MANAGEMENT PROXY CIRCULAR

(All dollar amounts expressed herein are U.S. dollars)

PART I VOTING

SOLICITATION OF PROXIES

This Management Proxy Circular (the *Circular*) is forwarded to holders of Class B voting shares (the *Class B Shares*) and Class A non-voting shares (the *Class A Shares*) of Oppenheimer Holdings Inc. (the *Corporation*) in connection with the solicitation of proxies by the management of the Corporation from the holders of the Class B Shares for use at the Annual and Special Meeting of Shareholders of the Corporation (the *Meeting*) to be held on May 5, 2008, at the hour of 4:30 p.m. (Toronto time) at The Toronto Board of Trade Downtown Centre, 4th Floor, 1 First Canadian Place, 77 Adelaide St. West, Toronto, Ontario, Canada and at any adjournments thereof for the purposes set forth in the Notice of Meeting of Shareholders (the *Notice of Meeting*) which accompanies this Circular. This Circular is dated March 14, 2008 and is first being mailed to Shareholders on or about March 26, 2008.

The record date for the determination of shareholders entitled to receive notice of the meeting is March 14, 2008. In accordance with the provisions of the *Canada Business Corporations Act* the Corporation will prepare a list of holders of Class B Shares (*Class B Shareholders*) as of the record date. Class B Shareholders named in the list will be entitled to vote the Class B Shares on all matters to be voted on at the Meeting except to the extent that (a) the shareholder has transferred any of the shareholder's Class B Shares after the record date and (b) the transferee of those shares produces properly endorsed share certificates or otherwise establishes that the transferee owns such shares and demands, not later than immediately before a vote on any matter, that the transferee's name be included in the list, in which case the transferee of the Class B Shares will be entitled to vote such shares at the Meeting.

It is planned that the solicitation will be initially by mail, but proxies may also be solicited by employees of the Corporation. The cost of such solicitation, estimated to be approximately \$25,000, will be borne by the Corporation.

No person is authorized to give any information or to make any representation other than those contained in this Circular and, if given or made, such information or representation should not be relied upon as having been authorized by the Corporation. The delivery of this Circular shall not, under any circumstances, create an implication that there has not been any change in the information set forth herein since the date of this Circular. Except as otherwise stated, the information contained in this Circular is given as of March 14, 2008.

The Corporation has distributed copies of its Annual Report for the year ended December 31, 2007, the Notice of Meeting, this Circular, and, in the case of Class B Shareholders, a form of proxy for use by the Class B Shareholders to intermediaries such as clearing agencies, securities dealers, banks and trust companies or their nominees for distribution to non-registered shareholders of the Corporation whose shares are held by or in the custody of such intermediaries. Intermediaries are required to forward these documents to non-registered Class B Shareholders. The solicitation of proxies from non-registered Class B Shareholders will be carried out by the intermediaries, or by the Corporation if the names and addresses of Class B Shareholders are provided by the intermediaries. The cost of such solicitation will be borne by the Corporation. Non-registered Class B Shareholders who wish to file proxies should follow the instructions of their intermediary with respect to the procedure to be followed. Generally, non-registered Class B Shareholders will either: (a) be provided with a proxy executed by the intermediary, as the registered shareholder, but otherwise uncompleted and the non-registered holder may complete the proxy and return it directly to

the Corporation's transfer agent; or (b) be provided with a request for voting instructions by the intermediary, as the registered shareholder, then the intermediary must send to the Corporation's transfer agent an executed proxy form completed in accordance with any voting instructions received by it from the non-registered holder and may not vote in the event that no instructions are received.

Table of Contents

CLASS A SHARES AND CLASS B SHARES

The Corporation has authorized and issued Class A Shares and Class B Shares which are equal in all respects except that holders of Class A Shares (Class A Shareholders), as such, are not entitled to vote at meetings of shareholders of the Corporation unless entitled to vote by law, pursuant to the Corporation's Articles of Continuance or as may be required by regulatory authorities. Class A Shareholders are not entitled to vote the Class A Shares owned or controlled by them on the matters identified in the Notice of Meeting to be voted on.

Generally, Class A Shareholders are entitled to receive notices of all meetings of shareholders of the Corporation and to attend and speak at such meetings. In addition to notices of shareholders' meetings, Class A Shareholders are entitled to receive all informational documentation sent to the Class B Shareholders of the Corporation.

Class B Shareholders are entitled to one vote for each Class B Share held at all meetings of shareholders except meetings at which only the holders of a specified class of shares other than the Class B Shares are entitled to vote.

In the event of either a take-over bid or an issuer bid (as those terms are defined in the Securities Act of Ontario) being made for the Class B Shares and no corresponding offer being made to purchase Class A Shares, the Class A Shareholders would have no right under the articles of the Corporation or under any applicable statute to require that a similar offer be made to them to purchase their Class A Shares.

APPOINTMENT AND REVOCATION OF PROXIES

The persons (the Management Nominees) named in the form of proxy provided to Class B Shareholders are directors and officers of the Corporation.

Class B Shareholders have the right to appoint persons, other than the Management Nominees, who need not be shareholders to represent them at the Meeting. To exercise this right, the Class B Shareholder may insert the name of the desired person in the blank space provided in the form of proxy accompanying this Circular or may submit another form of proxy.

Class B Shares represented by properly executed proxies will be voted by the Management Nominees on any ballot that may be called for, unless the shareholder has directed otherwise, (i) for the election of Directors (Item 2 in the Notice of Meeting), (ii) for the appointment of auditors and authorizing the directors to fix the remuneration of the auditors (Item 3 in the Notice of Meeting), and (iii) for the resolution authorizing the issue of Class A Shares to the Oppenheimer & Co. Inc. Employee Share Plan (Item 4 in the Notice of Meeting).

It is not intended to use the proxies solicited from Class B Shareholders for the purpose of voting upon the consolidated financial statements of the Corporation for the year ended December 31, 2007, or the report of the auditors thereon.

Each form of proxy confers discretionary authority with respect to amendments or variations to matters identified in the Notice of Meeting to which the proxy relates and other matters which may properly come before the Meeting. Management knows of no matters to come before the Meeting other than the matters referred to in the Notice of Meeting. However, if matters which are not known to the management should properly come before the Meeting, the proxies will be voted on such matters in accordance with the best judgment of the person or persons voting the proxies.

A Class B Shareholder who has given a proxy has the power to revoke it prior to the commencement of the Meeting by depositing an instrument in writing executed by the Class B Shareholder or by the Class B Shareholder's attorney authorized in writing either at the registered office of the Corporation at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, or with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof or in any other manner permitted by law. A Class B Shareholder who has given a proxy has the power to revoke it after the commencement of the Meeting as to any matter on which a vote has not been cast under the proxy by delivering written notice of revocation to the Chairman of the Meeting.

A Class B Shareholder who has given a proxy may also revoke it by signing a form of proxy bearing a later date and returning such proxy to the Secretary of the Corporation at the registered office of the Corporation prior to the commencement of the Meeting.

Shareholders have no appraisal rights for any of the matters to be acted upon at the Meeting.

Abstentions and broker non-votes will have no effect with respect to the matters to be acted upon at the Meeting.

PART II PARTICULARS OF MATTERS TO BE ACTED UPON

1. 2007 ANNUAL REPORT TO SHAREHOLDERS

The Consolidated Financial Statements and Management's Discussion and Analysis of Financial Condition and Results of Operations for the year ended December 31, 2007, are included in the Annual Report, which has been mailed to shareholders with the Circular. These consolidated financial statements are also available on the Corporation's website at www.opco.com and regulatory websites at www.sedar.com (for SEDAR filings) or www.sec.gov (for EDGAR filings).

2. ELECTION OF DIRECTORS

The Corporation's Articles of Continuance provide that the Board of Directors of the Corporation consists of no less than five and no more than fifteen directors to be elected annually. The term of office for each director is from the date of the meeting at which the director is elected until the close of the next annual meeting of shareholders or until his or her successor is duly elected or appointed, unless his or her office is earlier vacated in accordance with the by-laws of the Corporation.

The Nominating/Corporate Governance Committee of the Board (the Committee) assessed the composition and size of the Board and determined a need to add two additional directors to the board in addition to the incumbent directors. Accordingly, a search was conducted and prospective director candidates interviewed resulting in the nomination of Messrs. Ehrhardt and Keehner, each of whom it has been determined is independent, for election at the Meeting.

The Committee has recommended and the directors have determined that nine directors are to be elected at the Meeting. Management does not contemplate that any of the nominees named below will be unable to serve as a director, but, if such an event should occur for any reason prior to the Meeting, the Management Nominees reserve the right to vote for another nominee or nominees in their discretion. The following sets out information with respect to the proposed nominees for election as directors as recommended by the Committee, in accordance with the Nominating/Corporate Governance Committee Charter (available at www.opco.com). The Committee has reported that it is satisfied that each of the nominees is fully able and fully committed to serve the best interests of the Corporation's shareholders. The election of the directors nominated requires the affirmative vote of a simple majority of the Class B Shares voted at the meeting.

3. APPOINTMENT OF AUDITORS

The Audit Committee has nominated PricewaterhouseCoopers LLP for reappointment as auditors of the Corporation for the 2008 fiscal year. The appointment of auditors requires the affirmative vote of a simple majority of the Class B Shares voted at the Meeting.

PRINCIPAL ACCOUNTING FEES AND SERVICES

The following information is provided in accordance with the requirements of Item 9(e) of Schedule 14A of the United States Securities Exchange Act of 1934, as amended (the Exchange Act), Principal Accounting Fees and Services .

PricewaterhouseCoopers LLP has served as the auditors of the Corporation since 1993. PricewaterhouseCoopers LLP has advised the Corporation that neither the firm nor any of its members or associates has any direct financial interest or any material indirect financial interest in the Corporation or any of its affiliates other than as accountants.

The fees billed to the Corporation and its subsidiaries by PricewaterhouseCoopers LLP during the years 2007 and 2006 were as follows:

	Year ended December 31,	
	2007	2006
Audit fees	\$ 915,000	\$ 1,100,000
Audit-related fees	Nil	Nil
Tax fees	8,600	8,000
All other fees	Nil	Nil
	\$ 923,600	\$ 1,108,000

The audit fees include the fees for the audit of the Corporation's annual consolidated financial statements for the year 2007 and the review of the quarterly financial statements included in the Forms 10-Q filed by the Corporation and the interim reports to shareholders sent to shareholders during the year. During 2006 and 2007, the Corporation retained Ernst & Young LLP to provide tax related services to the Corporation. PricewaterhouseCoopers LLP provides tax compliance services for the Corporation in Canada. The Corporation retained Plante Moran, PLLC to perform the audit of the Oppenheimer & Co. 4. SHARE-BASED COMPENSATION ARRANGEMENTS

The matter referred to below involves the approval of the issue of Class A Shares to or for the benefit of employees of the Corporation and its subsidiaries as part of their compensation. It is a requirement of the New York Stock Exchange (the NYSE) that this matter be approved by the holders of the Class B Shares.

Issue of Class A Shares to the Oppenheimer & Co. Inc. Employee Share Plan

On May 9, 2005, the Class A and Class B Shareholders approved the Oppenheimer & Co. Inc. Employee Share Plan (the ESP) for employees of the Corporation and its subsidiaries providing up to 750,000 Class A Shares to be issued from Treasury as part of employee compensation at market price on the date the award is conferred. The award of Class A Shares under the ESP is a significant component of the Corporation's compensation program for key employees of the Corporation and its subsidiaries. The award of stock to key employees is intended to align their interests with those of the Class A Shareholders. Accordingly, the number of Class A Shares underlying existing share-based arrangements and reserved for future arrangements as a percentage of the Corporation's issued Class A and Class B Shares might be perceived as being relatively high. The Board and the Compensation and Stock Option Committee recognize this and have adopted a policy of maintaining the percentage of reserved stock for share-based awards to not more than 20% of the number of issued Class A and Class B Shares.

As of March 14, 2008, the Corporation has awarded 631,498 Class A Shares pursuant to the ESP as part of employee compensation which is designed both to reward past performance, to induce potential employees to accept employment and to retain key employees. It is anticipated, particularly with the Corporation's recent acquisition of a substantial part of CIBC's U.S. Capital Markets Businesses, that a further 380,000 Class A Shares will be required for the ESP for the next several years.

Accordingly, Class B Shareholders are being asked to consider and, if deemed advisable, pass the resolution which appears below authorizing the issue, from time to time, of up to an additional 380,000 Class A Shares to the ESP at the closing NYSE price on the dates of conditional issue.

RESOLVED THAT:

1. The issue by the Board of Directors of the Corporation, from time to time, of up to an aggregate of 380,000 Class A non-voting shares of the Corporation to the Oppenheimer & Co. Inc. Employee Share Plan at the closing price per share on the New York Stock Exchange of the Class A non-voting shares on the date of issue be and they are hereby authorized.
2. The proper officers and directors of the Corporation be and they are hereby authorized and directed to take all such action and execute all such documents as are necessary to implement the terms of this resolution.

To be effective this resolution must be passed by the affirmative vote of a simple majority of the votes cast by the Class B Shareholders at the meeting.

PART IV COMPENSATION AND OTHER MATTERS

The information provided under this Part IV is required by Item 402 Executive Compensation of Regulation S-K under the Exchange Act.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

The following Compensation Discussion and Analysis describes the material elements of compensation for the Corporation's named executive officers identified in the Summary Compensation Table (the Named Executives). The Compensation and Stock Option Committee of the Board (the Compensation Committee) makes all decisions for the total direct compensation (that is, the base salary, bonus awards, stock options and stock awards) of the Corporation's executive officers, including the Named Executives. The Compensation Committee's recommendations for the total direct compensation of the Corporation's Chief Executive Officer (the CEO) are subject, in part, to the Performance-Based Compensation Agreement, Amended and Restated March 15, 2005, which was included as Schedule E in the Corporation's Proxy Circular dated March 24, 2005 and which received shareholder approval on May 9, 2005 (the Performance-Based Compensation Agreement).

The day-to-day design and administration of health benefits, the deferred compensation plans and the 401(k) plan and other employee benefits plans and policies applicable to salaried U.S.-based employees in general are handled by Oppenheimer's Human Resources, Finance and Legal Departments. The Compensation Committee remains responsible for certain fundamental changes outside the day-to-day requirements necessary to maintain these plans and policies.

The Corporation has adopted a Compensation and Stock Option Committee Charter which is posted on the Corporation's website www.opco.com. The processes and procedures of the Compensation Committee are discussed below as is the role of the Compensation Committee in dealing with the Chief Executive Officer's compensation and the compensation of other Named Executives. Under its Charter, the Compensation Committee is required to discharge the Board's responsibilities relating to compensation of the Corporation's senior executive officers and to report thereon to shareholders in the Corporation's Annual Management Proxy Circular. The Compensation Committee considers recommendations from the Chief Executive Officer with respect to the compensation of Named Executives other than the Chief Executive Officer.

For the purposes of determining 2007 executive compensation, the Compensation Committee did not retain compensation consultants although it is open to the Compensation Committee to retain compensation consultants when deemed necessary.

Objectives and Policies

The Committee's objective is to provide a competitive compensation program with appropriate incentives for superior performance, thereby providing a strong and direct link between corporate and individual performance and compensation. The Corporation's compensation policy with respect to its Named Executives has the following stated objectives:

recruit, motivate, reward and retain the high performing executive talent required to create superior long-term total shareholder returns in comparison to its peer group;

reward executives for short-term performance as well as the growth in enterprise value over the long-term;

provide a competitive package relative to industry-specific and general industry comparisons; and

ensure effective utilization and development of talent by working in concert with other management processes for example, performance appraisal, succession planning and management development.

The Corporation's compensation program for senior executive officers, including the Named Executives, consists of the following key elements: a base salary, an annual bonus, grants of share-based compensation (stock options and/or stock awards) and, in the case of the CEO, the Performance-Based Compensation Agreement.

Table of Contents

In arriving at its recommendations concerning the specific components of the Corporation's compensation program, the Compensation Committee considers certain public information about the compensation paid by a group of comparable public U.S. broker-dealers. To this end, the Compensation Committee reviewed the published information provided in the 2007 proxy circulars filed by: Raymond James Financial Inc., Knight Capital Group, Inc., Piper Jaffray Companies, Stifel Financial Corp., SWS Group Inc., Ladenberg Thalman Financial Services Inc., Labranche Sanders Morris Harris and First Albany Companies Inc. Approximately half of this peer group had a higher market capitalization than the Corporation and approximately half of the peer group had a lower market capitalization at the time of the review. The information provided by this peer review was used to ensure that the Corporation's compensation is generally competitive with the industry. The Compensation Committee does not have any formal benchmarking strategy or any specific targets. The goal of the Compensation Committee is to provide the compensation structure to enable the Corporation to retain and reward the executive officers that it believes are critical to its long-term success. The Compensation Committee also structures compensation to ensure that a portion of the Named Executives' compensation is directly related to corporate performance and other factors that directly and indirectly influence shareholder value.

The Compensation Committee believes incentive compensation (annual bonus and to a lesser extent, share-based awards) should comprise between 65% to 95% of total compensation for the named executives because:

these executive officers are in positions to influence corporate direction;

his/her compensation is at risk in proportion to financial results that warrant such payments;

tying the majority of total compensation to incentive payments helps ensure focus on the Corporation's goals; and

the volatile nature of the Corporation's market-driven business should be reflected in compensation.

Generally, the Compensation Committee's approach has been to approve total compensation including the annual bonus for the Corporation's Named Executives. The Compensation Committee does not necessarily grant share-based awards on an annual basis to employees, including the Named Executives, but considers the number of outstanding share-based awards already awarded to the employee when determining total compensation in any year. Upon the expiration of an employee's share-based awards, the Compensation Committee makes the determination whether or not to grant new awards and on what terms. All share-based awards are priced at grant date fair value. The Compensation Committee believes that, as shareholders, the Named Executives will be motivated to consistently deliver financial results that build wealth for all shareholders over the long-term. The adoption of Statement of Financial Accounting Standards (SFAS) 123(R), Share-Based Payment, on January 1, 2006, requires the Corporation to expense stock options. During 2006 and 2007, the Corporation granted only a very limited number of stock options and none to the Named Executives. The Compensation Committee is cognizant of the impact of SFAS 123(R) on the Corporation's financial results and will strive to balance the granting of stock options and stock awards with the other objectives of executive compensation set forth above. See discussion under Stock Option Grants and Stock Awards, below.

The Compensation Committee believes that this approach best serves the interests of shareholders by enabling the Corporation to structure compensation in a way that meets the requirements of the highly competitive environment in which the Corporation operates, while ensuring that senior executive officers are compensated in a manner that advances both the short and long-term interests of the Corporation and its shareholders. The Compensation Committee is limited in its ability to make share-based awards due to the relatively small number of outstanding Class A Shares of the Corporation and its policy that share-based compensation not exceed 20% of the outstanding Class A Shares. At March 14, 2008, the Corporation had shareholder approval to award 2,276,057 Class A Shares pursuant to its share-based awards plans (17% of its outstanding Class A and Class B Shares), of which 1,669,919 Class A Shares are

the subject of current share-based compensation arrangements and subject to vesting requirements. Assuming approval of the authorization of a further 380,000 Class A Shares for issue under the ESP at the Meeting, the number of Class A Shares available to share-based awards plans would represent 20% of the Corporation's outstanding Class A and Class B Shares.

Compensation for the Corporation's senior executive officers, except the CEO, involves a significant component of remuneration which is contingent on the performance of both the senior executive officer and the Corporation: the annual bonus (which permits individual performance to be recognized on an annual basis, and which is based, in significant part, on an evaluation of the contribution made by the officer) and share-based awards (which directly relate a portion of compensation to stock price appreciation realized by the Corporation's shareholders).

Table of Contents

Determination of 2007 compensation

The Compensation Committee, with recommendations from the CEO, determined all compensation for each Named Executive, except the CEO, for 2007. See discussion of CEO compensation below.

The Compensation Committee determines each Named Executive's annual salary, annual bonus and share-based awards by reference to the executive's position, responsibilities and performance. Some of the factors considered by the Compensation Committee are:

the position's responsibilities relative to the Corporation's total earnings, use of invested capital, and the stable generation of earnings and cash flows, and

the position's impact on key strategic initiatives.

The CEO assessed each Named Executive's (other than the CEO) performance under the performance assessment policies, and the Compensation Committee assessed the CEO's performance. The Corporation's performance assessment policy rates performance in different competencies, as follows:

strategic thinking,

integrity,

managing employee performance and morale,

financial responsibility,

achievement focus,

business judgment,

planning & organization,

leadership,

mentoring,

relationship building,

compliance with regulatory requirements and company policies,

profitability of business unit, if applicable,

conflict resolution, and

communications.

Base Salary. Salaries paid to senior executive officers (other than the CEO) are reviewed annually by the Compensation Committee considering recommendations made by the CEO to the Compensation Committee, based upon the CEO's assessment of the nature of the position, and the skills, experience and performance of each senior

executive officer, as well as salaries paid by comparable companies in the Corporation's industry. The Compensation Committee then makes recommendations to the Board with respect to base salaries. Base salaries paid to senior executive officers in 2007 were not increased from 2006 levels.

Annual Bonus. Bonuses paid to senior executive officers (other than the CEO) are reviewed annually by the Compensation Committee considering recommendations made by the CEO to the Compensation Committee, based upon the CEO's assessment of the performance of the Corporation and his assessment of the contribution of each senior executive to that performance. The Compensation Committee then makes recommendations to the Board with respect to bonuses. Annual bonuses for senior executive officers were higher in 2007 compared to 2006 in recognition of both the improvement in the Corporation's earnings in 2007 compared to 2006 and in recognition of the individual's contribution to those results. In addition, the Compensation Committee sought to recognize the contribution in fiscal 2007 of the Corporation's most senior executive officers in effecting the consummation of the acquisition on January 14, 2008 of a large portion of the U.S. Capital Markets Business of CIBC World Markets Corp. The acquisition is described in note 20 to the Corporation's financial statements for the year ended December 31, 2007. Senior executive officers, including the

Table of Contents

CEO, of Oppenheimer have the right to elect to defer a portion of their annual bonus and performance-based compensation under Oppenheimer's Executive Deferred Compensation Plan, a non-qualified unfunded plan.

Stock Option Grants. Under the Corporation's 2006 Equity Incentive Plan (the "EIP"), senior executive officers and employees of the Corporation and its subsidiaries may be granted stock options by the Compensation Committee based upon a variety of considerations, including the date of the last grant made to the officer or employee, as well as considerations relating to the contribution and performance of the specific optionee. In addition, stock option grants may be awarded as a retention tool for new employees. Due to the relatively high cost of stock option awards since the adoption of SFAS 123(R) on January 1, 2006, the Corporation has limited its use of this type of award.

On January 29, 2008, the Compensation Committee, in accordance with the EIP, granted options to purchase up to 225,136 Class A Shares (the "Retention Options") to investment bankers (the "Optionees") previously employed by CIBC World Markets Corporation who transferred to Oppenheimer on January 14, 2008, as part of the acquisition by Oppenheimer of certain assets of the U.S. investment banking business of CIBC World Markets Corp. pursuant to an Asset Purchase Agreement entered into on November 2, 2007.

The November 2, 2007 Asset Purchase Agreement provided that certain CIBC World Markets investment bankers would, if they transferred to Oppenheimer and so elected, be granted options as part of their compensation/retention packages. Oppenheimer negotiated offer letters with each of the Optionees commencing December 12, 2007 and culminating with signed offer letters on January 9, 2008 which provided that the Optionees electing to receive Retention Options would be granted Retention Options at the time of the Board of Directors meeting next following the closing of the acquisition with exercise prices equal to the closing price of the Class A Shares on the New York Stock Exchange on the date of the Board of Directors meeting which would be no later than January 31, 2008.

On January 29, 2008, the Compensation Committee granted options (the "Performance Options") to purchase up to 3,125 Class A Shares to employees of Oppenheimer in accordance with employment arrangements made with such employees when they were recruited in 2001, pursuant to which such employees are entitled in January of each year to the annual grant of Performance Options based on the annual performance of their Oppenheimer division.

On January 29, 2008, the date of the Board of Directors meeting next following the closing of the acquisition and the meeting date on which the Performance Options are regularly granted, the Compensation Committee granted the Retention Options and the Performance Options with an exercise price of \$39.45 per Class A Share, the closing price of the Class A Shares on that date. The Retention Options are three-year options which vest as to one-third each on the first and second anniversary dates of the grants and as to the balance 90 days prior to their expiry date. The Performance Options are five year options which vest over the terms of the options commencing on the second anniversary date of the grants thereof.

Also on January 29, 2008, the Board approved the Corporation's unaudited financial results for the year ended December 31, 2007 which were released on January 30, 2008, on which date the closing price for the Class A Shares on the NYSE was \$43.99 per share and has ranged between \$43.65 and \$47.80 since. Because the Corporation was legally obligated to grant the Retention and the Performance Options which do not begin to vest for one year and two years, respectively, from the grant date and the recipients of the options did not have information with respect to the Corporation's 2007 financial results, the Compensation Committee granted the options..

No Backdating or Spring Loading. The Corporation does not backdate options or grant options retroactively. In addition, it does not plan to coordinate grants of options so that they are made before announcement of favorable information, or after announcement of unfavorable information. The Corporation's options are granted by the Compensation Committee at fair market value on a fixed date or event (such as the first regular meeting of the Board of Directors following an employee's hire), with all required approvals obtained in advance of or on the actual grant

date. All grants are made by the Compensation Committee.

Fair Market Value. Fair market value has been consistently determined, as required by the EIP, as the closing price on the New York Stock Exchange (NYSE) on the grant date.

Stock Awards. Under the Corporation's Employee Share Plan (the ESP), executive officers and employees of the Corporation and its subsidiaries (other than the CEO) are granted stock awards by the Compensation Committee based upon the recommendations of the CEO and based upon a variety of considerations, relating to the contribution and performance of the specific awardee. A limited number of senior executives and employees, including Mr. Alfano,

Table of Contents

Mr. Okin and Mr. Robinson, are offered the opportunity to elect to receive up to 25% of their year-end bonus in Class A Shares. Under the terms of this offer, the employee elects with respect to his/her year-end bonus at the end of the preceding fiscal year and may elect to purchase the Class A Shares at fair market value on the date (within the first week of January) in the following fiscal year, determined by the Compensation Committee. If such election is made, the executive is awarded a number of restricted Class A Shares equal to 15% of the Class A Shares purchased by the executive, which restricted Class A Shares vest on the third anniversary date of the award of the restricted Class A Shares. In addition, stock awards may be awarded as an inducement to employment for new employees and as a retention tool for existing employees. Stock awards are invariably subject to a vesting period and the Corporation believes that these awards are useful in retaining its key executive personnel. On January 29, 2008, the Company awarded 417,363 restricted Class A Shares to Oppenheimer employees under the ESP, including 25,000 for the CEO and 10,000 to each of the other Named Executives. These awards vest on January 28, 2011.

Executive Deferred Compensation Plan. The Executive Deferred Compensation Plan (EDCP) was established with a dual purpose. The EDCP, together with its sister plan, the Deferred Incentive Plan (DIP), is maintained to offer certain high-performing financial advisors bonuses requiring a mandatory deferral subject to vesting provisions. Further description of the EDCP and the DIP can be found in note 12 to the Corporation's consolidated financial statements for the year ended December 31, 2007. The EDCP also provides for voluntary deferral of year-end bonuses by the Corporation's senior executives. These voluntary deferrals are not subject to vesting. The Corporation does not make contributions to the EDCP for the Named Executives and other senior level executives. Mr. Lowenthal has made voluntary deferrals into the EDCP. The EDCP provides a benefit to participants in that the participant's year-end bonus can be deferred on a tax free basis until a pre-designated future time. This type of benefit is commonly available to senior executive officers of competitors of the Corporation and is offered by the Corporation in order to remain competitive.

Benefits. As salaried U.S.-based employees, the Named Executives participate in a variety of benefits designed to enable the Corporation to attract and retain its workforce in a competitive marketplace. Health and welfare benefits help ensure that the Corporation has a productive and focused workforce through reliable and competitive health and other benefits. Deferred compensation and 401(k) plans help employees, especially long-service employees, save and prepare financially for retirement. The Named Executives receive the same benefits as all full time employees. Oppenheimer's qualified 401(k) Plan allowed employees to contribute up to \$15,500 for 2007 plus an additional \$5,000 for employees over age 50. Employees may continue to retain their 401(k) Plan account after they leave Oppenheimer so long as their account balance is \$5,000 or more. At age 70.5, minimum distributions must begin.

Perquisites. The Named Executive Officers, along with other senior management employees, are provided a limited number of perquisites whose primary purpose is the Corporation's desire to minimize distractions from the executives' attention to important corporate initiatives. An item is not a perquisite if it is integrally and directly related to the performance of the executive's duties. An item that is not integrally and directly related to the performance of the executive's duties is a perquisite if it confers a direct or indirect benefit that has a personal aspect, without regard to whether it may be provided for some business reason or for the convenience of the Corporation, unless it is generally available on a non-discriminatory basis to all employees.

The Corporation provides the following, all of which are quantified in the Summary Compensation Table, below and detailed in the All Other Compensation table, below.

Award trips There are two annual Award Trips for Oppenheimer's highest producing financial advisors and their spouses. The Chairman's Council Trip rewards the 40 highest producers and the Executive Council Trip rewards the next 40 highest producers. Messrs. Lowenthal and Okin host these trips, along with their spouses. The value of the perquisites with respect to spousal travel is included in the Summary Compensation Table, below.

Parking Messrs. Lowenthal, Okin and Ms. Roberts have company-paid parking arrangements. This benefit is included in the Summary Compensation Table, below.

Relocation Costs and Deferred Bonuses Mr. Alfano, who joined Oppenheimer on April 3, 2006, was provided with a relocation cost allowance (\$160,749 in 2006) as well as the right to receive a Deferred Bonus of \$37,500 on December 31, 2007 and 2008, subject to his continued employment with Oppenheimer. These benefits are included in the Summary Compensation Table, below.

Table of Contents

The Corporation does not provide the Named Executives with any other perquisites such as split-dollar life insurance, reimbursement for legal counselling for personal matters, or tax reimbursement payments. The Corporation does not provide loans to executive officers, other than margin loans in margin accounts with Oppenheimer in connection with the purchase of securities (including securities of the Corporation) which margin accounts are substantially on the same terms, including interest rates and collateral, as those prevailing from time to time for comparable transactions with non-affiliated persons and do not involve more than the normal risk of collectibility. See *Certain Relationships and Related Transactions* below.

Separation and Change in Control Arrangements The Named Executive Officers are not eligible for benefits and payments if employment terminates in a separation or if there is a change in control, except for Mr. Alfano who joined Oppenheimer in April 2006 and who negotiated such arrangement. See *Potential Payments Upon Termination or Change-in-Control* below. The Corporation does not sponsor a pension plan for its employees.

Chief Executive Officer Compensation

Mr. A.G. Lowenthal, the Chairman of the Board and the Chief Executive Officer of the Corporation and Oppenheimer, is paid an annual base salary set by the Compensation Committee, plus performance-based compensation under the Performance-Based Compensation Agreement and, at the discretion of the Compensation Committee, is eligible for bonuses and grants of stock options.

On March 15, 2005, the Corporation and Mr. A.G. Lowenthal entered into the Performance-Based Compensation Agreement which was approved by shareholders on May 9, 2005. The purpose of the Performance-Based Compensation Agreement is for the Compensation Committee to set the annual terms under which Mr. Lowenthal's annual performance-based compensation is to be calculated during the term thereof. Mr. Lowenthal's role in determining the Corporation's success or failure has greater bearing on the Corporation's ultimate results and financial condition than other executive officers of the Corporation because of the nature of his role as CEO. Therefore, the Compensation Committee has determined that his compensation should be subject to higher risk on both the upside and the downside to reflect the Corporation's results.

In March of 2007, the Compensation Committee established performance goals under the Performance-Based Compensation Agreement entitling Mr. Lowenthal to a Performance Award under the Performance-Based Compensation Agreement for the year 2007 of an aggregate of up to \$5 million (the maximum bonus available in a single year) determined by the application of a formula based on the following components: (i) the amount by which the closing price of one Class A Share at December 31, 2007, exceeded the closing price of one Class A Share as at December 31, 2003 multiplied by 200,000 shares; (ii) 5% of the amount by which the Corporation's adjusted consolidated profit before income taxes for the year ended December 31, 2007 exceeded 10% of the amount of the Corporation's consolidated shareholders' equity as at December 31, 2006; and (iii) 2.5% of pre tax profit up to \$10,000,000, 4% of pre tax profit in excess of \$10,000,000 up to \$40,000,000, and 5% of pre tax profit over \$40,000,000. The application of the 2007 formula as set out above produced a bonus of \$5 million for fiscal 2007. Mr. Lowenthal's bonus is included in the Summary Compensation Table, below. In March of 2007, the Compensation Committee set Mr. Lowenthal's base salary for 2007 at \$500,000.

U.S. Internal Revenue Code Section 162(m)

The Corporation is a Canadian taxpayer. However, because Oppenheimer is a U.S. taxpayer, most compensation issues are affected by the U.S. Internal Revenue Code of 1986, as amended (the "U.S. Tax Code").

Section 162(m) of the U.S. Tax Code generally disallows a tax deduction for annual compensation (other than compensation that qualifies as performance-based compensation within the meaning of Section 162(m)) in excess of

\$1 million paid to the Corporation's chief executive officer and the three other most highly compensated executive officers of the Corporation, other than the CEO and the CFO, whose compensation is required to be disclosed in this proxy. Mr. Alfano, Mr. Okin and Mr. Robinson are not subject to Section 162(m) because they are not executive officers of the Corporation and the Corporation is not required to disclose their compensation. The Performance-based Compensation Agreement was adopted and approved by the Class B Shareholders so that it would satisfy the requirements for performance-based compensation.

Table of Contents

To the extent consistent with the Corporation's general compensation objectives, the Compensation Committee considers the potential effect of Section 162(m) on compensation paid to the executive officers of the Corporation. However, the Compensation Committee reserves the right to award and recommend the awarding of non-deductible compensation in any circumstances it deems appropriate. Further, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, no assurance can be given, notwithstanding the Corporation's efforts to qualify, that the compensation paid by the Corporation to its executive officers will in fact satisfy the requirements for the exemption from the Section 162(m) deduction limit.

REPORT OF THE COMPENSATION AND STOCK OPTION COMMITTEE

The Compensation Committee, comprised of independent directors, reviewed and discussed the above Compensation Discussion and Analysis with the Corporation's management. Based on the review and discussions, the Compensation Committee approved and recommended to the Corporation's Board of Directors that the Compensation Discussion and Analysis be included in this Circular.

1. The Bonus and Non-Equity Incentive Plan Compensation amounts are not reduced by the Named Executive's election, if any, to defer receipt of bonuses into the EDCP or, in the case of Mr. Okin, an election to convert a portion of his bonus into the purchase of Class A Shares.

The values of stock options (granted under the EIP) and stock awards (granted under the ESP) represent the dollar amounts recognized for financial statement reporting purposes for the years ended December 31, 2007 and 2006 based on grant date fair value. Stock options and stock awards are valued at grant date fair value. The Corporation recognizes the expense of share-based awards over the vesting period of the award. The underlying assumptions and methodology used to value the Corporation's stock options and stock awards are described in note 12 to the Corporation's consolidated financial statements for the year ended December 31, 2007. Details of stock options and stock awards held by the Named Executives appear in the Outstanding Equity Awards table and notes thereto, appearing below.
3. Oppenheimer offers a non-qualified deferred compensation plan into which senior executives, including the U.S. Named Executives, may elect to defer some or all of their year-end bonuses. No above-market earnings were recorded. Details about the earnings from the EDCP appear below in the Nonqualified Deferred Compensation Table.
4. As part of the terms of his employment, and subject to his continued employment with Oppenheimer, Mr. Alfano is entitled to receive deferred bonuses of \$37,500 on December 31, 2007 and December 31, 2008 which would be accelerated upon a change of control of more than 50% of the Class B voting shares of the Corporation or the sale of Oppenheimer. The 2007 amount has been included in Column (d).
5. See the chart below All Other Compensation for a description of the amounts appearing in column (i). All other compensation includes perquisites and directors' fees.

Notes to Nonqualified Deferred Compensation Table:

1. Mr. Lowenthal's contribution in 2007 in column (b) shows amounts that were also reported in the non-equity incentive plan compensation in column (g) of the Summary Compensation Table, above.
2. The Corporation does not make contributions to the EDCP with respect to the voluntary deferrals. The aggregate balances shown in column (e) of the table above represent amounts that the Named Executives earned as year-end bonuses but elected to defer, plus earnings (or losses). Such earnings (or losses) for fiscal 2007 are reflected in column (d) of the table. Account balances are invested in phantom investments selected by the Named Executives from a menu of deemed investment choices. Participants may change their deemed investment choices quarterly. When participants elect to defer amounts into the EDCP, they also elect when the amounts will ultimately be paid out to them. Distributions may either be made in a specific future year or at a time that begins after retirement. In accordance with Section 409 A of the Internal Revenue Code, in general, distribution schedules cannot be accelerated (other than for hardship) and to delay distribution, the participant must make such an election at least one year before distribution would otherwise have commenced and the new distribution must be delayed a minimum of five years after distribution would have initially begun.
3. Mr. Okin elected to defer a portion of his 2006 bonus and received 5,264 Class A Shares in lieu of cash in January 2007, valued at \$174,975. This amount is included in Mr. Okin's bonus reported for fiscal 2006 in column (d) of the Summary Compensation Table. The aggregate earnings in 2007, including market value and dividends, was \$225,140. These shares, which vested on January 15, 2008, had a value on January 15, 2008 of \$206,665.

Potential Payments Upon Termination or Change-in-Control

None of the executive officers have arrangements with the Corporation which would result in potential payments upon termination. Mr. Alfano is the only executive officer who has arrangements with the Corporation which would result in potential payments upon a change-in-control. Mr. Alfano's stock options, restricted shares and deferred bonus immediately vest upon a change of control of more than 50% of the Class B voting shares of the Corporation or the sale of Oppenheimer. As at December 31, 2007, the amount of potential payment upon a change-in-control for Mr. Alfano would be \$1,254,750, representing the intrinsic value of unvested options, restricted shares and deferred bonus.

SCHEDULE A

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

Mandate and Duties of the Board of Directors

The fundamental responsibility of the Board is to supervise the management of the business of the Corporation with a view to maximizing shareholder value and ensuring corporate conduct in a legal and ethical manner through a system of corporate governance and internal controls appropriate to the Corporation's business. Given the nature of the Corporation's business and the size and composition of the Board, the Board has determined that there is no current need to develop specific mandates or position descriptions for the Board, the lead director, the chief executive officer or the chairs of the Board committees. The Board has adopted a statement of Corporate Governance Guidelines to which it adheres. The Corporation has a Code of Conduct and Business Ethics for Directors, Officers and Employees which is posted on the Corporation's website www.opco.com and available in hard copy from the Corporation's head office. No waivers were granted in 2007 or to date in 2008 under the Code for Directors, Officers and Employees.

In fulfilling its mandate, the Board's responsibilities include:

the establishment and maintenance of an appropriate system of corporate governance, including practices to ensure that the Board functions effectively and independently of management;

monitoring and overseeing the Corporation's strategic planning;

monitoring the performance of the Corporation's business, identifying and evaluating opportunities and risks and controlling risk;

overseeing monitoring systems for internal controls, audit and information management systems;

assessing and monitoring the performance of senior management and overseeing succession planning;

remuneration of executive officers and senior management and reviewing the general compensation policy of the Corporation;

reviewing and approving the Corporation's financial statements and overseeing the Corporation's compliance with applicable audit, accounting and financial reporting requirements; and

overseeing corporate communications to all stakeholders.

Independence of the Board of Directors

Four of the Corporation's current seven Directors are independent (and six of the nine individuals nominated for election as Directors at the 2008 annual and special meeting of shareholders will be independent) as required by the New York Stock Exchange Corporate Governance Rules. To be considered independent under these rules, the Board must determine that a Director has no direct or indirect material relationship with the Corporation. The Board has determined that Messrs. Bitove, Crystal, McArthur and Winberg (the non-management Directors) are independent Directors (Messrs. Ehrhardt and Keehner will be independent Directors) and that Mr. Lowenthal, the Chairman of the Board and chief executive officer of the Corporation, Ms. Roberts, the President and Treasurer of the Corporation, and

Mr. Oughtred, the Secretary of the Corporation, are not independent.

The Board has not adopted formal categorical standards to assist in determining independence. The Board has considered the relationship of each non-management/officer Director and has made a determination that the four non-management/officer Directors of the Corporation are independent.

Of the six non-management/officer nominees to the Board, the Board has determined that the only nominee that has a relationship with the Corporation (other than as a Director) is Mr. Crystal. The Board has determined that although Mr. Crystal is a partner in the firm of Thelen Reid Brown Raysman & Steiner LLP, which firm provides legal services to the Corporation, in view of the professional ethical standards which govern his conduct, the fact that less than one percent of the annual revenues of his firm are derived from the Corporation and that Mr. Crystal receives no direct compensation from the Corporation other than his Director's compensation, his relationship with the Corporation is not material for the purposes of determining that Mr. Crystal is an independent Director.

At each regular Board and Audit Committee meeting, the independent Directors are afforded an opportunity to meet in the absence of management. During 2007, five meetings of the independent Directors were held in the absence of management. As well, at quarterly meetings of the Audit Committee, the members of the Committee are afforded the opportunity to meet with the auditors in the absence of management.

The independent Directors and the Directors that are not independent, understand the need for Directors to be independent minded and to assess and question management initiatives and recommendations from an independent perspective. The Board has a Lead Director, Mr. K. W. McArthur, an independent Director who, among other things, chairs sessions of the independent Directors in the absence of management.

A majority of the Directors are independent. Assuming the slate of Directors nominated for election at the Corporation's 2008 shareholders meeting are elected, six of the nine Directors will be independent.

Orientation and Continuing Education

The Nominating/Corporate Governance Committee of the Board, as required by its Charter, is responsible for the orientation of new Directors as to the business of the Corporation, the role of the Board and the Board committees.

The Board encourages the Directors to maintain the skill and knowledge necessary to meet their obligations as Directors. This includes attendance at continuing education sessions and providing written materials on governance and related matters. Mr. A. W. Oughtred is certified as an Institute of Corporate Directors Director (ICD.D).

Nomination of Directors

The Board currently consists of seven Directors. The Board has determined that the size of the Board should be increased by two independent members to a total of nine Directors.

Nominating/Corporate Governance Committee (Messrs. Bitove, Crystal, McArthur (Chair) and Winberg)

The Board has a Nominating/Corporate Governance Committee each of the members of which is independent. The duties of this Committee, which include the recruitment of directors and the nomination of individuals for Board positions, are set out as follows.

The Board has adopted a Nominating/Corporate Governance Committee Charter. All members of the Nominating/Corporate Governance Committee are independent directors.

The Nominating/Corporate Governance Committee:

makes recommendations to the Board with respect to corporate governance;

when necessary, oversees the recruitment of new Directors for the Corporation;

nominates candidates for election or appointment to the Board;

evaluates Director performance;

reviews and makes recommendations with respect to the Corporation's Corporate Governance Guidelines; and

reviews and approves governance reports for publication in the Corporation's Management Proxy Circular and Annual Report on Form 10-K.

The Nominating/Corporate Governance Committee Charter provides that the Nominating/Corporate Governance Committee is responsible for ensuring that the Board of Directors of the Corporation is composed of Directors who are fully able and fully committed to serve the best interests of the Corporation's shareholders. Factors considered by the Nominating/Corporate Governance Committee in assessing Director performance and, when needed, recruiting new Directors include character, judgment, experience, compatibility with the existing Board, ethics, standards and integrity. The Nominating/Corporate Governance Committee will consider nominees recommended by Class B Shareholders. Nominees recommended by Class B Shareholders will be given appropriate consideration and will be evaluated in the same manner as other nominees. Director, Committee Assessments

The Board does not currently have a formal Director assessment process. The Board's Lead Director is responsible for assessing the performance and contribution of individual Board members with members of the Nominating/Corporate Governance Committee and, if necessary, addressing issues arising from such assessments.

The Board does formally assess the Audit Committee on an annual basis.

Board Compensation

The Board has a Compensation and Stock Option Committee the duties of which (described below) include making recommendations as to Directors' compensation. The Directors other than Mr. Lowenthal and Ms. Roberts are entitled to the automatic grant of stock options on a periodic basis under the Corporation's 2006 Equity Incentive Plan.

Compensation and Stock Option Committee (Messrs. Bitove and Winberg (Chair))

The Board has adopted a Compensation and Stock Option Committee Charter. All members of the Compensation and Stock Option Committee are independent. The Compensation and Stock Option Committee:

Audit Committee (Messrs. Bitove, McArthur and Winberg (Chair))

In addition to the Committees referred to above, the Board has an Audit Committee composed of three independent Directors the duties of which are set forth below.

The Board has adopted a written charter for the Audit Committee, a copy of which is attached to the Management Information Circular of the Corporation dated March 25, 2004 as Schedule D. The Audit Committee:
