First Quarter After Acquisition of 012 Golden Lines Yields Good Synergy Which is Expected to Grow and Reach Full Effect by End of 2007

PETACH TIKVA, Israel, May 15 /PRNewswire-FirstCall/ -- Internet Gold, (NASDAQ NMS and TASE: IGLD) today reported its financial results for the quarter ended March 31, 2007.

On December 31, 2006, Internet Gold's 012 Smile.Communications Ltd. completed the acquisition of 012 Golden Lines. As such, Internet Gold's results for the first quarter of 2007 include the contribution of 012 Golden Lines for the first time. To assist investors in making relevant comparisons the Company has made reference to non-GAAP pro-forma Q1 2006 results, which consist of the sum of Internet Gold's results and 012 Golden Lines' results for the period. To supplement the consolidated financial statements presented in accordance with generally accepted accounting principles ("GAAP") and the pro forma information, the Company also uses certain other non-GAAP measures to enhance overall understanding of its current financial performance and prospects for the future. These non-GAAP measures and pro-forma results are provided for information purposes only and are not presented in accordance with generally accepted accounting principles.

Highlights for the quarter (year over year):

- 224% increase in revenue to NIS 300.7 million (US\$ 72.4 million)
- 292% increase in non-GAAP EBITDA to NIS 63.1 million (US\$ 15.2 million)
- 305% increase in non-GAAP operating income to NIS 39.3 million (US\$ 9.5 million)
- 162% increase in earnings per share to NIS 0.94 (US\$ 0.23)

Financial Results for the First Quarter

Revenues for the first quarter of 2007 reached NIS 300.7 million (US\$ 72.4 million), an increase of 224% compared with NIS 92.9 million recorded in the first quarter of 2006 and a 157% increase compared with the fourth quarter of 2006. The first quarter revenues were 19% higher than the combined revenues of Internet Gold and 012 Golden Lines on a pro forma basis in the first quarter of 2006.

Edgar Filing: INTERNET GOLD GOLDEN LINES LTD - Form 6-K

Non-GAAP operating income for the quarter reached NIS 39.3 million (US\$ 9.5 million), a nearly four-fold increase compared with NIS 9.7 million recorded in the first quarter of 2006, and a 193% increase compared with the fourth quarter of 2006. Non-GAAP operating income increased by 48% in the first quarter of 2007 compared to the combined non-GAAP operating income of Internet Gold and 012 Golden Lines on a pro forma basis in the first quarter of 2006.

Non-GAAP operating margin for the first quarter of 2007 rose to 13% compared to 10% recorded in the first quarter of 2006 and 11% in the fourth quarter of 2006. If the operating income of Internet Gold and 012 Golden Lines had been combined for the first quarter of 2006, its operating margin on a non-GAAP pro forma basis would have been 11%.

GAAP operating income for the first quarter reached NIS 33.6 million (US\$ 8.1 million). GAAP operating margin for the first quarter of 2007 was 11%. GAAP operating income for the first quarter of 2006 reached NIS 9.7 million and its GAAP operating margin was 10%. GAAP operating income for the fourth quarter of 2006 reached NIS 13.4 million and its GAAP operating margin was 11%.

The difference between GAAP and non-GAAP operating income is a result of the exclusion of amortization expenses related to the acquired intangible assets from 012 in the first quarter of 2007. Non-GAAP results exclude the amortization of acquired intangible assets from 012 of NIS 5.7 million net of taxes of NIS 4.1 million, in the first quarter of 2007. Out of the total purchase price paid for the acquisition of 012 Golden Lines, a total of approximately NIS 200 million was assigned to certain intangible assets which are generally amortized on a straight-line basis over their useful lives, generally 5 to 10 years. The purchase price allocation for the acquisition of 012 is preliminary and is subject to revision as more detailed analyses are completed and additional information on the fair value of assets and liabilities becomes available. Any change in the fair value of the net assets of the acquired company will change the amount of the purchase price allocable to goodwill.

Net income for the first quarter of 2007 was NIS 18.5 million (US\$4.5 million), or NIS 0.94 (US\$ 0.23) per share, an increase of 162% compared with NIS 6.6 million, or NIS 0.36 per share, for the first quarter of 2006, and an increase of 207% compared with the fourth quarter of 2006. Net income increased by 24% compared to the non-GAAP pro forma net income of Internet Gold and 012 Golden Lines for the first quarter of 2006.

Non-GAAP EBITDA (Earnings Before Interest, Taxes, Depreciation and Amortization) for the quarter reached NIS 63.1 million (US\$ 15.2 million), an increase of 292% compared with the first quarter of 2006 and 212% compared with the fourth quarter of 2006.

Comments of Management

Commenting on the results, Eli Holtzman, Internet Gold's CEO, said, "The first quarter was an excellent period for Internet Gold from every perspective. The successful merger has tripled our revenues as compared with the first quarter of 2006 and quadrupled our operating income. The Internet Gold Group was successful in exhibiting high growth performance and we plan to continue focusing our efforts on generating growth into the future."

Overview of the Company's Principal Subsidiaries:

012 Smile.Communications Ltd.: Revenues for Q1 2007 increased by 258% compared with Q1 2006, reaching NIS 280.6 million (US \$67.5 million). Non-GAAP operating income for Q1 2007 increased by 549% compared with Q1 2006, reaching NIS 37

Edgar Filing: INTERNET GOLD GOLDEN LINES LTD - Form 6-K

million (US \$8.9 million), representing a non-GAAP operating margin of 13%. Non-GAAP EBITDA for the period was 21%. Operating income for Q1 2007 was NIS 31.3 million (US \$7.5 million), representing an operating margin of 11%. This compared to operating income of NIS 5.7 million and an operating margin of 7% in the first quarter of 2006.

- Broadband data: As of the end of the first quarter, the Company's broadband customer base had reached nearly 500,000 subscribers.

- Traditional voice services: For the first quarter of 2007, revenues from the Company's international telephony business grew by 413% compared with the first quarter of 2006 and 14% compared with the revenues of Internet Gold and 012 Golden Lines on a pro forma basis in Q1 2006.

- Good progress with merger: During Q1, 012 Smile.Communications began executing its merger plan, and has begun realizing synergies as projected. The effect of the merger's synergies is projected to increase in the coming quarters and to reach its full effect by the end of 2007.

- Successful bond offering: Recently, 012 Smile.Communications Ltd. completed a private placement of NIS 425 million of debt to institutional investors in Israel.

Commenting on the results, Ms. Stella Handler, CEO of Internet Gold's 100% owned subsidiary 012 Smile.Communications, said, "I am extremely pleased with our results this first quarter. While we are investing extra resources in driving forward an efficient and smooth merger process, we have continued our focus on the successful operation of all our business lines and were able to perform extremely well.

"During the first quarter, we received a full operating license and have finalized our marketing plans for launching our new Voice over Broadband (VOB) domestic telephony services. We believe that our strong positioning across Israel's ISP and international long distance ('ILD') markets, which connects us directly to more than 700,000 customers, will enable us to establish a strong market share quickly and to benefit over the long term from the expansion and deregulation of the domestic market. We trust that this new market for us, which is currently worth over one billion dollars in Israel, will indeed present our next significant growth driver."

Smile.Media Ltd.: Revenues for the first quarter of 2007 increased by 39% compared with the corresponding period of 2006, reaching NIS 20.1 million (US \$4.8 million). Operating income for Q1 2007 reached NIS 3.5 million (US \$0.8 million). Non GAAP EBITDA margin for the period was 23%.

- e-Advertising: On a year-over-year basis, the Group's e-Advertising revenues for the quarter rose by 30%.

- e-Commerce: On a year-over-year basis, the Group's e-Commerce revenues were up by 80% compared to the first quarter of 2006.

Commenting on the results of the Smile.Media subsidiary, Mr. Holtzman concluded, "We continue to believe strongly in the long-term potential of the interactive advertising and e-Commerce markets, and have begun executing an aggressive strategy designed to assure that we retain the leadership position we have built over the past several years. To this end, we are expanding Smile.Media's management team and investigating interesting opportunities in Israel as well as in several emerging countries in order to solidify our leadership position in these markets.

Increase in Number of IGLD Shares:Outstanding:

In April 2005, Internet Gold completed an offering in Israel of NIS 220 million of convertible bonds that was scheduled to be repaid during the period April 2008 through April 2015 and warrants to purchase 2.5 million ordinary shares that are exercisable until October 15, 2007. The bonds are convertible into ordinary shares at a conversion price of NIS 40 (\$9.60) per share until March 2008, at which time the conversion price will increase to NIS 50 (\$12.0). The exercise price of the warrants is currently NIS 41 (\$10), which price is linked to Israeli Consumer Price Index. Beginning in the fourth quarter of 2006 holders of the bonds and warrants began to convert their bonds and exercise the warrants. As at March 31, 2007, bond and warrant holders had converted NIS 40.9 million (\$9.8 million) of the bonds into 1,023,525 ordinary shares and exercised 835,487 warrants. Subsequent to March 31, 2007 and through May 9, 2007, bond holders had converted an additional NIS 48.2 million (\$11.6 million) of the bonds into 1,205,011 ordinary shares and warrants to purchase an additional 198,089 ordinary shares had been exercised, with the Company receiving NIS 8.1 million (\$2.0 million) in proceeds from the exercise of the warrants.

Reconciliation Between the Results on a GAAP and Non-GAAP Basis

Reconciliation between the Company's results on a GAAP and non-GAAP basis is provided in a table immediately following the Consolidated Statement of Operations (Non-GAAP Basis). Non-GAAP financial measures consist of GAAP financial measures adjusted to exclude amortization of acquired intangible assets, as well as certain business combination accounting entries. The purpose of such adjustments is to give an indication of our performance exclusive of non-cash charges and other items that are considered by management to be outside of our core operating results. Our non-GAAP financial measures are not meant to be considered in isolation or as a substitute for comparable GAAP measures, and should be read only in conjunction with our consolidated financial statements prepared in accordance with GAAP.

Our management regularly uses our supplemental non-GAAP financial measures internally to understand, manage and evaluate our business and make operating decisions. These non-GAAP measures are among the primary factors management uses in planning for and forecasting future periods. We believe these non-GAAP financial measures provide consistent and comparable measures to help investors understand our current and future operating cash flow performance. These non-GAAP financial measures may differ materially from the non-GAAP financial measures used by other companies. Reconciliation between results on a GAAP and non-GAAP basis is provided in a table immediately following the Consolidated Statement of Operations.
