ORDINARY GENERAL MEETING

First Resolution - Approval of the reports and the financial statements for the 2002 financial year.

The Shareholders' Meeting, having examined the reports of the Management Board, the Supervisory Board and the Statutory Auditors on the 2002 financial year, approves the unconsolidated financial statements of Vivendi Environnement for 2002 as presented, and the transactions reflected therein as summarized in the reports.

Second Resolution - Approval of the consolidated accounts for the 2002 financial year

Third Resolution - Approval of the expenses and charges referred to in Article 39-4 of the Code general des impots

Pursuant to Article 223 quater of the Code general des impots, the Shareholders' Meeting approves the Company's expenses and charges referred to in Article 39-4 of such Code, in a total amount of EUR 44,727 which, because the Company reported a fiscal deficit, reduces the fiscal deficit that may be carried forward by the same amount.

Fourth Resolution - Allocation of net income and payment date of dividend

The Shareholders' Meeting, at the proposal of the Management Board, approves the allocation of the distributable earnings for 2002 as follows:

Profit for the year	(euro) 47,983,070.05
Retained earnings carried forward	(euro) 249,151,564.81

(1) As shares held by the Company are not entitled to payment of dividends, the total distribution figure may change depending on the actual number of shares held by the Company as at the dividend payment date. Such number is 9,142,362 shares held by the company as at 12/31/2002.

The dividend is set at (euro) 0.55 for each of the 405,070,459 shares entitled to dividend, plus a tax credit of (euro) 0.275.

In accordance with legal provisions, the General Meeting notes that over the past three fiscal years the following dividends were paid:

The General Meeting sets at EUR 600,000 the total amount of fees to be divided among the members of the Supervisory Board for the financial year ending December 31, 2003, this amount, in case of adoption of the sixteenth and eighteenth resolutions relating to the adoption of the Company's new management structure, shall be calculated prorata temporis for the term of service of the Supervisory Board's members during the financial year.

Seventh Resolution - Ratification of the temporary appointment of new members of the Supervisory Board

The General Meeting ratifies the appointments of:

Moreover, the General Meeting ratifies the appointment of Mr. Louis Schweitzer as member of the Supervisory Board, made by the Supervisory Board during its meeting of February 5, 2003, to replace Mrs. Esther Koplowitz, for her remaining term of office, i.e. until the Ordinary Shareholders' Meeting called to approve the financial statements for the financial year ending December 31, 2003.

depending on market conditions;

and, in particular, for the following reasons:

to support the market price of the Company's shares by systematic trading in the opposite direction to the market; or

Edgar Filing: VIVENDI ENVIRONNEMENT - Form 6-K

to implement any stock options plan of the Company in the context of the provisions of Articles L.225-177 et seq. of the Code de commerce; or

to invest in existing shares or securities providing access, immediately or over time, to such shares of the Company under conditions provided for by law, in particular under Articles L.443-1 et seq. of the Code du travail (French Labor Code); or

to offer shares (as payment or in exchange, or otherwise), particularly in connection with acquisitions; or

to issue shares upon exercise of the rights attached to securities entitled, as a result of redemption, conversion, exchange, presentation of a warrant or by any other means, to existing shares of the Company; or

to implement a program to manage the Company's assets and finances, including keeping said shares, selling them and generally transferring them as well as the possibility to cancel all or part of the securities so redeemed, subject to adoption by the Extraordinary Shareholders' Meeting of the fourteenth resolution below and under the terms indicated therein.

Purchases of the Company's shares may relate to a number of shares as follows:

the number of shares that the Company purchases during the share repurchase program does not exceed 10 % of the shares included in the Company's capital, i.e., for your information, as at December 31, 2002, 40,507,045 shares; and

the number of shares that the Company shall hold at any time whatsoever does not exceed 10% of the shares forming the Company's capital.

Shares may be sold, bought or transferred at any time (including during tender offer periods) and by any method, on the market or over-the-counter, including by block trades of securities (without limit to the proportion of the share repurchase program that may be carried out by this method), or through the use of options or other financial derivatives traded on a regulated market or over-the-counter or by issuing securities entitled by conversion, exchange, redemption, exercise of a warrant or otherwise to shares of the Company held by the Company.

The maximum purchase price of the shares under this resolution shall be EUR 32.5 per share (or the equivalent of such amount on the same date in any other currency), this maximum price shall apply only to acquisitions decided on from the date of this meeting and not to future transactions entered into pursuant to an authorization granted by a prior Shareholders' Meeting that provide for acquisitions of shares after the date of this meeting.

In case of resale on the market, the minimum sale price of the shares held by the company acquired in the context of share repurchase programs authorized by this Shareholders' Meeting or by prior Shareholders' Meetings shall be (euro) 17 per share (or the equivalent of such amount on the same date in any other currency), this price shall apply both to sales decided on from the date of this meeting and to future transactions previously entered into that provide for sales of shares after this meeting. This price applies implicitly to sales carried out by issue, after the date of this meeting, of securities entitled by conversion, exchange, redemption, exercise of a warrant or otherwise to shares of the Company held by the Company. Notwithstanding the foregoing, in the event that the possibilities offered by the third paragraph of Article L.225-209 of the Code de commerce should be used, the rules relating to the sale price shall be those set by applicable legal provisions. Furthermore, the minimum sale price will not apply in the case of an offering of securities as payment or exchange in the context of acquisitions.

Edgar Filing: VIVENDI ENVIRONNEMENT - Form 6-K

The total amount allocated to the share repurchase program authorized above may not exceed EUR 1 billion.

This authorization replaces any prior authorization granted to the Management Board to trade in the Company's shares, effective from this day and for the value of any unused portion of any prior authorization. It is granted for a period of eighteen months from this day.

The General Meeting grants the Management Board or, in case of adoption of the sixteenth and eighteenth resolutions, the Board of Directors, in case of modification of the par value of the share, an increase in capital through incorporation of reserves, the granting of free shares, grouping of securities, distribution of reserves or any other assets, amortization of capital or any other equity transaction, the authority to adjust the aforementioned purchase or sale price in order to take into account the objective effect of such transactions on the share's value.

The General Meeting grants all powers to the Management Board or, in case of adoption of the sixteenth and eighteenth resolutions, to the Board of Directors, including the ability to sub-delegate its powers under conditions of law, to decide upon and implement this authorization, to specify the terms thereof, if necessary, and to decide upon the conditions thereof with the right to sub-delegate under conditions of law the completion of the share repurchase program and, in particular, to make any stock exchange order, to enter into any agreement, with a view to maintaining share purchase and sale registers, to make all declarations to the Commission des operations de bourse, the Conseil des marches financiers and any other authority that may take their place, to perform all formalities and, generally, to take all necessary actions.

Ninth Resolution - Authorization for the Management Board, or the Board of Directors, as the case may be, to issue bonds

The General Meeting, having taken note of the Management Board's Report:

- authorizes the Management Board or, in case of adoption of the sixteenth and eighteenth resolutions, the Board of Directors, to issue, on one or more occasions, bonds and equivalent debt instruments both in France and abroad either in euros or in foreign currencies, or in units of account based on several currencies, by public offer or private placement, in the form of traditional bonds or equivalent debt investments that grant identical creditor's rights against the Company in the same issue, notably subordinated redeemable securities or securities with a fixed or unspecified term, bearing or not bearing interest, at a fixed or variable rate, either with or without warrants entitling the holder to the issue, acquisition of, or subscription to other debt securities, up to a total nominal amount of EUR 7 billion or the equivalent in foreign currencies, or in units of account based on several currencies established on the day of the issue decisions; it being specified that this maximum nominal value shall apply to all bonds or debt securities issued directly or as a result of the exercise of warrants but excludes redemption premium(s) where applicable and that negotiable debt instruments, within the definition of Articles L.213-1 through L.213-4 of the Code monetaire et financier (French Monetary and Financial Code) are not concerned by this authorization;
- grants to the Management Board or, in case of adoption of the sixteenth and eighteenth resolutions, the Board of Directors, all powers to set the amounts, forms and periods, rates and conditions of issue, amortization and redemption of securities to be issued, including the terms and conditions of amortization or early redemption with fixed or variable premium or without premium, and to grant guarantees and sureties, if necessary;

Edgar Filing: VIVENDI ENVIRONNEMENT - Form 6-K

- authorizes the Management Board or, in case of adoption of the sixteenth and eighteenth resolutions, the Board of Directors, to provide for the redemption of bonds by offering assets of the Company, if necessary, under form of exchange, payment in kind (dation en paiement) or otherwise;
- authorizes the Management Board or, in case of adoption of the sixteenth and eighteenth resolutions, the Board of Directors, to determine that the bonds will be subordinated securities that may be perpetual or have a fixed term, or will be indexed bonds or complex bonds within the definition of the Commission des opérations de bourse and the Conseil des marchés financiers (as a result, for example, of their redemption or remuneration terms or other rights such as indexation or option entitlements) ;
- as a consequence, grants all powers to the Management Board or, in case of adoption of the sixteenth and eighteenth resolutions, the Board of Directors, necessary to carry out such borrowing(s) and specifies that the Management Board or the Board of Directors will have all rights to determine the features of the bonds and of any obligations attached to the bonds.

This authorization replaces any prior authorization granted to the Management Board to issue bonds effective from this day and for the value of any unused portion of any prior authorization. It is granted for a period of five years from this day.

The Management Board or, in case of adoption of the sixteenth and eighteenth resolutions, the Board of Directors, may, in accordance with the law and subject to any terms and conditions that it may determine, sub-delegate to its Chairman or to any of its members the powers granted to it by this resolution, provided that such person reports to it, under conditions set by the Management Board or the Board of Directors, as the case may be, regarding the performance of this assignment.

EXTRAORDINARY GENERAL MEETING

Tenth Resolution - Authorization for the Management Board, or the Board of Directors, as the case may be, to increase share capital by issuing shares and/or other securities convertible, immediately or over time, into the Company's shares, subject to preferential subscription rights.

The General Meeting, having taken note of the Management Board's Report and the Auditors' Special Report, and pursuant to the provisions of Article L.225-129-III of the Code de commerce, in particular paragraph 3:

1. Delegates to the Management Board or, in case of adoption of the sixteenth and eighteenth resolutions, the Board of Directors, the powers necessary to increase the share capital, on one or more occasions, in France or abroad, in any proportion and at any time that it may decide, either in euros or in any foreign currencies or units of accounts based on several currencies, by issuing shares or other securities (including independent subscription warrants) issued free or for due consideration, providing access, immediately or over time, at any time or on a fixed date, to the Company's shares (to be issued or currently outstanding) by subscription, conversion, exchange, redemption, presentation of a warrant or otherwise (such securities including, in particular, bonds with equity warrants, convertible bonds and exchangeable bonds referred to and governed by Articles L.225-150 et seq., L.225-161 et seq. and L.225-168 et seq. of the Code de commerce, respectively); it being specified that the subscription of shares and other securities may be carried out either in cash, by offset of receivables, or, in full or in part, by incorporation of

Edgar Filing: VIVENDI ENVIRONNEMENT - Form 6-K

reserves, profits or premiums, and that issuing preferred shares with or without voting rights or of investment certificates is excluded;

2. Decides to set as follows the limits for the amounts of the authorized issues in the event that the Management Board or, in case of adoption of the sixteenth and eighteenth resolutions, the Board of Directors, should exercise this delegation:

2.1. the maximum nominal value of the capital increases that may be carried out immediately or over time pursuant to this delegation is set at EUR 2.5 billion; it being specified that the nominal value of any capital increase that may be carried out, directly or indirectly, pursuant to the eleventh and twelfth resolutions of this meeting will be in addition to this amount;

2.2. to this limit shall be added the nominal value of additional shares, if any, that may be issued in case of new financial transactions, to preserve, in accordance with law, the rights of holders of securities entitled to shares over time;

2.3. the maximum total nominal value of issues of debt securities that provide access to the capital may not exceed EUR 4 billion or the equivalent on that day of this amount in any other currency or units of account based on several currencies; it being specified that (i) this amount is independent of the amount of the bonds and other debt instruments that may be issued pursuant to the ninth resolution of this meeting and (ii) the amount of capital increases that may be carried out through such issues of debt securities will be included in the maximum nominal value of 2.5 billion referred to in paragraph 2.1 above;

3. Sets the term of validity of this delegation of authority as twenty-six months from the date of this meeting;

4. In the event that the Management Board or, in case of adoption of the sixteenth and eighteenth resolutions, the Board of Directors, uses this delegation:

- decides that the issue(s) shall be reserved in preference for shareholders who may subscribe to the new shares or securities as of right in proportion to the number of shares then owned by them;
- furthermore grants to the Management Board or, in case of adoption of the sixteenth and eighteenth resolutions, to the Board of Directors, the right to create a subscription right for excess amounts;
- takes note and decides, to the extent necessary, that this delegation automatically provides to holders of issued securities a waiver by the shareholders of their preferential subscription right regarding shares to which the issued securities will give rights immediately or over time;
- decides to suppress the preferential subscription right of shareholders to shares issued through conversion of bonds or exercise of stock warrants;
- decides that, in the case of issues of shares or compound securities, if the subscriptions as of right and subscriptions for any excess amount, have not absorbed the aggregate issue, the Management Board or, in case of adoption of the sixteenth and eighteenth resolutions, the Board of Directors, may exercise, under conditions provided for by law and in any such order as it may determine, one or more of the options below:

Edgar Filing: VIVENDI ENVIRONNEMENT - Form 6-K

- * limitation of the issue to the amount of subscriptions, provided that such amount of subscriptions is at least three-quarters of the issue decided upon;
 - * free allocation of all or part of the shares or, in case of compound securities, said securities, whose issue has been decided upon but not subscribed;
 - * offering to the public, by an offering on a public exchange, of all or part of the shares or, in case of compound securities, said non-subscribed securities, on the French market and/or in another country and/or on the international market;
 - decides that the issues of stock warrants of the Company may be carried out either by subscription, or by granting such warrants freely to owners of former shares;
 - decides that in case of free grants of stock warrants, the Board of Directors will be able to decide that rights for fractional shares will not be negotiable and that the corresponding securities will be sold;
5. Decides that the Management Board or, in case of adoption of the sixteenth and eighteenth resolutions, the Board of Directors, will have all powers, including the right to sub-delegate its powers under conditions set by law, to implement this delegation, in order, in particular to:
- determine the category of securities to be issued;
 - decide upon the amount to be issued, the issue price and the amount of the premium that may be requested upon issue, if any;
 - determine the dates and conditions of issue, the nature and features of the securities to be created; to decide, furthermore, in the case of bonds or other debt instruments, whether they shall be subordinated or not, to set their interest rate (at a fixed or variable interest rate, zero coupon or indexed rate), their term (fixed or perpetual) and the other terms and conditions of issue (including whether to grant them guarantees or securities) and of amortization (including redemption through offering assets of the Company); if necessary, such securities may be associated with warrants providing rights to the granting, acquisition or subscription of bonds or other debt instruments or may take the form of complex bonds as defined by the Commission des operations de bourse and the Conseil des marches financiers (as a result, for example, of their terms of redemption or remuneration or other rights such as indexation or option entitlements);
 - determine the method of payment for the shares or other securities to be issued immediately or over time;
 - set, if necessary, the conditions of exercise of the rights attached to shares or securities to be issued and, in particular, set the date, which may be retroactive, from which the new shares will confer rights, determine the conditions of exercise of the rights, if any, to conversion, exchange, redemption, including by offering assets of the Company such as shares or securities already issued by the Company, as well as any other terms and conditions of completion of the issue;
 - set the terms and conditions according to which the Company will have the right to purchase or exchange the securities, whether issued or to be issued immediately or over time, on the market, at any time or

Edgar Filing: VIVENDI ENVIRONNEMENT - Form 6-K

during fixed periods, in order to cancel them or not, taking into account all provisions of the law;

- provide, potentially, for the right to suspend the exercise of rights attached to such securities for a maximum period of three months;
- at its sole initiative, allocate the costs of capital increases to the amount of associated premiums and withdraw from such amount the sums necessary to raise the level of the regulatory reserve to one-tenth of the new capital after each capital increase;
- carry out any adjustments necessary in accordance with legal and regulatory provisions in order to compensate for the effect of transactions in the Company's capital, in particular by modifying the par value of the share, increasing the capital through incorporation of reserves, granting shares freely, grouping securities, distributing reserves or any other assets, amortization of the capital, or any other transaction relating to the equity capital, and set the terms and conditions according to which the rights of holders of securities providing access to the capital over time will be preserved, as the case may be;
- declare the completion of each capital increase and amend the articles of association accordingly;
- generally, enter into all agreements, in particular for the successful completion of the contemplated issues, take all measures and perform all formalities necessary for the issue, listing and financing of the securities issued pursuant to this delegation as well as the exercise of rights attached thereto.

6. Takes note that this delegation of authority replaces any prior delegation of authority relating to issuing securities providing access, immediately or over time, to a portion of the Company's share capital, with preferential subscription right, effective from this day and for the value of any unused portion of any prior delegation.

7. Takes note of the fact that, in the event that the Management Board or, in case of adoption of the sixteenth and eighteenth resolutions, the Board of Directors, should use the delegation granted to it in this resolution, the Management Board or, as the case may be, the Board of Directors, shall report to the next Ordinary Shareholders' Meeting, pursuant to Article L.225-129-V, paragraph 3, of the Code de commerce, the use it has made of the authorizations granted in this resolution.

Eleventh Resolution - Authorization for the Management Board or the Board of Directors, as the case may be, to increase share capital by issuing shares and/or other securities providing access, immediately or over time, to the Company's shares, without preferential subscription rights

The Shareholders' Meeting, having taken note of the Management Board's Report and the Auditors' Special Report, and pursuant to the provisions of Article L.225-129-III of the Code de commerce, in particular paragraph 3, and Article L.225-148 of said Code:

1. Delegates to the Management Board or, in case of adoption of the sixteenth and eighteenth resolutions, the Board of Directors, the powers necessary to increase the share capital, on one or more occasions, in a proportion and at any time that it may decide, on the French market and/or in another country and/or on the international market, through a public offering, either in euros, or in any other foreign currency or units of

Edgar Filing: VIVENDI ENVIRONNEMENT - Form 6-K

accounts based on several currencies, by issuing shares or other securities (including independent subscription warrants) issued free or for due consideration, providing access, immediately or over time, at any time or on a fixed date, to the Company's shares (to be issued or currently outstanding) by subscription, conversion, exchange, redemption, presentation of a warrant or otherwise (such securities including, in particular, bonds with equity warrants, convertible bonds and exchangeable bonds referred to and governed by Articles L.225-150 et seq., L.225-161 et seq. and L.225-168 et seq. of the Code de commerce, respectively); it being specified that the subscription of shares and other securities may be carried out either in cash, by offset of receivables, or, in full or in part, by incorporation of reserves, profits or premiums, and that issuing preferred shares with or without voting rights or of investment certificates is excluded. These securities may, in particular, be issued to provide compensation for securities contributed to the Company, in the context of an exchange offer in France or abroad according to local rules (for example in the context of an Anglo-Saxon "reverse merger") for securities meeting the conditions set by Article L.225-148 of the Code de commerce;

2. Delegate to the Management Board or, in case of adoption of the sixteenth and eighteenth resolutions, to the Board of Directors, the powers necessary to issue, in addition to the issues that might be carried out pursuant to this delegation, shares or securities representing a portion of the Company's capital to be issued following an issue by companies in which the Company directly or indirectly holds more than half of the share capital, with the consent of the latter:

- bonds issued by the Company's subsidiaries with warrants for the shares of the Company; or
- any other securities issued by the Company's subsidiaries that provide a right through conversion, exchange, redemption, presentation of a warrant or otherwise, to the granting at any time or on a fixed date, of securities that will be issued for such purpose, or are already issued, representing a portion of the Company 's capital.

This decision automatically provides, in favor of holders of securities that may be issued by the Company's subsidiaries, a waiver by the Company's shareholders of their preferential subscription rights to shares or securities to which those securities issued by the Company's subsidiaries grant rights.

Issuing shares or warrants and securities representing a portion of the Company's capital under the transactions referred to in this paragraph 2 may not in any event, without taking into account the adjustments to be made in accordance with law, result in increasing the nominal capital of the Company by more than EUR 2.5 billion, or of the equivalent of such amount, which will be imputed to the total limitation set in paragraph 3.1 below for capital increases that may be made pursuant to this delegation.

3. Decides to limit as follows the total amounts of the authorized issues in the event that the Management Board or, in case of adoption of the sixteenth and eighteenth resolutions, the Board of Directors, uses this delegation:

3.1 The maximum nominal value of the capital increases that may be carried out immediately or over time pursuant to this delegation is set at EUR 2.5 billion; it being specified that the nominal amount of any capital increase that may be carried out, directly or indirectly, pursuant to the tenth and eleventh resolutions of this meeting will be in addition to such amount;

Edgar Filing: VIVENDI ENVIRONNEMENT - Form 6-K

3.2 To this total would be added the nominal value of any additional shares that may be issued in the event of new financial transactions to preserve, in accordance with law, the rights of holders of securities granting rights to shares over time;

3.3 The maximum total nominal value for issues of debt securities providing access to the capital may not exceed EUR 4 billion or the equivalent on that day of this amount in any other currency or units of account based on several currencies; it being specified that (i) such amount is independent of the amount of the bonds and other debt instruments that may be issued pursuant to the ninth resolution of this meeting and (ii) the amount of capital increases that may be carried out in accordance with such issues of debt securities will be included in the maximum nominal value of EUR 2.5 billion referred to in paragraph 3.1 above.

4. Sets the term of validity of this delegation as twenty-six months, from the day of this meeting;

5. 6. Decides that if the subscriptions, including those of any shareholders, do not absorb the aggregate issue, the Management Board or, in case of adoption of the sixteenth and eighteenth resolutions, the Board of Directors, may restrict the amount of the transaction to the amount of subscriptions received, provided that such amount is at least three-quarters of the issue decided upon;

7. Takes note and decides, to the extent necessary, that this delegation automatically provides to holders of issued securities an express waiver by the shareholders of their preferential subscription right regarding securities to which the issued securities would give rights;

8. Decides to suppress the preferential subscription right of shareholders to shares issued through conversion of bonds or by exercise of autonomous warrants;

9. Decides, in accordance with Article L.225-136, 2 (degree) of the Code de commerce that:

- the issue price for securities (including independent warrants) other than shares, shall be the amount received by the Company increased, if necessary, by any amount likely to be received by it at a later date, or, for each share issued as a result of issuing such other securities, at least equal to the average of the corrected market

- In the event that Article L.225-136, 2 (degree) of the Code de commerce should be modified, the above provisions would be deemed cancelled and replaced by the new legal provisions applicable.

10. Decides that the Management Board or, in case of adoption of the sixteenth and eighteenth resolutions, the Board of Directors, will have all powers, including the right to sub-delegate its powers under conditions set by law, to implement this delegation, in order, in particular to:

- determine the category of securities to be issued;

- determine the method of payment for the shares or other securities to be issued immediately or over time;
- set, if necessary, the conditions of exercise of the rights attached to shares or securities to be issued and, in particular, set the date, which may be retroactive, from which the new shares will confer rights, determine the conditions of exercise of the rights, if any, to conversion, exchange, redemption, including by offering assets of the Company such as shares or securities already issued by the Company, as well as any other terms and conditions of completion of the issue;

- at its sole initiative, allocate the costs of capital increases to the amount of associated premiums and withdraw from such amount the sums necessary to raise the level of the regulatory reserve to one-tenth of the new capital after each capital increase;
- carry out any adjustments necessary in accordance with legal and regulatory provisions in order to compensate for the effect of transactions in the Company's capital, in particular by modifying the par value of the share, increasing the capital through incorporation of reserves, granting shares freely, grouping securities, distributing reserves or any other assets, amortization of the capital, or any other transaction relating to the equity capital, and set the terms and conditions according to which the rights of holders of securities that provide access to the capital over time will be ensured, as the case may be;
- declare the completion of each capital increase and amend the articles of association accordingly;
- generally, enter into all agreements, in particular for the successful completion of the contemplated issues, take all measures and perform all formalities necessary for the issue, listing and financing of the securities issued pursuant to this delegation as well as the exercise of rights attached thereto.

11. Takes note that this delegation of authority replaces any prior delegation of authority relating to issuing securities providing access, immediately or over time, to a portion of the Company's share capital, without preferential subscription right, effective from this day and for the value of any unused portion of any prior delegation.

12. Takes note of the fact that, in the event that the Management Board or, in case of adoption of the sixteenth and eighteenth resolutions, the Board of Directors, should use the delegation granted to it in this resolution, the Management Board or, as the case may be, the Board of Directors, shall report to the next Ordinary Shareholders' Meeting, pursuant to Article L.225-129-V, paragraph 3, of the Code de commerce, the use it has made of the authorizations granted in this resolution.

Twelfth Resolution - Authorization for the Management Board, or the Board of Directors, as the case may be, to increase share capital through incorporation of premiums, reserves, profits or other items

at any time that it may consider appropriate, through incorporation of premiums, reserves, profits or other amounts that may be capitalized under the law and the articles of association, by granting shares freely or increasing the par value of existing shares or by using both of these methods together. The maximum nominal value of the capital increases that may be carried out shall not exceed EUR 1 billion; it being specified that the nominal value of any capital increase that may be carried out, directly or indirectly, pursuant to the tenth and eleventh resolutions submitted to this meeting shall be in addition to such amount;

2. If the Management Board or, in case of adoption of the sixteenth and eighteenth resolutions, by the Board of Directors, should make use of this delegation of powers, it shall have all powers, with the option of sub-delegating its powers under the conditions set by law, to implement this delegation, and in particular to:

- determine the amount and nature of the sums to be incorporated to the capital, set the number of new shares to be issued and/or the amount by which the par value of the existing shares that form the share capital shall be increased, set the date, which may be retroactive, from which the new shares shall grant rights or the date on which the increase in the par value will be effective;
- decide, in case of distributions of bonus shares:
 - * that as an exemption to the provisions of Article L. 225-149 of the Code de commerce, fractional rights shall not be negotiable and that the corresponding shares shall be sold; the amounts received in the sale to be allocated to holders of rights no later than thirty days following the date of registration in their account of the full number of shares granted;
 - * to make any adjustments required in accordance with the legal and regulatory provisions;
 - * to declare the completion of each capital increase and to perform any related modifications of the articles of association;
 - * generally, to enter into all agreements, take all measures and perform all formalities necessary for the issue, listing and financing of the securities issued pursuant to this delegation as well as the exercise of rights attached thereto.

3. This authorization replaces any prior authorization granted to the Management Board to carry out capital increases through incorporation of premiums, reserves, profits or other items, effective from this day and for the value of any unused portion of any prior delegation. It is granted for a period of twenty-six months from this day.

Edgar Filing: VIVENDI ENVIRONNEMENT - Form 6-K

increase share capital, on one or more occasions, by issuing shares or other securities providing access to the Company's capital reserved for members of a company savings plan (plan d'epargne) or, if such a structure has been created, to a voluntary employee partnership savings plan (plan parternarial d'epargne salariale) of the Company and of French and foreign companies related to the Company under the conditions of Article L. 225-180 of the Code de commerce and L. 444-3 of the Code du travail for a maximum nominal value of EUR 150 million;

However, the General Meeting expressly authorizes the Management Board or, in case of adoption of the sixteenth and eighteenth resolutions, the Board of Directors, to reduce the aforementioned allowance as it deems appropriate, in particular to limit the discount granted at 15 % of the market price of the Company's share on the day of the decision setting the opening date for subscriptions within legal and regulatory limitations, in order to take into account, inter alia, locally applicable legal, accounting, tax and employment provisions. The Management Board or, in case of adoption of the sixteenth and eighteenth resolutions, the Board of Directors, may also substitute all or part of the discount by a free grant of shares or other securities in accordance with the provisions below;

3. Decides that the Management Board or, in case of adoption of the sixteenth and eighteenth resolutions, the Board of Directors may provide for a grant, for no consideration, of shares or other securities providing access to the Company's capital; it being understood that the full benefit resulting from such a grant or such discount, if any, on the subscription price, may not exceed the legal or regulatory limitations;

4. Decides that the features of the other securities providing access to the Company's capital shall be set by the Management Board or, in case of adoption of the sixteenth and eighteenth resolutions, the Board of Directors under regulatory conditions;

5. Decides to suppress the shareholders' preferential subscription right in favor of members of a company savings plan or a voluntary employee savings partnership plan, and to waive any right to the shares or other securities granted pursuant to this resolution;

6. Decides that the Management Board or, in case of adoption of the sixteenth and eighteenth resolutions, the Board of Directors, shall have all powers to implement this delegation, with the option to sub-delegate these powers under the conditions set by law, within the limitations and subject to the conditions specified above, and in particular, to:

- declare the completion of each capital increase up to the amount of the shares that are actually subscribed pursuant to this authorization;

Edgar Filing: VIVENDI ENVIRONNEMENT - Form 6-K

- if necessary, allocate the costs of capital increases to the amount of premiums related thereto and withdraw from such amount the sums necessary to raise the level of the legal reserve to one-tenth of the new capital after each capital increase;
- enter into any agreements, accomplish directly or through an agent any transactions and terms, including performing formalities following capital increases and subsequent modifications of the articles of association and, more generally, to perform all necessary actions;
- generally, enter into all agreements, in particular for the successful completion of the contemplated issues, take all measures and perform all formalities necessary for the issue, listing and financial payment of the securities issued pursuant to this delegation as well as the exercise of rights attached thereto;

7. Grants all powers to the Board of Directors, subject to adoption of the sixteenth and eighteenth resolutions, to declare, if necessary, the capital increases carried out under the authorization previously granted to the Management Board and perform all corresponding formalities.

8. Decides that this authorization replaces any prior authorization granted to the Management Board to increase the Company's share capital through issuing shares reserved for employee members of savings plans, without preferential subscription right in favor of the employees, except for capital increases carried out under an authorization previously granted to the Management Board, effective from this day and for the value of any unused portion of any prior authorization.

Fourteenth Resolution - Authorization for the Management Board, or the Board of Directors, as the case may be, to decrease the share capital by cancellation of shares held by the Company

The General Meeting, having taken note of the Report of the Management Board and the Auditors' Special Report, authorizes the Management Board or, in case of adoption of the sixteenth and eighteenth resolutions, the Board of Directors, to decrease the share capital, on one or more occasions, in any proportion and at any time that it may decide, by cancellation of any quantity of shares held by the Company that it may decide within the limits established by the law, pursuant to the provisions of Articles L.225-209 et seq. of the Code de commerce.

The maximum number of shares that may be cancelled by the Company pursuant to this authorization, during a period of twenty-four months, is ten percent (10%) of the shares forming the Company's capital; it being recalled that this limitation shall apply to the Company's capital as adjusted, if necessary, to reflect transactions affecting the share capital subsequent to this General Meeting.

This authorization replaces any prior authorization granted to the Management Board to decrease the Company's share capital through cancellation of treasury shares, effective from this day and to the amount of any unused portion of any prior authorization. It is granted for a period of twenty-six months from this day.

The Shareholders' Meeting grants all powers to the Management Board or, in case of adoption of the sixteenth and eighteenth resolutions, to the Board of Directors, with an option to sub-delegate, to carry out the operation(s) of cancellation and decrease of capital that may be carried out pursuant to this authorization, and consequently to modify the articles of association and to perform all formalities.

Fifteenth Resolution - Change in the corporate name

The Shareholders' Meeting, having taken note of the Report of the Management Board, decides to adopt as corporate name, [____], from this day, and accordingly modifies Article 2 of the Articles of Association, as follows:

"Article 2 - Name.

The name of the company is: [____]

The abbreviated name is: [____]

In all deeds and documents issued by [____], ([____] is hereinafter referred to as: "the Company") and directed to third parties, this name must be preceded or immediately followed by the words "a Public Limited Company with a Management Board and a Supervisory Board" ("Societe Anonyme a directoire et conseil de surveillance") and the amount of the Company's share capital.

The Shareholders' Meeting, at the proposal of the Management Board, and having taken note of its Report, decides to modify the Company's management structure to adopt the structure with a Board of Directors.

Seventeenth Resolution - Capital decrease, not based on losses, through decrease of the par value of the shares

1. The General Meeting, having taken note of the Report of the Management Board, decides to add to Article 24 of the Articles of Association a final paragraph drafted as follows:

"Article 24 - Allocation of profits

The Extraordinary Shareholders' Meeting may decide to carry out a capital decrease not based on losses through a decrease in the par value of the share. The amount of the capital decrease, i.e. the difference between the former par value and the new par value, multiplied by the number of existing shares, shall recorded in an issue premium account; it being understood that this amount may not be distributed. Nevertheless, it may subsequently be reincorporated into the capital or used to amortize corporate losses."

2. The General Meeting, having taken note of the Report of the Management Board and the Auditors' Special Report, decides to carry out a capital decrease, not based on losses, in an amount of EUR 3,443,098,901.50, by decreasing the par value of the 405,070,459 existing shares from EUR 13.50 to EUR 5.

The amount of the capital decrease, i.e. the difference between the former par value and the new par value, multiplied by the number of existing shares, shall be recorded on the liabilities side of the balance sheet in the "issue premium" account. This amount cannot be distributed but may subsequently be reincorporated into the capital or used to amortize corporate losses.

This decrease in capital is decided on condition that there is no objection formed, within the periods established by law, by creditors (or representatives of bondholders, if any) whose claim is prior to the date of filing of the minutes of decision of this Shareholders' Meeting with the clerk, or that any objection(s) so formed is/are dismissed by the Tribunal de Commerce (Commercial

Court) of Paris.

Consequently, the General Meeting authorizes the Management Board or, in case of adoption of the sixteenth and eighteenth resolutions, the Board of Directors, with the option to sub-delegate to its Chairman the powers necessary to declare the decrease in share capital, to adjust, in proportion to the decrease in the par value of the shares, the maximum nominal value of the capital increases that may be carried out pursuant to delegations granted under the tenth, eleventh, twelfth and thirteenth resolutions and to perform the following modifications of the Articles of Association:

- addition of a final paragraph to Article 6 of the Articles of Association:

"During the Shareholders' Meeting of April 30, 2003, the capital was reduced by EUR 3,443,098,901.50, from EUR 5,468,451,196.50 to EUR 2,025,352,295 through a decrease in the par value of the Company's shares from EUR 13.5 to EUR 5."

- new drafting of Article 7 of the Articles of Association:

"The share capital is set at EUR 2,025,352,295 divided into 405,070,459 shares of par value EUR 5 each."

Eighteenth Resolution - Global amendment to the Articles of Association

ARTICLE 8 - PAYING UP OF SHARES

The shares are issued and paid up in accordance with the provisions of the law.

Edgar Filing: VIVENDI ENVIRONNEMENT - Form 6-K

ARTICLE 9 - FORM OF SHARES

- A) When the shares are fully paid up, they may be in registered or bearer form, at the discretion of the shareholder, subject to any contrary provision of the laws and regulations in force. Until the shares are fully paid up, they must be in registered form.

The shares are entered in their owner's name in the Company's books or with an approved intermediary, in accordance with the conditions and modalities laid down by law.

When the domicile of the owner of the securities is not in the French territory, any intermediary may be registered on behalf of such owner. Such registration may be made in a collective account or in several individual accounts, each corresponding to one owner.

The registered intermediary is obliged, when its account is opened with either the issuing company or the approved financial intermediary-account keeper, to declare that it is an intermediary holding securities on behalf of someone else, in accordance with the provisions of law and regulations.

In order to identify holders of bearer securities, the Company shall have the right, within the provisions of law and regulations and subject to the sanctions of the French Commercial Code, to request at any time that any organisation or intermediary provide whatever information may be needed to identify shareholders or owners of Company securities that confer a right, immediately or after a time, to vote in its meetings of shareholders and, in particular, to determine the number of securities held by each of them.

For registered securities that provide access to the capital, immediately or after a time, the intermediary registered under the conditions provided for by the French Commercial Code is obliged to disclose the identity of the owners of such securities, upon simple request of the Company or its agent, which may be presented at any time. Following the information request referred to above, the Company may ask any legal entity owning such shares and owning interests exceeding 2.5% of the capital or voting rights, to provide the identities of the persons directly or indirectly holding more than one-third of the capital or voting rights of the legal entity that owns the Company's shares. Non-compliance by holders of securities or intermediaries with the obligation described above to communicate information may, under the conditions established by law, lead to the suspension, or even the removal, of the voting right and the right to receive the dividend attached to the shares.

- B) In addition to the thresholds provided for by laws and regulations in force, any person, whether acting alone or in concert, who comes to own or ceases to own, directly or indirectly, a fraction - of the capital or voting rights or of securities giving access to the capital of the Company after a time - equal to or greater than 0.5 % or a multiple of this fraction, shall be required to notify the Company by registered letter with return receipt, within a period of fifteen days from the date on which one of these thresholds is crossed, specifying its own identity and that of the persons acting in concert with it, and the total number of shares, voting rights or securities giving access to the capital after a time, which the said person possesses alone, directly or indirectly or in concert.

Failure to comply with the foregoing provisions shall be penalised, upon request of one or more shareholders holding at least 0.5% of the capital

Edgar Filing: VIVENDI ENVIRONNEMENT - Form 6-K

of the Company, by the removal of the voting rights of the shares that are not declared in respect of each Shareholders' Meeting until the second anniversary of the date the required notice is given. Any penalty request shall be noted in the minutes of the General Meeting.

The intermediary registered as holder of securities in accordance with the third paragraph of Article L.228-1 of the French Commercial Code is obliged, without prejudice to the obligations of owners of shares, to make the statements provided for in this article, for all the securities for which it is registered in an account.

Failure to comply with this obligation may entail the application of the sanctions set forth in Article L.228-3-3 of the French Commercial Code.

ARTICLE 10 - ASSIGNMENT AND TRANSFER OF SHARES

The shares shall be freely negotiable, unless otherwise provided in the laws or regulations.

The transfer of shares, whether gratuitously or for a consideration, shall be effected, whatever their form, by a transfer from one account to another, in accordance with the modalities laid down by law.

ARTICLE 11 - RIGHTS AND OBLIGATIONS ATTACHING TO SHARES

- 1 - Each share shall confer the right to a portion of the profits or capital proportional to the amount of the capital which it represents and shall confer the right to vote and be represented in the General Meetings, in accordance with the conditions laid down by the law and these Articles of Association.

Every shareholder shall have the right to be informed about the course of the Company's business and to have certain business documents communicated at the times and subject to the conditions laid down by the law and these Articles of Association.

- 2 - The shareholders shall be liable for losses only to the extent of their contributions to the share capital.

Unless otherwise provided by the law or these Articles of Association, no majority can impose an increase in their commitments. In the event of any change of ownership, the rights and obligations attaching to a share are transferred to the new owner.

Possession of a share automatically implies full adherence to the resolutions of the General Meeting and to these Articles of Association.

- 3 - Whenever it is necessary to be in possession of a certain number of shares in order to exercise some right in the event of an exchange, restructuring or allocation of shares, or in the event of an increase or decrease in capital, a merger or any other operation, shareholders in possession of a number of shares lower than the number required to exercise such rights may exercise the said rights only if they themselves obtain the required number of shares.

The shares are indivisible with regard to the Company.

ARTICLE 12 - BOARD OF DIRECTORS

The company is managed by a Board of Directors made up of directors elected by

Edgar Filing: VIVENDI ENVIRONNEMENT - Form 6-K

the General Meeting of Shareholders. The Board of Directors shall consist of a minimum of three and a maximum of eighteen directors, except for any derogation from these numbers that may result from the provisions of law.

The directors shall be appointed by the Ordinary General Meeting, and may be dismissed by it at any time. Each director must be the owner, or must become the owner within three months of his appointment, of at least 750 registered Company shares. This provision does not apply to employee shareholders appointed as directors pursuant to the law, if any.

The members of the Board of Directors shall be appointed by the Ordinary General Meeting for a term of six years. They may be re-elected. The Board of Directors will be renewed every three years, such renewal to affect half of the members of the Board of Directors if the Board is made up of an even number of directors or half of the members adjusted to the next higher unit at the end of the first three years if the board is made up of an odd number of directors. For application of this provision, the withdrawal order of the directors will be determined during the first meeting of the Board of Directors by the unanimous vote of the members present or represented or, if the vote is not unanimous, by drawing lots during the meeting. Once the withdrawal order is established, renewal will take place by seniority of appointment. The term of office of directors designated or chosen by lot for withdrawal will automatically become null and void.

A director appointed to replace another director whose term of office has not expired, will exercise his duties only for the remaining term of office of his predecessor.

At the end of each Annual General Meeting, no more than one third of the members of the Board of Directors in office may be over seventy years old.

Except for termination of the employment contract, resignation, dismissal or death, the appointment of an employee director shall end at the end of the Ordinary General Meeting of Shareholders called to approve the accounts for the prior financial year and held in the year during which the term of office of such employee director expires.

If one or more positions on the Board of Directors should become vacant due to death or resignation, then the Board of Directors may make provisional appointments during the period between two General Meetings. The provisional appointments made by the Board of Directors shall then be subject to ratification by the next Ordinary General Meeting.

Each director undertakes to comply with the obligations that become theirs in this capacity and, in particular, those that limit the number of corporate offices they may hold.

ARTICLE 13 - CHAIRMAN OF THE BOARD OF DIRECTORS

The Board of Directors shall elect, from among the natural persons who are members, a Chairman and may, as needed, elect one or two Vice-Chairmen. It shall determine their term of office, which shall not exceed that of the designated person's term of office as director. Regardless of the term for which they are granted, the positions of Chairman and of Vice-Chairmen, if any, shall expire no later than at the end of the meeting of the Ordinary General Meeting of Shareholders having considered the accounts for the prior financial year and held in the year during which the designated person reaches the age of seventy.

The Board of Directors shall determine its Chairman's compensation.

The Board shall be chaired by the Chairman or, if he is absent, by the eldest of

Edgar Filing: VIVENDI ENVIRONNEMENT - Form 6-K

the Vice-Chairmen attending the meeting or, by default, by a director chosen by the Board at the beginning of the meeting.

In case of temporary impediment or death of the Chairman, the Board of Directors may delegate to a Vice-Chairman or a director the duties of Chairman for a limited term. In case of death, this delegation shall be valid until the election of a new Chairman.

The Chairman of the Board of Directors represents the Board of Directors. He organizes and conducts the works of the Board, and reports on the work of the Board to the General Meeting. He supervises the functions of the Company's management organs and ensures, in particular, that the directors are able to fulfil their responsibilities.

ARTICLE 14 - ORGANIZATION OF THE BOARD OF DIRECTORS

The Board of Directors shall meet as often as the Company's interest requires.

The directors are convened to the Board of Directors' meetings by the Chairman, to be held either at the registered office, or at any other place mentioned in the notice of meeting. The agenda may be determined only at the time of the meeting. When a meeting has not been held for more than two months, a number equal to at least one-third of the members of the Board of Directors may ask the Chairman to call the meeting for a specific agenda. In case of dissociation of the positions of Managing Director and Chairman of the Board of Directors, the Managing Director may also request that the Chairman call the Board of Directors for a specific agenda.

The notices of meeting are made by any means, even orally.

The deliberations are made under the quorum and majority conditions provided for by law. In case of a tie vote, the Chairman of the meeting shall have the deciding vote.

Directors attending the meeting by videoconference or any other means that may be recognized by the law in force are deemed to be present, within the limits provided for by law, for purposes of calculating quorum and majority.

An attendance register is kept and signed by the directors attending the Board of Directors' meeting that shall also mention the name of directors deemed to be present, if any.

The Board appoints the person acting as secretary, who need not be a member.

A director may grant a written proxy to another director to represent him at a meeting of the Board of Directors. During each meeting, each director may exercise only one proxy.

The Employees' Committee shall be represented at the Board's meetings under the terms and conditions provided for by the laws in force.

ARTICLE 15 - MINUTES

The discussions of the Board of Directors are described in minutes prepared in a special register or on numbered loose leaves, under the conditions laid down by the laws in force. In addition to the information required by law, the minutes are signed by the Chairman of the meeting and at least one director; in case of impediment of the Chairman of the meeting, the minutes are signed by at least two directors.

The Board of Directors may authorize the Managing Director to grant guarantees, endorsements and sureties in the Company's name, subject to a total limitation amount set by the Board, .

ARTICLE 17 - COMMITTEES

ARTICLE 18 - REMUNERATION OF THE MEMBERS OF THE BOARD OF DIRECTORS

The General Meeting may allocate to the directors, as directors' fees, a fixed annual sum, the amount of which shall be determined by the General Meeting, which shall not be bound by the provisions of the Articles of Association or by prior decisions. The Board of Directors may divide the total sum allocated among the members at its discretion.

The Board of Directors may also allocate exceptional compensation to the directors in the circumstances and under the conditions established by law.
