No disclosure under Item 2(d) or 2(e) is required with respect to any of the above-named persons.

PPM America and PPM Bermuda are each 100% owned by Holdings. Holdings' sole stockholder is Brooke Holdings, Inc., a Delaware corporation, which is itself wholly owned by Holborn Delaware Partnership ("Holborn"). The partners of Holborn are Prudential One Limited ("POL") (80% Partnership Interest), Prudential Two Limited (10% Partnership Interest) and Prudential Three Limited (10% Partnership Interest). The sole stockholder of POL is Prudential Corporation Holdings Limited ("Prudential Holdings"). Prudential plc, a UK public limited company ("Prudential"), is the sole shareholder of Prudential Holdings and the ultimate parent of PPM America.

The principal business of Prudential is acting as a holding company for ownership interests in a variety of entities engaged in financial services, which includes certain distinct specialized business units that are independently operated, including that of Holdings and its subsidiaries. Prudential, for purposes of the federal securities laws, ultimately controls Holdings and its subsidiaries. Prudential, its executive officers and directors, and its direct and indirect subsidiaries (including all of its business units except that consisting of Holdings and its subsidiaries), may beneficially own securities of Darling International, Inc., although PPM America has made reasonable inquiry which has indicated no such ownership of such securities. With respect to the securities of some issuers, PPM America serves as investment adviser to certain Prudential subsidiaries, and in such cases, PPM America includes such Prudential subsidiaries' beneficial ownership of such securities with its own when required to report pursuant to Section 13 of the Securities Exchange Act of 1934, as amended. Where PPM America does not advise a Prudential subsidiary with respect to securities of an issuer, as is the case with the securities of Darling International, Inc., Holdings and its subsidiaries disclaim beneficial ownership of such securities, if any, beneficially owned by Prudential, its executive officers and directors, and those direct and indirect subsidiaries of Prudential as to which PPM America does not provide advice (including all of Prudential's other business units except that consisting of Holdings, its subsidiaries and those Prudential subsidiaries advised by PPM America) in reliance on Exchange Act Release No. 34-39538 (January 12, 1998) due to the separate management and independent operation of the reporting persons.

Item 3. SOURCE AND AMOUNT OF FUNDS OR OTHER CONSIDERATION.

As more fully described in Item 4 below, SIF I, CBO II and Daple were lenders under that certain Amended and Restated Credit Agreement (the "Existing Credit Agreement"), dated as of January 22, 1999, among Darling International Inc. ("Darling"), BankBoston, N.A., Comerica Bank, Credit Lyonnais New York

Edgar Filing: PPM AMERICA INC/IL - Form SC 13D

Branch, and Wells Fargo Bank (Texas), National Association as Co-agents, and other lenders from time to time party thereto (the "Lenders"), pursuant to which SIF I, CBO II and Daple were the holders of notes representing commitments in an aggregate principal amount of \$28,500,758.15, \$18,038,228.41 and \$1,949,945.44, respectively (the "Commitments"). Pursuant to the Recapitalization Agreement (as defined below), the aggregate principal amount of loans outstanding under each of SIF I, CBO II and Daple's Commitments (the "Loans") were exchanged for 10,522,770, 6,659,897 and 719,940 shares respectively of Darling Common Stock (which collectively represents 28.75% of the outstanding Common Stock), 22,531, 14,259 and 1,541 shares respectively of Darling Series A Preferred Stock, and term and revolving loan commitments under the New Credit Agreement (as defined below) in an aggregate principal amount respectively of \$17,652,446, \$11,172,294 and \$1,207,733. All of the funds required for the initial purchase of the Loans were obtained from general funds available to SIF I, CBO II and Daple for investment purposes.

Item 4. PURPOSE OF TRANSACTION.

BACKGROUND

On June 30, 2001, the Existing Credit Agreement matured, at which time Darling defaulted on its obligation to pay approximately \$125.5 million of principal and interest to the Lenders. On June 29, 2001, the Lenders under the Existing Credit Agreement entered into a forbearance agreement (the "Forbearance Agreement") with Darling in which the Lenders agreed not to enforce their remedies and to continue to continue to make revolving loans to Darling. During the period from June 2001 until March 2002, the lenders under the Existing Credit Agreement entered into several amendments to the Forbearance Agreement.

On March 15, 2002, the Lenders entered into a Recapitalization Agreement (the "Recapitalization Agreement") with Darling which set forth, together with certain subsequent amendments thereto, the terms and conditions of the recapitalization of Darling (the "Recapitalization"). Pursuant to the Recapitalization Agreement, on May 13, 2002 (the "Consummation Date"), (i) the Lenders amended and restated the Existing Credit Agreement (as so amended and restated, the "New Credit Agreement") to provide for a \$68.25 million term loan and a revolving credit facility of \$10.1 million for working capital loans and letters of credit, which revolving credit facility may be increased by up to \$8 million with a corresponding decrease in the term loan by an equivalent amount under certain circumstances, (ii) Darling amended its certificate of incorporation in order to increase the number of authorized shares of its Common Stock from 25 million to 100 million and to grant to the Lenders preemptive rights to purchase Common Stock issued in the future, (iii) Darling issued approximately 46.7 million shares of Common Stock and approximately 100,000 shares of a newly created 6% cumulative redeemable Series A Preferred Stock with a liquidation preference of \$100 per share in exchange for the cancellation of an aggregate of approximately \$66.3 million of indebtedness owed by Darling under the Existing Credit Agreement, and (iv) five directors (three of whom were

Page 13 of 22

designated by the Lenders)1 began serving terms until the 2003 annual meeting of Darling shareholders.

THE COMMON STOCK

Pursuant to the Recapitalization Agreement, Darling issued to the Lenders approximately 46.7 million shares of Common Stock, with the exact number having been determined such that the Lenders collectively own 75% of the issued

Edgar Filing: PPM AMERICA INC/IL - Form SC 13D

and outstanding Common Stock as of the Consummation Date. The remaining authorized but unissued shares of Common Stock, along with other currently existing authorized and unissued shares of Common Stock, will be available for any future private or public offerings to raise capital, potential acquisitions, issuance upon exercise of the stock options granted under stock option plans, conversion of convertible preferred stock, if and when issued, and other legitimate corporate purposes. The issuance of the Common Stock to the Lenders could effectively deter a third party from making an offer to acquire Darling. The Common Stock issued to the Lenders has been listed on the American Stock Exchange.

THE SERIES A PREFERRED STOCK

Pursuant to the Recapitalization Agreement, Darling issued approximately 100,000 shares of Series A Preferred Stock to the Lenders. The Series A Stock ranks senior (with respect to liquidation payments) to the Common Stock and any preferred stock issued by Darling in the future. Upon any liquidation, dissolution or winding up of Darling, each holder of Series A Preferred Stock will be entitled to be paid, before any distribution or payment is made to the holders of Common Stock, the sum of original issue price of \$100 per share plus accumulated dividends and accrued and unpaid dividends not yet accumulated. Darling is prohibited from issuing any other preferred stock with a liquidation preference equal to or greater than the Series A Preferred Stock.

Dividends on the Series A Preferred Stock will accumulate at a rate of 6% per annum, will be cumulative from the issue date, whether or not declared, will accrue semi-annually and may be either paid in cash or accumulated, at Darling's election. If accumulated, the dividends will be added to the original issue price, and dividends will thereafter accrue on the original issue price as so adjusted. The New Credit Agreement prohibits Darling from paying dividends in cash so long as any indebtedness or commitments remain outstanding under the revolving or term loans.

The Series A Preferred Stock is not convertible into Common Stock.

The Series A Preferred Stock is mandatorily redeemable upon the earliest to occur of: (i) a change of control, (ii) a sale of all or substantially all consolidated assets, (iii) a dissolution or liquidation, or (iv) the fifth anniversary of the Consummation Date, to the extent of legally available funds, at a redemption price equal to the aggregate original issue price of the shares to be redeemed, plus accumulated dividends and accrued and unpaid dividends not yet accumulated

1 The directors are O. Thomas Albrecht, Charles Macaluso, Richard A. Peterson, Denis J. Taura and Fredric J. Klink. Messrs. Albrecht, Macaluso and Peterson were designated by the Lenders.

to the date of redemption. For purposes of the mandatory redemption provisions of the Series A Preferred Stock, a change of control shall be deemed to occur when: (i) any "person" (as such term is used in Section 13(d) of the Securities Exchange Act of 1934, as amended), other than the Lenders and their respective affiliates, individually or as a group, becomes a "beneficial owner" (as such term is defined in Rule 13d-3 and Rule 13d-5 under the Exchange Act), directly or indirectly, of more than 50% of the total voting power of the outstanding capital stock of Darling, (ii) the first day on which a majority of the members of the Board of Directors are not "continuing directors" (defined as any member who (x) was a member of the Board of Directors on the date of issuance of the

Edgar Filing: PPM AMERICA INC/IL - Form SC 13D

Series A Preferred Stock, (y) was nominated for election by the Lenders in accordance with the Recapitalization Agreement, or (z) was nominated or elected by a majority of the continuing directors who were members at the time of such nomination or election), or (iii) Darling consolidates with, or merges with or into, any person or entity or any person or entity consolidates with, or merges with or into, Darling, pursuant to a transaction in which any Darling outstanding voting capital stock is converted into or exchanged for cash, securities or other property. The mandatory redemption provisions relating to a change of control could deter a third party from making an offer to acquire Darling and could otherwise prevent changes in control or management.

Subject to the prior payment in full of all indebtedness under the revolving and term loans under the New Credit Agreement, Darling may redeem shares of Series A Preferred Stock in multiples of not less than \$1 million at any time, upon 30 days notice, at a redemption price equal to the sum of the aggregate original issue price of the shares to be redeemed, plus accumulated dividends and accrued and unpaid dividends not yet accumulated to the date of redemption. If less than all shares of Series A Preferred Stock are to be redeemed, they are required to be redeemed pro-rata based on the number of shares of Series A Preferred Stock owned.

Except as required by the Delaware General Corporation Law, the Series A Preferred Stock is non-voting.

So long as the Series A Preferred Stock remains outstanding, Darling will not be permitted to take any of the following actions without the prior written consent of the holders of 66 2/3% of the then outstanding Series A Preferred Stock, voting separately as a class: (i) creating or issuing any class or series of equity security of Darling that is senior or pari passu in priority to the Series A Preferred Stock with respect to dividends, redemption, liquidation, winding up or dissolution of Darling; (ii) modifying any securities junior to the Series A Preferred Stock so as to become senior or pari passu in priority to the Series A Preferred Stock with respect to dividends, redemption, liquidation, winding up or dissolution of Darling; (iii) declaring, paying or making any dividends or other distributions on any securities junior to the Series A Preferred Stock (other than dividends declared in connection with any stock splits, stock dividends, share combinations, share exchanges or other recapitalizations in which such dividends are made in the form of securities junior to the Series A Preferred Stock); (iv) directly or indirectly redeeming, retiring, repurchasing or otherwise acquiring any shares of Series A Preferred Stock (except to the extent allowed or required by a mandatory or optional redemption as described above) or any securities junior to the Series A Preferred Stock (or authorizing or allowing any of Darling's subsidiaries to do so); (v) increasing the number of shares constituting the Series A Preferred Stock from the number of shares established by the certificate of

Page 15 of 22

designation or taking any action that adversely alters or changes the rights, preferences, or privileges of the Series A Preferred Stock; and (vi) creating or issuing any class or series of equity security of Darling (x) that is subject to mandatory redemption, in whole or in part, by Darling while any shares of Series A Preferred Stock are outstanding (whether or not such redemption is contingent on the occurrence of any event or circumstance) or (y) the terms of which provide for protective covenants or provisions more restrictive or onerous upon Darling than the covenants and provisions established in favor of the Series A Preferred Stock.

PREEMPTIVE RIGHTS

Edgar Filing: PPM AMERICA INC/IL - Form SC 13D

The amendments to Darling's certificate of incorporation provide preemptive rights to the Lenders as set forth in paragraphs (1) through (6) below.

(1) If Darling issues any additional shares of Common Stock following the Consummation Date, except as provided in paragraphs (4) and (5) below, each Lender will have the right, but not the obligation, to purchase additional shares of Common Stock up to an amount sufficient to permit such Lender to maintain its percentage equity interest in Darling (based on the Common Share Ratio (as defined below) held by such Lender) at the level existing immediately prior to the issuance of the additional shares of Common Stock. If Darling desires to issue additional shares of Common Stock, it must first give notice thereof to each Lender stating the number of additional shares of Common Stock proposed to be issued and the total consideration to be received upon issuance of the additional shares of Common Stock. Within 30 days after the receipt of such notice, each Lender may elect to exercise its preemptive rights by giving Darling written notice to that effect. Failure to give such notice within that 30-day period or failure to pay at the required time the purchase price for any additional shares of Common Stock as to which a right to purchase shall have been exercised will constitute a waiver of the preemptive rights as to the particular issuance of additional shares of Common Stock specified in the notice. "Common Share Ratio" means, at any time of determination with respect to each Lender whose percentage or ratio is to be calculated, a ratio or percentage consisting of a numerator equal to all shares of Common Stock held by such Lender and a denominator equal to all issued and outstanding Common Stock.

(2) The per share purchase price to be paid by each Lender upon exercise of the preemptive rights described in paragraph (1) will be equal to the per share consideration (net of underwriting discounts or commissions if such Lender is not a participant in the offering) at which the additional shares of Common Stock are offered or proposed to be offered by Darling to another party. The total consideration for which additional shares of Common Stock are offered or proposed to be offered will be determined as follows: (i) in case of the proposed issuance of additional shares of Common Stock for cash, the consideration to be received by Darling will be the amount of cash (net of underwriting discounts or commissions if such Lender is not a participant in the offering) for which the additional shares of Common Stock are proposed to be issued, and (ii) in case of the proposed issuance of additional shares of Common Stock in whole or in part for consideration other than cash, the value of the consideration to be received by Darling other than cash (net of underwriting discounts or commissions if such Lender is not a participant in the offering) will be the fair market value of that consideration as determined by Darling's Board of Directors.

Page 16 of 22

(3) If and whenever Darling issues any securities convertible into or exchangeable or exercisable for additional shares of Common Stock or rights or options to subscribe for or to purchase additional shares of Common Stock after the Closing Date, except as provided in paragraph (5), each Lender will have the right, but not the obligation, to purchase convertible securities, rights or options of like kind up to an amount which when converted, exchanged or exercised would be sufficient to permit such Lender to maintain its percentage equity interest in Darling (based on the Common Share Ratio of such Lender) at the level existing immediately prior to the issuance of the convertible securities, rights or options. If Darling desires to issue convertible securities, rights or options, we will first give notice thereof to each Lender describing the convertible securities, rights or options proposed to be issued

Edgar Filing: PPM AMERICA INC/IL - Form SC 13D

(including the number of additional shares of Common Stock issuable upon conversion, exchange or exercise of such convertible securities, rights or options) and stating the total consideration to be received by Darling upon such issuance and upon conversion, exchange or exercise. Within 30 days after the receipt of such notice, each Lender may elect to exercise its preemptive rights by giving written notice to Darling to that effect. Failure to give such notice within that 30-day period or failure to pay at the required time the purchase price for any convertible securities, rights or options as to which a right to purchase shall have been exercised will constitute a waiver of the rights granted as to the particular issuance of convertible securities, rights or options specified in Darling's notice to such Lender.

(4) The purchase price to be paid by each Lender upon exercise of its rights described in paragraph (3) will be in proportion to the consideration proposed to be received by Darling (net of underwriting discounts or commissions if such Lender is not a participant in the offering) upon the original issuance to another party of convertible securities, rights or options. The amount of consideration to be received by Darling upon the original issuance of such convertible securities, rights or options will be determined in the manner described in paragraph (2) above. With respect to securities convertible into or exchangeable or exercisable for additional shares of Common Stock or rights or options to subscribe for or purchase additional shares Common Stock, the rights of each Lender (to the extent exercised) will apply only to the issuance of such convertible securities, rights, or options, and Lenders will have no rights with respect to Darling's issuance of additional shares of Common Stock upon conversion, exchange or exercise of such convertible securities, rights or options. If a Lender does not exercise its right to acquire such convertible securities, rights or options, such Lender shall have the rights described in paragraph (1) above upon conversion, exchange or exercise of such convertible securities, rights or options.

(5) The provisions described in paragraphs (1) and (3) above will not apply to: (i) shares of Common Stock issued as a stock dividend to holders of Common Stock or upon any subdivision or combination of shares of Common Stock, (ii) 3,028,065 options granted by Darling to acquire its Common Stock existing as of the Consummation Date, (iii) options, awards, grants and other stock rights hereafter granted to Darling's or its subsidiaries' employees, officers, directors or consultants and approved by Darling's Board of Directors, or (iv) shares of Common Stock issued pursuant to the options and other rights described in clauses (ii) and (iii) above.

(6) Unless otherwise agreed by the parties, the purchase price to be paid by the Lenders upon exercise of their preemptive rights will be paid upon terms which are the same as

Page 17 of 22

those being offered by third party purchasers, unless those terms provide for payment in a manner which could not be duplicated by a Lender, such as the transfer of specific property to Darling, in which event payment by the Lender will be in cash in an amount equal to the fair market value of such specific property.

The preemptive rights described above will be assignable to any transferee of the Common Stock issued to the Lenders, except: (i) transferees who acquire such shares as purchasers in a sale made under a registration statement that has been filed and gone effective pursuant to the Registration Rights Agreement (as defined below), (ii) transferees who acquire their shares in a transfer made under Rule 144 of the Securities Act or any successor rules,

Edgar Filing: PPM AMERICA INC/IL - Form SC 13D

and (iii) subsequent transferees of shares sold or transferred to a transferee described in clauses (i) and (ii) of this paragraph.

REGISTRATION RIGHTS

Darling has entered into a Registration Rights Agreement (the "Registration Rights Agreement"), with the Lenders that, among other things obligates Darling to file within 10 days of the Consummation Date a registration statement on Form S-1 (or any other appropriate form) covering the offer and sale of the shares of Common Stock and Series A Preferred Stock held by the Lenders and their permitted assignees on a delayed and continuous basis pursuant to Rule 415 under the Securities Act. In addition, the Registration Rights Agreement generally requires Darling to use its reasonable best efforts to have the shelf registration declared effective no later than 60 days after the Consummation Date and to keep the shelf registration continuously effective, supplemented and amended, as required by the Securities Act, for a period of 5 years (subject to certain exceptions set forth in the Registration Rights Agreement) following the date on which the shelf registration is declared effective in order to permit the prospectus forming a part thereof to be usable under the Securities Act by the Lenders and their permitted assignees from the date the shelf registration is declared effective by the SEC.

Pursuant to the Registration Rights Agreement, Darling has also granted to the Lenders and their permitted assignees certain demand and piggy-back registration rights that will commence after the expiration of the five-year term for effectiveness of the shelf registration.

Darling has agreed to pay all registration expenses in connection with any registration required by the Registration Rights Agreement. Darling has also agreed that it will not after the Consummation Date enter into any agreement with respect to its securities which is inconsistent with the rights granted to the Lenders and their permitted assignees under the Registration Rights Agreement, including, without limitation, entering into any agreement which would permit the registration of any securities to the exclusion of any portion of the Common Stock and Series A Preferred Stock to be issued to the Lenders in connection with the Recapitalization, unless such exclusion is first waived in writing by the holders of more than 50% of such Common Stock and Series A Preferred Stock then outstanding. Without limiting the generality of the foregoing, any registration rights granted by Darling after the Consummation Date will be required to be subordinate to the registration rights granted under the Registration Rights Agreement, and Darling will be required to obtain the written agreement of each person or entity to whom such other registration rights may be granted or may become available to such effect.

THE NEW CREDIT AGREEMENT

The New Credit Agreement provides for a total of \$10.1 million of borrowing capacity under a revolving credit facility (which may be increased by up to \$8 million with a corresponding decrease in the Term Loan by an equivalent amount under certain circumstances) and \$68.25 million of borrowings through a Term Loan and allows Darling to continue to have its existing letters of credit outstanding until their expiration date. In connection with the Recapitalization, the outstanding principal of the loans in excess of \$68.25 million under Darling's existing credit facility will be cancelled. In consideration for such cancellation, Darling will issue to the Lenders approximately 46.7 million shares of Common Stock and up to 110,000 shares of Series A Preferred Stock.

Edgar Filing: PPM AMERICA INC/IL - Form SC 13D

Pursuant to the new amended and restated credit agreement, and in connection with the Recapitalization, the Lenders have made available to Darling under the New Credit Agreement, a revolving credit facility for loans and letters of credit in the amount \$7.75 million, subject to increase by a maximum of \$8.0 million under certain circumstances. If the revolver is so increased, the term loan will be decreased by an equal amount. The revolver, together with all accrued and unpaid interest thereon, will mature on the fifth anniversary of the Consummation Date. The revolver may not be cancelled or terminated by Darling unless the term loan has been or will be contemporaneously repaid in full.

The revolver will share a first priority lien with the term loan on substantially all of Darling's assets (subject only to certain permitted liens); provided, however, that all obligations and indebtedness under the revolver will be repaid prior to those under the term loan in the application of any payments received after the occurrence and during the continuance of an event of default under the New Credit Agreement.

Interest will accrue on the revolver at Darling's election at either (i) 30, 60, or 90 day LIBOR plus 5.0% per annum, payable on the last day of each such LIBOR interest period, or (ii) Credit Lyonnais New York Branch's Prime Rate plus two percent 2.0% per annum, floating with an unused commitment fee of 0.50% per annum and a facility fee of 1.50% per annum, with such prime rate interest, unused commitment fees and facility fees being payable quarterly on the last day of the third full calendar month occurring after the Consummation Date and the last day of each third month thereafter and on the maturity date.

Letter of credit fees payable to the Lenders will be 3% per annum on the face amount of each letter of credit outstanding, payable on quarterly payment dates in arrears plus a 0.125% per annum "fronting fee" paid to Credit Lyonnais New York Branch as Agent (for its own account) as issuer of such letter of credit.

Borrowings under the revolver will not be convertible into Darling capital stock.

Pursuant to the New Credit Agreement and the other recapitalization agreements, certain advances made by the Lenders to Darling under the Existing Credit Agreement were renewed, modified and extended as a term loan in the principal amount of \$68.25 million (after application of \$750,000 of existing cash collateral to repay loans under the Existing Credit Agreement).

The term loan, together with all accrued and unpaid interest thereon, will mature on the

Page 19 of 22

fifth anniversary of the Consummation Date.

The term loan was fully drawn at closing, with the principal balance thereof being repaid in installments due quarterly on the last day of each third full calendar month occurring after the Consummation Date: (i) \$300,000 will be due on each of the first eight quarterly payment dates, and (ii) \$1,200,000 will be due on each quarterly payment date thereafter, with a final payment in the amount of the entire remaining principal balance and all accrued and unpaid interest thereon being due and payable on the maturity date. In addition, to the regularly scheduled principal and interest payments, Darling will make additional payments on the term loan to the extent of (i) 25% for 2002, (ii) 35%

Edgar Filing: PPM AMERICA INC/IL - Form SC 13D

for 2003, and (iii) 50% for each year thereafter of excess cash flow (defined generally as EBITDA, less scheduled principal and interest payments on the Revolver and the Term Loan and permitted capital leases, plus or minus as applicable, any changes in adjusted working capital, less cash taxes paid, less any required payments made under non-compete agreements, less permitted capital expenditures up to \$10,800,000 for 2002 (increasing by 5% per year thereafter)), which shall be calculated and due annually, such payments to be applied in inverse order of maturity.

The term loan will share a first priority lien with the revolver on substantially all of Darling's assets (with the exception that all obligations and indebtedness under the revolver will be repaid prior to those under the term loan in the application of any payments received after the occurrence and during the continuance of an event of default under the New Credit Agreement).

The term loan will bear interest at Darling's election at either (i) 30, 60, or 90 day LIBOR plus 5.0% per annum, payable on the last day of each such LIBOR interest period, or (ii) the Credit Lyonnais New York Branch's prime rate plus 2.0% per annum, floating, payable quarterly and on the maturity date.

Borrowings under the term loan will not be convertible into Darling capital stock.

Except as set forth in this Item 4, the Reporting Persons have no plans or proposals that relate to or would result in any of the matters set forth in clauses (a) through (j) of Item 4 of Schedule 13D.
