INTRODUCTION, ATTENDANCE AND VOTING MATTERS

INTRODUCTION

Upon the completion on December 31, 2001, of a one-for-one share exchange between Public Service Company of New Mexico ("PNM") and PNM Resources, Inc. ("PNM Resources"), PNM Resources became the parent company of PNM. Prior to the share exchange, PNM Resources had existed as a subsidiary of PNM.

The new holding company, PNM Resources, began trading on the New York

Edgar Filing: PNM RESOURCES - Form DEF 14A

Stock Exchange under the same PNM symbol beginning on December 31, 2001. With the change in corporate structure, the utility, PNM, became a wholly owned subsidiary of PNM Resources.

The material presented in this proxy statement refers to both PNM Resources and PNM. When the information presented is for time periods prior to 2002, the information generally refers to PNM. For time periods beginning in 2002, the information generally refers to PNM Resources.

ADMISSION TICKETS

Admission tickets will be distributed at the registration tables in the lobby of the South Broadway Cultural Center prior to the Annual Meeting. Attendance is limited to shareholders of record on March 25, 2002. If your shares are held in the name of your broker, bank, or other nominee, please bring an account statement or letter from the nominee indicating that you are the beneficial owner of the shares as of the record date.

VOTING METHODS

You can vote on matters to come before the meeting in two ways:

- o you can come to the Annual Meeting and cast your vote there;
- o you may vote your proxies by telephone, by calling 1-800-732-6583 (toll free) or through the Internet at [HTTP://PROXY.GEORGESON.COM](http://PROXY.GEORGESON.COM), or by marking, signing, dating and returning the proxy card in the enclosed postage-prepaid envelope. To vote by telephone or through the Internet, please refer to the instructions on the enclosed proxy card (shareholders voting through the Internet should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, that must be paid by the shareholder).

Your shares will be voted in the manner you indicate. In the absence of specific instructions, proxies will be voted by those named in the proxy FOR the election of directors nominated, FOR the approval of the selection of Arthur Andersen LLP as independent public accountants, and on all other matters in accordance with their best judgment. You can revoke your proxy at any time before it is exercised and vote your shares in person if you attend the meeting.

Each share of PNM Resources common stock you own entitles you to one vote. As of March 25, 2002, there were 39,117,799 shares of PNM Resources common stock outstanding.

1

THE QUORUM REQUIREMENT

A quorum of shareholders is necessary to hold a valid meeting. If at least a majority of the outstanding common stock of PNM Resources is represented at the Annual Meeting, in person or by proxy, a quorum will exist.

VOTE NECESSARY FOR ACTION

A quorum and the affirmative vote of the holders of a majority of the shares of PNM Resources common stock present, in person or by proxy, at the Annual Meeting are required to elect directors and to approve the selection of independent public accountants. Abstentions will have the effect

Edgar Filing: PNM RESOURCES - Form DEF 14A

of a vote against these matters while "broker non-votes" will not be counted in calculating voting results on these matters.

SHARES HELD IN STREET NAME

If you do not return your proxy and your shares are held in street name, your brokerage firm, under certain circumstances, may vote your shares. Brokerage firms have authority under New York Stock Exchange rules to vote customers' unvoted shares on some "routine" matters. The New York Stock Exchange has determined that the two proposals described in this proxy statement are considered routine matters.

If you do not give a proxy to vote your shares, your brokerage firm may either vote your shares on routine matters, or leave your shares unvoted. When a brokerage firm votes its customers' unvoted shares on routine matters, these shares are counted to determine if a quorum exists to conduct business at the meeting. A brokerage firm cannot vote customers' unvoted shares on non-routine matters. We encourage you to provide instructions to your brokerage firm by giving your proxy. This ensures your shares will be voted at the meeting.

You may have granted to your stockbroker discretionary voting authority over your account. Your stockbroker may be able to vote your shares depending on the terms of the agreement you have with your stockbroker.

SHARES HELD IN THE MASTER EMPLOYEE SAVINGS PLAN AND TRUST

If you are a participant in the Public Service Company of New Mexico Master Employee Savings Plan and Trust ("MESP") and shares of PNM Resources have been allocated to your account under the company stock fund investment option of the MESP, then YOU WILL RECEIVE A SEPARATE VOTE AUTHORIZATION FORM AND SUPPLEMENTAL MATERIALS ON VOTING INSTRUCTIONS FOR THESE SHARES FROM THE MESP COMMITTEE.

MATTERS RAISED AT THE MEETING NOT INCLUDED IN THIS PROXY STATEMENT

The Board knows of no other business to be conducted at the Annual Meeting other than those discussed in this proxy statement. If any other matter is properly presented, the proxy committee will vote on the matter in accordance with its judgment. Shareholders attending the meeting will directly vote on those matters.

PROPOSAL 1: ELECTION OF DIRECTORS (PROPOSAL 1 ON YOUR PROXY CARD)

GENERAL INFORMATION

In connection with the formation of the new holding company, the number of directors of PNM Resources was increased from seven to nine and the Board was divided into three classes. Each class has a staggered term of office so that one class of directors will be elected at each annual meeting for a term of three years. Dr. R. Martin Chavez and Dr. Manuel T. Pacheco were elected as directors by the PNM Resources Board of Directors on November 16, 2001, to be effective the next business day after the effective date of the share exchange (January 2, 2002), when the size of the Board was increased to nine. In accordance with New Mexico law, the terms of Dr. Chavez

Edgar Filing: PNM RESOURCES - Form DEF 14A

and Dr. Pacheco expire at this Annual Meeting because they were elected due to an increase in number of directors and so they are both nominated for election at this year's Annual Meeting in addition to the class of directors with terms expiring this year.

All nine directors of PNM Resources were also members of the PNM Board of Directors until December 31, 2001, when all but J. E. Sterba resigned so that the PNM Board could be reorganized consistent with becoming a wholly owned subsidiary of the holding company.

If a nominee becomes unavailable for election, proxy holders will vote for another nominee proposed by the Board.

In 2001, the PNM Board met ten (10) times and the PNM Resources Board met twice. In addition, the outside Directors of PNM met once during 2001. Attendance in 2001 at full PNM Board and committee meetings exceeded 96%. The PNM Board and committees were reorganized on December 31, 2001, consistent with becoming a wholly owned subsidiary of PNM Resources.

Since PNM Resources did not become a publicly held holding company until December 31, 2001, this proxy statement describes the standing committees for PNM that met in 2001, as well as the standing committees of PNM Resources that began functioning after December 31, 2001. On November 16, 2001, PNM Resources established the following four committees: Audit and Ethics Committee, Board Governance and Human Resources Committee, Customer Policy Committee, and Finance Committee. Next year's proxy statement will only provide committee information for PNM Resources. All PNM Resources' committees consist of non-employee directors.

The AUDIT AND ETHICS COMMITTEE of PNM Resources assumes the function that PNM's Audit Committee performed in 2001, as well as ethics-related responsibilities from the former Compensation and Human Resources Committee. This committee assesses the work of PNM Resources and PNM's internal auditors and independent public accountants, and the effectiveness of the business control structure. It also reviews the financial statements of PNM Resources and PNM and oversees PNM Resources' and PNM's financial reporting. The committee represents the Board of Directors in accounting and auditing-related activities of PNM Resources. It has the responsibility to make recommendations to the Board with respect to appointment of the independent public accountants, to approve the scope of the annual audit, and to monitor and review the effectiveness of PNM Resources' management of accounting functions. The Audit and Ethics Committee has also determined that, beginning March 31, 2002, the independent auditor of PNM Resources' books and records will not be eligible to provide consulting services for PNM Resources without prior approval of the committee. The Audit and Ethics Committee's charter complies with requirements established by the New York Stock Exchange and is attached to this proxy statement as Exhibit A.

The BOARD GOVERNANCE AND HUMAN RESOURCES COMMITTEE of PNM Resources consolidates and assumes the functions previously performed by PNM's Nominating and Governance Committee and Compensation and Human Resources Committee. This committee has the responsibility to make recommendations to the Board for nominees for election as directors, as well as recommendations concerning the effectiveness, structure, size, composition, and compensation of the Board, including committee assignments and candidates for election as Chairman of the Board. The committee conducts an annual evaluation of Board performance and effectiveness and, at least annually, reviews conflict of interest questionnaires submitted by directors to determine whether any potential or actual conflict of interest exists. The committee seeks potential nominees for Board membership in various ways and will consider suggestions submitted by shareholders. Suggestions, together with a description of the potential nominee's qualifications, appropriate biographical information, and the potential nominee's signed consent to serve, should be submitted to the Secretary of PNM Resources prior to December 15, 2002, for consideration at the year 2003 Annual Meeting. The committee also reviews PNM Resources' compensation policies and benefit programs and their relationship to the attainment of business goals. The committee recommends to the Board the compensation philosophy and guidelines for the entire executive and managerial group, giving emphasis to rewarding long-term results and maximizing shareholder value. The committee reviews PNM Resources' diversity program, conducts an annual performance evaluation of the chief executive officer, and ensures management continuity through annual review and approval of a management development and succession program. The committee interacts with standing employee

organizations. In 2001, the committee's oversight of PNM Resources' Code of Conduct and Compliance Program was assumed by the Audit and Ethics Committee.

The CUSTOMER POLICY COMMITTEE of PNM Resources assumes the functions that the PNM Customer and Public Policy Committee performed in 2001. This committee reviews and monitors policies that deal with PNM Resources' responsibility to the communities in which the holding company or its subsidiaries do business. The subject matter of policies reviewed and monitored includes: customer service, the environment, charitable contributions, government relations, and communications to various constituencies of PNM Resources and PNM. The committee meets with public officials, the media, and other opinion leaders throughout the year to obtain an independent assessment of the company's public reputation.

The FINANCE COMMITTEE of PNM Resources assumes the functions that PNM's Finance Committee performed in 2001. This committee reviews and recommends to the Board the capital structure and financial strategy for PNM Resources including dividend policy. This committee has oversight of PNM's financial performance, investment procedures and policies, pension fund performance and funding level, capital expenditures, and risk management strategies and policies.

DIRECTOR'S SERVICE POLICY

On February 19, 2002, the Board of Directors of PNM Resources adopted a service policy addressing various aspects of board service, retirement practices, terms of office and inside directors. An equivalent policy for the PNM Board had been suspended on March 7, 2000, due to the expected transition to a holding company structure, that occurred on December 31, 2001. The following is a summary of the current policy.

RETIREMENT POLICY. Although there is no age limitation for service on the Board, under normal circumstances a director will not be nominated to serve another term after the term during which the director reaches the age of 72 years. A director who is also an employee of PNM Resources shall, on the date of his or her leaving PNM Resources, submit a written resignation to the Board for acceptance at such time as the Board, in its discretion, deems advisable.

TERM LIMITS. No director shall be eligible for nomination for another term if election for that term would result in the director serving for more than twelve (12) years, except: (1) under extraordinary circumstances involving PNM Resources where the Board in its discretion deems it to be in the best interest of PNM Resources for the director to continue serving on the Board for more than twelve (12) years; or (2) the service beyond twelve (12) years is due to the director having been selected to fill a vacancy resulting in serving for a portion of an unexpired term. A nominee for director for a term, which would result in service in excess of twelve (12) years, shall submit a written resignation to the Board for acceptance at such time as the Board, in its discretion, deems advisable. Service on the Board of PNM prior to the establishment of PNM Resources as the holding company of PNM shall be counted for purposes of determining term limits under this policy.

CHIEF EXECUTIVE OFFICER. The Chief Executive Officer ("CEO") of PNM Resources shall be a director and the provisions of this policy regarding age and term limits shall not apply to the CEO as a director. When the director no longer holds the position of CEO of PNM Resources: (1) he or she shall submit a written resignation as a director to the Board for acceptance at

such time as the Board, in its discretion, deems advisable; (2) the provisions of this policy regarding service as an inside director, age and term limits shall apply to the director; and, (3) any service on the Board by the director, including the time served on the Board as CEO, shall be counted for purposes of determinations under this policy.

 AUDIT AND ETHICS COMMITTEE REPORT

Edgar Filing: PNM RESOURCES - Form DEF 14A

Upon formation of the holding company on December 31, 2001, the PNM Audit Committee became the Audit and Ethics Committee of PNM Resources ("Audit Committee"). A copy of the Audit Committee's charter, adopted on February 19, 2002, is included as Appendix A. However, the report below is based on fulfilling the charter responsibilities of the PNM Audit Committee for 2001.

The Audit Committee Report is included in this proxy statement to comply with Securities and Exchange Commission ("SEC") rules issued on November 21, 2000. The rules govern disclosures related to audit committee members and auditor services. The Audit Committee has prepared the following report for inclusion in this proxy statement.

The Audit Committee is currently composed of three directors, Robert G. Armstrong (Chair), R. Martin Chavez, and Manuel T. Pacheco, who are "independent" under the New York Stock Exchange listing standards. During a portion of 2001, Manuel Lujan, Jr. and John T. Ackerman, both "independent" directors, were members of the PNM Audit Committee until they retired and were replaced by Dr. Chavez and Dr. Pacheco. The Audit Committee operated under a written charter as revised by the Board of Directors on December 11, 2000. As required by the charter, the Audit Committee reviews and reassesses the charter annually and recommends any changes to the Board of Directors for approval. The Audit Committee also recommends to the Board of Directors the independent accountants to be submitted for election by the shareholders.

Prior to making the recommendation to the Board, the Audit Committee performed its annual evaluation of the quality and cost of service provided by Arthur Andersen LLP ("Arthur Andersen") and an assessment of auditor independence. The Audit Committee reported to the Board and recommended that Arthur Andersen be selected as independent accountants for 2002. In 1992, the Board adopted an Independent Accountant Evaluation and Selection Policy ("Policy"). The Policy was adopted because the Board considers it desirable to periodically change independent accountants in a manner that maintains the appearance and reality of independence and to obtain new perspectives, but not so frequently as to be disruptive or hinder the development of company and operational in-depth knowledge. According to that Policy, each year the Audit Committee evaluates the quality and cost of services provided by the independent accountants. A major review is conducted every five years that includes a Request for Proposal ("RFP") unless extraordinary circumstances exist. After fifteen years of continued service, PNM Resources will consider changing independent accountants. The PNM Board undertook major evaluations of the independent accountants in 1998 and repeated those processes each year thereafter. The Audit Committee elected not to include an RFP in those major evaluations. The Audit Committee has determined that, under current circumstances, an RFP will be issued in 2002 for the audit year 2003 forward. The Audit Committee has also determined that, beginning March 31, 2002, the auditor of PNM Resources' books and records will not be eligible to provide consulting services for PNM Resources without prior approval of the Audit Committee. In addition, the Audit Committee has authorized that an RFP be issued for audit year 2002, to identify a replacement for Arthur Andersen, should the Board determine during the year that a replacement for Arthur Andersen is in the best interest of PNM Resources and its shareholders.

Management is responsible for PNM Resources' internal controls and financial reporting process. The independent accountants are responsible for performing an independent audit of PNM Resources' consolidated financial statements in accordance with generally accepted auditing

standards and to issue a report. The Audit Committee's responsibility is to

Edgar Filing: PNM RESOURCES - Form DEF 14A

monitor and oversee these processes.

In this context, the Audit Committee has met and held discussions with management and the independent accountants. Management represented to the Audit Committee that PNM's consolidated financial statements were prepared in accordance with generally accepted accounting principles and fairly represent PNM Resources' financial position. The Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent accountants. The Audit Committee discussed with the independent accountants matters required by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

PNM Resources' independent accountants also provided to the Audit Committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Committee discussed with the independent accountants that firm's independence. This discussion and disclosure informed the Committee of Arthur Andersen LLP's independence as required under Statement on Auditing Standards No. 61 (Communication with Audit Committees).

Based on the Committee's discussion with management and the independent accountants and the Audit Committee's review of the representations of management and the report of the independent accountants to the Audit Committee, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in PNM Resources' Annual Report on Form 10-K for the year ended December 31, 2001, filed with the SEC.

BOARD GOVERNANCE AND HUMAN RESOURCES COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Upon formation of the holding company on December 31, 2001, the functions of the PNM Compensation and Human Resources Committee were assumed by the PNM Resources Board Governance and Human Resources Committee ("Committee"). This report by the Committee includes activities performed by the PNM Compensation and Human Resources Committee.

COMPENSATION POLICIES

The Committee establishes compensation guidelines and targets based upon the performance of PNM Resources, its subsidiaries and business units, and individual executive officers. The Committee consists of four independent directors who are not PNM Resources employees. The Committee's goal is to establish a compensation program that:

- o links the interests of management and shareholders,

Edgar Filing: PNM RESOURCES - Form DEF 14A

- o aligns executive compensation with long-term PNM Resources performance, and
- o attracts and retains executives of high caliber and ability.

For 2001, the program consisted of review of base salary, short-term incentive compensation, and long-term incentive compensation.

The Committee believes the compensation program was a factor contributing to PNM's success this past year, including earnings per share of \$3.77 and operating revenues of \$2.352 billion.

BASE SALARIES

EXECUTIVE OFFICERS. Each year the Committee reviews base salaries of individual executive officers and their salary ranges. In 2001, base salaries were conservatively tied to the median base salaries of executives in comparable positions within electric and gas utilities together with general industry. Numerous compensation surveys were utilized including Edison Electric Institute, American Gas Association, William M. Mercer, Inc., and Hewitt Associates, LLC.

CHIEF EXECUTIVE OFFICER. Mr. Sterba was originally employed by PNM from June 6, 1977 to December 31, 1998, when he resigned his position as Executive Vice President and Chief Operating Officer. On February 28, 2000, Mr. Sterba rejoined PNM as President (effective March 6, 2000) at a salary of \$350,000. Mr. Sterba was named President and Chief Executive Officer on June 6, 2000, and his salary was increased by \$50,000 to \$400,000. On October 1, 2000, Mr. Sterba was elected Chairman of the Board. On February 20, 2001, Mr. Sterba's salary was increased by \$50,000 to \$450,000. In setting Mr. Sterba's salary for 2001, the Committee evaluated competitive utility and general industry practices for companies with revenues similar to PNM.

15

SHORT-TERM INCENTIVE COMPENSATION

EXECUTIVE OFFICERS AND CHIEF EXECUTIVE OFFICER. In 2001, executive officers, including Mr. Sterba, participated in an officer incentive plan. The plan has "at risk" cash compensation elements tied to individual performance and unit performance, combined with company-wide earnings per share ("EPS") performance, and positive Total Shareholder Return ("TSR") that exceeds the Philadelphia Utility Index which is composed of similarly situated utilities. EPS and TSR goals are approved annually by the Board of Directors. Mr. Sterba's 2001 individual performance goals included measurements related to ensuring business flexibility to implement its wholesale power trading strategy, the Western Resources transaction, maintenance of the company's long-term investment rating, and the overall performance of PNM as measured by the level of goal achievement of each business segment. Other executive officers were measured on achievement of their business unit goals for 2001, which were generally focused on customer satisfaction, cost control, operations efficiency, and business unit earnings per share, with performance targets established for threshold, stretch, and optimal achievements. The 2001 company-wide EPS results were 159% of the targeted business plan goal, and TSR performance exceeded the Philadelphia Utility Index by 23.53 percentage points. Other significant achievements during 2001 include:

Edgar Filing: PNM RESOURCES - Form DEF 14A

- o achieved record results in revenues, earnings and cash flow,
- o provided 7.2% annual and 171% five-year total return to shareholders,
- o completed formation of the holding company for PNM and its subsidiaries,
- o recognized as "Philanthropic Organization of the Year" by the Association of Fundraising Professionals,
- o implemented officer stock ownership program,
- o managed risk successfully in the volatile 2001 electric commodity markets,
- o took steps to provide future resources by licensing generation construction sites and purchasing combustion turbines, and
- o continued improvement in customer satisfaction indicators.

Award payments were made to participants in February 2002.

LONG-TERM INCENTIVE COMPENSATION

EXECUTIVE OFFICERS AND CHIEF EXECUTIVE OFFICER. On December 31, 2000, the Performance Stock Plan ("PSP") expired and was to be replaced by the new Omnibus Performance Equity Plan ("PEP"). The PEP was approved by shareholders in 2000 and was to become effective upon formation of the holding company. Due to regulatory delays, the formation of the holding company was delayed until December 31, 2001, and stock options were not granted in 2001. However, an additional grant was awarded in December 2000 under the PSP prior to its expiration to cover this period.

16

The PEP expands the company's flexibility to structure compensation incentives for officers and employees by rewarding long-term growth and profitability incentives in the emerging competitive environment. The PEP allows for non-qualified stock options, incentive stock options, restricted stock rights, performance shares, performance units and stock appreciation rights. Stock ownership provides additional incentives for eligible employees to devote their best efforts to the company's financial success as well as to perform in the best interest of shareholders, customers, and employees.

CERTAIN TAX MATTERS

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), generally prohibits publicly held companies, such as PNM Resources, from deducting, for federal income tax purposes, annual compensation in excess of \$1 million paid to any of certain top executives, except to the extent compensation is based upon the attainment of performance goals set by the Committee pursuant to plans approved by the shareholders. An amendment to the PEP was approved by shareholders at the 2001 Annual Meeting, which allows certain compensation payable under the plan to be eligible for favorable tax treatment. The Committee endeavors to maximize the deductibility of compensation under Section 162(m) to the extent practicable, but does consider other factors as necessary to achieve the compensation program goals.

RETIREMENT PLAN AND RELATED MATTERS

In December 1996, the PNM Board of Directors approved changes to the PNM defined benefit plan ("Retirement Plan") and implementation of matching and non-matching contributions to the 401(k) defined contribution plan effective January 1, 1998. PNM contributions to the 401(k) plan consist of a three percent non-matching contribution, and a 75 percent match on the first six percent contributed by the employee on a before-tax basis.

Through December 31, 1997, the Retirement Plan covered employees who had at least one year of service and had attained the age of 21. Vesting occurred after five years of service. Directors who were not employees did not participate in the Retirement Plan. PNM made no contribution in 2001 to the Retirement Plan for plan year 2000, as the Retirement Plan was adequately funded and was frozen effective December 31, 1997.

Salaries used in Retirement Plan benefit calculations were frozen as of December 31, 1997. Additional credited service can be accrued under the Retirement Plan up to a limit determined by age and years of service. PNM made contributions in 1998 to the Retirement Plan for plan year 1997 in the amount of \$185,000. The amount of any contribution with respect to any one person cannot be determined. The contribution amount is actuarially determined based upon the number of Retirement Plan participants, the participant's age, salary, and years of service.

The following table illustrates the annual benefits that would be provided under the Retirement Plan to employees who retire at the indicated compensation and year of service levels and

who elect to receive the benefits, which are calculated on a straight-life annuity basis, over their remaining lives. Vesting of accrued benefits would also occur in the event of a change in control of PNM Resources. Benefits shown are maximum annual benefits payable at age 65 to participants who retire at age 65. The table is based on the Retirement Plan. The amounts shown in the table are not subject to any deduction for Social Security benefits or other offset amounts.

- (a) For these purposes, compensation consists of base salaries and includes any amount voluntarily deferred under PNM's Master Employee Savings Plan and Trust and PNM's Executive Savings Plan. Generally, compensation for these purposes does not include bonuses, payments for accrued vacation, or overtime pay.
- (b) Although years of service begin accumulating from the date of employment, vesting occurs after five years of service.
- (c) The maximum number of years generally taken into account for purposes of calculating benefits under the non-contributory defined benefit plan. Under limited circumstances, an employee working beyond age 62 could earn an additional 3% retirement benefit.

Credited years of service, which can be used to calculate benefits as shown in the above table, have been accumulated by executive officers under the Retirement Plan, the Accelerated Management Performance Plan discussed below, and the supplemental employee retirement arrangements discussed below. Credited years of service computed as of December 31, 2001, are as follows: Mr. Sterba, 25.097 years; Mr. Flynn, 7.083 years; Mr. Maerki, 28.483 years; Mr. Ortiz, 14.000 years; and Mr. Real, 23.333 years. The executive officers' remuneration that would be used to calculate benefits is determined by reference to the Retirement Plan and the supplemental employee retirement arrangements discussed below. As of December 31, 2001, the remuneration used to calculate benefits was as follows: Mr. Sterba, \$183,335; Mr. Flynn, \$161,163; Mr. Maerki, \$170,900; Mr. Ortiz, \$138,332; and Mr. Real, \$135,000. The remuneration used by the plan was frozen as of December 31, 1997.

Under Section 401(a) (17) of the Code there is a limitation on the amount of compensation that can be considered in determining retirement benefits under qualified retirement plans. In June 1998, the PNM Board of Directors approved a plan to give executives with earnings in excess of the Code Section 401(a) (17) limitation (\$170,000 for 2001) an opportunity to participate in a non-qualified plan and receive the 3% company contribution and a 75 cent on the dollar match for the first 6% contributed by the employee for eligible earnings in excess of the compensation limitation. The non-qualified plan also permits executives to contribute amounts in excess of the Code Section 402(g) limitations on elective deferrals. Eighteen officers were eligible to participate in the Executive Savings Plan in 2001.

In January 1981, the PNM Board of Directors approved a non-qualified executive benefit program for a group of management employees. The

Edgar Filing: PNM RESOURCES - Form DEF 14A

Accelerated Management Performance Plan, or AMPP, was intended to attract, motivate and retain key management employees. Mr. Maerki and certain other key management employees are eligible to participate in one or more of the plans in the program. Under the program, as originally adopted, key management employees had the opportunity to earn additional credit for years of service toward retirement. The AMPP, as amended and restated, phased out the accumulation of additional credits by January 1, 1990. In addition, the amended and restated plan includes a provision that allows key management employees who have not attained the maximum credits for years of service to receive a reduced benefit from the plan upon accepting early retirement. Monthly benefits received pursuant to the AMPP are offset by monthly benefits received pursuant to the Retirement Plan.

As approved by the PNM Board of Directors in 1989, a supplemental employee retirement agreement was entered into with Mr. Maerki. Under the agreement, Mr. Maerki's retirement benefits will be computed as if he had been an employee of PNM since February 15, 1974.

As approved by the PNM Board of Directors in 2000, supplemental employee retirement agreements were entered into with Mr. Sterba and Mr. Ortiz. Under the terms of the agreement with Mr. Sterba, he will earn additional years of credited service so that, if he remains employed by PNM until February 28, 2005, he will be credited with 30 years of service. Mr. Sterba's agreement also provides that, until February 28, 2005, his eligibility for retiree medical benefits will be determined as if he attained 20 years of credited service with PNM at age 45. Under the terms of the agreement with Mr. Ortiz, he will earn additional years of credited service so that, if he remains employed by PNM until January 1, 2010, he will be credited with 30 years of service. This agreement also provides that, until Mr. Ortiz reaches the age of 55, his eligibility for retiree medical benefits will be determined as if he had attained 20 years of credited service with PNM at age 45.

The PNM Board of Directors has approved the establishment of an irrevocable grantor trust, under provisions of the Code, generally in connection with the AMPP and the supplemental retirement arrangements with Mr. Montoya, Mr. Sterba, Mr. Ortiz, Mr. Maerki, and certain former executive officers. PNM may, but is not obligated to, provide funds to the trust, which was established with an independent trustee, to aid in meeting its obligations under those arrangements. Funds in the amount of \$12.7 million have been provided to the trust since 1989. Distributions have been made from the trust since 1989. No additional funds have been provided to the trust. In connection with amendments to the Executive Retention Plan discussed below, the Executive Savings Plan and supplemental retirement arrangements would be required to be funded through the trust upon a change in control of PNM.

EMPLOYMENT CONTRACTS, TERMINATION OF EMPLOYMENT AND CHANGE IN CONTROL ARRANGEMENTS

The PNM Board of Directors adopted the Executive Retention Plan, or the Retention Plan, effective January 1, 1992. The Retention Plan covers executive officers and other key employees designated by the Board. The Retention Plan provides certain severance benefits should the employee be terminated from PNM as a result of a change in control of PNM, and the employee is not immediately re-employed by the successor company, if that termination is (a) for reasons other than cause, or (b) by the employee due to constructive termination. The severance benefits include: (i) lump sum severance equal to 2.5 times current base compensation for executive officers; (ii) reimbursement of reasonable legal fees and expenses incurred as a result of termination of employment; (iii) certain insurance benefits that are substantially similar to those received by the

employee immediately prior to termination of employment; (iv) certain other amounts; and (v) if an employee receives any payment due to a change in control that is subject to the excise tax provided in Section 4999 of the Code, then PNM will reimburse the employee in an amount equal to that which places the employee in the same after-tax position as if no excise tax had been imposed. The Retention Plan was effective for an initial term through December 31, 1992, and is to continue in effect until terminated by the Board. The Retention Plan is also subject to automatic extension, or revival if it has been terminated, for certain events relating to potential changes in control.

PNM also has a Non-union Severance Pay Plan that covers non-union employees, including executives, who are terminated due to the elimination of their positions. Executives are eligible, upon signing a release agreement, for a lump sum payment equal to one year of base salary and reimbursement for placement assistance expenses incurred during the year after being terminated up to 5% of base salary. Executives are also eligible for regular severance pay in the amount of two months of base salary, plus one additional week of base salary for each year of service, continuation of certain insurances, and health care benefits for up to 12 months. Severance benefits shall not exceed the equivalent of twice the participant's annual compensation. If an employee is to receive benefits under the Retention Plan, severance benefits are not available to that employee under the Non-union Severance Pay Plan.

Certain other plans in which the named executive officers participate contain provisions that are triggered by a change in control of PNM. These include the PSP, under which immediate vesting of stock options occurs upon a change in control, and the PNM Resources, Inc. PEP, which provides for immediate vesting upon eligible termination due to a change in control. The terms of the change in control provisions are similar among the plans but do have some variations. The Board of Directors is considering whether a uniform definition of "change in control" should be adopted to apply to all plans. The reorganization of PNM into a holding company structure on December 31, 2001, did not trigger any of the change in control provisions discussed above.

(PROPOSAL 2 ON YOUR PROXY CARD)

The Audit and Ethics Committee ("Committee") has performed its annual evaluation of the quality and cost of services provided by Arthur

Edgar Filing: PNM RESOURCES - Form DEF 14A

Andersen LLP ("Arthur Andersen") and an assessment of auditor independence. The Committee reported to the Board complete satisfaction with the services provided by Arthur Andersen and recommended that Arthur Andersen be selected as independent public accountants for 2002. The Board agrees with the Committee's recommendations, as described in the Committee report contained in this proxy statement, and the Committee will issue a Request for Proposals ("RFP") for outside auditing services for 2003. The Committee has also authorized the issuance of an RFP for alternative auditing services for 2002, if the Board determines during the year that a replacement for Arthur Andersen is in the best interest of PNM Resources and its shareholders. The Board of Directors is recommending that the shareholders approve the selection of Arthur Andersen as independent accountants for 2002, subject to the authority of the Board to select a different independent accounting firm at any time during the year if the Board, in its discretion, determines that the change is in the best interest of PNM Resources and its shareholders.

A representative of Arthur Andersen will be available at the Annual Meeting to respond to questions and to make any statement the representative may desire.

YOUR BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THIS PROPOSAL.

EXHIBIT A

CHARTER PNM RESOURCES, INC. AUDIT AND ETHICS COMMITTEE

STATEMENT OF PURPOSE

The Audit and Ethics Committee (the "Committee") shall be a standing committee appointed by the Board of Directors consisting of at least three outside directors who are free of any relationships that would interfere with their exercise of independent judgment. The Committee and its designees will be granted unlimited accessibility to all PNM Resources' records, property, and employees. The committee has the authority to initiate and supervise investigations into any matters within the scope of its duties and responsibilities through the employment of any resources including outside counsel, if deemed necessary.

An annual report will be completed for the Board of Directors regarding the Committee's accomplishments. The Committee will periodically review its charter and recommend appropriate changes to the Board of Directors. The Committee may retain independent consultants, as appropriate, and take such other actions as may be necessary to achieve the following duties and responsibilities:

DUTIES AND RESPONSIBILITIES

A. ASSESS EXTERNAL AUDIT

1. The outside auditors are ultimately accountable to the Board and the Committee. The Board of Directors and the Committee have the authority

Edgar Filing: PNM RESOURCES - Form DEF 14A

and responsibility to select, evaluate and, where appropriate, replace the outside auditors. The Board and the Committee will follow the Independent Accountant and Selection Policy approved on July 7, 1992, regarding the outside auditors. The major provisions of this policy include:

- o The Committee shall annually undertake an evaluation (against specific criteria defined in the policy) of the quality and cost of services provided to the company by its selected independent accountants. This occurs in preparation for the annual recommendation to the Board as to the nomination of independent accountants for the following year.
- o No later than every five years, absent extraordinary circumstances, the Committee should undertake a major review of the services being provided by the independent accountants. Issuance of Request for Proposals ("RFP") from independent accountants will be included in this review. This RFP process will allow the Committee to properly assess the quality and cost of services being provided.
- o After fifteen years of continued service from a particular independent accounting firm, the company will consider changing independent accountants.

A-1

2. At least annually, the Committee shall obtain from the outside auditors a formal written statement delineating all relationships between the outside auditors and the company. The Committee shall discuss with the outside auditors any relationships or services provided to the company that may impact the objectivity and independence of the outside auditors. The Committee shall recommend to the Board of Directors any appropriate action to be taken in response to the reports that may be necessary to satisfy itself of the independence of the outside auditors.
3. Discuss the scope, objectives, staffing, reliance upon management and procedures to be included in the annual audit with the outside auditors, including the coordination of audit effort with the internal audit staff.
4. Review with financial management and the outside auditors the company's quarterly and annual financial statements prior to filing. Discuss any significant changes to the company's accounting principles and any items required to be communicated in accordance with Statement of Accounting Standards No. 61. In particular the Committee shall review and discuss: significant accounting policies; management judgments and accounting estimates; significant audit adjustments; disagreements with management, including accounting principles, scope of audit, and disclosures; consultation with other accountants by management; the quality of the accounting principles and underlying estimates used in the preparation of the company's financial statements; the clarity of the financial disclosure practices used or proposed by the company; and, the outside auditors' views about the reasonableness of management's choices of accounting principles from the perspective of income, asset and liability recognition, and whether those practices are common practices or minority practices.
5. Review any restrictions placed on the outside auditors in performance of their work, and the cooperation received from company personnel.

Edgar Filing: PNM RESOURCES - Form DEF 14A

6. Report the results of the outside auditors' examination of the company's financial statements to the Board of Directors.
7. Maintain a direct line of communication with the outside auditors including meeting with them without company personnel present whenever deemed appropriate by the Committee or at the request of the outside auditors.

B. ASSESS THE BUSINESS CONTROL STRUCTURE

Review the company's business control structure by performing the following:

1. Obtain periodic briefings by senior management regarding financial performance, business and financial risks, exposures and other issues, financial reporting issues and changes, litigation issues, internal controls, laws and regulations, and including oversight and responsibility for Senior Executive expense reimbursement. Request briefings from Senior Management on areas of operational risk that may impact company financial health. Review and monitor risk mitigation and management methods designed to address these risks.

A-2

2. Review reports prepared by the internal and external auditors regarding risks outside the acceptable limits established by management and the Board. The Committee should consider the actions taken by management in response to the internal and external auditors' suggestions.
3. Review the effectiveness of management's program to assure compliance with the requirements of laws and regulations and all associated risks. Ensure Internal Audit is sufficiently involved in review of company compliance with laws and regulations.
4. Review and monitor the company's Code of Conduct and Compliance Program.

C. OVERSEE THE WORK OF THE INTERNAL AUDITORS

1. Review and approve the Audit Services Department plan for assessing and reviewing business risks and the activities and mechanisms implemented by management to keep risks within acceptable limits.
2. Assess whether the Audit Services Department is meeting the objectives defined by the Committee and senior management to:
 - o Add value to the overall operation of the company through review of work performed, as reflected in the audit comments issued (operational perspective and preventative nature of recommendations), and in survey results from auditees;
 - o Perform reviews in a proactive manner, evidenced by scheduled and reported involvement in key business projects company-wide (new systems in development, reengineering of significant business processes, quality initiatives, steering committees, advisory boards, etc.);
 - o Evaluate the internal audit process for continual improvement opportunities and to incorporate best practices found through

Edgar Filing: PNM RESOURCES - Form DEF 14A

research within and outside the industry, with the objective to better serve internal and external customers, as evidenced by periodic presentations by the Director of Audit Services of new methods and process changes.

3. Perform a formal evaluation of the performance of the Director of Audit Services at least annually with quarterly feedback regarding accomplishment of the mission and scope of coverage. The Committee must concur on the selection of any candidate for the position of Director of Audit Services.
