SUBJECT TO COMPLETION
PRELIMINARY PROSPECTUS DATED OCTOBER 30, 2003

1,450,572 SHARES OF COMMON STOCK
Issuable upon the Exercise of Transferable Rights to Subscribe for such Shares

RENAISSANCE CAPITAL GROWTH & INCOME FUND III, INC.

Renaissance Capital Growth & Income Fund III, Inc. (the "Fund") is issuing to its shareholders of record ("Record Date Shareholders") as of the close of business on _____, 2003 (the "Record Date") transferable rights (the "Rights") entitling you to subscribe for an aggregate of 1,450,572 shares of common stock, \$1.00 par value ("Common Stock"), of the Fund (such shares, together with all outstanding shares of the Fund's Common Stock, "Shares"). You will receive one Right for each three Shares you hold on the Record Date. The number of Rights issued to you will be rounded up to the nearest number of Rights. The Rights entitle you to subscribe for Shares at the rate of one Share for every one Right held (the "Primary Subscription"). The Rights further entitle you to subscribe, subject to certain limitations and subject to allotment, for any Shares not acquired by other holders in the Primary Subscription (the "Over-Subscription Privilege"). The offering (the "Offering") will expire at 5:00 p.m., Eastern time, on _____, 2003 (the "Expiration Date"), unless extended by the Fund. The Rights are transferable and will be listed for trading on the Nasdaq National Market under the symbol "RENNR." The Shares trade on the Nasdaq National Market under the symbol "RENN."

Affiliates of Russell Cleveland, President and CEO of the Fund, which own 5.8% of Common Stock, intend to subscribe for at least 84,066 shares of Common Stock upon full exercise of their Rights and may participate in the Over-Subscription Privilege.

The subscription price for each Share to be issued pursuant to the Offering will be 95% of the volume-weighted average of the last reported bid price per Share on the Nasdaq National Market on the Expiration Date and the four preceding business days (the "Subscription Price"). You will not know the actual Subscription Price at the time of exercise. You therefore will be required initially to pay for the Shares at the estimated Subscription Price of \$_____ per Share, based on the volume-weighted average of the last reported bid price per share on the Nasdaq National Market on the commencement date of the Offering and each of the four preceding business days ("Estimated Subscription Price"). Once you subscribe for Shares and your payment is received, you will not be able to change your decision.

Shareholders who do not exercise their Rights should expect that they will, at the completion of the Offering, own a smaller proportional interest in the Fund than they would if they exercised. In addition, because the Subscription

- 1 -

Price per Share will be less than the net asset value per share on the Pricing Date, you will experience an immediate dilution, which could be significant, of the aggregate net asset value of your shares. This dilution will disproportionately affect you if you do not exercise your Rights in full. The Fund cannot state precisely the extent of this dilution at this time because the Fund does not know what the net asset value per share will be when the Offering expires, what the Subscription Price will be or what proportion of the Rights will be exercised. See "Risk Factors - Dilution," page 18.

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

The net asset value per share at the close of business on September 30, 1998, September 30, 2002 and September 30, 2003 were \$9.02, \$9.67 and \$14.76, respectively, and the last reported bid price per share on the Nasdaq National Market on _____, 2003 was \$_____.

Pursuant to its annual distribution policy, the Fund currently pays to its shareholders a minimum annual distribution of \$0.40, payable quarterly. The Fund has paid a total of \$7.96 per share in cash to its shareholders since inception in 1995 through September 30, 2003.

The Fund is a non-diversified, closed-end fund that has elected to be treated as a business development company under the Investment Company Act of 1940 (the "1940 Act"). The investment objective of the Fund is to provide shareholders with current income and long-term capital appreciation by investing primarily in privately-placed convertible or equity securities of emerging growth public companies. The Fund's mailing address is 8080 N. Central Expressway, Suite 210-LB 59, Dallas, Texas 75206, its telephone number is (214) 891-8294.

SUMMARY

THE FOLLOWING SUMMARY IS QUALIFIED IN ITS ENTIRETY BY THE MORE DETAILED INFORMATION INCLUDED ELSEWHERE IN THIS PROSPECTUS. IT MAY NOT CONTAIN ALL OF THE INFORMATION THAT IS IMPORTANT TO YOU. TO UNDERSTAND THE OFFERING FULLY, YOU SHOULD READ THE ENTIRE DOCUMENT CAREFULLY, INCLUDING THE RISK FACTORS.

PURPOSE OF THE OFFERING

The Board of Directors of the Fund has determined that it is in the best interests of the Fund and its shareholders to increase the number of outstanding Shares of the Fund and to increase the assets of the Fund available for investment. The primary reasons are as follows:

- o raising more cash will better position the Fund to take advantage of investment opportunities that may arise in the future, while retaining investments believed to be attractive in the Fund's portfolio.
- o a larger number of outstanding Shares and a larger shareholder base could increase the level of market interest in the Fund and the liquidity of the Shares.
- o increasing the Fund's total assets would reduce expenses per share due to the spreading of fixed expenses over a larger asset base and may lower the Fund's expenses as a proportion of net assets.

The Board considered the effect that the issuance of the Shares would have on the net asset value of the Fund and also considered the dilutive effect on current shareholders, particularly those who determine not to exercise their Rights to purchase additional Shares. The Board considered that non-participating shareholders would have the opportunity to sell their Rights for cash and would derive a benefit if the Fund invests additional amounts that earn a return that exceeds the dilution, thus mitigating the dilutive effect of the Rights Offering on those shareholders.

The Board believes that the Offering would permit the Fund to accomplish these objectives, while allowing shareholders an opportunity to purchase additional Shares at a price below market value without paying a brokerage commission.

IMPORTANT TERMS OF THE OFFERING

Maximum Number of Shares to be Issued	1,450,572
Number of Rights Issued	1,450,572
Number of Rights Issued Per Existing Shares	1 Right for each 3 shares held
Subscription Ratio	1 Right to buy 1 Share

Estimated Subscription Price	\$_____
Shares Outstanding at September 30, 2003	4,351,718

- 4 -

KEY ELEMENTS OF THE OFFERING

o ONE-FOR-THREE OFFERING

The Offering will give shareholders of record the "right" to purchase one new Share of the Fund for every one right held. For example, if you own 300 shares on the announced record date, you will receive 100 Rights entitling you to purchase 100 new Shares of the Fund. Shareholders will be able to exercise all or some of their Rights. The number of Rights issued to a Record Date Shareholder will be rounded up to the nearest number of Rights. However, Record Date Shareholders who do not exercise all of their Rights will not be able to participate in the Over-Subscription Privilege. See "Over-Subscription Privilege" below.

o TRANSFERABLE RIGHTS

The Rights issued in the Offering will be transferable, will be traded on the Nasdaq National Market and will afford non-subscribing shareholders the option of selling their Rights on the Nasdaq National Market or through the subscription agent, The Colbent Corporation (the "Subscription Agent"). Selling the Rights allows a non-exercising shareholder (i.e., a shareholder who does not wish to purchase additional shares in the Offering) the ability to offset some of the dilution which would otherwise occur. In contrast, in a non-transferable rights offering (i.e., an offering where the rights cannot be traded), non-exercising shareholders would experience full dilution.

There can be no assurance that a liquid trading market will develop for the Rights or that the price at which such Rights trade will approximate the amount of dilution otherwise realized by a non-exercising shareholder. The period during which Rights will trade will be limited and, upon the Expiration Date, the Rights will cease to trade and will have no residual value.

o SUBSCRIPTION PRICE

Under the Offering, new Shares will be sold at a price equal to 95% of the volume-weighted average of the last reported bid price per Share on the Nasdaq National Market on the Expiration Date and the four preceding business days. Management believes that this pricing formula (versus a higher or lower percentage discount or a pre-determined fixed price) will provide an incentive to shareholders (as well as others who might trade in the transferable Rights) to participate in the Offering.

o OVER-SUBSCRIPTION PRIVILEGE

If all of the Rights initially issued are not exercised by Record Date Shareholders, any unsubscribed shares will be offered to other Record Date Shareholders who have fully exercised the Rights initially issued to them and who wish to acquire additional shares. If shares are insufficient to honor all over-subscriptions, the available shares will be allocated pro-rata among those who over-subscribe based on the number of Rights originally issued to them.

- 5 -

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

HOW TO EXERCISE RIGHTS

- o If your existing Shares are held in a brokerage account or by a custodian bank or trust company, contact your broker or financial adviser for additional instructions on how to participate in the Offering.
- o If your existing Shares are held by you of record, complete, sign and date the enclosed Subscription Certificate.
- o Make your check or money order payable to "Renaissance Capital Growth & Income Fund III, Inc." in the amount of \$_____ for each Share you wish to buy including any Shares you wish to buy pursuant to the Over-Subscription Privilege. This payment may be more or less than the actual Subscription Price. Additional payment may be required when the actual Subscription Price is determined.
- o You should mail the subscription certificate and your payment in the enclosed envelope to the Subscription Agent in a manner that will ensure receipt prior to 5:00 p.m., Eastern time, on _____, 2003, unless extended. Its mailing address is 161 Bay State Drive, Braintree, MA 02184.

Once you subscribe for Shares and your payment is received, you will not be able to change your decision.

Rights holders will have no right to rescind a purchase after the Subscription Agent has received the Subscription Certificate or Notice of Guaranteed Delivery. See "The Offering."

The Subscription Agent will deposit all checks received by it prior to the final due date into a segregated interest-bearing account pending distribution of the shares from the Offering. All interest will accrue to the benefit of the Fund, and investors will not earn interest on payments submitted.

IMPORTANT DATES TO REMEMBER

Record Date	_____, 2003
Final Date for Sales of Rights	_____, 2003
Expiration Date (Payment for Shares and Notices of Guaranteed Delivery Due)	_____, 2003 (unless extended)
Due Date for Delivery by Brokerage Firms or Custodian Banks of Payment and Subscription Certificates to Subscription Agent pursuant to Notice of Guaranteed Delivery	_____, 2003 (unless extended)
Mailing of Shares and Confirmations of Purchases of Shares	Not later than _____, 2003 (unless extended)

- 6 -

ADDITIONAL TERMS OF THE OFFERING

The Rights entitle you to subscribe for Shares at the rate of one Share for every one Right held by you. You will receive one Right for each three Shares you hold on the Record Date. These Rights are transferable. The holders of the Rights may exercise them at any time from the date of this Prospectus until 5:00

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

p.m., Eastern time, on _____, 2003, unless extended.

In addition, if a Record Date Shareholder subscribes for the maximum number of Shares to which it is entitled, such holder may also subscribe for Shares that were not otherwise subscribed for by other shareholders. Shares acquired pursuant to the Over-Subscription Privilege are subject to allotment, which is more fully discussed below under "The Offering - Over-Subscription Privilege" on page 23. The Fund will not offer or sell in connection with the Offering any Shares that are not subscribed for pursuant to the Primary Subscription or the Over-Subscription Privilege.

No fractional Rights will be issued.

The Subscription Price per Share will be 95% of the volume-weighted average of the last reported bid price per Share on the Nasdaq National Market on the Expiration Date and each of the four preceding business days.

The Rights are transferable and will be listed for trading on the Nasdaq National Market under the symbol "RENNR." There is no assurance that a market for the Rights will develop.

Before exercising your Rights pursuant to the Offering, you should consider the factors described in this Prospectus, including without limitation, the factors described under "The Fund," "Investment Objectives and Policies" and "Risk Factors." These factors include the effects of the Offering, the limitations on the ability of the Fund to pay dividends, and the fact that Shares sometimes trade above or below their net asset value. In addition, the Offering involves the risk of an immediate dilution of the aggregate net asset value of your Shares, if you do not fully exercise your Rights.

ANY QUESTIONS OR REQUESTS FOR ASSISTANCE CONCERNING THE METHOD OF SUBSCRIBING FOR SHARES OR FOR ADDITIONAL COPIES OF THIS PROSPECTUS OR SUBSCRIPTION CERTIFICATES OR NOTICES OF GUARANTEED DELIVERY MAY BE DIRECTED TO THE INFORMATION AGENT, THE ALTMAN GROUP, TOLL FREE AT TELEPHONE NUMBER (800) 467-0740 OR EMAIL ADDRESS WANTLER@ALTMANGROUP.COM. THE MAILING ADDRESS OF THE ALTMAN GROUP IS 1275 VALLEY BROOK AVENUE, LYNDHURST, NEW JERSEY 07071. SHAREHOLDERS MAY ALSO CONTACT THEIR BROKERS OR NOMINEES FOR INFORMATION WITH RESPECT TO THE OFFERING.

THE FUND

The Fund is a non-diversified, closed-end fund that has elected to be treated as a business development company under the 1940 Act. The investment objective of the Fund is to provide shareholders with current income and long-term capital appreciation by investing primarily in convertible and equity securities of emerging growth public companies.

- 7 -

Pursuant to its annual distribution policy, the Fund currently pays to its shareholders a minimum annual distribution of \$0.40, payable quarterly. The Fund has paid a total of \$7.96 per share in cash to its shareholders since inception in 1995 through September 30, 2003.

As discussed more fully herein, investment in the Fund involves a number of significant and substantial risks, including:

- o risks associated with the Fund's investments in securities of emerging growth companies
- o the fluctuation of the Fund's net asset value in connection with

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

changes in the value of its portfolio securities

- o risks associated with the Fund's investments in certain restricted and illiquid securities

No assurance can be given that the Fund will achieve its investment objectives.

In addition, the Rights Offering involves the risk of an immediate dilution of the aggregate net asset value of your Shares if you do not fully exercise your Rights.

THE ADVISER

RENN Capital Group, Inc., a Texas corporation ("RENN Group"), with its executive offices at 8080 N. Central Expressway, Suite 210-LB 59, Dallas, Texas 75206, is the investment adviser to the Fund and is registered as an investment adviser under the Investment Advisers Act of 1940, as amended (the "Advisers Act"), and subject to its reporting and other requirements. RENN Group is also the investment manager of Renaissance US Growth and Investment Trust PLC ("RUSGIT") and the investment adviser to BFSUS Special Opportunities Trust PLC ("BFSUS"), investment trusts listed on the London Stock Exchange with similar investment objectives as the Fund. RUSGIT and BFSUS are referred to as the "Advisor Affiliated Funds."

RENN Group is primarily responsible for the selection, evaluation, structure, valuation and administration of the Fund's investment portfolios. Pursuant to its Investment Advisory Agreement with the Fund, RENN Group is entitled to receive an annual management fee of 1.75% of the Fund's net assets, payable quarterly. In addition, RENN Group is entitled to receive an incentive fee payable quarterly that is equal to 20% of the Fund's realized capital gains in excess of realized capital losses after allowance for any unrealized capital losses in excess of unrealized capital gains on the portfolio investments of the Fund.

FEE TABLE AND EXAMPLE

The following Fee Table and Example are intended to assist investors in understanding the costs and expenses that an investor in the Fund bears directly or indirectly.

- 8 -

FEE TABLE

SHAREHOLDER TRANSACTION EXPENSES	
Sales Load (as a percentage of the Subscription Price per Share)	None

ANNUAL EXPENSES (AS A PERCENTAGE OF THE FUND'S NET ASSETS) (1)	
Management Fee (2)	1.75%

Interest Expense	0.11%

Other Expenses (3)	1.17%

Total Annual Expenses	3.03%

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

(1) Amounts are based on estimated amounts for the Fund's current fiscal year after giving effect to anticipated net proceeds of the Offering, assuming that all of the Rights are exercised.

(2) Paid quarterly at the rate of 0.4375%. In addition to its management fees, RENN Group is entitled to receive an incentive fee payable quarterly that is equal to 20% of the Fund's realized capital gains in excess of realized capital losses after allowance for any unrealized capital losses in excess of unrealized capital gains on the portfolio investments of the Fund.

(3) The expenses of the Dividend Reinvestment Plan are included in stock record expenses, a component of "Other Expenses."

EXAMPLE

CUMULATIVE EXPENSES PAID FOR THE PERIOD OF:

1 YEAR	3 YEARS	5 YEARS	10 YEARS
--------	---------	---------	----------

You would pay the following expenses on a \$1,000 investment, assuming a 5% annual return throughout the periods

\$32	\$97	\$165	\$345
------	------	-------	-------

The purpose of the foregoing table and example is to assist Rights holders in understanding the various costs and expenses that an investor in the Fund bears, directly or indirectly. It should be noted that if any portion of the assumed return on investment includes net realized gain, an incentive fee of 20% of such realized gain may be incurred and would further increase expenses reflected in the table above. See footnote (2) above. The example set forth above assumes reinvestment of all dividends and other distributions at net asset value and an annual expense ratio of 3.03%. The Fee Table above and the assumption in the Example of a 5% annual return are required by Securities and Exchange Commission (the "Commission") regulations applicable to all management investment companies. The Example and Fee Table should not be considered as a representation of past or future expenses or annual rates of return, which may be more or less than those assumed for purposes of the Example and Fee Table. In addition, while the Example assumes reinvestment of all dividends and other distributions at net asset value, participants in the Fund's Dividend Reinvestment Plan may receive Shares purchased or issued at a price or value different from net asset value.

SELECTED FINANCIAL DATA

The following selected financial data for the period from January 1, 1998 through December 31, 2002 is derived from the Fund's audited financial statements. The selected data presented for the six months ended June 30, 2002

- 9 -

and 2003 are derived from unaudited financial statements of the Fund which, in the opinion of management, include all adjustments (consisting only of normal recurring adjustments) necessary for a fair presentation of the financial position and results of operations of the Company as of and for these periods. Results of operations for the six months ended June 30, 2003 are not necessarily indicative of the results of operations that may be achieved for the full fiscal year. The Data should be read in conjunction with the Fund's financial statements and notes thereto and "Management's Discussion and Analysis of Financial Condition and Results of Operations."

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

GENERAL

The purpose of the Fund is to provide capital to emerging growth public companies whose ability to service the securities is sufficient to provide income to the Fund and whose growth potential is sufficient to provide opportunity for long-term capital appreciation.

SOURCES OF OPERATING INCOME

The major source of operating income for the Fund is investment income, either in the form of interest on debentures, dividends on stock, or interest on securities held pending investment in portfolio companies. However, the Fund also generates income through capital gains. Further, the Fund in some cases receives due diligence, commitment, and closing fees, as well as other similar

- 11 -

types of revenue. Director's compensation received by RENN Group (or its personnel) for services to a portfolio company is paid to the account of the Fund.

LIQUIDITY AND CAPITAL RESOURCES

For the three months ended June 30, 2003, net assets increased 38.36% from \$36,487,668 at March 31, 2003, to \$50,485,451, or \$11.60 per share, at June 30, 2003. This increase is primarily attributable to an increase in the net unrealized appreciation of investments from \$479,705 at March 31, 2003, to \$15,041,337 at June 30, 2003.

At the end of the second quarter of 2003, the Fund had net cash and cash equivalents of \$681,236 versus net cash and cash equivalents of \$1,181,514 at March 31, 2003, primarily due to an increase in the Fund's margin balance. Receivables, including interest, dividends, and brokerage, increased from \$418,407 at March 31 to \$604,436 at June 30, 2003, due primarily to a combination of dividends accrued on Integrated Security Systems Series F and G Preferred Stock, interest and dividends that were accrued on the restructuring of eOriginal, and the brokerage receivable. Prepaid expenses decreased from \$21,575 at March 31 to \$2,877 at June 30, 2003, primarily due to quarterly charges against prepaid insurance amounts.

Accounts payable increased slightly from \$20,932 at March 31, to \$21,632 at June 30, 2003. Accounts payable to affiliate decreased 7.37% from 372,169 at March 31, to \$344,753 at June 30, 2003, reflecting an increase in management fee due to higher portfolio values in the second quarter offset by a decrease in incentive fees due to lower realized gains during the second quarter.

The majority of the Fund's investments in portfolio companies are

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

individually negotiated, unregistered for public trading, and subject to legal and contractual investment restrictions. Accordingly, the portfolio investments are generally considered non-liquid. This lack of liquidity primarily affects the ability to make new investments and distributions to shareholders.

From time to time, funds are deposited in margin accounts and invested in government securities. Government securities used as cash equivalents typically consist of U. S. Treasury securities or other U. S. Government and Agency obligations having slightly higher yields and maturity dates of three months or less. These investments qualify for investment as permitted in Section 55(a)(1) through (5) of the 1940 Act.

RESULTS OF OPERATIONS

SIX MONTHS ENDED JUNE 30, 2003 AND 2002. For the six months ended June 30, 2003, the Fund experienced net investment income in the amount of \$614,993, compared to a net investment loss in the amount of (\$705,270) for the same six-month period in 2002. Interest income increased from \$185,104 for the six months ended June 30, 2002, to \$347,486 for the same period of 2003, an increase of 86.72%. Dividend income for the six-month period ended June 30, 2003, was \$1,161,230 versus \$43,238 for the same period in 2002.

General and administrative expenses decreased from \$246,609 in the six months ended June 30, 2002, to \$193,180 for the same period in 2003. Legal and professional expenses also decreased from \$165,289 in 2002 to \$80,514 for the six months ended June 30, 2003. Management fees decreased from \$478,313 for the

- 12 -

six months ended June 30, 2002, to \$386,878 for the same period in 2003; whereas incentive fees increased from zero in 2002 to \$196,260 for the six months ended June 30, 2003.

Net income for the first six months of 2003 was \$10,096,729, compared to a net loss in the amount of (\$1,324,151) for the same period of 2002. In addition to the increases in income and decreases in expenses discussed previously, this increase was driven by an increase in net unrealized appreciation on investments from \$2,805,510 in 2002 to \$8,500,437 in 2003. In addition, in the first six months of 2003, the Fund realized net gains on investments in the amount of \$981,299, compared to a net realized loss on investments of (\$3,424,391) in the same period of 2002.

2002 COMPARED TO 2001. During the year ended December 31, 2002, the Fund made additional portfolio investments aggregating \$6,851,707 compared to \$3,509,674 in 2001. The Fund realized proceeds from the sale of investments in the amount of \$4,911,282 compared to \$10,364,052 in 2001. The Fund's realized net loss of (\$12,773,524) is due to a combination of a net investment loss of (\$1,138,298), net unrealized depreciation on investments of (\$8,205,633), and net realized loss on investments of (\$3,429,593).

Interest income decreased 34.14% for the year in comparison to 2001 primarily due to the conversion of debt positions into equity. In addition, reserves were taken on interest accruals for some of the Fund's investments. Dividend income decreased 63.86% from \$195,453 in 2001 to \$70,640 in 2002 due primarily to smaller custodial cash balances earning dividends and decreased dividends declared and paid by portfolio investments. Commitment and other fee income increased from \$3,100 in 2001 to \$28,442 in 2002 primarily as a result of increased loan closing fees.

General and administrative expenses, including interest expense and legal fees, but excluding incentive and management fees, decreased 1.17% from \$662,872

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

in 2001 to \$655,119. No incentive fee was incurred in 2002 compared to an incentive fee expense of \$919,429 in 2001 because there were no net realized capital gains achieved on investments during 2002. Management fees decreased from \$912,544 in 2001 to \$860,834 in 2002, a decrease of 5.67% due to lower portfolio values during 2002. Net investment loss decreased 39.24% to (\$1,138,298) in 2002 down from (\$1,873,288) in 2001 due primarily to the absence of an incentive fee in 2002, combined with the decrease in interest expense, legal fees, and management fees, partially offset by the increase in general and administrative expenses.

Net income decreased from \$9,546,715 in 2001 to a net loss of (\$12,773,524) in 2002. In 2001, the Fund had realized gains of \$2,054,836 compared to a net realized loss on investments of (\$3,429,593) in 2002. Likewise, the Fund experienced net unrealized appreciation on investments in 2001 of \$9,365,167 compared to the 2002 net unrealized depreciation on investments in the amount of (\$8,205,633).

2001 COMPARED TO 2000. During the year ended December 31, 2001, the Fund realized proceeds from the sale of investments \$10,364,052 compared to \$10,366,539 in 2000. The Fund expended \$3,509,674 in 2001 for the purchase of investments compared to purchases of \$7,838,711 in 2000. The Fund's net income of \$9,546,715 for 2001 is due primarily to a net unrealized appreciation on investments of \$9,365,167 and a net realized gain on investments of \$2,054,836.

- 13 -

Interest income decreased 71.19% for the year in comparison to 2000 primarily because many of the Fund's debt positions were converted to equity positions. Dividend income in 2001 increased 70.77% from \$114,455 in 2000 to \$195,453 in 2001 due primarily to the previously described conversion from debt to equity positions and a change in the custodial arrangements whereby short-term treasury funds now earn a dividend rather than interest. Commitment and other fee income decreased from \$112,375 in 2000 to \$3,100 in 2001 due to fewer investments being originated together with a reduction in outside directors fees and advisory fees as a result of the Fund's officers holding fewer outside board positions.

General and administrative expenses decreased 2.65% from \$422,554 in 2000 to \$411,348 in 2001. Incentive fees decreased 42.93% from \$1,611,135 in 2000 to \$919,429 in 2001 due to lower net realized gains achieved on investments throughout 2001. Management fees decreased 13.62% to \$912,544 due to a lower net asset value throughout the year. Net investment loss for 2001 increased to (\$1,873,288) in 2001, compared to (\$1,516,461) for 2000, an increase of 23.53%, due primarily to lower interest income as a result of converting debt positions to equity, offset somewhat by reduced expense levels.

Net income for 2001 was \$9,546,715, an increase of 89.71% over \$5,032,203 in 2000. In 2000, realized gains were \$8,055,679 in comparison to realized gains for 2001 of \$2,054,836. Realized gains decreased in 2001 from 2000 due to higher levels of realized losses taken on portfolio investments. In addition, the Fund's net unrealized appreciation on investments in 2001 was \$9,365,167 in comparison to a net unrealized depreciation on investments for 2000 of (\$1,507,015) due to higher market values for Fund holdings.

MARKET RISK

The Fund is subject to financial market risks, including changes in market interest rates as well as changes in marketable equity security prices. The Fund does not use derivative financial instruments to mitigate any of these risks. The return on the Fund's investments is generally not affected by foreign currency fluctuations.

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

A majority of the Fund's net assets consists of common stocks and warrants and options to purchase common stock in publicly traded companies. These investments are directly exposed to equity price risk, in that a percentage change in these equity prices would result in a similar percentage change in the fair value of these securities.

A lesser percentage of the Fund's net assets consists of fixed rate convertible debentures and other debt instruments as well as convertible preferred securities. Since these instruments are generally priced at a fixed rate, changes in market interest rates do not directly impact interest income, although changes in interest rates could impact the Fund's yield on future investments in debt instruments. In addition, changes in market interest rates are not typically a significant factor in the Fund's determination of fair value of its debt instruments, as it is generally assumed they will be held to maturity, and their fair values are determined on the basis of the terms of the particular instrument and the financial condition of the issuer.

- 14 -

A small percentage of the Fund's net assets consists of equity investments in private companies. The Fund would anticipate no impact on these investment from modest changes in public market equity prices. However, should significant changes in market prices occur, there could be a longer-term effect on valuations of private companies which could affect the carrying value and the amount and timing of proceeds realized on these investments.

TRADING AND NET ASSET VALUE INFORMATION

In the past, the Shares have traded at various times at either a premium or a discount in relation to net asset value. It is not possible to predict whether the Shares offered hereby will trade at, above or below net asset value. Shares of closed-end investment companies frequently trade at a discount from net asset value. As of September 30, 2003, the Fund's Shares traded at a 22.49% discount from their net asset value. The Fund's net asset value is determined by the Board of Directors at the end of each calendar quarter.

Shares of the Fund's Common Stock are traded on the Nasdaq National Market under the symbol "RENN" and reported on Bloomberg. The following table sets forth, for the periods indicated, high and low bid prices as quoted on Nasdaq, the net asset value per share at the end of each quarter and the premium (discount) to net asset value at the end of each quarter. The Nasdaq bid quotations represent prices between dealers, do not include retail markups, markdowns or commissions, and may not represent actual transactions. See "Valuation of Investments" below.

As of September 30, 2003, there were approximately 863 record holders of Common Stock.

DIVIDENDS AND DIVIDEND REINVESTMENT PLAN

DIVIDENDS

The Fund seeks to provide returns to shareholders through cash dividends of net investment income and through distributions of realized gains. On November 5, 2002, the Fund announced a minimum annual distribution policy of \$0.40 per share, with an initial quarterly cash distribution of \$0.10 per share that was paid December 12, 2002. The intent of the Policy is for the Fund to make distributions of \$0.10 per share in each of the first three quarters of the year with a final distribution in the fourth quarter equal to \$0.10 per share or a greater amount sufficient to satisfy the distribution requirements of the Internal Revenue Code. The Policy is subject to quarterly review and approval by the Fund's Board of Directors. According to the Policy, the distributions could be paid from interest or dividend income, capital gains, or a return of capital in the event there is insufficient income or capital gains to satisfy the Policy.

The Fund has paid a total of \$7.96 per share to its shareholders since inception, including \$1.54 in capital gains distributions and investment income in 2000, \$0.54 in capital gains distributions in 2001, \$1.10 per share in December 2002 classified as a tax return of capital, and distributions of \$0.10 per share in each of February, May and August 2003. Pursuant to its annual distribution policy, the Fund currently pays to its shareholders a minimum annual distribution of \$0.40, payable quarterly.

DIVIDEND REINVESTMENT PLAN

Pursuant to the Dividend Reinvestment and Cash Purchase Plan (the "Reinvestment Plan") any shareholders whose shares are registered in their own names will be deemed to have elected to have all dividends and distributions

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

automatically reinvested in Fund shares pursuant to the Reinvestment Plan unless and except for each such shareholder who individually elects to receive such on a current basis in lieu of reinvestment. In the case of shareholders such as banks, brokers or nominees that hold shares for others who are beneficial owners ("Nominee Shareholders"), the plan agent, American Stock Transfer & Trust Co. (the "Plan Agent") will administer the Reinvestment Plan on the basis of the number of shares certified by such Nominee Shareholders as registered for shareholders that have not elected to receive dividends and distributions in cash.

Investors that own shares registered in the name of a Nominee Shareholder should consult with such nominee as to participation or withdrawal from such plan.

When the Fund declares a dividend or distribution payable in cash, the non-participants will receive cash, and the Participants will receive Common Stock to be issued by the Fund or purchased in the open market. If the market value per share on the valuation date equals or exceeds the net asset value per share on that date, or if such open market purchases cause the price to increase

- 16 -

to the net asset value, the Fund will issue new Shares at the net asset value. If the net asset value exceeds the market price, the Fund will, as agent for the participants, buy Fund shares in the open market or in private transactions as soon as practicable after such date. If before the Fund has completed the purchases the market price exceeds the net asset value, the Fund may suspend purchasing in the market and the Fund will issue new Shares at net asset value to fulfill the purchase requirements.

Participants also have the option, commencing on January 1 of each year, of making additional annual cash payments to the Reinvestment Plan in any amount of \$1,000 or more up to \$10,000. Larger amounts may be accepted with the prior approval of the Fund. The Fund will use all funds received from participants to purchase Fund shares to be issued by the Fund or purchased in the open market on or about February 28. Any voluntary funds must be received no later than 10 days prior to such date and any prior deposit may be withdrawn if written request for withdrawal is received by the Fund no later than 10 days prior to such date.

The Plan Agent will maintain all shareholder accounts in the Reinvestment Plan and furnish written confirmation of all transactions in an account. Shares in the Reinvestment Plan will be held in the name of the participant and each shareholder's proxy will include any Reinvestment Plan holdings.

There is no charge to the participants for reinvesting dividends and distributions or for voluntary cash payments. There are no brokerage charges with respect to shares issued directly by the Fund for participants in the Reinvestment Plan. However, each participant pays a pro rata share of brokerage charges for shares purchased in the market.

The Fund reserves the right to terminate the Reinvestment Plan. Further, the Reinvestment Plan may be amended by the Fund upon 30 days notice to participants. A participant may withdraw from the Reinvestment Plan upon written request to the Plan Agent, in which event, no further Fund share purchases will be made for such withdrawing participant and all shares and funds held for such participant will be forwarded to the participant or to their order upon their request. All communications regarding the Reinvestment Plan should be directed to the Plan Agent.

RISK FACTORS

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

AN INVESTMENT IN THE FUND IS SUBJECT TO A NUMBER OF RISKS AND SPECIAL CONSIDERATIONS, INCLUDING THE FOLLOWING:

HIGHER RISK INVESTMENTS

The Fund is designed for long-term investors. Investors should not rely on the Fund for their short-term financial needs. The value of the higher risk securities in which the Fund invests will be affected by:

- o general economic conditions
- o the securities market
- o the market for public offerings

- 17 -

- o specific industry conditions
- o the management of the individual issuer

Additionally, the Fund may not achieve its investment objectives.

DILUTION

You may experience an immediate dilution of the aggregate net asset value of your Shares if you do not fully exercise your Rights pursuant to the Offering. This is because the Subscription Price per Share will likely be less than the Fund's net asset value per Share on the Expiration Date, and the number of Shares outstanding after the Offering is likely to increase in a greater percentage than the increase in the size of the Fund's assets. In addition, if you do not fully exercise your Rights you should expect that you will, at the completion of the Offering, own a smaller proportional interest in the Fund than would otherwise be the case. Although it is not possible to state precisely the amount of any such decrease in net asset value, because it is not known at this time what the net asset value per share will be at the Expiration Date or what proportion of the Shares will be subscribed, such dilution could be significant. For example, assuming that all Rights are exercised at the Estimated Subscription Price of \$_____, expenses associated with the Offering were \$_____, and the Fund's net asset value otherwise remained constant, the Fund's net asset value per Share on such date would be reduced by approximately \$_____ per Share (or ___%). Your ability to transfer your Rights allows you to receive cash for such Rights should you choose not to exercise them. However, it is not certain that a market for the Rights will develop, and no assurance can be given as to the value, if any, that such Rights will have.

INVESTMENTS IN EMERGING GROWTH COMPANIES

As a business development company, the Fund invests a large portion of its assets in restricted securities issued by emerging growth public companies, some of which have operated at losses or have experienced substantial fluctuations in operating results. Typically, such companies depend for their success on the management talents and efforts of one person or a small group of persons, so that the death, disability or resignation of such person or persons could have a materially adverse impact on them. Moreover, smaller companies frequently have narrower product lines and smaller market shares than larger companies and, therefore, may be more vulnerable to competitors' actions and market conditions, as well as general economic downturns. Such companies may face intense competition, including competition from companies with greater financial resources, more extensive research and development, manufacturing, marketing and service capabilities, and a larger number of qualified managerial and technical

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

personnel. Because these companies will generally have highly leveraged capital structures, reduced cash flow resulting from an adverse business development, shift in customer preferences, or an economic downturn or the inability to complete a public offering or other financing may adversely affect the return on, or the recovery of, the Fund's investment in them. Investment in such companies therefore involves a high degree of business and financial risk, which can result in substantial losses and, accordingly, should be considered highly speculative. No assurance can be given that some of the Fund's investments will not result in substantial or complete losses.

- 18 -

LONG-TERM CHARACTER OF PORTFOLIO INVESTMENTS

It is expected that investments made in accordance with the Fund's investment objective will usually yield a current return from the time they are made but will generally produce a profit, if any, from an accompanying equity feature only after three to five years. There can be no assurance that either a current return or capital gains will actually be achieved.

RESTRICTED SECURITIES AND ILLIQUIDITY

Many of the investments of the Fund consist of securities acquired directly from the issuers in private transactions. They are usually subject to restrictions on resale without registration under the Securities Act, which would involve delay and expense, and there is no established trading market for such securities.

The common stock underlying these securities is generally unregistered and thinly-to-moderately traded. From time to time the Fund may seek to register and sell unregistered securities or, pursuant to Rule 144 of the 1933 Act, may seek to sell unregistered securities, if certain holding periods, volume requirements, and other conditions of the Act are met. The limitations on the sale of securities under Rule 144 could prevent or delay any sale of the Fund's securities or reduce the amount of proceeds that might otherwise be realized by the Fund. Restricted securities generally sell at a price lower than similar securities that are not subject to restrictions on sale.

MARKET PRICE DISPARITIES

Shares of closed-end management investment companies frequently trade at a discount from net asset value but, there are examples of companies, including the Fund, which have traded at a premium to net asset value from time to time. At September 30, 2003, the Fund's shares traded at a 22.49% discount to their net asset value. This characteristic of shares of closed-end investment companies is separate and distinct from the risk that a fund's net asset value per share will decline. It is not possible to predict whether the Shares offered hereby will trade at, above or below net asset value.

COMPETITION

The Fund has significant competition for investment in emerging growth companies from private equity funds, institutional investors and private investors. Many of these sources for growth capital have substantially greater financial resources than the resources of the Fund. As a result, the Fund may, from time to time, be precluded from making otherwise attractive investments on terms considered by the Investment Adviser to be prudent in light of the risks. The Fund competes for investment opportunities based on its ability to respond to the needs of the prospective company and its willingness to provide management assistance. In some instances, the Fund's requirements as to provision of management assistance will cause it to be non-competitive.

- 19 -

MANAGEMENT FEE

Since RENN Group's management fee is based on a percentage of the Fund's net assets, increasing the Fund's net assets through the Offering will increase the dollar amount of the management fees paid to RENN Group.

POSSIBLE NEED FOR FOLLOW-ON INVESTMENTS IN PORTFOLIO COMPANIES

Following its initial investment, the Fund may make additional debt and equity investments in portfolio companies ("Follow-On Investments") in order to increase its investment in a successful portfolio company, to exercise securities that were acquired in the original financing, to preserve the Fund's proportionate ownership when a subsequent financing is planned or to protect the Fund's initial investment when such portfolio company's performance does not meet expectations. The failure or inability to make such Follow-On Investments may, in certain circumstances, jeopardize the continued viability of a portfolio company and the Fund's initial investment in that company.

DEPENDENCE ON SECURITIES MARKET

The investment strategy of the Fund is based in large part upon the securities markets in general and the market for public offerings in particular. Changes in the securities markets and general economic conditions, including economic downturns, fluctuations in interest rates, the availability of credit, inflation and other factors, may affect the value of investments of the Fund. There can be no assurance that the securities markets will, at any point in time, be receptive to initial public offerings, particularly those of emerging growth companies. Any adverse change in the market for public offerings could have a material adverse effect on the Fund and could impact the Fund's ability to realize its investment objectives.

LACK OF DIVERSIFICATION

The Fund is classified as a "non-diversified" investment company under the Act, which means the Fund is not limited by the Act in the proportion of its assets that may be invested in the securities of a single issuer. However, the Fund has in the past conducted and intends to continue to conduct its operations so as to qualify as a "regulated investment company" for purposes of the Internal Revenue Code of 1986, as amended (the "Code"), which will relieve the Fund of any liability for federal income tax to the extent its earnings are distributed to stockholders. See "Federal Income Tax Considerations." To so qualify, among other requirements, the Fund will limit its investments so that, at the close of each quarter of the taxable year, (i) not more than 25% of the market value of the Fund's total assets will be invested in the securities of a single issuer, and (ii) with respect to 50% of the market value of its total assets, not more than 5% of the market value of its total assets will be invested in the securities of a single issuer and the Fund will not own more than 10% of the outstanding voting securities of a single issuer. The Fund's investments in cash, cash equivalents, and U.S. Government Securities are not subject to these limitations. To the extent the Fund takes large positions in the securities of a small number of issuers, the Fund's net asset value and the market price of its Shares may fluctuate as a result of changes in the financial condition or in the market's assessment of such issuers to a greater extent than that of a diversified investment company.

- 20 -

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

Although the Fund has elected Subchapter M status under the Code and is therefore required to meet certain diversification requirements thereunder, the Fund operates as a non-diversified, closed-end fund that has elected to be treated as a business development company under the 1940 Act, and, therefore, the Fund's investments may not be substantially diversified. In any event, the Fund will not be able to achieve the same level of diversification as much larger entities engaged in similar activities.

NUMBER OF INVESTMENTS; INDUSTRY CONCENTRATION

The Fund is limited in the amount of its assets it may invest in any one portfolio company. Generally, the Fund does not invest more than 15% of the value of its assets in a single portfolio company. However, market value appreciation and follow-on investments may result in greater than 15% of the Fund's assets being invested in a single portfolio company. While these restrictions limit the exposure of the capital of the Fund in any single investment, the Fund's capital is invested in a limited number of portfolio companies and financial difficulty on the part of any single portfolio company would expose it to a greater risk of loss than would be the case if it were a "diversified" company holding numerous investments. At September 30, 2003, the Fund had investments in 27 portfolio companies, of which three exceed 10% of the value of its net assets.

The Fund spreads its investments among several industries. Although Management does not invest more than 25% of the Fund's assets in portfolio companies in a particular industry or to otherwise concentrate in any one or a few industries, if the most attractive investments available to Management and the Fund are concentrated in a small number of industries, the Fund's portfolio may become concentrated in those industries. In such event, the Fund would be exposed to the risk of adverse developments in or affecting any single industry to a greater extent than if its investments were dispersed over a greater variety of industries.

LOSS OF PASS-THROUGH TAX TREATMENT

The Fund may cease to qualify for pass-through tax treatment if it is unable to comply with the diversification requirements contained in Subchapter M of the Code. The Company may also cease to qualify as a regulated investment company and therefore to qualify for pass-through treatment, or be subject to a 4% nondeductible excise tax, if it fails to make certain distributions. Failure to qualify as a RIC would subject the Fund to federal income tax as if the Fund were an ordinary corporation, which could result in a substantial reduction in both the Fund's net assets and the amount of income available for distributions to shareholders.

CHANGES IN INTEREST RATES

In addition, the net asset value of the Fund will change with changes in the value of its portfolio securities. When interest rates decline, the value of the Fund's portfolio can be expected to rise. Conversely, when interest rates rise, the value of a fixed-income portfolio can be expected to decline.

THE OFFERING

PURPOSE OF THE OFFERING

The Board of Directors of the Fund has determined that it is in the best interests of the Fund and its shareholders to increase the number of outstanding Shares and to increase the assets of the Fund available for investment by making

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

the Offering. In reaching its decision, the Board noted that more investment opportunities for the Fund may exist in the future. The Board concluded that an increase in the assets of the Fund would permit the Fund to take advantage of these additional investment opportunities, consistent with the Fund's investment objectives, while retaining investments believed to be attractive in the Fund's portfolio. The Board believes that the Offering would permit the Fund to accomplish these objectives, while allowing existing shareholders an opportunity to purchase additional Shares at a price below market value without paying a brokerage commission. The Board also believes that a larger number of outstanding Shares and a larger number of shareholders could increase the level of market interest in the Fund and the liquidity of Shares.

This additional capital will increase the Fund's equity base and allow the Fund to take advantage of new investment opportunities. Because the Fund, as a regulated investment company, must distribute essentially all of its income to its shareholders each year to avoid unfavorable federal income tax consequences, the Fund cannot increase its equity base by retaining net income.

The Board considered that the Offering would have a dilutive effect on nonparticipating shareholders and on shareholders who do not fully participate in the Offering. The Board also considered the effect that the issuance of the Shares would have on the net asset value of the Fund. Nonetheless, the Board believes that the dilutive effect will be mitigated because the Rights are transferable, which will afford shareholders who do not exercise all of their Rights the potential of receiving a cash payment upon sale of such Rights. Additionally, nonparticipating shareholders would derive a benefit from the Offering if it enables the Fund to invest additional amounts that earn a return that exceeds the dilution. Additionally, the Board concluded that increasing the Fund's total assets would reduce expenses per share due to the spreading of fixed expenses over a larger asset base.

The Fund's directors have voted unanimously to authorize the Offering. One of the Fund's directors who voted to authorize the Offering is affiliated with the Adviser and, therefore, could benefit indirectly from the Offering. The other four directors are not "interested persons" of the Fund within the meaning of the 1940 Act.

The Fund may, in the future and at its discretion, choose to make additional rights offerings from time to time for a number of Shares and on terms which may or may not be similar to this Offering. Any such future rights offering will be made in accordance with the 1940 Act.

TERMS OF THE OFFERING

The Fund is issuing Rights to its Record Date Shareholders entitling the holders thereof to subscribe for an aggregate of 1,450,572 Shares. Record Date Shareholders, where the context requires, shall include beneficial owners whose

- 22 -

Shares are held of record by Cede & Co. ("Cede"), nominee for The Depository Trust Company ("DTC"), or by any other depository or nominee. In the case of Shares held of record by Cede or any other depository or nominee, beneficial owners for whom Cede or any other depository or nominee is the holder of record will be deemed to be the holders of the Rights that are issued to Cede or such other depository or nominee on their behalf. Each Record Date Shareholder will receive one Right for each three Shares beneficially owned on the Record Date, and the Rights entitle Record Date Shareholders and holders of Rights acquired during the period from the commencement date of the Offering to the Expiration Date (the "Subscription Period") to acquire one Share for each Right held. No fractional Shares will be issued. In addition, the Rights entitle each holder

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

thereof to subscribe, pursuant to the Over-Subscription Privilege, for any Shares not acquired by exercise of Rights in the Primary Subscription. Rights holders will have no right to rescind a purchase after the Subscription Agent has received the Subscription Certificate or Notice of Guaranteed Delivery. All Rights may be exercised until the Expiration Date. (Record Date Shareholders and Rights Holders purchasing Shares are hereinafter referred to as "Exercising Rights Holders.") No fractional Rights will be issued.

Shares not subscribed for in the Primary Subscription will be offered, by means of the Over-Subscription Privilege, to those Record Date Shareholders and Rights Holders who have exercised all Rights held by them and who wish to acquire more than the number of Shares they are entitled to purchase pursuant to the exercise of their Rights. Shares acquired pursuant to the Over-Subscription Privilege are subject to allotment, as more fully discussed below under "Over-Subscription Privilege." For purposes of determining the maximum number of Shares a shareholder may acquire pursuant to the Offering, beneficial owners of Shares whose Shares are held of record by Cede, as nominee for DTC, or by any other depository or nominee will be deemed to be the holders of the Rights that are issued to Cede or such other depository or nominee on their behalf.

There is no minimum number of Rights which must be exercised in order for the Offering to close.

The number of Rights issued to a shareholder on the Record Date will be rounded up to the nearest number of Rights. In the case of shares of common stock held of record by a Nominee (e.g., Cede as nominee for DTC, or any other depository or nominee), the number of Rights issued to the Nominee will be adjusted to permit rounding up (to the nearest number of Rights) of the Rights to be received by beneficial owners for whom the Nominee is the holder of record only if the Nominee provides to the Fund on or before the close of business on _____, 2003 a written representation of the number of Rights required for such rounding.

Affiliates of Russell Cleveland, President and CEO of the Fund, which own 5.8% of Common Stock, intend to subscribe for at least 84,066 shares of Common Stock upon full exercise of their Rights and may participate in the Over-Subscription Privilege.

OVER-SUBSCRIPTION PRIVILEGE

Shares not subscribed for in the Primary Subscription (the "Excess Shares") will be offered, by means of the Over-Subscription Privilege, to those Record Date Shareholders exercising Rights who have exercised all exercisable Rights

- 23 -

held by them and who wish to acquire more than the number of Shares for which the Rights held by them are exercisable. Exercising Rights Holders should indicate on the Subscription Certificate, which they submit with respect to the exercise of the Rights held by them, how many Excess Shares they are willing to acquire pursuant to the Over-Subscription Privilege. If sufficient Excess Shares remain, all over-subscription requests by Exercising Rights Holders will be honored in full. If requests for Shares pursuant to the Over-Subscription Privilege exceed the Excess Shares available, the available Excess Shares will be allocated pro rata among Exercising Rights Holders who oversubscribe based on the number of Rights held by such Exercising Rights Holders.

THE FUND WILL NOT OFFER OR SELL IN CONNECTION WITH THE OFFERING ANY SHARES THAT ARE NOT SUBSCRIBED FOR PURSUANT TO THE PRIMARY SUBSCRIPTION OR THE OVER-SUBSCRIPTION PRIVILEGE.

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

SUBSCRIPTION PRICE

The Subscription Price for each Share to be issued pursuant to the Offering will be 95% of the volume-weighted average of the last reported bid price per Share on the Nasdaq National Market on the Expiration Date and the four preceding business days.

Exercising Rights Holders will not know the actual Subscription Price at the time of exercise and will be required initially to pay for the Shares at the Estimated Subscription Price of \$_____ per Share based on the last reported bid price of the Fund's Common Stock on _____. The actual Subscription Price may be more than the Estimated Subscription Price.

The net asset value per share at September 30, 1998, September 30, 2002 and September 30, 2003 were \$9.02, \$9.67 and \$14.76, respectively, and the last reported bid price of a share on the Nasdaq National Market on _____, 2003 was \$_____.

EXPIRATION OF THE OFFERING

The Offering and the Rights will expire on the Expiration Date, unless extended by the Fund. The Fund may make one or more extensions of the Offering, as discussed below. Any extension of the Offering will be followed as promptly as practicable by announcement thereof. Such announcement will be issued no later than 9:00 a.m., Eastern time, on the next business day following the previously scheduled Expiration Date. Without limiting the manner in which the Fund may choose to make such announcement, the Fund will not, unless otherwise required by law, have any obligation to publish, advertise or otherwise communicate any such announcement other than by making a release to the Dow Jones News Service or such other means of announcement as the Fund deems appropriate.

SUBSCRIPTION AGENT

The Subscription Agent will receive for its administrative, processing, invoicing and other services as Subscription Agent fees and expenses estimated to be approximately \$10,000. Questions regarding the Subscription Forms should be directed to the Information Agent at 800-467-0740, (toll free); shareholders may also consult their brokers or nominees. Completed Subscription Forms must be sent, together with proper payment of the Estimated Subscription Price for all Shares subscribed for in the Primary Subscription and the Over-Subscription

Privilege, to the Subscription Agent by one of the methods described below. Alternatively, Notices of Guaranteed Delivery may be sent by brokerage firms and custodian banks and trust companies exercising Rights on behalf of Exercising Rights Holders whose Shares are held by such institutions by facsimile to 781-380-3388 to be received by the Subscription Agent prior to 5:00 p.m., Eastern time, on the Expiration Date. Facsimiles should be confirmed by telephone at 781-843-1833, extension 200. The Fund will accept only properly completed and executed Subscription Certificates actually received at any of the addresses listed below, prior to 5:00 p.m., Eastern time, on the Expiration Date or by the close of business on the third business day after the Expiration Date following timely receipt of a Notice of Guaranteed Delivery.

METHOD FOR EXERCISING RIGHTS

Rights are evidenced by Subscription Certificates that, except as described below under "Foreign Shareholders," will be mailed promptly following the Record Date to Record Date Shareholders or, if a shareholder's Shares are held by Cede or any other depository or nominee on their behalf, to Cede or such depository or nominee. Rights may be exercised by completing and signing the Subscription Certificate that accompanies this Prospectus and mailing it in the envelope provided, or otherwise delivering the completed and signed Subscription Certificate to the Subscription Agent, together with payment in full for the Shares to be purchased at the Estimated Subscription Price by the Expiration Date. Rights may also be exercised by contacting your broker, bank or trust company which can arrange, on your behalf, to guarantee delivery of payment and delivery of a properly completed and executed Subscription Certificate pursuant to a Notice of Guaranteed Delivery by the close of business on the third business day after the Expiration Date. A fee may be charged by the broker, bank or trust company for this service. Completed Subscription Certificates must be received by the Subscription Agent prior to 5:00 p.m., Eastern time, on the Expiration Date at one of the addresses set forth above (unless the guaranteed delivery procedures are complied with as described below under "Payment for

- 25 -

Shares"). Exercising Rights Holders will have no right to rescind their subscriptions after receipt of their payment for Shares by the Subscription Agent.

SHAREHOLDERS WHO ARE RECORD OWNERS

Shareholders who are record owners can choose between two options to exercise their Rights as described below under "Payment for Shares." If time is of the essence, option (2) under "Payment for Shares" below will permit delivery of the Subscription Certificate and payment after the Expiration Date, provided that a Notice of Guaranteed Delivery from a financial institution meeting certain requirements has been received by the Subscription Agent prior to 5:00 p.m., Eastern time, on the Expiration Date, as described below.

SHAREHOLDERS WHOSE SHARES ARE HELD BY A NOMINEE

Shareholders whose Shares are held by a nominee, such as a bank, broker or trustee, must contact that nominee to exercise their Rights. In such case, the nominee will complete the Subscription Certificate on behalf of the shareholder and arrange for proper payment by one of the methods described below under "Payment for Shares."

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

NOMINEES

Nominees who hold Shares for the account of others should notify the beneficial owners of such Shares as soon as possible to ascertain such beneficial owners' intentions and to obtain instructions with respect to the Rights. If the beneficial owner so instructs, the nominee should complete the Subscription Certificate and submit it to the Subscription Agent with the proper payment as described below under "Payment for Shares."

PAYMENT FOR SHARES

Shareholders who wish to acquire Shares pursuant to the Offering may choose between the following methods of payment:

1. An Exercising Rights Holder may send the Subscription Certificate together with payment (based on Estimated Subscription Price) for the Shares subscribed for in the Primary Subscription and any additional Shares subscribed for pursuant to the Over-Subscription Privilege to the Subscription Agent. A subscription will be accepted when payment, together with a properly completed and executed Subscription Certificate, is received by the Subscription Agent's office at one of the addresses set forth above no later than 5:00 p.m., Eastern time, on the Expiration Date. The Subscription Agent will deposit all checks and money orders received by it for the purchase of Shares into a segregated interest-bearing account (the interest from which will accrue to the benefit of the Fund) pending proration and distribution of Shares. A PAYMENT PURSUANT TO THIS METHOD MUST BE IN U.S. DOLLARS BY MONEY ORDER OR CHECK DRAWN ON A BANK OR BRANCH LOCATED IN THE UNITED STATES, MUST BE PAYABLE TO RENAISSANCE CAPITAL GROWTH & INCOME FUND III, INC. AND MUST ACCOMPANY A PROPERLY COMPLETED AND EXECUTED SUBSCRIPTION CERTIFICATE FOR SUCH SUBSCRIPTION CERTIFICATE TO BE ACCEPTED. EXERCISE BY THIS METHOD IS SUBJECT TO ACTUAL COLLECTION OF

- 26 -

CHECKS BY 5:00 P.M., EASTERN TIME, ON THE EXPIRATION DATE. BECAUSE UNCERTIFIED PERSONAL CHECKS MAY TAKE AT LEAST FIVE BUSINESS DAYS TO CLEAR, SHAREHOLDERS ARE STRONGLY URGED TO PAY, OR ARRANGE FOR PAYMENT, BY MEANS OF A CERTIFIED OR CASHIER'S CHECK OR MONEY ORDER.

2. Alternatively, an Exercising Rights Holder may acquire Shares, and a subscription will be accepted by the Subscription Agent if, prior to 5:00 p.m., Eastern time, on the Expiration Date, the Subscription Agent has received a Notice of Guaranteed Delivery by facsimile (teletype) or otherwise FROM A FINANCIAL INSTITUTION THAT IS A MEMBER OF THE SECURITIES TRANSFER AGENTS MEDALLION PROGRAM, THE STOCK EXCHANGE MEDALLION PROGRAM OR THE NEW YORK STOCK EXCHANGE MEDALLION SIGNATURE PROGRAM guaranteeing delivery of (i) payment of the Estimated Subscription Price for the Shares subscribed for in the Primary Subscription and any additional Shares subscribed for pursuant to the Over-Subscription Privilege, (ii) payment in full of any additional amount required to be paid if the actual Subscription Price is in excess of the Estimated Subscription Price, and (iii) a properly completed and executed Subscription Certificate. The Subscription Agent will not honor a Notice of Guaranteed Delivery unless a properly completed and executed Subscription Certificate and full payment for the Shares based on the Estimated Subscription Price is received by the Subscription Agent by the close of business on the third business day after the Expiration Date.

On a date within eight business days following the Expiration Date (the

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

"Confirmation Date"), the Subscription Agent will send to each Exercising Rights Holder (or, if Shares are held by Cede or any other depository or nominee, to Cede or such other depository or nominee) a confirmation showing (i) the number of Shares purchased pursuant to the Primary Subscription, (ii) the number of Shares, if any, acquired pursuant to the Over-Subscription Privilege, (iii) any excess to be refunded by the Fund to such Exercising Rights Holder as a result of payment for Shares pursuant to the Over-Subscription Privilege which the Exercising Rights Holder is not acquiring, and (iv) any additional amount payable by such Exercising Rights Holder to the Fund or any excess to be refunded by the Fund to such Exercising Rights Holder, in each case, based on the actual Subscription Price as determined on the Expiration Date. Any additional payment required from Exercising Rights Holders must be received by the Subscription Agent within seven business days after the Confirmation Date. Any excess payment to be refunded by the Fund to an Exercising Rights Holder will be mailed by the Subscription Agent as promptly as practicable. All payments by an Exercising Rights Holder must be in U.S. dollars by money order or check drawn on a bank or branch located in the United States and payable to RENAISSANCE CAPITAL GROWTH & INCOME FUND III, INC.

WHICHEVER OF THE TWO METHODS DESCRIBED ABOVE IS USED, ISSUANCE OF THE SHARES PURCHASED IS SUBJECT TO COLLECTION OF CHECKS AND ACTUAL PAYMENT. IF A HOLDER OF RIGHTS WHO SUBSCRIBES FOR SHARES PURSUANT TO THE PRIMARY SUBSCRIPTION OR OVER-SUBSCRIPTION PRIVILEGE DOES NOT MAKE PAYMENT OF ANY AMOUNTS DUE BY THE TENTH BUSINESS DAY AFTER THE CONFIRMATION DATE, THE SUBSCRIPTION AGENT RESERVES

- 27 -

THE RIGHT TO TAKE ANY OR ALL OF THE FOLLOWING ACTIONS: (i) FIND OTHER EXERCISING RIGHTS HOLDERS TO PURCHASE SUCH SUBSCRIBED AND UNPAID SHARES; (ii) APPLY ANY PAYMENT ACTUALLY RECEIVED BY IT TOWARD THE PURCHASE OF THE GREATEST WHOLE NUMBER OF SHARES WHICH COULD BE ACQUIRED BY SUCH HOLDER UPON EXERCISE OF THE PRIMARY SUBSCRIPTION AND/OR OVER-SUBSCRIPTION PRIVILEGE; AND/OR (iii) EXERCISE ANY AND ALL OTHER RIGHTS OR REMEDIES TO WHICH IT MAY BE ENTITLED INCLUDING, WITHOUT LIMITATION, THE RIGHT TO SET OFF AGAINST PAYMENTS ACTUALLY RECEIVED BY IT WITH RESPECT TO SUCH SUBSCRIBED SHARES.

THE METHOD OF DELIVERY OF SUBSCRIPTION CERTIFICATES AND PAYMENT OF THE SUBSCRIPTION PRICE TO THE FUND WILL BE AT THE ELECTION AND RISK OF THE EXERCISING RIGHTS HOLDERS, BUT IF SENT BY MAIL IT IS RECOMMENDED THAT SUCH CERTIFICATES AND PAYMENTS BE SENT BY REGISTERED MAIL, PROPERLY INSURED, WITH RETURN RECEIPT REQUESTED, AND THAT A SUFFICIENT NUMBER OF DAYS BE ALLOWED TO ENSURE DELIVERY TO THE SUBSCRIPTION AGENT AND CLEARANCE OF PAYMENT PRIOR TO 5:00 P.M., EASTERN TIME, ON THE EXPIRATION DATE. BECAUSE UNCERTIFIED PERSONAL CHECKS MAY TAKE AT LEAST FIVE BUSINESS DAYS TO CLEAR, YOU ARE STRONGLY URGED TO PAY, OR ARRANGE FOR PAYMENT, BY MEANS OF CERTIFIED OR CASHIER'S CHECK OR MONEY ORDER.

All questions concerning the timeliness, validity, form and eligibility of any exercise of Rights will be determined by the Fund, whose determinations will be final and binding. The Fund in its sole discretion may waive any defect or irregularity, or permit a defect or irregularity to be corrected within such time as it may determine, or reject the purported exercise of any Right. Subscriptions will not be deemed to have been received or accepted until all irregularities have been waived or cured within such time as the Subscription Agent determines in its sole discretion.

The Subscription Agent will not be under any duty to give notification of any defect or irregularity in connection with the submission of Subscription Certificates or incur any liability for failure to give such notification.

EXERCISING RIGHTS HOLDERS WILL HAVE NO RIGHT TO RESCIND THEIR SUBSCRIPTION AFTER RECEIPT OF THEIR PAYMENT FOR SHARES BY THE SUBSCRIPTION AGENT, EXCEPT AS

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

PROVIDED BELOW UNDER "NOTICE OF NET ASSET VALUE DECLINE."

SALE OF RIGHTS

The Rights are transferable until the Expiration Date. The Rights will be listed for trading on the Nasdaq National Market under the symbol "RENNR." The Fund will use its best efforts to ensure that an adequate trading market for the Rights will exist, although no assurance can be given that a market for the Rights will develop. It is anticipated that the Rights will trade on the Nasdaq National Market on a when-issued basis commencing on or about _____, _____ until approximately _____, _____ and on a regular way basis thereafter until

- 28 -

and including _____, _____, the last business day prior to the Expiration Date.

SALES THROUGH SUBSCRIPTION AGENT

Record Date Shareholders who do not wish to exercise any or all of their Rights may instruct the Subscription Agent to sell any unexercised Rights. Subscription Certificates representing the Rights to be sold must be received by the Subscription Agent on or before _____, 2003 (or if the Offering is extended, by two business days prior to the Expiration Date). Upon the timely receipt by the Subscription Agent of appropriate instructions to sell Rights, the Subscription Agent will use its best efforts to complete the sale and will remit the proceeds of sale, net of commissions, to the selling Record Date Shareholder. Any commissions on sales of Rights will be paid by the selling Record Date Shareholder. If the Rights can be sold, sales of such Rights will be deemed to have been effected at the volume-weighted average price received by the Subscription Agent on the day such Rights are sold. The Subscription Agent will also attempt to sell all Rights which remain unclaimed as a result of Subscription Certificates being returned by the postal authorities to the Subscription Agent as undeliverable as of the fourth business day prior to the Expiration Date. Such sales will be made, net of commissions, on behalf of the nonclaiming Record Date Shareholders. The Subscription Agent will hold the proceeds from those sales for the benefit of such nonclaiming Record Date Shareholders, until such proceeds are either claimed or escheated. There can be no assurance that the Subscription Agent will be able to complete the sale of any such Rights, and neither the Fund nor the Subscription Agent has guaranteed any minimum sales price for the Rights.

OTHER TRANSFERS

The Rights will be evidenced by a Subscription Certificate and may be transferred in whole by endorsing the Subscription Certificate for transfer in accordance with the accompanying instructions. A portion of the Rights evidenced by a single Subscription Certificate (but not fractional Rights) may be transferred by delivering to the Subscription Agent a Subscription Certificate properly endorsed for transfer, with instructions to register such portion of the Rights evidenced thereby in the name of the transferee and to issue a new Subscription Certificate to the transferee evidencing such transferred Rights. In such event, a new Subscription Certificate evidencing the balance of the Rights, if any, will be issued to the holder thereof or, if the holder thereof so instructs, to an additional transferee. The signature on the Subscription Certificate must correspond with the name as written upon the face of the Subscription Certificate in every particular, without alteration or enlargement, or any change whatsoever. A signature guarantee must be provided by an eligible financial institution as defined in Rule 17Ad-15 of the Securities Exchange Act of 1934, as amended (the "1934 Act"), subject to the standards and procedures adopted by the Fund.

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

Record Date Shareholders wishing to transfer all or a portion of their Rights should allow at least five business days for (i) the transfer instructions to be received and processed by the Subscription Agent; (ii) a new Subscription Certificate to be issued and transmitted to the transferee or transferees with respect to transferred Rights, and to the transferor with respect to retained Rights, if any; and (iii) the Rights evidenced by such new Subscription Certificate to be exercised or sold by the recipients thereof. Neither the Fund nor the Subscription Agent shall have any liability to a

- 29 -

transferee or transferor of Rights if Subscription Certificates are not received in time for exercise or sale prior to the Expiration Date.

Except for the fees charged by the Subscription Agent (which will be paid by the Fund), all commissions, fees and other expenses (including brokerage commissions and transfer taxes) incurred or charged in connection with the purchase, sale or exercise of Rights will be for the account of the transferor of the Rights, and none of such commissions, fees or expenses will be paid by the Fund or the Subscription Agent.

The Fund anticipates that the Rights will be eligible for transfer or exercise through the DTC PSOP function and that the exercise of the Primary Subscription and the Over-Subscription Privilege may be effected through the same facility (Rights exercised through DTC are referred to as "DTC Exercised Rights"). Holders of DTC Exercised Rights may exercise the Over-Subscription Privilege in respect of such DTC Exercised Rights by delivering their instructions to the Subscription Agent via the PSOP function, at or prior to 5:00 p.m., Eastern time, on the Expiration Date, with payment of the Estimated Subscription Price for the number of Shares for which the Over-Subscription Privilege is to be exercised.

DELIVERY OF SHARE CERTIFICATES

Except as described herein, certificates representing Shares acquired in the Primary Subscription and representing Shares acquired pursuant to the Over-Subscription Privilege will be mailed promptly after the Expiration Date once full payment for such Shares has been received and cleared. Participants in the Fund's Dividend Reinvestment Plan (the "Plan") will have any Shares acquired in the Primary Subscription and pursuant to the Over-Subscription Privilege credited to their shareholder dividend reinvestment accounts in the Plan. Participants in the Plan wishing to exercise Rights for the Shares held in their accounts in the Plan must exercise such Rights in accordance with the procedures set forth above. Shareholders whose Shares are held of record by Cede or by any other depository or nominee on their behalf or their broker-dealer's behalf will have any Shares acquired in the Primary Subscription credited to the account of Cede or such other depository or nominee. Shares acquired pursuant to the Over-Subscription Privilege will be certificated and certificates representing such Shares will be sent directly to Cede or such other depository or nominee. Stock certificates will not be issued for Shares credited to the Plan accounts.

FOREIGN SHAREHOLDERS

SUBSCRIPTION CERTIFICATES WILL NOT BE MAILED TO RECORD DATE SHAREHOLDERS WHOSE RECORD ADDRESSES ARE OUTSIDE THE UNITED STATES (the term "United States" includes the states, the District of Columbia, and the territories and possessions of the United States) ("Foreign Record Date Shareholders"). Each Foreign Record Date Shareholder will be sent written notice of the Offering, provided that such provision of notice is consistent with the laws of the jurisdiction to which such notice is to be sent. The Rights to which such

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

Subscription Certificates relate will be held by the Subscription Agent for such Foreign Record Date Shareholders' accounts until instructions are received to exercise or sell the Rights. If no instructions have been received by 5:00 p.m., Eastern time, on _____, 2003, which is three business days prior to the Expiration Date, the Rights of those Foreign Record Date Shareholders will be transferred by the Subscription Agent, who will either purchase the Rights or

- 30 -

use its best efforts to sell the Rights. The net proceeds, if any, from the sale of those Rights by the Subscription Agent will be remitted to Foreign Record Date Shareholders.

FEDERAL INCOME TAX CONSEQUENCES OF THE OFFERING

The U.S. federal income tax consequences to holders of Shares with respect to the Offering will be as follows:

- o The distribution of Rights to Record Date Shareholders will not result in taxable income to them, nor will they realize taxable income as a result of the exercise of the Rights. No loss will be realized if Rights expire without being exercised.
- o The basis of a Right to a Record Date Shareholder who exercises or sells the Right is expected to be zero, since the Right's fair market value on the distribution date is expected to be less than 15% of the fair market value on that date of the Shares with regard to which it is issued (unless the holder elects with respect to all Rights received, by filing a statement with his or her timely filed federal income tax return for the year in which the Rights are received, to allocate the basis of the Share between the Right and the Share based on their respective fair market values on that date). The basis of a Right to a Record Date Shareholder who allows the Right to expire will be zero, and the basis to anyone who purchases a Right in the market will be its purchase price.
- o An Exercising Rights Holder's basis for determining gain or loss on the sale of a Share acquired on the exercise of Rights will be equal to the sum of the Record Date Shareholder's basis in the Rights, if any, plus the Subscription Price per Share. An Exercising Rights Holder's gain or loss recognized on the sale or exchange of such a Share will be capital gain or loss if the Share was then held as a capital asset and will be long-term capital gain or loss if the Share was held for more than one year.

The Fund is required to withhold and remit to the U.S. Treasury 31% of reportable payments paid on an account if its holder provides the Fund with either an incorrect taxpayer identification number or no number at all or fails to certify that he or she is not subject to such withholding.

The foregoing is only a general summary of the material U.S. federal income tax consequences of the Offering under the Code, and Treasury regulations presently in effect that are generally applicable to (1) Record Date Shareholders that are "United States persons" within the meaning of the Code and (2) any other Record Date Shareholder that would be subject to U.S. federal income tax on the sale or exchange of the Shares acquired on exercise of the Rights, and does not cover foreign, state or local taxes. The Code and those regulations are subject to change by legislative or administrative action, which may be retroactive. Record Date Shareholders and Exercising Rights Holders should consult their tax advisers regarding specific questions as to federal, state, local or foreign taxes. See "Federal Income Tax Considerations."

- 31 -

NOTICE OF NET ASSET VALUE DECLINE

The Fund has, as required by the Commission's registration form, undertaken to suspend the Offering until it amends this Prospectus if, subsequent to the effective date of this Registration Statement, the Fund's net asset value declines more than 10% from its net asset value as of that date. In such event, the Expiration Date would be extended, and the Fund would notify Exercising Rights Holders of any such decline and thereby permit them to cancel their exercise of Rights.

EMPLOYEE PLAN CONSIDERATIONS

Shareholders that are on tax-deferral arrangements, such as plans qualified under Code section 401(a) (including corporate savings plans, 401(k) plans, and Keogh plans of self-employed individuals), individual retirement accounts under Code section 408(a) ("IRAs"), Roth IRAs under Code section 408A, and custodial accounts under Code section 403(b) (collectively, "Retirement Plans"), should be aware that additional contributions of cash to a Retirement Plan (other than permitted rollover contributions or trustee-to-trustee transfers from another Retirement Plan) in order to exercise Rights, when taken together with contributions previously made, may result in, among other things, excise taxes for excess or nondeductible contributions or the Retirement Plan's loss of its tax-favored status. Furthermore, the sale or transfer of Rights may be treated as a distribution or result in other adverse tax consequences. In the case of Retirement Plans qualified under Code section 401(a) and certain other Retirement Plans, additional cash contributions could cause the maximum contribution limitations of Code section 415 or other qualification rules to be violated.

Retirement Plans and other tax-exempt entities, including governmental plans, should also be aware that if they borrow in order to finance their exercise of Rights, they may become subject to the tax on unrelated business taxable income ("UBTI") under Code section 511. If any portion of an IRA or a Roth IRA is used as security for a loan, the portion so used is also treated as distributed to the IRA or Roth IRA owner, which may result in current income taxation and penalty taxes.

The Employee Retirement Income Security Act of 1974, as amended ("ERISA"), contains fiduciary responsibility requirements, and ERISA and the Code contain prohibited transaction rules that may apply to the exercise of Rights by Retirement Plans. Retirement Plans that are not subject to ERISA (such as governmental plans) may be subject to state law restrictions that could affect the decision to exercise or transfer Rights. Due to the complexity of these rules and the penalties for noncompliance, shareholders that are on Retirement Plans should consult with their counsel and other advisers regarding the consequences of their exercise of Rights under ERISA, the Code, and, where applicable, state law.

USE OF PROCEEDS

Assuming all Shares offered hereby are sold at the Estimated Subscription Price of \$____ per Share, the net proceeds of the Offering are estimated to be \$_____ after payment of the estimated Offering expenses. These expenses will be borne by the Fund and will reduce the net asset value of the Fund's shares. The Fund anticipates that proceeds of the Offering will be used, in accordance with the Fund's investment objective, to make new investments primarily in

- 32 -

emerging growth public companies. The Fund anticipates that substantially all of the proceeds of the Offering will be invested within two years. The Fund intends that, pending investment, the proceeds of the Offering will be invested in cash and cash equivalents.

THE FUND

GENERAL

Renaissance Capital Growth & Income Fund III, Inc., is a non-diversified, closed-end fund that has elected to be treated as a Business Development Company under the Investment Company Act of 1940, as amended. The Fund, a Texas corporation, was organized in 1994 and commenced operations in 1995.

The investment objective of the Fund is to provide its shareholders with current income and long-term capital appreciation by investing primarily in privately-placed convertible and equity securities of emerging growth public companies.

The Fund seeks to provide returns to shareholders through cash dividends of net investment income and through distributions of realized gains or of securities that have appreciated in value. Pursuant to its annual distribution policy, the Fund currently pays to its shareholders a minimum annual distribution of \$0.40, payable quarterly. The Fund has paid a total of \$7.96 per share in cash to its shareholders since inception in 1995 through September 30, 2003.

RENN Group serves as the investment adviser to the Fund. In this capacity, RENN Group is primarily responsible for the selection, evaluation, structure, valuation, and administration of the Fund's investment portfolio. RENN Group is a registered investment adviser under the 1940 Act.

Generally, investments are and will continue to be in companies that have their common stock registered for public trading under the 1934 Act, or companies that in the opinion of the Investment Adviser have the ability to effect a public offering within three to five years. The Fund generally invests in privately placed preferred stock or debentures of a portfolio company, which securities typically are convertible into or exchangeable for common stock of the portfolio company. While such common stock of the portfolio company may be publicly traded, the common stock acquired by the Fund is often unregistered. Therefore, such securities are restricted from distribution or sale to the public except in compliance with certain holding periods and exemptions under the 1933 Act, or after registration pursuant to the Securities Act. The Fund also purchases shares of small and micro cap issuers in the secondary markets. These shares are freely tradable and have no restrictions on resale.

From inception through December 31, 2002, the Fund had made investments in forty-six (46) different portfolio companies having an aggregate cost of \$69,445,007. The Fund had active investments in 27 portfolio companies at September 30, 2003. The Fund does not focus on particular industry segments. Instead, the Fund makes investment decisions using a bottoms-up analysis of the potential portfolio company, with no predetermined industry bias.

Under the provisions of the 1940 Act, a Business Development Company is required to invest 70% or more of its funds in "eligible portfolio investments," defined generally as direct placements to "eligible portfolio companies" and

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

temporary investments in "cash items" pending other investments. Under and pursuant to the provisions of the 1940 Act, a Business Development Company may invest up to 30% of its funds in "Other Investments," or "non-eligible investments," that is, investments that do not qualify as "eligible portfolio investments." In the event the Fund has less than 70% of its assets in "eligible portfolio investments," then it will be prohibited from making non-eligible investments until such time as the percentage of eligible investments again exceeds the 70% threshold.

Pending investment in convertible securities of eligible portfolio companies or other investments as provided under the 1940 Act, the Registrant's funds are invested in "Short-term Investments" consisting primarily of cash or U.S. Government and agency obligations.

At June 30, 2003, the Fund's investment assets were classified by amount as follows:

CLASSIFICATION	VALUE	PERCENTAGE OF ASSETS
Eligible Portfolio Investments (including cash and cash equivalents)	\$72,630,907	85.10%
Other Portfolio Investments	\$12,712,533 -----	14.90% -----
	\$85,343,440 =====	100.00% =====

REGULATION UNDER THE INVESTMENT COMPANY ACT OF 1940

The 1940 Act was enacted to regulate investment companies. In 1980, the 1940 Act was amended by the adoption of the Small Business Investment Incentive Act. The purpose of the amendment was to remove regulatory burdens on professionally managed investment companies engaged in providing capital to smaller companies. The Small Business Investment Incentive Act established a new type of investment company specifically identified as a Business Development Company as a way to encourage financial institutions and other major investors to provide a new source of capital for small developing businesses.

BUSINESS DEVELOPMENT COMPANY

A Business Development Company ("BDC") is a closed-end management company that generally makes 70% or more of its investments in "eligible portfolio companies" and "cash items" pending other investment. Under the regulations established by the Securities and Exchange Commission (the "SEC") under the 1940 Act, only certain companies may qualify as "eligible portfolio companies." To be an "eligible portfolio company," the Company must satisfy the following:

- o it must be organized under the laws of, and has its principal place of business in, any state or states;
- o is neither an investment company as defined in Section 3 (other than a small business investment company which is licensed by the Small Business Administration to operate under the Small Business Investment Act of 1958 and which is a wholly-owned subsidiary of the business

development company) nor a company which would be an investment company except for the exclusion from the definition of investment

company in Section 3(c); and

- o satisfies one of the following:
 - a. it does not have any class of securities with respect to which a member of a national securities exchange, broker, or dealer may extend or maintain credit to or for a customer pursuant to rules or regulations adopted by the Board of Governors of the Federal Reserve System under Section 7 of the Securities Exchange Act of 1934;
 - b. it is controlled by a business development company, either alone or as part of a group acting together, and such business development company in fact exercises a controlling influence over the management or policies of such eligible portfolio company and, as a result of such control, has an affiliated person who is a director of such eligible portfolio company;
 - c. it has total assets of not more than \$4,000,000, and capital and surplus (shareholders' equity less retained earnings) of not less than \$2,000,000, except that the Commission may adjust such amounts by rule, regulation, or order to reflect changes in one or more generally accepted indices or other indicators for small businesses; or
 - d. it meets such other criteria as the Commission may, by rule, establish as consistent with the public interest, the protection of investors, and the purposes fairly intended by the policy and provisions of this title.

Therefore, the Investment Adviser believes that "eligible portfolio companies" are, generally, those companies that, while being publicly held, may not have or do not have a broad based market for their securities, or the securities that they wish to offer are restricted from public trading until registered. Further, while the 1940 Act allows a BDC to "control" a portfolio company, it is not the general policy of the Fund to acquire a controlling position in its portfolio companies. The Fund only provides managerial assistance, and in certain circumstances seeks to limit its "control" position by contracting for the right to have a designee of the Fund be elected to the board of directors of the portfolio company, or be selected an advisory director. While these are the Fund's general policies, the application of these policies, of necessity, vary with each investment situation.

1940 ACT REQUIREMENTS

The BDC election exempts the Fund from some provisions of the 1940 Act. However, except for those specific provisions, the Fund will continue to be subject to all provisions of the 1940 Act not exempted, including the following:

- o restrictions on the Fund from changing the nature of business so as to cease to be, or to withdraw its election as, a BDC without the majority vote of the shares outstanding;
- 35 -
- o restrictions against certain transactions between the Fund and affiliated persons;
 - o restrictions on issuance of senior securities, such not being prohibited by the 1940 Act but being restricted as a percentage of capital;

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

- o compliance with accounting rules and conditions as established by the SEC, including annual audits by independent accountants;
- o compliance with fiduciary obligations imposed under the 1940 Act; and
- o requirement that the shareholders ratify the selection of the Fund's independent public accountants and the approval of the investment advisory agreement or similar contracts and amendments thereto.

INVESTMENT ADVISERS ACT OF 1940 AND THE INVESTMENT ADVISORY AGREEMENT

RENN Group is the investment adviser to the Fund pursuant to the Investment Advisory Agreement, as amended (the "Investment Advisory Agreement"). RENN Group is registered as an investment adviser under the Advisers Act and is subject to the reporting and other requirements thereof. The Advisers Act also provides restrictions on the activities of registered advisers to protect its clients from manipulative or deceptive practices and restricts performance compensation.

The Investment Advisory Agreement provides that RENN Group is entitled to receive a management fee equal to a quarterly rate of 0.4375% (1.75% annually) of the Fund's Net Assets, as determined at the end of such quarter with each such payment to be due as of the last day of the calendar quarter. In addition to the quarterly management fee of 0.4375% of the Fund's net assets, RENN Group is entitled to receive an incentive fee (the "incentive fee") in an amount equal to 20% of the Fund's realized capital gains in excess of realized capital losses of the Fund after allowance for any unrealized capital losses in excess of unrealized capital gains on the portfolio investments of the Fund. The incentive fee is calculated, accrued, and paid on a quarterly basis.

Investment advisory agreements are further subject to the 1940 Act, which requires that the agreement, in addition to having to be initially ratified by a majority of the outstanding shares, shall precisely describe all compensation to be paid, shall be approved annually by a majority vote of the Board of Directors, may be terminated without penalty on not more than 60 days notice by a vote of a majority of the outstanding shares, and shall terminate automatically in the event of assignment. The Board of Directors has determined that the Investment Advisory Agreement shall constitute the Fund's advisory agreement and at all times be construed so as to comply with the Advisers Act and the 1940 Act.

OTHER INVESTMENT FUNDS

RENN Group currently serves as the Investment Manager to RUSGIT. RUSGIT is a public limited company registered in the United Kingdom and listed on the London Stock Exchange, which invests in privately placed convertible securities issued by companies similar to the investments of the Fund. RUSGIT will be eligible to invest pari-passu with the Fund on all relevant terms, except that

- 36 -

amounts may differ. In 1996, RUSGIT raised net capital of approximately \$30,789,000.

RENN Group also serves as the Investment Adviser to BFSUS and is specifically responsible for managing the Growth Portfolio for BFSUS ("BFS Growth"). BFSUS is a public limited company registered in the United Kingdom and listed on the London Stock Exchange. BFS Growth invests in publicly traded equities, fixed-income and convertible securities of publicly traded issuers, and also invests in privately placed convertible instruments issued by companies similar to the investments of the Fund. For privately placed investments, BFS

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

Growth will be eligible to invest on a pari-passu basis with the Fund as to all relevant terms of the investment, except that amounts invested may differ. In 2001, BFSUS raised net investment capital of approximately \$140,711,000, of which \$83,555,000 was allocated to BFS Growth.

In addition, RENN Group may, from time to time, provide investment advisory services, management consulting services and investment banking services to other clients. The determination regarding the existence of conflict of interest between these affiliated investment funds and the Registrant, and the resolution of any such conflict, vests in the discretion of the Board of Directors, subject to the requirements and resolution of the 1940 Act.

CO-INVESTMENTS WITH ADVISOR AFFILIATED FUNDS

In accordance with the conditions of an exemptive order of the Commission permitting co-investments (the "Co-investment Order"), many of the Fund's acquisitions and dispositions of investments are made in participation with its Advisor Affiliated Funds.

The Co-investment Order provides that the Adviser will review investment opportunities on behalf of the Fund, including investments being considered on behalf of its Advisor Affiliated Funds. If the Adviser determines that any such investment, other than marketable securities, is an eligible co-investment opportunity, the Fund must be offered the opportunity to invest in such investment in an amount recommended by the Adviser. Securities purchased by the Fund in a co-investment transaction with Advisor Affiliated Funds will consist of the same class of securities and will have the same rights, price, terms and conditions. Any such co-investment transaction must be approved by the Fund's Board of Directors, including a majority of its independent directors. The Fund will not make any direct investment in the securities of any issuers in which the Advisor Affiliated Funds, but not the Fund, has previously made a private placement, except for follow-on investments which meet the same requirements. To the extent that the amount of a follow-on investment opportunity is not based on the amount of the Fund's and the Advisor Affiliated Funds' initial investments, the relative amount of investment by the Advisor Affiliated Funds and the Fund will be based on the ratio of the Fund's remaining funds available for investment to the aggregate of the Fund's and the Advisor Affiliated Funds' remaining funds available for investment. The Co-investment Order also provides that the Fund will have the opportunity to dispose of any securities in which the Fund and the Advisor Affiliated Funds have invested at the same price, terms and conditions. The Fund will participate in any such disposition to the extent that a majority of its independent directors believe it is in its best interest. The Fund will bear no more than its own transaction costs.

LEGAL PROCEEDINGS

There are no legal proceedings currently pending against the Fund.

PERSONNEL

The Fund has no direct employees, but instead has contracted RENN Group pursuant to the Investment Advisory Agreement to provide all management and operating activities. RENN Group currently has eight employees who are engaged in performing the duties and functions required by the Fund. At the present time, a substantial portion of RENN Group's staff time is devoted to activities of the Fund. However, because of the diversity of skills required, the Fund cannot afford to employ all these persons solely for its own needs, and therefore, these employees are not engaged solely in activities of the Fund.

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

PROPERTIES

The Fund's business activities are conducted from the offices of RENN Group, which offices are currently leased until July 31, 2005, in a multi-story general office building in Dallas, Texas. The use of such office facilities, including office furniture, phone services, computer equipment and files are provided by RENN Group at its expense pursuant to the Investment Advisory Agreement.

INVESTMENT OBJECTIVES

GENERAL

The Fund has elected the special income tax treatment available to a regulated investment company ("RIC") under Subchapter M of the Code in order to be relieved of federal income tax on that part of its net investment income and realized capital gains that it pays out to shareholders. If a RIC meets certain diversification and distribution requirements under the Code, it qualifies for pass-through tax treatment. The Fund would be unable to qualify for pass-through tax treatment if it were unable to comply with these requirements. Failure to qualify as a RIC would subject the Fund to federal income tax as if the Fund were an ordinary corporation, which could result in a substantial reduction in both the Fund's net assets and the amount of income available for distributions to shareholders.

GENERAL INVESTMENT POLICIES

The Fund invests primarily in emerging growth public companies that are generally not available to the public and which typically require substantial financial commitment. An emerging growth company is generally considered to have the following attributes: (1) either a publicly held company with a relatively small market capitalization or a privately held company; (2) an established operating history but of a limited period so as to not have fully developed its market potential for the products or services offered; and (3) a provider of a new or unique product or service that allows the company an opportunity for exceptional growth. Emerging growth companies typically require non-conventional sources of financing because the extent and nature of the market for their products or services is not fully known. Consequently, there is uncertainty as to the rate and extent of growth and also uncertainty as to the capital and human resources required to achieve the goals sought.

- 38 -

With respect to investments in emerging growth companies, the Fund emphasizes investing in convertible debentures or convertible preferred stock of publicly held companies that the Fund anticipates will be converted into common stock and registered for public sale within three to five years after the private placement. In addition, the Fund will invest in privately placed common stock of publicly traded issuers which are initially restricted from trading. To a lesser extent, the Fund may participate in bridge financings in the form of loans or other preferred securities which are convertible into common stock of the issuer or issued together with equity participation, or both, for companies which the Fund anticipates will complete a stock offering or other financing within one or more years from the date of the investment. The Fund may also make bridge loans, either secured or unsecured, intended to carry the borrower to a private placement or an initial public offering, or to a merger, acquisition, or other strategic transaction.

Generally, investments in portfolio companies will have an initial fixed term of 5 to 7 years, with no amortization of the principal amount for 2 to 3 years. Further, investments in portfolio companies will be individually

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

negotiated, non-registered for public trading, and will be subject to legal and contractual investment restrictions. Accordingly, the portfolio investment will generally be considered non-liquid.

The Fund has no fixed policy concerning the types of businesses or industry groups in which it may invest or as to the amount of funds that it will invest in any one issuer. However, the Fund will generally attempt to limit its investment in securities of any single portfolio company to approximately 15% of its net assets at the time of the investment. At December 31, 2002, none of the Fund's portfolio companies represented 15% or more of net assets.

In the event the Fund elects to participate as a member of the portfolio company's Board of Directors, either through advisory or full membership, the Fund's nominee to the board will generally be selected from among the officers of RENN Group. When, at the discretion of RENN Group, a suitable nominee is not available from among its officers, RENN Group will select, as alternate nominees, outside consultants who have prior experience as an independent outside director of a public company. Presently, officers of the Fund serve as directors of 9 portfolio companies. The Fund makes available significant managerial assistance to its portfolio companies through participation in discussions with management and review of various management reports.

Although the Fund has no intent to change its current investment objectives, they may be changed without a vote of the holders of a majority of the Fund's Common Stock.

VALUATION OF INVESTMENTS

On a quarterly basis, RENN Group prepares a valuation of the assets of the Fund subject to the approval of the Board of Directors. The valuation principles are described below.

Generally, the guiding principle for valuation is application of objective standards. The objective standards for determining market prices and applying valuation methodologies govern in all situations except where a debt issuer is in default.

Generally, the fair value of debt securities and preferred securities convertible into common stock is the sum of (a) the value of such securities without regard to the conversion feature, and (b) the value, if any, of the conversion feature. The fair value of debt securities without regard to conversion features is determined on the basis of the terms of the debt security, and the financial condition of the issuer. The fair value of preferred securities without regard to conversion features is determined on the basis of the terms of the preferred security, and its liquidation and redemption rights and absent special circumstances will typically be equal to the lower of cost or 120% of the value of the underlying common stock. The fair value of the conversion features of a security, if any, are based on fair values as of the relevant date less an allowance, as appropriate, for costs of registration, if any, and selling expenses.

Portfolio investments for which market quotations are readily available and which are freely transferable are valued as follows: (i) securities traded on a securities exchange or the Nasdaq or in the over-the-counter market are valued at the closing price on, or the last trading day prior to, the date of valuation and (ii) securities traded in the over-the-counter market that do not have a closing price on, or the last trading day prior to, the date of valuation are valued at the volume-weighted average of the closing bid and ask price for the last trading day on, or prior to, the date of valuation. Securities for which market quotations are readily available but are restricted from free trading in the public securities markets (such as Rule 144 stock) are valued by discounting the value for the last trading day on, or prior to, the date of valuation to reflect the liquidity caused by such restriction, but taking into consideration the existence, or lack thereof, of any contractual right to have the securities registered and freed from such trading restrictions.

Because there is no independent and objective pricing authority (i.e. a public market) for investments in privately held entities, the latest sale of equity securities governs the value of the enterprise. This valuation method causes the Fund's initial investment in the private entity to be valued at cost. Thereafter, new issuances of equity or equity-linked securities by a portfolio company will be used to determine enterprise value as they will provide the most objective and independent basis for determining the worth of the issuer.

- 47 -

Where a portfolio company is in default on a debt instrument held by the Fund, and no market exists for that instrument, the fair value for the investment is determined on the basis of appraisal procedures established in good faith by the Investment Adviser. This type of fair value determination is based upon numerous factors such as the portfolio company's earnings and net worth, market prices for comparative investments (similar securities in the market place), the terms of the Fund's investment, and a detailed assessment of the portfolio company's future financial prospects. In the event of unsuccessful

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

operations by a portfolio company, the appraisal may be based upon an estimated net realizable value when that investment is liquidated.

RENN GROUP. RENN Group provides investment advisory services to the Fund pursuant to the Investment Advisory Agreement. The Agreement is subject to annual review and approval by the Fund's Board of Directors. RENN Group is also the Investment Manager of BFS US and RUSGIT, closed-end investment trusts listed on the London Stock Exchange. RENN Group is a registered investment adviser under the 1940 Act, and is subject to the reporting and other requirements of the 1940 Act. RENN Group and its officers and employees devote such time to the Fund's business as is necessary for the conduct of its operations. Pursuant to the Agreement, RENN Group is entitled to receive a management fee equal to a quarterly rate of 0.4375% (1.75% annually) of the Fund's net assets, as determined at the end of such quarter with each such payment to be due on the last day of the calendar quarter. Since RENN Group's management fee is based on a percentage of the Fund's net assets, increasing the Fund's net assets through the Offering will increase the dollar amount of the management fees paid to RENN Group. In addition to the quarterly fee of 0.4375% of the Fund's net assets, RENN Group is entitled to receive an incentive fee in an amount equal to 20% of the Fund's realized capital gains in excess of realized capital losses of the Fund after allowance for any unrealized capital losses in excess of unrealized

- 52 -

capital gains on the portfolio investments of the Fund. The incentive fee is calculated, accrued, and paid on a quarterly basis. In 2002, the Fund paid RENN Group \$860,834 as its management fee and \$0 as its incentive fee. For the nine months ended September 30, 2003, the Fund paid RENN Group \$_____ as its management fee and \$_____ as its incentive fee. The Fund also received director's fees from portfolio companies with respect to Mr. Cleveland's and Mr. Pearson's services as a director. Neither RENN Group nor its affiliates are prohibited from engaging in activities outside the Fund's business. Officers and employees of RENN Group are compensated solely by RENN Group. Russell Cleveland and Barbe Butschek own 80% and 20%, respectively, of the Common Stock of RENN Group. The sole director of RENN Group is Russell Cleveland.

FEDERAL INCOME TAX CONSIDERATIONS

FEDERAL INCOME TAX CONSEQUENCES OF THE OFFERING

The U.S. federal income tax consequences to holders of Common Stock with

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

respect to the Offering will generally be as follows:

- o The distribution of Rights to Record Date Shareholders will not result in taxable income to such holders nor will such holders realize taxable income as a result of the exercise of the Rights.
- o The basis of a Right will be (a) to a holder of Common Stock to whom it is issued and who exercises or sells the Right is expected to be zero, since the fair market value of the Right immediately after issuance is expected to be less than 15% of the fair market value of the Common Stock with regard to which it is issued (unless the holder elects, by filing a statement with his timely filed income tax return for the year in which the Rights are received, to allocate the basis of the Common Stock between the Right and the Common Stock based on their respective fair market values immediately after the Right is issued); (b) to a holder of Common Stock to whom it is issued and who allows the Right to expire, zero; and (c) to anyone who purchases a Right in the market, the purchase price for a Right.
- o The holding period of a Right received by a Record Date Shareholder includes the holding period of the Common Stock with regard to which the Right is issued.
- o Any gain or loss on the sale of a Right will be treated as a capital gain or loss if the Right is a capital asset in the hands of the seller. Such a capital gain or loss will be long-term or short-term, depending on whether the Right has been held for more than one year, after giving effect to the rule set forth in paragraph 3 above. A Right issued with regard to Common Stock will be a capital asset in the hands of the person to whom it is issued if the Common Stock was a capital asset in the hands of that person. If a Right is allowed to expire, there will be no loss realized unless the Right had been acquired by purchase, in which case there will be a loss equal to the basis in the Right.
- o If the Right is exercised by the Record Date Shareholder, the basis of the Common Stock received will include the basis, if any, allocated to the Right and the amount paid upon exercise of the Right.

- 54 -

- o If the Right is exercised, the holding period of the Common Stock acquired begins on the date the Right is exercised.

The foregoing is only a summary of applicable federal income tax laws and does not include any state or local tax consequences of the Offering. Holders of Rights should consult their own tax advisors concerning the tax consequences of the Offering.

TAXATION OF THE FUND

The Fund has elected to be, and qualifies for treatment as, a RIC under Subchapter M of the Code. To qualify, the Fund must, among other things, (a) derive at least 90% of its gross income each taxable year from dividends, interest, payments with respect to securities loans and gains from the sale or other disposition of securities or foreign currencies, or other income (including gains from options or futures contracts) derived from its business of investing in securities or those currencies ("Income Requirement"); and (b) diversify its holdings so that, at the end of each quarter of its taxable year, (i) at least 50% of the value of its total assets is represented by cash, U.S. Government securities, securities of other RICs and other securities, with such

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

other securities limited for purposes of this calculation, in respect of any one issuer, to an amount that does not exceed 5% of the value of its assets and that does not represent more than 10% of the issuer's outstanding voting securities and (ii) not more than 25% of the value of its total assets is invested in the securities (other than U.S. Government securities or the securities of other RICs) of any one issuer, or two or more issuers which the Fund controls and which are determined to be engaged in the same or similar trades or businesses or related trades or businesses.

For each taxable year that the Fund qualifies as a RIC, it is not subject to federal income tax on that part of its investment company taxable income (consisting generally of net investment income, net short-term capital gain and net realized gains from certain foreign currency transactions) and net capital gain (the excess of net long-term capital gain over net short-term capital loss) that it distributes to its shareholders, if it distributes at least 90% of its investment company taxable income for that year ("Distribution Requirement"). The Fund intends to satisfy the Distribution Requirement each taxable year.

The Fund has historically distributed all of investment company taxable income and realized net capital gain annually. However, the Fund will be subject under current tax rates to a federal income tax at a maximum effective rate of 35% on any undistributed investment company taxable income and net capital gain. In addition, if the Board of Directors determines for any taxable year to retain all or a portion of the Fund's net capital gain (as opposed to its investment company taxable income), that decision will not affect the Fund's ability to qualify as a RIC but (as already noted) will subject the Fund under current tax rates to a maximum effective tax rate of 35% of the amount retained. In that event, the Fund expects to designate the retained amount as undistributed net capital gains in a notice to its shareholders, who (i) will be required to include in their gross income their proportionate share of such undistributed net capital gain ("grossed-up" to include their share of the tax paid by the Fund with respect to such undistributed net capital gain) as long-term capital gains and (ii) will be entitled to a credit or refund, as the case may be, for their proportionate share of the tax so paid by the Fund. For federal income tax purposes, the adjusted tax basis of Shares owned by a Fund shareholder will be increased by an amount equal to the difference between the amount of undistributed net capital gains (including his proportionate share of the tax

- 55 -

paid by the Fund on such undistributed net capital gains) included in the shareholder's gross income and his proportionate share of the tax paid by the Fund on such undistributed net capital gains that is deemed to have been paid by him.

Amounts not distributed on a timely basis in accordance with a calendar year distribution requirement are subject to a nondeductible 4% excise tax payable by the Fund. To avoid such excise tax, the Fund must distribute, or be deemed to have distributed, during each calendar year an amount equal to the sum of (i) at least 98% of its ordinary income for the calendar year, (ii) at least 98% of its capital gain net income (i.e., capital gains in excess of capital losses, adjusted for certain ordinary losses) for the twelve-month period ending on October 31 of the calendar year (unless the Fund elects to apply its taxable year in lieu of the one-year period ending on October 31 provided that such taxable year ends with the month of November or December) and (iii) all ordinary income and capital gain net income for the preceding calendar year that was not distributed during such preceding year. For this purpose, any ordinary income or gain retained by the Fund that is subject to corporate tax will be considered to have been distributed by year-end. The Fund intends to make sufficient distributions in accordance with the calendar year distribution requirements to avoid application of the excise tax. In addition, for this and certain other

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

purposes, a distribution will be treated as paid by the Fund and received by the shareholders on December 31 of a calendar year if it is declared by the Fund in that month of that year, payable to shareholders of record on a date in that month and paid by the Fund at any time through the end of the following January. Any such distribution thus will be taxable to shareholders in the year the distribution is declared, rather than the year in which the distribution is received.

TAXATION OF SHAREHOLDERS

OVERVIEW: Distributions paid to shareholders by the Fund from its ordinary income or from an excess of net short-term capital gains over net long-term capital losses ("Regular Dividends") will be taxable to shareholders as ordinary income to the extent of the Fund's earnings and profits. Distributions made to shareholders from an excess of net long-term capital gains over net short-term capital losses ("Capital Gains Dividends"), including undistributed net capital gain credited to a shareholder's account as described above, will be taxable to shareholders as long-term capital gain, regardless of the length of time a shareholder has held his Shares. Distributions in excess of the Fund's earnings and profits will first reduce the adjusted tax basis of a shareholder's Shares and, after such adjusted tax basis is reduced to zero, will constitute either short-term or long-term capital gains (depending on a shareholder's holding period for his Shares), assuming the Shares are held as capital assets.

Under the Jobs and Growth Tax Relief Reconciliation Act of 2003 ("JGTRRA"), special rules apply to Regular Dividends paid to individual shareholders. Such Regular Dividends, with respect to taxable years beginning on or after January 1, 2003 and ending on or before December 31, 2008, may be subject to tax at the rates generally applicable to long-term capital gains for individuals (which under the JGTRRA have been reduced to a maximum rate of 15% with respect to long-term capital gains recognized in taxable years ending on or after May 6, 2003 and before taxable years beginning after December 31, 2008), provided that the individual shareholder meets certain holding period requirements. The maximum long-term capital gains rate of 15% will generally apply to such portion of the Regular Dividends paid by the Fund to an individual shareholder in a

- 56 -

particular taxable year that is attributable to "qualified dividends" received by the Fund in that taxable year. For this purpose, "qualified dividends" means dividends received by the Fund from domestic corporations and qualifying foreign corporations, provided that the Fund satisfies certain holding period requirements in respect of the stock of such corporations. Generally, "qualified dividends" do not include dividends from a "real estate investment trust" (i.e., a "REIT"). In addition, in the case of securities lending transactions, payments in lieu of dividends will not constitute "qualifying dividends."

Corporate shareholders which are otherwise eligible to claim the dividends received deduction under section 243 of the Code can deduct 70% of such portion of a dividend as is received with respect to their Shares as represent their proportionate share of the eligible dividend income distributed by the Fund. Capital gains dividends do not qualify for the dividends received deduction under section 243 of the Code.

Generally, not later than 60 days after the close of its taxable year, the Fund will provide shareholders with written notice designating the amount of any Regular Dividends, Capital Gains Dividends and other distributions.

DIVIDEND REINVESTMENT PLAN: A participant in the Dividend Reinvestment Plan who receives a distribution that is reinvested in Shares is treated as having received a taxable distribution and has a basis for those Shares equal to their

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

fair market value on the distribution date. Shareholders will be notified annually as to the federal income tax status of distributions to them. Investors should be careful to consider the tax implications of buying Shares just prior to a distribution. The price of Shares purchased at that time may reflect the amount of the forthcoming distribution. Those purchasing just prior to the Record Date for a distribution will receive the distribution, which nevertheless will be taxable to them.

SALE OF SHARES: On a sale of Shares, a shareholder will realize taxable gain or loss depending upon the amount realized on the sale and the shareholder's basis for the Shares. That gain or loss will be treated as capital gain or loss if the shareholder held the Shares as capital assets and will be long-term capital gain or loss if the Shares were held for more than one year. Any such loss will be disallowed to the extent the Shares that were disposed of are replaced (such as pursuant to the Dividend Reinvestment Plan) within a period of 61 days beginning 30 days before and ending 30 days after the date of disposition. In such a case, the basis of the acquired Shares will be adjusted to reflect the disallowed loss. Any loss realized by a shareholder on the sale of Shares held for six months or less will be treated as long-term, instead of short-term, capital loss to the extent of any capital gain distributions received by the shareholder on those Shares or any undistributed capital gains.

PARTIAL EXCLUSION FOR GAIN FROM CERTAIN SMALL BUSINESS STOCK (PORTFOLIO COMPANIES)

Section 1202 of the Code provides for a partial exclusion of long-term capital gains received by the Fund's shareholders (other than a C corporation) on the sale by the Fund of certain "qualified small business stock" if certain conditions are met, provided that:

- o All eligibility requirements for "qualified small-business stock" are met;
- o The stock was held by the Fund for more than five years;

- 57 -

- o The shareholder held its interest in the Fund on the date the Fund acquired the stock and at all times after and before the disposition of the stock; and
- o A shareholder's gain received from the Fund did not exceed his or its interest in the Fund at the time the Fund acquired the stock.

Shareholders will be notified of any distributions made from long-term capital gains of the Fund which potentially qualify for the partial exclusion.

BACKUP WITHHOLDING

The Fund is required to withhold federal income tax at the rate of 31% on all dividends, capital gain distributions and repurchase proceeds payable to any individuals and certain other noncorporate shareholders who fail to provide the Fund with certain information, including their correct taxpayer identification number, or who otherwise (with respect to dividends and capital gain distributions) are subject to backup withholding under section 3406 of the Code. Any amount withheld under the backup withholding provisions may be credited against a shareholder's U.S. federal income tax liability.

FOREIGN WITHHOLDING TAXES IMPOSED ON THE FUND

Income received by the Fund from sources within foreign countries, and

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

gains realized on foreign securities, may be subject to withholding and other taxes imposed by such countries, which would reduce the Fund's yield and/or total return. Tax conventions between certain countries and the United States may reduce or eliminate such taxes, and many foreign countries do not impose taxes on capital gains from investments by foreign investors. It is impossible to determine the rate of foreign tax in advance, because the amount of the Fund's assets to be invested in various countries is not known. If more than 50% of the value of the Fund's assets at the close of its taxable year does not consist of stock or securities in foreign corporations, the Fund would not be entitled to elect to "pass through" to its shareholders the amount of foreign taxes it paid, so that such shareholders may claim a credit for such foreign taxes against their U.S. federal income tax liability, subject to applicable limitations.

FOREIGN SHAREHOLDERS OF THE FUND

Regular Dividends distributed by the Fund to non-U.S. shareholders (which generally would include non-resident alien individuals, foreign trusts and estates, foreign corporations, and foreign partnerships, in each case as defined in section 7701 of the Code) will be subject to U.S. withholding taxes imposed at a flat rate of 30%, unless either (i) such non-U.S. shareholder is entitled to an exemption from, or reduced rate of, withholding under an applicable income tax treaty, or (ii) such Regular Dividends constitute income "effectively connected" with the conduct of a trade or business within the United States (or, if required under an applicable income tax treaty, are attributable to the conduct of a trade or business carried on within the United States through a "permanent establishment") in respect of which the non-U.S. shareholder will be subject to U.S. federal income taxes on its net income at applicable graduated rates. In order to claim an exemption from, or reduced rate of, withholding under an applicable income tax treaty with respect to Regular Dividends not subject to U.S. income tax on a net income basis, a non-U.S. shareholder will be required to furnish generally a U.S. Internal Revenue Service ("IRS") Form W-8

- 58 -

BEN, and such other information and documentation as is required under the instructions to the Form W-8 BEN and applicable regulations prescribed by the IRS, at the times and in the manner set forth therein. In the case of Regular Dividends that are "effectively connected" with conduct of a trade or business within the U.S. (or, if required under an applicable income tax treaty, are attributable to a trade or business carried on within the U.S. through a "permanent establishment"), a non-U.S. shareholder in order to demonstrate its exemption from withholding taxes will be required to provide an IRS Form W-8 ECI, and such other information and documentation as is required under the instructions to the Form W-8 ECI and applicable regulations prescribed by the IRS, at the times and in the manner set forth therein. In addition, by providing an applicable Form W-8, a non-U.S. shareholder identifies himself as being a foreign rather than a U.S. person and, therefore, exempt from backup withholding discussed above.

Non-U.S. shareholders will not be subject either to U.S. federal income taxes or withholding taxes in respect of Capital Gains Dividends, or gains on the sale or exchange of their Shares, unless either (i) such gain is "effectively connected" with the conduct of a U.S. trade or business, or (ii) in the case of an individual, such non-U.S. shareholder is present in the U.S. for 183 days or more during the taxable year.

OTHER TAX CONSIDERATIONS

The foregoing is only a summary of some of the important federal tax considerations affecting the Fund and its shareholders. Distributions may also

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

be subject to state, local and foreign taxes, depending on each shareholder's particular situation. Prospective shareholders thus are advised to consult their own tax advisers with respect to the particular tax consequences to them of an investment in the Fund.

DESCRIPTION OF COMMON STOCK

GENERAL

(1) TITLE OF CLASS	(2) AMOUNT AUTHORIZED	(3) AMOUNT HELD BY REGISTRANT OR FOR ITS ACCOUNT	(4) AMOUNT OUTSTANDING EXCLUSIVE OF AMOUNT SHOWN UNDER (3)
Common Stock, \$1.00 par Value	20,000,000	-0-	4,351,718 as of September 30, 2003

COMMON STOCK

The holders of Common Stock are entitled to one vote per share on all matters submitted for action by the shareholders. There is no provision for cumulative voting rights with respect to the election of directors. Accordingly, the holders of more than 50% of the shares of Common Stock can, if they choose to do so, elect all of the directors. In such event, the holders of the remaining shares will not be able to elect any directors. The holders of shares of Common Stock are entitled to receive dividends, when, as and if declared by the Board of Directors, out of funds legally available therefor. In the event of liquidation, dissolution or winding up of the Fund, the holders of Common Stock are entitled to share ratably in all assets remaining available for distribution

- 59 -

to them after payment of liabilities and after provision has been made for each class of stock, if any, having preference over the Common Stock. Holders of shares of Common Stock, as such, have no conversion, preemptive or other subscription rights, and there are no redemption provisions applicable to the Common Stock. All of the outstanding shares of Common Stock are, and the shares of Common Stock offered hereby, when issued against the consideration set forth in this Prospectus, will be, fully-paid and non-assessable.

ANTI-TAKEOVER PROVISIONS OF THE BYLAWS

The Fund's Bylaws contain certain provisions (commonly referred to as "anti-takeover" provisions) which may have the effect of limiting the ability of other entities or persons to acquire control of the Fund, to cause it to engage in certain transactions or to modify its structure.

The Board of Directors is classified into three classes, each with a term of three years with only one class of directors standing for election in any one year. Consequently, changing a majority of the directors would require up to a two-year period. Having a classified Board of Directors, which may be regarded as an "anti-takeover" provision, may make it more difficult for shareholders to change the majority of directors and thus have the effect of maintaining the continuity of management. Further, directors may be removed from office only for cause by vote of at least 66 2/3% of the shares of capital stock entitled to vote on the matter. The Bylaws provide that an affirmative vote of at least 66 2/3% of the Directors or of the shares of capital stock entitled to vote on the matter is required to amend the Bylaws to change any of the foregoing

provisions.

The percentage votes required under these provisions which are greater than the minimum requirements under Texas law or the 1940 Act will make more difficult a change in the Fund's business or management and may have the effect of depriving shareholders of an opportunity to sell shares at a premium over prevailing market prices by discouraging a third party from seeking to obtain control of the Fund in a tender offer or other acquisition.

ANNUAL MEETINGS

The Fund holds annual meetings of shareholders for the election of directors and other matters.

CUSTODIAN, TRANSFER AGENT, DIVIDEND DISBURSING AGENT AND REGISTRAR

The Fund's investment securities and cash are held by The Frost National Bank, 8201 Preston Road, Dallas, Texas 75225, as custodian.

American Stock Transfer & Trust Co. serves as the Plan Agent, the dividend disbursing agent of the Fund and the transfer agent and registrar for the Rights and the Shares.

EXPERTS

The financial statements of the Fund at December 31, 2002 and 2001, and for each of the three years in the period ended December 31, 2002, appearing in this Prospectus and Registration Statement have been audited by Ernst & Young LLP,

RENAISSANCE CAPITAL GROWTH & INCOME FUND III, INC.

REPORT OF INDEPENDENT AUDITORS

The Board of Directors and Stockholders
Renaissance Capital Growth & Income Fund III, Inc.

We have audited the accompanying statements of assets and liabilities of Renaissance Capital Growth & Income Fund III, Inc., including the schedules of investments, as of December 31, 2002 and 2001, and the related statements of operations, changes in net assets, and cash flows for the years ended December 31, 2002, 2001, and 2000. These financial statements are the responsibility of

Edgar Filing: RENAISSANCE CAPITAL GROWTH & INCOME FUND III INC - Form N-2

the Fund's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of December 31, 2002, by correspondence with the custodian and broker. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Renaissance Capital Growth & Income Fund III, Inc. as of December 31, 2002 and 2001, and the results of its operations, changes in its net assets, and its cash flows for the years ended December 31, 2002, 2001, and 2000, in conformity with accounting principles generally accepted in the United States.

Notes to Financial Statements

June 30, 2003, December 31, 2002, 2001 and 2000

(1) ORGANIZATION AND BUSINESS PURPOSE

Renaissance Capital Growth & Income Fund III, Inc. (the Fund), is a non-diversified, closed-end fund that has elected to be treated as a Business Development Company under the Investment Company Act of 1940, as amended (1940 Act). The Fund, a Texas corporation, was organized in 1994 and commenced operations in 1995. The investment objective of the Fund is to provide its shareholders with current income and long-term capital appreciation by investing primarily in privately-placed convertible and equity securities of emerging growth public companies (portfolio companies). The Fund's investment adviser is RENN Capital Group, Inc. (Investment Adviser).

(2) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(a) VALUATION OF INVESTMENTS

Portfolio investments are stated at quoted market or fair value as determined by the Investment Adviser (note 6). The securities held by the Fund are primarily unregistered and their value does not necessarily represent the amounts that may be realized from their immediate sale or disposition.

(b) OTHER

The Fund follows industry practice and records security transactions on the trade date. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on the accrual basis.

(c) CASH AND CASH EQUIVALENTS

The Fund considers all highly liquid debt instruments with original maturities of three months or less to be cash equivalents.

(d) FEDERAL INCOME TAXES

The Fund has elected the special income tax treatment available to "regulated investment companies" ("RIC") under Subchapter M of the Internal Revenue Code (IRC) in order to be relieved of federal income tax on that part of its net investment income and realized capital gains that it pays out to its shareholders. The Fund's policy is to comply with the requirements of the IRC that are applicable to regulated investment companies. Such requirements include, but are not limited to certain qualifying income tests, asset diversification tests and distribution of substantially all of the Fund's taxable investment income to its shareholders. It is the intent of management to comply with all IRC requirements as they pertain to a RIC. Failure to qualify as a RIC would subject the Fund to federal income tax as if the Fund were an ordinary corporation. This could result in a substantial reduction in the Fund's net assets as well as the amount of income available for distribution to shareholders.

Therefore, no federal income tax provision is included in the accompanying financial statements.

Notes to Financial Statements (continued)

June 30, 2003, December 31, 2002, 2001 and 2000

(e) NET INCOME PER SHARE

Net income per share is based on the weighted average of shares outstanding of 4,351,718 at June 30, 2003, 4,359,748 during 2002, 4,361,618 during 2001, and 4,253,475 during 2000.

(f) USE OF ESTIMATES

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions as to the valuation of investments that effect the amounts and disclosures in the financial statements. Actual results could differ from these estimates.

(3) DUE TO BROKER

The Fund conducts business with a broker for its investment activities. The clearing and depository operations for the investment activities are performed pursuant to agreements with this broker. Due to broker represents a margin loan payable to the broker, which is secured by investments in securities maintained with the broker. Cash and cash equivalents related to the margin loan payable are held by the broker as collateral for the margin loan. The Fund is subject to credit risk to the extent the broker is unable to deliver cash balances or securities, or clear security transactions on exposure to the broker and believes the likelihood of loss under those circumstances is remote.

(4) MANAGEMENT AND INCENTIVE FEES

The Investment Adviser for the Fund is registered as an investment adviser under the Investment Advisers Act of 1940. Pursuant to an Investment Advisory Agreement (the Agreement), the Investment Adviser performs certain services, including certain management, investment advisory and administrative services necessary for the operation of the Fund. In addition, under the Agreement, the Investment Adviser is reimbursed by the Fund for certain administrative expenses. A summary of fees and reimbursements paid by the Fund under the Agreement, the Prospectus and the original offering document are as follows:

- o The Investment Adviser receives a management fee equal to a quarterly rate of 0.4375% (1.75% annually) of the Fund's Net Assets, as determined at the end of such quarter with each such payment to be due as of the last day of the calendar quarter. The Fund incurred \$386,878, \$860,834, \$912,544 and \$1,056,483, for the periods ended June 30, 2003, and December 31, 2002, 2001 and 2000, respectively, for such management fees. Amounts payable for such fees at June 30, 2003, December 31, 2002 and 2001 were \$223,901, \$191,651 and \$239,560, respectively, and are included in Accounts payable - affiliate on the statements of assets and liabilities.
- o The Investment Adviser receives an incentive fee in an amount equal to 20% of the Fund's realized capital gains in excess of realized capital losses of the Fund after allowance for any unrealized capital losses in excess of unrealized capital gains on the portfolio investments of the Fund. The incentive fee is calculated, accrued and paid on a quarterly basis. The Fund incurred \$196,260, \$0, \$919,429 and \$1,611,135, during the periods ended June 30, 2003, and December 31, 2002, 2001 and 2000, respectively, for such incentive fees. The amount payable for such fees at June 30, 2003 was \$30,097 and is included in Accounts payable - affiliate on the statements of assets and

liabilities.

(4) MANAGEMENT AND INCENTIVE FEES (CONTINUED)

- o The Investment Adviser was reimbursed by the Fund for administrative expenses paid by the Investment Adviser on behalf of the Fund. Such reimbursements were \$49,279, \$83,443, \$117,894 and \$101,929, for the periods ended June 30, 2003, and December 31, 2002, 2001 and 2000, respectively, and are included in general and administrative expenses in the accompanying statements of operations.

(5) ELIGIBLE PORTFOLIO COMPANIES AND INVESTMENTS

(a) ELIGIBLE PORTFOLIO COMPANIES

The Fund invests primarily in convertible securities and equity investments of companies that qualify as eligible portfolio companies as defined in Section 2(a)(46) of the 1940 Act or in securities that otherwise qualify for investment as permitted in Section 55(a)(1) through (5). Under the provisions of the 1940 Act at least 70% of the Fund's assets, as defined under the 1940 Act, must be invested in eligible portfolio companies. In the event the Fund has less than 70% of its assets in eligible portfolio investments, then it will be prohibited from making non-eligible investments until such time as the percentage of eligible investments again exceeds the 70% threshold.

(b) INVESTMENTS

Investments are carried in the statements of assets and liabilities as of June 30, 2003, December 31, 2002, 2001 and 2000, at fair value, as determined in good faith by the Investment Adviser. The convertible debt securities held by the Fund generally have maturities between five and seven years and are convertible into the common stock of the issuer at a set conversion price at the discretion of the Fund. The common stock underlying these securities is generally unregistered and thinly to moderately traded, but is not otherwise restricted. Generally, the Fund may register and sell such securities at any time with the Fund paying the costs of registration. Interest on convertible securities is generally payable monthly. The convertible debt securities generally contain embedded call options giving the issuer the right to call the underlying issue. In these instances, the Fund has the right of redemption or conversion. The embedded call option will generally not vest until certain conditions are achieved by the issuer. Such conditions may require that minimum thresholds be met relating to underlying market prices, liquidity, and other factors.

(6) VALUATION OF INVESTMENTS

On a quarterly basis, RENN Group prepares a valuation of the assets of the Fund subject to the approval of the Board of Directors. The valuation principles are as follows:

- o Generally, the guiding principle for valuation is the application of objective standards. The objective standards for determining market prices and applying valuation methodologies will govern in all situations except where a debt issuer is in default.
- o Generally, the fair value of debt securities and preferred securities convertible into common stock is the sum of (a) the value of such securities without regard to the conversion feature, and (b) the value, if any, of the conversion feature. The fair value of debt securities without regard to conversion features is determined on the basis of the terms of the debt security, the interest yield, and the

(6) VALUATION OF INVESTMENTS (CONTINUED)

financial condition of the issuer. The fair value of preferred securities without regard to conversion features is determined on the basis of the terms of the preferred security, its dividend, and its liquidation and redemption rights and absent special circumstances will typically be equal to the lower of cost or 120% of the value of the underlying common stock. The fair value of the conversion features of a security, if any, are based on fair values of the derivative securities as of the relevant date less an allowance, as appropriate, for costs of registration, if any, and selling expenses.

- o Portfolio investments for which market quotations are readily available and which are freely transferable are valued as follows: (i) securities traded on a securities exchange or the Nasdaq or in the over-the-counter market are valued at the closing price on, or the last trading day prior to, the date of valuation, and (ii) securities traded in the over-the-counter market that do not have a closing price on, or the last trading day prior to, the date of valuation are valued at the weighted average of the closing bid and ask price for the last trading day on, or prior to, the date of valuation. Securities for which market quotations are readily available but are restricted from free trading in the public securities markets (such as Rule 144 stock) are valued by discounting the value for the last trading day on, or prior to, the date of valuation to reflect the liquidity caused by such restriction, but taking into consideration the existence, or lack thereof, of any contractual right to have the securities registered and freed from such trading restrictions.
- o Because there is no independent and objective pricing authority (i.e. a public market) for investments in privately held entities, the latest sale of equity securities by the entity governs the value of the enterprise. This valuation method causes the Fund's initial investment in the private entity to be valued at cost. Thereafter, new issuances of equity or equity-linked securities by a portfolio company will be used to determine enterprise value as they will provide the most objective and independent basis for determining the worth of the issuer.

There can be no assurance that stated market fair values for private equities will stay constant, or that future equity raises will value the portfolio company at levels equal to or greater than the prior equity financing for the issuer. As a result, the Fund's valuation of a privately held portfolio company may be subject to downward adjustment that would directly impact the Fund's net asset value and which could result in a substantial reduction in the fund's net assets.

- o Where a portfolio company is in default on a debt instrument held by the Fund, and no market exists for that instrument, the fair value for the investment is determined on the basis of appraisal procedures established in good faith by the Investment Adviser. This type of fair value determination is based upon numerous factors such as the portfolio company's earnings and net worth, market prices for comparative investments (similar securities in the market place), the terms of the Fund's investment, and a detailed assessment of the portfolio company's future financial prospects. In the event of unsuccessful operations by a portfolio company, the appraisal may be based upon an estimated net realizable value when that investment is liquidated

As of June 30, 2003, and December 31, 2002 and 2001, the net unrealized appreciation associated with investments held by the Fund was \$15,041,337, \$6,540,900, and \$14,746,533 respectively.

(7) RESTRICTED SECURITIES

As indicated on the statements of investments as of June 30, 2003, December 31, 2002 and 2001, the Fund holds investments in shares of common stock, the sale of which is restricted. These securities have been valued by the Investment Adviser after considering certain pertinent factors relevant to the individual securities (note 6).

(8) PURCHASE OF ADDITIONAL SHARES

In accordance with Fund guidelines, certain shareholders reinvested their dividends in the Fund, purchasing 218,676 Fund shares issued directly by the Fund in 2000. The Fund issued no shares in 2003, 2002 or 2001 under the dividend reinvestment plan.

(9) DISTRIBUTIONS TO SHAREHOLDERS

The tax character of distributions paid by the Fund were as follows:

2003 -- Not determinable until year-end	\$ 870,344 (through June 30)
2002 -- Tax return of capital	\$ 435,172
2001 -- Capital gains dividends	\$2,355,274

There were no undistributed earnings on a federal tax basis at the end of both 2002 and 2001. The Capital loss carry over of \$3,429,593 will expire on 2010. The tax cost of securities is identical to the book cost.
