Miramar Completes Cdn\$15 Million Private Placement

Continued Funding for Resource Expansion and other Programs at Hope Bay in 2006

VANCOUVER Miramar Mining Corporation (MAE-TSE) today announced completion of the previously announced underwritten flow-through private placement financing. Through a syndicate of Canadian investment dealers, Miramar has completed the sale of 2,900,000 flow-through common shares at a price of \$5.20 per share to raise gross proceeds of \$15,080,000.

The company plans to use the gross proceeds from the Flow-through Private Placement along with approximately \$15 million of flow through proceeds raised last year to fund the remaining components of the \$30 million 2006 work program at Hope Bay and exploration programs planned for 2007.

The positive exploration results we've had at Hope Bay this year, particularly at Madrid have encouraged us to accelerate our exploration activities. These objectives are aimed at upgrading the category of resources at the existing deposits at Hope Bay to enable us to advance towards our phase two development concepts for Hope Bay. said Tony Walsh, Miramar's President and CEO.

In consideration for their services, the Company paid a five percent cash commission to the Canadian investment dealers who sold the offering.

The gross proceeds of the sale of the flow-through shares are to be used to incur Canadian Exploration Expenditures on the Company's projects in Nunavut by December 31, 2007.

The securities have not been and will not be registered under the United States Securities Act of 1933, as amended, or the securities laws of any state, and may not be offered or sold in the United States or to U.S. persons without registration unless and exemption from registration is available.
