Item 5.03 Amendments to Articles of Incorporation or By-laws

On, and effective as of, December 3, 2007, the Board of Directors of Hecla Mining Company (the "Company") amended Article V, Sections 1 and 3 of the Company's Bylaws to allow for the issuance of uncertificated shares, pursuant to the New York Stock Exchange rules that require listed companies to become eligible to participate in the Direct Registration System ("DRS") by January 1, 2008. Article V, Sections 1 and 3 of the Company's Bylaws did not previously provide for uncertificated shares.

Edgar Filing: HECLA MINING CO/DE/ - Form 8-K

The DRS allows an investor, directly or through the investor's broker dealer, to establish a book-entry position on the books of the issuer maintained by the issuer or its transfer agent and to transfer the investor's position electronically between the issuer and the broker dealer through a facility currently administered by The Depository Trust Company. The DRS enables an investor to have securities registered in the investor's name without the issuance of a stock certificate and to effect transactions electronically without the risk and delays associated with stock certificates. An investor who registers securities in the DRS receives a statement of ownership and periodic account statements in lieu of stock certificates. In addition, because an investor who holds securities in the DRS is registered on the books of the issuer as the securities holder, the investor retains all of the rights associated with stock certificates, including receiving annual and other reports, dividends, proxy statements and other communications.

The full text of the Company's Bylaws, as amended, is filed as Exhibit 3.1 to this Current Report, and amended Article V is incorporated herein by reference.
