PRESS RELEASE

Paris, June 24, 2009. Veolia Environmental Services has announced that it has entered exclusive discussions with the TFN group with a view to the possible disposal of Veolia Propreté Nettoyage et Multiservices (VPNM).

TFN has submitted a firm bid of 120 million (enterprise value) to acquire 100% of the company's shares, representing nearly 9 times 2008 EBITDA.

Veolia Environmental Services will consider this bid carefully. If it is accepted, and after consulting the staff representation bodies and approval by the competent regulatory bodies, the disposal could take place in the course of the second half of 2009.

This deal would form part of the 1 billion disposal program for 2009 announced by Veolia Environnement on March 6, 2009.

Veolia Environnement (Paris Euronext: VIE and NYSE: VE) is the worldwide reference in environmental services. With more than 330 000 employees the company has operations all around the world and provides tailored solutions to meet the needs of municipal and industrial companies in four complementary segments: water management, waste management, energy management and freight and passenger transportation. Veolia Environnement recorded revenue of 36.2 billion in 2008.
