**PROXY STATEMENT
ANNUAL MEETING OF SHAREHOLDERS
November 8, 2017**

ABOUT THE 2017 ANNUAL MEETING

This Proxy Statement, along with Meredith's Annual Report to Shareholders, is being sent to shareholders on or about September 25, 2017 in connection with the solicitation of proxies by the Board of Directors (the "Board") of Meredith. The proxies are to be used in voting at the Annual Meeting of holders of common stock and Class B stock of the Company, to be held at the Company's principal executive offices, 1716 Locust Street, Des Moines, Iowa 50309-3023 on Wednesday, November 8, 2017 at 10:00 a.m., local time, and at any adjournment or postponement thereof. The cost of soliciting proxies will be borne by the Company. In addition, officers and employees of the Company may solicit the return of proxies from certain shareholders by telephone or meeting. Such officers and employees will receive no additional compensation for such solicitation activities.

VOTING PROCEDURES

Who Is Entitled to Vote?

Only shareholders of record at the close of business on September 8, 2017 (the "record date") will be entitled to notice of and to vote at the Annual Meeting or any adjournment or postponement thereof. On the record date, there were issued and outstanding 39,555,751 shares of common stock, each entitled to one vote at the Annual Meeting. On the record date, there were issued and outstanding 5,119,107 shares of Class B stock, each entitled to ten votes at the Annual Meeting, for a total of 90,746,821 votes.

How Can I Vote?

You can vote either in person at the Annual Meeting or by proxy without attending the meeting. We are again taking advantage of the Securities and Exchange Commission (“SEC”) rules that allow companies to furnish proxy materials to their shareholders over the Internet. On or about September 25, 2017, we mailed to shareholders of record on the record date a Notice of Internet Availability of Proxy Materials (the “Notice”) containing instructions on how to access this Proxy Statement and our 2017 Annual Report to Shareholders online. If you received a Notice by mail, you will not automatically receive a printed copy of our proxy materials in the mail. You may request a paper copy of our proxy materials by mail or an electronic copy by e-mail. The Notice also contains instructions for voting online.

If you are a holder of record and have requested and received a paper copy of our proxy materials, you may also vote by following the instructions on the proxy card that is included with the proxy materials. As set forth on the proxy card, there are three convenient methods for holders of record to direct their vote by proxy without attending the Annual Meeting:

1. Vote by Mail: You may vote by marking the proxy card, dating and signing it, and returning it in the postage-paid envelope provided. Please mail your proxy card promptly to ensure that it is received prior to the closing of the polls at the Annual Meeting. If you vote by returning a proxy card, you do NOT need to vote over the Internet or by telephone.

2. Vote by Internet: You may also vote via the Internet. The website address for Internet voting is provided on your proxy card. You will need to use the control number appearing on your proxy card to vote via the Internet. You can use the Internet to transmit your voting instructions up until 11:59 p.m. Central Standard Time of the day prior to the Annual Meeting. Internet voting is available 24 hours a day. If you vote via the Internet, you do NOT need to vote by telephone or return a proxy card. If you vote via the Internet, you may incur costs such as usage charges from Internet access providers and telephone companies. You will be responsible for those costs.

Table of Contents

Vote by Telephone: You may also vote by telephone by calling the toll-free number provided on your proxy card.

- You will need to use the control number appearing on your proxy card to vote by telephone. You may transmit your
3. voting instructions from any touch-tone telephone up until 11:59 p.m. Central Standard Time of the day prior to the Annual Meeting. Telephone voting is available 24 hours a day. If you vote by telephone, you do NOT need to vote over the Internet or return a proxy card.

If your shares are held in the name of your bank, broker or other nominee, you must obtain a proxy executed in your favor from the holder of record (that is, your bank, broker or other nominee) to be able to vote at the Annual Meeting.

If your shares are held in the name of your bank, broker or other nominee, please contact your bank, broker or other nominee to determine whether you will be able to vote by Internet or telephone.

Please refer to the Notice or the proxy card for more information about the voting methods available to you.

How Can I Change My Vote?

Registered shareholders can revoke their proxy at any time before it is voted at the Annual Meeting by:

1. Delivering timely written notice of revocation to the Secretary of the Company, Meredith Corporation, 1716 Locust Street, Des Moines, Iowa 50309-3023;
2. Submitting another timely, later-dated proxy using the same voting method you used to vote your shares; or
3. Attending the Annual Meeting and voting in person.

If your shares are held in the name of a bank, broker or other nominee, please contact your bank, broker or other nominee to determine how you may change your vote prior to the Annual Meeting.

How Many Votes Must Be Present to Conduct Business at the Annual Meeting?

In order for business to be conducted, a quorum must be represented either in person or by proxy at the Annual Meeting. The presence in person or by proxy of a majority of the voting power of the outstanding shares eligible to vote at the Annual Meeting constitutes a quorum. Shares represented by a proxy marked WITHHOLD or ABSTAIN will be considered present at the Annual Meeting for purposes of determining a quorum.

How Many Votes Am I Entitled to Cast?

You are entitled to cast one vote for each share of common stock you own on the record date. You are entitled to cast ten votes for each share of Class B stock you own on the record date. Shareholders do not have the right to vote cumulatively in electing directors.

How Many Votes Are Required to Elect Directors?

Directors are elected by a plurality of the votes cast by holders of shares entitled to vote in the election at a meeting at which a quorum is present. This means that the nominees receiving the highest number of votes cast for the number of positions to be filled are elected. Only votes cast FOR a nominee will be counted. An instruction to WITHHOLD authority to vote for one or more of the nominees will result in those nominees receiving fewer votes, but will not count as a vote AGAINST the nominees. Abstentions and broker non-votes will have no effect on the director election since only votes FOR a nominee will be counted.

How Many Votes Are Required to Approve, on an Advisory Basis, the Executive Compensation (“Say-on-Pay”) for the Company’s NEOs?

To approve the executive compensation program, the affirmative vote of a majority of the voting power present in person or by proxy and entitled to vote at the Annual Meeting will be required. For this proposal, an abstention will have the same effect as a vote AGAINST the proposal. Broker non-votes will have no effect on the proposal.

Table of Contents

How Many Votes Are Required to Approve, on an Advisory Basis, the Frequency of Future Say-On-Pay Votes?

Shareholders may vote for “one year”, “two years” or “three years” or may abstain from voting with respect to the proposal. The option of one year, two years or three years that receives the greatest number of votes cast will be considered the frequency for the advisory vote on the frequency of future say-on-pay votes recommended by our stockholders. Therefore, abstentions and broker non-votes will have no effect on the proposal.

How Many Votes Are Required to Ratify the Appointment of KPMG as Meredith’s Independent Registered Public Accounting Firm?

The affirmative vote of a majority of the voting power present, in person or by proxy and entitled to vote at the Annual Meeting, will be required to ratify the appointment of KPMG. For this proposal, an abstention will have the same effect as a vote AGAINST the proposal. Broker non-votes will have no effect on the proposal.

How Many Votes Are Required to Approve Other Matters?

Unless otherwise required by law or the Company’s Bylaws, the affirmative vote of a majority of the voting power present in person or by proxy and entitled to vote at the Annual Meeting will be required to approve other matters that may properly come before the Annual Meeting.

For matters requiring the affirmative vote of a majority of the voting power present, in person or by proxy and entitled to vote, abstentions will have the same effect as a vote AGAINST the proposal. Broker non-votes will have no effect on such a proposal.

Will My Shares Be Voted if I Do Not Provide Instructions to My Broker?

If you are the beneficial owner of shares held in street name by a broker, the broker, as the record holder of the shares, is required to vote those shares in accordance with your instructions. If you do not give instructions to the broker, the broker will be entitled to vote the shares with respect to discretionary items, but will not be permitted to vote the

shares with respect to non-discretionary items (those shares are treated as broker non-votes). The ratification of the appointment of KPMG (Proposal Four) is a discretionary item. The election of directors (Proposal One), the advisory vote on Say-on-Pay (Proposal Two) and the advisory vote on the frequency of future Say-on-Pay votes (Proposal Three) are non-discretionary items. A broker or other nominee will not be permitted to vote shares without instructions from the beneficial owners on Proposals One, Two or Three.

Who Represents My Proxy at the Annual Meeting?

If you do not vote in person at the Annual Meeting but have voted your shares over the Internet, by telephone or by signing and returning a proxy card, you have authorized the persons named as proxies, as designated by the Board, to represent you and to vote your shares as instructed.

What if I Return a Proxy Card but Do Not Provide Specific Voting Instructions for Some or All of the Items?

All shares that have been properly voted – whether by Internet, telephone or mail – will be voted at the Annual Meeting in accordance with your instructions unless such vote has been revoked. If you sign a proxy card but do not give voting instructions, the votes represented by the proxy will be voted as recommended by the Board and at the discretion of the persons named as proxies upon such matters not presently known or determined that may properly come before the meeting. The Board recommends a vote FOR the election of the director nominees, FOR the approval, on an advisory basis, of the executive compensation for the Company’s NEOs, FOR the approval, on an advisory basis, of the frequency of future Say-on-Pay votes of every “one year” and FOR the ratification of the appointment of KPMG as the Company’s independent registered public accounting firm for fiscal 2018.

What if Other Matters Are Voted on at the Annual Meeting?

If any other matters are properly presented at the Annual Meeting for consideration and if you have voted your shares by Internet, telephone or mail, the persons named as proxies will have the discretion to vote on those matters for you. At the date of filing this Proxy Statement with the SEC, the Board did not know of any other matters to be raised at the Annual Meeting.

Table of Contents

How Do I Vote if I Participate in the Meredith Corporation Employee Stock Purchase Plan of 2002 (the “ESPP”) and/or Meredith Savings and Investment Plan (the “401(k) Plan”)?

If you are a participant in the Company’s ESPP and/or the 401(k) Plan, you have the right to give instructions to the respective plan administrator as to the voting of the shares of stock allocated to your account. The voting of those shares will occur at the Annual Meeting or at any adjournment or postponement thereof. In this regard, please indicate your voting choices by voting online using the instructions on the Notice that has been sent to you, or by voting using the methods as described on the proxy card if you have requested hard copies of the proxy materials. If you hold shares in the 401(k) Plan and do not vote your shares, those shares will be voted by the plan administrator in the same percentage as the shares held in the 401(k) Plan for which directions are received. If you hold shares in the ESPP and do not vote your shares, those shares will be voted by the plan administrator on discretionary matters but will not be voted on non-discretionary matters.

PROPOSAL ONE – ELECTION OF DIRECTORS

Our Restated Articles of Incorporation, as may be provided by the Bylaws, state that the Board shall be divided into three classes, each class to consist, as nearly as may be possible, of one-third of the total number of directors. Our Corporate Governance Guidelines provide that no director may serve on the Board past the Annual Meeting following his or her 72nd birthday. The Board waived this age limitation with respect to Mr. Joel W. Johnson at the Company’s 2015 Annual Meeting due to the Meredith-Media General, Inc. merger negotiations happening at that time. Mr. Johnson’s term as a Class II director expires at the 2018 Annual Meeting, at which time he will retire from the Board.

Kaplan joined the Board in January 2017 and has been nominated as a Class III director with a term expiring in 2019. Each of the director nominees currently serves as a director of the Company. Should any of the nominees become unable to serve prior to the upcoming Annual Meeting, an event that is not anticipated by the Company, the proxies, except those from shareholders who have given instructions to WITHHOLD voting for the following nominees, will be voted FOR such other person or persons as the Nominating/Governance Committee may nominate. Table of Contents

Foundation. Ms. Frazier began her career at Meredith in 1976, holding various positions throughout the Company, including editorial, financial, marketing and production positions in publishing; acquisition and financial analysis in broadcasting; and various corporate staff positions through 2003. As a fourth-generation member of the Meredith family, she holds a deep appreciation of the values and societal roles of the Company throughout its history. In addition, her previous service as an employee in various positions throughout the Company allows her to share a singular perspective with the Board.

CORPORATE GOVERNANCE

Our Company was founded upon service to our customers and we are committed to building value for our shareholders. Our products and services continue to distinguish themselves on the basis of quality, customer service and value that can be trusted. Consistent with these principles, Meredith strives to uphold the highest standards of ethical conduct, to be a leader in corporate governance, to report results with accuracy and transparency and to maintain full compliance with the laws, rules and regulations that govern Meredith's businesses.

Board Leadership Structure

The Company's businesses are overseen by the Board which currently has ten members. There are two members of management on the Board and the remaining eight directors are independent directors. The Board has four standing committees, namely Audit, Compensation, Nominating/Governance and Finance, all of which are comprised entirely of independent directors. Each committee has its own charter and the chairman of each committee reports to the Board at each regular meeting.

The Board has no specific policy with respect to the separation of the offices of Chairman and CEO. The Board believes this issue is part of the succession planning process and that it is in the best interests of the Company for the Board to make this determination on a periodic basis. Our current Board leadership structure combines these roles, with Mr. Lacy acting as Chairman and CEO. In addition, the Board elected Ms. Frazier, an independent director under the New York Stock Exchange ("NYSE") rules, to serve as Vice Chairman and as Chairman of the Nominating/Governance Committee. Ms. Frazier presides at the executive sessions of independent, non-management directors. Each year the Nominating/Governance Committee recommends its nominees for Chairman of the Board, members and chairman for each standing committee.

Mr. Lacy has primary responsibility for managing the Company's businesses; designing, developing and establishing strategic plans; and providing leadership to the management team, all subject to the Board's direction and review. As

Chairman of the Board, Mr. Lacy is the key link between the Board and other members of management, as well as between the Board and the Company's shareholders. Because of his day-to-day knowledge of the Company's operations and challenges in his role as CEO, he is well-suited to provide leadership to the Board and guide its deliberations and activities.

As Vice Chairman, Ms. Frazier works closely with the Chairman to ensure that the Board's procedures, processes and communications reflect sound corporate governance. She chairs executive sessions of the independent, non-management directors and counsels collectively and individually with the members of the Board to utilize their individual capabilities to the Board's best advantage. She collaborates with the Chairman to organize and establish the Board agenda, works to ensure there is sufficient time for discussion of agenda items and oversees the circulation of timely and relevant information to directors. The Board believes at this time this leadership structure enhances Board effectiveness in performing its oversight role and furthers the policies and procedures of the Board.

Board's Role in Risk Oversight

Risk is an integral part of the Board and committee deliberations throughout the year. The Board is responsible for and oversees the Company's risk management process through regular discussion of the Company's risks with management both during and outside of regularly scheduled Board meetings. The Board considers, as appropriate, risks, among other factors, in reviewing the Company's strategy, business plan, budgets and major transactions. Each of the Board's committees assist the Board in overseeing the management of the Company's risks within the areas delegated to the committee. The Company uses an enterprise risk management framework to ensure that key risk areas are identified and that oversight responsibility is assigned to the appropriate Board committee and management. Each committee has a charter that lists such committee's designated areas of responsibility for specific risk areas that might impact the Company. Board committees make regular reports addressing risk oversight to the Board at its meetings. The full Board also receives periodic information about the Company's risk areas and initiatives for addressing those risks. In addition, future risks are anticipated and discussed as part of the strategic planning process.

Table of Contents

At least quarterly, the Audit Committee discusses with management, corporate counsel, the Company's Director of Internal Audit and the Company's independent external auditor: current business trends affecting the Company that may impact risk; litigation and ethics compliance matters; risk exposures facing the Company; steps management has taken to monitor and control such risk factors (including a subcertification program in which senior and middle managers attest to review and approval of financial disclosures with respect to which they have some responsibility); and the adequacy of internal controls that could materially affect the Company's financial statements. As part of this process, the Company's Director of Internal Audit interviews key executives regarding business strategies and areas of risk faced by the Company and its business segments. The Chairman of the Audit Committee reports to the Board at each meeting concerning its risk oversight activities.

The Compensation Committee oversees risks related to the Company's compensation programs and policies and reviews management's periodic reports on such risks. The Compensation Committee engages Willis Towers Watson & Co. ("Willis Towers Watson") to work with the Company's Director of Internal Audit as well as the Company's human resources and legal departments to develop a framework to assess the specific risks associated with the Company's compensation programs. The framework was designed to evaluate the key elements of the Company's compensation programs to determine whether such programs could reasonably be expected to have or create a material adverse effect on the Company. As part of this framework, the Company's pay philosophy, incentive plan designs, performance metrics and pay plan governance process were considered. Based on the results of the annual assessment, management and the Compensation Committee, with the assistance of Willis Towers Watson and the Company's internal audit and legal advisors, have concluded that any risks associated with the Company's compensation programs are not reasonably likely to have a material adverse effect on the Company.

Corporate Governance Guidelines

The Board has adopted the Company's Corporate Governance Guidelines ("Guidelines"), charters for each of the Board committees, the Code of Business Conduct and Ethics and the Code of Ethics for CEO and Senior Financial Officers. These documents are posted on the Investor Relations/Corporate Governance section of the Meredith web site, www.meredith.com, and are available upon written request to the Secretary of the Company, 1716 Locust Street, Des Moines, Iowa 50309-3023.

Director Independence

Because certain members of the Meredith family, acting as a group, control more than 50% of the voting power of Meredith, the Company is a "Controlled Company" and need not comply with the requirements for a majority of independent directors or for independent compensation and nominating/corporate governance committees. Our Board

has, nevertheless, determined to comply in all respects with the NYSE rules relating to non-controlled companies. The Board currently does not have any categorical standards to assist it in determining the independence of its members other than those expressly set forth in the NYSE rules.

For purposes of the NYSE listing standards, the Board has determined that each of the following directors has no material relationship with the Company (directly or as a partner, shareholder or officer of an organization that has a relationship with the Company) and, accordingly, is independent:

Donald A. Baer Donald C. Berg D. Mell Meredith Frazier
Frederick B. Henry Joel W. Johnson Beth J. Kaplan
Philip A. Marineau Elizabeth E. Tallett

Nominations for Director

Director nominees are selected by the Nominating/Governance Committee in accordance with the policies and principles of its charter and the Guidelines. The Committee considers independence, diversity, age, skills and experience in the context of the needs of the Board. The Committee will consider shareholder recommendations for directors that comply with the requirements set forth in “Submitting Shareholder Proposals” which appears later in this Proxy Statement. For additional information, please see “Committees of the Board” which appears later in this Proxy Statement.

Executive Sessions of Non-Management Directors

Non-management directors meet in executive session at least quarterly. The Chairman of the Nominating/Governance Committee presides at these executive sessions.

MEETINGS AND COMMITTEES OF THE BOARD

The Board

The Board has a majority of directors who meet the criteria for independence established by the NYSE. The responsibility of the directors is to exercise their business judgment to act in what they reasonably believe to be the best interests of the Company and its shareholders. Directors are expected to attend Board meetings and meetings of the committees on which they serve and to spend the time needed and meet as frequently as necessary to properly discharge their responsibilities.

The Board had four regularly scheduled meetings during fiscal 2017, as did the Audit, Compensation, Finance and Nominating/ Governance Committees. In addition, the Audit Committee had four special meetings and the Board had four special meetings. All current directors attended more than 75% of the meetings of the full Board and the respective committees on which they served during fiscal 2017. The Company policy is that all directors are expected to attend the Annual Meeting. All directors attended the November 9, 2016 Annual Meeting.

Director Stock Ownership

All directors are expected to own stock in the Company. Within five years from their initial appointment or election to the Board, each non-employee director is expected to own 7,500 shares of common stock or a number of shares of common stock equal to three times the value of non-employee director annual compensation, whichever is less. The value of shares for ownership purposes will be determined using a 200-day average stock price.

Restricted stock, restricted stock units (“RSUs”) and stock equivalent units (“SEUs”) count toward the required ownership but stock options do not. All of our current directors have met or exceeded, or for the directors who have been on the Board for less than five years, are on track to meet or exceed the ownership requirement. For additional information on stock ownership by our officers and directors, please see “Security Ownership of Certain Beneficial Owners and Management” in this Proxy Statement.

Committees of the Board

The Guidelines require the Board to have a Nominating/Governance Committee, an Audit Committee and a Compensation Committee and further provide that the Board may establish additional committees as necessary or appropriate. The Board has also established a Finance Committee. Each committee has its own charter setting forth the qualifications for membership on the committee and the purposes, goals and responsibilities of the committee. Each of these committees has the power to hire independent legal, financial or other advisors as it deems necessary, without consulting or obtaining the approval of any officer of the Company in advance. The charter for each committee is available on the Company’s web site at www.meredith.com by first clicking on “Investors”, then hovering over “Investors” and clicking on “Corporate Governance” in the drop down menu, and then scrolling down the page to the Committee Governance Documents and finally clicking the respective committee charter name. The charter of each committee is also available in print to any shareholder who requests it. The table below shows the current membership for each of the standing Board committees:

Audit Committee. The Committee is composed entirely of non-employee directors, each of whom meets the “independence” requirements of the NYSE listing standards, as well as the requirements of the Sarbanes-Oxley Act of 2002. Pursuant to our Audit Committee Charter, each member of the Committee, in addition to meeting the 1. “independence” requirement, must be “financially literate” as contemplated under the NYSE rules. Furthermore, the Board has determined that directors Baer, Berg, Kaplan and Marineau each meet the requirements to be named “audit committee financial experts” as the term has been defined by the SEC rules implementing Section 407 of the Sarbanes-Oxley Act of 2002.

The Committee assists the Board in fulfilling its oversight responsibilities as they relate to the Company’s accounting policies and internal controls, financial reporting practices and legal and regulatory compliance. It is directly responsible for the appointment, compensation and oversight of the Company’s independent auditor, also referred to as “independent registered public accounting firm,” and has sole authority to appoint or replace the independent auditor. In addition, the Committee maintains, through regularly scheduled meetings, open lines of communication between the Board and the Company’s financial management, internal auditors and independent registered public accounting firm.

Nominating/Governance Committee. Pursuant to the Committee’s charter, all members of this Committee are non-employee directors who meet the “independence” requirements of the NYSE listing standards. The Committee’s purpose is to: assist the Board by identifying individuals qualified to become Board members and recommend to the 2. Board the director nominees for the next Annual Meeting; recommend to the Board the Corporate Governance Guidelines applicable to the Company; lead the Board in its annual review of CEO succession planning and the Board’s performance; recommend to the Board any changes in non-employee director compensation; and recommend to the Board director nominees for each committee.

Nominees for directorship may be recommended by members of the Board, shareholders or other parties. The Nominating/ Governance Committee has from time to time retained an executive recruiting firm whose function is to bring specific director candidates to the attention of the Committee. Current directors are contacted at the end of their terms concerning their willingness and intent to continue as a director. All nominees are considered in accordance with the policies and principles in the Nominating/Governance Committee Charter. The Committee is responsible for reviewing with the Board the requisite skills and characteristics of director nominees. It assesses nominees’ qualifications for independence as well as other considerations. The Committee’s first priority is to seek the most qualified and experienced candidates possible. A person considered for nomination to the Board must be a person of high integrity and ethics. While the Committee does not have a formal diversity policy, it seeks to ensure that the Board maintains an appropriate mix of experience, characteristics, skills and background to provide the Board and the Company with sound and effective input and guidance. In addition, while the Committee has not adopted a policy with respect to nominations made by shareholders, it will consider nominations that are submitted in accordance with the Company’s Bylaws. For additional information on submitting a nomination for a director, please see “Submitting Shareholder Proposals” later in this Proxy Statement.

3.

Compensation Committee. Pursuant to the Committee charter, all members of this Committee are non-employee directors who meet the “independence” requirements of the NYSE listing standards. The Committee has overall responsibility for evaluation and approval of officer compensation plans, policies and programs. The Committee reviews and approves corporate officers’ salaries; approves, prior to adoption, any officer or management incentive, bonus, stock plans or agreements; and administers such plans as required.

Finance Committee. The Committee advises the Board with respect to corporate financial policies and procedures, dividend policy, specific corporate financing and capital plans and annual operating and capital budgets. It also provides financial advice and counsel to management, reviews and makes recommendations to the Board 4. concerning acquisitions and dispositions, appoints depositories of corporate funds and specifies conditions of deposit and withdrawal and approves corporate investment portfolios and capital expenditure requests by management within the limits established by the Board. In addition, the Committee reviews pension plan performance and approves plan documents.

Compensation Committee Interlocks and Insider Participation

All members of the Compensation Committee are independent directors. No executive officer of the Company serves on the Board or Compensation Committee of any other company for which any directors of Meredith served as an executive officer at any time during fiscal 2017.

**PROPOSAL TWO – APPROVAL OF ADVISORY RESOLUTION
ON EXECUTIVE COMPENSATION (“SAY-ON-PAY”)**

The Company is seeking an advisory vote from its shareholders with respect to compensation awarded to its NEOs for fiscal 2017. Our executive compensation program is described in detail in the Compensation Discussion and Analysis and the related compensation tables and other narrative disclosures as required by the SEC which can be found in this Proxy Statement beginning on page 12.

Since the vote on this proposal is advisory in nature, it will not affect any compensation already paid or awarded to any NEO and will not be binding on the Compensation Committee, the Board or the Company. However, the Compensation Committee, which is responsible for approving the overall design and administering the executive compensation program, values the opinions of the shareholders and will take into account the outcome of the vote when making future executive compensation decisions. The Board recommends that you approve the following resolution that will be submitted for a shareholder vote at the Annual Meeting in support of the Company’s executive compensation program:

RESOLVED, that the shareholders of the Company approve, on an advisory basis, the compensation paid to the Company’s NEOs, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion which are included in the Proxy Statement for this Annual Meeting.

Vote Required

The affirmative vote of the holders of a majority of the voting power present in person or by proxy and entitled to vote at the Annual Meeting will be required to approve, on an advisory basis, the Company’s executive compensation program. Abstentions will have the same effect as a vote AGAINST the proposal. Broker non-votes will have no effect on the proposal.

The Board of Directors recommends a vote FOR the approval, on an advisory basis, of this item.

PROPOSAL THREE – ADVISORY VOTE ON THE FREQUENCY OF FUTURE SAY-ON-PAY VOTES

The Company is providing shareholders with an opportunity to cast an advisory vote on how frequently the Say-on-Pay vote (as described in Proposal Two, above), should occur. Shareholders will have the opportunity to cast their votes in favor of holding the Say-on-Pay vote every one, two or three years, or to abstain from this vote. The vote by the shareholders on frequency is distinct from the advisory vote on the compensation of our NEOs. This proposal deals solely with the issue of how often a Say-on-Pay proposal should be presented to our shareholders. This proposal is advisory and is not binding on the Company. However, the Compensation Committee and the rest of the Board value the opinions of shareholders and believe that giving our shareholders an opportunity to cast an advisory vote every year on the compensation arrangements of our NEOs is good corporate governance. Most elements of executive compensation are reviewed and determined annually, including base salary, annual cash incentives and equity awards. The Compensation Committee and Board believe that holding annual votes on Say-on-Pay would provide valuable feedback from our shareholders. Although the Board recommends that shareholders vote in favor of holding a Say-on-Pay vote every year, you are not voting to approve or disapprove the Board's recommendation. The proxy card provides a choice to vote for the Company to hold a Say-on-Pay vote every one, two or three years, or you may abstain from voting on this proposal.

The Board recommends that shareholders vote for the Company offering a Say-on-Pay vote every ONE YEAR. Unless you specify otherwise, the Board intends the accompanying proxy to be voted in accordance with its recommendation.

COMPENSATION DISCUSSION AND ANALYSIS

This section provides information regarding the compensation program in place for our CEO, CFO and the three other most highly compensated executive officers, collectively the NEOs, for fiscal 2017. It includes information regarding, among other things, the overall objectives of our compensation program and each element of compensation that we provide.

The Compensation Committee (referred to in this Section as the “Committee”) reviews and approves the compensation of our officers and acts pursuant to a charter that has been approved by the Board. The Committee also administers various stock and other compensation-related plans provided for the benefit of our officers and other key managers.

Executive Summary

Our compensation program is designed to focus our NEOs on key business objectives and is tied to the financial performance of the Company. Our compensation philosophy and objectives provide the framework within which compensation programs are considered and decisions are made.

Fiscal 2017 Financial Highlights—We continued to aggressively execute our multi-platform growth strategies, delivering record revenue and profit in fiscal 2017. Revenues grew 4% to \$1.71 billion. Earnings per share (“EPS”) were \$4.16, compared to \$0.75 in the prior year. Excluding special items in both years, EPS grew 20% to an all-time high of \$4.00.

We delivered strong results across the entire Company. Two aspects of our performance stood out in particular:

We delivered record digital performance as total Company digital advertising revenue grew by more than 20%. In our National Media Group, we reached an important milestone as digital advertising growth offset print advertising declines for comparable titles. Our digital business continues to be highly profitable and contributes to Meredith shareholder value.

We generated record political advertising revenue of \$63 million in our Local Media Group, an increase of nearly 45% over the fiscal 2015 political cycle. Political advertising was particularly strong at our stations in Las Vegas, St. Louis, Phoenix, Kansas City and Atlanta.

Stepping back to look at our fiscal 2017 performance as a whole, we continued to execute a strategic plan that strengthens our connection with consumers, delivers value to our advertising and marketing clients and yields a superior return for our shareholders.

First, we continued to grow our already powerful consumer connection across Meredith's media platforms:

Our television stations ranked No. 1 or No. 2 in morning or late news viewership in 10 of our 12 markets, according to May 2017 Nielsen data.

Readership across our magazine portfolio was more than 105 million adults, according to the Spring 2017 GfK Mediamark Research & Intelligence Report.

Traffic to our digital sites averaged 86 million monthly unique visitors, according to comScore, representing an 8% increase over the prior year.

Our reach to young women stood at more than 70% of U.S. female Millennials.

Additionally, Meredith's database of 125 million individuals now represents 80% of U.S. homeowners. It is a key part of our ability to successfully segment and target consumer audiences with relevant editorial along with messages from our advertising and marketing clients.

Second, we took steps to expand our media portfolio:

In our Local Media Group, we acquired the broadcast assets of WPCH in Atlanta from Turner Broadcasting, strengthening our position in one of the nation's largest television markets. We also added newscasts in several markets, further increasing our competitive position.

Table of Contents

In our National Media Group, we launched *The Magnolia Journal*, an extension of Joanna and Chip Gaines' popular Magnolia brand. It quickly became the strongest-selling newsstand title in Meredith's recent history and we are currently selling more than 1 million copies of each issue.

Third, we successfully renewed several key revenue-generating agreements:

In our Local Media Group, we renewed our CBS affiliation agreements for stations in Atlanta, Phoenix, Kansas City and Flint/Saginaw into fiscal 2021. We also extended our FOX affiliations in Portland, Las Vegas, Greenville, Mobile and Springfield into fiscal 2019.

In our National Media Group, we renewed our licensing program with Walmart. This program features more than 3,000 SKUs of Better Homes & Gardens-branded products available at 5,000 Walmart stores and on Walmart.com. In addition, we launched new licensing programs based on other Meredith brands, including a well-received line of EatingWell-branded frozen entrées and a line of SHAPE-branded fitness apparel.

Finally, we continued to execute our Total Shareholder Return strategy:

Our strategy is anchored by the consistent and strong cash flows generated by our portfolio of media assets. Cash flow from operations was \$219 million in fiscal 2017. We grew our dividend by 5% to \$2.08 per share on an annualized basis, the 24th consecutive year of dividend growth. We have grown our dividend at an average annual rate of 6% since launching our Total Shareholder Return strategy with a 50% increase in fiscal 2012. Fiscal 2017 Total Shareholder Return was 18%.

The Committee evaluated our Company's fiscal 2017 financial results and the financial and non-financial strategic objectives of each NEO in assessing overall performance results for purposes of our short-term incentive plan. Results on our corporate financial metrics exceeded the target level of performance for the EPS and operating cash flow performance metrics and was 94.5% of target performance on the revenue performance metric. Similarly, our Local Media and National Media Groups each exceeded the target performance for the operating earnings and cash flow performance metrics and was 97.1% and 92.9% of target performance, respectively, on the revenue performance metric.

Say-on-Pay Vote

In 2016, we provided shareholders the opportunity to cast an advisory Say-on-Pay vote on our compensation programs and the compensation awarded to our NEOs. Seventy-two percent (72%) of the votes cast supported the Say-on-Pay proposal. The percentage represents a decrease from prior fiscal year's Say-on-Pay affirmative vote of 77%. The Committee will continue to consider the results of the shareholder advisory vote when evaluating and establishing executive compensation programs and compensation levels of our NEOs for fiscal 2018.

Compensation Philosophy and Objectives

Our executive compensation philosophy has the following objectives:

1. To align the interests of the NEOs with those of shareholders through performance-based compensation, which links both short and long-term compensation to business results;
2. To provide compensation opportunities that are competitive in the marketplace in which we conduct our businesses, in order to attract, retain and motivate top caliber executives;
3. To provide the opportunity to earn greater levels of compensation if superior operating performance and shareholder returns are achieved;
4. To design incentives that balance the need to meet and exceed annual operating plans with the need for long-term business growth and to provide superior shareholder returns; and
5. To provide clear and measurable objectives for executive performance.

We strive to link executive compensation to the performance of the Company. For example, our short-term incentive program delivers incentives on the basis of performance over a one-year period and is tied directly to operating performance. Similarly, the long-term incentive program may include grants of stock options, restricted stock, performance-based restricted stock, RSUs, performance-based RSUs and cash under a long-term incentive plan ("Cash LTIP"), which are tied to specific

Table of Contents

performance goals. At the beginning of each fiscal year, the Committee identifies performance metrics; establishes thresholds, targets and maximums; and determines weightings for each of the corporate, business unit and individual goals for the short and long-term incentive plans.

Our compensation program for NEOs is designed so that a significant portion of their total compensation will be delivered in the form of variable annual cash incentives and long-term incentives subject to Company, business unit and individual performance. In setting each compensation element, the Committee evaluates both the external market data provided by its compensation consultant and internal pay equity considerations.

The Company attempts to create a compensation program for its NEOs that delivers total compensation between the median and 75th percentile of companies in its Compensation Peer Group (“Peer Group”) as warranted by underlying financial performance. As of August 2016, the Peer Group included iHeart Media, Inc.; Emmis Communications Corporation; Lee Enterprises, Inc.; Media General, Inc.; The E. W. Scripps Company; Scripps Networks Interactive; Sinclair Broadcast Group, Inc.; Graham Holdings Company; TEGNA Inc.; Time Inc.; and Tribune Media Company. The Committee considers several factors before including companies in the Peer Group. Those factors include companies with similar product lines, similar business strategies, comparable revenues and comparable market capitalization. Due to the dynamics of the competitive marketplace, with companies being acquired, product lines divested and growth occurring through acquisitions, the Committee regularly reviews the Peer Group and makes changes to account for these events. Gannett Co. split into two companies, TEGNA Inc. and Gannett Co., and only TEGNA Inc. is included in the Peer Group for fiscal 2017. Martha Stewart Living Omnimedia, Inc. was removed from the Peer Group subsequent to being acquired by Sequential Brands Group.

In addition to publicly-filed Peer Group information, the Committee reviewed compensation survey data prepared by Willis Towers Watson, the Committee’s outside compensation consultant. In the report, Willis Towers Watson provided data on base salary, annual non-equity incentives (bonuses), long-term incentives and total direct compensation (the sum of base salary, annual non-equity incentives and long-term incentives) for executives in comparable positions at other publicly traded companies. As part of the published survey analysis, Willis Towers Watson utilized the 2016 Executive Compensation Database and CSR General Industry Compensation Survey, and the 2016 Mercer Executive Benchmark Database. These surveys included industry-specific data and data from organizations similar in revenue size to Meredith.

The Elements of Our Compensation Program

This section describes the elements of our compensation program for our NEOs, together with a discussion of various matters relating to those items, including a rationale for the Company’s decision to include the items in the

compensation program.

1. Cash Compensation. Salary is included in our NEO compensation package because the Committee believes it is appropriate that a portion of the compensation provided to NEOs be in a form that is fixed and appropriate for the skills and experience required for the position. Performance-based cash incentives are included in the package because they permit the Committee to motivate our NEOs to pursue particular objectives the Committee believes are consistent with the overall goals and strategic direction the Board has set for the Company. The components comprising the cash portion of total compensation are described further below.

A. Base Salary. Base salary for NEOs is generally determined by the Committee at its meeting in August (which is reflected in the Summary Compensation Table on page 22). Changes in base salary on a year-over-year basis are dependent on the Committee's assessment of Company, business unit and individual performance. The Committee sets NEO salaries at the level it deems appropriate, unless a minimum salary has been specified in an employment agreement. In evaluating salaries, the Committee is mindful of its overall goal to keep target cash compensation for executive officers between the median and the 75th percentile of cash compensation paid by companies in our Peer Group. Cash compensation provided in the form of salary is less than the total amount provided under our short-term and long-term incentive programs, each of which is described below. This weighting reflects the Committee's objective of ensuring that a substantial amount of each NEO's total compensation is tied to Company, business unit and individual performance goals.

B. Short-Term Incentive Programs. The CEO and other executive officers are awarded annual non-equity incentives (the "Annual Incentives") to attain established financial and overall performance targets. In establishing the Annual Incentive target awards and goals, the Committee considers several factors including:

Financial and business-related goals which are key to the Company's success;

Table of Contents

Positioning the Company for continued strategic growth including the expansion of our digital platform;

The desire to ensure, as described above, that a substantial portion of total compensation is performance-based;

The relative importance of the short-term and long-term performance goals;

The qualitative objectives set for NEOs;

The advice of the independent compensation consultant regarding compensation practices at other companies in the Peer Group;

The target amounts set and actual incentives paid in recent years; and

The results of the annual shareholder advisory vote on executive compensation programs.

For fiscal 2017, the Committee increased the incentive target payout for Mr. Lacy, Chairman and CEO from 115% to 125% of base salary based on external competitive market data and internal pay equity considerations. The Committee also increased the incentive target for Mr. Harty, President and COO from 85% to 90% of base salary due to his promotion from President - National Media Group to President and COO.

In 2017, consistent with prior years, 80% of the Annual Incentive target for each NEO was based on specific financial targets. The remaining 20% related to predetermined measurable and qualitative strategic organizational objectives. The 2017 performance objectives for the NEOs generally included the following, depending upon each officer's role in the Company:

Financial Objectives. Financial objectives include EPS; operating cash flow; revenue; earnings before interest, taxes, depreciation and amortization ("EBITDA") from acquisition activity; other cost-saving initiatives; and certain group financial measures;

Board or CEO Evaluation of Individual Performance. Each NEO has individual non-financial objectives as a component of the Short-Term Incentive Program. In determining the NEO's performance for these objectives, the Committee considers several factors including the following:

The impact the NEO had on developing and executing the Company's business strategy and maximizing market share;

Management of the business unit's operating performance and expenses for the fiscal year;

Execution against the Company's strategic planning initiatives; and

Integration of acquisitions or technologies to enhance operating results.

Management, including the NEOs, develops preliminary recommendations based upon the business plan for performance goals and specific financial targets. The Committee reviews management's preliminary recommendations and establishes final goals. The Committee strives to ensure that the incentive awards are consistent with the strategic goals set by the Board, that the goals are sufficiently ambitious to provide meaningful incentives and that amounts paid, assuming target levels of performance are attained, will be consistent with the overall NEO compensation philosophy established by the Committee.

Each NEO's specific objectives are weighted according to the extent to which the executive is responsible for delivering results on those objectives. The weightings assigned to the objectives for each NEO for fiscal 2017 are shown in the following table.

Table of Contents**Weightings Assigned in Fiscal 2017 to Each Performance Objective for the NEOs**

Objective	Lacy	Harty	Ceryanec	Karpowicz	Zieser

Each NEO had 20% of his Annual Incentive tied to specific individual strategic performance objectives in the general categories of strategy development and execution, corporate and people development, operating initiatives and succession planning.

The Annual Incentive payout for the NEOs ranges from 35% of target if the threshold levels of performance are achieved, up to 312.5% of target for achieving or exceeding the maximum performance level. The payouts are linear between threshold and target and between target and maximum.

At the beginning of fiscal 2017, the Committee approved the financial and qualitative metrics and goals. Throughout the year at its quarterly meetings, the Committee reviews Company and business unit financial performance results and the progress of the NEOs toward meeting the quantitative goals established for the fiscal year. At its August 2017 meeting, the Committee reviewed and approved the fiscal 2017 performance results and incentive awards for each NEO. The results for fiscal 2017 were:

Revenue(3)	597,944,250	629,415,000	660,885,750	627,585,000

(1) EPS is measured on a non-GAAP basis and excludes special charges recorded during the fiscal year. Non-GAAP amounts are not in accordance with GAAP (accounting principles generally accepted in the United States of America).

(2) Cash flow results are measured on a non-GAAP basis and primarily exclude capital expenditures.

(3) Revenue and operating profit results are measured on a non-GAAP basis and exclude the effect of acquisitions.

(4) Development Contribution-EBITDA includes acquisitions and/or new agreements that results in actual incremental EBITDA for current fiscal year and forecast results for next fiscal year.

For fiscal 2017, based on financial and operational results, the Committee approved the Annual Incentive awards for the NEOs shown in the following table:

NEO	Target Award		Actual Award	
	(\$)	% of Salary	(\$)	% of Target
Stephen M. Lacy	1,250,000	125	2,272,345	182
Thomas H. Harty	720,000	90	1,254,870	174
Joseph H. Ceryanec	455,000	70	872,633	192
Paul A. Karpowicz	637,500	85	1,019,901	160
John S. Zieser	479,500	70	871,987	182

Table of Contents

The above award amounts include the results of the established strategic performance objectives for each NEO, which ranged from 138% to 225% of target.

Long-Term Incentive Compensation. The Committee strives to link executive compensation to performance by basing a substantial portion of compensation on long-term incentive awards. For fiscal 2017, the Committee approved awards under the Meredith Corporation 2014 Stock Incentive Plan (the “2014 Plan”) in the form of stock options, time-based RSUs and a multi-year performance-based cash plan.

The Committee determines the appropriate balance between cash and equity compensation each year. In making that assessment, the Committee considers factors such as the relative merits of cash and each form of equity award as a device for retaining and incentivizing NEOs and the practices, as reported by the Committee’s compensation consultant, of similar companies (including peers).

Stock Options. Stock options vest on the third anniversary of the grant date and have a ten-year term. All options A. are granted with an exercise price equal to the closing price of Company common stock on the date of grant. Option repricing is expressly prohibited by the terms of the 2014 Plan.

Restricted Stock Units. RSUs vest on either the third or fifth anniversary (depending on the grant) of the grant date B. as determined by the Committee. Participants receive cash dividend equivalents. Time-based RSUs normally are granted in August and require three years of continuous employment in order for the award to vest.

For more details on stock options and RSUs, see “Grants of Plan-Based Awards” on page 24 of this Proxy Statement.

Cash LTIP. A three-year performance-based Cash LTIP is established by the Committee to further align the compensation structure for our NEOs with the goals and strategies of the organization. Cash LTIP awards are granted annually and each three-year performance period runs concurrently and requires a certain level of Company performance and continued employment in order for the award to vest.

Payouts under the Cash LTIP are linear between each performance segment shown below.

For the fiscal 2015-2017 Cash LTIP, awards were earned based on achieving cumulative cash flow results over the three-year performance period. The three-year cumulative cash flow result was \$556,855,000 which is 136% of the target level performance. The following table includes the performance ranges and payouts for the NEOs based on

actual results, as approved by the Committee:

FY2015-2017	Threshold	Target	150% of Target	Maximum	Actual Award
Cumulative Cash Flow(1)	\$481,500,000	\$535,000,000	\$565,000,000	\$588,500,000	\$556,855,000
Payout %	50%	100%	150%	200%	136%
Stephen M. Lacy	\$550,000	\$1,100,000	\$1,650,000	\$2,200,000	\$1,500,675
Thomas H. Harty(2)	\$233,334	\$466,667	\$700,001	\$933,334	\$636,650
Joseph H. Ceryanec	\$150,000	\$300,000	\$450,000	\$600,000	\$409,275
Paul A. Karpowicz	\$175,000	\$350,000	\$525,000	\$700,000	\$477,488
John S. Zieser	\$162,500	\$325,000	\$487,500	\$650,000	\$443,381

(1) Cumulative cash flow on a non-GAAP basis. The primary difference is that cash flow for Cash LTIP is primarily reduced by capital expenditures.

(2) Mr. Harty's target payout was adjusted to reflect his promotion to President and COO.

For the fiscal 2016-2018 Cash LTIP, the Committee established a three-year cumulative cash flow performance objective to continue to focus the NEOs on cash generation for core and strategic business requirements.

Table of Contents

The table below outlines the Cash LTIP ranges of performance and the amounts NEOs may earn:

FY2016-2018	Threshold	Target	150% of Target	Maximum
Cumulative Cash Flow(1)	\$463,500,000	\$515,000,000	\$540,800,000	\$566,500,000
Payout %	50%	100%	150%	200%
Stephen M. Lacy	\$550,000	\$1,100,000	\$1,650,000	\$2,200,000

John S. Zieser	\$162,500	\$325,000	\$487,500	\$650,000

(1) Cumulative cash flow on a non-GAAP basis. The primary difference is that cash flow for Cash LTIP is primarily reduced by capital expenditures.

(2) Mr. Harty's target payout was adjusted to reflect his promotion to President and COO.

If the threshold level of cumulative cash flow performance is not achieved, no payout is earned under the plan.

On an annual basis the Committee establishes the three-year cumulative cash flow performance target based on Meredith's most current three-year planning process. During this planning process, Meredith estimates its upcoming three-year cumulative cash flow based on its current assessment of future industry and company specific factors.

For the fiscal 2017-2019 Cash LTIP, the Committee again established a three-year cumulative cash flow performance objective to continue to focus the NEOs on cash generation for core and strategic business requirements.

The table below outlines the Cash LTIP ranges of performance and the amounts NEOs may earn:

FY2017-2019	Threshold	Target	150% of Target	Maximum
Cumulative Cash Flow(1)	\$465,000,000	\$515,000,000	\$545,000,000	\$565,000,000

(1) Cumulative cash flow on a non-GAAP basis. The primary difference is that cash flow for Cash LTIP is primarily reduced by capital expenditures.

If the threshold level of cumulative cash flow performance is not achieved, no payout is earned under the plan.

The Committee believes that its current program for NEO compensation, in the form of cash versus equity, provides significant alignment with shareholders while also permitting the Committee to incent the NEOs to pursue specific short-term and long-term performance goals. In general, long-term incentive compensation ranges from 40% to 60% of the NEOs' total target compensation, excluding retirement and other compensation.

Executive Stock Ownership Program. To further align executives' interests with shareholders, NEOs are encouraged to own Meredith stock. The Committee has established an Executive Stock Ownership Program to assist executives in achieving their ownership targets. The Committee has established target levels for individual stock holdings for the participants in the program. Eligible shares for a NEO's required ownership target include shares held in the 401(k) Plan, ESPP, restricted stock and RSUs, shares retained upon option exercises or lapsing of restrictions on restricted stock or RSUs that have vested and shares acquired through open market share purchases. NEOs must attain the ownership requirements within a five-year period. Each participant is awarded RSUs equal to 20% of personal acquisitions of Meredith stock through share purchases and/or shares retained upon option exercises or lapsing of restrictions on restricted stock or RSUs that have vested since the last day of the prior calendar year. The award shares/units are capped at 20% of the NEO's target ownership level. The incremental stock acquisitions must be held for a period of five years in order for the restrictions to lapse or award to vest. The Committee believes this program provides further incentives to the participants to focus on long-term Company performance and shareholder value. In fiscal 2017, the Committee increased the ownership target for Mr. Harty, President and COO from 50,000 to 85,000 shares due to his promotion from President - National Media Group to President and COO.

Table of Contents

The following table reflects each NEO's ownership requirements and whether those stock ownership requirements have been attained:

Participant	Target Ownership (Shares)	Status
Stephen M. Lacy	120,000	Met
Thomas H. Harty*	85,000	In Progress
Joseph H. Ceryanec	50,000	Met
Paul A. Karpowicz	50,000	Met
John S. Zieser	50,000	Met

*Prior to his promotion, Mr. Harty met his required target ownership level of 50,000 shares and has five years to achieve his new target ownership level.

On January 28, 2017, the following participants received matching RSUs pursuant to the Executive Stock Ownership Program:

Participant	Eligible Shares	RSUs Granted
Stephen M. Lacy	2,569	514
Thomas H. Harty	4,951	990
Joseph H. Ceryanec*	2,953	—
Paul A. Karpowicz*	5,126	—
John S. Zieser*	2,695	—

*Messrs. Ceryanec, Karpowicz and Zieser previously received all restricted stock grants available under the program.

Perquisites. The NEOs receive various perquisites provided by or paid for by the Company. These perquisites 4. include financial planning services, memberships in social and professional clubs, matching contributions to the 401(k) plan, car allowances and premiums for life and disability insurance.

The Company provides perquisites to attract and retain executives in a competitive market. These perquisites also allow our NEOs to be effective in conducting day-to-day business by creating and maintaining important business relationships.

The Committee reviews the perquisites provided to the NEOs on a regular basis to ensure that they continue to be appropriate in light of the Committee's overall goal of designing compensation programs for NEOs that align with the interests of our shareholders.

Deferred Compensation. The Deferred Compensation Plan (“DCP”) allows certain employees, including the NEOs, to defer receipt of salary and/or incentive payments. The DCP has investment alternatives that are comparable to the funds offered in the Company’s 401(k) plan. Additionally, participants can elect to defer their compensation as SEUs. SEUs are not voted in shareholder meetings and dividends are reinvested. The Company does not provide DCP matching contributions to the individual accounts of our NEOs.

Participants may defer up to 100% of base salary over \$270,000 and 90% of incentive payments, provided total annual compensation exceeds \$270,000 after deferrals. The deferred amounts are credited to accounts established for participants. Each participant is fully vested in the portions attributed to his or her deferral of salary and bonus. Participants have an unsecured contractual commitment for the Company to pay the amounts due under the DCP.

At the time a participant makes a deferral election, he or she must elect when the amount attributable to such deferral election is to be distributed and whether such amount is to be paid in a lump sum or annual installments. Participants can schedule distributions to be paid while employed or upon separation from service, subject to any required waiting period.

When awards of restricted stock and RSUs are earned and vested, we also provide the opportunity to defer as SEUs, subject to Internal Revenue Service (“IRS”) regulations.

This benefit is provided because the Company wishes to permit employees to defer their obligation to pay taxes on certain elements of compensation they are entitled to receive. The DCP permits them to do this while also receiving investment gains/losses on deferred amounts. The provision of this benefit is important as a retention and recruitment tool because many, if not all, of the companies with which the Company competes for executive talent provide a similar plan to their senior employees.

Compensation Consultant

Under its Charter, the Committee may engage the services of outside advisors, experts and others to assist the Committee. In accordance with this authority, the Committee has retained an independent executive compensation consultant, Willis Towers Watson, to advise the Committee on all matters related to executive compensation. The consultant attended four Committee meetings in fiscal 2017. Willis Towers Watson reports directly to the Committee for executive compensation services and the Committee may terminate Willis Towers Watson with respect to such services. Services performed by Willis Towers Watson for executive compensation consulting were under the direction and approval of the Committee. In fiscal 2017, Willis Towers Watson was paid \$84,231 for executive compensation consulting services and \$173,380 for actuarial services, for a total of \$257,611.

The Committee has assessed Willis Towers Watson's independence using the SEC regulations issued under the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010. In assessing Willis Towers Watson's independence, the Committee took into account the following factors:

Policies and procedures Willis Towers Watson has in place to prevent conflicts of interest;

Any business or personal relationships between Willis Towers Watson or the members of Willis Towers Watson performing consulting services for the Committee and members of the Committee;

Any business or personal relationships between Willis Towers Watson or members of Willis Towers Watson performing consulting services for the Committee and any executive officer;

Any company stock owned by members of Willis Towers Watson performing consulting services for the Committee;

Other services provided by Willis Towers Watson to Meredith; and

Fees paid to Willis Towers Watson as a percent of the firm's revenue.

Based on the above factors, the Committee believes the engagement of Willis Towers Watson did not raise any conflicts of interest.

Treatment of Special Items

In determining performance goals and evaluating performance results, the Committee may use its discretion and judgment to ensure that management's rewards for business performance are commensurate with their contributions to that performance while still holding management accountable for the overall results of the business to the extent permitted by governing law. The Committee believes that the metrics for incentive compensation plans should be specific and objective, yet recognizes that interpretation of the application of pre-established metrics to results may be necessary from time to time for certain special items, such as changes in applicable accounting rules pursuant to GAAP, changes in tax laws or applicable tax rates, acquisitions and divestitures and special investments or expenditures in the Company's operations. The Committee did not exercise such discretion in adjusting management's awards for fiscal 2017.

Tax Deductibility of Compensation - Section 162(m) Compliance

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Tax Code"), places a limit of \$1 million on the amount of compensation that the Company may deduct in any one year with respect to the CEO and any of the next three most highly compensated executive officers (other than the CFO). There is an exception to the \$1 million limitation for performance-based compensation meeting certain requirements. Annual and long-term non-equity incentive compensation, performance-based restricted stock/units and stock option awards generally are designed to qualify as performance-based compensation meeting those requirements and, as such, are intended to be deductible. However, the Tax Code rules are complex and no particular result can be guaranteed. Furthermore, to maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the Committee reserves the right to provide compensation to the NEOs that may not be deductible.

Practices Regarding the Grant of Options

The Committee has generally followed a practice of making option grants to its executive officers at its regular quarterly meeting in August. The August meeting date historically has occurred within four weeks after the issuance of the release reporting earnings for the previous fiscal year. The Committee believes it is appropriate that annual awards be made at a time when material information regarding performance for the preceding year has been disclosed. Grants may be made at other times during the year in connection

Table of Contents

with promotions or as a tool to attract talent. We do not have any program, plan or practice to time annual option grants to our executives, directors or other employees in coordination with the release of material non-public information.

All option awards made to our non-employee directors, NEOs and other employees in fiscal 2017 were made in accordance with the 2014 Plan. All options are granted with an exercise price equal to at least the fair market value of our common stock on the date of grant. Fair market value has been defined by the Committee to be the closing market price of our common stock on the date of grant.

Post-Termination Compensation

Severance Agreements. We have entered into a severance agreement with each of the NEOs. These agreements provide for payments and other benefits if the officer's employment terminates for a qualifying event or circumstance, such as being terminated "Without Cause" or leaving employment for "Good Reason," as these terms are defined in the severance agreement. Additional information regarding the severance agreement, including a definition of key terms and quantification of benefits that would have been received by our NEOs had termination occurred on June 30, 2017, is found under the heading, "Payment Obligations upon Termination Due to Change in Control" on page 34 of this Proxy Statement.

The Committee believes that these severance agreements are an important part of overall compensation for our NEOs and that these agreements help secure the continued employment and dedication of our NEOs, notwithstanding any concern they might have regarding their own continued employment prior to or following a change in control. The Committee also believes that these agreements are important as a recruitment and retention device, given the competitive market for executive talent.

2. Employment Agreements. We have entered into employee agreements with all of the NEOs. Refer to "Potential Payments upon Termination" for further details.

3. Employees' Retirement Income Plan, Replacement Benefit Plan and Supplemental Benefit Plan. We maintain separate qualified defined benefit plans for union and non-union employees, as well as two nonqualified supplemental pension plans covering certain non-union employees. The NEOs are covered under the non-union plan (Employees' Retirement Income Plan), the Replacement Benefit Plan and the Supplemental Benefit Plan. The amount of annual earnings that may be considered in calculating benefits under the Employees' Retirement Income Plan is limited by law. For 2017, the annual limitation is \$270,000. The Replacement Benefit Plan is an unfunded plan that provides an amount substantially equal to the difference between the amount that would have been payable

under the Employees' Retirement Income Plan in the absence of legislation limiting pension benefits and earnings that may be considered in calculating pension benefits and the amount actually payable under the Employees' Retirement Income Plan.

The Supplemental Benefit Plan is an unfunded nonqualified plan. The purpose of the Supplemental Benefit Plan is to provide for NEOs the excess, if any, of the benefits they would have become entitled to under our prior defined benefit plan if it had continued in effect after August 31, 1989.

The Committee believes that the Employees' Retirement Income Plan, Replacement Benefit Plan and Supplemental Benefit Plan serve a critically important role in the retention of senior executives, as benefits thereunder increase each year that these executives remain with the Company. The plans thereby encourage our most senior executives to continue their work on behalf of the Company and our shareholders.

NAMED EXECUTIVE OFFICER COMPENSATION

During fiscal 2017, Messrs. Lacy, Harty, Ceryanec, Karpowicz and Zieser were employed pursuant to agreements with the Company. A more complete description of those agreements begins on page 28 of this Proxy Statement. The salary for each of the NEOs is set according to the terms of such employment agreement or at the discretion of the Compensation Committee.

Each NEO is entitled to participate in all employee benefit plans maintained by the Company, including the 2014 Plan. In addition, customary perquisites are provided to each of the NEOs.

Many elements affect the change in the pension value from year to year, including age, years of service, pay increase, annuity conversion rate change and/or discount rate change. Specifically, the change in the assumed annuity conversion rate may produce unexpected changes from year to year.

in Note 11 to the Company's audited financial statements included in the Company's Annual Report on Form 10 K for the year ended June 30, 2017 ("Form 10 K").

Option awards in this column are reported at the aggregate grant date fair value in accordance with FASB ASC (2) Topic 718. Assumptions used in the calculation of these amounts are included in Note 11 to the Company's audited financial statements included in the Form 10 K.

Included in this column for each NEO are the awards earned for each three-year performance period of the Cash LTIP and each earned Annual Incentive. The Cash LTIP awards vest on the last day of the three-year performance period and are paid out after the Compensation Committee certifies the results of the three-year performance period. The Annual Incentive awards are paid out after the Compensation Committee certifies the results of the fiscal year period. The awards earned under the fiscal 2015-2017 Cash LTIP are as follows: Lacy-\$1,500,675, Harty-\$636,650, Ceryanec-\$409,275, Karpowicz-\$477,488 and Zieser-\$443,381. The awards earned under the fiscal 2014-2016 Cash LTIP are as follows: Lacy-\$1,188,092, Harty-\$432,033, Ceryanec-\$324,025, (3) Karpowicz-\$378,029 and Zieser-\$351,027. The awards earned under the fiscal 2013-2015 Cash LTIP are as follows: Lacy-\$889,163, Harty-\$296,388, Ceryanec-\$260,821, Karpowicz-\$296,388 and Zieser-\$284,532. The Annual Incentive payouts for fiscal 2017 are as follows: Lacy-\$2,272,345, Harty-\$1,254,870, Ceryanec-\$872,633, Karpowicz-\$1,019,901 and Zieser-\$871,987. The Annual Incentive payouts for fiscal 2016 are as follows: Lacy-\$2,123,532, Harty-\$923,373, Ceryanec-\$812,652, Karpowicz-\$1,134,483 and Zieser-\$844,374. The Annual Incentive payouts for fiscal 2015 are as follows: Lacy-\$1,785,364, Harty-\$747,186, Ceryanec-\$692,803, Karpowicz-\$755,306 and Zieser-\$741,596.

The amounts for 2017 shown in this column represent the change in pension value measured from June 30, 2016 to June 30, 2017. The following assumptions were used to calculate the prior year's present values: Measurement date – June 30, 2016; discount rate – Employees' Retirement Income Plan, 2.90%; Replacement Benefit Plan, 2.60%; Supplemental Benefit Plan, 3.40%; interest crediting rate – Employees' Retirement Income Plan, 2.15%; Replacement Benefit Plan, 2.00%; Supplemental Benefit Plan, 2.65%; annuity conversion rate – 3.90% (unless (4) specified by employment agreement); annuity conversion mortality – 2016 IRS Prescribed 417(e)(3) Unisex; retirement age – 65; compensation and benefit limits – 2016 levels; salary increases – none; and pre-retirement decrements – none. The increases in pension value shown in the table are due to increases in final average earnings, continued service accruals and reduced discounting (due to aging). These factors are partially offset by increases in discount rates.

Amounts in this column for fiscal 2017 include for all NEOs: Club membership dues, professional fees, reimbursement for tax preparation and financial planning, life insurance premiums, annual auto allowance of \$11,050 plus fuel less mileage reimbursed as business expense and Company contributions to the 401(k) Plan in the amount of \$11,375 for each NEO. Column for fiscal 2017 includes dividends on restricted stock awards and (5) RSUs which are not included in the grant date fair value as follows: Lacy-\$148,877, Harty-\$84,031, Ceryanec-\$67,720, Karpowicz-\$67,401 and Zieser-\$51,693. The Grants of Plan-Based Awards table provides additional detail about the equity and non-equity awards shown in the Summary Compensation Table. The Compensation Committee granted awards during fiscal 2017 as shown in the following table to each of the NEOs pursuant to the 2014 Plan. RSUs were awarded by the Compensation Committee on August 9, 2016. Each RSU will vest in its entirety on the third anniversary of the grant date. The Committee also granted options on August 9, 2016 to each NEO. Each option granted will become exercisable in its entirety on the third anniversary of the grant date. The January 28, 2017 awards of RSUs were made pursuant to the 2014 Plan, subject to the Executive Stock Ownership Program which is described in detail beginning on page 18 of this Proxy Statement. For additional information on equity awards, please see “The Elements of Our Compensation Program” under Compensation Discussion and Analysis.

At the beginning of fiscal 2017, the Compensation Committee established performance-based non-equity incentive awards for each of the NEOs. The incentives earned by the NEOs are reported as Non-Equity Incentive Plan Compensation in the Summary Compensation Table.

(1) The threshold, target and maximum annual non-equity incentive awards that could be earned during the year ended June 30, 2017 are shown on the first line next to each NEO's name. The actual amounts of the awards were determined by the Compensation Committee based on the level achieved with respect to each NEO's individual incentive plan and are reported in the Summary Compensation Table. Individual incentive plans may include EPS, operating cash flow, revenue or other measurements. The threshold, target and maximum 2017-2019 Cash LTIP awards that could be earned by each NEO, if certain performance levels are achieved over a three-year performance period (July 1, 2016 to June 30, 2019), are listed on the second line. The awards do not vest until June

30, 2019 and are subject to continued employment. If threshold performance levels are not achieved the awards will be canceled.

- (2) The August 9, 2016 grants of RSUs shown in this column will vest in full on the third anniversary of the grant date. Dividend equivalents at the normal rate are paid on RSUs.

The January 28, 2017 grants of RSUs for Messrs. Lacy and Harty were awarded under the Executive Stock Ownership Plan which is designed to encourage increased Company stock holdings by executives. Target levels of individual stock holdings are established by the Committee for participants in the program. Each participant (3) receives an annual award of RSUs equal to 20% of his or her personal acquisition of Company stock. The incremental stock holdings must be maintained for a period of five years in order for the units to vest. The units awarded are subject to forfeiture prior to vesting which occurs on the fifth anniversary of the date of grant. Dividend equivalents at the normal rate are paid on RSUs.

- (4) Options listed in this column will vest in full on the third anniversary of the grant date and will expire on the tenth anniversary of the grant date.
- (5) The exercise price equals the closing price of the Company's common stock on the NYSE on the date of grant.

(6) The value of RSUs is based on the fair market value of the Company's common stock on the date of grant. The estimated value of options is calculated using the Black-Scholes option valuation model. For a description of the assumptions used to calculate the amounts, see Note 11 to the Company's audited financial statements included in the Form 10 K.

Pension Benefits in Fiscal 2017

The following table shows on a plan-by-plan basis for each NEO: the number of years of credited service (rounded to the nearest whole number), the present value of the accumulated benefit and the value of any payments made during the fiscal year. The present values are generally based on the assumptions used for financial reporting purposes as of the Company's most recent fiscal year-end measurement date. For additional information concerning those assumptions, please see Note 8 to the Company's audited financial statements included in the Company's Form 10-K. Exceptions include the retirement age, which is assumed to be the earliest time at which a participant may retire under the plan without any benefit reduction due to age, and pre-retirement decrements, which are ignored. The following assumptions were used to calculate the present values in the table:

Nonqualified Deferred Compensation in Fiscal 2017

The following table discloses contributions, earnings and balances under each defined contribution or other plan that provides for the deferral of compensation on a basis that is not tax-qualified for each of the NEOs. See page 19 of this Proxy Statement for additional information concerning deferred compensation. The aggregate balance was determined by multiplying the number of SEUs held on June 30, 2017 (the last trading day of the fiscal year) by \$59.45, the closing price of the Company's common stock on the NYSE on that date. Distributions are paid in accordance with the deferral election, which offers varying deferral periods and payment in lump sums or a series of annual installments following the end of the deferral period. All payments are also subject to Section 409A restrictions of the Internal Revenue Code ("IRC").

Potential Payments upon Termination**Employment and Other Agreements**

The Company has entered into employment agreements with each of the NEOs as summarized below. Each of the employment agreements described below provides for periods of non-solicitation, non-compete and confidentiality following termination.

All payouts described below are subject to the terms of Section 409A of the IRC. The employment agreements with each of the NEOs provide for the delay of any payment or benefit provided by the employment agreement if such amount or benefit would be subject to or incur additional tax, and further, that any such deferred payment will be accumulated and paid in a single lump sum, together with interest compounded annually for the period of the delay, on the earliest date on which such payment can be made without incurring any additional tax.

Lacy Employment Agreement. The Company entered into an agreement with Mr. Lacy effective July 1, 2006, the date he became President and CEO of the Company, and by amendments dated December 30, 2008 and November 4, 2009, continued in effect through June 30, 2013, subject to automatic renewal for subsequent one-year terms. The amended agreement provides that Mr. Lacy's minimum annual base salary shall be \$810,000 and may be increased 1. at the discretion of the Compensation Committee. Mr. Lacy's target Annual Incentive will not be less than 100% of his base salary. Mr. Lacy was a participant in the Meredith Corporation 2004 Stock Incentive Plan (the "2004 Plan"), is currently a participant in the 2014 Plan or successor plans, the Employees' Retirement Income Plan, the Replacement Benefit Plan and the Supplemental Benefit Plan. The agreement or plan documents also provide for payment to Mr. Lacy in the event his employment is terminated for various reasons as follows:

If Mr. Lacy's employment were terminated because of death, his base salary would be paid to the legal representative of his estate in substantially equal installments until the end of the month of the first anniversary of A. his death, any Annual Incentive as determined by the Compensation Committee would be prorated to the date of death and any Cash LTIP would be paid out according to the terms of the award. All restricted stock and RSUs would vest and all stock options would vest and remain exercisable for the full unexpired term of the option.

In the event of termination due to "Disability," Mr. Lacy would receive 100% of his base salary for the first 12 months following such termination. Mr. Lacy would receive his target Annual Incentive for the initial year in which B. the disability occurs. In addition, any Cash LTIP would be paid out according to the terms of the award. All restricted stock and RSUs would vest and all stock options would vest and remain exercisable for the full unexpired term of the option.

In the event of termination "Without Cause," or due to "Failure to Re-Elect as CEO or Director," Mr. Lacy would be entitled to receive a lump sum payment, within the Short-Term Deferral Period as defined in the agreement, equal C. to 200% of his base salary through the end of the current term, but no less than a total of 24 months of 200% of base salary. Mr. Lacy would receive his Annual Incentive for the year in which the termination occurs. In addition, any Cash LTIP would be paid out according to the terms of the award. All restricted stock and RSUs would vest and all stock options would vest and remain exercisable for the full unexpired term of the option.

Mr. Lacy's employment agreement also provides that if there is a material change in his position, duties or responsibilities, he will have the right to terminate his employment and such voluntarily termination from Meredith shall be treated as a termination "Without Cause" as described above.

Table of Contents

In the event of termination for “Cause,” Mr. Lacy would receive his base salary through the date of termination and any Annual Incentive would be prorated to the date of termination. All equity and Cash LTIP awards subject to restriction would be forfeited.

Because Mr. Lacy is “Retirement Eligible” under the Company’s retirement policy for all employees, any voluntary resignation would be considered retirement. Mr. Lacy would receive his current base salary through the date of termination, his Annual Incentive would be prorated for the fiscal year in which the termination occurred and any Cash LTIP would be paid out according to the terms of the award. He would also be a participant in the post-retirement welfare plan. In addition, all restricted stock and RSUs would vest and all stock options would vest and remain exercisable for the full unexpired term of the option.

The following table sets forth the estimated payments and benefits that would have been provided to Mr. Lacy if his employment had been terminated as of June 30, 2017, under the circumstances specified.

	For Cause (\$)	Voluntary (\$)	Without Cause (\$)	Disability (\$)	Death (\$)
Payment equal to a multiple of base salary in effect at termination	N/A	N/A	4,000,000	1,000,000	1,000,000
Payment due under Cash LTIPs (1)	N/A	3,242,946	3,242,946	3,242,946	3,242,946
Continued health/welfare benefits (2)(3)	N/A	N/A	30,566	N/A	N/A
Pension benefit (lump sum) (4)(5)	18,062,832	18,062,832	18,062,832	N/A	18,062,832
Immediate vesting of stock options	N/A	2,352,925	2,352,925	2,352,925	2,352,925
Immediate vesting of restricted stock and RSUs	N/A	4,257,928	4,257,928	4,257,928	4,257,928

(1) Annual Incentive and Cash LTIP amounts received by virtue of being employed at the end of the fiscal year are reported in the Summary Compensation Table for fiscal 2017 and are not duplicated in the above table.

(2) Because Mr. Lacy was retirement eligible (age 55 with ten or more years of service) before January 1, 2014, he would be able to participate and receive a subsidy from the Company for post-retirement welfare benefits. This subsidy is based on years of service worked for Meredith, credited annually toward premiums. Before age 65, the subsidy is \$75 per year and for age 65 and older, it is \$30 per year.

(3) Mr. Lacy’s employment agreement requires that the Company provide continued benefits to him and his eligible dependents in the event of termination “Without Cause” through the end of the current term of the agreement which would be June 30, 2017.

(4) In the event of termination “Without Cause,” Mr. Lacy shall be presumed to have met eligibility requirements of the Replacement Benefit Plan and the Supplemental Benefit Plan or any successor plans and shall be entitled to the amounts that have accrued under such plans through the date of termination.

(5) Disabled employees are considered active participants in all retirement plans.

Harty Employment Agreement. The Company entered into a new employment agreement with Mr. Harty effective August 10, 2016. The agreement provides for a minimum annual base salary of \$800,000 and target Annual Incentive of 90% of base salary, which may be increased at the discretion of the Compensation Committee. With the new agreement, Mr. Harty was granted (i) 33,000 stock options with a three year cliff vesting schedule and a strike price equal to the fair market value of Meredith common stock on the date of the award and (ii) 10,000 RSUs with a three year cliff vesting schedule. Mr. Harty was a participant in the 2004 Plan, is currently a participant in the 2014 Plan or successor plans, the Employees' Retirement Income Plan, the Replacement Benefit Plan and the Supplemental Benefit Plan. The agreement or plan documents also provide for payment to Mr. Harty in the event his employment is terminated for various reasons as follows:

If Mr. Harty's employment were terminated because of death, his base salary would be paid to the legal representative of his estate until the end of the month of the first anniversary of his death, any Annual Incentive earned would be prorated to the date of death and any Cash LTIP would be paid out according to the terms of the award. In addition, all awards of restricted stock and RSUs would vest and all stock options would vest and remain exercisable for their full unexpired term.

In the event of termination due to "Disability," Mr. Harty would receive 100% of his base salary for the first 12 months following such termination, 75% of his base salary for the next twelve month period and 50% of his base salary for the final twelve month period. Mr. Harty would receive his target Annual Incentive for the initial year in which the disability occurs and any Cash LTIP would be paid out according to the terms of the award. In addition, all restricted

stock and RSUs would vest and all stock options would vest and remain exercisable for the full unexpired term of the option.

In the event of termination “Without Cause,” Mr. Harty, in return for a full release of all employment-related claims, would receive a lump sum payment on or before the sixty-day anniversary of his termination equal to his base salary and target Annual Incentive for a period of 24 months. Mr. Zieser’s employment agreement also provides that should there be a material change in title, duties or reporting relationship during the term of the agreement, he will have the right to terminate his employment and such voluntarily termination from Meredith shall be treated as a termination “Without Cause” as described above.

In the event of termination for “Cause,” Mr. Zieser would receive only his base salary through the date of termination. Any earned but unpaid Annual Incentive would be forfeited and all equity and Cash LTIP awards subject to restriction would be forfeited.

Change in Control

The Company has entered into Amended and Restated Severance Agreements ("CIC Agreements") with each of the NEOs. The CIC Agreements provide for a double trigger, namely a change in control of the Company and the termination of the officer within two years of such a change in control. The CIC Agreements provide for payments and other benefits if the executive is terminated within two years of a change in control of the Company for any reason other than death, disability, mandatory retirement, "Cause" or voluntary termination other than for "Good Reason." "Good Reason" includes: an adverse substantial change in position, duties, responsibilities or status; a reduction in base salary; elimination of any benefit or incentive plan; relocation to a place more than 25 miles distance; and other terms as more fully described in the CIC Agreements. If an executive's employment is terminated

Table of Contents

prior to the date a change in control occurs, and if there is a reasonable basis that such termination (1) was at the request of a third party that has taken steps reasonably calculated to effect a change in control of the Company or (2) otherwise arose in connection with or anticipation of a change in control, then such termination shall be treated as a termination following a change in control of the Company. A change in control as defined in the CIC Agreements is summarized briefly as follows:

The acquisition by any person or entity of the beneficial ownership of more than 20% of either (a) the then outstanding common stock of the Company or (b) the combined voting power of the then outstanding voting securities of the Company;

The directors who were incumbent at the time of the execution of the CIC Agreement or their successors cease to constitute at least a majority of the Board (not including any director whose nomination or election occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a person or entity other than the Board);

The consummation of certain types of transactions including mergers and the sale of all, or substantially all, of the Company's assets; or

Approval by the shareholders of a complete liquidation or dissolution of the Company.

Immediately upon a change in control of the Company, all outstanding stock options shall become exercisable, all restrictions on restricted stock and RSUs shall lapse and Cash LTIP awards shall be paid or delivered as if the performance goals had been fully achieved. The benefit of the immediate vesting of the stock options, restricted stock, RSUs and payments under the Cash LTIP would have been as follows had a change in control occurred on June 30, 2017.

Payment Obligations upon Termination Due to Change in Control

The following table sets forth the payment obligations under the CIC Agreements if the NEO's employment is terminated as described above in advance of or within two years of a change in control of the Company. The tables assume that the termination took place on June 30, 2017.

Obligation

- NEO's annual base salary times three (based upon the highest annual rate of salary earned during the preceding 12-month period) (1)
- Annual Incentive times three (higher of the Annual Incentive target for the year in which the date of termination occurs or the highest Annual Incentive paid in respect of the three fiscal years immediately prior to the year in which the change in control occurred) (1)
- Any earned and due Annual Incentive payments (1)(2)
- Prorated Annual Incentive through the date of termination (1)(3)
- Accrued vacation pay (1)
- Any compensation previously deferred (with accrued interest or earnings) (1)
- Pension benefits assuming employment continued for three years after the date of termination (1)(4)
- Annual matching contribution under the tax-qualified defined contribution plan times three, for each plan (1)
- Continuation of medical, dental and life insurance for three years after the date of termination (5)
- Continuation of short-term and long-term disability for three years after the date of termination (5)
- Continuation of all programs and perquisites for three years after the date of termination (5)
- Gross-up payment for tax liabilities (6)

- (1) These amounts are to be paid as a lump sum within five days of the date of termination out of the Company's (or its successor's) assets.
- (2) Annual Incentive amounts received by virtue of being employed at the end of the fiscal year are reported in the Summary Compensation Table for fiscal 2017 and are not duplicated in this section.
- (3) There would be no prorated Annual Incentive through the date of termination since the table assumes the date of termination due to change in control is June 30, 2017.
- (4) The pension benefit is to be calculated as though the NEO is fully vested and has attained 36 additional months of age under the plans (but not to reduce the NEO's life expectancy).
- (5) The benefits are to be continued for three years from the date of termination at the level in effect immediately prior to the change in control or the level in effect at the date of termination, whichever is most favorable to the NEO.
- (6) The Company may pay directly to the IRS or other taxing authority, for the benefit of the NEO.

Therefore, the value of the post-retirement welfare benefits provided from July 1, 2016 through June 30, 2017 is not included.

Gross-up Payments. The CIC Agreements provide that the Company will provide to the NEO a “Gross-up” payment 7. to cover any excise taxes incurred under Section 4999 of the IRC, including all other income-related taxes. Execution of a release of claims is not a prerequisite to the receipt of payments under the CIC Agreements. The CIC Agreements do not include non-compete, non-solicit, non-disparagement or confidentiality provisions. The NEOs are under no obligation to seek other employment nor shall any compensation earned by the NEOs reduce the amount of any payment provided for under the CIC Agreements.

COMPONENTS OF DIRECTOR COMPENSATION

Employee directors receive no additional compensation for board service. At the beginning of calendar year 2017, the annual board retainer for non-employee directors was \$75,000 with an additional committee member retainer of \$10,000 and an additional committee chairman retainer of \$20,000. Effective May 2017, the annual board retainer for non-employee directors increased to \$85,000. The committee member and chairman retainers remained the same. Non-employee directors may elect to convert all or half of the annual cash board retainer, including any additional chairman and committee retainers, into restricted stock or SEUs as follows: 105% of the retainer may be received as restricted stock or as SEUs or 50% of the retainer may be received in cash and 52.5% of the retainer received as restricted stock or SEUs. Restricted stock pays dividends and vests one-third each year on the first three anniversaries of the grant date or upon the director’s retirement from the Board. SEUs are fully vested but are paid out as common stock on a one-for-one basis only upon the director’s resignation, retirement or other termination of service on the Board. Dividends on SEUs are reinvested.

Each year, on the date of the Annual Meeting, each non-employee director receives an equity grant with a fair market value of \$100,000, half in restricted stock and half in nonqualified stock options. One-third of the number of shares of restricted stock and options granted vests each of the first three anniversaries of the grant date. Options have an exercise price equal to the closing price of the Company’s common stock on the NYSE on the date of the grant and expire on the tenth anniversary of the grant date. Effective the November 2017 Annual Meeting, the equity grant fair market value will increase to \$110,000.

Upon election to the Board, each new non-employee director may choose to receive a grant of 1,200 shares of restricted stock which vests one-third each year on the first three anniversaries of the date of the grant or a grant of

1,200 SEUs which, although fully vested, are paid out as common stock on a one-for-one basis only upon the director's resignation, retirement or other termination of service on the Board.

For calendar year 2017, three of eight non-employee directors elected to receive all or 52.5% of their retainer in the form of restricted stock or SEUs. Fees paid in equity are awarded on the date of the Annual Meeting. Cash retainers are paid in advance in quarterly installments. The Company reimburses directors for out-of-pocket expenses related to attendance at Board and committee meetings. The Company also offers a matching gifts program where every dollar contributed by a director to an eligible charity is matched dollar-for-dollar up to \$5,000. The compensation paid to each non-employee director during fiscal 2017 is shown in the table below.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

Under SEC regulations, persons who have power to vote or to dispose of shares of the Company, either alone or jointly with others, are deemed to be beneficial owners of such shares. Because the voting or dispositive power of certain stock listed in the following table is shared or held by different persons, in some cases the same securities are listed opposite more than one name in the table. The total number of the Company's shares listed in the table (excluding stock options that are presently exercisable or will become exercisable prior to October 30, 2017) after elimination of such duplication is 20,419,158 shares of common stock (approximately 52% of the outstanding common stock) and 4,864,134 shares of Class B stock (approximately 95% of the outstanding Class B common stock).

Set forth below is information as of August 31, 2017 concerning security ownership by each person who is known to management to be the beneficial owner of more than 5% of any class of the Company's voting securities, by each director and nominee for director, by each NEO and by the Company's directors and executive officers as a group.

Mell Meredith Frazier; the other individuals’ ownership percentages would be unchanged and the ownership percentage in (b) *All directors and executive officers as a group* would be 4.0%.

AUDIT COMMITTEE DISCLOSURE

Audit Committee Pre-Approval Policy

The Audit Committee has adopted policies and procedures for the approval and pre-approval of the audit, audit-related fees, tax and all other services performed by the Company's independent registered public accounting firm in order to assure that the provision of such services does not impair the registered public accounting firm's independence. Unless a type of service to be provided by the independent registered public accounting firm has received general pre-approval, it will require specific pre-approval by the Audit Committee. Any proposed services exceeding pre-approved cost levels will require specific pre-approval by the Audit Committee. The Audit Committee will revise the list of general pre-approved services from time to time, based upon subsequent determinations. The Committee does not delegate its responsibilities to pre-approve services performed by the independent registered public accounting firm to management. The Audit Committee pre-approved all audit, audit-related fees and permitted non-audit services provided by KPMG in fiscal 2017.

Report of the Audit Committee

The responsibilities of the Audit Committee, which are set forth in the Audit Committee Charter adopted by the Board, include providing oversight of the Company's financial reporting process through periodic meetings with the Company's independent registered public accounting firm, internal auditors and management to review accounting, auditing, internal controls and financial reporting matters. Management of the Company is responsible for the preparation and integrity of the financial reporting information and related systems of internal controls. The Audit Committee, in carrying out its role, relies on the Company's senior management, including senior financial management, and its independent registered public accounting firm.

We have reviewed and discussed with senior management the Company's audited financial statements included in the 2017 Annual Report to Shareholders. Management has confirmed to us that such financial statements:

1. Have been prepared with integrity and objectivity and are the responsibility of management; and
2. Have been prepared in conformity with GAAP.

We have discussed with KPMG the matters required to be discussed by Auditing Standard No. 16, *Communications with Audit Committees* (“AS16”). AS16 requires our independent registered public accounting firm to provide us with additional information regarding the scope and results of its audit of the Company’s financial statements, including with respect to:

1. Their responsibility under GAAP;
2. Significant accounting policies;
3. Management judgment and estimates;
4. Any significant audit adjustments;
5. Any disagreements with management; and
6. Any difficulties encountered in performing the audit.

We have received from KPMG a letter providing the disclosures required by Public Company Oversight Board Rule 3526, *Communications with Audit Committees Concerning Independence*, with respect to any relationships between KPMG and the Company that, in its professional judgment, may reasonably be thought to bear upon independence. KPMG has discussed its independence with us, and has confirmed in such letter that, in its professional judgment, it is independent of the Company within the meaning of the federal securities laws.

Table of Contents

The Audit Committee also reviewed management's process designed to achieve compliance with Section 404 of the Sarbanes-Oxley Act of 2002. In addition, KPMG audited management's assessment of internal control over financial reporting and has issued a report thereon dated August 29, 2017. In that report KPMG states that, in its opinion, the Company maintained effective control over financial reporting as of June 30, 2017.

As specified in the Audit Committee Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and in accordance with GAAP. That is the responsibility of management and the Company's independent registered public accounting firm. In giving our recommendation to the Board, we have relied on:

1. Management's representation that such financial statements have been prepared with integrity and objectivity and in conformity with GAAP; and
2. The report of the Company's independent registered public accounting firm with respect to such financial statements.

Based upon the review and discussions described above with respect to the Company's audited financial statements included in the Company's 2017 Annual Report to Shareholders, we have recommended to the Board of Directors that such financial statements be included in the Company's Annual Report on Form 10 K for filing with the SEC.

PROPOSAL FOUR - RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has appointed KPMG as the Company's independent registered public accounting firm for the fiscal year ending June 30, 2018. Services provided to the Company and its subsidiaries by KPMG in fiscal 2017 are described under "Service Fees Paid to Independent Registered Public Accounting Firm."

We are asking our shareholders to ratify the selection of KPMG as our independent registered public accounting firm. Although ratification is not required by our Bylaws or otherwise, the Board is submitting the selection of KPMG to our shareholders for ratification as a matter of good corporate governance.

Vote Required

The affirmative vote of the holders of a majority of the voting power present in person or by proxy and entitled to vote at the Annual Meeting will be required to ratify the selection of KPMG. Abstentions will have the same effect as a vote AGAINST the proposal. Broker non-votes will have no effect on the proposal.

The Board of Directors recommends a vote FOR ratification of the appointment of KPMG as the Company's independent registered public accounting firm for fiscal 2018.

In the event shareholders do not ratify the appointment, the appointment will be reconsidered by the Audit Committee. Even if the selection is ratified, the Audit Committee may, in its discretion, select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities and Exchange Act requires that certain of the Company's officers and directors and persons who own more than 5% of the Company's outstanding stock file reports of ownership and changes in ownership with the SEC and NYSE. To the Company's knowledge, based solely upon a review of copies of forms submitted to the Company during and with respect to the most recent fiscal year and on written representations from the Company's directors and officers, all Section 16(a) filing requirements were complied with during the fiscal year ended June 30, 2017, with exception of one Form 4 filing for each of Messrs. Lacy, Harty, Ceryanec, Karpowicz and Zieser, which were inadvertently filed one day late.

RELATED PERSON TRANSACTION POLICY AND PROCEDURES

The Company has established written policies and procedures (“Related Person Transaction Policy” or the “Policy”) to assist it in reviewing transactions in excess of \$120,000 involving Meredith and its subsidiaries and related persons (as defined below). This Policy supplements the Company’s other conflict of interest policies set forth in the Company’s Code of Business Conduct and Ethics and its other internal procedures.

The objective of the Board in adopting this Policy is to assure that transactions between the Company and its subsidiaries and these persons are conducted in a manner that is fair to the Company and its shareholders and result in terms that are no more or less favorable to the Company than transactions between it and unaffiliated persons negotiating on an arm’s-length basis.

For purposes of the Policy, a related person includes the Company’s directors, director nominees and executive officers since the beginning of the Company’s last fiscal year, beneficial owners of 5% or more of any class of the Company’s voting securities and members of their respective immediate family (as defined in the Policy).

The Policy provides that any proposed transaction is to be promptly reported to the Company’s General Counsel and CFO. The CFO will assist in gathering information about the transaction and present the information to the Audit Committee, which is responsible for reviewing the transaction. The Audit Committee will determine if the transaction is a related person transaction and approve, ratify or reject the related person transaction. In approving, ratifying or rejecting a related person transaction, the Committee will consider such information as it deems important to conclude whether the transaction is fair to the Company.

The Company had no reportable related person transactions in fiscal 2017.

Table of Contents

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries, such as brokers, to satisfy the delivery requirements for Proxy Statements and Annual Reports with respect to two or more shareholders sharing the same address by delivering a single Proxy Statement addressed to those shareholders. This process, which is commonly referred to as “householding,” potentially means convenience for shareholders and cost savings for companies.

This year a number of brokers with account holders who are the Company’s shareholders may be householding the Company’s proxy materials. A single Proxy Statement may be delivered to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once a shareholder has received notice from a shareholder’s broker that it will be householding communications to a shareholder’s address, householding will continue until a shareholder is notified otherwise or until a shareholder revokes consent. If at any time a shareholder no longer wishes to participate in householding and would prefer to receive a separate Proxy Statement and Annual Report, the shareholder should notify his or her broker directly or direct his or her written request to Secretary, Meredith Corporation, 1716 Locust Street, Des Moines, Iowa 50309-3023. Shareholders who currently receive multiple copies of the Proxy Statement at their address and would like to request householding of their communications should contact their broker.

How to Receive Future Proxy Statements and Annual Reports Online

To ensure receipt of future Meredith Proxy Statements and Annual Reports over the Internet instead of receiving paper copies in the mail, registered shareholders may elect electronic delivery of all future proxy materials and other shareholder communications simply by updating their shareholder account information either by telephone at (877) 847-4696, via Internet at www.idelivercommunications.com/proxy/mdp or email ideliver@afpi.com with “MDP Materials Request” in the subject line.

If you hold your shares in broker or other nominee name and are not given an opportunity to consent to electronic delivery when you vote your shares online, you may contact the holder of record through which you hold your shares and ask about the availability of Internet delivery.

If you do consent to Internet delivery, a notation will be made in your account. When future Proxy Statements and Annual Reports become available, you will receive an e-mail notice instructing you how to access them over the Internet.

SUBMITTING SHAREHOLDER PROPOSALS

Any shareholder wishing to include a proposal in the Company's Proxy Statement and form of proxy for the 2018 Annual Meeting must submit the proposal so that it is received by the Company no later than May 28, 2018. The proposal should be addressed to Secretary, Meredith Corporation, 1716 Locust Street, Des Moines, Iowa 50309-3023.

Pursuant to the Company's Bylaws, any shareholder wishing to bring a proposal before the 2018 Annual Meeting (but whose proposal will not be included in the Company's Proxy Statement), must deliver written notice of such proposal in accordance with the requirements of the Bylaws to the Secretary of the Company at the address specified above no earlier than the close of business on the 120th day or later than the close of business on the 90th day prior to the first anniversary of the preceding year's Annual Meeting. For 2018, such proposal must be received no earlier than the close of business on July 11, 2018 and no later than the close of business on August 10, 2018 and otherwise comply with the requirements of the Bylaws. If the date of the 2018 meeting is advanced by more than 30 days or postponed by more than 60 days from the first anniversary of the 2017 Annual Meeting different deadlines will apply.

Pursuant to the Company's Bylaws, any shareholder wishing to propose a nominee for the Board must deliver written notice of such proposed nominee to the Secretary of the Company at the address specified above no earlier than the close of business on the 120th day or later than the close of business on the 90th day prior to the first anniversary of the preceding year's Annual Meeting. For 2018, written notice of such proposed nominee must be received no earlier than the close of business on July 11, 2018 and no later than the close of business on August 10, 2018 and otherwise comply with the requirements of the Bylaws.
