Note: The Management's Discussion and Analysis of Financial Position and Results of Operations included in this report discloses free cash flow, a non-GAAP measure, which we define as net cash provided by continuing operating activities, less purchase of fixed assets. We report free cash flow to enable investors to differentiate between cash generated by our ongoing business operations and cash generated or used by events or transactions unrelated to these ongoing operations. Free cash flow should not be considered by an investor as an alternative to net earnings as a measure of operating performance or cash provided by continuing operating activities as a measure of liquidity.
