdaq Global Select Market on December 31, 2007, which was the last trading day of 2007, and the aggregate exercise price required to purchase such shares upon exercise of such option rights. All option rights that were held by Mr. Donnan on December 31, 2007 would have vested early if his employment had been terminated as a result of his death or disability, his employment had been terminated by us without cause or his employment had been voluntarily terminated by him for good reason, or if there had been a change in control.

Table of Contents

No spread is reflected in the table because the \$80.01 per share exercise price of such option rights exceeded the \$79.48 closing price per share of our common stock as reported on the Nasdaq Global Select Market on December 31, 2007.

- (18) Under our Restoration Plan, Mr. Donnan is entitled to a distribution of his account balance six months following his termination, except that he will forfeit the entire amount of matching and fixed rate contributions made by us to his account if he is terminated for cause. In addition, under our Savings Plan, upon termination of employment, Mr. Donnan is eligible to receive a distribution of his vested balance under the plan. Such balance is not reflected in this table.

- (1) Assumes that there is no earned but unpaid base salary at the time of termination.
- (2) Under our 2007 STI Plan, Mr. Rinckenberger's target award for 2007 was \$78,000, but his award could have ranged from a threshold of \$41,950 to a maximum of \$245,000, or could have been zero if the threshold performance was not achieved. Mr. Rinckenberger's award under our 2007 STI Plan was determined in March 2008 to be \$177,900. terminated by us without cause or by him for good reason within the period commencing 90 days prior to a change in control and ending two years following a change in control and such termination had occurred during 2007 other than on December 31, 2007, Mr. Rinkenberger's target award for 2007 under our 2007 STI Plan would have been prorated for the actual number of days of Mr. Rinkenberger's employment in 2007 and Mr. Rinkenberger would have been entitled to payment of such amount. If Mr. Rinkenberger's employment had been terminated on December 31, 2007, the last day of our 2007 fiscal year, Mr. Rinkenberger would have been entitled to full payment of his award (\$177,900) under the 2007 STI Plan unless his employment had been terminated by us for cause or voluntarily terminated by him other than for good reason.

- (3) Assumes that Mr. Rinkenberger used all of his 2007 vacation and that he has four weeks of accrued vacation for 2008.
- (4) Under our severance policy, if Mr. Rinkenberger's employment is terminated by us without cause, Mr. Rinkenberger is entitled to a lump-sum payment equal to his weekly base salary multiplied by a number of weeks (not to exceed 26), which we refer to as the continuation period, determined based on his number of years of full employment. As of December 31, 2007, Mr. Rinkenberger's continuation period was 12 weeks.

- (6) Under our Salaried Severance Plan, if Mr. Rinkenberger's employment is terminated by us without cause, Mr. Rinkenberger is entitled to continuation of his medical and dental benefits following the termination of employment for a period not to exceed the shorter of his continuation period (see note (4) above) and the period commencing on the termination of employment and ending on the date he is no longer eligible for coverage under COBRA. The table reflects the present value of such medical and dental benefits at December 31, 2007 determined (a) assuming family coverage in a point of service medical plan and a premium dental plan and (b) based on current COBRA coverage rates for 2008 and assuming a 10% increase in the cost of medical and dental coverage for 2009 as compared to 2008 and a 10% increase in the cost of medical and dental coverage for 2010 as compared to 2009.
- (7) Under Mr. Rinkenberger's Change in Control Agreement, if Mr. Rinkenberger's employment is terminated by us without cause or is voluntarily terminated by him for good reason within the period commencing 90 days prior to a change in control and ending two years following a change in control, we must continue his medical and dental benefits for two years commencing on the date of such termination. The table reflects the present value of such medical and dental benefits at December 31, 2007 determined (a) assuming family coverage in a point of service medical plan and a premium dental plan and (b) based on current COBRA coverage rates for 2008 and assuming a 10% increase in the cost of medical and dental coverage for 2009 as compared to 2008.
- (8) Under our Salaried Severance Plan, if Mr. Rinkenberger's employment is terminated by us without cause, Mr. Rinkenberger is entitled to continuation of his disability benefits following the termination of employment for a period not to exceed the shorter of his continuation period (see note (4) above) and the period commencing on the termination of employment and ending on the date he is no longer eligible for coverage under COBRA. The table reflects the present value of such disability benefits at December 31, 2007 determined (a) assuming coverage throughout Mr. Rinkenberger's continuation period, (b) based on our current costs of providing such benefits and assuming such costs do not increase during Mr. Rinkenberger's continuation period, (c) assuming we pay such costs throughout Mr. Rinkenberger's continuation period in the same manner as we currently pay such costs, (d) assuming mortality according to the RP-2000 Combined

Health mortality table published by the Society of Actuaries, and (e) applying a discount rate of 6.00% per annum.

- (9) Under Mr. Rinkenberger's Change in Control Agreement, if Mr. Rinkenberger's employment is terminated by us without cause or is voluntarily terminated by him for good reason within the period commencing 90 days prior to a change in control and ending two years following a change in control, we must continue his disability benefits for two years commencing on the date of such termination. The table reflects the present value of such disability benefits at December 31, 2007 determined (a) based on our current costs of providing such benefits and assuming such costs do not increase during the applicable benefit continuation period, (b) assuming we

pay such costs throughout the applicable benefit continuation period in the same manner as we currently pay such costs, (c) assuming mortality according to the RP-2000 Combined Health mortality table published by the Society of Actuaries, and (d) applying a discount rate of 6.00% per annum.

- (10) Reflects the actuarial present value of Mr. Rinckenberger's disability benefits at December 31, 2007 determined (a) assuming full disability at December 31, 2007, (b) assuming mortality according to the RP-2000 Disabled Retiree mortality table published by the Society of Actuaries, and (c) applying a discount rate of 6.00% per annum. Such disability benefits would be paid by a third-party insurer and not by us.
- (11) No life insurance benefit would have been payable assuming Mr. Rinckenberger's death had occurred on December 31, 2007 other than while traveling on company-related business. However, we maintain a travel and accidental death policy for certain employees, including Mr. Rinckenberger, that would provide a \$1,000,000 death benefit payable to Mr. Rinckenberger's estate if his death occurs during company-related travel. Such death benefit would be paid by a third-party insurer and not by us.
- (12) Reflects the life insurance benefit payable assuming Mr. Rinckenberger's death had occurred on December 31, 2007 other than while traveling on company-related business. Such life insurance benefit would have been paid by a third-party insurer and not by us. We maintain a travel and accidental death policy for certain employees, including Mr. Rinckenberger, that would provide an additional \$1,000,000 death benefit payable to Mr. Rinckenberger's estate if his death occurs during company-related travel. Such death benefit would be paid by a third-party insurer and not by us.
- (13) Under Mr. Rinckenberger's Change in Control Agreement, if Mr. Rinckenberger's employment is terminated by us without cause or is voluntarily terminated by him for good reason within the period commencing 90 days prior to a change in control and ending two years following a change in control, we must continue his perquisites for two years commencing on the date of such termination. The table reflects the estimated cost to us of continuing Mr. Rinckenberger's perquisites for such two-year period as follows: vehicle allowance, \$20,576. Such amount has been estimated by multiplying the cost of Mr. Rinckenberger's vehicle allowance for 2007 by two.
- (14) Under Mr. Rinckenberger's Change in Control Agreement, in general, if any payments to Mr. Rinckenberger would be subject to federal excise tax or any similar state or local tax by reason of being considered contingent on a change in control, we must pay to Mr. Rinckenberger an additional amount such that, after satisfaction of all tax obligations imposed on such payments, Mr. Rinckenberger retains an amount equal to the federal excise tax or similar state or local tax imposed on such payments. The table reflects an estimate of such additional amount that we would have been obligated to pay Mr. Rinckenberger if his employment had been terminated on December 31, 2007 by us without cause or by him for good reason following a change in control on such date.
- (15) Reflects the aggregate market value of the shares of restricted stock for which restrictions would have lapsed early due to Mr. Rinckenberger's termination, determined based on a per share price of \$79.48, the closing price per share of our common stock as reported on the Nasdaq Global Select Market on December 31, 2007, which was the last trading day of 2007. The restrictions on all shares of restricted stock that were held by Mr. Rinckenberger on December 31, 2007 would have lapsed early if his employment had been terminated as a result of his death or disability, his employment had been terminated by us without cause or his employment had been voluntarily terminated by him for good reason, or if there had been a change in control.
- (16) Reflects the spread between the aggregate market value of the shares of common stock purchasable upon exercise of the option rights which would have vested early due to Mr. Rinckenberger's termination, determined based on a per share price of \$79.48, the closing price per share of our common stock as reported on the Nasdaq Global Select Market on December 31, 2007, which was the last trading day of 2007, and the aggregate

exercise price required to purchase such shares upon exercise of such option rights. All option rights that were held by Mr. Rinkenberger on December 31, 2007 would have vested early if his employment had been terminated as a result of his death or disability, his employment had been terminated by us without cause or his employment had been voluntarily terminated by him for good reason, or if there had been a change in control. No spread is reflected in the table because the \$80.01 per share exercise price of such option rights exceeded the \$79.48 closing price per share of our common stock as reported on the Nasdaq Global Select Market on December 31, 2007.

Table of Contents

(17) Under our New Restoration Plan, Mr. Rinkenberger is entitled to a distribution of his account balance six months following his termination, except that he will forfeit the entire amount of matching and fixed rate contributions made by us to his account if he is terminated for cause. In addition, under our Savings Plan, upon termination of employment, Mr. Rinkenberger is eligible to receive a distribution of his vested balance under the plan. Such balance is not reflected in this table.

- (1) Assumes that there is no earned but unpaid base salary at the time of termination.
- (2) Under our 2007 STI Plan, Mr. Bellino's target award for 2007 was \$181,500, but his award could have ranged from a threshold of \$90,750 to a maximum of \$544,500, or could have been zero if the threshold performance was not achieved. Mr. Bellino's award under our 2007 STI Plan was determined in March 2008 to be \$395,300. Pursuant to Mr. Bellino's employment agreement, we would have had to pay Mr. Bellino or his estate any earned but unpaid short-term incentive unless his employment had been terminated by us for cause or had been voluntarily terminated by him other than for good reason. Under Mr. Bellino's employment agreement, if his employment had been terminated during 2007 but prior to December 31, 2007, Mr. Bellino's target award for 2007 under our 2007 STI Plan would have been prorated for the actual number of days of Mr. Bellino's employment in 2006 and Mr. Bellino would have been entitled to payment of such amount, without any increase or reduction that would normally be considered with his award, unless his employment had been terminated by us for cause or voluntarily terminated by him other than for good reason. Under Mr. Bellino's employment agreement, if his employment had been terminated on December 31, 2007, the last day of our 2007 fiscal year, Mr. Bellino would have been entitled to full

payment of his award under the 2007 STI Plan (\$395,300) unless his employment had been terminated by us for cause or had been voluntarily terminated by him other than for good reason.

- (3) Assumes that Mr. Bellino used all of his 2007 vacation and that he had four weeks of accrued vacation for 2008.
- (4) Under Mr. Bellino's employment agreement, if his employment had been terminated by us without cause or had been voluntarily terminated by him for good reason, we would have had to make a lump-sum payment to Mr. Bellino in an amount equal to two times his base salary for the fiscal year in which such termination occurred.
- (5) Under Mr. Bellino's employment agreement, if his employment had been terminated by us without cause or had been voluntarily terminated by him for good reason within two years following a change in control, we would have had to make a lump-sum payment to Mr. Bellino in an amount equal to three times the sum of his base salary and target annual bonus.
- (6) Under Mr. Bellino's employment agreement, if his employment had been terminated by us without cause or had been voluntarily terminated by him for good reason, we would have had to continue his medical and dental benefits for two years, or, if such termination had occurred within two years following a change in control, three years, commencing on the date of such termination. The table reflects the present value of such medical and dental benefits at December 31, 2007 determined (a) assuming family coverage in a point of service medical plan and a premium dental plan and (b) based on current COBRA coverage rates for 2008 and assuming a 10% increase in the cost of medical and dental coverage for 2009 as compared to 2008 and a 10% increase in the cost of medical and dental coverage for 2010 as compared to 2009.
- (7) Under Mr. Bellino's employment agreement, if his employment had been terminated by us without cause or had been voluntarily terminated by him for good reason, we would have had to continue his disability benefits for two years, or, if such termination had occurred within two years following a change in control, three years, commencing on the date of such termination. The table reflects the present value of such disability benefits at December 31, 2007 determined (a) based on our current costs of providing such benefits and assuming such costs do not increase during the applicable benefit continuation period, (b) assuming we pay such costs throughout the applicable benefit continuation period in the same manner as we currently pay such costs, (c) assuming mortality according to the RP-2000 Combined Health mortality table published by the Society of Actuaries, and (d) applying a discount rate of 6.00% per annum.
- (8) Reflects the actuarial present value of Mr. Bellino's disability benefits at December 31, 2007 determined (a) assuming full disability at December 31, 2007, (b) assuming mortality according to the RP-2000 Disabled Retiree mortality table published by the Society of Actuaries, and (c) applying a discount rate of 6.00% per annum. Such disability benefits would have been paid by a third-party insurer and not by us.
- (9) Under Mr. Bellino's employment agreement, if his employment had been terminated by us without cause or had been voluntarily terminated by him for good reason, we would have had to continue his life insurance benefits for two years, or, if such termination had occurred within two years following a change in control, three years, commencing on the date of such termination. Mr. Bellino had declined life insurance coverage. Accordingly, we would not have been obligated to provide Mr. Bellino with life insurance benefits for the applicable benefit continuation period.
- (10) No life insurance benefit would have been payable assuming Mr. Bellino's death had occurred on December 31, 2007 other than while traveling on company-related business. However, we maintain a travel and accidental

death policy for certain employees that would have provided a \$1,000,000 death benefit payable to Mr. Bellino's estate if his death had occurred during company-related travel. Such death benefit would have been paid by a third-party insurer and not by us.

- (11) Under Mr. Bellino's employment agreement, if any payments to Mr. Bellino were to be subject to federal excise tax by reason of being considered contingent on a change in control, we would have had to pay to Mr. Bellino an additional amount such that, after satisfaction of all tax obligations imposed on such payments, Mr. Bellino would have retained an amount equal to such federal excise tax. The table reflects an estimate of the additional amount that we would have been obligated to pay Mr. Bellino if his employment had been terminated on December 31, 2007 by us without cause or by him with good reason following a change in control on such date.
- (12) Reflects the aggregate market value of the shares of restricted stock for which restrictions would have lapsed early due to Mr. Bellino's termination, determined based on a per share price of \$79.48, the closing price per

Table of Contents

share of our common stock as reported on the Nasdaq Global Select Market on December 31, 2007, which was the last trading day of 2007. The restrictions on all shares of restricted stock that were held by Mr. Bellino on December 31, 2007 would have lapsed early if his employment had been terminated as a result of his death or disability, his employment had been terminated by us without cause or his employment had been voluntarily terminated by him for good reason, or if there had been a change in control. However, the restrictions on only 15,000 shares of restricted stock that were held by Mr. Bellino on December 31, 2007 would have lapsed early if his employment had been terminated as a result of his retirement.

- (13) Reflects the spread, if any, of (a) the aggregate market value of the shares of common stock purchasable upon exercise of the option rights which would have vested early due to Mr. Bellino's termination, determined based on a per share price of \$79.48, the closing price per share of our common stock as reported on the Nasdaq Global Select Market on December 31, 2007, which was the last trading day of 2007, over (b) the aggregate exercise price required to purchase such shares upon exercise of such option rights. All option rights that were held by Mr. Bellino on December 31, 2007 would have vested early if his employment had been terminated as a result of his death or disability, his employment had been terminated by us without cause or his employment had been voluntarily terminated by him for good reason, or if there had been a change in control. No spread is reported in the table because the \$80.01 per share exercise price of such option rights exceeded the \$79.48 closing price per share of our common stock as reported on the Nasdaq Global Select Market on December 31, 2007.
- (14) Our Restoration Plan provides that a participant therein is entitled to a distribution of his account balance six months following his termination, except that the participant will forfeit the entire amount of matching and fixed rate contributions made by us to his account if the participant's employment is terminated by us for cause. As of December 31, 2007, no contributions had been made to Mr. Bellino under the Restoration Plan. Under our Savings Plan, upon termination of employment, Mr. Bellino became eligible to receive a distribution of his vested balance under the plan. Such balance is not reflected in this table.

DIRECTOR COMPENSATION

The table below sets forth certain information concerning compensation of our non-employee directors who served in 2007.

- (1) Reflects the value of restricted stock awards granted to non-employee directors under our Equity Incentive Plan based on the compensation cost of the awards with respect to our 2007 fiscal year, computed in accordance with SFAS No. 123-R, but excluding any impact of assumed forfeiture rates. For additional information regarding the compensation cost of stock awards with respect to our 2007 fiscal year, see Note 11 of the Notes to Consolidated Financial Statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2007. The non-employee director will receive all dividends and other distributions paid with respect to the shares of restricted stock he or she holds, but if any of such dividends or distributions are paid in

shares of our capital stock, such shares will be subject to the same restrictions on transferability as are the shares of restricted stock with respect to which they were paid.

- (2) Excludes perquisites and other personal benefits where the aggregate amount of such compensation to the director is less than \$10,000.
- (3) Mr. Becker served as a director from July 2006 until his death in February 2007.
- (4) Ms. Bartholomew has served as a director since June 2007.
- (5) Reflects (a) annual retainer of \$40,000, (b) any additional annual retainer for serving as Lead Independent Director or chair of a committee of the board of directors, and (c) fees for attendance of board or board committee meetings. Each non-employee director had the right to elect to receive shares of our common stock in lieu of any or all of his or her annual cash retainer, including retainers for serving as a committee chair or lead outside director, which is included in this column. In 2007: Mr. Bartholomew elected to receive 202 shares of common stock in lieu of approximately \$14,970 of her annual retainer; Mr. Frankel elected to receive 404 shares of common stock in lieu of approximately \$29,940 of his annual retainer; Ms. Hopp elected to receive 168 shares of common stock in lieu of approximately \$12,450 of her annual retainer; Mr. Murdy elected to receive 607 shares of common stock in lieu of approximately \$44,984 of his annual retainer; Dr. Osborne elected to receive 742 shares of common stock in lieu of approximately \$54,989 of his annual retainer; Mr. Van Leeuwen elected to receive 137 shares of common stock in lieu of approximately \$10,153 of his annual retainer; and each of Messrs. Quinn and Wilcox and Ms. Proctor elected to receive 539 shares of common stock in lieu of approximately \$39,945 of his or her annual retainer. In each case, the number of shares received was determined based on a per share price of \$74.11, the closing price per share of our common stock as reported by the Nasdaq Global Select Market on June 6, 2007, the payment date of the annual retainers.

Director Compensation Arrangements

We periodically review director compensation in relation to other comparable companies and in light of other factors that the compensation committee deems appropriate and discuss director compensation with the full board of directors. Pursuant to the director compensation policy adopted effective June 6, 2007, each non-employee director receives the following compensation:

an annual retainer of \$40,000 per year;

an annual grant of restricted stock having a value equal to \$60,000;

a fee of \$1,500 per day for each meeting of the board of directors attended in person and \$750 per day for each such meeting attended by phone; and

a fee of \$1,500 per day for each committee meeting of the board of directors attended in person on a date other than a date on which a meeting of the board of directors is held and \$750 per day for each such meeting attended by phone.

In addition, our Lead Independent Director, currently Dr. Osborne, receives an additional annual retainer of \$10,000, the chair of the audit committee, currently Ms. Hopp, receives an additional annual retainer of \$10,000, the chair of the compensation committee, currently Mr. Murdy, receives an additional annual retainer of \$5,000 and the chair of the nominating and corporate governance committee, currently Dr. Osborne, receives an additional annual retainer of \$5,000, with all such amounts payable at the same time as the annual retainer. Each non-employee director may elect

to receive shares of common stock in lieu of any or all of his or her annual retainer, including any additional annual retainer for service as the Lead Independent Director or the chair of a committee of the board of directors. Our stock ownership guidelines require our non-employee directors to own company stock equal in value to five times their annual base retainer.

The payment of annual retainers, including any additional annual retainer for service as Lead Independent Director or the chair of a committee of the board of directors, and the annual grant of restricted stock is made each year on the date on which we hold our annual meeting of stockholders, unless the board of directors determines such payment and grant should occur on another date. The number of shares of common stock to be received in the grant of restricted stock, as well as the number of shares of common stock to be received by any non-employee director

Table of Contents

electing to receive common stock in lieu of any or all of his or her payment of annual retainer, including any additional annual retainer, will be based on the closing price per share of common stock on the date such grant and payments are made.

We reimburse all directors for reasonable and customary travel and other disbursements relating to meetings of the board of directors and committees thereof, and non-employee directors are provided accident insurance with respect to company-related business travel.

EQUITY COMPENSATION PLAN INFORMATION

The following table provides information as of December 31, 2007 with respect to shares of our common stock that may be issued under equity compensation plans.

Plan Category	Number of Shares of Common Stock to be Issued Upon Exercise of Outstanding Options, Warrants and Rights(a)	Weighted-Average Exercise Price of Outstanding Options, Warrants and Rights(b)	Number of Shares of Common Stock Remaining Available for Future Issuance under Equity Compensation Plans (Excluding Shares of Common Stock Reflected in Column(a)(c))

(1) Our 2006 Equity and Performance Incentive Plan was amended and restated on February 6, 2008. The amendments were not material and did not affect the number of shares available for issuance thereunder. We refer to the 2006 Equity and Performance Plan, both before and after its amendment and restatement, as our Equity Incentive Plan. The Equity Incentive Plan is our only equity compensation plan. A copy of the Amended and Restated 2006 Equity and Performance Incentive Plan is included as Exhibit 10.13 to our Annual Report on Form 10-K for the year ended December 31, 2007.

(2) Reflects options to purchase 25,137 shares of common stock and restricted stock units covering 3,727 shares of common stock, in each case outstanding as of December 31, 2007. Subsequent to December 31, 2007, pursuant to Mr. Bellino's severance agreement, options to purchase 3,060 shares of common stock that had been outstanding as of such date were cancelled.

- (3) Reflects the exercise price per share of common stock purchasable upon exercise of options outstanding as of December 31, 2007. The exercise price is the same for all such options. No exercise price is payable in connection with the issuance of shares covered by the restricted stock units outstanding as of December 31, 2007.
- (4) Subject to certain adjustments that may be required from time to time to prevent dilution or enlargement of the rights of participants under the Equity Incentive Plan, a maximum of 2,222,222 shares of common stock may be issued under the Equity Incentive Plan. As of December 31, 2007, 580,815 shares of common stock had been issued thereunder and remained outstanding. Of such 580,815 shares, 549,071 were shares of restricted stock that remained subject to forfeiture as of such date. Subsequent to December 31, 2007, pursuant to Mr. Bellino's severance agreement, 5,041 of such 549,071 shares were forfeited and the restrictions on 15,000 of such 549,071 shares lapsed. In the event of forfeiture, such shares again become available for issuance under the Equity Incentive Plan.

Stock Transfer Restriction Agreement

On July 6, 2006, in connection with our emergence from chapter 11 bankruptcy, we entered into a Stock Transfer Restriction Agreement with the trustee of the Union VEBA Trust, which is our largest stockholder.

The Stock Transfer Restriction Agreement provides, in general, that, until the earliest of (1) July 6, 2016, (2) the repeal, amendment or modification of Section 382 of the Internal Revenue Code in such a way as to render us no longer subject to the restrictions imposed by Section 382, (3) the beginning of a taxable year in which none of the income tax benefits in existence on July 6, 2006 are currently available or will be available, (4) the determination by our board of directors that the restrictions will no longer apply, (5) a determination by the board of directors or the Internal Revenue Service that we are ineligible to use Section 382(1)(5) of the Internal Revenue Code permitting full use of the income tax benefits existing on July 6, 2006, and (6) an election by us for Section 382(1)(5) of the Internal Revenue Code not to apply, except as described below the trustee of the Union VEBA Trust will be prohibited from transferring or otherwise disposing of more than 15% of the total number of shares of common stock issued pursuant to our chapter 11 plan of reorganization to the Union VEBA Trust in any 12-month period without the prior written approval of the board of directors in accordance with our certificate of incorporation. Pursuant to the Stock Transfer Restriction Agreement, the trustee of the Union VEBA Trust also expressly acknowledged and agreed to comply with the restrictions on the transfer of our securities contained in our certificate of incorporation.

Simultaneously with the execution and delivery of the Stock Transfer Restriction Agreement, we entered into a Registration Rights Agreement with the trustee of the Union VEBA Trust and transferees of the Union VEBA Trust pursuant to the pre-effective date sales protocol discussed below. Under the Stock Transfer Restriction Agreement, notwithstanding the general restriction on transfer described above, the Union VEBA Trust was permitted to transfer a larger percentage of its holdings through an underwritten offering as described in the next following paragraph.

Prior to March 31, 2007, the Union VEBA Trust was entitled to request in writing that we file a registration statement covering the resale of shares of our common stock equal to a maximum of 30% of the total number of shares of common stock received by the Union VEBA Trust pursuant to the plan of reorganization in an underwritten offering, as contemplated by the Registration Rights Agreement, so long as:

the number of shares of common stock to be sold would not constitute more than 45% of the total number of shares of common stock received by the Union VEBA Trust pursuant to the plan of reorganization, less the number of shares included in all other transfers previously effected by the Union VEBA Trust during the preceding 36 months or since July 6, 2006, if shorter; and

Table of Contents

the shares of common stock to be sold would have a market value of not less than \$60.0 million on the date the request was made.

The Union VEBA Trust made such a request in July 2006 and we completed an offering of shares by the Union VEBA Trust and certain other selling stockholders on January 31, 2007. The Union VEBA Trust offered and sold 2,517,955 shares of our common stock pursuant to the underwritten offering, constituting the maximum number of shares of our common stock it could include in the underwritten offering under the Stock Transfer Restriction Agreement absent approval of our board of directors. With the approval of our board of directors, the Union VEBA Trust also offered and sold 819,280 additional shares of our common stock pursuant to a 30-day option granted to the underwriters to cover over-allotments, if any, in connection with the underwritten offering.

During the fourth quarter of 2007, with the approval of our board of directors, the Union VEBA Trust sold an additional 627,200 shares of our common stock that it would have been unable to sell under the Stock Transfer Restriction Agreement absent such approval.

For purposes of determining whether any future transfer of shares of common stock by the Union VEBA Trust is permissible under the general restriction on transfer described above, the Union VEBA Trust will be deemed to have effected the transfer of the shares sold by it in excess of the shares that it was permitted to transfer under the general restriction at the earliest possible date or dates the Union VEBA Trust would have been permitted to effect such transfer under the general restriction absent board approval. As a result, the Union VEBA Trust is currently prohibited from selling additional shares of our common stock until after January 31, 2010, without the prior written approval of our board of directors in accordance with our certificate of incorporation.

As background, the chapter 11 plan of reorganization stated that on its effective date, 11,439,900 shares of our common stock would be contributed to the Union VEBA Trust. Prior to the effective date of the plan of reorganization, in accordance with a sales protocol established by order of the bankruptcy court, the Union VEBA Trust sold interests entitling the purchasers thereof to receive 2,630,000 shares of common stock that otherwise would have been issuable to the Union VEBA Trust on the effective date of the plan of reorganization. Accordingly, on the effective date, 8,809,900 shares of common stock were issued to the Union VEBA Trust. Pursuant to the terms of the sale protocol, unless we otherwise agreed or it was determined in a ruling by the Internal Revenue Service that any such sale would not constitute a sale of shares on or following the effective date of the plan of reorganization for purposes of the applicable limitations of Section 382 of the Internal Revenue Code, the shares attributable to a sale of all or part of the interest of the Union VEBA Trust were to be deemed to have been received by the Union VEBA Trust on the effective date and sold on or after the effective date out of the permitted sale allocation under the Stock Transfer Restriction Agreement as if sold at the earliest possible date or dates such sales would have been permitted thereunder for purposes of determining the permissibility of future sales of shares under the Stock Transfer Restriction Agreement. A request for such a ruling was filed with the Internal Revenue Service, and on May 2, 2007, we received such a ruling from the Internal Revenue Service. As a result of the ruling, 8,809,900 rather than 11,439,900 shares of our common stock are treated as having been received by the Union VEBA Trust on the effective date of the plan of reorganization and the number of shares of our common stock that generally may be sold by the Union VEBA Trust under the Stock Transfer Restriction Agreement during any 12-month period was reduced from 1,715,985 to 1,321,485.

Registration Rights Agreement

General

On July 6, 2006, we entered into the Registration Rights Agreement with the trustee of the Union VEBA Trust and certain parties, whom we refer to below as the other parties, that, in accordance with the pre-effective date sales protocol, purchased from the Union VEBA Trust interests entitling them to receive shares that otherwise would have been issuable to the Union VEBA Trust.

The Registration Rights Agreement provides the Union VEBA Trust with certain rights to require that we register the resale of the shares of common stock issued to the Union VEBA Trust pursuant to our plan of reorganization unless such securities (1) are disposed of pursuant to an effective registration statement under the Securities Act of 1933, or the Securities Act, (2) are distributed to the public pursuant to Rule 144 under the

Table of Contents

Securities Act, (3) may be freely sold publicly without either registration under the Securities Act or compliance with any restrictions under Rule 144 under the Securities Act, (4) have been transferred to any person, or (5) have ceased to be outstanding (prior to the occurrence of any such event, such securities (together with any shares of common stock issued as a dividend or other distribution with respect to, or in exchange for or in replacement of, such securities are referred to below as registrable securities).

Demand Registration

Pursuant to Section 2.1 of the Registration Rights Agreement, during the period commencing on July 6, 2006 and ending March 31, 2007, the Union VEBA Trust had the right to demand that we prepare and file with the SEC a registration statement covering the resale of its registrable securities in an underwritten offering, which the Union VEBA Trust did in July 2006. Pursuant to the Registration Rights Agreement, each of the other parties was provided the opportunity to include the securities it purchased pursuant to the pre-effective date sales protocol in the underwritten offering. As indicated above, the underwritten offering was completed on January 31, 2007. We will not be required to effect another registration for the Union VEBA Trust pursuant to Section 2.1 of the Registration Rights Agreement and the other parties have no further rights under the Registration Rights Agreement.

Shelf Registration

Pursuant to Section 3.1 of the Registration Rights Agreement, the Union VEBA Trust may (and, if so directed by its independent fiduciary, will) demand that we prepare and file with the SEC a shelf registration statement covering the resale of all registrable securities held by the Union VEBA Trust on a continuous basis under and in accordance with Rule 415 under the Securities Act. The Registration Rights Agreement provides that, following receipt of such a request, we will prepare and file the shelf registration covering all registrable securities held by the Union VEBA Trust and will use commercially reasonable efforts to cause the shelf registration to be declared effective under the Securities Act as soon as practicable after such filing. However, we will not be required to take such action if, at the time of a shelf registration request, the Stock Transfer Restriction Agreement would prohibit the Union VEBA Trust from immediately selling a number of shares of common stock greater than the number of shares of common stock it would then be permitted to sell in compliance with the restrictions of Rule 144 under the Securities Act. As indicated above, as of the date of this Proxy Statement, the Stock Transfer Restriction Agreement prohibits the Union VEBA Trust from selling any additional shares of our common stock without the prior written approval of our board of directors until after January 31, 2010.

Piggyback Registration

If we register equity securities for our own account or the account of any other person (other than a registration statement in connection with a merger or reorganization or relating to an employee benefit plan or in connection with an offering made solely to our then-existing stockholders or employees), the Union VEBA Trust will be offered the opportunity, subject to the terms of the Stock Transfer Restriction Agreement, to include its registrable securities in such registration. Customary priority provisions will apply in the context of an underwritten offering.

Expenses

Subject to provisions for reimbursement in limited circumstances, we bear all of our out-of-pocket expenses in connection with any registration under the Registration Rights Agreement. All underwriting fees, discounts, selling commissions and stock transfer taxes applicable to the sale of registrable securities are borne by the applicable selling holder. We incurred expenses of approximately \$1,740,000 in connection with the underwritten offering described above.

Rule 144

The Registration Rights Agreement provides that we will file all required SEC reports, and cooperate with the Union VEBA Trust, to the extent required to permit the Union VEBA Trust to sell, subject to the terms of the Stock Transfer Restriction Agreement, its registrable securities without registration under Rule 144.

Review, Approval of or Ratification of Transactions with Related Persons

Our corporate governance guidelines, which were adopted by our board of directors on July 6, 2006 in connection with our emergence from chapter 11 bankruptcy, require that our board of directors conduct an appropriate review of all related-party transactions. The charter for the audit committee of our board of directors, which was adopted by the board of directors on the same day that our corporate governance guidelines were adopted, requires that any related-party transaction required to be disclosed under Item 404 of Regulation S-K promulgated by the SEC must be approved by the audit committee. Neither the board of directors nor the audit committee has adopted specific policies or procedures for review or approval of related-party transactions.

The Director Designation Agreement, the Stock Transfer Restriction Agreement and the Registration Rights Agreement were authorized, executed and delivered in accordance with our plan of reorganization upon our emergence from chapter 11 bankruptcy and, accordingly, our corporate governance guidelines and audit committee charter, which were also adopted upon emergence, were not applicable. The approvals of the 2007 sales of shares of our common stock by the Union VEBA Trust beyond that number of shares otherwise permitted under the Stock Transfer Restriction Agreement and our certificate of incorporation were granted by our full board of directors in accordance with the express procedures set forth in our certificate of incorporation after extensive review and analysis, and were not separately reviewed and approved by the audit committee.

AUDIT COMMITTEE REPORT

The audit committee charter requires the audit committee to undertake a variety of activities designed to assist our board of directors in fulfilling its oversight role regarding our independent registered public accounting firm's independence, our financial reporting process, our systems of internal controls and our compliance with applicable laws, rules and regulations. These requirements are briefly summarized under Corporate Governance Board Committees Audit Committee above. The audit committee charter also makes it clear that the independent registered public accounting firm is ultimately accountable to the board of directors and the audit committee, not management.

Our internal accountants prepare our consolidated financial statements and our independent registered public accounting firm is responsible for auditing those financial statements. The audit committee oversees the financial reporting processes implemented by management but does not conduct any auditing or accounting reviews. The members of the audit committee are not company employees. Instead, the audit committee relies, without independent verification, on management's representation that the financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America and on the representations of our independent registered public accounting firm included in its report on our financial statements. The audit committee's oversight does not provide them with an independent basis for determining whether management has maintained appropriate accounting and financial reporting principles or policies or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the audit committee's discussions with management and its accountants do not ensure that the financial statements are presented in accordance with accounting principles generally accepted in the United States of America or that the audit of the financial statements has been carried out in accordance with auditing standards of the Public Company Accounting Oversight Board (United States) or that our independent registered public accounting firm is in fact independent.

We have engaged Deloitte & Touche LLP as our independent registered public accounting firm to audit and report to our stockholders on our financial statements for 2008 and the effectiveness of our internal controls over financial reporting. The audit committee has discussed with management and Deloitte & Touche LLP significant accounting policies applied by us in our financial statements as well as alternative treatments and significant judgments, including

(1) the treatment of an annual variable contribution obligation to the voluntary employees' beneficiary association trust that provides benefits for certain eligible retirees represented by certain unions and their spouses and eligible dependents, or the Union VEBA Trust, and to another voluntary employees' beneficiary association trust that provides benefits for certain other eligible retirees and their surviving spouses and eligible dependents, (2) the application of fresh start accounting upon our emergence from chapter 11 bankruptcy on July 6, 2006, (3) change in accounting methodologies with respect to inventory accounting made in connection with our application of fresh start accounting, and (4) the recognition of a portion of our deferred tax assets as of December 31, 2007. For a more detailed discussion of these accounting items, see Item 7. Management's

Table of Contents

Discussion and Analysis of Financial Condition and Results of Operations in our Annual Report on Form 10-K for the year ended December 31, 2007. During the year ended December 31, 2007, there were no disagreements with Deloitte & Touche LLP on any matter of accounting principle or practice, financial statement disclosure or auditing scope or procedure, which, if not resolved to the satisfaction of Deloitte & Touche LLP, would have caused them to make a reference to the subject matter of the disagreement in connection with its reports.

The audit committee has reviewed and discussed the company's audited financial statements contained in our Annual Report on Form 10-K for the year ended December 31, 2007 with our management. The audit committee has also discussed with our independent registered public accounting firm the matters required to be discussed pursuant to SAS No. 61 (Codification of Statements on Auditing Standards, *Communication with Audit Committees*).

The audit committee has also received and reviewed the written disclosures and the letter from Deloitte & Touche LLP required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and has discussed with Deloitte & Touche LLP its independence.

The audit committee discussed with our internal accountants and Deloitte & Touche LLP the overall scope and plans for their respective audits. The audit committee meets with management, our internal auditors and our independent auditors periodically in separate private sessions to discuss any matter that the committee, management, the independent auditors or such other persons believe should be discussed privately.

Based on the review and discussions referred to above, the audit committee recommended to the board of directors that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2007, as filed with the SEC.

The audit committee considered whether, and concluded that, the provision by Deloitte & Touche LLP of the services for which we paid the amounts set forth under Tax Fees and All Other Fees below is compatible with maintaining the independence of Deloitte & Touche LLP.

This report is submitted by the members of the audit committee of the board of directors:

connection with compliance with the requirements of the Sarbanes-Oxley Act of 2002, or SOX, and fees incurred in connection with the filing of registration statements with the SEC. Audit fees for 2006 did not include any services provided in connection with SOX as 2007 was the first year that the Company was required to comply.

(2) Audit-related fees for 2006 consist principally of fees for employee benefit plans, SOX, Section 404 advisory services and statutory audits. Audit related fees for 2007 consist principally of fees from employee benefit plans and statutory audits.

(3) Tax fees consist principally of tax compliance and preparation fees.

The audit committee charter requires that the audit committee pre-approve all audit and non-audit engagements, fees, terms and services in a manner consistent with the Sarbanes-Oxley Act of 2002 and all rules and applicable listing standards promulgated by the SEC and the Nasdaq Marketplace Rules and other applicable criteria of the NASD. The audit committee may delegate the authority to grant any pre-approvals of non-audit engagements to one or more members of the audit committee, provided that such member (or members) reports any pre-approvals to the audit committee at its next scheduled meeting. The audit committee has delegated pre-approval authority to its chair. All of the audit-related fees, tax fees and other fees for 2007 were pre-approved by the audit committee.

Representatives of Deloitte & Touche LLP are expected to be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our officers and directors and persons who own more than 10% of a registered class of our equity securities to file initial reports of ownership and reports of changes in ownership with the SEC. Such persons are required by regulation of the SEC to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of the copies of such forms or written representations from certain reporting persons received by us with respect to 2007, we believe that our officers and directors and persons who own more than 10% of a registered class of our equity securities have complied with all applicable filing requirements.

OTHER MATTERS

We do not know of any other matters to be presented or acted upon at the Annual Meeting. If any other matter is presented at the Annual Meeting on which a vote may properly be taken, the shares represented by proxies will be voted in accordance with the judgment of the proxy holders.

FORM 10-K
