DARDEN ISSUES OPEN LETTER TO SHAREHOLDERS

Reviews Darden's New Slate of Independent Director Nominees and
Highlights Risks Associated With the Full Board Turnover that Starboard Is Seeking

ORLANDO, Fla., – September 4, 2014 – Darden Restaurants, Inc. (NYSE: DRI) today issued the following open letter to shareholders:

Dear Darden Shareholder:

We are writing to you today regarding Darden's upcoming 2014 Annual Meeting of Shareholders, which will be held on October 10, 2014. At this meeting, you will be asked to make important decisions regarding the Company's Board of Directors that will impact Darden and your investment in the Company. We urge you to consider the following.

SUBSTANTIAL AND POSITIVE CHANGE IS UNDERWAY.

WE HAVE BEGUN A SEARCH FOR A NEW CHIEF EXECUTIVE OFFICER.

**WE HAVE RECONSTITUTED DARDEN'S INDEPENDENT BOARD SLATE,
WITH 8 OF 12 INDEPENDENT DIRECTORS NEW THIS YEAR.**

As you are aware, Starboard Value L.P. and its affiliates ("Starboard") are seeking to take effective control of the Company by replacing all 12 of Darden's directors with its own nominees at the Annual Meeting.

The composition of your Board is something we take seriously; the experience and expertise of your directors have been, and will continue to be, drivers of the Company's success. We also value our shareholders' views. Thus, we have been speaking directly with many Darden shareholders to hear first-hand what they think about the future leadership of your company.

We understand that while many shareholders recognize Darden's record of long-term performance and value creation, they are also disappointed with the Company's recent performance. In addition, we appreciate that while many of our shareholders believe in the importance of having a board and leadership team who have a deep understanding of the Company and its strategic shifts over time, they also believe that Darden would benefit from new perspectives. We also recognize that many Darden shareholders have concerns about the risks and destabilization that would result from a full Board turnover and giving control to a single shareholder's nominees, particularly given the positive momentum we are achieving across our brands, including Olive Garden®.

The Darden Board is committed to looking at the Company with a fresh perspective and recently announced a new slate that aligns with that priority. It is a slate that includes four new, highly qualified independent nominees unaffiliated with the Company or Starboard, all of who have served as CEOs of major companies; four returning director nominees, all of who are committed to the positive change Darden is undertaking and to working constructively with the other members of the reconstituted Board; and four seats to be filled by candidates proposed by Starboard. Under this reconstituted Board, eight of Darden's 12 independent directors would be new to the Board this year. We encourage you to read the additional details about Darden's director nominees and their qualifications at the end of this letter.

Following the upcoming Annual Meeting, the Board will elect a new independent Board chair and will also reconstitute all of the Board's committees, continuing the full revamp of Darden's corporate governance structure.

Darden's new slate, together with the previous announcement that Darden has initiated a search for a new Chief Executive Officer, is significant and meaningful change to the leadership of your company. This change is consistent with what we believe is in the best interest of all Darden shareholders, and it is consistent with our record of taking action to best position Darden for continued improvement and success.

DARDEN HAS ALSO MADE CHANGES TO EXECUTIVE COMPENSATION AND INCENTIVE PROGRAMS TO BETTER ALIGN WITH SHAREHOLDER INTERESTS.

As part of the changes to our strategic direction that we announced last year (prior to Starboard's involvement), the Board and its independent Compensation Committee, following consultation with shareholders, significantly amended compensation and incentives for senior management to more directly emphasize same-restaurant-sales growth and free cash flow and create further alignment with shareholder priorities. We are pleased that these changes have been well received by our shareholders and industry analysts since we announced them in December¹:

“Senior management's compensation/incentive programs are being refined to focus on same-store sales growth and the generation of free cash flows. We believe this is positive as incentives should be more aligned with those of shareholders.” (Sterne Agee, 19-December-2013)

“Darden has made the strategic decision to realign management compensation to be more correlated with comp growth and free cash growth, versus sales and EPS growth previously. Comp growth correlation will hold management accountable for near-term performance while free cash flow growth over time will align compensation with the long-term success of the portfolio.” (Barclays, 19-December-2013)

“[W]e applaud management's recognition of the need for increased brand focus, changes to compensation, and overarching prioritization of FCF return vs. growth in what is now a mature industry” (J.P. Morgan, 20-December-2013)

OUR OPERATING INITIATIVES ARE DELIVERING RESULTS.
BRAND PERFORMANCE, INCLUDING AT OLIVE GARDEN, IS IMPROVING.

DARDEN'S NEW SLATE AVOIDS RISKS TO THIS PROGRESS AND AVOIDS THE DESTABILIZATION
THAT WOULD RESULT FROM THE FULL BOARD TURNOVER THAT STARBOARD IS SEEKING.

Darden's new slate provides shareholders with the benefits of new perspectives as well as continuity of experience and expertise. By providing seats for four of Starboard's nominees on the new Board, the Darden slate also provides Starboard with a meaningful opportunity to participate in the decisions regarding Darden's strategic direction, including the selection of the Company's next Chief Executive Officer.

Like many Darden shareholders, we are concerned that replacing the entire Darden Board, as Starboard is seeking to do, would create a void in constructive leadership that would be significantly destabilizing to the Company. Indeed, we believe that this disruption would come at the worst time given the early progress we are seeing on the Olive Garden Brand Renaissance, as recently reported, and the growth trajectory of our other brands, including LongHorn Steakhouse and the Specialty Restaurant brands, which include The Capital Grille®, Bahama Breeze®, Seasons 52®, Eddie V's® and Yard House®.

In our view, such immediate, wholesale change, as advocated by Starboard, ignores the risks associated with a Board that has no direct knowledge of Darden's current operations and the substantial actions underway to improve performance. Given the positive momentum we are achieving in Darden's operations, we believe it would be detrimental to your company and the value of your investment to delay the actions we are taking so that an entirely new Board could get up to speed.

Darden's foundation is our people – over 150,000 in number – and the ability of our team to provide the service and quality our guests expect. Our Board is concerned that creating a climate of uncertainty regarding the Company's leadership and strategic direction – which we believe would be the case if all of Darden's directors were removed – would rattle this foundation, disrupt our ability to continue executing on our goals and ultimately negatively impact our guests.

In recognition of the significant risks associated with a full turnover of Darden's Board that Starboard is seeking, as well as the distraction and costs associated with Starboard's proxy contest, we have made numerous attempts to reach an agreement with Starboard that would enable us to avoid this proxy contest.

However, Starboard has, to date, rejected the proposals we have made. We are disappointed that rather than work with us to achieve a mutually acceptable resolution that serves the interests of all Darden shareholders, Starboard remains set on pursuing its costly and disruptive proxy contest to take control of your company. In doing so, Starboard appears to be putting its interests ahead of your own. By attempting to replace all 12 members of Darden's Board with its own preferred nominees, Starboard is seeking effective control of the Company – representation which is disproportionate to Starboard's approximate 8.8% stake in Darden and which does not offer Darden shareholders a control premium for such change in control.

NEW SLATE PROVIDES FRESH PERSPECTIVES AND CONTINUITY OF EXPERIENCE FROM HIGHLY QUALIFIED INDEPENDENT NOMINEES.

Darden's slate of director nominees includes highly qualified individuals to support the development, oversight and execution of Darden's operating and brand initiatives, including the turnaround of Olive Garden and the brand renaissance plan.

The Company's four new independent nominees, all of whom are current or former Chief Executive Officers, strengthen Darden's slate with additional international restaurant, franchise, consumer, real estate and operations expertise.

Three of these new independent nominees – Gregory L. Burns, Steve Odland and Enrique Silva – were first identified through a process that began in January 2014 in the context of identifying highly qualified independent director candidates in the event that Darden spun-off Red Lobster into a standalone publicly traded company with its own Board of Directors. As part of that process, Mr. Burns was first identified by Darden's independent auditor, Mr. Odland by an independent non-management director, and Mr. Silva by a former executive officer of one of the Company's brands. Spencer Stuart, a leading director and executive search and recruiting firm, was hired in March 2014 to evaluate the director nominees. The fourth new independent nominee, Jeffery H. Fox, was identified to the Board by an outside advisor to the Board. Each of the nominees for election at the Annual Meeting was recommended by the Nominating and Corporate Governance Committee of Darden's Board.

These four new independent nominees will complement Darden's four returning directors, who provide important and deep understanding of Darden's operations and the shifts in industry and consumer trends over time. By joining this knowledge base with the fresh ideas and new perspectives provided by the four new independent directors on our slate, we believe we can accelerate the progress we are making to improve performance across our brands and enhance shareholder value. Darden's returning directors are committed to bringing their knowledge of Darden to the reconstituted Board and look forward to working closely and constructively with all eight of Darden's new directors to realize these objectives.

All of Darden's nominees have proven records of value creation, and all bring skills and insights that we believe will help fortify Darden's position as a premier full-service restaurant company, including experience:

- Leading global consumer and retail companies with skill sets in operations, food service and restaurants, hospitality, consumer marketing/brand building, supply chain and distribution management, and consumer packaged goods;
- Developing and successfully executing significant corporate turnarounds through operational improvements, increased financial discipline and exiting of non-core businesses;
- Optimizing asset portfolios through franchising, real estate development, and mergers and acquisitions, with many of Darden's independent directors directly overseeing or guiding the strategic direction of substantial real estate portfolios;
- Serving as senior executive leaders at other publicly traded companies, including in the roles of Chairman, Chief Executive Officer, Chief Operating Officer, as well as serving in Board committee leadership roles and as individual directors; and
- Developing strategies and policies in other key areas, including technology, human resources, and corporate governance.

The leadership of these director nominees is complemented by Darden's deep management team, including Darden's President and Chief Operating Officer, Specialty Restaurant Group President and seven brand Presidents, who collectively have over 225 years of combined restaurant operations experience and a proven record in running restaurant operations at Darden and elsewhere.

WE HAVE TAKEN IMPORTANT STEPS TOWARDS A NEW, IMPROVED DARDEN.

Your company has revamped its governance and oversight structure with a Board that will include eight of 12 directors new this year and only four continuing directors. Your company has initiated a search for a new Chief Executive Officer, which will be overseen by the new Darden Board. Following this election, your company's Board will also have a brand new independent Chairman. This is real, meaningful and substantial change.

As one of the Company's largest shareholders, we support Starboard's representation on the Board, which is why we have provided one-third of the Board seats for Starboard's candidates. However, we caution shareholders not to overcompensate for the Company's recent performance by ceding total control to Starboard which is not paying shareholders a control premium.

This election will give shareholders the opportunity to pick the directors that shareholders believe will build long-lasting value by representing the interests of ALL Darden shareholders.

SUPPORT THE PROGRESS WE ARE MAKING.

SUPPORT A BALANCED SLATE THAT SERVES THE BEST INTEREST OF ALL
DARDEN SHAREHOLDERS.

Darden's director nominees are proven leaders in their respective fields with knowledge and expertise relevant to the needs of the business and the Company's strategies. With the addition of four new independent nominees unaffiliated with the Company or Starboard, and four nominees proposed by Starboard, Darden's slate also provides fresh perspectives and meaningful representation for Starboard. Together with a new Chief Executive Officer, the search for whom is underway, this is real change for your company.

We urge you to support this change and continued progress on Darden's operating priorities by rejecting Starboard's efforts to take control of Darden by replacing all 12 members of the Board with its own preferred nominees and without paying a control premium.

On behalf of Darden's Board of Directors, thank you for your continued support.

Sincerely,

/s/ Charles A. Ledsinger Jr.

Charles A. Ledsinger Jr.

Mr. Fox serves as non-executive Chairman of the Board of Convergys Corporation, a market-leading customer management company with \$3 billion in revenue, \$350 million in EBITDA, and 125,000 global employees. Prior to becoming Chairman, Mr. Fox served as President and Chief Executive Officer of Convergys and led the Company's transformation from a multi-line business services supplier into a market leader in the customer management business. This transformation involved divesting approximately \$900 million of non-core assets while improving the operating performance of the core customer management business. Mr. Fox first joined Convergys as a director in February 2009 in connection with an agreement with Convergys' then largest shareholder, JANA Partners LLC.

Prior to joining Convergys, Mr. Fox founded the investment and advisory firm Circumference Group. Prior to Alltel, Mr. Fox worked in investment banking for 10 years with Stephens Inc., preceded by two years with Merrill Lynch; he specialized in merger and acquisition advisory services for public and private companies.

Steve Odland has an extensive background in business and corporate governance, successfully leading major companies, including two Fortune 500 companies, through highly challenging environments. He has led multiple companies in industries directly related to Darden, such as the food and consumer industries, reinvigorating brands, growing sales through new marketing and merchandising programs, expanding margins and improving customer service metrics. In addition, he has many years of experience in multi-unit retail, including overseeing real estate site optimization, selection, development and expansion.

Previously Mr. Odland served as Chairman and Chief Executive Officer of Office Depot; Chairman, President, and Chief Executive Officer of AutoZone; Chief Operating Officer of Ahold USA; President and Chief Executive Officer of Tops Markets, Inc.; President of the Foodservice Division of Sara Lee Bakery; and was employed in various executive positions by The Quaker Oats Company. Previously, Mr. Odland was also an Adjunct Professor at the Lynn University and Florida Atlantic University graduate schools of business.

Enrique Silva, President, Chief Executive Officer and a member of the Board of Directors of Checkers Drive-In Restaurants, Inc., brings more than 20 years of international restaurant experience and a successful track record of partnering with private equity owners to drive strategic growth and turnaround initiatives. Checkers is the #1 operator of double drive-through fast-food restaurants, operating approximately 800 units across 30 states under two brands: Checkers and Rally's. Over 40% of the restaurants are owned and operated as company restaurants and the balance of the restaurants are franchised.

Since joining the Company in 2007, Mr. Silva has led a comprehensive restructuring and expansion of the Checkers/Rally's business. He recruited industry-leading talent to the management team, led the development of a new brand strategy, directed the implementation of best-in-class operating and performance management systems, and implemented a set of core values that have become the foundation of the brands' culture. These actions have resulted in category-leading sales growth, with almost four straight years of consecutive comp sales increases every quarter largely driven by traffic, and substantial improvements across all aspects of operations, including restaurant-level profitability, menu and guest satisfaction.

Prior to Checkers, Mr. Silva served in a number of leadership roles at Burger King Corporation for more than 13 years. As President of their Latin American region, he grew the Burger King brand across South & Central America, Mexico and the Caribbean. Mr. Silva also ran their U.S. Company Operations, where he oversaw more than 600 company restaurants with a team of 15,000 employees and led the financial, operational and cultural turnaround of those restaurants. As Senior Vice President, Franchise Operations, he was responsible for more than 3,300 franchise restaurants in the U.S. and Canada.

Mr. Silva has received numerous awards and recognitions for his business achievements, including being named by Nation's Restaurant News as one of the 2014 "10 Restaurant Executives to Watch," being a 2013 Ernst & Young Entrepreneur of the Year finalist, and being recognized as one of the "100 Most Influential Hispanics" in the US by Hispanic Business Magazine.

About Darden's Four Incumbent Independent Nominees

Michael W. Barnes brings to Darden experience as Chief Executive Officer, Chief Operating Officer and as a director of other consumer branded and retail companies, including Signet Jewelers and Fossil. In these roles, he has developed, implemented and overseen growth strategies like those underway at Darden, built on superior customer service, compelling product offerings, technology and digital initiatives, and targeted advertising and promotion campaigns.

The success of these strategies is reflected in the value created by the companies in which Mr. Barnes has led. For example, since becoming Chief Executive Officer of Signet Jewelers, the nation's largest specialty jeweler and parent of Kay Jewelers and Jared, in January 2011, Signet's stock price has increased over 177%², the Company has achieved substantial gains in revenue and earnings per share, and expanded its footprint, including the recent \$1.4 billion acquisition of Zale Corporation. Signet Jewelers' value creation reflects its successful strategic growth initiatives, including creating an outstanding customer experience, delivering compelling merchandise, heightening awareness through advertising investment, and offering customer finance programs to support its customers' purchases and drive sales.

Mr. Barnes was also part of the management team that took Fossil public in 1993 and contributed to the continuing financial success and growth of the business as President and Chief Operating Officer. In his roles, he oversaw Fossil's state-of-the-art international sourcing and supply chain operations, led business development, and managed the relationships with many of Fossil's retail and licensing/brand partners. In addition, he helped the Company diversify into other businesses and categories outside of its wholesale branded and licensed watches.

Christopher J. Fraleigh brings to Darden 25 years of experience in consumer products, retail and food services, including serving as Chairman and Chief Executive Officer of Shearer's Foods, a global manufacturer of snack foods, where he has doubled the business in the last two years through both organic growth and acquisitions. In his previous role as Chief Executive Officer of Sara Lee North America, Mr. Fraleigh built a global retail and food-services business around brands such as Jimmy Dean, Ball Park, Sara Lee and Hillshire Farms, and helped lead Sara Lee's 2011 decision to split into two publicly traded companies.

In addition to his strategic achievements as CEO of the \$7 billion Sara Lee North America, Mr. Fraleigh's record of value creation is reflected in the Company's financial and operating performance. In particular, during his 6 ½ year tenure:

- Operating profit more than doubled with significant gains across operating segments, including Retail, Foodservice and Fresh Bakery;
- Supply chain was enhanced with improvements in innovation, pricing and plant automation, which resulted in significant cost reductions and increased efficiencies;
- Sara Lee increased share in 11 of 12 categories, realized 25% growth in key items carried in-store, increased shelf space by 35%, and expanded strategic relationships with top retailers; and
- The Company restructured all divisions and optimized its brand portfolio through the acquisition of new brands and the sale or shutdown of non-core assets.

Mr. Fraleigh's experience also includes his executive roles at General Motors Corporation's GMC-Buick-Pontiac division and at PepsiCo, where he accelerated both revenue and earnings growth for brands including Cadillac, Pepsi and Mountain Dew. As a result of his collective experience, Mr. Fraleigh provides Darden with valuable insight in consumer marketing/brand building, franchising, and supply chain management and distribution.
